(ii) Preparatory student and direct appointee graduation rate. The preparatory school students’ academy graduation rate should not drop more than 5 percent below the direct appointees’ graduation rate.

(3) Boards of Visitors of the academies are established and procedures prescribed by 10 U.S.C. chapters 403, 603, and 903 to inquire into the efficiency and effectiveness of academy operations. The designated federal officer for each Board of Visitors will provide the ASD(M&RA) a copy of each report required by 10 U.S.C. chapter 47 within 60 days of the report’s submission to the President.

(4) Oversight by the IG DoD will be provided in accordance with DoD Directive 5106.01 and the Inspector General Act of 1978. When required, the ASD(M&RA) recommends to the IG DoD any areas of academy operations that merit specific review during the subsequent fiscal year.

(5) Annual meetings of the superintendents will be hosted by the academies on a rotating basis and include the commandants, the deans, the directors of admissions and athletics, and others designated by the superintendents. Meeting attendees will discuss performance measures and other matters of collective interest. Meeting attendees will identify plans to address areas requiring corrective action. Following the meeting, the host superintendent will provide the ASD(M&RA) a summary of issues and actions discussed and each Service academy will provide an assessment of their respective service academy and preparatory school.

(f) Inter-service commissioning. (1) To be qualified for inter-Service appointment, applicants must meet all graduation requirements and all requirements for commissioning in the gaining Service; and both the gaining and losing Secretaries of the Military Departments concerned must concur in the appointment. In accordance with 10 U.S.C. chapter 33, not more than 12.5 percent of a graduating class from any academy may be commissioned in the Military Services not under the jurisdiction of the Military Department administering that academy.

(2) Once all requirements for inter-Service appointments have been met, endorsements from the losing academy will contain the applicants’ current academic transcripts, order of merit standing, record of physical fitness and, if applicable, results of the gaining Service’s testing for flight training or other qualifications. Applications supported by the losing Military Department will be forwarded to the gaining Military Department no later than November of the calendar year before graduation. The gaining Secretary of the Military Department concerned will act on applications no later than the end of December of the year prior to commissioning and will immediately notify the losing Secretary of the Military Department concerned of decisions. Affected cadets or midshipmen will be quickly notified of the disposition of applications.

(3) Those selected for transfer will be integrated within active duty lists of the gaining Military Service. When seniority on that list relies on academy class standing, they will be initially integrated immediately following the cadet or midshipman holding equal numerical class standing at the academy of the gaining Military Department.

Appendix A to Part 217—Applicant Briefing Item on Separation Policy

(a) Individual responsibility. Service members represent the Military Services by word, actions, and appearance. Their unique position in society requires them to uphold the dignity and high standards of the Military Services at all times and in all places. In order to be ready at all times for worldwide deployment, military units and their members must possess high standards of integrity, cohesion, and good order and discipline. As a result, military laws, rules, customs, and traditions include restrictions on personal behavior that are different from civilian life. Service members may be involuntarily separated before their enlistment or term of service ends for various reasons established by law and military regulations. These are some of the circumstances that may be grounds for involuntary separation from the Academy:

(1) Infractions. The individual establishes a pattern of disciplinary infractions, discreditable involvement with civil or military authorities, causes dissent, or disrupts or degrades the mission of his or her unit. That may also include conduct of any nature that would bring discredit on the Military Services in the view of the civilian community.

(2) Dependency. Any person for whom an individual has a legally recognized obligation to provide support including but not limited to spouse and natural, adoptive, or stepchildren.

(3) Physical fitness and body fat. The individual fails to meet the physical fitness or body fat standards.

(b) Hazing, harassment, or violence not tolerated. The practice of hazing is prohibited by law (10 U.S.C. 4352, 6964, and 9352). A cadet or midshipman dismissed from an academy for hazing may not be reappointed as a cadet or midshipman at an academy. The Military Services do not tolerate harassment or violence against any Service member for any reason. Cadets and midshipmen must treat all Service members, at all times, with dignity and respect. Failure to do so may result in the individual being disciplined or involuntarily separated before his or her term of service ends.

BILLING CODE 5001–06–P
an error in the email address provided to contact us for ESRD PPS payment issues. The correct email address is ESRDPayment@cms.hhs.gov. In addition, the telephone number provided for questions related to the ESRD market basket was incorrect for Heidi Oumarou. The correct telephone number is 410–786–7942.

On page 68976, we made a typographical error by including the words “case-mix” in the beginning of a sentence. On page 68896, under the heading “Body Surface Area (BSA)”, we made a typographical error in the value 1.020. We inadvertently inserted the letter “I” instead of the number “1” in that value.

On page 69044, we made a technical error in the title of Table 17—“Estimated Numerical Values for the Performance Standards for the PY 2018 ESRD QIP Clinical Measures Using the Most Recently Available Data,” by indicating that the values were estimates instead of finalized numerical values. In addition, there were errors in the achievement threshold, benchmark, and performance standard values presented in Table 17 “for Payment Year 2018 of the End-Stage Renal Disease Quality Incentive Program. Specifically, the numerical values published for the Kt/V Adult Hemodialysis, Kt/V Pediatric Hemodialysis, Standardized Readmission Ratio clinical measures, and ICH CAHPS were incorrect because we inadvertently placed the numbers in the incorrect columns.

On page 69069, in footnote 15 regarding the responsibilities of various staff, we found an error in the hyperlink to a document posted by the Bureau of Labor & Statistics.

Finally, on page 69073, after “e. Alternatives Considered,” we inadvertently did not include the subtitle “1. CY 2016 End-Stage Renal Disease” to delineate the analysis of alternatives policies considered for the ESRD PPS.

III. Waiver of Proposed Rulemaking, 60-Day Comment Period, and Delay of Effective Date

Under 5 U.S.C. 553(b) of the Administrative Procedure Act (APA), the agency is required to publish a notice of the proposed rule in the Federal Register before the provisions of a rule take effect. Similarly, section 1871(b)(1) of the Act requires the Secretary to provide notice of the proposed rule in the Federal Register and provide a period of not less than 60 days for public comment. In addition, section 553(d) of the APA, and section 1871(e)(1)[B][iii] of the Act mandate a 30-day delay in effective date after issuance or publication of a rule. Sections 553(b)(B) and 553(d)(3) of the APA provide for exceptions from the notice and comment and delay in effective date. APA requirements; in cases in which these exceptions apply, sections 1871(b)(2)[C] and 1871(e)(1)[B][ii] of the Act provide exceptions from the notice and 60-day comment period and delay in effective date requirements as well. Section 553(b)(B) of the APA and section 1871(b)(2)[C] of the Act authorize an agency to dispense with normal rulemaking requirements for good cause if the agency makes a finding that the notice and comment process are impracticable, unnecessary, or contrary to the public interest. In addition, both section 553(d)[3] of the APA and section 1871(e)(1)[B][ii] of the Act allow the agency to avoid the 30–day delay in effective date where such delay is contrary to the public interest and an agency includes a statement of support.

In our view, this correcting document does not constitute rulemaking that would be subject to these requirements. This correcting document is simply correcting technical and typographical errors in the preamble and does not make substantive changes to the policies or payment methodologies that were adopted in the final rule, and therefore, it is unnecessary to follow the notice and comment procedure in this instance.

Even if this were a rulemaking to which the notice and comment and delayed effective date requirements applied, we find that there is good cause to waive such requirements. Undertaking further notice and comment procedures to incorporate the corrections in this document into the CY 2016 ESRD PPS final rule or delaying the effective date would be contrary to the public interest because it is in the public’s interest for dialysis facilities to receive appropriate payments in as timely a manner as possible, and to ensure that the CY 2016 ESRD PPS final rule accurately reflects our policies as of the date they take effect and are applicable. Further, such procedures would be unnecessary, because we are not altering the payment methodologies or policies, but rather, we are simply correctly implementing the policies that we previously proposed, received comment on, and subsequently finalized. This correcting document is intended solely to ensure that the CY 2016 ESRD PPS final rule accurately reflects these payment methodologies and policies. For these reasons, we believe we have good cause to waive the notice and comment and effective date requirements.

IV. Correction of Errors

In FR Doc. 2015–27928 of November 6, 2015 (80 FR 68968), make the following corrections:

1. On page 68968, first column, under section for further information contact:
   a. In line 1, the email address “CMS ESRD PAYMENT@cms.hhs.gov” is corrected to read “ESRDPAYMENT@cms.hhs.gov”.
   b. In lines 3 and 4, the telephone number “410–786–7342” is corrected to read “410–786–7942”.

2. On page 68976, first column, full paragraph, line 21, remove the word “case-mix”.

3. On page 68896, second column, first paragraph, under the heading “Body Surface Area (BSA),” line 5, the figure “1.020” is corrected to read “1.020”.

4. On page 69044, Table 17 is corrected to read as follows:
