

for each NRTL that details its scope of recognition. These pages are available from the Agency's Web site at <http://www.osha.gov/dts/otpca/nrtl/index.html>.

TUVAM submitted an application, dated June 9, 2014 (OSHA-2007-0043-0009, Exhibit 14-1—TUVAM Request for Expansion), to expand its recognition to include one additional test standard. OSHA staff performed a comparability analysis and reviewed other pertinent information. OSHA did not perform any on-site reviews in relation to this application.

OSHA published the preliminary notice announcing TUVAM's expansion application in the **Federal Register** on October 3, 2014 (79 FR 59863). The Agency requested comments by October 20, 2014, but it received no comments in response to this notice. OSHA now is proceeding with this final notice to grant expansion of TUVAM's scope of recognition.

To obtain or review copies of all public documents pertaining to TUVAM's application, go to www.regulations.gov or contact the Docket Office, Occupational Safety and Health Administration, U.S. Department of Labor, 200 Constitution Avenue NW., Room N-2625, Washington, DC 20210. Docket No. OSHA-2007-0043 contains all materials in the record concerning TUVAM's recognition.

II. Final Decision and Order

OSHA staff examined TUVAM's expansion application, its capability to meet the requirements of the test standards, and other pertinent information. Based on its review of this evidence, OSHA finds that TUVAM meets the requirements of 29 CFR 1910.7 for expansion of its recognition, subject to the limitation and conditions listed below. OSHA, therefore, is proceeding with this final notice to grant TUVAM's scope of recognition expansion. OSHA limits the expansion of TUVAM's recognition to testing and certification of products for demonstration of conformance to the test standard listed in Table 1 below.

TABLE 1—APPROPRIATE TEST STANDARD FOR INCLUSION IN TUVAM'S NRTL SCOPE OF RECOGNITION

Test standard	Test standard title
ANSI/AAMI ES60601-1:2005/(R)2012.	Medical electrical equipment, Part 1: General requirements for basic safety and essential performance (with amendments).

OSHA's recognition of any NRTL for a particular test standard is limited to equipment or materials for which OSHA standards require third-party testing and certification before using them in the workplace. Consequently, if a test standard also covers any products for which OSHA does not require such testing and certification, an NRTL's scope of recognition does not include these products.

The American National Standards Institute (ANSI) may approve the test standard listed above as an American National Standard. However, for convenience, we may use the designation of the standards-developing organization for the standard as opposed to the ANSI designation. Under the NRTL Program's policy (see OSHA Instruction CPL 1-0.3, Appendix C, paragraph XIV), any NRTL recognized for a particular test standard may use either the proprietary version of the test standard or the ANSI version of that standard. Contact ANSI to determine whether a test standard is currently ANSI-approved.

A. Conditions

In addition to those conditions already required by 29 CFR 1910.7, TUVAM must abide by the following conditions of the recognition:

1. TUVAM must inform OSHA as soon as possible, in writing, of any change of ownership, facilities, or key personnel, and of any major change in its operations as an NRTL, and provide details of the change(s);
2. TUVAM must meet all the terms of its recognition and comply with all OSHA policies pertaining to this recognition; and
3. TUVAM must continue to meet the requirements for recognition, including all previously published conditions on TUVAM's scope of recognition, in all areas for which it has recognition.

Pursuant to the authority in 29 CFR 1910.7, OSHA hereby expands the scope of recognition of TUVAM, subject to the limitation and conditions specified above.

Title: Accounting System and Financial Capability Questionnaire.

OMB number: 3095-0072.

Agency form numbers: NA Form 17003.

Type of review: Regular.

Affected public: Not-for-profit institutions and State, Local, or Tribal Government.

Estimated number of respondents: 75.

Estimated time per response: 4 hours.

Frequency of response: On occasion.

Estimated total annual burden hours: 300.

Abstract: Pursuant to the Title 2, Section 215 of the Code of Federal Regulations, Grants and Agreements with Institutions of Higher Education, Hospitals, and Other Non-Profit Organizations (formerly Office of Management and Budget (OMB) Circular A-110) and Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, grant recipients are required to maintain adequate accounting controls and systems in managing and administering Federal funds. Some of the recipients of grants from the National Historical Publications and Records Commission (NHPRC) have proven to have limited experience with managing Federal funds. This questionnaire is designed to identify those potential recipients and provide appropriate training or additional safeguards for Federal funds. Additionally, the questionnaire serves as a pre-audit function in identifying potential deficiencies and minimizing the risk of fraud, waste, abuse, or mismanagement, which we use in lieu of a more costly and time consuming formal pre-award audit.
