### Bureau of Ocean Energy Management

[Docket No. BOEM–2014–0078; MMAA104000]

#### Outer Continental Shelf, Alaska OCS Region, Chukchi Sea Planning Area, Oil and Gas Lease Sale 193

**AGENCY:** Bureau of Ocean Energy Management (BOEM), Interior.

**ACTION:** Notice of Availability of a Final Second Supplemental Environmental Impact Statement.

**SUMMARY:** BOEM is announcing the availability of a Final Second Supplemental Environmental Impact Statement (SEIS) for the Chukchi Sea Planning Area, Outer Continental Shelf (OCS) Oil and Gas Lease Sale 193 (Lease Sale 193). The Final Second SEIS (OCS EIS/EA BOEM 2014–669) provides new analysis in accordance with the United States District Court for the District of Alaska (District Court) Order remanding Lease Sale 193 to BOEM. The District Court's order instructs BOEM to address the deficiency in the 2007 Final EIS (OCS EIS/EA MMS 2007–026) identified by the U.S. Court of Appeals for the Ninth Circuit (Ninth Circuit). The Ninth Circuit held that the EIS supporting the decision to hold Lease Sale 193 arbitrarily relied on a one billion barrel oil production estimate. The Final Second SEIS provides a revised exploration and development scenario and an accompanying analysis of potential impacts of the proposed action alternatives. The Final Second SEIS identifies Alternative IV (Corridor II Deferral) as BOEM's preferred alternative.

**SUPPLEMENTARY INFORMATION:** Chukchi Sea OCS Oil and Gas Lease Sale 193 was held in February 2008. The Minerals Management Service (MMS) (predecessor to BOEM) received high bids totaling approximately \$2.7 billion and issued 487 leases. The lease sale decision was challenged in the District Court. In 2010, the District Court remanded the case to the agency to remedy deficiencies pertaining to the agency's compliance with the National Environmental Policy Act (NEPA). BOEM released a Final SEIS in August 2011 and the Secretary of the Interior reaffirmed the lease sale in October 2011. In February 2012, the District Court ruled the Department of the Interior had met its NEPA obligations on remand. In April 2012, the plaintiffs appealed the District Court's decision to the Ninth Circuit.

In a January 22, 2014, opinion, the Ninth Circuit found MMS' "reliance in
