

Taiwan are materially injuring a U.S. industry, unliquidated entries of such merchandise from Taiwan, entered or withdrawn from warehouse, for consumption are subject to the assessment of antidumping duties.

Therefore, in accordance with section 736(a)(1) of the Act, the Department will direct U.S. Customs and Border Protection (“CBP”) to assess, upon further instruction by the Department, antidumping duties equal to the amount by which the normal value of the merchandise exceeds the export price (or constructed export price) of the merchandise, for all relevant entries of certain solar products from Taiwan. These antidumping duties will be assessed on unliquidated entries of certain solar products from Taiwan entered, or withdrawn from warehouse, for consumption on or after July 31, 2014, the date of publication of the preliminary determination,⁴ and which are subject to the scope of this Order, as described above. However, antidumping duties will not be assessed on entries occurring after the expiration of the provisional measures period and before publication of the ITC’s final injury determination as further described below.

Continuation of Suspension of Liquidation

In accordance with section 735(c)(1)(B) of the Act, we will instruct CBP to continue to suspend liquidation on all entries of certain solar products from Taiwan. These instructions suspending liquidation will remain in effect until further notice.

We will also instruct CBP to require cash deposits at rates equal to the estimated weighted-average dumping margins indicated below. Accordingly, effective on the date of publication of the ITC’s final affirmative injury determinations, CBP will require a cash deposit at rates equal to the estimated weighted-average dumping margins listed below.⁵ The relevant all-others rate for Taiwan, applies to all producers or exporters not specifically listed.

Provisional Measures

Section 733(d) of the Act states that instructions issued pursuant to an affirmative preliminary determination may not remain in effect for more than four months except where exporters representing a significant proportion of exports of the subject merchandise

request the Department to extend that four-month period to no more than six months. At the request of exporters that account for a significant proportion of certain solar products from Taiwan, we extended the four-month period to no more than six months in this case.⁶ As stated above, in the investigation covering certain solar products from Taiwan, the Department published the preliminary determination on July 31, 2014. Therefore, the six-month period beginning on the date of publication of the preliminary determination ended on January 27, 2015. Furthermore, section 737(b) of the Act states that definitive duties are to begin on the date of publication of the ITC’s final injury determination.

Therefore, in accordance with section 733(d) of the Act and our practice, we will instruct CBP to terminate the suspension of liquidation and to liquidate, without regard to antidumping duties, unliquidated entries of certain solar products from Taiwan, entered, or withdrawn from warehouse, for consumption on or after January 27, 2015, the date the provisional measures expired, until and through the day preceding the date of publication of the ITC’s final injury determination in the **Federal Register**. Suspension of liquidation resumes on the date of publication of the ITC’s final determination in the **Federal Register**.

Estimated Weighted-Average Dumping Margins

The estimated weighted-average dumping margins are as follows:

TAIWAN	
Exporter or producer	Estimated weighted-average dumping margin (percent)
Gintech Energy Corporation	27.55
Motech Industries, Inc.	11.45
All Others	19.50

Notifications to Interested Parties

This notice constitutes the AD order with respect to certain solar products from Taiwan pursuant to section 736(a) of the Act. Interested parties can find a list of AD orders currently in effect at <http://enforcement.trade.gov/stats/iastats1.html>.

This order is published in accordance with sections 736(a) of the Act and 19 CFR 351.211(b).

SUPPLEMENTARY INFORMATION:

On January 8, 2015, the Department of Commerce published in the **Federal Register** its notice of preliminary results and partial rescission for the countervailing duty administrative review of crystalline silicon photovoltaic cells, whether or not assembled into modules, from the People’s Republic of China for the period of review March 26, 2012, through December 31, 2012.¹ Appendices to this notice, which listed companies for which the administrative review was rescinded and companies for which the administrative review would continue, inadvertently contained certain errors and omissions. Corrected versions of Appendix II, listing companies for which the review has been rescinded, and Appendix III, listing companies for which the review will continue, not selected for individual review, are attached to this
