[Release No. 34–74265; File No. S7–24–89]

February 12, 2015.

I. Introduction

On December 24, 2014, the operating committee (“Operating Committee” or “Committee”)

4 The Plan governs the collection, processing, and dissemination on a consolidated basis of quotation information and transaction reports in Eligible Securities for each of its Participants. This consolidated information informs investors of the current quoted and recent trade prices of Nasdaq securities. It enables investors to ascertain from one data source the current prices in all the markets trading Nasdaq securities. The Plan serves as the required transaction reporting plan for its

shorten the maximum time within which Participants must report trades from 90 seconds to 10 seconds, subject to the Participants’ obligation to report trades as soon as practicable.

The proposed amendment was published for comment in the Federal Register on January 7, 2015.5 No comment letters were received in response to the Notice. This order approves the proposal.

II. Description of the Proposal

Currently, Section VIII(B) (Transaction Reports) of the Nasdaq/UTP Plan provides that “Each Participant shall, during the time it is open for trading, be responsible promptly to collect and transmit to the Processor Transaction Reports in Eligible Securities executed in its Market by means prescribed herein. . . . All such Transaction Reports shall be transmitted to the Processor within 90 seconds after the time of execution of the transaction. Transaction Reports transmitted beyond the 90-second period shall be designated as “late” by the appropriate code or message.”

The amendment proposes to shorten the maximum time within which Participants must report trades from 90 seconds to 10 seconds, subject to the Participants’ obligation to report trades as soon as practicable. It would now require the Participants to “transmit all Transaction Reports as soon as practicable, but not later than 10 seconds, after the time of execution.” The amendment would also require each Participant to establish and maintain collection and reporting procedures and facilities reasonably designed to comply with the reporting requirement. This would harmonize the UTP Plan with the amended transaction reporting requirement under the CTA Plan.

III. Discussion

After careful review, the Commission finds that the proposed amendment to the Plan is consistent with the requirements of the Act and the rules and regulations thereunder,6 and, in particular, Section 11A(a)(1) of the Act7 and Rule 608 thereunder8 in that it is necessary or appropriate in the public interest, for the protection of investors

and the maintenance of fair and orderly markets, to remove impediments to, and perfect the mechanisms of, a national market system.

The proposal is consistent with Section 11A(a)(1)(C)(iii) of the Act,9 which sets forth Congress’ finding that it is in the public interest and appropriate for the protection of investors and the maintenance of fair and orderly markets to assure the availability to brokers, dealers, and investors of information with respect to quotations and transactions in securities. These goals are furthered by the proposed amendment requiring that Participants report trades as soon as practicable, but no later than 10 seconds, following execution (or cancellation, as applicable) as they bring the trade reporting requirement more in line with current industry practice, as the markets have become more automated and more efficient. In addition, the change will make the trade reporting requirement consistent across the two transaction reporting plans for equity securities10 and FINRA.11

IV. Conclusion

It Is Therefore Ordered, pursuant to Section 11A of the Act,12 and Rule 608 thereunder,13 that the proposed amendment to Nasdaq/UTP Plan (File No. S7–24–89) is approved.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.14

Secretary.
