## DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-5843-N-11]

# Privacy Act of 1974; Systems of Records—Republication of HUD's Routine Use Inventory Notice

**AGENCY:** Office of Administration, HUD. **ACTION:** Routine Use Inventory republication.

**SUMMARY:** Pursuant to the Privacy Act of 1974 (5 U.S.C. 552a), notice is hereby given that the Department of Housing and Urban Development proposes to update and combine into one notice its Routine Use Inventory notice published in the Federal Register on July 17, 2012 at 72 FR 52572. The subsequent revisions will: (1) Implement substantive revisions for "two" of the original routine use statements, to provide greater clarity of what is to be expected by the disclosure requirements; (2) encompass editorial updates to the original formatted routine use statements to ensure that these statements are up-to-date and constructed in a format that is easier to understand and use; and (3) assign a specific "category" to each routine use condition to allow each condition to be sorted and referenced by a specific heading relevant to its disclosure purpose. This notice proposal

supersedes and retires the Department's Routine Use Inventory published in the **Federal Register** on July 17, 2012, and supplements prior instances translated by former systems of records.

**DATES:** Effective date: The substantive changes being made to this proposal shall become effective February 1, 2016, unless comments are received on or before that date that would result in a contrary determination.

All other changes shall be effective immediately without further notice, upon publication of this notice in the **Federal Register**.

Comments Due Date: February 1, 2016.

ADDRESSES: Interested persons are invited to submit comments regarding the amended routine use statements or notice update to the Rules Docket Clerk, Office of General Counsel, Department of Housing and Urban Development, 451 Seventh Street SW., Room 10276, Washington, DC 20410–0500. Communications should refer to the above docket number and title. Faxed comments are not acceptable. A copy of each communication submitted will be available for public inspection and copying between 8 a.m. and 5 p.m. weekdays at the above address.

SUPPLEMENTARY INFORMATION: The Department's Routine Use Inventory describes disclosure requirements commonly used by more than one of the Department's systems of records. This amendment modifies routine uses (10) and (14), under the original notice. Routine use (10) stated that records could be disclosed "To other Federal agencies or non-Federal entities, including but not limited to, state and local government entities with whom HUD has a contract, service agreement, grant, cooperative agreement, or computer matching agreement to assist such agencies with preventing and detecting improper payments, or fraud, or abuse in major programs administered by the Federal Government, or abuse by individuals in their operations and programs, but only to the extent that the information is necessary and relevant to preventing improper payments for services rendered under a particular Federal or

non-federal benefits programs of HUD or any of their components to verify preaward and pre-payment requirements prior to the release of Federal funds.' Routine use (14) stated that records could be disclosed "To a court, magistrate, administrative tribunal in the course of presenting evidence, including disclosures to opposing counsel or witnesses in the course of civil discovery, litigation, mediation, or settlement negotiations or in connection with criminal law proceedings or in response to a subpoena or to a prosecution request when such records to be released are specifically approved by a court provided order.' Subsequently, these routine use conditions precisely specified that records could only be disclosed for purposes relevant to a HUD specific program, or to a specific set of individuals or entities, limiting the Department's ability to respond to and share its records as warranted. Accordingly, this notice corrects these misrepresentations and amends the routine use conditions under the original publication. The amended routine use conditions appear under this revised notice proposal at heading (6) entitled "Prevention of Fraud, Waste, and Abuse Disclosure Routine Use" and heading (11) entitled, "Disclosures for Law Enforcement Investigations Routine Uses." Further, the Department implements minor editorial changes to simplify and implement administrative changes needed to keep published information in an up-to-date format that is easier to understand and use.

Title 5 U.S.C. 552a, as amended (e)(r) and (11) requires that the public be afforded a 30-day period in which to comment on any use of information by this notice and requires published notice of the existence and characters of the systems of records impacted by this change. The new system report, as required by 5 U.S.C. 552a(r) of the Privacy Act, was submitted to the United States Senate Committee on Homeland Security and Governmental Affairs, the House Committee on Oversight and Government Reform of the House of Representatives, and the Office of Management and Budget (OMB) pursuant to paragraph 4c of Appendix I to OMB Circular No. A-130, Federal Agency Responsibilities for Maintaining Records about Individuals, dated June 25, 1993 (58 FR 36075, July 2, 1993). The Department permits disclosure(s) from its systems of records to be made from its systems of records to such agencies, entities, and persons in the following instances, when authorized by statute, to assist in

connection with its mission. The existence and characters of the HUD's Privacy Act systems of records are available for review on the Department's privacy Web site at <a href="http://www.hud.gov/offices/cio/privacy/pia/fednotice.cfm">http://www.hud.gov/offices/cio/privacy/pia/fednotice.cfm</a> and are listed below by title.

**SUMMARY:** This notice announces the Assessment Tool developed by HUD for use by local governments that receive Community Development Block Grants (CDBG), HOME Investment Partnerships Program (HOME), Emergency Solutions Grants (ESG), or Housing for Persons with AIDS (HOPWA) formula funding from HUD when conducting and submitting their own Assessment of Fair Housing (AFH). The Assessment Tool will also be used for AFHs conducted by joint and regional collaborations between: (1) Such local governments; (2) one or more such local governments with one or more public housing agency (PHA) partners; and (3) other collaborations in which such a local government is designed as the lead for the collaboration. For purposes of this Assessment Tool, no AFH will be due before October 4, 2016. Please see HUD's Web page at https:// www.hudexchange.info/programs/affh/ for the schedule of submission dates of

The requirement to conduct and submit an AFH is set forth in HUD's Affirmatively Furthering Fair Housing (AFFH) regulations, and this Assessment Tool has completed the notice and comment process required by the Paperwork Reduction Act (PRA), been reviewed by the Office of Management and Budget (OMB) and

approved. The Assessment Tool announced in this notice, and the guidance accompanying this Assessment Tool (the Guidebook) can be found at https://

#### SUPPLEMENTARY INFORMATION:

#### I. Background

The AFFH Proposed Rule

On July 19, 2013, at 78 FR 43710, HUD published for public comment its AFFH proposed rule. The July 19, 2013, AFFH rule proposed a new approach that would enable program participants to more fully incorporate fair housing considerations into their existing planning processes and assist them in complying with their duty to affirmatively further fair housing as required by the Fair Housing Act (Title VIII of the Civil Rights Act) and other authorities. The new process, the Assessment of Fair Housing (AFH) builds upon and refines the prior fair housing planning process, called the analysis of impediments to fair housing choice (AI). As part of the new AFH process HUD advised that it would issue an "Assessment Tool" for use by program participants in completing and submitting their AFHs. The Assessment Tool, which includes instructions and nationally-uniform data provided by HUD, consists of a series of questions designed to help program participants identify, among other things, areas of racially and ethnically concentrated

areas of poverty, patterns of integration and segregation, disparities in access to opportunity, and disproportionate housing needs.

At the time of publication of the July 19, 2013, AFFH proposed rule, HUD also posted and sought public comment on a draft "Data Documentation" paper online at <a href="http://www.huduser.gov/portal/affht\_pt.html">http://www.huduser.gov/portal/affht\_pt.html</a> and at <a href="https://www.hudexchange.info/programs/affh/">https://www.hudexchange.info/programs/affh/</a> (under the heading Data Methodology). HUD requested public comments on the categories, sources, and format of data that would be provided by HUD to program participants to assist them in completing their AFH, and many program participants responded with comments on the Data Documentation.

The 60-Day Notice on the Assessment Tool (Initial Assessment Tool)

On September 26, 2014, at 79 FR 57949, HUD issued a notice for public comment on the Assessment Tool found at http://www.huduser.gov/portal/affht pt.html. As noted in the Summary, the Assessment Tool was designed for use by local governments that receive CDBG, HOME, ESG, or HOPWA formula funding from HUD when conducting and submitting their own AFH; that is the Assessment Tool was designed for use by local governments and consortia required to submit consolidated plans under HUD's Consolidated Plan regulations, codified in 24 CFR part 91, specifically subparts C and E, which pertain to local governments and consortia.¹ In this notice, HUD uses the term "local governments" to refer to those consolidated plan program participants for which this tool is primarily designed. The Assessment Tool is also designed for joint and regional AFHs conducted by joint and regional collaborations between: (1) Such local governments; (2) one or more such local governments with one or more PHA partners; and (3) other collaborations in which such a local government is designed as the lead for the collaboration. While the Assessment Tool was designed for local governments and for joint or regional submissions by local governments and PHAs, HUD invited comments by all types of program participants, as it, "present[ed] the basic structure of the Assessment Tool to be used by all program participants, and is illustrative

<sup>&</sup>lt;sup>1</sup> In HUD's AFFH proposed rule published on July 19, 2013, at 78 FR 43710, HUD noted that a consortium participating in HUD's HOME Investment Partnerships program (HOME program), and which term (consortium) is defined 24 CFR 91.5, must submit an AFH. HUD stated that a HOME consortium is considered a single unit of general local government (see 78 FR at 43731).
