**DEPARTMENT OF HEALTH AND HUMAN SERVICES**

**Office of the Secretary**

**Agency Information Collection Activities; Proposed Collection; Public Comment Request**

**AGENCY:** Office of the Assistant Secretary for Health, Office of Adolescent Health, HHS.

**ACTION:** Notice.

**SUMMARY:** In compliance with the requirement of section 3501(c)(2)(A) of the Paperwork Reduction Act of 1995, the Office of the Secretary (OS), Department of Health and Human Services, announces plans to submit a new Information Collection Request (ICR), described below, to the Office of Management and Budget (OMB). Prior to submitting the ICR to OMB, OS seeks comments from the public regarding the burden estimate, below, or any other aspect of the ICR.

**DATES:** Comments on the ICR must be received on or before April 27, 2015.

**ADDRESSES:** Submit your comments to Information.CollectionClearance@hhs.gov or by calling (202) 690–6162.

**FOR FURTHER INFORMATION CONTACT:** Information Collection Clearance staff, Information.CollectionClearance@hhs.gov or (202) 690–6162.

**SUPPLEMENTARY INFORMATION:** When submitting comments or requesting information, please include the document identifier HHS–OS–0990—New—60D for reference.

**Information Collection Request Title:** Office of Adolescent Health Teen Pregnancy Prevention, FY 2015–2020 Performance Measure Collection

**Abstract:** The Office of Adolescent Health (OAH), U.S. Department of Health and Human Services (HHS) is requesting approval by OMB on a new collection. In FY2015, OAH expects to award a second 5-year cohort of TPP grants. Performance Measure data collection is a requirement of all TPP grant awards and is included in the funding announcements. The measures include dissemination, partners, training, health-care linkages, sustainability, reach, dosage, fidelity, quality, and cost, reported separately by grantee/sub grantee and program model.

**Likely Respondents:** 137 TPP grantees and sub-grantees.

OS specifically requests comments on (1) the necessity and utility of the proposed information collection for the proper performance of the agency’s functions, (2) the accuracy of the estimated burden, (3) ways to enhance the quality, utility, and clarity of the information to be collected, and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

Darius Taylor,

Information Collection Clearance Officer.

Information Collection Request Title: Education and Training of Healthcare Providers as a Coordinated Public Health Response to Violence Against Women

Abstract: The Office on Women’s Health (OWH) recently received an approval by OMB 0990–0422 which expires August 31, 2015; however OWH is now requesting a three year extension to further conduct the pilot and evaluation of an eLearning course developed as part of the “Education and Training of Healthcare Providers as a Coordinated Public Health Response to Violence Against Women Project”. The purpose of this data collection is to gather data from healthcare providers who have volunteered to participate in the pilot and evaluation of an e-learning course designed to educate and train healthcare providers on how to respond to intimate partner violence (IPV) against women. Information obtained from this data collection will be used to identify areas of improvement and measure the effectiveness of the e-learning course in educating healthcare providers about IPV, addressing attitudinal barriers to IPV screening, and increasing IPV screening in clinical practice. This data will also help identify any problems in the navigation and functioning of the e-learning course. The results of this evaluation will assist OWH in making revisions to the course and subsequently coordinating a national launch, making the e-learning course available to healthcare providers across the U.S. All data collection forms and activities will be used within a year time frame.

Likely Respondents: The respondents for this pilot and evaluation are healthcare providers (physicians, nurses, and social workers) who are members of professional associations and who provide services in Nevada, Oklahoma, and South Carolina.

Proposed Data Collections Submitted for Public Comment and Recommendations

The Centers for Disease Control and Prevention (CDC), as part of its continuing effort to reduce public burden and maximize the utility of government information, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995. To request more information on the below proposed project or to obtain a copy of the information collection plan and instruments, call 404–639–7570 or send comments to Leroy A. Richardson, 1600 Clifton Road, MS–D74, Atlanta, GA 30333 or send an email to omb@cdc.gov.

Comments submitted in response to this notice will be summarized and/or included in the request for Office of Management and Budget (OMB) approval. Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency’s estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology; and (e) estimates of capital or start-up costs and costs of operation, maintenance, and purchase of services to provide information. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; to develop, acquire, install and utilize technology and systems for the purpose of collecting, validating and verifying information, processing and maintaining information, and disclosing and providing information; to train personnel and to be able to respond to a collection of information, to search data sources, to complete and review the collection of information; and to transmit or otherwise disclose the information. Written comments should be received within 60 days of this notice.

Proposed Project

Background and Brief Description

The CDC is requesting the Office of Management and Budget (OMB) to grant a three year approval to collect data that comprises the Training Follow-up Instrument, the Technical Assistance Satisfaction Instrument, and the Capacity Building Assistance (CBA) Key Informant Interview. The purpose of this information collection is to assess how well the CDC’s CBA program meets the needs of its consumers in order to enhance its capacity building strategy over time.

The PTCs and CBA providers are funded by CDC/Division of STD Prevention (DSTDIP) and Division of HIV/AIDS Prevention (DHAP) over the five-year period to provide capacity-building services that includes information, training, and technical assistance. CBA means the provision of free (not for fee) information, training, technical assistance, and technology transfer to individuals, organizations, and communities to improve their capacity in the delivery and effectiveness of evidence-based
