

governing body of the Exchange and possess all of the powers necessary for the management of its business and affairs and the execution of its responsibilities as an SRO. In particular, the Exchange A&R By-laws will continue to provide that the Exchange Board shall consist of no fewer than seven or more than 25 directors.⁶⁹ In addition, the Exchange Board's composition at all times shall include the Chief Executive Officer of the Exchange, at least 50% Non-Industry Directors⁷⁰ (at least one of whom shall be an Independent Director⁷¹) and such number of ETP Holder Directors⁷² as is necessary to comprise at least 20% of the Exchange Board.⁷³

In connection with the Closing, the steps to transition the membership on the Exchange Board from the current directors to the post-Closing directors will conform to the requirements set forth in Article III, section 3.7 of the Exchange A&R By-laws. Furthermore, the Exchange A&R By-laws provides that any vacancy occurring in a committee shall be filled by the Chairman of the Board for the remainder of the term, with the approval of the Exchange Board.⁷⁴ Each committee shall be comprised of at least three people and may include persons who are not members of the Board; provided, however, that such committee members who are not also members of the Board shall only participate in committee actions to the extent permitted by law.⁷⁵

The Commission finds that these provisions are consistent with the Act, and that they are intended to assist the Exchange in fulfilling its self-regulatory obligations and in administering and complying with the requirements of the Act.

⁶⁹ See Exchange A&R By-laws, Article III, section 3.2(a).

⁷⁰ The term "Non-Industry Director" is defined in Article I, section 1.1, para. N of the Exchange A&R By-laws as "a member of the [NSX] Board who is (i) an Independent Director; or (ii) any other individual who would not be an Industry Director."

⁷¹ The term "Independent Director" is defined in Article I, section 1.1, para. I of the Exchange A&R By-laws as "a member of the [NSX] Board that the [NSX] Board has determined to have no material relationship with the Exchange or any affiliate of the Exchange, or any ETP Holder or any affiliate of any such ETP Holder, other than as a member of the Board."

⁷² The term "ETP Holder Director" is defined in Article I, section 1.1, para. E(2) of the Exchange A&R By-laws as "a director who is an ETP Holder or a director, officer, managing member or partner of an entity that is, or is an affiliate of, an ETP Holder."

⁷³ See Exchange A&R By-laws, Article III, section 3.2(b).

⁷⁴ See Exchange A&R By-laws, Article V, section 5.2.

⁷⁵ See Exchange A&R By-laws, Article V, section 5.2.

4. Changes to the Exchange Organizational Documents

In connection with the completion of the Transaction, the Exchange proposes certain amendments in the Exchange A&R Certificate and the Exchange A&R By-laws. In particular, the Exchange proposes to delete the language in Paragraph Fourth of the Exchange A&R Certificate that provides that the Exchange shall at all times be wholly owned by CBSX and replace that provision with one requiring that the Exchange at all times be wholly owned by NSX Holdings.⁷⁶

In addition, with respect to the Exchange A&R By-laws, the Exchange proposes to replace all references to "CBSX" with references to "NSX Holdings."⁷⁷ Specifically, Article III, section 3.2(c) of the Exchange A&R By-laws will be amended to eliminate any requirements relating to CBSX and will provide that no two or more directors of the Exchange may be partners, officers or directors of the same person or be affiliated with the same person (or affiliated with the same person), unless such affiliation is with a national securities exchange or NSX Holdings.⁷⁸ In addition, the Exchange proposes to replace references to CBSX with references to NSX Holdings in section 10.2 of the Exchange A&R By-laws. The provision would provide that no members of the Holdings Board who are not also members of the Exchange Board, or any officers, staff, counsel or advisors of NSX Holdings who are not also officers, staff, counsel or advisors of the Exchange (or any committees of the Exchange), shall be allowed to participate in any meetings of the Exchange Board or any Exchange committee pertaining to the self-regulatory function of the Exchange, including disciplinary matters.⁷⁹ The Exchange states that these amendments are intended to prevent any undue influence or any perception of undue influence over the Exchange's self-regulatory functions by NSX Holdings.⁸⁰

In addition, the Exchange proposes to delete section 10.1(b) in the Exchange A&R By-laws, which requires that for so long as CBSX controls the Exchange, the Exchange shall promptly inform the CBSX board of directors, in writing, in the event that the Exchange has, or experiences, a deficiency related to its ability to carry out its obligations as a national securities exchange under the Act, including if the Exchange does not

have or is not appropriately allocating such financial, technological, technical and personnel resources as may be necessary or appropriate for the Exchange to meet its obligations under the Act.⁸¹ According to the Exchange, upon the completion of the Transaction, such requirements will no longer apply because CBSX will have no ownership interest in the Exchange.⁸²

Finally, the Exchange is proposing certain clarifying amendments, and other non-substantive conforming amendments to the Exchange A&R By-laws that are consistent with the changes described above.⁸³

The Commission believes that the proposed changes to the organizational documents of the Exchange are consistent with the Act, and that they are intended to align the Exchange's governance and organizational structure with the proposed ownership by NSX Holdings.

III. Conclusion

For the foregoing reasons, the Commission finds that the proposed rule change is consistent with the Act and the rules and regulations thereunder applicable to a national securities exchange.

It is therefore ordered, pursuant to section 19(b)(2) of the Act⁸⁴ that the proposed rule change (SR-NSX-2014-017), be, and hereby is, approved.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.⁸⁵

“Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on February 9, 2015, NASDAQ OMX PHLX LLC (“Phlx” or “Exchange”) filed with the Securities and Exchange Commission (“SEC” or “Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of the Substance of the Proposed Rule Change

The Exchange proposes to amend Phlx Rule 507, entitled “Application for Approval as an SQT or RSQT or RSQTO and Assignment in Options” to increase the number of Remote Streaming Quote Traders (“RSQTs”) that may be affiliated with a Remote Streaming Quote Trader Organization (“RSQTOs”).

The text of the proposed rule change is available on the Exchange’s Web site at <http://nasdaqomxphlx.cchwallstreet.com/>, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to amend Phlx Rule 507, entitled “Application for Approval as an SQT or RSQT or RSQTO and Assignment in Options,” to increase the number of RSQTs that may be affiliated with RSQTOs. RSQTs are one of several types of Registered Options Traders (“ROT”) on the Exchange. ROTs are market makers that include Streaming

Quote Traders (“SQTs”),³ RSQTs,⁴ Directed Streaming Quote Traders (“DSQTs”), and Directed Remote Streaming Quote Traders (“DRSQTs”).⁵

Rule 507 is one of the numerous rules administered by the Exchange that deal with allocation and assignment of securities. These Rules generally describe the process for: Applying for an appointment as a specialist; allocating classes of options to specialist units and individual specialists; applying for an appointment as an SQT or RQT; as well as continuing performance obligations. The Rules also indicate, among other things, under what circumstances new allocations are made to specialists and assignments are determined for SQTs.⁶

³ An SQT is an ROT who has received permission from the Exchange to generate and submit option quotations electronically in eligible options to which such SQT is assigned. An SQT may only submit such quotations while such SQT is physically present on the floor of the Exchange. See Rule 1014(b)(ii)(A).

⁴ An RSQT is an ROT that is a member or member organization with no physical trading floor presence who has received permission from the Exchange to generate and submit option quotations electronically in eligible options to which such RSQT has been assigned. An RSQT may only submit such quotations electronically from off the floor of the Exchange. See Rule 1014(b)(ii)(B).

⁵ A DSQT is an SQT and a DRSQT is an RSQT that receives a Directed Order. Exchange Rule 1080(l)(i)(A) defines Directed Order as any customer order (other than a stop or stop-limit order as defined in Rule 1066) to buy or sell which has been directed to a particular specialist, RSQT, or SQT by an Order Flow Provider and delivered to the Exchange via its electronic quoting, execution and trading system.

⁶ See, e.g., Supplementary Material .01 to Rule 506 (specialist may not apply for a new allocation for a period of six months after an option allocation was taken away from the specialist in a disciplinary proceeding or an involuntary reallocation proceeding). Specifically, Rule 507 discusses the process of applying for approval as an RSQT or SQT on the Exchange and assignment of options to them. Under Rule 507, RSQTOs are Exchange member organizations while SQTs and RSQTs are Exchange members. Any member organization of the Exchange in good standing that satisfies the RSQTO readiness requirements will be approved as an RSQTO. RSQTOs may also be referred to as Remote Market Maker Organizations (“RMOs”) and RSQTs may also be referred to as Remote Market Markers (“RMMs”). Rule 507(a). No limit is placed on the number of member organizations that may become RSQTOs. Moreover, as many as three RSQT applicants affiliated with an RSQTO may be approved as an RSQT, to the extent that each such RSQT applicant is qualified as an ROT in good standing, and satisfies the five readiness requirements that are set out in Rule 507. There is no limit on the number of qualifying ROTs that may be approved as RSQTs, as long as the applicants are qualified as ROTs in good standing and satisfy the readiness requirements. No limit is placed on the number of member organizations that may become RSQTOs. Moreover, as many as three RSQT applicants affiliated with an RSQTO may be approved as an RSQT, to the extent that each such RSQT applicant is qualified as an ROT in good standing, and satisfies the five readiness requirements that are set out in Rule 507. There is no limit on the number of qualifying ROTs that may be approved as RSQTs, as long as the applicants are

The process for applying to be an RSQTO and applying for an assignment in options as an RQT or SQT is set forth in Rule 507. All new applicants for trading privileges will continue to be subject to the process for assignment described in Rule 507. The Exchange considers all applicants for assignment in options using the objective criteria set forth in Exchange Rule 507(b). The objective criteria are used by the Exchange in determining the most beneficial assignment of options for the Exchange and the public. Approved RSQTs have certain electronic quoting obligations via the Exchange’s electronic quoting and trading system, as well as restrictions, pertaining to the current market makers on the Exchange.⁷ SQTs and RSQTs are subject to performance evaluations to determine whether they have fulfilled performance standards relating to, among other things, quality of markets, efficient quote submission to the Exchange (including quotes submitted through a third party vendor), competition among market makers, observance of ethical standards, and administrative factors.⁸

The Exchange is not proposing to amend the process or procedure for applying to act as a market maker on the Exchange nor the obligations or performance evaluations that are conducted once appointed. The Exchange proposes to amend Rule 507(a) to increase the number of RSQTs that may be affiliated with an RSQTO from three to five RSQTs. The Exchange initially selected three RSQTs when the concept of an RSQTO was adopted because the Exchange believed that up to three RSQTs for each RSQTO organization would strike a proper balance with respect to the anticipated increase to support quoting and trading options in light of competition. The RSQTO concept was initially adopted in 2013.⁹ At this time, the Exchange believes the number of RSQTs affiliated with an RSQTO can be increased to allow up to five RSQTs to be affiliated with an RSQTO, without a significant impact on message traffic, while allowing increased competition. The Exchange has allowed up to three RSQTs in the interim two years and at this time believes it has the adequate

qualified as ROTs in good standing and satisfy the readiness requirements.

⁷ More than one RSQT may submit a quote in an assigned option, to the extent that each RSQT applies for and is approved as an RSQT affiliated with an RSQTO pursuant to Rule 507. See Rule 1014 (b)(ii)(B).

⁸ See Rule 510.

⁹ See Securities and Exchange [sic] Release No. 68689 (January 25 [sic], 2013), 78 FR 5518 (January 18 [sic], 2013) (SR-Phlx-2013-03).

capacity to propose the increased number of RSQTs to quote. The Exchange will continue to monitor the number of permitted RSQTs in relation to its capacity. The Exchange notes that the Maximum Number of Quoters (“MNQs”) refers to the maximum number of participants that may be assigned in a particular equity option at any one time. The MNQ level for options trading on the Exchange is 30 for all equity options listed for trading on the Exchange.¹⁰ This rule change will not impact the MNQ. Other options exchanges similarly impose higher limits on the number of total members that may quote electronically.¹¹ The Exchange represents that it has the system capacity to continue to support quoting and trading options subsequent to the effectiveness of this proposal. The Exchange represents that it has an adequate surveillance program in place for options that are quoted and traded on the Exchange and intends to continue application of those program procedures as necessary. Additionally, the Exchange is a member of the Intermarket Surveillance Group (“ISG”) under the Intermarket Surveillance Group Agreement, dated June 20, 1994. ISG members coordinate surveillance and investigative information sharing for equity and options markets. Moreover, futures exchanges are affiliated members of the ISG, which allows for the sharing of surveillance information for potential intermarket trading abuses.

The Exchange believes that the proposed rule change increasing the number of RSQTs that may be affiliated with RSQTOs will encourage competition, create additional trading opportunities and outlets and increase the depth of markets.

The Exchange is also proposing to delete rule text in Rule 507 related to

¹⁰ See Commentaries .01 to .05 to Rule 507.

¹¹ The Chicago Board Options Exchange Incorporated (“CBOE”) imposes an upper limit on the aggregate number of Trading Permit Holders that may quote electronically in each product during each trading session (“Class Quoting Limit” or “CQL”). The DPM or LMM(s) assigned to the product and Market-Makers who hold an appointment in the product are entitled to quote electronically in those products for as long as they maintain an appointment in those products. All other Market-Makers that request the ability to submit quotes electronically in the subject product will be entitled to quote electronically in that product in the order in which they so request provided the number of Trading Permit Holders quoting electronically in the product does not exceed the CQL. When the number of Trading Permit Holders in the product quoting electronically equals the CQL, all other Trading Permit Holders requesting the ability to quote electronically in that product will be wait-listed in the order in which they submitted the request. The CQL for products trading on the Hybrid Trading System is fifty (50). See CBOE Rule 8.3A.

RSQTO conversions. The rule text was originally adopted to provide guidance as to the initial manner and timeframe within which members were required to notify the Exchange of the names of the affiliated RSQTs. This language is no longer necessary and the Exchange proposes to delete the rule text.

2. Statutory Basis

The Exchange believes that its proposal is consistent with section 6(b) of the Act¹² in general, and furthers the objectives of section 6(b)(5) of the Act¹³ in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general to protect investors and the public interest, by enabling a greater number of RSQTs to be affiliated with an RSQTO.

The Exchange believes that this proposal does not engender unfair discrimination among specialists, specialist units, SQTs and RSQTs. This proposal to amend Rule 507 will be equally applicable to all members and member organizations at the Exchange. Increasing the number of RSQTs associated with an RSQTO is pro-competitive, because it adds depth and liquidity to the Exchange’s markets by permitting additional participants to compete on the Exchange.

The Exchange believes that deleting the language concerning the RSQTO conversion period, which was initially implemented to provide a timeframe to permit member organizations to provide notification to the Exchange of up to three affiliated RSQTs, will clarify the Rule text by removing this language which is no longer necessary and is outdated.

B. Self-Regulatory Organization’s Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. To the contrary, the proposal further promotes intra-market competition on the Exchange which should lead to tighter, more efficient markets to the benefit of market participants including public investors that engage in trading and hedging on the Exchange, and thereby make the Exchange a desirable market as compared to other options exchanges and therefore promoted inter-market competition.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to section 19(b)(3)(A)(ii) [sic] of the Act¹⁴ and subparagraph (f)(6) of Rule 19b–4 thereunder.¹⁵

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is: (i) Necessary or appropriate in the public interest; (ii) for the protection of investors; or (iii) otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change
