(GSA will be unable to provide technical assistance to any listener experiencing technical difficulties. Testing access to the Web meeting site in advance of calls is recommended.)

Contact Ken Sandler at [ken.sandler@gsa.gov](mailto:ken.sandler@gsa.gov) to register to comment during the April 23, 2015 meeting public comment period. Registered speakers/organizations will be allowed a maximum of 5 minutes each and will need to provide written copies of their presentations. Requests to comment at the meeting must be received by 5:00 p.m. eastern daylight time on Thursday, April 16, 2015. Written comments also may be provided to Mr. Sandler at [ken.sandler@gsa.gov](mailto:ken.sandler@gsa.gov) by the same deadline.

*Background:* The Administrator of the U.S. General Services Administration established the Committee on June 20, 2011 (**Federal Register**/Vol. 76, No. 118) pursuant to Section 494 of the Energy Independence and Security Act of 2007 (EISA, 42 U.S.C. 17123). Under this authority, the Committee advises GSA on the rapid transformation of the Federal building portfolio to sustainable technologies and practices. The Committee reviews strategic plans, products and activities of the Office of Federal High-Performance Green Buildings and provides advice regarding how the Office can accomplish its mission most effectively.

The *Portfolio Prioritization* task group will pursue the motion of a committee member to “propose a process for Federal agencies to consistently incorporate green building and resilience requirements into their capital investment criteria and strategies.” The *Energy Use Index* task group will pursue the motion of a committee member to “develop guidelines for creating a new energy intensity metric [to reflect impacts of] densified facilities, centrally located workplace sites . . . and expansion of telework and hoteling.”

The conference calls will focus on how the task groups can best refine these motions into consensus recommendations of each group to the full Committee, which will in turn decide whether to proceed with formal

advice to GSA based upon these recommendations.

## DEPARTMENT OF HEALTH AND HUMAN SERVICES

### Agency for Healthcare Research and Quality

#### Agency Information Collection Activities: Proposed Collection; Comment Request

**AGENCY:** Agency for Healthcare Research and Quality, HHS.

**ACTION:** Notice.

**SUMMARY:** This notice announces the intention of the Agency for Healthcare Research and Quality (AHRQ) to request that the Office of Management and Budget (OMB) approve the proposed changes to the currently approved information collection project: “Medical Expenditure Panel Survey—Insurance Component.” In accordance with the Paperwork Reduction Act, 44 U.S.C. 3501-3521, AHRQ invites the public to comment on this proposed information collection.

**DATES:** Comments on this notice must be received by April 20, 2015.

**ADDRESSES:** Written comments should be submitted to: Doris Lefkowitz, Reports Clearance Officer, AHRQ, by email at [dorislefkowitz@AHRO.hhs.gov](mailto:dorislefkowitz@AHRO.hhs.gov).

Copies of the proposed collection plans, data collection instruments, and specific details on the estimated burden can be obtained from the AHRQ Reports Clearance Officer.

**FOR FURTHER INFORMATION CONTACT:** Doris Lefkowitz, AHRQ Reports Clearance Officer, (301) 427-1477, or by email at [doris.lefkowitz@AHRQ.hhs.gov](mailto:doris.lefkowitz@AHRQ.hhs.gov).

**SUPPLEMENTARY INFORMATION:**

**Proposed Project**

*Medical Expenditure Panel Survey—Insurance Component*

Employer-sponsored health insurance is the source of coverage for 78 million current and former workers, plus many of their family members, and is a cornerstone of the U.S. health care system. The Medical Expenditure Panel Survey—Insurance Component (MEPS-IC) measures on an annual basis the extent, cost, and coverage of employer-sponsored health insurance. These statistics are produced at the National, State, and sub-State (metropolitan area) level for private industry. Statistics are also produced for State and Local governments. The MEPS-IC was last approved by OMB on November 21, 2013 and will expire on November 30th, 2016. The OMB control number for the MEPSIC is 0935-0110. All of the supporting documents for the current MEPS-IC can be downloaded from OMB's Web site at [http://www.reginfo.gov/public/do/PRAViewDocument?ref\\_nbr=201310-0935-001](http://www.reginfo.gov/public/do/PRAViewDocument?ref_nbr=201310-0935-001).

In order to ensure that the MEPS-IC is able to capture important changes in the employer-sponsored health insurance market due to the implementation of the Patient Protection and Affordable Care Act (PPACA), AHRQ will field a longitudinal survey in 2015 to include a sample of 5,000 small private sector employers that responded to the 2014 MEPS-IC. The OMB clearance that was approved on November 21, 2013 included the 2014 longitudinal survey, a survey of 3,000 respondents to the 2013 MEPS-IC, but did not include the 2015 longitudinal survey because the sample size was not finalized. This submission is for the 2015 longitudinal survey only; there are no other changes.

This research has the following goals:

(1) To provide data for Federal policymakers evaluating the effects of National and State health care reforms.

(2) To provide descriptive data on the current employer-sponsored health insurance system and data for modeling the differential impacts of proposed health policy initiatives.

(3) To supply critical State and National estimates of health insurance spending for the National Health Accounts and Gross Domestic Product.

(4) To support evaluation of the impact on health insurance offered by small employers due to the implementation of Small Business Health Options Program (SHOP) exchanges under the PPACA, through the addition of a longitudinal component to the sample.

The MEPS-IC is conducted pursuant to AHRQ's statutory authority to conduct surveys to collect data on the cost, use and quality of health care, including the types and costs of private insurance. 42 U.S.C. 299b-2(a).

*Method of Collection*

To achieve the goals of this project the following data collections for both private sector and state and local government employers will be implemented:

(1) **Prescreener Questionnaire**—The purpose of the Prescreener Questionnaire, which is collected via telephone, varies depending on the insurance status of the establishment contacted. (Establishment is defined as a single, physical location in the private sector and a governmental unit in state and local governments.) For establishments that do not offer health insurance to their employees, the prescreener is used to collect basic information such as number of employees. Collection is completed for these establishments through this telephone call. For establishments that do offer health insurance, contact name and address information is collected that is used for the mailout of the establishment and plan questionnaires. Obtaining this contact information helps ensure that the questionnaires are directed to the person in the establishment best equipped to complete them.

(2) **Establishment Questionnaire**—The purpose of the mailed Establishment Questionnaire is to obtain general information from employers that provide health insurance to their employees. Information, such as total active enrollment in health insurance,

other employee benefits, demographic characteristics of employees, and retiree health insurance, is collected through the establishment questionnaire.

(3) **Plan Questionnaire**—The purpose of the mailed Plan Questionnaire is to collect plan-specific information on each plan (up to four plans) offered by establishments that provide health insurance to their employees. This questionnaire obtains information on total premiums, employer and employee contributions to the premium, and plan enrollment for each type of coverage offered—single, employee-plus-one, and family—within a plan. It also asks for information on deductibles, copays, and other plan characteristics.

(4) **Longitudinal Sample (LS)**—For 2015, an additional sample of small employers (those with 100 or fewer employees) will be included in the collection. The LS will consist of 5,000 small, private-sector employers that responded to the 2014 MEPS-IC regular survey. These employers will be surveyed again in 2015—using the same collection methods as the regular survey—in order to track changes in their health insurance offerings, characteristics, and costs.

The primary objective of the MEPS-IC is to collect information on employer-sponsored health insurance. Such information is needed in order to provide the tools for Federal, State, and academic researchers to evaluate current and proposed health policies and to support the production of important statistical measures for other Federal agencies.

*Estimated Annual Respondent Burden*

Exhibit 1 shows the estimated annualized burden hours for the respondent's time to provide the requested data for the 2015 longitudinal survey. The Prescreener questionnaire will be completed by 4,300 respondents and takes about 5 minutes to complete. The Establishment questionnaire will be completed by 2,054 respondents and takes about 23 minutes to complete. The Plan questionnaire will be completed by 2,054 respondents and will require an average of 1.4 responses per respondent. Each Plan questionnaire takes about 11 minutes to complete. The total burden hours are estimated to be 1,686 hours.

Exhibit 2 shows the estimated annualized cost burden associated with the respondents' time to participate in this data collection. The annualized cost burden is estimated to be \$51,322.

## EXHIBIT 1—ESTIMATED BURDEN HOURS FOR THE 2015 LONGITUDINAL SURVEY

Form name	Number of respondents	Number of responses per respondent	Hours per response	Total burden hours
Prescreener Questionnaire .....	4,300	1	0.09	387
Establishment Questionnaire .....	2,054	1	* 0.38	781
Plan Questionnaire .....	2,054	1.4	0.18	518
Total .....	8,408	na	na	1,686

\* The burden estimate printed on the establishment questionnaire is 45 minutes which includes the burden estimate for completing the establishment questionnaire, an average of 1.4 plan questionnaires, plus the prescreener. The establishment and plan questionnaires are sent to the respondent as a package and are completed by the respondent at the same time.

*Request for Comments*

In accordance with the Paperwork Reduction Act, comments on AHRQ's information collection are requested with regard to any of the following: (a) Whether the proposed collection of information is necessary for the proper performance of AHRQ health care research and information dissemination functions, including whether the information will have practical utility; (b) the accuracy of AHRQ's estimate of burden (including hours and costs) of the proposed collection(s) of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information upon the respondents, including the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and included in the Agency's subsequent request for OMB approval of the proposed information collection. All comments will become a matter of public record.

Dated: February 5, 2015.

Data Collection Through Web Based Surveys for Evaluating Act Against AIDS Social Marketing Campaign Phases Targeting Consumers (Generic ICR, OMB# 0920-0920, Expires 2/28/2015)—Extension—National Center for HIV/AIDS, Viral Hepatitis, STD and TB Prevention (NCHHSTP), Centers for Disease Control and Prevention (CDC).

*Background and Brief Description*

In response to the continued HIV epidemic in our country, CDC has launched Act Against AIDS, a 5-year, multifaceted communication campaign to reduce HIV incidence in the United States. CDC plans to release the campaign in phases, with some of the phases running concurrently. Each phase of the campaign will use mass media and direct-to-consumer channels to deliver HIV prevention and testing messages. Some components of the campaign will be designed to provide
