New Source Performance Standards and National Emission Standards for Hazardous Air Pollutants; Delegation of Authority to Louisiana

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The Louisiana Department of Environmental Quality (LDEQ) has submitted updated regulations for receiving delegation of Environmental Protection Agency (EPA) authority for implementation and enforcement of New Source Performance Standards (NSPS) and National Emission Standards for Hazardous Air Pollutants (NESHAP) for all sources (both part 70 and non-part 70 sources). The delegation of authority under this action does not apply to sources located in Indian Country. EPA is providing notice that it is updating the delegation of certain NSPS to LDEQ and taking direct final action to approve the delegation of certain NESHAPs to LDEQ.

DATES: Written comments on this proposed rule must be received on or before March 26, 2015.

ADDRESSES: Comments may be mailed to Mr. Rick Barrett, Air Permits Section (6PD-R), Environmental Protection Agency, 1445 Ross Avenue, Suite 1200, Dallas, Texas 75202-2733. Comments may also be submitted electronically or through hand delivery/courier by following the detailed instructions in the **ADDRESSES** section of the direct final rule located in the rules section of this **Federal Register**.

FOR FURTHER INFORMATION CONTACT: Mr. Rick Barrett, (214) 665-7227; email: barrett.richard@epa.gov.

SUPPLEMENTARY INFORMATION: In the final rules section of this **Federal Register**, EPA is approving LDEQ's request for delegation of authority to implement and enforce certain NSPS and NESHAP for all sources (both part 70 and non-part 70 sources). LDEQ has adopted certain NSPS and NESHAP by reference into Louisiana's state regulations. In addition, EPA is waiving its notification requirements so sources will only need to send notifications and reports to LDEQ.

The EPA is taking direct final action without prior proposal because EPA views this as a noncontroversial action and anticipates no adverse comments. A detailed rationale for this approval is set forth in the preamble to the direct final rule. If no relevant adverse comments are received in response to this action, no further activity is contemplated. If EPA receives relevant adverse comments, the direct final rule will be withdrawn, and all public comments received will be addressed in a subsequent final rule based on this proposed rule. EPA will not institute a second comment period. Any parties interested in commenting must do so at this time. If EPA receives relevant adverse comment on an amendment, paragraph, or section of the rule and if that provision may be severed from the remainder of the rule, EPA may adopt as final those provisions of the rule that are not the subject of an adverse comment.

For additional information, see the direct final rule which is located in the Rules section of this **Federal Register**.

Dated: January 28, 2015.

SUPPLEMENTARY INFORMATION:

A. Background

GSA is proposing to amend the FPMR by revising regulations regarding Government personal property management policies in FPMR 101-25 (41 CFR part 101-25), and by moving these policies to part 102-32 of the FMR (41 CFR part 102-32). GSA anticipates migrating the remaining parts of FPMR, Subchapter E, to succeeding subparts of FMR part 102-32. This revision is part of GSA's effort to improve its external directives system by reducing the number of regulations and rewriting them in plain language. This proposed rule removes material that is not regulatory in nature (such as internal GSA operating procedures), is overly prescriptive, outdated, addressed in other policy, or no longer appropriate for today's Government business environment.

B. Substantive Changes

The following table provides a crosswalk from FPMR part 101-25 (left column) to FMR part 102-32 (right column). This table identifies where the policy provisions of FPMR part 101-25 will be migrated to in the FMR, and explains significant changes or deletions.
