Vol. 80

Friday,

No. 79

April 24, 2015

Pages 22871–23228

OFFICE OF THE FEDERAL REGISTER

The **FEDERAL REGISTER** (ISSN 0097-6326) is published daily, Monday through Friday, except official holidays, by the Office of the Federal Register, National Archives and Records Administration, Washington, DC 20408, under the Federal Register Act (44 U.S.C. Ch. 15) and the regulations of the Administrative Committee of the Federal Register (1 CFR Ch. I). The Superintendent of Documents, U.S. Government Publishing Office, Washington, DC 20402 is the exclusive distributor of the official edition. Periodicals postage is paid at Washington, DC.

The **FEDERAL REGISTER** provides a uniform system for making available to the public regulations and legal notices issued by Federal agencies. These include Presidential proclamations and Executive Orders, Federal agency documents having general applicability and legal effect, documents required to be published by act of Congress, and other Federal agency documents of public interest.

Documents are on file for public inspection in the Office of the Federal Register the day before they are published, unless the issuing agency requests earlier filing. For a list of documents currently on file for public inspection, see [www.ofr.gov](http://www.ofr.gov).

The seal of the National Archives and Records Administration authenticates the **Federal Register** as the official serial publication established under the Federal Register Act. Under 44 U.S.C. 1507, the contents of the **Federal Register** shall be judicially noticed.

The **Federal Register** is published in paper and on 24x microfiche. It is also available online at no charge at [www.fdsys.gov](http://www.fdsys.gov), a service of the U.S. Government Publishing Office.

The online edition of the **Federal Register** is issued under the authority of the Administrative Committee of the Federal Register as the official legal equivalent of the paper and microfiche editions (44 U.S.C. 4101 and 1 CFR 5.10). It is updated by 6:00 a.m. each day the **Federal Register** is published and includes both text and graphics from Volume 59, 1 (January 2, 1994) forward. For more information, contact the GPO Customer Contact Center, U.S. Government Publishing Office. Phone 202-512-1800 or 866-512-1800 (toll free). E-mail, [gpocusthelp.com](mailto:gpocusthelp.com).

The annual subscription price for the **Federal Register** paper edition is \$749 plus postage, or \$808, plus postage, for a combined **Federal Register**, **Federal Register** Index and List of CFR Sections Affected (LSA) subscription; the microfiche edition of the **Federal Register** including the **Federal Register** Index and LSA is \$165, plus postage. Six month subscriptions are available for one-half the annual rate. The prevailing postal rates will be applied to orders according to the delivery method requested. The price of a single copy of the daily **Federal Register**, including postage, is based on the number of pages: \$11 for an issue containing less than 200 pages; \$22 for an issue containing 200 to 400 pages; and \$33 for an issue containing more than 400 pages. Single issues of the microfiche edition may be purchased for \$3 per copy, including postage. Remit check or money order, made payable to the Superintendent of Documents, or charge to your GPO Deposit Account, VISA, MasterCard, American Express, or Discover. Mail to: U.S. Government Publishing Office—New Orders, P.O. Box 979050, St. Louis, MO 63197-9000; or call toll free 1-866-512-1800, DC area 202-512-1800; or go to the U.S. Government Online Bookstore site, see [bookstore.gpo.gov](http://bookstore.gpo.gov).

There are no restrictions on the republication of material appearing in the **Federal Register**.

**How To Cite This Publication:** Use the volume number and the page number. Example: 80 FR 12345.

**Postmaster:** Send address changes to the Superintendent of Documents, Federal Register, U.S. Government Publishing Office, Washington, DC 20402, along with the entire mailing label from the last issue received.

Title 3—

Proclamation 9259 of April 21, 2015

The President

Earth Day, 2015

**By the President of the United States of America****A Proclamation**

Forty-five years ago, millions of Americans celebrated the first Earth Day in cities across our Nation. Having borne witness to years of environmental neglect, these ordinary citizens gathered in the streets, in parks, and on college campuses to demand change and commit to leaving a healthier planet for the next generation. Faced with contaminated rivers and polluted cities, they stood up, spoke out, and fought for air, water, and wildlife protections. Their voices galvanized a movement—leading to the creation of the Environmental Protection Agency and the passage of the Clean Air Act, the Clean Water Act, and the Endangered Species Act—and ignited a spirit of stewardship that continues to drive us to meet the challenges of our time.

Today, our planet faces new challenges, but none pose a greater threat to future generations than climate change. Science tells us the earth is warming—last year was the planet’s warmest on record, and 14 of the 15 warmest recorded years have come in the first 15 years of this century—and human activity is the primary driver of the rapid warming of the past half-century. Climate change will have profound impacts on all humankind, and many Americans are already feeling the effects. The costs of more severe weather disasters can be measured in lost lives and livelihoods and in billions of dollars of emergency services, and the costs will only increase with time. Firefighters are braving longer wildfire seasons; farmers are confronting adverse growing conditions; and our children and most vulnerable populations are experiencing a range of climate-related health effects.

As a Nation, we must act before it is too late. That is why my Administration has taken a series of ambitious steps to combat climate change and protect our planet for our children and grandchildren. As part of my Climate Action Plan, we have proposed the first-ever carbon pollution limits for existing power plants. We have also partnered with communities to prepare for the impacts of a changing climate that we can no longer avoid. And I have protected more than 260 million additional acres of public lands and waters, safeguarding the natural bounty of our planet for ages to come.

The United States is committed to our role as a global leader in the fight against climate change, and last year, we jointly announced with China ambitious but achievable new targets for reducing greenhouse gases. I am also ensuring that our Federal Government leads by example by working to reduce Federal greenhouse gas emissions by 40 percent. My Administration will continue to engage with key stakeholders at home and abroad who share our hope for a cleaner world.

Protecting our planet will also require us to change the way we use energy, and my energy strategy recognizes this critical need. My Administration has made the largest investment in clean energy in American history, and today the United States generates more renewable energy than ever before—we harness 3 times as much wind power as we did when I took office and solar electricity generation has increased 20-fold. Mayors, Governors, and business leaders across the country are taking steps to deploy clean

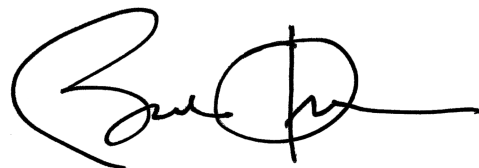

energy, boost energy efficiency, and create more sustainable communities and supply chains. We are promoting energy efficiency in our buildings and cars and working to ensure our Nation is a leader in the energy sources of tomorrow.

As caretakers of our planet, we all have an obligation to combat climate change and protect our earth for the next generation. The decisions we make today and in the years ahead will have a profound impact on the world we leave behind, and we must each do our part. We can reduce the energy used in our homes and offices; we can help protect our resources by recycling as part of our everyday routine; and we can raise our voices to support policies like the ones my Administration has put forth to protect our environment while strengthening our economy. On Earth Day, let us join with communities around the world, and as one people—who share one planet—let us recommit to meeting the test of our time and continuing our work to build a cleaner, safer, more stable world.

NOW, THEREFORE, I, BARACK OBAMA, President of the United States of America, by virtue of the authority vested in me by the Constitution and the laws of the United States, do hereby proclaim April 22, 2015, as Earth Day. I encourage all Americans to participate in programs and activities that will protect our environment and contribute to a healthy, sustainable future.

IN WITNESS WHEREOF, I have hereunto set my hand this twenty-first day of April, in the year of our Lord two thousand fifteen, and of the Independence of the United States of America the two hundred and thirty-ninth.

A handwritten signature in black ink, appearing to be "Barack Obama", written in a cursive style.

# Rules and Regulations

Federal Register

Vol. 80, No. 79

Friday, April 24, 2015

This section of the FEDERAL REGISTER contains regulatory documents having general applicability and legal effect, most of which are keyed to and codified in the Code of Federal Regulations, which is published under 50 titles pursuant to 44 U.S.C. 1510.

The Code of Federal Regulations is sold by the Superintendent of Documents. Prices of new books are listed in the first FEDERAL REGISTER issue of each week.

## DEPARTMENT OF AGRICULTURE

### Office of the Secretary

#### 7 CFR Part 12

RIN 0560-AI26

#### Conservation Compliance

**AGENCY:** Office of the Secretary and Farm Service Agency, USDA.

**ACTION:** Interim rule.

**SUMMARY:** This rule amends the U.S. Department of Agriculture (USDA) regulations that specify the conservation compliance requirements that participants in USDA programs must meet to be eligible for certain USDA benefits. The USDA benefits to which conservation compliance requirements currently apply include marketing assistance loans, farm storage facility loans, and payments under commodity, disaster, and conservation programs. The conservation compliance requirements apply to land that is either highly erodible land (HEL) or that is wetlands. This rule amends the regulations to implement the Agricultural Act of 2014 (2014 Farm Bill) provisions that: make the eligibility for Federal crop insurance premium subsidy benefits subject to conservation compliance requirements; and convert the wetland mitigation banking pilot to a program and authorizes \$ 10 million for the Secretary to operate a wetland mitigation banking program. This rule specifies the conservation compliance requirements, exemptions, and deadlines that apply in determining eligibility for Federal crop insurance premium subsidy from the Federal Crop Insurance Corporation (FCIC). This rule also modifies easement provisions relating to mitigation banks as specified in the 2014 Farm Bill, and clarifies provisions regarding the extent of agency discretion with respect to certain violations.

**DATES:** Effective date: April 24, 2015.

Date to certify compliance for Federal crop insurance premium subsidy for 2016 reinsurance year: June 1, 2015.

*Comment date:* We will consider comments that we receive by June 23, 2015.

**ADDRESSES:** We invite you to submit comments on this interim rule. In your comment, include the Regulation Identifier Number (RIN) and the volume, date, and page number of this issue of the **Federal Register**. You may submit comments by any of the following methods:

- *Federal eRulemaking Portal:* Go to <http://www.regulations.gov>. Follow the online instructions for submitting comments.

- *Mail, hand delivery, or courier:* Daniel McGlynn, Production, Emergencies and Compliance Division, Farm Service Agency (FSA), United States Department of Agriculture (USDA), MAIL STOP 0517, 1400 Independence Avenue SW., Washington, DC 20250-0517.

Comments will be available online at <http://www.regulations.gov>. In addition, comments will be available for public inspection at the above address during business hours from 8 a.m. to 5 p.m., Monday through Friday, except holidays. A copy of this interim rule is available through the FSA home page at <http://www.fsa.usda.gov/>.

**FOR FURTHER INFORMATION CONTACT:**

Daniel McGlynn; telephone: (202) 720 7641. Persons with disabilities who require alternative means for communication should contact the USDA Target Center at (202) 720-2600.

**SUPPLEMENTARY INFORMATION:**

**Background**

The conservation compliance provisions in the current regulations at 7 CFR part 12 were originally authorized by the Food Security Act of 1985 (Pub. L. 99-198, referred to as the 1985 Farm Bill). Generally, the regulations specify that a person is ineligible for certain USDA benefits if they undertake certain activities relating to HEL and wetlands, specifically those involving planting agricultural commodities on HEL or a wetland, or converting a wetland for agricultural purposes.

HEL is cropland, hayland or pasture that can erode at excessive rates. As specified in § 12.21, soil map units and

the erodibility index are used as the basis for identifying HEL. The erodibility index is a numerical value that expresses the potential erodibility of a soil in relation to its soil loss tolerance value without consideration of applied conservation practices or management. A field is identified as highly erodible if it contains a critical amount of soil map units with an erodibility index of eight or more. If a producer has a field identified as HEL, that producer is required to maintain a conservation system of practices that keeps erosion rates at a substantial reduction of soil loss in order to receive certain USDA benefits. Additional information can be found at [http://www.nrcs.usda.gov/wps/portal/nrcs/detail/wi/programs/?cid=nrcs142p2\\_020795](http://www.nrcs.usda.gov/wps/portal/nrcs/detail/wi/programs/?cid=nrcs142p2_020795).

A “wetland” is an area that has a predominance of wet soils; is inundated or saturated by surface or groundwater at a frequency and duration sufficient to support a prevalence of water tolerant vegetation typically adapted for life in saturated soil conditions; and under normal circumstances supports a prevalence of such vegetation.

The major difference between the prior regulations for conservation compliance in 7 CFR part 12 and this rule is that persons who seek eligibility for Federal crop insurance premium subsidy must comply with the conservation compliance requirements as specified in this rule. Many persons who obtain Federal crop insurance already receive benefits from other USDA programs, for example, FSA programs that also require compliance with the conservation compliance rules. Therefore, this new requirement will only be a change for those persons who will be required to comply with the conservation compliance rules for the first time because of the 2014 Farm Bill.

The amendments made by section 2611 of the 2014 Farm Bill to the conservation compliance rules only apply to eligibility for FCIC paid premium subsidy. In addition, the time between the final determination of a violation and the loss of eligibility for Federal crop insurance premium subsidy is different from the other conservation compliance rules as described below. Therefore, while a violation of conservation compliance rules may not trigger an immediate loss of Federal crop insurance premium

subsidy, it may trigger an immediate loss of other USDA program benefits, including any FSA and Natural Resources Conservation Service (NRCS) benefits specified in 7 CFR 12.4(d) and (e). Nothing in this rule changes violations that may result from other laws or regulations under the responsibility of another Federal government agency.

This interim rule amends the conservation compliance regulations in 7 CFR part 12 to:

- (1) Implement 2014 Farm Bill (Pub. L. 113–79) provisions that make the eligibility for Federal crop insurance premium subsidies subject to conservation compliance provisions;
- (2) Modify easement provisions relating to mitigation banks as specified in the 2014 Farm Bill; and
- (3) Clarify provisions regarding the extent of agency discretion with respect to certain violations.

This rule also implements sections 2609 and 2611 of the 2014 Farm Bill which amend provisions related to wetland mitigation banking and clarifies provisions regarding the extent of agency discretion with respect to certain violations. The provisions in this rule apply to all actions taken after February 7, 2014 (the date of enactment of the 2014 Farm Bill) by persons participating in USDA's crop insurance program.

FSA handles conservation compliance administrative functions, while technical determinations regarding HEL and wetlands are made by NRCS. The 2014 Farm Bill extends conservation compliance requirements to the eligibility for Federal crop insurance premium subsidy. Federal crop insurance is authorized by the Federal Crop Insurance Act (FCIA) (7 U.S.C. 1501–1524). The Federal crop insurance program is administered by the Risk Management Agency (RMA) on behalf of FCIC. Persons can obtain Federally subsidized crop insurance from Approved Insurance Providers (AIP), which are approved by RMA, on behalf of FCIC, to sell and service Federal crop insurance policies. The Federal crop insurance policies issued by these AIP are reinsured by FCIC in accordance with the FCIA. The FCIA also authorizes FCIC to subsidize Federal crop insurance premiums charged for the coverage provided by the Federal crop insurance policies reinsured by FCIC.

FCIC published an interim rule on July 1, 2014, (79 FR 37155–37166) that amended the Federal crop insurance regulations to implement the same conservation compliance provisions from section 2611 of the 2014 Farm Bill as this rule in 7 CFR parts 400, 402, 407, and 457. This rule is needed to make

conforming changes to the general USDA regulations in 7 CFR part 12 that apply to programs from multiple USDA agencies.

#### **New Federal Crop Insurance Subsidy Conservation Compliance Eligibility Provisions**

Section 2611 of the 2014 Farm Bill links conservation compliance to eligibility for Federal crop insurance premium subsidies paid by FCIC. Section 2611 provides exemptions and extended deadlines for certain persons to achieve compliance.

Persons who have not participated in, and were not affiliated with any person who participated in, any USDA program for which conservation compliance was a requirement will have additional time to develop and comply with an NRCS approved conservation plan for HEL. Section 2611(a)(2)(C) of the 2014 Farm Bill provides that persons who are subject to the HEL conservation requirements for the first time solely because of the linkage of conservation compliance to eligibility for Federal crop insurance premium subsidy will have 5 reinsurance years to develop and comply with a conservation plan approved by NRCS before they become ineligible for Federal crop insurance premium subsidies.

The beginning of the 5 reinsurance year period depends on whether a HEL determination was made on any of the land in the person's farming operation and whether administrative appeal rights have been exhausted for that determination. The 5 reinsurance year period begins:

- For persons who have no land with an NRCS HEL determination, the 5 reinsurance years begins the start of the reinsurance year (July 1) following the date NRCS makes a HEL determination and the person exhausts all their administrative appeals.
- For persons who have any land for which a NRCS HEL determination has been made and all administrative appeals have been exhausted, the 5 reinsurance years begins the start of the reinsurance year (July 1) following the date the person certifies compliance with FSA to be eligible for USDA benefits subject to the conservation compliance provisions.

Any affiliated person of a person requesting benefits that are subject to HEL and wetland conservation provisions must also be in compliance with those provisions. Such affiliated persons must also file a Form AD–1026 if the affiliated person has a separate farming interest. "Affiliated persons" include, with some exceptions, the spouse and minor child of the person;

the partnership, joint venture, or other enterprise in which the person, spouse, or minor child of the person has an ownership interest or financial interest; and a trust in which the individual, business enterprise, or any person, spouse, or minor child is a beneficiary or has a financial interest. In the case of a violation, the offending person and affiliated persons such as spouses and entities in which the offending person has an interest will lose benefits at all their farming operation locations, not just the locale of the violation.

In addition to the time lags and deadlines applicable to initial compliance with this new conservation compliance requirement, there are exemptions and reasonable timeframes to comply for later conservation compliance issues. The exemptions and timelines described below apply only to eligibility for Federal crop insurance premium subsidies, and not compliance requirements for other USDA programs. As specified in the 2014 Farm Bill and in this rule, ineligibility for Federal crop insurance premium subsidy because of a conservation compliance violation, whether associated with HEL or wetlands, will apply to reinsurance years after the date of a final determination of a violation, including all administrative appeals. Reinsurance years start on July 1 of any given year and end the following June 30. As an example, suppose that USDA determines that a violation occurred during the 2017 calendar year, and the determination is final, including all administrative appeals, on November 15, 2017, which is during the 2018 reinsurance year. The person will be ineligible for Federal crop insurance premium subsidy no earlier than the 2019 reinsurance year, which begins on July 1, 2018, and will remain ineligible until the violation is remedied. The person will remain eligible for a premium subsidy on any policies with a sales closing date before July 1, 2018.

In the case of wetland conservation requirements, as noted earlier, ineligibility for premium subsidy due to a violation of the wetland conservation provisions will be limited to wetland conservation violations that occur after February 7, 2014, and for which a final determination has been made and administrative appeals have been exhausted. The 2014 Farm Bill also provides a limited exemption for wetland conservation violations that occur after February 7, 2014, but before Federal crop insurance for an agricultural commodity becomes available to the person for the first time. This exemption provides up to 2 reinsurance years to mitigate such

conversions. This rule specifies that USDA will consider Federal crop insurance to be “available” to the person if in any county in which the person had any interest in any acreage there is an FCIC-approved policy or plan of insurance available on the county actuarial documents that provide insurance for the crop, or the person obtained a written agreement to insure the crop in any county.

A person that is subject to wetland conservation provisions for the first time as a result of the 2014 Farm Bill will have 2 reinsurance years after the reinsurance year in which the final determination of violation is made, including all administrative appeals, to initiate a mitigation plan to remedy or mitigate the violation before they become ineligible for Federal crop insurance premium subsidies.

Persons not subject to the wetland conservation provisions for the first time as a result of the 2014 Farm Bill will have 1 reinsurance year after the reinsurance year in which the final determination of violation is made, including all administrative appeals, to initiate a mitigation plan to remedy or mitigate the violation before they become ineligible for Federal crop insurance premium subsidies.

Persons determined ineligible for premium subsidy paid by FCIC for a reinsurance year will be ineligible for a premium subsidy on all their policies and plans of insurance, unless the specific exemptions apply.

The 2014 Farm Bill included tenant relief provisions applicable to the wetland conservation provisions, but only for Federal crop insurance premium subsidies. In addition, the 2014 Farm Bill amendments made the HEL tenant relief provisions applicable to eligibility for Federal crop insurance premium subsidies. In both cases, the tenant relief provisions provide that the Secretary may limit ineligibility only to the farm that is the basis for the ineligibility. Federal crop insurance policies under FCIA are constructed on the basis of persons, counties, and units, which may include multiple farms. Although the 2014 Farm Bill used the word “farm,” FCIC does not allow for differing terms of insurance on a “farm” basis, and therefore, does not provide premium subsidies on such basis. Therefore, with regard to Federal crop insurance premium subsidy, application of the tenant relief provisions will be achieved through a prorated reduction of premium subsidy on all of a person’s policies and plans of insurance. Specifically, a tenant’s or sharecropper’s premium subsidy on all policies and plans of insurance will be reduced, in

lieu of ineligibility for all premium subsidy, when the tenant or sharecropper made a good faith effort to comply with the conservation compliance provisions, the owner of the farm refuses to allow the tenant or sharecropper to comply with the provisions, FSA determines there is no scheme or device, and the tenant or sharecropper complies with the provisions that are under their control. The reduction in premium subsidy will be determined by comparing the total number of cropland acres on the farm on which the violation occurs to the total number of cropland acres on all farms in the nation in which the tenant or sharecropper has an interest. The farms and cropland acres used to determine the reduction percentage will be the farms and cropland acres of the tenant or sharecropper for the reinsurance year in which the tenant or sharecropper is determined ineligible. The percentage reduction will be applied to all policies and plans of insurance of the tenant or sharecropper in the reinsurance year subsequent to the reinsurance year in which the tenant or sharecropper is determined ineligible. A landlord’s premium subsidy on all policies and plans of insurance will be prorated in the same manner when the landlord is determined in violation because of the actions or inactions of their tenant or sharecropper.

Persons who were subject to HEL conservation requirements in the past because they participated in USDA programs, stopped participating in those programs before February 7, 2014, but would have been in violation of the HEL requirements had they continued participation in such programs after February 7, 2014, have 2 reinsurance years to develop and comply with a conservation plan approved by NRCS before they become ineligible for Federal crop insurance premium subsidies. The 2 reinsurance years begins the start of the reinsurance year (July 1) following the date the person certifies compliance with FSA to be eligible for USDA benefits subject to the conservation compliance provisions.

For some wetland conversions that impact less than 5 acres on the entire farm, a person may regain eligibility for Federal crop insurance premium subsidy by making a payment equal to 150 percent of the cost of mitigation of the converted wetland in lieu of restoring or mitigating the lost wetland functions and values. The applicability of this exemption is at the discretion and approval of NRCS and the funds will be deposited in an account to be used later for wetland restoration. This

exception is in lieu of the mitigation actions that a person would otherwise be required to conduct to restore the lost wetland functions and values of the converted wetland. While it provides flexibility to a person for how to remedy a small acreage violation, the text of the exception indicates that the intention of the 2014 Farm Bill is to limit the scope of its availability, specifying that it applies to any violation that “impacts less than 5 acres of the entire farm.” To ensure that this exception can be appropriately tracked and limit the potential for its abuse, the regulation specifies that a person is limited to only one exemption per farm. This is a discretionary change USDA is making to ensure the integrity of the intention that it impacts less than 5 acres of the entire farm and not just 5 acres per occurrence, which could add up to impacting much more than the intended 5 acres. Additionally, USDA clarifies in the regulation that the payment to the fund is not refundable, even if the person subsequently restores the wetland that had been converted. This exemption applies only to eligibility for Federal crop insurance premium subsidies.

For wetland conservation violations, if the person acted in good faith and without intent to commit the violation, FSA may waive the ineligibility provisions for 2 reinsurance years to allow the person to remedy or mitigate the converted wetland.

#### **What Federal Crop Insurance Participants Must Do To Remain Eligible for Premium Subsidies**

As required by section 2611 of the 2014 Farm Bill, all persons seeking eligibility for Federal crop insurance premium subsidy must have on file a certification of compliance (AD-1026) at the local FSA office.

For the 2016 and every subsequent reinsurance year, the deadline to file a Form AD-1026 is June 1 prior to the reinsurance year. Outreach and informational materials for the 2016 reinsurance year will include information on how to contact the local FSA office. Persons must have a Form AD-1026 on file with FSA on or before the June 1 prior to the beginning of a given reinsurance year (which begins on July 1). A person will have until the first applicable crop insurance sales closing date to provide the information for a Form AD-1026 if the person either is unable to file a Form AD-1026 by June 1 due to circumstances beyond the person’s control, or the person in good faith filed a Form AD-1026 and FSA subsequently determined that additional information is needed but the person is unable to comply by July 1 due to

circumstances beyond the person's control. A new AD-1026 only needs to be filed if a change in the farming operation has occurred that results in the previously filed AD-1026 being incorrect, or there has been a violation of the HEL or wetland conservation provisions negating the previously filed AD-1026.

On Form AD-1026, persons self-certify compliance with HEL and wetland conservation requirements. If the person indicates on the form that they have conducted an activity that might lead to a violation, such as creating new drainage systems, land leveling, filling, dredging, land clearing, excavation, or stump removal since 1985 on their land, they will be asked for additional information that will be forwarded to NRCS for evaluation. If NRCS fails to complete an evaluation of the person's Form AD-1026, or successor form in a timely manner after all documentation has been provided to NRCS, the person will not be ineligible for Federal crop insurance premium subsidies for a policy or plan of insurance for a violation that occurred prior to NRCS completing the evaluation.

Failure to timely file a Form AD-1026 will result in ineligibility for Federal crop insurance premium subsidies for the entire reinsurance year, unless the person can demonstrate they began farming for the first time after June 1 but prior to the beginning of the reinsurance year. For example, a person who started farming for the first time on June 15, 2015, will be eligible for Federal crop insurance premium subsidies for the 2016 reinsurance year without a Form AD-1026 on file with FSA. However, in that case, the person must file Form AD-1026 with FSA on or before June 1, 2016 to be eligible for premium subsidy for the 2017 reinsurance year.

Failure to notify USDA and revise the Form AD-1026 when required may result in assessment of a monetary penalty, as determined by NRCS, but the penalty will never exceed the total amount of Federal crop insurance premium subsidy paid by FCIC for the person on all policies and plans of insurance for all years the person is determined to have been in violation. The monetary penalty is assessed for wetland conservation compliance only.

USDA Service Centers will provide additional information and assistance to persons in meeting compliance requirements. USDA will determine a person's eligibility for premium subsidy paid by FCIC at a time that is as close to the beginning of the next reinsurance year (July 1) as practical. The determination will be based on FSA and

NRCS determinations regarding conservation compliance. For example, a person who has a determination of ineligibility that is final on June 1, 2015, (2015 reinsurance year) will, unless otherwise exempted, be ineligible for premium subsidy effective July 1, 2015, the start of the 2016 reinsurance year, and will not be eligible for any premium subsidy for any policies or plans of insurance during the 2016 reinsurance year. Even if the person becomes compliant during the 2016 reinsurance year, the person will not be eligible for premium subsidy until the 2017 reinsurance year, starting on July 1, 2016.

For acts or situations of non-compliance or failure to certify compliance according to this part, ineligibility for Federal crop insurance premium subsidies will be applied beginning with the 2016 reinsurance year for any Federally reinsured policy or plan of insurance with a sales closing date on or after July 1, 2015.

#### **Changes to Mitigation Bank Program Required by the 2014 Farm Bill**

The rule also implements section 2609 of the 2014 Farm Bill, which amends provisions related to wetland mitigation banking. Wetland mitigation banking is a form of environmental market trading where wetlands are created, enhanced, or restored to create marketable wetland credits (acres and functions). The 1985 Farm Bill, the Clean Water Act, and some State wetland laws specify that negative impacts to existing wetlands can be mitigated by providing restored, enhanced, or created wetlands as compensation for the losses. The replacement of impacted wetlands with new wetlands is called wetland mitigation. Wetland mitigation banking is a type of wetland mitigation where wetlands are created, enhanced, or restored prior to impacts and the wetlands are sold to those required to compensate for the impacts. These credits are sold to others as compensation for unavoidable wetland impacts. For more information on the existing wetlands mitigation banking program, see <http://www.nrcs.usda.gov/wps/portal/nrcs/main/national/water/wetlands/wmb/>.

As specified in the current regulations, persons may maintain their payment eligibility for most USDA benefits if the wetland values, acreage, and functions of any wetland conversion activity are adequately mitigated, as determined by NRCS, through the restoration of a converted wetland, the enhancement of an existing wetland, or the creation of a new

wetland. However, agricultural mitigation options are limited, and, to date, mitigation banks are not abundant nor are they readily accessible. Section 2609 of the 2014 Farm Bill provides \$10 million of the USDA's Commodity Credit Corporation funds to operate a mitigation banking program and allows USDA to have third parties hold the wetland mitigation easements, rather than USDA itself.

NRCS is modifying the mitigation bank provisions in this rule to clarify who may hold title to wetland mitigation easements under the wetland conservation provisions. The existing regulations require that the person grant an easement to USDA to protect the wetland that is providing the mitigation of wetland functions and benefits. Section 2609 of the 2014 Farm Bill specifies that USDA is no longer required to hold the easements in a mitigation bank. Therefore, this rule amends 7 CFR 12.5 to authorize other qualifying entities, which are recognized by USDA, to hold mitigation banking easements granted by a person who wishes to maintain payment eligibility under the wetland conservation provision, and remove the requirement that an easement be granted to USDA for mitigation sites when part of a mitigation banking program that is operated by USDA.

To encourage the development of mitigation banks, USDA will implement a prioritized and competitive mitigation banking program through an Announcement of Program Funding that focuses on agricultural wetlands. Application selection criteria will emphasize areas with the greatest opportunities for using wetland banking mitigation for agricultural purposes.

#### **General Provisions and Technical Clarifications**

This rule updates the general applicability section by removing unneeded references. Regulation changes in this rule do not affect past obligations and liabilities. Reference to certain former territories of the United States are removed because they were covered by 1985 Farm Bill provisions as trust territories only and no longer have that status.

This rule also makes a minor revision to the ineligibility determination for wetland conservation violations to make the regulation consistent with the statutory requirement; the change is to clarify the limited circumstances for which partial ineligibility may apply instead of complete ineligibility. Section 1221(b) of the 1985 Farm Bill (16 U.S.C. 3821) allows the Secretary to determine whether all or a part of a person's

benefits will be lost because of violations for producing an agricultural commodity on a converted wetland. There are two types of wetland conservation violations in 16 U.S.C. 3821 that may result in ineligibility for some or all of a person's benefits; those violations are production on converted wetland (16 U.S.C. 3821(a)) and wetland conversion (16 U.S.C. 3821(d)) for the purpose of agricultural production. The consequences for the two types of wetland conservation violations are not the same. For production on converted wetland, 16 U.S.C. 3821(a)(2) specifies that the person's ineligibility is to be in an amount determined by the Secretary to be proportionate to the severity of the violation and 16 U.S.C. 3821(b) further specifies that if a person is determined to have produced an agricultural commodity on converted wetland, the Secretary determines which of, and the amount of, benefits for which the person will be ineligible due to that violation. For a wetland conversion violation, 16 U.S.C. 3821(d) provides that if a person converts a wetland making the production of an agricultural commodity possible on such converted wetland, the person will be ineligible for benefits for that crop year and all subsequent crop years. There is no authority under 16 U.S.C. 3821 for the Secretary to make a determination of only partial ineligibility for a wetland conversion violation, or allow a reduction in benefits proportionate to the severity of the violation or a limited reduction to certain benefits or amounts instead of complete ineligibility. Unless an exemption applies, a wetland conversion violation results in ineligibility for all benefits for the year of violation and all subsequent years. In the past, the text in § 12.4(c) has been used by persons who have been determined to have converted a wetland to argue that the Secretary has discretion to partially reduce ineligibility for a wetland conversion in the same manner allowed by 16 U.S.C. 3821 for a violation of production on converted wetland. There is no such discretion authorized under 16 U.S.C. 3821 for a wetland conversion; therefore, the reference to a potential reduction in ineligibility for wetland conversion is being removed by this rule. The specific change is to remove the reference to paragraph (a)(3) for the potential ineligibility reduction.

A section with obsolete information on information collection requirements is removed.

#### Notice and Comment

In general, the Administrative Procedure Act (5 U.S.C. 553) requires

that a notice of proposed rulemaking be published in the **Federal Register** and interested persons be given an opportunity to participate in the rulemaking through submission of written data, views, or arguments with or without opportunity for oral presentation, except when the rule involves a matter relating to public property, loans, grants, benefits, or contracts. Section 2608 of the 2014 Farm Bill requires that the programs of Title II be implemented by interim rules effective on publication with an opportunity for notice and comment.

#### Comments Requested

The primary purpose of this rule is to revise USDA conservation compliance regulations to incorporate the 2014 Farm Bill provisions that make persons receiving Federal crop insurance premium subsidies subject to conservation compliance requirements. As noted above, FCIC published an interim rule on July 1, 2014, that amended Federal crop insurance regulations to implement this provision from section 2611 of the 2014 Farm Bill. This rule is making conforming changes to the general USDA regulations in 7 CFR part 12 that apply to programs from multiple USDA agencies.

The amendments made by section 2611 of the 2014 Farm Bill, and included in this rule, extend the existing conservation compliance requirements to apply to FCIC premium subsidy recipients. Section 2611 does not include any changes to the existing requirements for conservation compliance (often referred to as "Sodbuster" and "Swampbuster") specified in the 1985 Farm Bill and in 16 U.S.C. 3801–3824, the definition of HEL, the Wetland Conservation Program, or other conservation programs. However, in the context of making the regulatory changes required by section 2611, we are requesting comments on specific changes USDA could consider making.

For example, all persons who produce agricultural commodities are required to protect all cropland classified as HEL from excessive erosion as a condition of eligibility for USDA programs. On lands which have a cropping history prior to December 23, 1985, compliance conservation systems must result in a "substantial reduction" in soil erosion. On lands converted to crop production after December 23, 1985, compliance conservation systems must result in "no substantial increase" in soil erosion. USDA has a goal of working with farmers to help them stay in compliance or bring them into compliance through progressive planning and

implementation. We welcome comments on what additional steps USDA could take to achieve these goals. Agricultural production techniques have changed significantly since the passage of the 1985 Farm Bill. While conservation systems provide a substantial reduction in soil erosion, are there additional conservation activities that USDA could consider to ensure that agricultural production and soil erosion reduction goals from HEL soils are met?

As another example, since December 23, 1985, the "Swampbuster" provision helps preserve the environmental functions and values of wetlands, including flood control, sediment control, groundwater recharge, water quality, wildlife habitat, recreation, and esthetics. Agricultural production techniques have changed significantly since the passage of the 1985 Farm Bill. Are there additional steps USDA should consider to ensure these benefits for wetlands are retained?

In your comments, please suggest specific alternatives and provide data, if available, for the suggestion as it relates to the goals of conservation compliance. Specifically, USDA requests comments on the following questions:

- What information could USDA collect to simplify the conservation compliance process, expedite determinations, and allow the USDA to identify more complex determination requests to evaluate first?
- What information could USDA reasonably collect that would provide more information on derived conservation benefits from conservation compliance activities? What would be the burden of collecting that information?
- With the addition of new persons being subject to conservation compliance requirements, how should USDA prioritize the evaluation of the submitted Form AD-1026 information?

USDA is also requesting comments on conservation compliance for the retrospective review of regulations initiative. In accordance with Executive Order 13563, "Improving Regulation and Regulatory Review," and Executive Order 13610, "Identifying and Reducing Regulatory Burdens," USDA continues to review its existing regulations as well as its methods for gathering information. This evaluation helps USDA to measure its effectiveness in implementing its regulations. The review will continue to focus on:

- Identifying whether information technology can be used to replace paper submissions with electronic submissions;
- Streamlining or redesigning existing information collecting methods in order

to reduce any burdens on the public for participating in and complying with USDA programs;

- Reducing duplication through increased data sharing and harmonizing programs that have similar regulatory requirements; and
- Providing increased regulatory flexibility to achieve desired program outcomes and save money.

Please provide information on these issues in your comment as specified in the **ADDRESSES** section. Specific comments addressing the issues raised above are most helpful; all comments are welcome. Proposals for alternatives should address data sources, costs, and the provisions of the 2014 Farm Bill that support the alternative. The following suggestions may be helpful for preparing your comments:

- Explain your views as clearly as possible.
- Describe any assumptions that you used.
- Provide any technical information and data on which you based your views.
- Provide specific examples to illustrate your points.
- Offer specific alternatives to the current regulations or policies and indicate the source of necessary data, the estimated cost of obtaining the data, and how the data can be verified.
- Submit your comments to be received by FSA by the comment period deadline.

#### Effective Date

The Administrative Procedure Act (5 U.S.C. 553) provides generally that before rules are issued by Government agencies, the rule is required to be published in the **Federal Register**, and the required publication of a substantive rule is to be not less than 30 days before its effective date. However, Section 2608 of the 2014 Farm Bill provides that this interim rule be effective on publication.

#### Executive Orders 12866 and 13563

Executive Order 12866 “Regulatory Planning and Review,” and Executive Order 13563, “Improving Regulation and Regulatory Review,” direct agencies to assess all costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety effects, distributive impacts and equity). Executive Order 13563 emphasized the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility.

The Office of Management and Budget (OMB) designated this rule as significant under Executive Order 12866, “Regulatory Planning and Review,” and, therefore, OMB has reviewed this rule. A summary of the cost-benefit analysis of this rule is provided below and the full cost benefit analysis is available on regulations.gov.

#### Cost Benefit Analysis Summary

Estimated costs to persons and the government through 2020 are expected to be between \$55 million and \$86.5 million for the conservation compliance requirements and \$10 million for the wetlands mitigation banking that reflects new authority to operate or work with third parties to operate a wetland mitigation banking program. These are the total costs, not annual costs. While the \$10 million may increase wetland mitigation bank activity, the negligible amount in the agricultural context to date makes it impossible to estimate the impact this will have on conservation compliance costs.

Implementing the 2014 Farm Bill provisions for conservation compliance is expected to result in benefits of extending HEL and wetland conservation provisions to up to 1.5 million acres of HEL and 1.1 million acres of wetlands, which could reduce soil erosion, enhance water quality, and create wildlife habitat.

For the conservation compliance requirements, given that most persons who have Federal crop insurance are already subject to conservation compliance due to participation in other USDA programs, the benefits as a whole are expected to extend HEL and wetland conservation provisions to up to 1.5 million acres of HEL and 1.1 million acres of wetlands and could reduce soil erosion, enhance water quality, and create wildlife habitat. Ecological benefits could be measurable on individual properties if those properties were not previously subject to conservation compliance and were not in compliance, which is not expected to be common. We estimate that between 16,000 and 25,000 persons or entities will be impacted by the expanded requirements, and that slightly less than a third of those producers will need a conservation plan.

The conservation compliance provisions have been in place since 1985, and the interim rule will not impose any new compliance costs on persons that were already in compliance. There will be increased training and staffing costs associated with ensuring that NRCS staff conduct HEL and wetland determinations

correctly for persons who receive subsidy premiums for Federal crop insurance. Government costs for making wetlands and HEL determinations, developing conservation plans for producers, providing technical assistance, and providing financial assistance with implementation costs for conservation practices, are expected to total between \$19.7 million and \$30.9 million between 2015 and 2020. Producers’ costs for implementing conservation practices to achieve compliance are estimated at between \$35.3 million and \$55.5 million between 2015 and 2020, for a one-time overall cost to the government and to producers combined of \$55 million to \$86.5 million.

#### Regulatory Flexibility Act

The Regulatory Flexibility Act (5 U.S.C. 601–612), as amended by the Small Business Regulatory Enforcement Fairness Act of 1996 (SBREFA), generally requires an agency to prepare a regulatory flexibility analysis of any rule whenever an agency is required by the Administrative Procedure Act or any other law to publish a proposed rule, unless the agency certifies that the rule will not have a significant economic impact on a substantial number of small entities. All conservation compliance eligibility requirements are the same for all persons regardless of the size of their farming operation. This rule is not subject to the Regulatory Flexibility Act because the Secretary of Agriculture and FSA are not required by any law to publish a proposed rule for this rulemaking initiative.

#### National Environmental Policy Act (NEPA)

The environmental impacts of this rule have been considered in a manner consistent with the provisions of NEPA (42 U.S.C. 4321–4347), the regulations of the Council on Environmental Quality (40 CFR parts 1500–1508), and FSA regulations for compliance with NEPA (7 CFR part 799). The 2014 Farm Bill mandates the expansion of current conservation compliance requirements to apply to persons who obtain subsidized Federal crop insurance under FCIA and it slightly modifies the existing wetlands “Mitigation Banking” program to remove the requirement that USDA hold easements in the mitigation program. These are mandatory provisions and USDA does not have discretion over whether or not they are implemented. We have determined that the limited discretion in the way in which the mandatory provisions can be implemented are administrative clarifications of aspects that were not

defined in the mandatory provisions; therefore, they are not subject to review under NEPA. As such, USDA will not prepare an environmental assessment or environmental impact statement for this regulatory action.

#### Executive Order 12372

Executive Order 12372, “Intergovernmental Review of Federal Programs,” requires consultation with State and local officials. The objectives of the Executive Order are to foster an intergovernmental partnership and a strengthened Federalism, by relying on State and local processes for State and local government coordination and review of proposed Federal Financial assistance and direct Federal development. This program is not subject to Executive Order 12372, which requires consultation with State and local officials. See the notice related to 7 CFR part 3015, subpart V, published in the **Federal Register** on June 24, 1983 (48 FR 29115).

#### Executive Order 12988

This rule has been reviewed under Executive Order 12988, Civil Justice Reform. This rule will not preempt State or local laws, regulations, or policies unless they present an irreconcilable conflict with this rule. The rule has retroactive effect in that the provisions in this rule apply to all actions taken after February 7, 2014, (the date of enactment of the 2014 Farm Bill) by USDA program participants. Before any judicial action may be brought regarding the provisions of this rule, appeal provisions of 7 CFR parts 11, 614, and 780 must be exhausted.

#### Executive Order 13132

This rule has been reviewed under Executive Order 13132, “Federalism.” The policies contained in this rule do not have any substantial direct effect on States, on the relationship between the Federal government and the States, or on the distribution of power and responsibilities among the various levels of government. Nor does this rule impose substantial direct compliance costs on State and local governments. Therefore, consultation with the States is not required.

#### Executive Order 13175

This rule has been reviewed in accordance with Executive Order 13175, “Consultation and Coordination with Indian Tribal Governments.” Executive Order 13175 requires Federal agencies to consult and coordinate with tribes on a government-to-government basis on policies that have tribal implications, including regulations, legislative

comments or proposed legislation, and other policy statements or actions that have substantial direct effects on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

USDA has assessed the impact of this rule on Indian tribes and determined that this rule does not, to our knowledge, have tribal implications that require tribal consultation under Executive Order 13175. If a Tribe requests consultation, FSA, NRCS, or RMA will work with the USDA Office of Tribal Relations to ensure meaningful consultation is provided where changes, additions, and modifications identified in this rule are not expressly mandated by the 2014 Farm Bill.

#### The Unfunded Mandates Reform Act of 1995

Title II of the Unfunded Mandates Reform Act of 1995 (UMRA, Pub. L. 104–4) requires Federal agencies to assess the effects of their regulatory actions on State, local, and Tribal governments, or the private sector. Agencies generally need to prepare a written statement, including a cost benefit analysis, for proposed and final rules with Federal mandates that may result in expenditures of \$100 million or more in any year for State, local, or Tribal governments, in the aggregate, or to the private sector. UMRA generally requires agencies to consider alternatives and adopt the more cost effective or least burdensome alternative that achieves the objectives of the rule. This rule contains no Federal mandates under the regulatory provisions of Title II of the Unfunded Mandates Reform Act of 1995 (UMRA, Pub. L. 104–4). In addition, the Secretary of Agriculture is not required to publish a notice of proposed rulemaking for this rule. Therefore, this rule is not subject to the requirements of sections 202 and 205 of UMRA.

#### Federal Assistance Programs

This rule has a potential impact on participants for many programs listed in the Catalog of Federal Domestic Assistance in the Agency Program Index under the Department of Agriculture.

#### Paperwork Reduction Act

Section 2608 of the 2014 Farm Bill provides that regulations issued under Title II—Conservation are exempt from the requirements of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

#### E-Government Act Compliance

USDA is committed to complying with the E-Government Act, to promote the use of the Internet and other information technologies to provide increased opportunities for citizen access to Government information and services, and for other purposes.

#### List of Subjects in 7 CFR Part 12

Administrative practice and procedure, Coastal zone, Crop insurance, Flood plains, Loan programs—agriculture, Price support programs, Reporting and recordkeeping requirements, Soil conservation.

For the reasons explained above, USDA amends 7 CFR part 12 as follows:

#### PART 12—HIGHLY ERODIBLE LAND CONSERVATION AND WETLAND CONSERVATION

■ 1. The authority citation for 7 CFR part 12 is revised to read as follows:

**Authority:** 16 U.S.C. 3801, 3811–12, 3812a, 3813–3814, and 3821–3824.

■ 2. Revise the heading for part 12 to read as set forth above.

■ 3. In § 12.2(a) add definitions, in alphabetical order, for “Approved insurance provider,” “FCIC,” “Reinsurance year,” and “RMA” to read as follows:

#### § 12.2 Definitions.

(a) \* \* \*

*Approved insurance provider* means a private insurance company that has been approved and reinsured by FCIC to provide insurance coverage to persons participating in programs authorized by the Federal Crop Insurance Act, as amended (7 U.S.C. 1501–1524).

\* \* \* \* \*

*FCIC* means the Federal Crop Insurance Corporation, a wholly owned corporation within USDA whose programs are administered by RMA.

\* \* \* \* \*

*Reinsurance year* means a 1-year period beginning July 1 and ending on June 30 of the following year, identified by reference to the year containing June.

\* \* \* \* \*

*RMA* means the Risk Management Agency, an agency within USDA that administers the programs of the FCIC through which Federally reinsured crop insurance is provided to American farmers and ranchers.

\* \* \* \* \*

■ 4. Revise § 12.3 to read as follows:

#### § 12.3 Applicability.

(a) The provisions of this part apply to all land, including Indian tribal land,

in the 50 States, the District of Columbia, the Commonwealth of Puerto Rico, Guam, the Virgin Islands of the United States, American Samoa, and the Commonwealth of the Northern Mariana Islands.

(b) The rules in this part are applicable to all current and future determinations on matters within the scope of this part. Nothing in these rules relieves any person of any liability under previous versions of these rules.

(c) Notwithstanding paragraph (b) of this section, for the purpose of eligibility for Federal crop insurance premium subsidy for a policy or plan of insurance under the Federal Crop Insurance Act (7 U.S.C. 1501–1524), the provisions of this part apply to final HEL and wetland conservation determinations, including all administrative appeals, after February 7, 2014, on matters within the scope of this part.

(1) For acts or situations of non-compliance or failure to certify compliance according to this part, ineligibility for Federal crop insurance premium subsidies will be applied beginning with the 2016 reinsurance year for any Federally reinsured policy or plan of insurance with a sales closing date on or after July 1, 2015.

(2) [Reserved]

■ 5. Amend § 12.4 as follows:

■ a. In paragraph (a), introductory text, remove the cross reference “in § 12.5” and add the cross reference “in §§ 12.5 or 12.13” in its place;

■ b. In paragraph (a)(2), remove the words “on wetland” and add the words “on a wetland” in their place;

■ c. In paragraph (c):

■ i. At the beginning of the first and second sentences, remove the words “A person” and add the words “Except as provided in § 12.13, a person” in their place;

■ ii. In the first and second sentences, remove the words “shall be” and replace them with the word “is”;

■ iii. In the third sentence, remove the cross reference “or (a)(3)”;

■ iv. In the fourth sentence, remove the words “shall be considered to” and replace it with the word “will be considered in”;

■ d. Revise paragraph (d)(1);

■ e. In paragraph (d)(5), remove the period at its end and add the word and punctuation “and;” in its place;

■ f. Add paragraph (d)(6); and

■ g. Remove paragraph (f) and redesignate paragraphs (g) and (h) as paragraphs (f) and (g), respectively.

The revisions and addition read as follows:

§ 12.4 Determination of ineligibility.

\* \* \* \* \*

(d) \* \* \*

(1) Contract payments, marketing assistance loans, and any type of price support or payment made available under the Agricultural Act of 2014, the Commodity Credit Corporation Charter Act (15 U.S.C. 714b and 714c), or successor Acts.

\* \* \* \* \*

(6) Federal crop insurance premium subsidies for a policy or plan of insurance offered under the Federal Crop Insurance Act (7 U.S.C. 1501–1524).

\* \* \* \* \*

§ 12.5 [Amended]

■ 6. Amend § 12.5 as follows:

■ a. In paragraph (b)(4)(i)(C), remove the word “pilot”; and

■ b. In paragraph (b)(4)(i)(E), add the words and punctuation “or in the case of a mitigation bank operated under a USDA program, an entity approved by USDA,” immediately after the word “USDA”.

■ 7. Amend § 12.6 as follows:

■ a. Revise paragraph (a);

■ b. In paragraph (b)(3)(x), add the words “plan or” immediately before the word “system”;

■ c. In paragraph (c)(1), remove the words “Deputy Chief for Natural Resources Conservation Programs” and add the words “Associate Chief for Conservation” in their place;

■ d. In paragraph (c)(2)(iii)(B), remove the word “By”;

■ e. Add paragraphs (c)(10), (f), and (g).

The revision and additions read as follows:

§ 12.6 Administration.

(a) General. In general determinations will be made as follows:

(1) Except as provided in paragraph (a)(2) of this section, a determination of ineligibility for benefits in accordance with the provisions of this part will be made by the agency of USDA to which the person has applied for benefits. All determinations required to be made under the provisions of this part will be made by the agency responsible for making such determinations, as provided in this section.

(2) Eligibility for Federal crop insurance premium subsidies will be based on final determinations, including all administrative appeals, made by NRCS and FSA. Neither RMA, FCIC, approved insurance providers, or any employee, agent, or contractors thereof, will make any determination regarding compliance with the highly erodible land or wetland provisions of this part, unless specifically provided for in § 12.13.

\* \* \* \* \*

(c) \* \* \*

(10) NRCS will operate a program or work with third parties to establish mitigation banks to assist persons in complying with §§ 12.4(c) and 12.5(b)(4). Persons will be able to access mitigation banks established or approved through this program without requiring the Secretary to hold an easement in a mitigation bank.

\* \* \* \* \*

(f) Administration by RMA. The provisions of this part that are applicable to RMA will be administered under the general supervision of the Administrator, RMA.

(1) Eligibility for Federal crop insurance premium subsidies will be based on the person’s:

(i) Accurate and timely filing of a certification of compliance (Form AD–1026 or successor form) with the conservation compliance provisions; and

(ii) Compliance with the conservation compliance provisions.

(2) Ineligibility for Federal crop insurance premium subsidies due to violations of the conservation compliance provisions will be based on final determinations, including all administrative appeals, made by NRCS and FSA as provided in this part.

(3) Neither RMA nor FCIC will make any determination of eligibility regarding compliance with the highly erodible land or wetland provisions in this part, unless specifically provided for in § 12.13.

(4) RMA will provide the applicable information regarding determinations made by NRCS and FSA to the appropriate approved insurance providers to ensure those determinations affecting Federal crop insurance premium subsidy eligibility are implemented according to this part.

(g) Approved insurance providers. No approved insurance provider or any employee, agent, or contractor of an approved insurance provider will:

(1) Make any determination of eligibility regarding compliance with the highly erodible land or wetland provisions of this part; or

(2) Be responsible or liable for a person’s eligibility for Federal crop insurance premium subsidy under this part, except in cases of fraud, misrepresentation, or scheme and device by the approved insurance provider or any employee, agent, or contractor thereof.

■ 8. Amend § 12.7 as follows:

■ a. In paragraph (a)(2), remove the cross reference “under § 12.5” and add the cross reference “under §§ 12.5 or 12.13” in its place; and

- b. Add paragraph (d).  
The revision reads as follows:

**§ 12.7 Certification of compliance.**

\* \* \* \* \*

(d) *Timely filing.* In order for a person to be determined eligible for Federal crop insurance premium subsidies for a policy or plan of insurance under the Federal Crop Insurance Act (7 U.S.C. 1501–1524), the person must have Form AD–1026 or successor form on file with FSA, as specified in § 12.13.

- 9. Amend § 12.9 as follows:

- a. Revise paragraphs (a) and (b)(1);

- b. Redesignate paragraph (b)(2) as paragraph (b)(3);

- c. Add paragraph (b)(2);

- d. In newly redesignated paragraph (b)(3), remove the word “renter” both times it appears, and add the word “sharecropper” in its place.

The revisions and addition read as follows:

**§ 12.9 Landlords and tenants.**

(a) *Landlord eligibility.* Landlord eligibility will include the following:

(1) Except as provided in paragraph (a)(2) of this section, the ineligibility of a tenant or sharecropper for:

(i) Program benefits (as specified in § 12.4) except as provided in paragraph (a)(1)(ii) of this section will not cause a landlord to be ineligible for USDA program benefits accruing with respect to land other than those in which the tenant or sharecropper has an interest; and

(ii) Federal crop insurance premium subsidies for a policy or plan of insurance under the Federal Crop Insurance Act (7 U.S.C. 1501–1524) will, in lieu of ineligibility for premium subsidy, result in a reduction in the amount of premium subsidy paid by FCIC on all policies and plans of insurance for the landlord.

(A) The percentage reduction will be determined by comparing the total number of cropland acres on the farm on which the violation occurred to the total number of cropland acres on all farms in which landlord has an interest, as determined by FSA.

(B) The farms and cropland acres used to determine the premium subsidy reduction percentage will be the farms and cropland acres of the landlord for the reinsurance year in which the tenant or sharecropper is determined ineligible.

(C) The percentage reduction will be applied to all policies and plans of insurance of the landlord in the reinsurance year subsequent to the reinsurance year in which the tenant or sharecropper is determined ineligible.

(D) If the landlord and tenant or sharecropper are insured under the

same policy, the landlord will be ineligible for premium subsidy on that policy in lieu of a percentage reduction on that policy.

(2) If the production of an agricultural commodity on highly erodible land or converted wetland by the landlord’s tenant or sharecropper is required under the terms and conditions of the agreement between the landlord and such tenant or sharecropper and such agreement was entered into after December 23, 1985, or if the landlord has acquiesced in such activities by the tenant or sharecropper:

(i) The provisions of paragraph (a)(1)(i) of this section will not be applicable to a landlord; and

(ii) A landlord will be ineligible for premium subsidy on all policies and plans of insurance in the reinsurance year subsequent to the reinsurance year in which the tenant or sharecropper is determined ineligible.

(b) *Tenant or sharecropper eligibility.* Tenant or sharecropper eligibility will include the following:

(1) If all of the requirements in paragraph (b)(2) of this section are met:

(i) The ineligibility of a tenant or sharecropper, except as provided in paragraph (b)(1)(ii) of this section, may be limited to the program benefits listed in § 12.4(b) accruing with respect to only the farm on which the violation occurred; and

(ii) In lieu of ineligibility for Federal crop insurance premium subsidies for all policies or plans of insurance under the Federal Crop Insurance Act (7 U.S.C. 1501–1524), the premium subsidy on all policies and plans of insurance of the ineligible tenant or sharecropper will be reduced.

(A) The percentage reduction will be determined by comparing the total number of cropland acres on the farm on which the violation occurred to the total number of cropland acres on all farms in which tenant or sharecropper has an interest, as determined by FSA.

(B) The farms and cropland acres used to determine the premium subsidy reduction percentage will be the farms and cropland acres of the tenant or sharecropper for the reinsurance year in which the tenant or sharecropper is determined ineligible.

(C) The percentage reduction will be applied to all policies and plans of insurance of the tenant or sharecropper in the reinsurance year subsequent to the reinsurance year in which the tenant or sharecropper is determined ineligible.

(D) If the landlord and tenant or sharecropper are insured under the same policy, the tenant or sharecropper will be ineligible for premium subsidy

on that policy in lieu of a percentage reduction on that policy.

(2) The provisions of paragraph (b)(1) of this section will not apply unless all the following are met:

(i) The tenant or sharecropper shows that a good-faith effort was made to comply by developing an approved conservation plan for the highly erodible land in a timely manner and prior to any violation of the provisions of this part;

(ii) The owner of such farm refuses to apply such a plan and prevents the tenant or sharecropper from implementing certain practices that are a part of the approved conservation plan; and

(iii) FSA determines that the lack of compliance is not a part of a scheme or device as described in § 12.10.

\* \* \* \* \*

- 10. Add § 12.13 to read as follows:

**§ 12.13 Special Federal crop insurance premium subsidy provisions.**

(a) *General.* The provisions and exemptions in this section are only applicable to Federal crop insurance premium subsidies for a policy or plan of insurance under the Federal Crop Insurance Act (7 U.S.C. 1501–1524). The exemptions in this section are in addition to any that apply under § 12.5. Any conflict between this section and another will be resolved by applying this section, but only for Federal crop insurance premium subsidies. Any exemptions or relief under this section apply to Federal crop insurance premium subsidies and do not apply to other benefits even for the same person for the same crop year or reinsurance year. Unless otherwise specified in this section, the provisions in this section apply to both highly erodible land and wetlands.

(b) *Ineligibility for failing to certify compliance.* Subject to paragraphs (b)(2) and (3) of this section, failing to certify compliance as specified in § 12.7 will result in ineligibility as follows:

(1) A Form AD–1026, or successor form, for the person must be on file with FSA on or before June 1 prior to the beginning of the reinsurance year (July 1) in order for the person to be eligible for any Federal crop insurance premium subsidies for the reinsurance year. Failure to file Form AD–1026, or successor form, with FSA on or before June 1 prior to the beginning of the reinsurance year (July 1) will result in ineligibility for premium subsidies for the entirety of that reinsurance year.

(2) A person will have until the first applicable crop insurance sales closing date to provide information necessary

for the person's filing of a Form AD-1026 if the person:

(i) Is unable to file a Form AD-1026 by June 1 due to circumstances beyond the person's control, as determined by FSA; or

(ii) Files a Form AD-1026 by June 1 in good faith and FSA subsequently determines that additional information is needed, but the person is unable to comply by July 1 due to circumstances beyond the control of the person.

(3) A person who does not have Form AD-1026, or successor form, on file with FSA on or before June 1 prior to the beginning of the reinsurance year may be eligible for Federal crop insurance premium subsidy for the subsequent reinsurance year if the person can demonstrate they began farming for the first time after June 1 but prior to the beginning of the reinsurance year (July 1). For example, a person who started farming for the first time on June 15, 2015, will be eligible for Federal crop insurance premium subsidies for the 2016 reinsurance year without a Form AD-1026 on file with FSA. However, in that case, the person must file Form AD-1026 with FSA on or before June 1, 2016 to be eligible for premium subsidy for the 2017 reinsurance year.

(c) *Ineligibility for violations.* If a person is ineligible due to a violation of the provisions of this part, the timing and results will be as follows:

(1) Unless an exemption in this section or § 12.5 applies, ineligibility for Federal crop insurance premium subsidy for a policy or plan of insurance under the Federal Crop Insurance Act (7 U.S.C. 1501-1524) due to a violation of the provisions of this part will:

(i) Not apply to the reinsurance year in which the violation occurred or any reinsurance year prior to the date of the final determination of a violation, including all administrative appeals of the determination, as determined by NRCS or FSA as applicable; and

(ii) Only apply to reinsurance years subsequent to the date of a final determination of a violation, including all administrative appeals of the determination, as determined by NRCS or FSA as applicable. A person who is in violation of the provisions of this part, as determined by FSA or NRCS, in a reinsurance year, will, unless otherwise exempted, be ineligible for any Federal crop insurance premium subsidy beginning with the subsequent reinsurance year. For example, a person who is determined to be in violation of the provisions of this part and has exhausted all administrative appeals on June 1, 2015, (2015 reinsurance year) will, unless otherwise exempted, be

ineligible for Federal crop insurance premium subsidy effective July 1, 2015, the start of the 2016 reinsurance year, and will not be eligible for any Federal crop insurance premium subsidy for any policy or plan of insurance during the 2016 reinsurance year. Even if the person becomes compliant during the 2016 reinsurance year, the person will not be eligible for Federal crop insurance premium subsidy until the 2017 reinsurance year starting on July 1, 2016.

(2) Eligibility for Federal crop insurance premium subsidy for a policy or plan of insurance under the Federal Crop Insurance Act (7 U.S.C. 1501-1524) due to a violation of the provisions of this part will be based on FSA and NRCS final determinations, including all administrative appeals, regarding compliance with the provisions of this part.

(3) The amount of premium subsidy for an insured person will be reduced when any person with a substantial beneficial interest in the insured person is ineligible for premium subsidy under this part. The amount of reduction will be commensurate with the ineligible person's substantial beneficial interest in the insured person. The ineligible person's substantial beneficial interest in the insured person will be determined according to the policy provisions of the insured person.

(4) Administrative appeals include appeals made in accordance with § 12.12 and part 11 of this title, but do not include any judicial review or appeal, or any other legal action.

(d) *Exemption to develop and comply with an approved HEL conservation plan.* The following exemptions provide a delay in the requirement to develop and comply with an NRCS approved HEL conservation plan for certain persons.

(1) Persons subject to the provisions of this part regarding highly erodible land, specifically those related to section 1211(a) of the Food Security Act of 1985, as amended, for the first time solely due to amendments to that section by section 2611(a) of the Agricultural Act of 2014 (16 U.S.C. 3811(a)(1)), will have 5 reinsurance years after the date the person is determined to have HEL and has exhausted all administrative appeals, if applicable, to develop and comply with a conservation plan approved by NRCS before being ineligible for Federal crop insurance premium subsidies. The additional time to develop and comply with a conservation plan approved by NRCS applies only to persons who have not previously been subject to the highly erodible land conservation

provisions of this part. The additional time provided in this paragraph does not apply to any person who had any interest in any land or crop, including an affiliated person, that was subject to the provisions of this part before February 7, 2014. The 5 reinsurance years to develop and comply with a conservation plan approved by NRCS starts:

(i) For persons who have no land with an NRCS HEL determination, the 5 reinsurance years begins the start of the reinsurance year (July 1) following the date NRCS makes a HEL determination and the person exhausts all their administrative appeals; or

(ii) For persons who have any land for which an NRCS HEL determination has been made and all administrative appeals have been exhausted, the 5 reinsurance years begins the start of the reinsurance year (July 1) following the date the person certifies compliance with FSA to be eligible for USDA benefits subject to the conservation compliance provisions.

(2) Persons who meet all the following criteria will have 2 reinsurance years from the start of the reinsurance year (July 1) following the date the person certifies compliance with FSA to be eligible for USDA benefits subject to the conservation compliance provisions to develop and comply with a conservation plan approved by NRCS before being ineligible for Federal crop insurance premium subsidies:

(i) Were subject to the provisions of this part regarding highly erodible land, specifically those related to section 1211(a) of the Food Security Act of 1985 (16 U.S.C. 3811(a)(1)), as amended, any time before February 7, 2014;

(ii) Before February 7, 2014, stopped participating in all USDA programs subject to the provisions of this part regarding highly erodible land;

(iii) Would have been in violation of the provisions of this part regarding highly erodible land had they continued to participate in those programs after February 7, 2014; and

(iv) Are currently in violation of the provisions of this part regarding highly erodible land.

(e) *Exemption for prior wetland conversions completed prior to February 7, 2014.* No person will be ineligible for Federal crop insurance premium subsidies for a policy or plan of insurance under the Federal Crop Insurance Act (7 U.S.C. 1501-1524) for:

(1) Converting a wetland if the wetland conversion was completed, as determined by NRCS, before February 7, 2014; or

(2) Planting or producing an agricultural commodity on a converted

wetland if the wetland conversion was completed, as determined by NRCS, before February 7, 2014.

(f) *Exemption for wetland conversion that impacts less than 5 acres.* The following exemption is for wetland conversion that impacts less than 5 acres of an entire farm:

(1) In lieu of ineligibility for Federal crop insurance premium subsidies for a policy or plan of insurance under the Federal Crop Insurance Act (7 U.S.C. 1501–1524) due to a wetland conversion violation or concurrent with a planned wetland conversion occurring after February 7, 2014, a person may, if approved by NRCS, pay a contribution to NRCS in an amount equal to 150 percent of the cost of mitigating the converted wetland, as determined by NRCS.

(2) A person is limited to only one exemption, as determined by NRCS, described in paragraph (f)(1) of this section per farm.

(3) NRCS will not refund this payment even if the person later conducts actions which will mitigate the earlier conversion.

(g) *Exemption for wetland conversion when a policy or plan of insurance is available to a person for the first time.* The following exemption is for wetland conversion when a policy or plan of insurance is available to the person for the first time.

(1) When a policy or plan of insurance that provides coverage for an agricultural commodity is available to the person, including as a person who is a substantial beneficial interest holder, for the first time after February 7, 2014, as determined by RMA, ineligibility for Federal crop insurance premium subsidies for such policy or plan of insurance due to a wetland conversion violation will only apply to wetland conversions that are completed, as determined by NRCS, after the date the policy or plan of insurance first becomes available to the person.

(2) The exemption described in paragraph (g)(1) of this section:

(i) Applies only to the policy or plan of insurance that becomes available to the person for the first time after February 7, 2014, as determined by RMA;

(ii) Does not exempt or otherwise negate the person's ineligibility for Federal crop insurance premium subsidies on any other policy or plan of insurance; and

(iii) Applies only if the person takes steps necessary, as determined by NRCS, to mitigate all wetlands converted after February 7, 2014, in a timely manner, as determined by NRCS, but not to exceed 2 reinsurance years.

(3) For the purposes of the paragraph (g)(1) of this section:

(i) A policy or plan of insurance is considered to have been available to the person after February 7, 2014, if, after February 7, 2014, in any county in which the person had any interest in any acreage, including as a person who is a substantial beneficial interest holder:

(A) There was a policy or plan of insurance available on the county actuarial documents that provided coverage for the agricultural commodity; or

(B) The person obtained a written agreement to insure the agricultural commodity in any county; and

(ii) Changing, adding, or removing options, endorsements, or coverage to an existing policy or plan of insurance will not be considered as a policy or plan of insurance being available for the first time to a person.

(h) *Wetland conversion mitigation exemption.* Unless another exemption applies, the following exemption provides additional time to mitigate wetland conversions.

(1) A person determined to be in violation of the provisions of this part due to a wetland conversion occurring after February 7, 2014, will have 1 reinsurance year after the final determination of violation, including all administrative appeals, as determined by NRCS, to initiate a mitigation plan to remedy the violation, as determined by NRCS, before becoming ineligible for Federal crop insurance premium subsidies for a policy or plan of insurance under the Federal Crop Insurance Act (7 U.S.C. 1501–1524.). For example, if in May 2017, after NRCS has determined that a person is in violation for converting a wetland and the person has exhausted all administrative appeals, the person will have until June 30, 2018, to initiate a mitigation plan to remedy the violation before becoming ineligible for Federal crop insurance premium subsidies starting with the 2019 reinsurance year.

(2) Notwithstanding paragraph (h)(1) of this section, if a person determined to be in violation of the provisions of this part due to a wetland conversion occurring after February 7, 2014, as determined by NRCS, and is subject to the provisions of this part for the first time solely due to section 2611(b) of the Agricultural Act of 2014, such person will have 2 reinsurance years after the final determination of violation, including all administrative appeals, as determined by NRCS, to be implementing all practices in a mitigation plan to remedy the violation, as determined by NRCS, before

becoming ineligible for Federal crop insurance premium subsidies for a policy or plan of insurance under the Federal Crop Insurance Act (7 U.S.C. 1501–1524).

(3) Administrative appeals include appeals made in accordance with § 12.12 and part 11 of this title, but do not include any judicial review or appeal, or any other legal action.

(i) *Good faith exemption.* The following is a good faith exemption for wetland conservation:

(1) A person determined by FSA or NRCS to be in violation, including all administrative appeals, of the provisions of this part due to converting a wetland after February 7, 2014, or producing an agricultural commodity on a wetland that was converted after February 7, 2014, may regain eligibility for Federal crop insurance premium subsidies for a policy or plan of insurance under the Federal Crop Insurance Act (7 U.S.C. 1501–1524) if all of the following criteria are met:

(i) FSA determines that such person acted in good faith and without the intent to violate the wetland conservation provisions of this part;

(ii) NRCS determines that the person is implementing all practices in a mitigation plan to remedy or mitigate the violation within an agreed-to period, not to exceed 2 reinsurance years; and

(iii) The good faith determination of the FSA county or State committee has been reviewed and approved by the applicable State Executive Director, with the technical concurrence of the State Conservationist; or District Director, with the technical concurrence of the area conservationist.

(2) In determining whether a person acted in good faith under paragraph (i)(1)(i) of this section, FSA will consider such factors as whether:

(i) The characteristics of the site were such that the person should have been aware that a wetland existed on the subject land;

(ii) NRCS had informed the person about the existence of a wetland on the subject land;

(iii) The person has a record of violating the wetland provisions of this part or other Federal, State, or local wetland provisions; or

(iv) There exists other information that demonstrates the person acted with the intent to violate the wetland conservation provisions of this part.

(3) After the requirements of paragraph (i)(1) of this section are met, FSA may waive applying the ineligibility provisions of this section to allow the person to implement the mitigation plan approved by NRCS. The

waiver will apply for up to two reinsurance years.

(j) *Landlord and Tenant wetland violations relief.* The following provides landlord and tenant relief for wetland violations:

(1) Except as provided in (j)(2) of this section, the ineligibility of a tenant or sharecropper for Federal crop insurance premium subsidies for a policy or plan of insurance under the Federal Crop Insurance Act (7 U.S.C. 1501–1524) will, in lieu of ineligibility for premium subsidy, result in a reduction in the amount of premium subsidy paid by FCIC on all policies and plans of insurance for the landlord.

(i) The percentage reduction will be determined by comparing the total number of cropland acres on the farm on which the violation occurred to the total number of cropland acres on all farms in which landlord has an interest, as determined by FSA.

(ii) The farms and cropland acres used to determine the premium subsidy reduction percentage will be the farms and cropland acres of the landlord for the reinsurance year in which the tenant or sharecropper is determined ineligible.

(iii) The percentage reduction will be applied to all policies and plans of insurance of the landlord in the reinsurance year subsequent to the reinsurance year in which the tenant or sharecropper is determined ineligible.

(iv) If the landlord and tenant or sharecropper are insured under the same policy, the landlord will be ineligible for premium subsidy on that policy in lieu of a percentage reduction on that policy.

(2) A landlord will be ineligible for the premium subsidy on all policies and plans of insurance in the reinsurance year subsequent to the reinsurance year in which the tenant or sharecropper is determined ineligible if the production of an agricultural commodity on a converted wetland by the landlord's tenant or sharecropper is required under the terms and conditions of the agreement between the landlord and such tenant or sharecropper and such agreement was entered into after February 7, 2014, or if the landlord has acquiesced in such activities by the tenant or sharecropper.

(3) If all the requirements in paragraph (j)(4) of this section are met, in lieu of ineligibility for Federal crop insurance premium subsidies for all policies or plans of insurance under the Federal Crop Insurance Act (7 U.S.C. 1501–1524) for producing or planting an agricultural commodity on a wetland converted after February 7, 2014, the premium subsidy on all policies and

plans of insurance of the ineligible tenant or sharecropper will be reduced.

(i) The percentage reduction will be determined by comparing the total number of cropland acres on the farm on which the violation occurred to the total number of cropland acres on all farms in which tenant or sharecropper has an interest, as determined by FSA.

(ii) The farms and cropland acres used to determine the premium subsidy reduction percentage will be the farms and cropland acres of the tenant or sharecropper for the reinsurance year in which the tenant or sharecropper is determined ineligible.

(iii) The percentage reduction will be applied to all policies and plans of insurance of the tenant or sharecropper in the reinsurance year subsequent to the reinsurance year in which the tenant or sharecropper is determined ineligible.

(iv) If the landlord and tenant or sharecropper are insured under the same policy, the tenant or sharecropper will be ineligible for premium subsidy on that policy in lieu of a percentage reduction on that policy.

(4) The provisions of paragraph (j)(3) of this section will not apply unless all the following are met:

(i) The tenant or sharecropper shows that a good-faith effort was made to comply by developing a plan, approved by NRCS, for the restoration or mitigation of the converted wetland in a timely manner and prior to any violation;

(ii) The owner of such farm refuses to apply such a plan and prevents the tenant or sharecropper from implementing the approved plan;

(iii) FSA determines the lack of compliance is not a part of a scheme or device as described in § 12.10; and

(iv) The tenant or sharecropper actively applies the practices and measures of the approved plan that are within their control.

(k) *Evaluation of certification.* NRCS will evaluate the certification in a timely manner.

(1) A person who properly completes, signs, and files Form AD–1026, or successor form, with FSA certifying compliance with the provisions of this part will be eligible for Federal crop insurance premium subsidies for a policy or plan of insurance under the Federal Crop Insurance Act (7 U.S.C. 1501–1524) during the period of time such certification is being evaluated by NRCS, if an evaluation is required.

(2) A person will not be ineligible for Federal crop insurance premium subsidies for a policy or plan of insurance under the Federal Crop Insurance Act (7 U.S.C. 1501–1524) if:

(i) NRCS fails to complete a required evaluation of the person's Form AD–1026, or successor form in a timely manner after all documentation has been provided to NRCS; and

(ii) The person is subsequently determined to have been in violation of the provisions of this part during the time NRCS was completing the reinsurance evaluation.

(3) The relief from ineligibility provided in paragraph (k)(2) of this section:

(i) Applies only to violations that occurred prior to or during the time NRCS is completing the required evaluation;

(ii) Does not apply to any violations that occur subsequent to NRCS completing the evaluation;

(iii) Does not apply if FSA or NRCS determines the person employed, adopted, or participated in employing or adopting a scheme or device, as provided in § 12.10, to evade the provisions of this part or to become eligible for the relief provided in paragraph (k)(2) of this section; and

(iv) Does not apply if the required evaluation is delayed due to unfavorable site conditions for the evaluation of soils, hydrology, or vegetation.

(l) *Failing to notify FSA of a change.* Requirements to pay equitable contribution for failing to notify FSA of a change are as follows.

(1) A person who fails to notify FSA of any change that could alter their status as compliant with the provisions of this part and is subsequently determined, by FSA or NRCS, to have committed a violation of the wetland conservation provisions of this part after February 7, 2014, will be required to pay to NRCS an equitable contribution.

(2) The amount of equitable contribution will be determined by NRCS, but will not exceed the total amount of Federal crop insurance premium subsidy paid by FCIC on behalf of the person for all policies and plans of insurance for all years in which the person is determined to have been in violation.

(3) A person who fails to pay the full equitable contribution amount by the due date determined by NRCS will be ineligible for Federal crop insurance premium subsidy on any policy or plan of insurance beginning with the subsequent reinsurance year. The person will be ineligible for Federal crop insurance premium subsidy for the entire reinsurance year even if full payment of the equitable contribution amount is received by NRCS during the reinsurance year.

**§ 12.31 [Amended]**

- 11. Amend § 12.31(b)(1), as follows:
- a. Remove the words “in the National List of Plant Species that Occur in Wetlands” and add the words “in the National Wetland Plant List, or (as determined by NRCS) successor publication” in their place; and
  - b. Remove the words “may be obtained upon request from the U.S. Fish and Wildlife Service at National Wetland Inventory, Monroe Bldg. Suite 101, 9720 Executive Center Drive, St. Petersburg, Florida 33702” and add the words “may be accessed at: <http://rsgisias.crrel.usace.army.mil/NWPL/>” in their place.

**§ 12.34 [Removed]**

- 12. Remove § 12.34.

Signed on April 20, 2015.

**DEPARTMENT OF AGRICULTURE****Animal and Plant Health Inspection Service****7 CFR Part 319**

[Docket No. APHIS-2012-0014]

RIN 0579-AD68

**Importation of Papayas From Peru**

**AGENCY:** Animal and Plant Health Inspection Service, USDA.

**ACTION:** Final rule.

**SUMMARY:** We are amending the regulations to allow, under certain conditions, the importation of commercial consignments of fresh papayas from Peru into the continental United States. The conditions for the importation of papayas from Peru will include requirements for approved production locations; field sanitation; hot water treatment; procedures for packing and shipping the papayas; and fruit fly trapping in papaya production areas. This action will allow for the importation of papayas from Peru while continuing to provide protection against the introduction of quarantine pests into the continental United States.

**DATES:** Effective May 26, 2015.

**FOR FURTHER INFORMATION CONTACT:** Ms. Dorothy Wayson, Senior Regulatory Coordination Specialist, Regulatory Coordination and Compliance, PPQ, APHIS, 4700 River Road, Unit 133, Riverdale, MD 20737-1231; (301) 851-2036.

**SUPPLEMENTARY INFORMATION:****Background**

The regulations in “Subpart—Fruits and Vegetables” (7 CFR 319.56–1 through 319.56–71, referred to below as the regulations) prohibit or restrict the importation of fruits and vegetables into the United States from certain parts of the world to prevent the introduction and dissemination of plant pests that are new to or not widely distributed within the United States. The national plant protection organization (NPPO) of Peru has requested that the Animal and Plant Health Inspection Service (APHIS) amend the regulations to allow fresh papayas (*Carica papaya*) to be imported from Peru into the continental United States.

On August 9, 2013, we published in the **Federal Register** (78 FR 48628–48631, Docket No. APHIS-2012-0014) a proposal<sup>1</sup> to amend the regulations to allow, under certain conditions, the importation of commercial consignments of fresh papayas from Peru into the continental United States. Consistent with the risk management document that accompanied the proposed rule, we proposed to require that the papayas be subjected to a systems approach to pest mitigation. This proposed systems approach included requirements to produce the papayas at places of production registered with the NPPO of Peru, required packing procedures designed to exclude quarantine pests, and required fruit fly trapping, field sanitation, and hot water treatment to remove pests of concern from the pathway. We proposed to allow only commercial consignments of papayas to be imported from Peru and to require that consignments of papayas from Peru be accompanied by a phytosanitary certificate issued by the NPPO of Peru stating that the papayas were grown, packed, and shipped in accordance with the proposed requirements.

We solicited comments concerning our proposal for 60 days ending October 8, 2013. We received one comment by that date, from a private citizen. The commenter supported the risk mitigation approach in the proposed rule, but suggested that an integrated pest management approach might also be effective at managing the risk associated with *Ceratitidis capitata*, the Mediterranean fruit fly.

We based the proposed risk mitigations on those in § 319.56–25, which have allowed the pest-free

importation of papaya from certain areas of Brazil, Central America, Colombia, and Ecuador. We are open to alternative approaches of mitigating *C. capitata*, although we would need a request from the NPPO of Peru to be submitted in accordance with § 319.5 to begin considering such approaches.

Therefore, for the reasons given in the proposed rule and in this document, we are adopting the proposed rule as a final rule, without change.

**Executive Order 12866 and Regulatory Flexibility Act**

This final rule has been determined to be not significant for the purposes of Executive Order 12866 and, therefore, has not been reviewed by the Office of Management and Budget.

In accordance with the Regulatory Flexibility Act, we have analyzed the potential economic effects of this action on small entities. The analysis is summarized below. Copies of the full analysis are available on the Regulations.gov Web site (see footnote 1 in this document for a link to Regulations.gov) or by contacting the person listed under **FOR FURTHER INFORMATION CONTACT**.

This final rule will allow the importation of fresh papaya fruit from Peru into the continental United States. Papaya is a relatively minor crop in the United States that is primarily grown in Hawaii and, to a lesser extent, in Florida. Very small acreages of papaya are found in Texas and California.

Peru is expected to ship up to 36 metric tons of fresh papaya to the United States per year. This amount will be equivalent to less than 0.03 percent of net imports of fresh papaya by the United States in 2012. With U.S. net imports estimated to be at least eight times as large as U.S. fresh papaya production, any market effects of such a relatively negligible change in papaya imports are as likely to impact foreign suppliers as they are U.S. producers. In addition, effects for the majority of U.S. papaya producers, who are located in Hawaii, will be further muted by the prohibition on entry of fresh papaya from Peru into that State. While most, if not all, U.S. papaya farms are small entities, we expect this final rule to have a very minor impact regardless of the size of operation.

Under these circumstances, the Administrator of the Animal and Plant Health Inspection Service has determined that this action will not have a significant economic impact on a substantial number of small entities.

<sup>1</sup> To view the proposed rule and the comment we received, go to <http://www.regulations.gov/#/docketDetail;D=APHIS-2012-0014>.

**Executive Order 12988**

This final rule allows papayas to be imported into the continental United States from Peru. State and local laws and regulations regarding papayas imported under this rule will be preempted while the fruit is in foreign commerce. Fresh fruits are generally imported for immediate distribution and sale to the consuming public, and remain in foreign commerce until sold to the ultimate consumer. The question of when foreign commerce ceases in other cases must be addressed on a case-by-case basis. No retroactive effect will be given to this rule, and this rule will not require administrative proceedings before parties may file suit in court challenging this rule.

**Paperwork Reduction Act**

In accordance with section 3507(d) of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the information collection or recordkeeping requirements included in this final rule, which were filed under 0579-0410, have been submitted for approval to the Office of Management and Budget (OMB). When OMB notifies us of its decision, if approval is denied, we will publish a document in the **Federal Register** providing notice of what action we plan to take.

**E-Government Act Compliance**

The Animal and Plant Health Inspection Service is committed to compliance with the E-Government Act to promote the use of the Internet and other information technologies, to provide increased opportunities for citizen access to Government information and services, and for other purposes. For information pertinent to E-Government Act compliance related to this rule, please contact Ms. Kimberly Hardy, APHIS' Information Collection Coordinator, at (301) 851-2727.

**List of Subjects in 7 CFR Part 319**

Coffee, Cotton, Fruits, Imports, Logs, Nursery stock, Plant diseases and pests, Quarantine, Reporting and recordkeeping requirements, Rice, Vegetables.

Accordingly, we are amending 7 CFR part 319 as follows:

**PART 319—FOREIGN QUARANTINE NOTICES**

■ 1. The authority citation for part 319 continues to read as follows:

**Authority:** 7 U.S.C. 450 and 7701-7772 and 7781-7786; 21 U.S.C. 136 and 136a; 7 CFR 2.22, 2.80, and 371.3.

**§ 319.56-25 [Amended]**

■ 2. Section 319.56-25 is amended as follows:

- a. In paragraph (b), by removing the words “or Ecuador” and adding the words “, Ecuador, or Peru” in their place.
- b. In paragraph (g)(2), by adding the word “Peru,” after the word “Ecuador,”.
- c. In paragraph (h), by removing the citation “(h)” and adding the citation “(g)” in its place.
- d. In the OMB citation at the end of the section, by removing the words “0579-0128 and 0579-0358” and adding the words “0579-0128, 0579-0358, and 0579-0410” in their place.

Done in Washington, DC, this 20th day of April 2015.

**Kevin Shea,**

*Administrator, Animal and Plant Health Inspection Service.*

**BILLING CODE 3410-34-P**

**FEDERAL DEPOSIT INSURANCE CORPORATION****12 CFR Part 340**

**RIN 3064-AE26**

**Restrictions on Sale of Assets of a Failed Institution by the Federal Deposit Insurance Corporation**

**AGENCY:** Federal Deposit Insurance Corporation.

**ACTION:** Final rule.

**SUMMARY:** With this final rule, the Federal Deposit Insurance Corporation (FDIC) is revising its rule concerning restrictions on the sale of assets of a failed institution under the Federal Deposit Insurance Act in order to clarify the purpose, scope and applicability of that rule and to make that rule more consistent with the FDIC's rule concerning restrictions on the sale of assets of a covered financial company under the Dodd-Frank Wall Street Reform and Consumer Protection Act. **DATES:** This final rule is effective July 1, 2015.

**FOR FURTHER INFORMATION CONTACT:** James D. Sigler, Senior Franchise and Asset Marketing Specialist, 571-858-8284; Elizabeth Falloon, Supervisory Counsel, Legal Division, 703-562-6148; Shane Kiernan, Counsel, Legal Division, 703-562-2632; Federal Deposit Insurance Corporation, 550 17th Street NW., Washington, DC 20429.

**SUPPLEMENTARY INFORMATION:**

**I. Background**

The FDIC promulgated part 340 in 2000 to implement section 11(p) of the Federal Deposit Insurance Act, (12 U.S.C. 1821(p) (section 11(p))). Under section 11(p), individuals or entities whose acts or omissions have, or may have, contributed to the failure of an insured depository institution (failed institution) cannot buy the assets of that failed institution from the FDIC. The FDIC expanded the purchaser eligibility restriction as permitted by statute when it promulgated part 340 by precluding such individuals or entities from purchasing the assets of *any* failed institution, not only the particular institution affected by the actions of the respective individuals or entities. As provided in section 11(p), part 340 also prohibits the sale of assets involving FDIC financing to certain persons who have defaulted on obligations of \$1 million or more, in aggregate, owed to a failed insured depository institution or the FDIC and who have made fraudulent misrepresentations in connection with any of those obligations. Compliance with part 340 is established through a self-certification process in which a prospective purchaser certifies that it is eligible to purchase an asset from the FDIC and that the FDIC's sale of an asset to such prospective purchaser would not be restricted under section 11(p) or part 340.

In March of 2014, the FDIC promulgated § 380.13 to implement section 210(r) of the Dodd-Frank Wall Street Reform and Consumer Protection Act, (12 U.S.C. 5390(r) (section 210(r))). Section 210(r) prohibits certain sales of assets held by the FDIC in the course of liquidating a covered financial company. Because section 210(r) and section 11(p) share substantially similar statutory language, part 340 served as a model for the development of § 380.13. While many aspects of part 340 were included in § 380.13, FDIC staff identified new or different concepts to include in § 380.13 that were not already in part 340. The addition of these concepts into part 340 will improve part 340 and make it more consistent with § 380.13.

**II. Notice of Proposed Rulemaking**

On October 21, 2014, the Board of Directors approved a notice of proposed rulemaking entitled “*Restrictions on Sale of Assets by the Federal Deposit Insurance Corporation*” (the proposed rule), which was published in the **Federal Register** on October 24, 2014 with a 60-day comment period that

ended on December 23, 2014.<sup>1</sup> One comment letter addressing the proposed rule was received by the FDIC expressing general support for the proposed rule. The final rule is substantively the same as the proposed rule.

### III. The Final Rule

With this final rule, the FDIC is adopting the revisions to part 340 in substantially the same form as they were presented in the proposed rule. Part 340 is revised in a number of ways. Some revisions are significant, substantive changes and others are non-substantive, technical or conforming changes. This supplemental information section describes the substantive changes made by the final rule.

The title of part 340 is revised to clarify that part 340 applies to sales of assets of a failed institution (specifically, a failed insured depository institution). This change is made to help distinguish part 340 from § 380.13, which applies to sales of assets of a covered financial company by the FDIC. While the two rules will preclude sales to certain prospective purchasers in a very similar manner, each pertains to a separate set of asset sales by the FDIC.

The final rule amends § 340.1(b), which sets forth the purpose of part 340, to extend the restrictions on sales of assets of a failed institution to individuals or entities who are also prohibited from purchasing assets of a covered financial company from the FDIC under section 210(r) and § 380.13. This ensures consistency between part 340 and § 380.13. Under § 380.13, individuals or entities prohibited from purchasing assets of a failed institution under part 340 are also prohibited from purchasing assets of a covered financial company under § 380.13. Likewise, individuals or entities prohibited from purchasing assets of a covered financial company under § 380.13 are prohibited from purchasing assets of a failed institution under part 340.

The final rule makes three changes to clarify part 340's scope of coverage, set forth in § 340.1(c). First, the final rule clarifies the applicability of part 340 to sales of assets by a subsidiary of a failed institution or by a bridge depository institution. Sales of assets of a failed institution's subsidiary or a bridge depository institution are not expressly subject to section 11(p). However, if the FDIC has the right to control the terms of a sale of assets of a failed institution's subsidiary or a bridge depository institution, or has the ability to control selection of the purchaser of those assets

under an agency agreement or as shareholder, the restrictions set forth in section 11(p) and part 340 should apply. The FDIC has discretionary authority to expand the scope of coverage because section 11(p) sets the minimum requirements for restrictions on sales of assets, and the FDIC may prescribe further restrictions on its own accord. Under the final rule's revision of part 340, the restrictions apply to sales of assets of a failed institution's subsidiary or a bridge depository institution if the FDIC controls the terms of the sale by agreement or as shareholder.

Second, the final rule amends § 340.1 to explicitly state that part 340 does not apply to certain types of transactions involving marketable securities and other financial instruments. Under § 340.1(c)(5), a sale of a security or a group or index of securities, a commodity, or any qualified financial contract that, in each case, customarily is traded through a financial intermediary where the seller cannot control selection of the purchaser would not be covered by part 340 if the sale is to be consummated through that customary practice. For example, if the FDIC were to sell publicly-traded stocks or bonds that the failed institution held, it might engage a broker or custodian to conduct or facilitate the sale. The broker or custodian would then tender the securities to the market and accept prevailing market terms offered by another broker, a specialist, a central counterparty or a similar financial intermediary who would then sell the security to another purchaser. In this scenario, it is not possible for the FDIC to control selection of the end purchaser at the time of sale. Therefore, the transaction cannot be a sale covered by section 11(p) because the FDIC would have no way to select the prospective purchaser or determine whether that purchaser would or would not be prohibited from purchasing the asset. Moreover, a prospective purchaser of such assets will not be able to select the FDIC as the seller and therefore could not determine whether section 11(p) and part 340 apply to the transaction. The final rule defines the term "financial intermediary," as discussed below, for the purposes of part 340. This express limitation on the scope of part 340's coverage will provide greater certainty regarding the applicability of section 11(p) and part 340 to market participants and FDIC staff who conduct asset sales.

Third, the final rule clarifies in § 340.1(c)(6) that part 340 is not applicable to a judicial sale or a trustee's sale of property securing an obligation to the FDIC if the sale is not conducted

or controlled by the FDIC. Although the FDIC could have a security interest in property serving as collateral and therefore the authority to initiate a foreclosure action, the selection of the purchaser and terms of the sale are not necessarily within the FDIC's control. Rather, a court or trustee would conduct the sale in accordance with applicable state law and would select the purchaser. In this situation, the sale is not a sale by the FDIC. While the plain language of part 340 does not suggest that such a sale would fall within its scope, the FDIC makes this change for the sake of clarity. This exception does not affect sales if the FDIC is in possession of the collateral property and conducts the sale itself, however. Where the FDIC has control over the manner and terms of the sale, it will require the prospective purchaser's certification that the prospective purchaser is not prohibited under section 11(p) or part 340 from purchasing the asset.

Section 340.2 sets forth definitions for certain terms used in part 340 and several are revised by the final rule. The definition of "associated person" is revised to include limited liability companies of which an individual is a member (or was a member at the time of the occurrence of any event that would result in a restriction on sale as set forth in § 340.4) if the prospective purchaser of assets is an individual and, if the prospective purchaser is a limited liability company, to include the manager of the limited liability company. The definition of "failed institution" is revised to remove reference to entities "owned and controlled" by the failed institution because the revision to § 340.1(c), discussed above, explicitly states that sales of subsidiary assets are covered under part 340 if the FDIC controls the terms of the sale by agreement or in its role as shareholder. Additionally, references to the Resolution Trust Corporation and RTC are removed in favor of referencing the FDIC's "predecessor" agencies.

The final rule also adds a new term for use in part 340, "financial intermediary," which is defined to mean any broker, dealer, bank, underwriter, exchange, clearing agency registered with the SEC under section 17A of the Securities Exchange Act of 1934, transfer agent (as defined in section 3(a)(25) of the Securities Exchange Act of 1934), central counterparty or any other entity whose role is to facilitate a transaction by, as a riskless intermediary, purchasing a security or qualified financial contract from one counterparty and then selling it to another. This definition is used to

<sup>1</sup> 79 FR 63580.

identify transactions of marketable financial instruments described in § 340.1(c) that would not be covered by section 11(p) or part 340. Although not separately defined in the final rule, the term “security” is intended to apply broadly and include, without limitation, all instruments which constitute securities under Federal securities laws.

Section 340.4 sets forth the conditions under which a person (whether an individual or entity) is prohibited from acquiring assets of a failed institution from the FDIC. Those conditions are that the person, or its associated person: (1) Participated as an officer or director of a failed institution or of an affiliate of a failed institution, “in a material way in a transaction that caused a substantial loss to the failed institution” (as defined in paragraph (b) of § 340.4); (2) has been removed from a failed institution by order of a primary federal regulatory agency; (3) engaged in a “pattern or practice of defalcation” (as defined in paragraph (c) of § 340.4) with respect to obligations owed to a failed institution; or (4) committed a certain criminal offense against a financial institution and is in default on an obligation owed by that person or its associated person. The final rule adds a fifth restriction: Prohibition from purchasing assets of a covered financial company from the FDIC. As explained above, the FDIC believes part 340 should also restrict the sale of assets of a failed institution to individuals or entities who are also prohibited from purchasing assets of a covered financial company from the FDIC under section 210(r) and § 380.13. This ensures consistent treatment of prospective purchasers of assets from the FDIC, whether such assets are assets of a covered financial company or of a failed institution.

The final rule amends paragraph (a) of § 340.7, which sets forth the requirement that a prospective purchaser certify that none of the restrictions set forth in part 340 apply to the sale, by adding a sentence stating that the person must also certify that it is not using a straw purchaser or other subterfuge to allow it to purchase an asset of an insured depository institution from the FDIC or benefit from such transaction if such person would otherwise be ineligible to purchase assets from the FDIC under part 340. The FDIC’s form certification (the Purchaser Eligibility Certification, FDIC Form 7300/06) already includes a statement under which a prospective purchaser certifies that neither the identity nor form of the prospective purchaser, nor any aspect of the contemplated transaction, has been

created or altered to allow an individual or entity who otherwise would be ineligible to purchase assets of a failed institution from the FDIC to benefit from the sale. Explicitly stating this requirement in the regulatory text itself strengthens part 340.

Paragraph (b) of § 340.7, which exempts from the self-certification requirement certain federal agencies or instrumentalities and states or political subdivisions of states, is revised in the final rule to include bridge depository institutions as well. A bridge depository institution is expected to be in compliance with part 340 because such entity is newly chartered and subject to control or oversight by the FDIC.

Finally, the final rule revises § 340.8, which provides that part 340 does not apply if the sale resolves or settles a person’s obligation to the FDIC, to also except a sale that resolves a claim that the FDIC has asserted against a person. This is not intended to be a substantive change but to more closely track section 11(p), which exempts sales that resolve or settle claims as well as obligations. This change ensures that the regulation cites both bases for exception set forth in the statute. It also ensures consistency with the equivalent provision in paragraph (a)(2)(vi) of § 380.13.

The final rule’s changes to part 340 ensure consistency among part 340 and § 380.13. This will facilitate efficient administration of the two rules and will help the public better understand how and when each applies. One comment submitted in response to the proposed rule noted that the revisions to part 340 will help to clarify the purpose, scope and applicability, and will make part 340 more consistent with the parallel provision in the FDIC’s Orderly Liquidation Authority regulations that implements section 210(r) (§ 380.13). The comment goes on to state that the proposed revisions will improve regulatory consistency and understandability, align better with market practices, and promote the regulatory objectives and intentions under the Federal Deposit Insurance Act.

The substantive amendments and technical and conforming changes to part 340 that are made in the final rule are extensive. Therefore, the FDIC is revising and restating the text of part 340 in full rather than through fragmentary amendments.

### III. Regulatory Analysis and Procedure

#### A. Paperwork Reduction Act

In accordance with the requirements of the Paperwork Reduction Act (PRA),

the FDIC may not conduct or sponsor, and the respondent is not required to respond to, an information collection unless it displays a currently valid Office of Management and Budget (OMB) control number.<sup>2</sup> The FDIC has developed a purchaser eligibility certification form for use by prospective purchasers of assets of a failed institution to establish compliance with part 340. The certification is an OMB-approved collection of information under the PRA.<sup>3</sup> The FDIC expects that the net PRA burden estimates of this collection will not be affected by the changes made in the final rule. Any subsequent changes to the form will be submitted by the FDIC to OMB for review and approval.

#### *Title of Information Collection:*

Purchaser Eligibility Certification.

*OMB Control Number:* 3064–0135.

*Form Number:* FDIC Form 7300/06.

*Affected Public:* Prospective purchasers of failed insured depository institution assets.

*Frequency of Response:* Event generated.

*Estimated Number of Respondents:* 1,500.

*Time per Response:* 30 minutes.

*Total Estimated Annual Burden:* 750 hours.

The FDIC has a continuing interest in comments on paperwork burden. Comments are invited on (a) whether the collection of information is necessary for the proper performance of the FDIC’s functions, including whether the information has practical utility; (b) the accuracy of the estimates of the burden of the information collection, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the information collection on respondents, including through the use of automated collection techniques or other forms of information technology.

#### B. Regulatory Flexibility Act

The Regulatory Flexibility Act (RFA) requires that an agency either certify that a final rule will not have a significant economic impact on a substantial number of small entities or prepare an initial regulatory flexibility analysis of the rule and publish the analysis for comment.<sup>4</sup> The RFA provides that an agency is not required to prepare and publish a regulatory flexibility analysis if the agency certifies that the final rule will not have a

<sup>2</sup> 44 U.S.C. 3501, *et seq.*

<sup>3</sup> OMB Number: 3064–0135.

<sup>4</sup> 5 U.S.C. 601, *et seq.*

significant economic impact on a substantial number of small entities. The FDIC hereby certifies pursuant to 5 U.S.C. 605(b) that the final rule would not have a significant economic impact on a substantial number of small entities within the meaning of the RFA.

Under regulations issued by the Small Business Administration, a “small entity” includes those firms in the “Finance and Insurance” sector whose size varies from \$7.5 million or less in assets (mortgage and nonmortgage loan brokers) to \$550 million or less in assets (commercial banks, savings institutions, credit unions, and others).<sup>5</sup> The final rule imposes no new burden on prospective purchasers of assets sold by the FDIC. The requirement that a prospective purchaser complete and submit the Purchaser Eligibility Certification described above is a precondition to sale that is already required. Completion of the Purchaser Eligibility Certification does not require the use of professional skills or the preparation of special reports or records and should continue to have minimal economic impact on those individuals and entities that seek to purchase assets from the FDIC. Thus, any impact on small entities will not be substantial.

#### C. Small Business Regulatory Enforcement Fairness Act

The Office of Management and Budget has determined that the final rule is not a major rule within the meaning of the Small Business Regulatory Enforcement Fairness Act of 1996 (SBREFA), which provides for agencies to report rules to Congress and for Congress to review such rules.<sup>6</sup> The reporting requirement is triggered in instances where the FDIC issues a final rule as defined by the Administrative Procedure Act (APA).<sup>7</sup> Because the FDIC is issuing a final rule as defined by the APA, the FDIC will file the reports required by the SBREFA.

#### D. Plain Language

Section 722 of the Gramm-Leach-Bliley Act of 1999 requires the Federal banking agencies to use plain language in all proposed and final rules published after January 1, 2000.<sup>8</sup> The FDIC has sought to present the final rule in a simple and straightforward manner.

### Text of the Final Rule

#### Federal Deposit Insurance Corporation 12 CFR Chapter III

##### List of Subjects in 12 CFR Part 340

Asset disposition, Banks, banking.

##### Authority and Issuance

For the reasons stated in the SUPPLEMENTARY INFORMATION, the Federal Deposit Insurance Corporation revises part 340 of title 12 of the Code of Federal Regulations to read as follows:

#### PART 340—RESTRICTIONS ON SALE OF ASSETS OF A FAILED INSTITUTION BY THE FEDERAL DEPOSIT INSURANCE CORPORATION

Sec.

340.1 What is the statutory authority for the regulation, what are its purpose and scope, and can the FDIC have other policies on related topics?

340.2 Definitions.

340.3 What are the restrictions on the sale of assets by the FDIC if the buyer wants to finance the purchase with a loan from the FDIC?

340.4 What are the restrictions on the sale of assets by the FDIC regardless of the method of financing?

340.5 Can the FDIC deny a loan to a buyer who is not disqualified from purchasing assets using seller-financing under this regulation?

340.6 What is the effect of this part on transactions that were entered into before its effective date?

340.7 When is a certification required, and who does not have to provide a certification?

340.8 Does this part apply in the case of a workout, resolution, or settlement of obligations?

Authority: 12 U.S.C. 1819 (Tenth), 1821(p).

##### § 340.1 What is the statutory authority for the regulation, what are its purpose and scope, and can the FDIC have other policies on related topics?

(a) *Authority.* The statutory authority for adopting this part is section 11(p) of the Federal Deposit Insurance Act (FDI Act), 12 U.S.C. 1821(p). Section 11(p) was added to the FDI Act by section 20 of the Resolution Trust Corporation Completion Act (Pub. L. 103–204, 107 Stat. 2369 (1993)).

(b) *Purpose.* The purpose of this part is to prohibit individuals or entities that improperly profited or engaged in wrongdoing at the expense of a failed institution or covered financial company, or seriously mismanaged a failed institution, from buying assets of a failed institution from the Federal Deposit Insurance Corporation (FDIC).

(c) *Scope.* (1) The restrictions of this part generally apply to sales of assets of

failed institutions owned or controlled by the FDIC in any capacity.

(2) The restrictions in this section apply to the sale of assets of a subsidiary of a failed institution or a bridge depository institution if the FDIC controls the terms of the sale by agreement or in its role as shareholder.

(3) Unless we determine otherwise, this part does not apply to the sale of securities in connection with the investment of corporate and receivership funds pursuant to the Investment Policy for Liquidation Funds managed by the FDIC as it is in effect from time to time.

(4) In the case of a sale of securities backed by a pool of assets that may include assets of failed institutions by a trust or other entity, this part applies only to the sale of assets by the FDIC to an underwriter in an initial offering, and not to any other purchaser of the securities.

(5) The restrictions of this part do not apply to a sale of a security or a group or index of securities, a commodity, or any qualified financial contract that, in each case, customarily is traded through a financial intermediary, as defined in § 340.2, where the seller cannot control selection of the purchaser and the sale is consummated through that customary practice.

(6) The restrictions of this part do not apply to a judicial sale or a trustee's sale of property that secures an obligation to the FDIC where the sale is not conducted or controlled by the FDIC.

(d) The FDIC retains the authority to establish other policies restricting asset sales. Neither 12 U.S.C. 1821(p) nor this part in any way limits the authority of the FDIC to establish policies prohibiting the sale of assets to prospective purchasers who have injured any failed institution, or to other prospective purchasers, such as certain employees or contractors of the FDIC, or individuals who are not in compliance with the terms of any debt or duty owed to the FDIC. Any such policies may be independent of, in conjunction with, or in addition to the restrictions set forth in this part.

##### § 340.2 Definitions.

Many of the terms used in this part are defined in the Federal Deposit Insurance Act, 12 U.S.C. 1811, *et seq.* Additionally, for the purposes of this part, the following terms are defined:

(a) *Associated person of an individual or entity* means:

(1) With respect to an individual:

(i) The individual's spouse or dependent child or any member of his or her immediate household;

<sup>5</sup> 13 CFR 121.201.

<sup>6</sup> Public Law 104–121, 110 Stat. 857.

<sup>7</sup> 5 U.S.C. 551 *et seq.*

<sup>8</sup> Public Law 106–102, 113 Stat. 1338, 1471.

(ii) A partnership of which the individual is or was a general or limited partner;

(iii) A limited liability company of which the individual is or was a member; or

(iv) A corporation of which the individual is or was an officer or director.

(2) With respect to a partnership, a managing or general partner of the partnership or with respect to a limited liability company, a manager; or

(3) With respect to any entity, an individual or entity who, acting individually or in concert with one or more individuals or entities, owns or controls 25 percent or more of the entity.

(b) *Default* means any failure to comply with the terms of an obligation to such an extent that:

(1) A judgment has been rendered in favor of the FDIC or a failed institution; or

(2) In the case of a secured obligation, the property securing such obligation is foreclosed on.

(c) *FDIC* means the Federal Deposit Insurance Corporation.

(d) *Failed institution* means any insured depository institution (as defined in 12 U.S.C. 1813(c)) that has been under the conservatorship or receivership of the FDIC or any of its predecessors.

(e) *Financial intermediary* means any broker, dealer, bank, underwriter, exchange, clearing agency registered with the Securities and Exchange Commission (SEC) under section 17A of the Securities Exchange Act of 1934, transfer agent (as defined in section 3(a)(25) of the Securities Exchange Act of 1934), central counterparty or any other entity whose role is to facilitate a transaction by, as a riskless intermediary, purchasing a security or qualified financial contract from one counterparty and then selling it to another.

(f) *Obligation* means any debt or duty to pay money owed to the FDIC or a failed institution, including any guarantee of any such debt or duty.

(g) *Person* means an individual, or an entity with a legally independent existence, including: A trustee; the beneficiary of at least a 25 percent share of the proceeds of a trust; a partnership; a corporation; an association; or other organization or society.

(h) *Substantial loss* means:

(1) An obligation that is delinquent for ninety (90) or more days and on which there remains an outstanding balance of more than \$50,000;

(2) An unpaid final judgment in excess of \$50,000 regardless of whether

it becomes forgiven in whole or in part in a bankruptcy proceeding;

(3) A deficiency balance following a foreclosure of collateral in excess of \$50,000, regardless of whether it becomes discharged in whole or in part in a bankruptcy proceeding;

(4) Any loss in excess of \$50,000 evidenced by an IRS Form 1099-C (Information Reporting for Cancellation of Debt).

**§ 340.3 What are the restrictions on the sale of assets by the FDIC if the buyer wants to finance the purchase with a loan from the FDIC?**

A person may not borrow money or accept credit from the FDIC in connection with the purchase of any assets of a failed institution from the FDIC if:

(a) There has been a default with respect to one or more obligations totaling in excess of \$1,000,000 owed by that person or its associated person; and

(b) The person or its associated person made any fraudulent misrepresentations in connection with any such obligation(s).

**§ 340.4 What are the restrictions on the sale of assets by the FDIC regardless of the method of financing?**

(a) A person may not acquire any assets of a failed institution from the FDIC if the person or its associated person:

(1) Has participated, as an officer or director of a failed institution or of an affiliate of a failed institution, in a material way in one or more transaction(s) that caused a substantial loss to that failed institution;

(2) Has been removed from, or prohibited from participating in the affairs of, a failed institution pursuant to any final enforcement action by the Office of the Comptroller of the Currency, the Board of Governors of the Federal Reserve System, the FDIC, or any of their predecessors or successors;

(3) Has demonstrated a pattern or practice of defalcation regarding obligations to any failed institution;

(4) Has been convicted of committing or conspiring to commit any offense under 18 U.S.C. 215, 656, 657, 1005, 1006, 1007, 1008, 1014, 1032, 1341, 1343 or 1344 affecting any failed institution and there has been a default with respect to one or more obligations owed by that person or its associated person; or

(5) Would be prohibited from purchasing the assets of a covered financial company from the FDIC under 12 U.S.C. 5390(r) or its implementing regulation at 12 CFR part 380.13.

(b) For purposes of paragraph (a) of this section, a person has participated

“in a material way in a transaction that caused a substantial loss to a failed institution” if, in connection with a substantial loss to a failed institution, the person has been found in a final determination by a court or administrative tribunal, or is alleged in a judicial or administrative action brought by the FDIC or by any component of the government of the United States or of any state:

(1) To have violated any law, regulation, or order issued by a federal or state banking agency, or breached or defaulted on a written agreement with a federal or state banking agency, or breached a written agreement with a failed institution;

(2) To have engaged in an unsafe or unsound practice in conducting the affairs of a failed institution; or

(3) To have breached a fiduciary duty owed to a failed institution.

(c) For purposes of paragraph (a) of this section, a person or its associated person has demonstrated a “pattern or practice of defalcation” regarding obligations to a failed institution if the person or associated person has:

(1) Engaged in more than one transaction that created an obligation on the part of such person or its associated person with intent to cause a loss to any insured depository institution or with reckless disregard for whether such transactions would cause a loss to any such insured depository institution; and

(2) The transactions, in the aggregate, caused a substantial loss to one or more failed institution(s).

**§ 340.5 Can the FDIC deny a loan to a buyer who is not disqualified from purchasing assets using seller-financing under this regulation?**

The FDIC still has the right to make an independent determination, based upon all relevant facts of a person’s financial condition and history, of that person’s eligibility to receive any loan or extension of credit from the FDIC, even if the person is not in any way disqualified from purchasing assets from the FDIC under the restrictions set forth in this part.

**§ 340.6 What is the effect of this part on transactions that were entered into before its effective date?**

This part does not affect the enforceability of a contract of sale and/or agreement for seller financing in effect prior to July 1, 2000.

**§ 340.7 When is a certification required, and who does not have to provide a certification?**

(a) Before any person may purchase any asset from the FDIC that person must certify, under penalty of perjury,

that none of the restrictions contained in this part applies to the purchase. The person must also certify that neither the identity nor form of the person, nor any aspect of the contemplated transaction, has been created or altered with the intent, in whole or in part, to allow an individual or entity who otherwise would be ineligible to purchase assets from the FDIC to benefit directly or indirectly from the proposed transaction. The FDIC may establish the form of the certification and may change the form from time to time.

(b) Notwithstanding paragraph (a) of this section, and unless the Director of the FDIC's Division of Resolutions and Receiverships or designee in his or her discretion so requires, a certification need not be provided by:

- (1) A state or political subdivision of a state;
- (2) A federal agency or instrumentality such as the Government National Mortgage Association;
- (3) A federally-regulated, government-sponsored enterprise such as the Federal National Mortgage Association or Federal Home Loan Mortgage Corporation; or
- (4) A bridge depository institution.

**§ 340.8 Does this part apply in the case of a workout, resolution, or settlement of obligations?**

The restrictions of §§ 340.3 and 340.4 do not apply if the sale or transfer of an asset resolves or settles, or is part of the resolution or settlement of, one or more obligations or claims that have been, or could have been, asserted by the FDIC against the person with whom the FDIC is settling regardless of the amount of such obligations or claims.

Dated at Washington, DC, this 21st day of April 2015.

By Order of the Board of Directors, Federal Deposit Insurance Corporation.

**Robert E. Feldman,**  
*Executive Secretary.*

BILLING CODE 6714-01-P

---

**DEPARTMENT OF TRANSPORTATION**

**Federal Aviation Administration**

**14 CFR Part 71**

[Docket No. FAA-2014-0746; Airspace Docket No. 14-AGL-2]

**Establishment of Class E Airspace; Cando, ND**

**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Final rule.

**SUMMARY:** This action establishes Class E airspace at Cando, ND. Controlled airspace is necessary to accommodate new Standard Instrument Approach Procedures (SIAP) at Cando Municipal Airport. The FAA is taking this action to enhance the safety and management of Instrument Flight Rules (IFR) operations for SIAPs at the airport.

**DATES:** Effective date: 0901 UTC, June 25, 2015. The Director of the Federal Register approves this incorporation by reference action under 1 Code of Federal Regulations, Part 51, subject to the annual revision of FAA Order 7400.9 and publication of conforming amendments.

**ADDRESSES:** FAA Order 7400.9Y, Airspace Designations and Reporting Points, and subsequent amendments can be viewed on line at <http://www.faa.gov/airtraffic/publications/>. The Order is also available for inspection at the National Archives and Records Administration (NARA). For information on the availability of this material at NARA, call 202-741-6030, or go to <http://www.archives.gov/federal-register/code-of-federal-regulations/ibr-locations.html>.

FAA Order 7400.9, Airspace Designations and Reporting Points, is published yearly and effective on September 15. For further information, you can contact the Airspace Policy and ATC Regulations Group, Federal Aviation Administration, 800 Independence Avenue SW., Washington, DC, 29591; telephone: 202-267-8783.

**FOR FURTHER INFORMATION CONTACT:** Rebecca Shelby, Central Service Center, Operations Support Group, Federal Aviation Administration, Southwest Region, 2601 Meacham Blvd., Fort Worth, TX 76137; telephone: 817-321-7740.

**SUPPLEMENTARY INFORMATION:**

**History**

On October 28, 2014, the FAA published in the **Federal Register** a notice of proposed rulemaking (NPRM) to establish Class E airspace for IFR operations at Cando Municipal Airport, Cando, ND, creating additional controlled airspace at Cando Municipal Airport (79 FR 64151) Docket No. FAA-2014-0746. Interested parties were invited to participate in this rulemaking effort by submitting written comments on the proposal to the FAA. No comments were received. Class E airspace designations are published in paragraph 6005 of FAA Order 7400.9Y dated August 6, 2014, and effective September 15, 2014, which is incorporated by reference in 14 CFR

part 71.1. The Class E airspace designations listed in this document will be published subsequently in the Order.

**Availability and Summary of Documents for Incorporation by Reference**

This document amends FAA Order 7400.9Y, Airspace Designations and Reporting Points, dated August 6, 2014, and effective September 15, 2014. FAA Order 7400.9Y is publicly available as listed in the **ADDRESSES** section of this final rule. FAA Order 7400.9Y lists Class A,B,C,D, and E airspace areas, air traffic service routes, and reporting points.

**The Rule**

This action amends Title 14 Code of Federal Regulations (14 CFR) Part 71 by establishing Class E airspace designated as a surface area within a 6.5-mile radius of Cando Municipal Airport, Cando, ND. Controlled airspace is necessary to accommodate new Standard Instrument Approach Procedures at Cando Municipal Airport. The FAA is taking this action to enhance the safety and management of IFR operations for SIAPs at the airport.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. Therefore, this regulation: (1) Is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that only affects air traffic procedures and air navigation, it is certified that this rule, when promulgated, does not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the U.S. Code. Subtitle 1, Section 106, describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the

scope of that authority as it establishes controlled airspace at Cando Municipal Airport, Cando, ND.

### Environmental Review

The FAA has determined that this action qualifies for categorical exclusion under the National Environmental Policy Act in accordance with FAA Order 1050.1E, "Environmental Impacts: Policies and Procedures" paragraph 311a. This airspace action is not expected to cause any potentially significant environmental impacts, and no extraordinary circumstances exist that warrant preparation of an environmental assessment.

### Lists of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (Air).

### Adoption of the Amendment

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR part 71 as follows:

### PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

■ 1. The authority citation for part 71 continues to read as follows:

**Authority:** 49 U.S.C. 106(f), 106(g), 40103, 40113, 40120, E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

#### § 71.1 [Amended]

■ 2. The incorporation by reference in 14 CFR 71.1 of FAA Order 7400.9Y, Airspace Designations and Reporting Points, dated August 6, 2014 and effective September 15, 2014, is amended as follows:

*Paragraph 6005 Class E Airspace areas extending upward from 700 feet or more above the surface of the earth.*

\* \* \* \* \*

#### AGL ND E5 Cando, ND [New]

Cando Municipal Airport, ND  
(Lat. 48°28'48" N., long. 099°14'11" W.)

That airspace extending upward from 700 feet above the surface within a 6.5-mile radius of Cando Municipal Airport.

Issued in Fort Worth, TX, on April 1, 2015.

#### SUPPLEMENTARY INFORMATION:

#### History

On November 26, 2014, the FAA published in the **Federal Register** a notice of proposed rulemaking (NPRM) to establish Class E airspace at Ocean Reef Club Airport, Key Largo, FL, (79 FR

70478). Interested parties were invited to participate in this rulemaking effort by submitting written comments on the proposal to the FAA. No comments were received.

Class E airspace designations are published in paragraph 6005 of FAA Order 7400.9Y dated August 6, 2014, and effective September 15, 2014, which is incorporated by reference in 14 CFR part 71.1. The Class E airspace designations listed in this document will be published subsequently in the Order.

#### Availability and Summary of Documents for Incorporation by Reference

This document amends FAA Order 7400.9Y, Airspace Designations and Reporting Points, dated August 6, 2014, and effective September 15, 2014. FAA Order 7400.9Y is publicly available as listed in the **ADDRESSES** section of this final rule. FAA Order 7400.9Y lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

#### The Rule

This amendment to Title 14, Code of Federal Regulations (14 CFR) part 71 establishes Class E airspace extending upward from 700 feet above the surface within a 7-mile radius of Ocean Reef Club Airport, Key Largo, FL. Controlled airspace is required to support the new RNAV (GPS) standard instrument approach procedures for Ocean Reef Club Airport.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current, is non-controversial and unlikely to result in adverse or negative comments. It, therefore, (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that only affects air traffic procedures and air navigation, it is certified that this rule, when promulgated, does not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs,

describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it establishes controlled airspace at Ocean Reef Club Airport, Key Largo, FL.

#### Environmental Review

The FAA has determined that this action qualifies for categorical exclusion under the National Environmental Policy Act in accordance with FAA Order 1050.1E, "Environmental Impacts: Policies and Procedures," paragraph 311a. This airspace action is not expected to cause any potentially significant environmental impacts, and no extraordinary circumstances exist that warrant preparation of an environmental assessment.

#### Lists of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

#### Adoption of the Amendment

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR part 71 as follows:

#### PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

■ 1. The authority citation for part 71 continues to read as follows:

**Authority:** 49 U.S.C. 106(f), 106(g), 40103, 40113, 40120, E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

##### § 71.1 [Amended]

■ 2. The incorporation by reference in 14 CFR 71.1 of FAA Order 7400.9Y, Airspace Designations and Reporting Points, dated August 6, 2014, effective September 15, 2014, is amended as follows:

*Paragraph 6005 Class E Airspace areas extending upward from 700 feet or more above the surface of the earth.*

\* \* \* \* \*

#### ASO AL E5 Key Largo, FL [New]

Ocean Reef Club Airport, FL  
(Lat. 25°19'31" N., long. 80°16'29" W.)

That airspace extending upward from 700 feet above the surface within a 7-mile radius of Ocean Reef Club Airport.

Issued in College Park, Georgia, on April 10, 2015.

### Federal Aviation Administration

#### 14 CFR Part 71

[Docket No. FAA–2014–0537; Airspace Docket No. 13–AGL–38]

#### Establishment of Class E Airspace; Edgeley, ND

**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Final rule.

**SUMMARY:** This action establishes Class E airspace at Edgeley, ND. Controlled airspace is necessary to accommodate new Standard Instrument Approach Procedures (SIAPs) at Edgeley Municipal Airport. The FAA is taking this action to enhance the safety and management of Instrument Flight Rules (IFR) operations for SIAPs at the airport.

**DATES:** Effective date: 0901 UTC, June 25, 2015. The Director of the Federal Register approves this incorporation by reference action under 1 CFR part 51, subject to the annual revision of FAA Order 7400.9 and publication of conforming amendments.

**ADDRESSES:** FAA Order 7400.9Y, Airspace Designations and Reporting Points, and subsequent amendments can be viewed on line at <http://www.faa.gov/airtraffic/publications/>. The Order is also available for inspection at the National Archives and Records Administration (NARA). For information on the availability of this material at NARA, call 202–741–6030, or go to <http://www.archives.gov/federal-register/code-of-federal-regulations/ibr-locations.html>.

FAA Order 7400.9, Airspace Designations and Reporting Points, is published yearly and effective on September 15. For further information, you can contact the Airspace Policy and ATC Regulations Group, Federal Aviation Administration, 800 Independence Avenue SW., Washington, DC 29591; telephone: 202–267–8783.

**FOR FURTHER INFORMATION CONTACT:** Rebecca Shelby, Central Service Center, Operations Support Group, Federal Aviation Administration, Southwest Region, 2601 Meacham Blvd., Fort

Worth, TX 76137; telephone: 817–321–7740.

#### SUPPLEMENTARY INFORMATION:

##### History

On October 8, 2014, the FAA published in the **Federal Register** a notice of proposed rulemaking (NPRM) to establish Class E airspace for SIAPs at Edgeley Municipal Airport, Edgeley, ND (79 FR 60793) Docket No. FAA–2014–0537. Interested parties were invited to participate in this rulemaking effort by submitting written comments on the proposal to the FAA. No comments were received. Class E airspace designations are published in paragraph 6005 of FAA Order 7400.9Y dated August 6, 2014, and effective September 15, 2014, which is incorporated by reference in 14 CFR part 71.1. The Class E airspace designations listed in this document will be published subsequently in the Order.

##### Availability and Summary of Documents for Incorporation by Reference

This document amends FAA Order 7400.9Y, Airspace Designations and Reporting Points, dated August 6, 2014, and effective September 15, 2014. FAA Order 7400.9Y is publicly available as listed in the **ADDRESSES** section of this final rule. FAA Order 7400.9Y lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

##### The Rule

This action amends Title 14 Code of Federal Regulations (14 CFR) Part 71 by establishing Class E airspace designated as a surface area within a 6.5-mile radius of Edgeley Municipal Airport, Edgeley, ND. Controlled airspace is necessary to accommodate new Standard Instrument Approach Procedures at Edgeley Municipal Airport. The FAA is taking this action to enhance the safety and management of IFR operations at the airport.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. Therefore, this regulation: (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that only affects air traffic procedures and air navigation, it is

certified that this rule, when promulgated, does not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the U.S. Code. Subtitle 1, Section 106, describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it establishes controlled airspace at Edgeley Municipal Airport, Edgeley, ND.

#### Environmental Review

The FAA has determined that this action qualifies for categorical exclusion under the National Environmental Policy Act in accordance with FAA Order 1050.1E, "Environmental Impacts: Policies and Procedures" paragraph 311a. This airspace action is not expected to cause any potentially significant environmental impacts, and no extraordinary circumstances exist that warrant preparation of an environmental assessment.

#### List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

#### Adoption of the Amendment

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR part 71 as follows:

#### **PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS**

- 1. The authority citation for part 71 continues to read as follows:

**Authority:** 49 U.S.C. 106(f), 106(g), 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

#### **§ 71.1 [Amended]**

- 2. The incorporation by reference in 14 CFR 71.1 of FAA Order 7400.9Y, Airspace Designations and Reporting Points, dated August 6, 2014 and effective September 15, 2014, is amended as follows:

*Paragraph 6005 Class E Airspace areas extending upward from 700 feet or more above the surface of the earth.*

#### **SUPPLEMENTARY INFORMATION:**

##### **History**

On October 15, 2014, the FAA published in the **Federal Register** a notice of proposed rulemaking (NPRM) to establish Class E airspace for the Cypress, TX, area, creating controlled airspace at Dry Creek Airport (79 FR 61790) Docket No. FAA–2014–0743. Interested parties were invited to participate in this rulemaking effort by submitting written comments on the proposal to the FAA. One anonymous favorable comment was submitted.

Class E airspace designations are published in paragraph 6005 of FAA Order 7400.9Y dated August 6, 2014, and effective September 15, 2014, which is incorporated by reference in 14 CFR part 71.1. The Class E airspace designations listed in this document will be published subsequently in the Order.

##### **Availability and Summary of Documents for Incorporation by Reference**

This document amends FAA Order 7400.9Y, Airspace Designations and Reporting Points, dated August 6, 2014, and effective September 15, 2014. FAA Order 7400.9Y is publicly available as listed in the **ADDRESSES** section of this final rule. FAA Order 7400.9Y lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

##### **The Rule**

This action amends Title 14 Code of Federal Regulations (14 CFR) Part 71 by establishing Class E airspace extending upward from 700 feet above the surface within a 6.5-mile radius of Dry Creek Airport, Cypress, TX, to accommodate new SIAPs developed at Dry Creek Airport. Controlled airspace is needed for the safety and management of IFR operations at the airport.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally

current. Therefore, this regulation: (1) Is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that only affects air traffic procedures and air navigation, it is certified that this rule, when promulgated, does not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

The FAA’s authority to issue rules regarding aviation safety is found in Title 49 of the U.S. Code. Subtitle 1, Section 106, describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency’s authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it establishes controlled airspace at Dry Creek Airport, Cypress, TX.

#### Environmental Review

The FAA has determined that this action qualifies for categorical exclusion under the National Environmental Policy Act in accordance with FAA Order 1050.1E, “Environmental Impacts: Policies and Procedures,” paragraph 311a. This airspace action is not expected to cause any potentially significant environmental impacts, and no extraordinary circumstances exist that warrant preparation of an environmental assessment.

#### **SUPPLEMENTARY INFORMATION:**

##### **History**

On November 26, 2014, the FAA published in the **Federal Register** a notice of proposed rulemaking (NPRM) to amend Class E airspace at Zephyrhills Municipal Airport, Zephyrhills, FL., (79 FR 70479). Interested parties were invited to participate in this rulemaking effort by submitting written comments on the proposal to the FAA. No comments were received.

Class E airspace designations are published in paragraph 6005 of FAA Order 7400.9Y dated August 6, 2014, and effective September 15, 2014, which is incorporated by reference in 14 CFR part 71.1. The Class E airspace designations listed in this document will be published subsequently in the Order.

##### **Availability and Summary of Documents for Incorporation by Reference**

This document amends FAA Order 7400.9Y, Airspace Designations and Reporting Points, dated August 6, 2014, and effective September 15, 2014. FAA Order 7400.9Y is publicly available as listed in the **ADDRESSES** section of this final rule. FAA Order 7400.9Y lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

##### **The Rule**

This amendment to Title 14, Code of Federal Regulations (14 CFR) part 71 amends Class E airspace extending upward from 700 feet above the surface within a 6.3-mile radius of Zephyrhills Municipal Airport.

Airspace reconfiguration is necessary due to the decommissioning of the Zephyrhills Non-Directional Beacon

(NDB) and cancellation of the NDB approach, and for continued safety and management of IFR operations at the airport. The geographic coordinates of the airport also are adjusted to be in concert with FAA's aeronautical database.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current, is non-controversial and unlikely to result in adverse or negative comments. It, therefore, (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that only affects air traffic procedures and air navigation, it is certified that this rule, when promulgated, does not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it amends controlled airspace at Zephyrhills Municipal Airport, Zephyrhills, FL.

#### Environmental Review

The FAA has determined that this action qualifies for categorical exclusion under the National Environmental Policy Act in accordance with FAA Order 1050.1E, "Environmental Impacts: Policies and Procedures," paragraph 311a. This airspace action is not expected to cause any potentially significant environmental impacts, and no extraordinary circumstances exist that warrant preparation of an environmental assessment.

#### Lists of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (Air).

#### Adoption of the Amendment

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR part 71 as follows:

#### PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

- 1. The authority citation for part 71 continues to read as follows:

**Authority:** 49 U.S.C. 106(f), 106(g), 40103, 40113, 40120, E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

#### § 71.1 [Amended]

- 2. The incorporation by reference in 14 CFR 71.1 of FAA Order 7400.9Y, Airspace Designations and Reporting Points, dated August 6, 2014, effective September 15, 2014, is amended as follows:

*Paragraph 6005 Class E Airspace areas extending upward from 700 feet or more above the surface of the earth*

#### SUPPLEMENTARY INFORMATION:

#### History

On November 26, 2014, the FAA published in the **Federal Register** a notice of proposed rulemaking (NPRM) to establish Class E airspace at Eagles Nest Airport, West Creek, NJ, (79 FR 70480). Interested parties were invited to participate in this rulemaking effort by submitting written comments on the proposal to the FAA. No comments were received.

Class E airspace designations are published in paragraph 6005 of FAA Order 7400.9Y dated August 6, 2014, and effective September 15, 2014, which is incorporated by reference in 14 CFR part 71.1. The Class E airspace designations listed in this document will be published subsequently in the Order.

#### Availability and Summary of Documents for Incorporation by Reference

This document amends FAA Order 7400.9Y, Airspace Designations and Reporting Points, dated August 6, 2014, and effective September 15, 2014. FAA Order 7400.9Y is publicly available as

listed in the **ADDRESSES** section of this final rule. FAA Order 7400.9Y lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

### The Rule

This amendment to Title 14, Code of Federal Regulations (14 CFR) part 71 establishes Class E airspace extending upward from 700 feet above the surface within a 9.5-mile radius of Eagles Nest Airport, West Creek, NJ. Controlled airspace is required to support the new RNAV (GPS) standard instrument approach procedures for Eagles Nest Airport.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current, is non-controversial and unlikely to result in adverse or negative comments. It, therefore, (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that only affects air traffic procedures and air navigation, it is certified that this rule, when promulgated, does not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act. The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it establishes controlled airspace at Eagles Nest Airport, West Creek, NJ.

### Environmental Review

The FAA has determined that this action qualifies for categorical exclusion under the National Environmental Policy Act in accordance with FAA Order 1050.1E, "Environmental Impacts: Policies and Procedures," paragraph 311a. This airspace action is not expected to cause any potentially

significant environmental impacts, and no extraordinary circumstances exist that warrant preparation of an environmental assessment.

### Lists of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (Air).

### Adoption of the Amendment

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR part 71 as follows:

### PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

- 1. The authority citation for Part 71 continues to read as follows:

**FOR FURTHER INFORMATION CONTACT:** Rebecca Shelby, Central Service Center, Operations Support Group, Federal Aviation Administration, Southwest Region, 2601 Meacham Blvd., Fort Worth, TX 76137; telephone: 817–321–7740.

#### SUPPLEMENTARY INFORMATION:

#### History

On November 26, 2014, the FAA published in the **Federal Register** a notice of proposed rulemaking (NPRM) to establish Class E airspace at JL Bar Ranch Airport, Sonora, TX, (79 FR 70482). Interested parties were invited to participate in this rulemaking effort by submitting written comments on the proposal to the FAA. No comments were received.

Class E airspace designations are published in Paragraphs 6005, respectively, of FAA Order 7400.9Y, dated August 6, 2014, and effective September 15, 2014, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designations listed in this document will be published subsequently in the Order.

### Availability and Summary of Documents for Incorporation by Reference

This document amends FAA Order 7400.9Y, Airspace Designations and Reporting Points, dated August 6, 2014, and effective September 15, 2014. FAA Order 7400.9Y is publicly available as listed in the **ADDRESSES** section of this final rule. FAA Order 7400.9Y lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

### The Rule

This action amends Title 14, Code of Federal Regulations (14 CFR), Part 71 by establishing Class E airspace extending upward from 700 feet above the surface within a 6.5-mile radius of JL Bar Ranch Airport, Sonora, TX, to accommodate new Standard Instrument Approach Procedures at JL Bar Ranch Airport. The FAA is taking this action to enhance the safety and management of IFR operations at the airport.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. Therefore, this regulation: (1) Is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that only affects air traffic procedures and air navigation, it is certified that this rule, when promulgated, does not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the U.S. Code. Subtitle 1, Section 106, describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it establishes controlled airspace at JL Bar Ranch Airport, Sonora, TX.

### Environmental Review

The FAA has determined that this action qualifies for categorical exclusion under the National Environmental Policy Act in accordance with FAA Order 1050.1E, "Environmental Impacts: Policies and Procedures," paragraph 311a. This airspace action is not expected to cause any potentially significant environmental impacts, and no extraordinary circumstances exist that warrant preparation of an environmental assessment.

### List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

### Adoption of the Amendment

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR part 71 as follows:

### PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

- 1. The authority citation for part 71 continues to read as follows:

**Authority:** 49 U.S.C. 106 (f), 106(g); 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

#### § 71.1 [Amended]

- 2. The incorporation by reference in 14 CFR 71.1 of FAA Order 7400.9Y, Airspace Designations and Reporting Points, dated August 6, 2014 and effective September 15, 2014, is amended as follows:

*Paragraph 6005 Class E Airspace areas extending upward from 700 feet or more above the surface of the earth*

\* \* \* \* \*

#### ASW TX E5 Sonora, TX [New]

JL Bar Ranch Airport, TX  
(Lat. 30°34'06" N., long. 100°26'39" W.)

That airspace extending upward from 700 feet above the surface within a 6.5-mile radius of JL Bar Ranch Airport.

Issued in Fort Worth, TX, on April 1, 2015.

#### Christopher L. Southerland

Acting Manager, Operations Support Group,  
ATO Central Service Center.

### Federal Aviation Administration

#### 14 CFR Part 71

[Docket No. FAA–2014–1072; Airspace Docket No. 14–ASW–9]

#### Amendment of Class E Airspace; Baton Rouge, LA

**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Final rule, technical amendment.

**SUMMARY:** This action amends the legal description of the Baton Rouge, LA, VHF Omnidirectional Range/Tactical Air Navigation aid (VORTAC) located in Class E airspace at Baton Rouge, LA. The Baton Rouge VORTAC and Baton Rouge Metropolitan Airport, Ryan Field, have similar names and both share the same facility identifier but are not co-located. The FAA is renaming the Baton Rouge VORTAC as well as assigning a new facility identifier for the safety and management of aircraft operations within the Baton Rouge, LA, airspace area. This does not affect the boundaries or operating requirements of the airspace.

**DATES:** Effective 0901 UTC, April 30, 2015. The Director of the Federal Register approves this incorporation by reference action under title 1, Code of Federal Regulations, part 51, subject to the annual revision of FAA Order 7400.9 and publication of conforming amendments.

**ADDRESSES:** FAA Order 7400.9Y, Airspace Designations and Reporting Points and subsequent amendments can be viewed online at <http://www.faa.gov/airtraffic/publications/>. The order is also available for inspection at the National Archives and Records Administration (NARA). For information on the availability of this material at NARA, call 202–741–6030, or go to <http://www.archives.gov/federal-register/code-of-federal-regulations/ibr-locations.html>.

FAA Order 7400.9, Airspace Designations and Reporting Points, is published yearly and effective on September 15. For further information, you can contact the Airspace Policy and ATC Regulations Group, Federal Aviation Administration, 800 Independence Avenue SW., Washington DC, 20591; telephone: 202–267–8783.

**FOR FURTHER INFORMATION CONTACT:** Rebecca Shelby, Operations Support Group, Central Service Center, Federal Aviation Administration, Southwest Region, 2601 Meacham Blvd., Fort

Worth, TX 76137; telephone 817-321-7740.

#### SUPPLEMENTARY INFORMATION:

##### History

The Baton Rouge Airport Air Traffic Control Tower has submitted a request to change the name and facility identifier of the Baton Rouge, LA, VORTAC (BTR), to Fighting Tiger VORTAC (LSU). The request is prompted by the distance of the VORTAC, which is located 8 miles outside the boundary of Baton Rouge Metropolitan Airport, Ryan Field. FAA Order 7350.9A, Location Identifiers, states in part that the navigation aid must be within the airport boundary in order to share the same identifier.

Class E airspace designations are published in paragraph 6005 of FAA Order 7400.9Y dated August 6, 2014, and effective September 15, 2014, which is incorporated by reference in 14 CFR part 71.1. The Class E airspace designations listed in this document will be published subsequently in the Order.

##### Availability and Summary of Documents for Incorporation by Reference

This document amends FAA Order 7400.9Y, Airspace Designations and Reporting Points, dated August 6, 2014, and effective September 15, 2014. FAA Order 7400.9Y is publicly available as listed in the ADDRESSES section of this final rule. FAA Order 7400.9Y lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

##### The Rule

This amendment to Title 14, Code of Federal Regulations (14 CFR) part 71 amends Class E airspace designated as an extension to a Class C surface area at Baton Rouge Metropolitan Airport, Ryan Field, Baton Rouge, LA. The name of the Baton Rouge VORTAC navigation aid is changed to the Fighting Tiger VORTAC, and the facility identifier is changed from (BTR) to (LSU). This rule is meant to ensure pilots do not confuse instructions provided to them by Air Traffic Control.

This is an administrative change and does not affect the boundaries, altitudes, or operating requirements of the airspace, therefore, notice and public procedure under 5 U.S.C. 553(b) is unnecessary.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current, is non-controversial and

unlikely to result in adverse or negative comments. It, therefore, (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that only affects air traffic procedures and air navigation, it is certified that this rule, when promulgated, does not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it changes the identifier and name of the Baton Rouge VORTAC, at Baton Rouge Metropolitan Airport, Baton Rouge, LA.

##### Environmental Review

The FAA has determined that this action qualifies for categorical exclusion under the National Environmental Policy Act in accordance with FAA Order 1050.1E, "Environmental Impacts: Policies and Procedures," paragraph 311a. This airspace action is not expected to cause any potentially significant environmental impacts, and no extraordinary circumstances exist that warrant preparation of an environmental assessment.

##### Lists of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (Air).

##### Adoption of the Amendment

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR part 71 as follows:

#### PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

■ 1. The authority citation for Part 71 continues to read as follows:

**Authority:** 49 U.S.C. 106(f), 106(g); 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959-1963 Comp., p. 389.

##### § 71.1 [Amended]

■ 2. The incorporation by reference in 14 CFR 71.1 of FAA Order 7400.9Y, Airspace Designations and Reporting Points, dated August 6, 2014, effective September 15, 2014, is amended as follows:

*Paragraph 6003 Class E Airspace areas listed below consist of airspace extending upward from the surface designated as an extension to a Class C surface area.*

\* \* \* \* \*

##### ASW LA E3 Baton Rouge, LA [Amended]

Fighting Tiger VORTAC  
(Lat. 30°29'06" N., long. 91°17'39" W.)

That airspace extending upward from the surface within 1 mile each side of the 071° radial of the Fighting Tiger VORTAC extending from a 5-mile radius of the Metropolitan, Ryan Field to 5.8 miles southwest of the airport.

Issued in Fort Worth, TX, on March 25, 2015.

[Docket No. FAA-2014-0601; Airspace Docket No. 14-ANE-7]

#### Amendment of Class E Airspace; Manchester, NH

**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Final rule.

**SUMMARY:** This action amends Class E Airspace at Manchester, NH, as a new approach procedure has been developed, requiring airspace redesign at Manchester Airport. This enhances the safety and management of instrument flight rules (IFR) operations at the airport. This action also updates the geographic coordinates of the airport.

**DATES:** Effective 0901 UTC, June 25, 2015. The Director of the Federal Register approves this incorporation by reference action under title 1, Code of Federal Regulations, part 51, subject to the annual revision of FAA Order 7400.9 and publication of conforming amendments.

**ADDRESSES:** FAA Order 7400.9Y, Airspace Designations and Reporting Points, and subsequent amendments can be viewed on line at <http://www.faa.gov/airtraffic/publications/>. FAA Order 7400.9, Airspace Designations and Reporting Points, is published yearly and effective on September 15. For further information, you can contact the Airspace Policy and Regulations Group, Federal Aviation Administration, 800 Independence Avenue SW., Washington DC, 20591; telephone: 202-267-8783.

**FOR FURTHER INFORMATION CONTACT:** John Fornito, Operations Support Group, Eastern Service Center, Federal Aviation Administration, P.O. Box 20636, Atlanta, Georgia 30320; telephone (404) 305-6364.

#### SUPPLEMENTARY INFORMATION:

#### History

On October 16, 2014, the FAA published in the **Federal Register** a notice of proposed rulemaking (NPRM) to amend Class E airspace at Manchester Airport, Manchester, NH, (79 FR 62079). Interested parties were invited to participate in this rulemaking effort by submitting written comments on the proposal to the FAA. One anonymous, positive comment was received.

Class E airspace designations are published in paragraph 6003 of FAA Order 7400.9Y dated August 6, 2014, and effective September 15, 2014, which is incorporated by reference in 14 CFR part 71.1. The Class E airspace designations listed in this document will be published subsequently in the Order.

#### Availability and Summary of Documents for Incorporation by Reference

This document amends FAA Order 7400.9Y, Airspace Designations and Reporting Points, dated August 6, 2014, and effective September 15, 2014. FAA Order 7400.9Y is publicly available as listed in the **ADDRESSES** section of this final rule. FAA Order 7400.9Y lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

#### The Rule

This amendment to Title 14, Code of Federal Regulations (14 CFR) part 71 amends Class E airspace designated as

an extension to Class C surface area, at Manchester Airport, Manchester, NH. Airspace reconfiguration extending from the 5-mile radius of the airport to 8.5-miles northwest of the airport is necessary due to the development of the RNAV (RNP) Z RWY 17 approach, and for continued safety and management of IFR operations at the airport. Also, the geographic coordinates of Manchester Airport are adjusted to coincide with the FAA's aeronautical database. An editorial change is made to correct the title of paragraph 6003 of FAA Order 7400.9Y, to read "Class E Airspace Designated as an Extension to a Class C Surface area".

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current, is non-controversial and unlikely to result in adverse or negative comments. It, therefore, (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that only affects air traffic procedures and air navigation, it is certified that this rule, when promulgated, does not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it amends controlled airspace at Manchester Airport, Manchester, NH.

#### Environmental Review

The FAA has determined that this action qualifies for categorical exclusion under the National Environmental Policy Act in accordance with FAA Order 1050.1E, "Environmental Impacts: Policies and Procedures," paragraph 311a. This airspace action is not expected to cause any potentially

significant environmental impacts, and no extraordinary circumstances exist that warrant preparation of an environmental assessment.

#### Lists of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (Air).

#### Adoption of the Amendment

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR part 71 as follows:

#### PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

- 1. The authority citation for part 71 continues to read as follows:

**Authority:** 49 U.S.C. 106(f), 106(g), 40103, 40113, 40120, E.O. 10854, 24 FR 9565, 3 CFR, 1959-1963 Comp., p. 389.

#### § 71.1 [Amended]

- 2. The incorporation by reference in 14 CFR 71.1 of Federal Aviation Administration Order 7400.9Y, Airspace Designations and Reporting Points, dated August 6, 2014, effective September 15, 2014, is amended as follows:

*Paragraph 6003 Class E Airspace designated as an extension to a Class C surface area*

\* \* \* \* \*

#### ANE NH E3 Manchester, NH [Amended]

Manchester Airport, NH  
(Lat. 42°55'58" N., long. 71°26'09" W.)

That airspace extending upward from the surface within 3.3-miles each side of the 337° bearing of Manchester Airport extending from the 5-mile radius to 8.5-miles northwest of the airport.

Issued in College Park, Georgia, on March 30, 2015.

**Gerald E. Lynch,**

#### DEPARTMENT OF HOMELAND SECURITY

#### Coast Guard

#### 33 CFR Part 165

[Docket No. USCG-2015-0235]

#### Safety Zone; Fourth of July Fireworks, Tahoe City, CA.

**AGENCY:** Coast Guard, DHS.

**ACTION:** Notice of enforcement of regulation.

**SUMMARY:** The Coast Guard will enforce the safety zone for the Fourth of July Fireworks, Tahoe City, CA in the Captain of the Port, San Francisco area of responsibility during the dates and times noted below. This action is necessary to protect life and property of the maritime public from the hazards associated with the fireworks display. During the enforcement period, unauthorized persons or vessels are prohibited from entering into, transiting through, or anchoring in the safety zone, unless authorized by the Patrol Commander (PATCOM).

**DATES:** The regulations in 33 CFR 165.1191, Table 1, Item number 15, will be enforced from 7 a.m. through 10 p.m. on July 4, 2015.

**FOR FURTHER INFORMATION CONTACT:** If you have questions on this notice, call or email Lieutenant Marcia Medina, Sector San Francisco Waterways Safety Division, U.S. Coast Guard; telephone 415-399-7442, email [D11-PF-MarineEvents@uscg.mil](mailto:D11-PF-MarineEvents@uscg.mil).

**SUPPLEMENTARY INFORMATION:** The Coast Guard will enforce a safety zone in navigable waters around and under the fireworks barge within a radius of 100 feet during the loading, transit, and arrival of the fireworks barge to the display location and until the start of the fireworks display. From 7 a.m. until 8 a.m. on July 4, 2015, the fireworks barge will be loading pyrotechnics off of Tahoe Keys Marina in South Lake Tahoe, CA in approximate position 38°56'05" N., 120°00'09" W. (NAD 83). From 8 a.m. to 2 p.m. on July 4, 2015, the loaded fireworks barge will transit from Tahoe Keys Marina to the launch site off of Tahoe City, CA in approximate position 39°10'09" N., 120°08'16" W. (NAD 83) where it will remain until the commencement of the fireworks display. Upon the commencement of the 15 minute fireworks display, scheduled to begin at 9:30 p.m. on July 4, 2015, the safety zone will increase in size to encompass the navigable waters around and under the fireworks barge within a radius 1,000 feet in approximate position 39°10'09" N., 120°08'16" W. (NAD 83) for the Fourth of July Fireworks, Tahoe City, CA in 33 CFR 165.1191, Table 1, Item number 15. This safety zone will be in effect from 7 a.m. until 10 p.m. on July 4, 2015.

Under the provisions of 33 CFR 165.1191, unauthorized persons or vessels are prohibited from entering into, transiting through, or anchoring in the safety zone during all applicable

effective dates and times, unless authorized to do so by the PATCOM. Additionally, each person who receives notice of a lawful order or direction issued by an official patrol vessel shall obey the order or direction. The PATCOM is empowered to forbid entry into and control the regulated area. The PATCOM shall be designated by the Commander, Coast Guard Sector San Francisco. The PATCOM may, upon request, allow the transit of commercial vessels through regulated areas when it is safe to do so.

This notice is issued under authority of 33 CFR 165.1191 and 5 U.S.C. 552 (a). In addition to this notice in the **Federal Register**, the Coast Guard will provide the maritime community with extensive advance notification of the safety zone and its enforcement period via the Local Notice to Mariners. If the Captain of the Port determines that the regulated area need not be enforced for the full duration stated in this notice, a Broadcast Notice to Mariners may be used to grant general permission to enter the regulated area.

Dated: April 7, 2015.

**Gregory G. Stump,**  
*Captain, U.S. Coast Guard, Captain of the Port San Francisco.*

#### 33 CFR Part 165

[Docket Number USCG-2015-0071]

RIN 1625-AA00

#### Safety Zone; 24 Mile Tampa Bay Marathon Swim, Tampa Bay; Tampa, FL

**AGENCY:** Coast Guard, DHS.

**ACTION:** Temporary final rule.

**SUMMARY:** The Coast Guard establishes a temporary moving safety zone on the waters of Tampa Bay in the vicinity of Tampa, Florida during the 24 Mile Tampa Bay Marathon Swim. The 24 Mile Tampa Bay Marathon Swim is scheduled to take place on April 25, 2015. Approximately 30 swimmers are anticipated to participate in the marathon swim event. No spectators are expected to be present during the event. The safety zone is necessary to provide for the safety of the participants, participant vessels, and the general public on the navigable waters of the United States during the event. The

safety zone will establish a moving protective area around safety vessels including kayaks involved in the race. Persons and vessels, except those participating in the event, will be prohibited from entering, transiting through, anchoring in, or remaining within the regulated area unless authorized by the Captain of the Port St. Petersburg or a designated representative.

**DATES:** This rule will be effective from April 24, 2015 through April 25, 2015. This rule will be enforced from 4 a.m. until 9 p.m. on April 25, 2015.

**ADDRESSES:** Documents mentioned in this preamble are part of docket [USCG-2015-0071]. To view documents mentioned in this preamble as being available in the docket, go to <http://www.regulations.gov>, type the docket number in the "SEARCH" box and click "SEARCH." Click on Open Docket Folder on the line associated with this rulemaking. You may also visit the Docket Management Facility in Room W12-140 on the ground floor of the Department of Transportation West Building, 1200 New Jersey Avenue SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

**FOR FURTHER INFORMATION CONTACT:** If you have questions on this rule, call or email Tyrone J. Stafford, Sector St. Petersburg Prevention Department, U.S. Coast Guard; telephone (813) 228-2191, email [D07-SMB-Tampa-WWM@uscg.mil](mailto:D07-SMB-Tampa-WWM@uscg.mil). If you have questions on viewing or submitting material to the docket, call Rich Walter, Program Manager, Docket Operations, telephone (202) 366-9826.

#### SUPPLEMENTARY INFORMATION:

##### Table of Acronyms

DHS Department of Homeland Security  
FR Federal Register  
NPRM Notice of Proposed Rulemaking

#### A. Regulatory History and Information

On March 9, 2015, a notice of proposed rulemaking (NPRM) entitled Safety Zone; 24 Mile Tampa Bay Marathon Swim; Tampa Bay; Tampa, FL was published in the **Federal Register** (80 FR 12365). Only 1 comment was received; however, the comment was provided under a separate event (Swim Around Lido Key) comment section. The comment stated concern for a safety zone encompassing the entire 24 mile swim route for the event. The safety zone will be a moving zone that will not impact any other areas of the race path while not in use by the swimmers during the race.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. Any delay in the effective date of this rule would be contrary to the public interest because immediate action is needed to minimize potential hazards associated with a marathon swim with approximately 30 swimmers involved.

## B. Basis and Purpose

The legal basis for this rule is the Coast Guard's authority to establish regulated navigation areas and other limited access areas: 33 U.S.C. 1231; 50 U.S.C. 191; 33 CFR 1.05-1, 6.04-1, 6.04-6, and 160.5; Department of Homeland Security Delegation No. 0170.1.

The purpose of the rule is to provide for the safety of life on navigable waters of the United States during the swimming event.

## C. Discussion of the Final Rule

On April 25, 2015, Distance Matters, Inc. is sponsoring The 24 Mile Tampa Bay Marathon Swim. This open water swim event will be held on the waters of Tampa Bay, Tampa, Florida. Approximately 30 participants are anticipated to participate in the event. No spectator vessels are expected during the event.

This rule will establish a temporary moving safety zone that will encompass certain waters of Tampa Bay located in the vicinity of Tampa, Florida. The temporary moving safety zone will be enforced from 4 a.m. until 9 p.m. on April 25, 2015. The safety zone will establish a moving protective area around all safety vessels involved in the race. Persons and vessels, except those participating in the event, will be prohibited from entering, transiting through, anchoring in, or remaining within the regulated area unless authorized by the Captain of the Port St. Petersburg or a designated representative.

Persons and vessels may request authorization to enter, transit through, anchor in, or remain within the enforcement areas by contacting the Captain of the Port St. Petersburg by telephone at (727) 824-7506, or a designated representative via VHF radio on channel 16. If authorization to enter, transit through, anchor in, or remain within the event area is granted by the Captain of the Port St. Petersburg or a designated representative, all persons and vessels receiving such authorization must comply with the instructions of the Captain of the Port St. Petersburg or a designated representative. The Coast

Guard will provide notice of the safety zone by Local Notice to Mariners, Broadcast Notice to Mariners, and/or on-scene designated representatives.

## D. Regulatory Analyses

We developed this rule after considering numerous statutes and executive orders related to rulemaking. Below we summarize our analyses based on these statutes and executive orders.

### 1. Regulatory Planning and Review

This rule is not a significant regulatory action under section 3(f) of Executive Order 12866, Regulatory Planning and Review, as supplemented by Executive Order 13563, Improving Regulation and Regulatory Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of Executive Order 12866 or under section 1 of Executive Order 13563. The Office of Management and Budget has not reviewed it under those Orders. The economic impact of this rule is not significant for the following reasons: (1) The safety zone will be enforced for seventeen hours; (2) although non-participant persons and vessels will not be able to enter, transit through, anchor in, or remain within the safety zone without authorization from the Captain of the Port St. Petersburg or a designated representative, they may operate in the surrounding areas during the enforcement period; (3) non-participant persons and vessels may still enter, transit through, anchor in, or remain within the safety zone during the enforcement period if authorized by the Captain of the Port St. Petersburg or a designated representative; and (4) the Coast Guard will provide advance notification of the safety zone to the local maritime community by Local Notice to Mariners and/or Broadcast Notice to Mariners.

### 2. Impact on Small Entities

The Regulatory Flexibility Act of 1980 (RFA), 5 U.S.C. 601-612, as amended, requires federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term "small entities" comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities. This rule may affect the following entities, some of which may be small entities: The owners or operators of non-

participant vessels intending to enter, transit through, anchor in, or remain within the safety zone described in this regulation during the respective enforcement period. For the reasons discussed in the Regulatory Planning and Review section above, this rule will not have a significant economic impact on a substantial number of small entities.

### 3. Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104-121), we want to assist small entities in understanding this rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section above.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency's responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1-888-REG-FAIR (1-888-734-3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

### 4. Collection of Information

This rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3520).

### 5. Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and determined that this rule does not have implications for federalism.

### 6. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your

message can be received without jeopardizing the safety or security of people, places or vessels.

#### 7. *Unfunded Mandates Reform Act*

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

#### 8. *Taking of Private Property*

This rule will not cause a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

#### 9. *Civil Justice Reform*

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

#### 10. *Protection of Children*

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and does not create an environmental risk to health or risk to safety that may disproportionately affect children.

#### 11. *Indian Tribal Governments*

This rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

#### 12. *Energy Effects*

This action is not a “significant energy action” under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use.

#### 13. *Technical Standards*

This rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

#### 14. *Environment*

We have analyzed this rule under Department of Homeland Security Management Directive 023–01 and Commandant Instruction M16475.ID, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321–4370f), and have determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule is categorically excluded, under figure 2–1, paragraph (34)(g), of the Instruction. This rule involves establishing a temporary safety zone that will be enforced for 17 hours total. An environmental analysis checklist and a categorical exclusion determination are available in the docket where indicated under

#### ADDRESSES.

#### List of Subjects in 33 CFR Part 165

Harbors, Marine safety, Navigation (water), Reporting and recordkeeping requirements, Security measures, Waterways.

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 165 as follows:

#### PART 165—REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS

- 1. The authority citation for part 165 continues to read as follows:

**Authority:** 33 U.S.C. 1231; 50 U.S.C. 191; 33 CFR 1.05–1, 6.04–1, 6.04–6, and 160.5; Department of Homeland Security Delegation No. 0170.1.

- 2. Add a temporary § 165.T07–0071 to read as follows:

#### § 165.T07–0071 Safety Zone; 24 Mile Tampa Bay Marathon Swim, Tampa Bay; Tampa, FL.

(a) The following regulated area is a safety zone: All waters within a 50-yard radius around safety vessels including kayaks.

(b) *Definition.* The term “designated representative” means Coast Guard Patrol Commanders, including Coast Guard coxswains, petty officers, and other officers operating Coast Guard vessels, and Federal, state, and local officers designated by or assisting the Captain of the Port St. Petersburg in the enforcement of the regulated areas.

(c) *Regulations.* (1) Non-participant persons and vessels are prohibited from entering, transiting through, anchoring in or remaining within the regulated area unless authorized by the Captain of the Port St. Petersburg or a designated representative.

(2) Non-participant persons and vessels desiring to enter, transit through, anchor in, or remain within the regulated area may contact the Captain of the Port St. Petersburg by telephone at (727) 824–7506, or a designated representative via VHF radio on channel 16. If authorization to enter, transit through, anchor in, or remain within the regulated area is granted by the Captain of the Port St. Petersburg or a designated representative, all persons and vessels receiving such authorization must comply with the instructions of the Captain of the Port St. Petersburg or a designated representative.

(3) The Coast Guard will provide notice of the regulated area by Local Notice to Mariners, Broadcast Notice to Mariners, and/or on-scene designated representatives.

(d) *Enforcement date.* This rule will be enforced from 4 a.m. until 9 p.m. on April 25, 2015.

Dated: April 1, 2015.

**G. D. Case,**

*Captain, U.S. Coast Guard, Captain of the Port St. Petersburg.*

**BILLING CODE 9110–04–P**

#### DEPARTMENT OF HOMELAND SECURITY

#### Coast Guard

#### 33 CFR Part 165

[Docket No. USCG–2015–0221]

RIN 1625–AA00

#### Safety Zone: Giants Enterprises Fireworks Display, San Francisco Bay, San Francisco, CA

**AGENCY:** Coast Guard, DHS.

**ACTION:** Temporary final rule.

**SUMMARY:** The Coast Guard is establishing a temporary safety zone in the navigable waters of the San Francisco Bay near AT&T Park in support of Giants Enterprises Fireworks Display on May 22, 2015. This safety zone is established to ensure the safety of participants and spectators from the dangers associated with pyrotechnics. Unauthorized persons or vessels are prohibited from entering into, transiting through, or remaining in the safety zone without permission of the Captain of the Port or their designated representative.

**DATES:** This rule is effective on May 22, 2015. This rule will be enforced from 11 a.m. to 9:30 p.m. on May 22, 2015.

**ADDRESSES:** Documents mentioned in this preamble are part of docket USCG–2015–0221. To view documents

mentioned in this preamble as being available in the docket, go to <http://www.regulations.gov>, type the docket number in the "SEARCH" box and click "SEARCH." Click on Open Docket Folder on the line associated with this rulemaking. You may also visit the Docket Management Facility in Room W12-140 on the ground floor of the Department of Transportation West Building, 1200 New Jersey Avenue SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

**FOR FURTHER INFORMATION CONTACT:** If you have questions on this rule, call or email Lieutenant Junior Grade Joshua V. Dykman, U.S. Coast Guard Sector San Francisco; telephone (415) 399-3585 or email at [D11-PF-MarineEvents@uscg.mil](mailto:D11-PF-MarineEvents@uscg.mil). If you have questions on viewing or submitting material to the docket, call Barbara Hairston, Program Manager, Docket Operations, telephone (202) 366-9826.

#### SUPPLEMENTARY INFORMATION:

##### Table of Acronyms

DHS Department of Homeland Security  
FR Federal Register  
NPRM Notice of Proposed Rulemaking

#### A. Regulatory History and Information

The Coast Guard is issuing this temporary final rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are "impracticable, unnecessary, or contrary to the public interest." Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule as it would be impracticable due to the short notice of the event. The Coast Guard received the information about the fireworks display on March 24, 2015, and it would be impracticable to accept comments before the fireworks display. Because of the dangers posed by the pyrotechnics used in this fireworks display, the safety zone is necessary to provide for the safety of event participants, spectators, spectator craft, and other vessels transiting the event area.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register** due to the short notice of the event.

#### B. Basis and Purpose

The legal basis for the proposed rule is 33 U.S.C 1231; 46 U.S.C. Chapter 701, 3306, 3703; 50 U.S.C. 191, 195; 33 CFR 1.05-1, 6.04-1, 6.04-6, 160.5; Public Law 107-295, 116 Stat. 2064; Department of Homeland Security Delegation No. 0170.1, which collectively authorize the Coast Guard to establish safety zones.

Giants Enterprises will sponsor the Giants Enterprises Fireworks Display on May 22, 2015, near Pier 48 in San Francisco, CA in approximate position 37°46'40" N, 122°22'58" W (NAD83) as depicted in National Oceanic and Atmospheric Administration (NOAA) Chart 18650. From 11 a.m. until 8:50 p.m. on May 22, 2015, the fireworks barge will be loading pyrotechnics at Pier 50 in San Francisco, CA. From 8:50 p.m. to 9 p.m. on May 22, 2015 the loaded fireworks barge will transit from Pier 50 to the launch site near Pier 48 in approximate position 37°46'40" N, 122°22'58" W (NAD 83) where it will remain until the commencement of the fireworks display. A 10 minute fireworks display is scheduled to begin at 9:20 p.m. on May 22, 2015.

The fireworks display is meant for entertainment purposes. A restricted area around the fireworks barge is necessary to protect spectators, vessels, and other property from the hazards associated with pyrotechnics.

#### C. Discussion of the Final Rule

The Coast Guard will enforce a safety zone in navigable waters around and under a fireworks barge within a radius of 100 feet during the loading, transit, and arrival of the fireworks barge to the display location and until the start of the fireworks display. The safety zone will increase in size and encompass the navigable waters around and under the fireworks barge within a radius of 700 feet in approximate position 37°46'40" N, 122°22'58" W (NAD 83) for the Giants Enterprises Fireworks Display. At the conclusion of the fireworks display the safety zone shall terminate.

The effect of the temporary safety zone will be to restrict navigation in the vicinity of the launch site until the conclusion of the scheduled display. Except for persons or vessels authorized by the Coast Guard Patrol Commander, no person or vessel may enter or remain in the restricted area. These regulations are needed to keep spectators and vessels away from the immediate vicinity of the launch site to ensure the safety of participants, spectators, and transiting vessels.

#### D. Regulatory Analyses

We developed this rule after considering numerous statutes and executive orders related to rulemaking. Below we summarize our analyses based on these statutes and executive orders.

##### 1. Regulatory Planning and Review

This rule is not a significant regulatory action under section 3(f) of Executive Order 12866, Regulatory Planning and Review, as supplemented by Executive Order 13563, Improving Regulation and Regulatory Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of Executive Order 12866 or under section 1 of Executive Order 13563. The Office of Management and Budget has not reviewed it under those Orders.

We expect the economic impact of this rule will not rise to the level of necessitating a full Regulatory Evaluation. The safety zone is limited in duration, and is limited to a narrowly tailored geographic area. In addition, although this rule restricts access to the waters encompassed by the safety zone, the effect of this rule will not be significant because the local waterway users will be notified via public Broadcast Notice to Mariners to ensure the safety zone will result in minimum impact. The entities most likely to be affected are waterfront facilities, commercial vessels, and pleasure craft engaged in recreational activities.

##### 2. Impact on Small Entities

The Regulatory Flexibility Act of 1980 (RFA), 5 U.S.C. 601-612, as amended, requires federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term "small entities" comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

This rule may affect owners and operators of waterfront facilities, commercial vessels, and pleasure craft engaged in recreational activities and sightseeing. This safety zone would not have a significant economic impact on a substantial number of small entities for the following reasons. This safety zone would be activated, and thus subject to enforcement, for a limited duration. When the safety zone is activated, vessel traffic could pass safely around the safety zone. The maritime public will be advised in advance of this safety zone via Broadcast Notice to Mariners.

### 3. Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT**, above.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency's responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

### 4. Collection of Information

This rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

### 5. Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and determined that this rule does not have implications for federalism.

### 6. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

### 7. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a

State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

### 8. Taking of Private Property

This rule will not cause a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

### 9. Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

### 10. Protection of Children

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and does not create an environmental risk to health or risk to safety that may disproportionately affect children.

### 11. Indian Tribal Governments

This rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

### 12. Energy Effects

This action is not a “significant energy action” under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use.

### 13. Technical Standards

This rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

### 14. Environment

We have analyzed this rule under Department of Homeland Security Management Directive 023–01 and Commandant Instruction M16475.ID, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321–4370f), and have determined that this action is one

of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule involves a safety zone of limited size and duration. This rule is categorically excluded from further review under paragraph 34(g) of Figure 2–1 of the Commandant Instruction. An environmental analysis checklist supporting this determination and a Categorical Exclusion Determination are available in the docket where indicated under **ADDRESSES**. We seek any comments or information that may lead to the discovery of a significant environmental impact from this rule.

### List of Subjects in 33 CFR Part 165

Harbors, Marine safety, Navigation (water), Reporting and recordkeeping requirements, Security measures, and Waterways.

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 165 as follows:

### PART 165—REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS

■ 1. The authority citation for part 165 continues to read as follows:

**Authority:** 33 U.S.C. 1231; 46 U.S.C. Chapter 701, 3306, 3707; 50 U.S.C. 191, 195; 33 CFR 1.05–1, 6.04–1, 6.04–6, 160.5; Pub. L. 107–295, 116 Stat. 2064; Department of Homeland Security Delegation No. 0170.1.

■ 2. Add § 165.T11–693 to read as follows:

#### § 165.T11–693 Safety Zone; Giants Enterprises Fireworks Display, San Francisco Bay, San Francisco, CA.

(a) *Location.* This temporary safety zone is established in the navigable waters of the San Francisco Bay near Pier 48 in San Francisco, CA as depicted in National Oceanic and Atmospheric Administration (NOAA) Chart 18650. From 11 a.m. until 9:20 p.m. on May 22, 2015, the temporary safety zone applies to the nearest point of the fireworks barge within a radius of 100 feet during the loading, transit, and arrival of the fireworks barge from Pier 50 to the launch site near Pier 48 in approximate position 37°46'40" N, 122°22'58" W (NAD83). From 9:20 p.m. until 9:30 p.m. on May 22, 2015, the temporary safety zone will increase in size and encompass the navigable waters around and under the fireworks barge in approximate position 37°46'40" N, 122°22'58" W (NAD83) within a radius of 700 feet.

(b) *Enforcement period.* The zone described in paragraph (a) of this section will be enforced from 11 a.m. through 9:30 p.m. on May 22, 2015. The

Captain of the Port San Francisco (COTP) will notify the maritime community of periods during which this zone will be enforced via Broadcast Notice to Mariners in accordance with 33 CFR 165.7.

(c) *Definitions.* As used in this section, “designated representative” means a Coast Guard Patrol Commander, including a Coast Guard coxswain, petty officer, or other officer on a Coast Guard vessel or a Federal, State, or local officer designated by or assisting the COTP to assist in the patrol and enforcement of the safety zones.

(d) *Regulations.* (1) Under the general regulations in 33 CFR part 165, subpart C, entry into, transiting or anchoring within this safety zone is prohibited unless authorized by the COTP or a designated representative.

(2) The safety zone is closed to all vessel traffic, except as may be permitted by the COTP or a designated representative.

(3) Vessel operators desiring to enter or operate within the safety zone must contact the COTP or a designated representative to obtain permission to do so. Vessel operators given permission to enter or operate in the safety zone must comply with all directions given to them by the COTP or a designated representative. Persons and vessels may request permission to enter the safety zone on VHF-23A or through the 24-hour Command Center at telephone (415) 399-3547.

Dated: April 7, 2015.

**Gregory G. Stump,**

*Captain, U.S. Coast Guard, Captain of the Port San Francisco.*

**BILLING CODE 9110-04-P**

## DEPARTMENT OF VETERANS AFFAIRS

### 38 CFR Part 17

#### RIN 2900-AP24

### Driving Distance Eligibility for the Veterans Choice Program

**AGENCY:** Department of Veterans Affairs.

**ACTION:** Interim final rule.

**SUMMARY:** The Department of Veterans Affairs (VA) amends its medical regulations implementing section 101 of the Veterans Access, Choice, and Accountability Act of 2014, which directed VA to establish a program to furnish hospital care and medical services through eligible non-VA health care providers to eligible veterans who either cannot be seen within the wait-

time goals of the Veterans Health Administration or who qualify based on their place of residence (hereafter referred to as the Veterans Choice Program, or the “Program”). VA published an interim final rule implementing the Veterans Choice Program on November 5, 2014. Under current law, VA uses a straight-line or geodesic distance to determine eligibility based on place of residence. This interim final rule modifies how VA measures the distance from a veteran’s residence to the nearest VA medical facility. This modified standard will consider the distance the veteran must drive to the nearest VA medical facility, rather than the straight-line or geodesic distance to such a facility.

**DATES:** *Effective Date:* This rule is effective on April 24, 2015.

*Comment date:* Comments must be received on or before May 26, 2015.

**ADDRESSES:** Written comments may be submitted by email through <http://www.regulations.gov>; by mail or hand-delivery to Director, Regulation Policy and Management (02REG), Department of Veterans Affairs, 810 Vermont Avenue NW., Room 1068, Washington, DC 20420; or by fax to (202) 273-9026. (This is not a toll-free number.) Comments should indicate that they are submitted in response to “RIN 2900-AP24-Driving Distance Eligibility for the Veterans Choice Program.” Copies of comments received will be available for public inspection in the Office of Regulation Policy and Management, Room 1068, between the hours of 8:00 a.m. and 4:30 p.m. Monday through Friday (except holidays). Please call (202) 461-4902 for an appointment. (This is not a toll-free number.) In addition, during the comment period, comments may be viewed online through the Federal Docket Management System (FDMS) at <http://www.regulations.gov>.

#### **FOR FURTHER INFORMATION CONTACT:**

Kristin Cunningham, Director, Business Policy, Chief Business Office (10NB), Veterans Health Administration, Department of Veterans Affairs, 810 Vermont Avenue NW., Washington, DC 20420, (202) 382-2508. (This is not a toll-free number.)

**SUPPLEMENTARY INFORMATION:** On August 7, 2014, the President signed into law the Veterans Access, Choice, and Accountability Act of 2014 (“the Act,” Pub. L. 113-146, 128 Stat. 1754). Further technical revisions to the Act were made on September 26, 2014, when the President signed into law the Department of Veterans Affairs Expiring Authorities Act of 2014 (Pub. L. 113-175, 128 Stat. 1901, 1906), and on

December 16, 2014, when the President signed into law the Consolidated and Further Continuing Appropriations Act, 2015 (Pub. L. 113-235, 128 Stat. 2568). Section 101 of the Act creates the Veterans Choice Program (“the Program”). Section 101 requires the Secretary to enter into agreements with identified eligible non-VA entities or providers to furnish hospital care and medical services to eligible veterans who elect to receive care under the Program. Sec. 101(a)(1)(A), Public Law 113-146, 128 Stat. 1754. Veterans are eligible for the Program if they meet eligibility criteria identified in the Act; one criterion for eligibility is that a veteran who meets initial eligibility standards (being enrolled as of August 1, 2014, or who qualifies based on being recently separated from the Armed Forces following service in a theater of combat operations) can participate in the Program if he or she resides more than 40 miles from the medical facility of the Department, including a community-based outpatient clinic, that is closest to the residence of the veteran. Sec. 101(b)(2)(B), Public Law 113-146, 128 Stat. 1754. The Act required VA to implement the Program through an interim final rule, and on November 5, 2014, the Department of Veterans Affairs (VA) published an interim final rulemaking implementing the Program by creating new regulations at 38 CFR 17.1500-17.1540. 79 FR 65571. Under § 17.1510(b)(2), veterans whose residence is more than 40 miles from the VA medical facility that is closest to the veteran’s residence are eligible.

The Act states that a veteran must reside more than 40 miles from the medical facility of the Department that is closest to the residence of the veteran, but does not state how that distance should be calculated. When Congress has not directly addressed the precise question at issue—here the method for calculating distance—a Federal agency charged with implementing a statute is permitted to make a reasonable interpretation of that statute. See *Chevron, U.S.A., Inc., v. Natural Resources Defense Council, Inc.*, 467 U.S. 837, 843-844 (1984). Accordingly, VA may, through rulemaking, define the methodology it will use to calculate such distances between a veteran’s residence and the nearest VA medical facility.

The most common methodologies for calculating the distance between two places are by using a straight-line and by following the actual driving path between the two points. In the interim final rule published in November, VA determined that it would use the straight-line distance between the

veteran's residence and the VA medical facility that is closest to the veteran's residence. 38 CFR 17.1510(e). We did so consistent with language in the Conference Report accompanying the final bill prior to its enactment. 79 FR 65577. The Conference Report stated: "In calculating the distance from a nearest VA medical facility, it is the Conferees' expectation that VA will use geodesic distance, or the shortest distance between two points." H.R. Rpt. 113-564, p. 55. The shortest distance between two points is a straight line, so VA concluded that a veteran who is outside of a 40 mile radius of a VA medical facility would be eligible under this provision. 79 FR 65577.

VA also could have concluded that a driving distance calculation would have been a reasonable interpretation of the Act. Although the Conference Report language appeared to state the Conferees' expectation, other statements in the legislative history suggest Congress was not of one mind regarding how the 40 miles should be measured. For example, during the Senate floor debate on the final legislation just three days after the Conference Report was published, one of the bill's principal sponsors stated, "Mr. President, what we are talking about, really, is rather than get in a car or van and drive for 40 miles and hours and have that all reimbursed and paid for, a person will go to the local care provider." See 160 Cong. Rec. S5207 (July 31, 2014). In addition, the overall purpose of the Act is to increase access to health care for veterans. As one of the Act's main sponsors in the House said during floor consideration of the bill, "This bill will expand access to non-VA care, making wait times shorter and increase convenience." See 160 Cong. Rec. H7080 (July 30, 2014). Moreover, what affects a veteran's access when it comes to travel is how far he or she must actually travel, not the length of a straight-line route that cannot, practically speaking, be traversed. Distances are also more commonly understood in terms of travel upon actual paths, rather than along a straight line. For these reasons, the ordinary understanding of distance is also a reasonable one to adopt in this context.

This interpretation also makes sense in light of the exceptions Congress created for veterans residing 40 miles or less from the nearest VA medical facility. For example, under Sec. 101(b)(2)(D)(ii)(I), veterans are eligible if they must travel by air, boat, or ferry to reach each VA medical facility that is 40 miles or less from the residence of the veteran. Veterans also may be eligible under Sec. 101(b)(2)(D)(ii)(II) if they face

an unusual or excessive burden in accessing each VA medical facility that is 40 miles or less from the residence of the veteran due to geographical challenges. Both of these criteria explicitly consider the actual means or path of travel a veteran must take. Consequently, it is reasonable for VA to make a similar consideration when determining whether or not a veteran's residence is more than 40 miles from the closest VA medical facility.

Finally, when two interpretations of an Act are permissible, the interpretation that is more beneficial to veterans is typically preferred.

We received many thoughtful comments on this topic in response to the interim final rule we published in November. More than a third of the comments we received related to how VA measures distance for purposes of determining eligibility, and many commenters specifically argued in favor of the use of driving distance to determine eligibility based on place of residence. Other commenters suggested similar changes, such as the use of driving time. These comments came from veterans as well as providers, and show a broad interest in expanding the Program to better facilitate health care options. By contrast, VA received no comments in support of the use of geodesic or straight-line distance. This indicated to us a need to revisit VA's method of measuring distance. After doing so, VA is issuing this new interim final rule adopting the use of driving distance when measuring the distance from a veteran's residence to the nearest VA medical facility. We believe based on the public comments we received in response to the interim final rule published in November that this change to a driving distance measure will have strong support from the public. We intend to address all of the comments prior to finalizing the rule but have decided to address this particular issue now.

Practical considerations also support promulgating a limited interim final rule addressing this issue now. The use of driving distance would result in more veterans being eligible than the use of straight-line distance, and as stated above, the general intent of the Act is to expand access to health care for veterans. Through the first 6 months of operating the Program, we have found this standard to be a limiting factor for participation in the Program. Actual utilization of the Program is well below projections made at the time of the interim final rule in November, and as a result, VA believes it is more likely to have additional resources remaining at the end of the Program's period of

authorization unless we increase the population eligible to participate in the Program. While veterans could qualify for this Program under other eligibility criteria, 38 CFR 17.1510(b)(3)-(4), changing the methodology for calculating distance to driving distance rather than straight-line distance will allow more veterans to participate in the Program and receive care closer to home. VA also uses driving distance in the beneficiary travel program authorized by part 70 of title 38 of the Code of Federal Regulations. This change would make the Program more consistent with another VA program that veterans know and use.

For these reasons, we are revising the method for calculating the 40 mile distance by modifying § 17.1510(e) to use the driving distance between the veteran's residence and the closest VA medical facility, rather than the straight-line distance. VA is also removing a parenthetical exception included in this paragraph that referred to a provision in the regulations pertaining to unusual or excessive burden in traveling to a VA medical facility. VA will calculate a veteran's driving distance using geographic information system (GIS) software.

VA is issuing this interim final rule under the same RIN as the initial rulemaking published on November 5, 2014. We intend to publish a single final rule that responds to the comments received from the November rulemaking and from this rulemaking. This will allow the public a total of 150 days (120 days following publication of the first interim final rule, and 30 days following publication of this interim final rule) to comment on this aspect of the Program.

This change will have residual effects on eligibility under § 17.1510(b)(3) and (b)(4), as these provisions are essentially exceptions that allow veterans who are not eligible under paragraph (b)(2) to be eligible to participate in the Choice Program. However, to the extent a veteran will now be eligible under paragraph (b)(2) when he or she would have qualified under paragraphs (b)(3) or (b)(4), there is no substantive change in that veteran's ability to participate in the Program or the benefits thereof. However, certain veterans who did not currently qualify under (b)(2), (b)(3), or (b)(4) may now qualify under (b)(2) as a result of this change.

#### Administrative Procedure Act

The Secretary of Veterans Affairs finds under 5 U.S.C. 553(b)(B) that there is good cause that advance notice and opportunity for public comment are impracticable, unnecessary, or contrary to the public interest and under 5 U.S.C.

553(d)(3) that there is good cause to publish this rule with an immediate effective date. Section 101(n) of the Act authorized VA to implement the Program through an interim final rule and provided a deadline of no later than November 5, 2014, the date that is 90 days after the date of the enactment of the law. We do not interpret the expiration of the 90 day time period as diminishing or divesting VA of its authority to continue to implement the Program through an interim final rule. Section 101(n) of the Act clearly demonstrates Congress intended that VA act quickly in expanding access to non-VA care options.

This interim final rule changes the manner in which VA will calculate the distance requirement and will likely increase the number of veterans who are eligible for the program. Veterans who did not qualify under the straight-line methodology we previously articulated may qualify under the standard we are now establishing. In order for these veterans to have access to needed health care under the Program, it is essential that the revised driving distance requirement be made effective as soon as possible.

For the above reasons, the Secretary issues this rule as an interim final rule. However, VA will consider and address comments that are received within 30 days of the date this interim final rule is published in the **Federal Register**. As noted previously, the public has already had 120 days to comment on the methodology for calculating distance following the publication of the November rulemaking, and we believe the additional 30 days provided now will be sufficient to ensure the public has an opportunity to be heard on this issue.

#### Effect of Rulemaking

Title 38 of the Code of Federal Regulations, as revised by this interim final rulemaking, represents VA's implementation of its legal authority on this subject. Other than future amendments to this regulation or governing statutes, no contrary guidance or procedures are authorized. All existing or subsequent VA guidance must be read to conform with this rulemaking if possible or, if not possible, such guidance is superseded by this rulemaking.

#### Paperwork Reduction Act

This interim final rule contains no provisions constituting a collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3521).

#### Executive Orders 12866 and 13563

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, when regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety effects, and other advantages; distributive impacts; and equity). Executive Order 13563 (Improving Regulation and Regulatory Review) emphasizes the importance of quantifying both costs and benefits, reducing costs, harmonizing rules, and promoting flexibility. Executive Order 12866 (Regulatory Planning and Review) defines a “significant regulatory action,” requiring review by the Office of Management and Budget (OMB), unless OMB waives such review, as “any regulatory action that is likely to result in a rule that may: (1) Have an annual effect on the economy of \$100 million or more or adversely affect in a material way the economy, a sector of the economy, productivity, competition, jobs, the environment, public health or safety, or State, local, or tribal governments or communities; (2) Create a serious inconsistency or otherwise interfere with an action taken or planned by another agency; (3) Materially alter the budgetary impact of entitlements, grants, user fees, or loan programs or the rights and obligations of recipients thereof; or (4) Raise novel legal or policy issues arising out of legal mandates, the President's priorities, or the principles set forth in this Executive Order.”

The economic, interagency, budgetary, legal, and policy implications of this regulatory action have been examined, and it has been determined that this is an economically significant regulatory action under Executive Order 12866. VA's regulatory impact analysis can be found as a supporting document at <http://www.regulations.gov>, usually within 48 hours after the rulemaking document is published. Additionally, a copy of the rulemaking and its regulatory impact analysis are available on VA's Web site at <http://www.va.gov/orpm/>, by following the link for “VA Regulations Published From FY 2004 Through Fiscal Year to Date.”

#### Congressional Review Act

This regulatory action is a major rule under the Congressional Review Act, 5 U.S.C. 801–08, because it may result in an annual effect on the economy of \$100 million or more. Although this regulatory action constitutes a major

rule within the meaning of the Congressional Review Act, 5 U.S.C. 804(2), under 5 U.S.C. 808(2) it is not subject to the 60-day delay in effective date applicable to major rules under 5 U.S.C. 801(a)(3) because the Secretary finds for the reasons stated above good cause that advance notice and public procedure for this rule are impractical, unnecessary, and contrary to the public interest. In accordance with 5 U.S.C. 801(a)(1), VA will submit to the Comptroller General and to Congress a copy of this regulatory action and VA's Regulatory Impact Analysis.

#### Unfunded Mandates

The Unfunded Mandates Reform Act of 1995 requires, at 2 U.S.C. 1532, that agencies prepare an assessment of anticipated costs and benefits before issuing any rule that may result in the expenditure by State, local, and tribal governments, in the aggregate, or by the private sector, of \$100 million or more (adjusted annually for inflation) in any 1 year. This interim final rule will have no such effect on State, local, and tribal governments, or on the private sector.

#### Regulatory Flexibility Act

The Secretary hereby certifies that this interim final rule will not have a significant economic impact on a substantial number of small entities as they are defined in the Regulatory Flexibility Act, 5 U.S.C. 601–612. This interim final rule will not have a significant economic impact on participating eligible entities and providers who enter into agreements with VA. To the extent there is any such impact, it will result in increased business and revenue for them. We also do not believe there will be a significant economic impact on insurance companies, as claims will only be submitted for care that will otherwise have been received, whether such care was authorized under this Program or not. Therefore, pursuant to 5 U.S.C. 605(b), this rulemaking is exempt from the initial and final regulatory flexibility analysis requirements of 5 U.S.C. 603 and 604.

#### Catalog of Federal Domestic Assistance

The Catalog of Federal Domestic Assistance numbers and titles for the programs affected by this document are as follows: 64.007, Blind Rehabilitation Centers; 64.008, Veterans Domiciliary Care; 64.009, Veterans Medical Care Benefits; 64.010, Veterans Nursing Home Care; 64.011, Veterans Dental Care; 64.012, Veterans Prescription Service; 64.013, Veterans Prosthetic Appliances; 64.014, Veterans State Domiciliary Care; 64.015, Veterans State

Nursing Home Care; 64.016, Veterans State Hospital Care; 64.018, Sharing Specialized Medical Resources; 64.019, Veterans Rehabilitation Alcohol and Drug Dependence; 64.022, Veterans Home Based Primary Care; and 64.024, VA Homeless Providers Grant and Per Diem Program.

#### Signing Authority

The Secretary of Veterans Affairs, or designee, approved this document and authorized the undersigned to sign and submit the document to the Office of the Federal Register for publication electronically as an official document of the Department of Veterans Affairs. Jose D. Riojas, Chief of Staff, Department of Veterans Affairs, approved this document on April 2, 2015, for publication.

#### List of Subjects in 38 CFR Part 17

Administrative practice and procedure, Alcohol abuse, Alcoholism, Claims, Day care, Dental health, Drug abuse, Government contracts, Grant programs—health, Grant programs—veterans, Health care, Health facilities, Health professions, Health records, Homeless, Mental health programs, Nursing homes, Reporting and recordkeeping requirements, Travel and transportation expenses, Veterans.

Dated: April 17, 2015.

#### Michael Shores,

Chief Impact Analyst, Office of Regulation Policy & Management, Office of the General Counsel, U.S. Department of Veterans Affairs.

For the reasons set out in the preamble, VA amends 38 CFR part 17 as follows:

#### PART 17—MEDICAL

■ 1. The authority citation for part 17 continues to read as follows:

**Authority:** 38 U.S.C. 501, and as noted in specific sections.

■ 2. Amend § 17.1510 by revising paragraph (e) to read as follows:

#### § 17.1510 Eligible veterans.

\* \* \* \* \*

(e) For purposes of calculating the distance between a veteran's residence and the nearest VA medical facility under this section, VA will use the driving distance between the nearest VA medical facility and a veteran's residence. VA will calculate a veteran's driving distance using geographic information system software.

\* \* \* \* \*

[FR Doc. 2015-09370 Filed 4-23-15; 8:45 am]

BILLING CODE 8320-01-P

#### ENVIRONMENTAL PROTECTION AGENCY

#### 40 CFR Part 52

[EPA-R08-OAR-2015-0158; FRL-9924-80-Region 8]

#### Approval and Promulgation of Air Quality Implementation Plans; Montana; Revised Format for Materials Being Incorporated by Reference for Montana

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Final rule; administrative change.

**SUMMARY:** The Environmental Protection Agency (EPA) is revising the format of materials submitted by the state of Montana that are incorporated by reference (IBR) into its State Implementation Plan (SIP). The regulations affected by this format change have all been previously submitted by Montana and approved by the EPA.

**DATES:** This action is effective April 24, 2015.

**ADDRESSES:** EPA has established a docket for this action under Docket ID No. EPA-R08-OAR-2015-0158. SIP Materials which are incorporated by reference into 40 CFR part 52 are available for inspection Monday through Friday, 8:00 a.m. to 4:00 p.m., excluding federal holidays, at the Air Program, Environmental Protection Agency (EPA), Region 8, 1595 Wynkoop Street, Denver, Colorado 80202-1129. EPA requests that you contact the individual listed in the **FOR FURTHER INFORMATION CONTACT** section to view the hard copy of the docket. An electronic copy of the state's SIP compilation is also available at <http://www.epa.gov/region8/air/sip.html>. A hard copy of the regulatory and source-specific portions of the compilation will also be maintained at the Air and Radiation Docket and Information Center, EPA West Building, Room 3334, 1301 Constitution Ave. NW., Washington, DC 20460 and the National Archives and Records Administration (NARA). If you wish to obtain materials from a docket in the EPA Headquarters Library, please call the Office of Air and Radiation (OAR) Docket at (202) 566-1742. For information on the availability of this material at NARA call (202) 741-6030, or go to [http://www.archives.gov/federal-register/code\\_of\\_federal\\_regulations/ibr\\_locations.html](http://www.archives.gov/federal-register/code_of_federal_regulations/ibr_locations.html).

**FOR FURTHER INFORMATION CONTACT:** Kathy Ayala, Air Program, U.S. Environmental Protection Agency

(EPA), Region 8, Mailcode 8P-AR, 1595 Wynkoop Street, Denver, Colorado 80202-1129, 303-312-6142, [ayala.kathy@epa.gov](mailto:ayala.kathy@epa.gov).

#### SUPPLEMENTARY INFORMATION:

#### I. Change in IBR Format

This format revision will affect the "Identification of plan" section of 40 CFR part 52, as well as the format of the SIP materials that will be available for public inspection at the National Archives and Records Administration (NARA); the Air and Radiation Docket and Information Center located at EPA Headquarters in Washington, DC, and the EPA Region 8 Office.

#### A. Description of a SIP

Each state has a SIP containing the control measures and strategies used to attain and maintain the national ambient air quality standards (NAAQS) and achieve certain other Clean Air Act (Act) requirements (e.g., visibility requirements, prevention of significant deterioration). The SIP is extensive, containing such elements as air pollution control regulations, emission inventories, monitoring network descriptions, attainment demonstrations, and enforcement mechanisms.

#### B. How EPA Enforces the SIP

Each SIP revision submitted by Montana must be adopted at the state level after undergoing reasonable notice and public hearing. SIPs submitted to EPA to attain or maintain the NAAQS must include enforceable emission limitations and other control measures, schedules and timetables for compliance.

EPA evaluates submitted SIPs to determine if they meet the Act's requirements. If a SIP meets the Act's requirements, EPA will approve the SIP. EPA's notice of approval is published in the **Federal Register** and the approval is then codified at 40 CFR part 52. Once EPA approves a SIP, it is enforceable by EPA and citizens in federal district court.

We do not reproduce in 40 CFR part 52 the full text of the Montana regulations that we have approved. Instead, we incorporate them by reference or IBR. We approve a given state regulation with a specific effective date and then refer the public to the location(s) of the full text version of the state regulation(s) should they want to know which measures are contained in a given SIP (see I.F., *Where You Can Find a Copy of the SIP Compilation*).

### C. How the State and EPA Update the SIP

The SIP is a dynamic document which the state can revise as necessary to address the unique air pollution problems in the state. Therefore, EPA from time to time must take action on SIP revisions containing new and/or revised regulations.

On May 22, 1997 (62 FR 27968), EPA announced revised procedures for IBR of federally approved SIPs. The procedures announced included: (1) A new process for IBR of material submitted by states into compilations and a process for updating those compilations on roughly an annual basis; (2) a revised mechanism for announcing EPA approval of revisions to an applicable SIP and updating both the compilations and the CFR; and, (3) a revised format for the "Identification of plan" sections for each applicable subpart to reflect these revised IBR procedures.

### D. How EPA Compiles the SIP

We have organized into a compilation the federally-approved regulations, source-specific requirements and nonregulatory provisions we have approved into the SIP. These compilations may be found at <http://www.epa.gov/region8/air/sip.html>. In addition, we maintain hard copies of the compilation which are updated periodically.

### E. How EPA Organizes the SIP Compilation

Each compilation contains three parts. Part one contains the state regulations that have been approved, part two contains the source-specific requirements that have been approved as part of the SIP (if any), and part three contains non-regulatory provisions that have been approved. Each compilation contains a table of identifying information for each regulation, each source-specific requirement, and each nonregulatory provision. The state effective dates in the tables indicate the date of the most recent revision to a particular approved regulation. The table of identifying information in the compilation corresponds to the table of contents published in 40 CFR part 52 for the state. The EPA Regional Offices have the primary responsibility for ensuring accuracy and updating the compilations.

### F. Where You Can Find a Copy of the SIP Compilation

EPA Region 8 developed and will maintain the compilation for Montana. An electronic copy of the compilation is contained at <http://www.epa.gov/>

[region8/air/sip.html](http://www.epa.gov/region8/air/sip.html). SIP Materials which are incorporated by reference into 40 CFR part 52 are also available for inspection at the following locations: Air and Radiation Docket and Information Center, U.S. Environmental Protection Agency, EPA West Building, Room 3334, 1301 Constitution Ave. NW., Washington, DC 20460 or the National Archives and Records Administration (NARA). For information on the availability of this material at NARA, call (202) 741-6030, or go to: <http://www.archives.gov/federal-register/cfr/ibr-locations.html>.

### G. The Format of the New Identification of Plan Section

In order to better serve the public, EPA has revised the organization of the "Identification of plan" section in 40 CFR part 52 and included additional information to clarify the elements of the SIP.

The revised Identification of plan section for Montana contains five subsections:

1. Purpose and scope (see 40 CFR 52.1370(a));
2. Incorporation by reference (see 40 CFR 52.1370(b));
3. EPA-approved regulations (see 40 CFR 52.1370(c));
4. EPA-approved source-specific requirements (see 40 CFR 52.1370(d)); and,
5. EPA-approved nonregulatory provisions such as transportation control measures, statutory provisions, control strategies, monitoring networks, etc. (see 40 CFR 42.1370(e)).

### H. When a SIP Revision Becomes Federally Enforceable

All revisions to the applicable SIP are federally enforceable as of the effective date of EPA's approval of the respective revision. In general, SIP revisions become effective 30 to 60 days after publication of EPA's SIP approval action in the **Federal Register**. In specific cases, a SIP revision action may become effective less than 30 days or greater than 60 days after the **Federal Register** publication date. In order to determine the effective date of EPA's approval for a specific Montana SIP provision that is listed in 40 CFR 52.1370(c), (d), or (e), consult the volume and page of the **Federal Register** cited in 40 CFR 52.1370 for that particular provision.

### I. The Historical Record of SIP Revision Approvals

To facilitate enforcement of previously approved SIP provisions and to provide a smooth transition to the new SIP processing system, we are

retaining the original Identification of plan section (see 40 CFR 52.1397). This section previously appeared at 40 CFR 52.1370. After an initial two-year period, we will review our experience with the new table format and will decide whether to retain the original Identification of plan section (40 CFR 52.1397) for some further period.

### II. What EPA is doing in this action?

This action constitutes a "housekeeping" exercise to reformat the codification of the EPA-approved Montana SIP.

### III. Good Cause Exemption

EPA has determined that this action falls under the "good cause" exemption in section 553(b)(3)(B) of the Administrative Procedure Act (APA) which, upon a finding of "good cause" authorizes agencies to dispense with public participation, and section 553(d)(3), which allows an agency to make a rule effective immediately (thereby avoiding the 30-day delayed effective date otherwise provided for in the APA). This action simply reformats the codification of provisions which are already in effect as a matter of law.

Under section 553 of the APA, an agency may find good cause where procedures are "impractical, unnecessary, or contrary to the public interest." Public comment is "unnecessary" and "contrary to the public interest" since the codification only reflects existing law. Likewise, there is no purpose served by delaying the effective date of this action.

### IV. Statutory and Executive Order Reviews

#### A. General Requirements

Under Executive Order 12866 (58 FR 51735, October 4, 1993), this action is not a "significant regulatory action" and is therefore not subject to review by the Office of Management and Budget. This rule is not subject to Executive Order 13211, "Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use" (66 FR 28355, May 22, 2001) because it is not a significant regulatory action under Executive Order 12866. Because the agency has made a "good cause" finding that this action is not subject to notice-and-comment requirements under the Administrative Procedure Act or any other statute as indicated in this **SUPPLEMENTARY INFORMATION** section, it is not subject to the regulatory flexibility provisions of the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*), or to sections 202 and 205 of the Unfunded Mandates Reform Act of 1995 (UMRA) (Pub. L. 104-4). In

addition, this action does not significantly or uniquely affect small governments or impose a significant intergovernmental mandate, as described in sections 203 and 204 of UMRA. This rule also does not have a substantial direct effect on one or more Indian tribes, on the relationship between the federal government and Indian tribes, or on the distribution of power and responsibilities between the Federal government and Indian tribes, as specified by Executive Order 13175 (65 FR 67249, November 9, 2000), nor will it have substantial direct effects on the states, on the relationship between the national government and the states, or on the distribution of power and responsibilities among the various levels of government, as specified in Executive Order 13132 (64 FR 43255, August 10, 1999). This rule also is not subject to Executive Order 13045 (62 FR 19885, April 23, 1997), because it is not economically significant. This rule does not involve technical standards; thus the requirements of section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) do not apply. The rule also does not involve special consideration of environmental justice related issues as required by Executive Order 12898 (59 FR 7629, February 16, 1994). This rule does not impose an information collection burden under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*). EPA's compliance with these statutes and Executive Orders for the underlying rules are discussed in previous actions taken on the state's rules.

#### B. Submission to Congress and the Comptroller General

The Congressional Review Act (5 U.S.C. 801 *et seq.*), as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. Section 808 allows the issuing agency to make a rule effective sooner than otherwise provided by the CRA if the agency makes a good cause finding that notice and public procedure is impracticable, unnecessary or contrary to the public interest. This action simply codifies provisions which are already in effect as a matter of law in federal and approved state programs. 5 U.S.C. 808(2). As

stated previously, EPA has made such a good cause finding and established an effective date of April 24, 2015. EPA will submit a report containing this rule and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. This change to the Identification of plan for Montana is not a "major rule" as defined by 5 U.S.C. 804(2).

#### C. Petitions for Judicial Review

EPA has also determined that the provisions of section 307(b)(1) of the Clean Air Act pertaining to petitions for judicial review are not applicable to this action. Prior EPA rulemaking actions for each individual component of the Montana SIP compilation had previously afforded interested parties the opportunity to file a petition for judicial review in the United States Court of Appeals for the appropriate circuit within 60 days of such rulemaking action. Thus, EPA sees no need in this action to reopen the 60-day period for filing such petitions for judicial review for this "Identification of plan" reorganization action for Montana.

#### List of Subjects in 40 CFR Part 52

Environmental protection, Air pollution control, Carbon monoxide, Incorporation by reference, Intergovernmental relations, Lead, Nitrogen dioxide, Ozone, Particulate matter, Reporting and recordkeeping requirements, Sulfur oxides, Volatile organic compounds.

Dated: March 14, 2015.

**Shaun L. McGrath,**

*Regional Administrator, Region 8.*

40 CFR part 52 is amended to read as follows:

#### PART 52 [AMENDED]

■ 1. The authority citation for part 52 continues to read as follows:

**Authority:** 42 U.S.C. 7401 *et seq.*

#### Subpart BB—Montana

##### § 52.1370 [Redesignated as § 52.1397]

■ 2. Section 52.1370 is redesignated as § 52.1397, and in newly redesignated § 52.1397, revise the section heading and paragraph (a) to read as follows:

##### § 52.1397 Original identification of plan.

(a) This section identifies the original "Air Implementation Plan for the State

of Montana" and all revisions submitted by Montana that were federally approved prior to March 1, 2015.

\* \* \* \* \*

■ 3. Add § 52.1370 to read as follows:

##### § 52.1370 Identification of plan.

(a) *Purpose and scope.* This section sets forth the applicable State Implementation Plan for Montana under section 110 of the Clean Air Act, 42 U.S.C. 7410 and 40 CFR part 51 to meet national ambient air quality standards or other requirements under the Clean Air Act.

(b) *Incorporation by reference.* (1) Material listed in paragraphs (c), (d), and (e) of this section with an EPA approval date prior to March 1, 2015, was approved for incorporation by reference by the Director of the Federal Register in accordance with 5 U.S.C. 552(a) and 1 CFR part 51. Material is incorporated as submitted by the state to EPA, and notice of any change in the material will be published in the **Federal Register**. Entries for paragraphs (c), (d), and (e) of this section with EPA approval dates after March 1, 2015, will be incorporated by reference in the next update to the SIP compilation.

(2) EPA Region 8 certifies that the rules/regulations provided by EPA in the SIP compilation at the addresses in paragraph (b)(3) of this section are an exact duplicate of the officially promulgated state rules/regulations which have been approved as part of the State Implementation Plan as of March 1, 2015.

(3) Copies of the materials incorporated by reference may be inspected at the Environmental Protection Agency, Region 8, 1595 Wynkoop Street, Denver, Colorado 80202-1129; Air and Radiation Docket and Information Center, U.S. Environmental Protection Agency, West Building, 1301 Constitution Ave. NW., Washington, DC 20460; and, the National Archives and Records Administration (NARA). For information on the availability of materials from the docket in the EPA Headquarters Library, please call the Office of Air and Radiation (OAR) at (202) 566-1742. For information on the availability of this material at NARA, call (202) 741-6030, or go to <http://www.archives.gov/federal-register/cfr/ibr-locations.html>. Copies of the Montana regulations we have approved are also available at <http://www.epa.gov/region8/air/sip.html>.

**FEDERAL COMMUNICATIONS COMMISSION**

**47 CFR Part 73**

[GN Docket No. 12-268; FCC 14-50]

**Expanding the Economic and Innovation Opportunities of Spectrum Through Incentive Auctions**

**AGENCY:** Federal Communications Commission.

**ACTION:** Final rule; announcement of effective date.

**SUMMARY:** In this document, the Commission announces that the Office of Management and Budget (OMB) approved on April 9, 2015, for a period for three years, an information collection for FCC Form 2100, Application for Media Bureau Audio and Video Service Authorization, contained in the Report and Order, FCC 14-50. This document is consistent with the *Report and Order*, which stated that

the Commission would publish a document in the **Federal Register** announcing OMB approval and the effective date of the requirements.

**DATES:** 47 CFR 73.3700(b)(3) and FCC Form 2100, Schedule F, published at 79 FR 48442, August 15, 2014, are effective on April 24, 2015.

**FOR FURTHER INFORMATION CONTACT:** For additional information contact Cathy Williams, *Cathy.Williams@fcc.gov*, (202) 418-2918.

**SUPPLEMENTARY INFORMATION:** This document announces that, on April 9, 2015, OMB approved the information collection requirements for FCC Form 2100, Application for Media Bureau Audio and Video Service Authorization, Schedule F and 47 CFR 73.3700(b)(3), published at 79 FR 48442 on August 15, 2014. The OMB Control Number is 3060-0928. The Commission publishes this document as an announcement of the effective date of the requirements. If you have any comments on the burden estimates listed below, or how the Commission can improve the collections and reduce any burdens caused thereby, please contact Cathy Williams, Federal Communications Commission, Room 1-C823, 445 12th Street SW., Washington, DC 20554. Please include the OMB Control Number, 3060-0928, in your correspondence. The Commission will also accept your comments via the Internet if you send them to *PRA@fcc.gov*.

To request materials in accessible formats for people with disabilities (Braille, large print, electronic files, audio format), send an email to *fcc504@fcc.gov* or call the Consumer and Governmental Affairs Bureau at (202) 418-0530 (voice), (202) 418-0432 (TTY).

### Synopsis

As required by the Paperwork Reduction Act of 1995 (44 U.S.C. 3507), the FCC is notifying the public that it received OMB approval on April 9, 2015, for the information collection requirements contained in the information collection 3060-0928.

Under 5 CFR 1320, an agency may not conduct or sponsor a collection of information unless it displays a current, valid OMB Control Number.

No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act that does not display a current, valid OMB Control Number. The OMB Control Number is 3060-0928. The foregoing document is required by the Paperwork Reduction

Act of 1995, Pub. L. 104-13, October 1, 1995, and 44 U.S.C. 3507.

The total annual reporting burdens and costs for the respondents are as follows:

*OMB Control Number:* 3060-0928.

*OMB Approval Date:* April 9, 2015.

*OMB Expiration Date:* April 30, 2018.

*Title:* FCC Form 2100, Application for Media Bureau Audio and Video Service Authorization, Schedule F (Formerly FCC 302-CA); 47 CFR 73.3572(h) and 47 CFR 73.3700.

*Form No.:* FCC Form 2100, Schedule F.

*Respondents:* Business or other for profit entities; Not for profit institutions; State, local or Tribal government.

*Number of Respondents and Responses:* 521 respondents; 521 responses.

*Estimated Time per Response:* 2 hours.

*Frequency of Response:* On occasion reporting requirement; one-time reporting requirement.

*Obligation to Respond:* Required to obtain or retain benefits. The statutory authority for this information collection is contained in sections 154(i), 307, 308, 309 and 319 of the Communications Act of 1934, as amended.

*Total Annual Burden:* 1,042 hours.

*Total Annual Cost:* \$148,485.

*Privacy Act Impact Assessment:* No impact(s).

*Nature and Extent of Confidentiality:* There is no need for confidentiality with this collection of information.

*Needs and Uses:* In the Notice of Proposed Rulemaking (NPRM), FCC 12-118, released by the Commission on October 2, 2012, it is proposed that, following the completion of the incentive auction process, all channel sharing Class A stations will need to file FCC Form 302-CA (now renamed FCC Form 2100, Schedule F) for their shared channel facility. The NPRM adopts the following proposed information collection requirements:

47 CFR 73.3700—Channel sharing Class A stations will need to file FCC Form 302-CA (now renamed FCC Form 2100, Schedule F) for their shared channel facility.

Federal Communications Commission.

**Sheryl D. Todd,**

*Deputy Secretary, Office of the Secretary, Office of the Managing Director.*

## FEDERAL COMMUNICATIONS COMMISSION

### 47 CFR Part 73

[MB Docket No. 14-253, RM-11741; DA 15-441]

### Radio Broadcasting Services; Sagaponack, New York

**AGENCY:** Federal Communications Commission.

**ACTION:** Final rule.

**SUMMARY:** At the request of Red Wolf Broadcasting Corporation, the Audio Division amends the FM Table of Allotments, by allotting Channel 233A at Sagaponack, New York, as the community's first local service. A staff engineering analysis indicates that Channel 233A can be allotted to Sagaponack consistent with the minimum distance separation requirements of the Commission's Rules with a site restriction located 3.2 kilometers (2 miles) northwest of the community. The reference coordinates are 40-56-01 NL and 72-18-55 WL.

**DATES:** Effective May 25, 2015.

**FOR FURTHER INFORMATION CONTACT:** Rolanda F. Smith, Media Bureau, (202) 418-2700.

**SUPPLEMENTARY INFORMATION:** This is a synopsis of the Commission's *Report and Order*, MB Docket No. 14-253, adopted April 9, 2015, and released April 10, 2015. The full text of this document is available for inspection and copying during normal business hours in the FCC's Reference Information Center at Portals II, CY-A257, 445 12th Street, SW., Washington, DC 20554. This document does not contain information collection requirements subject to the Paperwork Reduction Act of 1995, Public Law 104-13. The Commission will send a copy of the *Report and Order* in a report to be sent to Congress and the Government Accountability Office pursuant to the Congressional Review Act, see 5 U.S.C. 801(a)(1)(A).

### List of Subjects in 47 CFR Part 73

Radio, Radio broadcasting.  
Federal Communications Commission.  
**Nazifa Sawez,**  
*Assistant Chief, Audio Division, Media Bureau.*

For the reasons discussed in the preamble, the Federal Communications Commission amends 47 CFR part 73 as follows:

## PART 73—RADIO BROADCAST SERVICES

■ 1. The authority citation for part 73 continues to read as follows:

**Authority:** 47 U.S.C. 154, 303, 334, 336, and 339.

### § 73.202 [Amended]

■ 2. Section 73.202(b), the Table of FM Allotments under New York, is amended by adding Sagaponack, Channel 233A.

[FR Doc. 2015-09568 Filed 4-23-15; 8:45 am]

**BILLING CODE 6712-01-P**

## DEPARTMENT OF COMMERCE

### National Oceanic and Atmospheric Administration

#### 50 CFR Part 660

[Docket No. 140417346-4575-02]

RIN 0648-XD916

#### Fisheries Off West Coast States; Coastal Pelagic Species Fisheries; Closure

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Temporary rule; closure.

**SUMMARY:** Through this action NMFS is prohibiting directed fishing for Pacific sardine off the coasts of Washington, Oregon and California. This action is necessary because the adjusted non-tribal directed harvest allocation of approximately 5084 metric tons (mt) for the third harvest allocation period from January 1, 2015, through June 30, 2015, is projected to be reached by the date of closure. From the effective date of this rule through June 30, 2015, Pacific sardine may be harvested only as part of either the live bait or tribal fishery or incidental to other fisheries; the incidental harvest of Pacific sardine is limited to 45-percent by weight of all fish per trip. Fishing vessels must cease fishing (be at shore and in the process of offloading) at or before the effective date of this closure.

**DATES:** Effective 12:01 a.m. Pacific Daylight Time (PDT) April 28, 2015, through 11:59 p.m., June 30, 2015.

**FOR FURTHER INFORMATION CONTACT:** Joshua Lindsay, West Coast Region, NMFS, (562) 980-4034.

**SUPPLEMENTARY INFORMATION:** This document announces that—based on the best available information recently obtained on the status of the fishery and information on past fishing effort—the adjusted non-tribal directed fishing harvest allocation for the third harvest allocation period from January 1, through June 30, 2015, of 5,084 mt will be reached and therefore directed fishing for Pacific sardine is being closed per the final rule establishing the 2014–2015 Pacific sardine fishing season (July 25, 2014, 79 FR 43269). In accordance with that rule, the initial directed harvest allocation for the third period of 6,252 mt was adjusted to 5,084 mt to account for excess harvest in the second harvest allocation period. Fishing vessels must cease fishing (be at shore and in the process of offloading) at or before the effective date of this closure. From the effectiveness of this closure, through June 30, 2015, Pacific sardine may be harvested only as part of either the live bait or tribal fishery or incidental to other fisheries, with the incidental harvest of Pacific sardine limited to 45-percent by weight of all fish caught during a trip.

NMFS manages the Pacific sardine fishery in the U.S. exclusive economic zone (EEZ) off the Pacific coast (California, Oregon, and Washington) in accordance with the Coastal Pelagic Species (CPS) Fishery Management Plan (FMP). Annual specifications published in the **Federal Register** establish the allowable harvest levels (*i.e.* annual catch limit (ACL)/harvest guideline (HG)) for each Pacific sardine fishing season. If during any of the seasonal allocation periods the applicable directed harvest allocation is projected to be taken, and the fishery is closed, only incidental harvest is allowed. For the remainder of the period, any incidental Pacific sardine landings will be counted against that period's incidental set aside. In the event that an incidental set-aside is projected to be attained, all fisheries will be closed to the retention of Pacific sardine for the remainder of the period via appropriate rulemaking.

Under 50 CFR 660.509, if the total allocation or any specific apportionment levels for Pacific sardine are reached at any time, NMFS is required to close the Pacific sardine fishery via appropriate rulemaking and the fishery remains closed until it re-opens either per the allocation scheme or the beginning of the next fishing season. In accordance

with § 660.509, the Regional Administrator shall publish a notice in the **Federal Register** announcing the date of the closure of the directed fishery for Pacific sardine.

The above in-season harvest restrictions are not intended to affect the prosecution of the live bait or tribal portions of the Pacific sardine fishery.

#### Classification

This action is required by 50 CFR 660.509 and is exempt from Office of Management and Budget review under Executive Order 12866.

NMFS finds good cause to waive the requirement to provide prior notice and opportunity for public comment pursuant to the authority set forth at 5 U.S.C. 553(b)(B) for the closure of the directed harvest of Pacific sardine. For the reasons set forth below, notice and comment procedures are impracticable and contrary to the public interest. For the same reasons, NMFS also finds good cause under 5 U.S.C. 553(d)(3) to waive the 30-day delay in effectiveness for this action. This measure responds to the best available information and is necessary for the conservation and management of the Pacific sardine resource. A delay in effectiveness would cause the fishery to exceed the allocation for the directed fishery during the 2014–2015 fishing season, which is an important mechanism to prevent fishing in excess of the 2014–2015 annual catch limit. These seasonal harvest levels are important mechanisms in preventing overfishing and managing the fishery at optimum yield. The established directed and incidental harvest allocations are designed to allow fair and equitable opportunity to the resource by all sectors of the Pacific sardine fishery and to allow access to other profitable CPS fisheries, such as squid and Pacific mackerel. Many of the same fishermen who harvest Pacific sardine rely on these other fisheries for a significant portion of their income.

**Authority:** 16 U.S.C. 1801 *et seq.*

Dated: April 21, 2015.

**Emily H. Menashes,**

*Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.*

# Proposed Rules

Federal Register

Vol. 80, No. 79

Friday, April 24, 2015

This section of the FEDERAL REGISTER contains notices to the public of the proposed issuance of rules and regulations. The purpose of these notices is to give interested persons an opportunity to participate in the rule making prior to the adoption of the final rules.

## DEPARTMENT OF AGRICULTURE

### Animal and Plant Health Inspection Service

#### 7 CFR Part 319

[Docket No. APHIS-2014-0085]

RIN 0579-AE04

#### Importation of Fresh Andean Blackberry and Raspberry Fruit From Ecuador Into the Continental United States

**AGENCY:** Animal and Plant Health Inspection Service, USDA.

**ACTION:** Proposed rule.

**SUMMARY:** We are proposing to amend the fruits and vegetables regulations to allow the importation of fresh Andean blackberry and raspberry fruit from Ecuador into the continental United States. As a condition of entry, the fruit would have to be produced in accordance with a systems approach that would include requirements for importation in commercial consignments, from a pest free production site within a certified low pest prevalence area for fruit flies, and pest monitoring and trapping. The fruit would also have to be accompanied by a phytosanitary certificate issued by the national plant protection organization of Ecuador bearing an additional declaration stating that the consignment was produced and prepared for export in accordance with the requirements of the systems approach. This action would allow for the importation of fresh Andean blackberry and raspberry fruit from Ecuador while continuing to provide protection against the introduction of quarantine pests into the continental United States.

**DATES:** We will consider all comments that we receive on or before June 23, 2015.

**ADDRESSES:** You may submit comments by either of the following methods:

- *Federal eRulemaking Portal:* Go to <http://www.regulations.gov/#!docketDetail;D=APHIS-2014-0085>.

- *Postal Mail/Commercial Delivery:* Send your comment to Docket No. APHIS-2014-0085, Regulatory Analysis and Development, PPD, APHIS, Station 3A-03.8, 4700 River Road Unit 118, Riverdale, MD 20737-1238.

Supporting documents and any comments we receive on this docket may be viewed at <http://www.regulations.gov/#!docketDetail;D=APHIS-2014-0085> or in our reading room, which is located in room 1141 of the USDA South Building, 14th Street and Independence Avenue SW., Washington, DC. Normal reading room hours are 8 a.m. to 4:30 p.m., Monday through Friday, except holidays. To be sure someone is there to help you, please call (202) 799-7039 before coming.

**FOR FURTHER INFORMATION CONTACT:** Ms. Claudia Ferguson, Senior Regulatory Policy Specialist, Regulatory Coordination and Compliance, Regulations, Permits and Manuals, PPQ, APHIS, 4700 River Road Unit 133, Riverdale, MD 20737-1231; (301) 851-2352; [Claudia.Ferguson@aphis.usda.gov](mailto:Claudia.Ferguson@aphis.usda.gov).

#### SUPPLEMENTARY INFORMATION:

##### Background

The regulations in “Subpart—Fruits and Vegetables” (7 CFR 319.56–1 through 319.56–71, referred to below as the regulations) prohibit or restrict the importation of fruits and vegetables into the United States from certain parts of the world to prevent the introduction and dissemination of plant pests that are new to or not widely distributed within the United States. The regulations currently do not authorize the importation of fresh Andean blackberry and raspberry fruit from Ecuador. The national plant protection organization (NPPO) of Ecuador has requested that the Animal and Plant Health Inspection Service (APHIS) amend the regulations to allow Andean blackberry and raspberry fruit to be imported from Ecuador into the continental United States.

As part of our evaluation of Ecuador’s request, we have prepared a pest risk assessment (PRA), titled “Importation of Fresh Fruit of Andean Blackberry (*Rubus glaucus* Benth) and Raspberry (*Rubus idaeus* Linnaeus) into the Continental United States from Ecuador” (June 2012). The PRA evaluates the risks associated with the

importation of fresh Andean blackberry and raspberry fruit into the continental United States from Ecuador. Copies of the PRA may be obtained by contacting the individual listed under **FOR FURTHER INFORMATION CONTACT** or viewed on the Regulations.gov Web site (see **ADDRESSES** above for instructions for accessing Regulations.gov).

The PRA identified three quarantine pests likely to follow the pathway of fresh Andean blackberry and raspberry fruit imported from Ecuador: *Anastrepha fraterculus* (South American fruit fly), *Ceratitidis capitata* (Mediterranean fruit fly), and *Copitarsia decolora*, a moth. All of these pests were rated in the PRA as posing a high pest risk potential.

APHIS has determined that measures beyond standard port of arrival inspection are required to mitigate the risks posed by these plant pests. Therefore, we are proposing to allow the importation of fresh Andean blackberry and raspberry fruit from Ecuador into the continental United States produced under a systems approach.

APHIS has also prepared a risk management document for the importation of fresh Andean blackberry and raspberry fruit from Ecuador that identifies a systems approach of specific mitigation measures against the quarantine pests identified in the PRA and concludes that those measures, along with the general requirements for the importation of fruits and vegetables in the regulations, will be sufficient to prevent the introduction of the identified pests into the continental United States. Therefore, we are proposing to add the systems approach requirement to the regulations in a new § 319.56–73. The proposed measures are described below.

#### General Requirements

Paragraph (a) of proposed § 319.56–73 would set out general requirements for the NPPO of Ecuador and for growers and packers producing fresh Andean blackberry and raspberry fruit for export to the continental United States.

Paragraph (a)(1) of proposed § 319.56–73 would require the NPPO of Ecuador to provide an operational workplan to APHIS that details the activities that the NPPO would, subject to APHIS’ approval of the workplan, carry out to meet the requirements of proposed § 319.56–73. An operational workplan is an agreement developed between

APHIS' Plant Protection and Quarantine program, officials of the NPPO of a foreign government, and, when necessary, foreign commercial entities, that specifies in detail the phytosanitary measures that will be carried out to comply with our regulations governing the importation of a specific commodity. Operational workplans apply only to the signatory parties and establish detailed procedures and guidance for the day-to-day operations of specific import/export programs. Operational workplans also establish how specific phytosanitary issues are dealt with in the exporting country and make clear who is responsible for dealing with those issues. The implementation of a systems approach typically requires an operational workplan to be developed.

Paragraph (a)(2) of proposed § 319.56–73 would state that APHIS will be directly involved with the NPPO of Ecuador in monitoring and auditing implementation of the systems approach.

Paragraph (a)(3) of proposed § 319.56–73 would state that only commercial consignments of fresh Andean blackberry and raspberry fruit from Ecuador would be allowed to be imported into the continental United States. Commercial consignments are less likely to be infested with plant pests than noncommercial consignments. Noncommercial consignments are more prone to infestations because the commodity is often ripe to overripe, may be of a variety with unknown susceptibility to pests, and is often grown with little or no pest control.

#### Production Site Requirements

Paragraph (b) of proposed § 319.56–73 would require certain mitigation measures to be taken under the systems approach at the registered production sites. Paragraph (b)(1) would require the production site to carry out any phytosanitary measures specified in the operational workplan. Examples of measures may include field monitoring, bait spraying, and trapping.

Both Andean blackberries and raspberries have been established in the scientific literature as poor hosts of *Anastrepha fraterculus* and *Ceratitis capitata*. Currently, APHIS does not require mitigations for *Ceratitis capitata* for raspberries imported from countries with this pest, including Colombia, Costa Rica, El Salvador, France, Guatemala, Honduras, Nicaragua, and Panama. Therefore, mitigations for *Ceratitis capitata* other than requiring commercial production and inspections are not included in the systems

approach. However, there are a few recorded instances of *Anastrepha fraterculus* infesting Andean blackberries in the field. Because of the slightly stronger host status potential for *Anastrepha fraterculus* in blackberries and raspberries, we would include in the operational workplan a requirement for field trapping and bait spraying in order to maintain low pest prevalence for this pest.

Paragraph (b)(2) of proposed § 319.56–73 would require that all production sites participating in the Andean blackberry and raspberry fruit export program be registered with the NPPO of Ecuador. Such registration would facilitate traceback of a consignment of blackberry and raspberry fruit to the production site in the event that quarantine pests were discovered in the consignment at the port of first arrival into the United States. APHIS would reserve the right to conduct oversight visits at the production site in the event of pest interceptions or other problems.

Paragraph (b)(3) would require the NPPO of Ecuador or their designee<sup>1</sup> to conduct a fruit fly trapping program for the detection of *Anastrepha fraterculus* at each production site. This program would support efforts for pest free production sites within a certified low pest prevalence area for fruit flies. Details of the trapping program and designation, if applicable, would be specified in the operational workplan.

Paragraph (b)(4) would require that the NPPO of Ecuador maintain records of trap placement, trap checks, and any captures of *Anastrepha fraterculus*. The trapping records would have to be maintained and available for APHIS' review for at least 1 year.

Lastly, paragraph (b)(5) would require that the NPPO of Ecuador also maintain an APHIS-approved quality control program to monitor or audit the trapping program, the details of which would be specified in the operational workplan.

#### Packinghouse Requirements

Paragraph (c) of proposed § 319.56–73 would set forth requirements for mitigation and inspection measures specified under the operational workplan that would have to take place at registered packinghouses.

Paragraph (c)(1) would require that packinghouses be registered with the NPPO of Ecuador and comply with the requirements for inspecting and

safeguarding fruit as specified in the operational workplan. If issues should arise, registration would allow for the traceback of a box of fruit to its place of production and packinghouse and would allow APHIS and the NPPO of Ecuador to determine what remedial actions are necessary.

Paragraph (c)(2) would require that while in use for exporting Andean blackberries and raspberries to the continental United States, the packinghouses may only accept fruit from registered production sites.

Paragraph (c)(3) would state that if a single *Anastrepha fraterculus*, *Ceratitis capitata*, or *Copitarsia decolora* is detected by the NPPO of Ecuador in a consignment, that consignment may not be exported to the continental United States. Furthermore, if a single *Anastrepha fraterculus* or *Ceratitis capitata* were detected in a consignment at the port of entry, the consignment would be traced back to the production site and would result in immediate cancellation of exports to the continental United States from that production site. The registered production site would lose its ability to export Andean blackberries and raspberries to the continental United States until APHIS and the NPPO of Ecuador mutually determine that risk mitigation is achieved.

#### Phytosanitary Certificate

The NPPO of Ecuador would be responsible for export certification, inspection, and issuance of phytosanitary certificates. Paragraph (d) of proposed § 319.56–73 would require each consignment of Andean blackberries and/or raspberries to be accompanied by a phytosanitary certificate issued by the NPPO of Ecuador bearing an additional declaration stating that the consignment was produced and prepared for export in accordance with the requirements of § 319.56–73.

#### Executive Order 12866 and Regulatory Flexibility Act

This proposed rule has been reviewed under Executive Order 12866. The proposed rule has been determined to be not significant for the purposes of Executive Order 12866 and, therefore, has not been reviewed by the Office of Management and Budget.

In accordance with the Regulatory Flexibility Act, we have analyzed the potential economic effects of this action on small entities. The analysis is summarized below. Copies of the full analysis are available by contacting the person listed under **FOR FURTHER INFORMATION CONTACT** or on the

<sup>1</sup> An approved designee is an entity with which the NPPO creates a formal agreement that allows that entity to certify that the appropriate procedures have been followed. The approved designee can be a contracted entity, a coalition of growers, or the growers themselves.

Regulations.gov Web site (see **ADDRESSES** above for instructions for accessing Regulations.gov).

The proposed rule is in response to a market access request from the Government of Ecuador for APHIS authorization to allow the importation of fresh Andean raspberries (*Rubus idaeus*) and blackberries (*Rubus occidentalis*) into the continental United States under a systems approach. The systems approach would integrate prescribed mitigation measures that cumulatively achieve the appropriate level of phytosanitary protection. Generally, APHIS allows the importation of fresh fruits and vegetables when requested by a foreign government, and when sound science and an analysis of the risks show that it is appropriate to do so.

U.S. entities that may be impacted by the proposed rule are U.S. producers of fresh raspberries, blackberries, and loganberries, the majority of which are produced in Oregon (98 percent of U.S. blackberries and almost all loganberries), Washington (95 percent of U.S. red raspberries) and California (84 percent of all color raspberries). As a species, Andean raspberries and blackberries are similar to loganberries.

Impacts of the proposed rule on U.S. entities would be dependent upon the quantity of fresh Andean raspberries and blackberries from Ecuador. In 2005, Ecuador had approximately 10,564 acres of Andean blackberry and raspberry crops with a potential production output of 6,840 metric tons (about 15 million pounds) of fruit. Between 2000 and 2006, Ecuador exported an average of 13 metric tons (about 28,660 pounds) of Andean blackberries and raspberries. In 2007, exports of fresh Andean raspberries and Andean blackberries from Ecuador reached 90 metric tons (about 198,416 pounds). According to an Ecuadorian government estimate, the maximum quantity of fresh Andean raspberries and blackberries that could be exported to the United States is less than 182 metric tons per year or 401.24 thousand pounds.

On average, between 2008 and 2012 the United States imported 37.22 million pounds of fresh raspberries, and between 2011 and 2013 imported 63 million pounds of fresh blackberries. Compared to the total average U.S. imports of fresh raspberries and blackberries, the Ecuadorian import share would be less than 0.5 percent of the total U.S. imports for these fruits.

Under these circumstances, the Administrator of the Animal and Plant Health Inspection Service has determined that this action would not

have a significant economic impact on a substantial number of small entities.

#### **Executive Order 12988**

This proposed rule would allow fresh Andean blackberry and raspberry fruit to be imported into the continental United States from Ecuador. If this proposed rule is adopted, State and local laws and regulations regarding fresh Andean blackberry and raspberry fruit imported under this rule would be preempted while the fruit is in foreign commerce. Fresh fruits are generally imported for immediate distribution and sale to the consuming public and would remain in foreign commerce until sold to the ultimate consumer. The question of when foreign commerce ceases in other cases must be addressed on a case-by-case basis. If this proposed rule is adopted, no retroactive effect will be given to this rule, and this rule will not require administrative proceedings before parties may file suit in court challenging this rule.

#### **Paperwork Reduction Act**

In accordance with section 3507(d) of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the information collection or recordkeeping requirements included in this proposed rule have been submitted for approval to the Office of Management and Budget (OMB). Please send written comments to the Office of Information and Regulatory Affairs, OMB, Attention: Desk Officer for APHIS, Washington, DC 20503. Please state that your comments refer to Docket No. APHIS-2014-0085. Please send a copy of your comments to: (1) APHIS, using one of the methods described under **ADDRESSES** at the beginning of this document, and (2) Clearance Officer, OCIO, USDA, Room 404-W, 14th Street and Independence Avenue SW., Washington, DC 20250.

Allowing the importation of fresh Andean blackberry and raspberry fruit into the continental United States from Ecuador will require an operational workplan, production site registration, packinghouse registration, a quality control program, recordkeeping, and phytosanitary certificates issued by the NPPO of Ecuador stating that the consignments were produced and prepared for export in accordance with the requirements of § 319.56-73. The fruit would also be required to be imported in commercial consignments.

We are soliciting comments from the public (as well as affected agencies) concerning our proposed information collection and recordkeeping requirements. These comments will help us:

(1) Evaluate whether the proposed information collection is necessary for the proper performance of our agency's functions, including whether the information will have practical utility;

(2) Evaluate the accuracy of our estimate of the burden of the proposed information collection, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the information collection on those who are to respond (such as through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology; *e.g.*, permitting electronic submission of responses).

*Estimate of burden:* Public reporting burden for this collection of information is estimated to average 2.833 hours per response.

*Respondents:* NPPO, producers, exporters.

*Estimated number of respondents:* 23.

*Estimated number of responses per respondent:* 2,608.

*Estimated annual number of responses:* 60.

*Estimated total annual burden on respondents:* 170 hours. (Due to averaging, the total annual burden hours may not equal the product of the annual number of responses multiplied by the reporting burden per response.)

Copies of this information collection can be obtained from Ms. Kimberly Hardy, APHIS' Information Collection Coordinator, at (301) 851-2727.

#### **E-Government Act Compliance**

The Animal and Plant Health Inspection Service is committed to compliance with the E-Government Act to promote the use of the Internet and other information technologies, to provide increased opportunities for citizen access to Government information and services, and for other purposes. For information pertinent to E-Government Act compliance related to this proposed rule, please contact Ms. Kimberly Hardy, APHIS' Information Collection Coordinator, at (301) 851-2727.

#### **List of Subjects in 7 CFR Part 319**

Coffee, Cotton, Fruits, Imports, Logs, Nursery stock, Plant diseases and pests, Quarantine, Reporting and recordkeeping requirements, Rice, Vegetables.

Accordingly, we propose to amend 7 CFR part 319 as follows:

**PART 319—FOREIGN QUARANTINE NOTICES**

■ 1. The authority citation for part 319 continues to read as follows:

**Authority:** 7 U.S.C. 450, 7701–7772, and 7781–7786; 21 U.S.C. 136 and 136a; 7 CFR 2.22, 2.80, and 371.3.

■ 2. Section 319.56–73 is added to read as follows:

**§ 319.56–73. Andean blackberries and raspberries from Ecuador.**

Andean blackberries (*Rubus glaucus* Benth) and raspberries (*Rubus idaeus* Linnaeus) may be imported into the continental United States from Ecuador under the conditions described in this section and other applicable provisions of this subpart. These conditions are designed to prevent the introduction of the following quarantine pests:

*Anastrepha fraterculus*, *Ceratitidis capitata*, and *Copitarsia decolora*.

(a) *General requirements.* (1) The national plant protection organization (NPPO) of Ecuador must provide an operational workplan to APHIS that details the systems approach to pest mitigations and other specific requirements that the NPPO of Ecuador will, subject to APHIS' approval of the workplan, carry out to meet the requirements of this section.

(2) APHIS will be directly involved with the NPPO of Ecuador in monitoring and auditing implementation of the systems approach.

(3) Andean blackberry and raspberry fruit from Ecuador may be imported into the continental United States in commercial consignments only.

(b) *Production site requirements.* (1) Each production site must carry out the phytosanitary measures specified in the APHIS-approved operational workplan.

(2) All places of production that participate in the export program must be approved by and registered with the NPPO of Ecuador. APHIS reserves the right to conduct oversight visits in the event of pest interceptions or other problems.

(3) The NPPO of Ecuador or their designee must conduct a fruit fly trapping program for the detection of *Anastrepha fraterculus* at each production site in accordance with the operational workplan. If a designee conducts the program, the designation must be detailed in the operational workplan. The approved designee can be a contracted entity, a coalition of growers, or the growers themselves.

(4) The NPPO of Ecuador must maintain records of trap placement, trap checks, and any captures of *Anastrepha fraterculus*. The trapping records must

be maintained for APHIS' review for at least 1 year.

(5) The NPPO of Ecuador must maintain a quality control program, approved by APHIS, to monitor or audit the trapping program in accordance with the operational workplan.

(c) *Packinghouse requirements.* (1) Packinghouses must be registered with the NPPO of Ecuador and comply with the requirements as specified in the operational workplan.

(2) While in use for exporting Andean blackberries and raspberries to the continental United States, the packinghouses may only accept fruit from registered production sites.

(3) If a single *Anastrepha fraterculus*, *Ceratitidis capitata*, or *Copitarsia decolora* is detected by the NPPO in a consignment, the consignment may not be exported to the United States. Furthermore, if a single *Anastrepha fraterculus* or *Ceratitidis capitata* is detected in a consignment at the port of entry and traced back to a registered production site, that production site will lose its ability to export Andean blackberries and raspberries to the continental United States until APHIS and the NPPO of Ecuador mutually determine that risk mitigation is achieved.

(d) *Phytosanitary certificate.* Each consignment of Andean blackberries and/or raspberries must be accompanied by a phytosanitary certificate issued by the NPPO of Ecuador and bear an additional declaration stating that the consignment was produced and prepared for export in accordance with the requirements of § 319.56–73.

Done in Washington, DC, this 20th day of April 2015.

[Docket No. APHIS–2014–0086]

RIN 0579–AE07

**Importation of Fresh Peppers From Ecuador Into the United States**

**AGENCY:** Animal and Plant Health Inspection Service, USDA.

**ACTION:** Proposed rule.

**SUMMARY:** We are proposing to amend the fruits and vegetables regulations to

allow the importation of fresh peppers into the United States from Ecuador. As a condition of entry, the fruit would have to be produced in accordance with a systems approach that would include requirements for fruit fly trapping, pre-harvest inspections, production sites, and packinghouse procedures designed to exclude quarantine pests. The fruit would also be required to be imported in commercial consignments and accompanied by a phytosanitary certificate issued by the national plant protection organization of Ecuador stating that the consignment was produced and prepared for export in accordance with the requirements in the systems approach. This action would allow for the importation of fresh peppers from Ecuador while continuing to provide protection against the introduction of plant pests into the United States.

**DATES:** We will consider all comments that we receive on or before June 23, 2015.

**ADDRESSES:** You may submit comments by either of the following methods:

- *Federal eRulemaking Portal:* Go to <http://www.regulations.gov/#!docketDetail;D=APHIS-2014-0086>.

- *Postal Mail/Commercial Delivery:*

Send your comment to Docket No. APHIS–2014–0086, Regulatory Analysis and Development, PPD, APHIS, Station 3A–03.8, 4700 River Road Unit 118, Riverdale, MD 20737–1238.

Supporting documents and any comments we receive on this docket may be viewed at <http://www.regulations.gov/#!docketDetail;D=APHIS-2014-0086> or in our reading room, which is located in room 1141 of the USDA South Building, 14th Street and Independence Avenue SW., Washington, DC. Normal reading room hours are 8 a.m. to 4:30 p.m., Monday through Friday, except holidays. To be sure someone is there to help you, please call (202) 799–7039 before coming.

**FOR FURTHER INFORMATION CONTACT:** Ms. Claudia Ferguson, Senior Regulatory Policy Specialist, Regulatory Coordination and Compliance, Regulations, Permits and Manuals, PPQ, APHIS, 4700 River Road Unit 133, Riverdale, MD 20737–1231; (301) 851–2352; [Claudia.Ferguson@aphis.usda.gov](mailto:Claudia.Ferguson@aphis.usda.gov).

**SUPPLEMENTARY INFORMATION:****Background**

The regulations in “Subpart—Fruits and Vegetables” (7 CFR 319.56–1 through 319.56–71, referred to below as the regulations) prohibit or restrict the importation of fruits and vegetables into

the United States from certain parts of the world to prevent the introduction and dissemination of plant pests that are new to or not widely distributed within the United States. The regulations currently do not authorize the importation of fresh peppers from Ecuador.

The national plant protection organization (NPPO) of Ecuador has requested that the Animal and Plant Health Inspection Service (APHIS) amend the regulations in order to allow the common bell pepper (*Capsicum annuum* L.), locoto pepper (*Capsicum baccatum* L.), habanero pepper (*Capsicum chinense* Jacq.), tabasco pepper (*Capsicum frutescens* L.), and manzano pepper (*Capsicum pubescens* Ruiz & Pav.) to be imported into the United States. (Hereafter we refer to these species as “peppers.”)

As part of our evaluation of Ecuador’s request, we prepared a pest risk assessment (PRA) and a risk management document (RMD). Copies of the PRA and the RMD may be obtained from the person listed under **FOR FURTHER INFORMATION CONTACT** or viewed on the Regulations.gov Web site (see **ADDRESSES** above for instructions for accessing Regulations.gov).

The PRA, titled “Importation of Fresh Pepper Fruit—*Capsicum annuum* L., *Capsicum baccatum* L., *Capsicum chinense* Jacq., *Capsicum frutescens* L., and *Capsicum pubescens* Ruiz & Pav.—from Ecuador into the United States (January 2013),” evaluates the risks associated with the importation of fresh peppers from Ecuador into the United States. The RMD relies upon the findings of the PRA to determine the phytosanitary measures necessary to ensure the safe importation into the United States of fresh peppers from Ecuador.

The PRA identifies eight quarantine pests present in Ecuador that could be introduced into the United States through the importation of fresh peppers:

- *Anastrepha fraterculus* (Wiedemann), South American fruit fly.
- *Ceratitidis capitata* (Wiedemann), Mediterranean fruit fly.
- *Neoleucinodes elegantalis* (Guenée), a fruit-boring moth.
- *Puccinia pampeana* Speg., a pathogenic fungus that causes pepper and green pepper rust.
- *Spodoptera litura* (Fabricius), a leaf-eating moth.
- *Thrips palmi* Karny, an arthropod.
- *Tuta absoluta* (Meyrick) Povolny, South American tomato moth.
- Andean potato mottle virus.

A quarantine pest is defined in § 319.56–2 of the regulations as a pest of

potential economic importance to the area endangered thereby and not yet present there, or present but not widely distributed and being officially controlled. Plant pest risk potentials associated with the importation of fresh peppers from Ecuador into the United States were determined by estimating the consequences and likelihood of introduction of each quarantine pest into the United States and ranking the risk potential as high, medium, or low. The PRA rated six of the pests as having a high pest risk potential for following the pathway of peppers from Ecuador into the United States: The insects *Anastrepha fraterculus*, *Ceratitidis capitata*, *Spodoptera litura*, *Thrips palmi*, and *Tuta absoluta* and the fungus *Puccinia pampeana*. The PRA rated the insect *Neoleucinodes elegantalis* and the Andean potato mottle virus with a medium pest risk potential.

APHIS has determined that measures beyond standard port of arrival inspection are required to mitigate the risks posed by these plant pests. Therefore, we are proposing to allow the importation of fresh peppers with stems from Ecuador into the United States produced under a systems approach. The RMD prepared for fresh peppers from Ecuador identifies a systems approach of specific mitigation measures against the quarantine pests identified in the PRA and concludes that those measures, along with the general requirements for the importation of fruits and vegetables in the regulations, will be sufficient to prevent the introduction of those pests into the United States. Therefore, we are proposing to add the systems approach to the regulations in a new § 319.56–73. The proposed measures are described below.

#### General Requirements

Paragraph (a) of proposed § 319.56–73 would require the NPPO of Ecuador to provide an operational workplan to APHIS that details the activities that the NPPO would, subject to APHIS’ approval of the workplan, carry out to meet the requirements of proposed § 319.56–73. An operational workplan is an agreement developed between APHIS’ Plant Protection and Quarantine program, officials of the NPPO of a foreign government, and, when necessary, foreign commercial entities, that specifies in detail the phytosanitary measures that will be carried out to comply with our regulations governing the importation of a specific commodity. Operational workplans apply only to the signatory parties and establish detailed procedures and

guidance for the day-to-day operations of specific import/export programs. Operational workplans also establish how specific phytosanitary issues are dealt with in the exporting country and make clear who is responsible for dealing with those issues. The implementation of a systems approach typically requires an operational workplan to be developed.

Paragraph (b) of proposed § 319.56–73 would require fresh peppers from Ecuador to be imported in commercial consignments only. Produce grown commercially is less likely to be infested with plant pests than noncommercial consignments. Noncommercial consignments are more prone to infestations because the commodity is often ripe to overripe, could be of a variety with unknown susceptibility to pests, and is often grown with little or no pest control.

#### Production Site Requirements

Paragraph (c)(1) of proposed § 319.56–73 would require that the peppers be grown in a pest-free, pest-exclusionary greenhouse or similar structure approved by and registered with the NPPO of Ecuador. Pest-free production sites have been used successfully to prevent infestation by *C. capitata* and other quarantine pests for peppers of the species *Capsicum annuum*, *Capsicum baccatum*, *Capsicum chinense*, and *Capsicum frutescens* in Costa Rica, El Salvador, Guatemala, Honduras, and Nicaragua since 2005. No pests of quarantine significance have been intercepted by APHIS on fresh peppers grown in such structures and imported into the United States from these regions. The pest-exclusionary structures would have to be equipped with double self-closing doors to prevent inadvertent introduction of pests. In addition, any windows, vents, or openings in the pest-exclusionary structures (other than the double self-closing doors) would have to be covered with 1.6 mm screening (or less) in order to prevent the entry of pests. The 1.6 mm screening size is adequate to exclude *A. fraterculus*, *C. capitata*, *N. elegantalis*, *S. litura*, and *T. absoluta*, as these pests are relatively large.

Paragraph (c)(2) of proposed § 319.56–73 would require that all production sites participating in the fresh pepper export program be registered with the NPPO of Ecuador. Such registration would facilitate traceback of a consignment of peppers to the production site in the event that quarantine pests were discovered in the consignment at the port of first arrival into the United States. APHIS would reserve the right to conduct audits and

inspect the production sites as necessary.

Paragraph (c)(3) of proposed § 319.56–73 would require the production sites to be inspected prior to harvest by the NPPO of Ecuador or its approved designee<sup>1</sup> in accordance with the operational workplan. If, during these inspections, *T. palmi*, the Lepidoptera *N. elegantalis*, *S. litura*, *T. absoluta*, *P. pampeana*, the Andean potato mottle virus, or other quarantine pests are found to be generally infesting or infecting the production site, the NPPO of Ecuador would immediately prohibit that production site from exporting peppers to the United States and notify APHIS of the action. The prohibition would remain in effect until the NPPO of Ecuador and APHIS agree that the pest risk has been mitigated.

Paragraph (c)(4) of proposed § 319.56–73 would require trapping for the fruit flies *A. fraterculus* and *C. capitata* at each production site in accordance with the operational workplan.

Paragraph (c)(5) would state that, if a single *A. fraterculus* or *C. capitata* is detected inside a registered production site or in a consignment, the NPPO of Ecuador would immediately prohibit that production site from exporting peppers to the United States and notify APHIS of the action. The prohibition would remain in effect until the NPPO of Ecuador and APHIS agree that the risk has been mitigated.

To ensure that the trapping is being properly conducted, paragraph (c)(6) would state that the NPPO of Ecuador would have to maintain records of trap placement, trap checks, and any quarantine pest captures in accordance with the operational workplan. Trapping records would have to be maintained for APHIS' review for at least 1 year.

Paragraph (c)(7) would state that the NPPO of Ecuador would have to maintain a quality control program, approved by APHIS, to monitor or audit the trapping program in accordance with the operational workplan.

#### *Packinghouse Requirements*

We are proposing several requirements for packinghouse activities, which would be contained in paragraph (d) of proposed § 319.56–73.

Paragraph (d)(1) would require that fresh peppers be packed in a packinghouse registered with the NPPO of Ecuador. Such registration would

facilitate traceback of a consignment of peppers to the packinghouse in which it was packed in the event that quarantine pests were discovered in the consignment at the port of first arrival into the United States.

Paragraph (d)(2) would require that the peppers be packed within 24 hours of harvest in a pest-exclusionary packinghouse. The peppers would have to be safeguarded by an insect-proof mesh screen or plastic tarpaulin while in transit to the packinghouse and while awaiting packing. The peppers would be required to be packed in insect-proof cartons or containers, or covered with insect-proof mesh or plastic tarpaulin, for transit to the United States. These safeguards would have to remain intact until arrival in the United States or the consignment would be denied entry.

Paragraph (d)(3) of proposed § 319.56–73 would require that during the time that the packinghouse is in use for exporting fresh peppers to the United States, the packinghouse would only be allowed to accept peppers from registered production sites. This requirement would prevent such peppers intended for export to the United States from being exposed to or otherwise mixed with peppers that are not produced according to the requirements of the systems approach.

#### *Phytosanitary Certificate*

To certify that fresh peppers from Ecuador have been grown and packed in accordance with the requirements of proposed § 319.56–73, proposed paragraph (e) would require each consignment of peppers to be accompanied by a phytosanitary certificate issued by the NPPO of Ecuador bearing the additional declaration that the consignment was produced and prepared for export in accordance with the requirements of § 319.56–73. The shipping box would have to be labeled with the identity of the production site.

#### **Executive Order 12866 and Regulatory Flexibility Act**

This proposed rule has been reviewed under Executive Order 12866. The proposed rule has been determined to be not significant for the purposes of Executive Order 12866 and, therefore, has not been reviewed by the Office of Management and Budget.

In accordance with the Regulatory Flexibility Act, we have analyzed the potential economic effects of this action on small entities. The analysis is summarized below. Copies of the full analysis are available by contacting the person listed under **FOR FURTHER INFORMATION CONTACT** or on the

Regulations.gov Web site (see **ADDRESSES** above for instructions for accessing Regulations.gov).

The proposed rule would amend the regulations to allow the importation of fresh peppers from Ecuador into the United States when a systems approach to pest risk mitigation is used to prevent the introduction of quarantine pests. The systems approach would integrate prescribed mitigation measures that cumulatively achieve the appropriate level of phytosanitary protection.

The most recent production data available show that fresh pepper yields in Ecuador have expanded from approximately 12,522 pounds per hectare (pounds/ha) in 1996 to approximately 66,361 pounds/ha in 2006. The total quantity of fresh peppers that were exported from Ecuador in 2006 and 2007 was 96.3 metric tons (MT) and 206.5 MT, respectively. Sea shipping containers that are 40 feet in length hold approximately 20 U.S. MT. Considering the total volume exported from Ecuador during these years, APHIS estimates imports of no more than 10 containers (200 MT) of fresh peppers from Ecuador into the United States annually. This quantity is equivalent to less than 0.02 percent of annual U.S. fresh pepper production. Similarly, the estimated quantity of fresh pepper imports from Ecuador (200 MT annually) is minimal compared to the total quantity of fresh peppers imported by the United States in recent years (800,000 MT annually).

In the United States, the average value of bell pepper production per farm in 2012 was approximately \$52,300, and the average value of chili pepper production per farm was approximately \$20,700. Both levels are well below the small-entity standard of \$750,000. Establishments classified within NAICS 111219, including pepper farms, are considered small by the Small Business Administration (SBA) if annual sales are not more than \$750,000. Accordingly, pepper growers are predominantly small entities according to the SBA standard.

Under these circumstances, the Administrator of the Animal and Plant Health Inspection Service has determined that this action would not have a significant economic impact on a substantial number of small entities.

#### **Executive Order 12988**

This proposed rule would allow fresh peppers to be imported into the United States from Ecuador. If this proposed rule is adopted, State and local laws and regulations regarding fresh peppers imported under this rule would be preempted while the fruit is in foreign commerce. Fresh vegetables are

<sup>1</sup> An approved designee is an entity with which the NPPO creates a formal agreement that allows that entity to certify that the appropriate procedures have been followed. The approved designee can be a contracted entity, a coalition of growers, or the growers themselves.

generally imported for immediate distribution and sale to the consuming public and would remain in foreign commerce until sold to the ultimate consumer. The question of when foreign commerce ceases in other cases must be addressed on a case-by-case basis. If this proposed rule is adopted, no retroactive effect will be given to this rule, and this rule will not require administrative proceedings before parties may file suit in court challenging this rule.

#### Paperwork Reduction Act

In accordance with section 3507(d) of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the information collection or recordkeeping requirements included in this proposed rule have been submitted for approval to the Office of Management and Budget (OMB). Please send written comments to the Office of Information and Regulatory Affairs, OMB, Attention: Desk Officer for APHIS, Washington, DC 20503. Please state that your comments refer to Docket No. APHIS–2014–0086. Please send a copy of your comments to: (1) APHIS, using one of the methods described under **ADDRESSES** at the beginning of this document, and (2) Clearance Officer, OCIO, USDA, room 404–W, 14th Street and Independence Avenue SW., Washington, DC 20250.

APHIS is proposing to amend the fruits and vegetables regulations to allow the importation of fresh peppers into the United States from Ecuador. As a condition of entry, the fruit would have to be produced in accordance with a systems approach that would include requirements for fruit fly trapping, inspections, production sites, a quality control program, and packinghouse procedures designed to exclude quarantine pests. The fruit would also be required to be imported in commercial consignments and be accompanied by a phytosanitary certificate issued by the NPPO of Ecuador stating that the consignment was produced and prepared for export in accordance with the requirements of § 319.56–73.

This action would allow for the importation of fresh peppers from Ecuador while continuing to provide protection against the introduction of plant pests into the United States.

Allowing the importation of fresh peppers into the United States from Ecuador will require an operational workplan, registered production sites, trapping records, quality control program, packinghouse registrations, box labeling, and phytosanitary certificates.

We are soliciting comments from the public (as well as affected agencies)

concerning our proposed information collection and recordkeeping requirements. These comments will help us:

(1) Evaluate whether the proposed information collection is necessary for the proper performance of our agency's functions, including whether the information will have practical utility;

(2) Evaluate the accuracy of our estimate of the burden of the proposed information collection, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the information collection on those who are to respond (such as through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology; *e.g.*, permitting electronic submission of responses).

*Estimate of burden:* Public reporting burden for this collection of information is estimated to average .007 hours per response.

*Respondents:* NPPO, producers, exporters.

*Estimated number of respondents:* 802.

*Estimated number of responses per respondent:* 251.45.

*Estimated annual number of responses:* 201,669.

*Estimated total annual burden on respondents:* 1,486 hours. (Due to rounding, the total annual burden hours may not equal the product of the annual number of responses multiplied by the average reporting burden per response.)

Copies of this information collection can be obtained from Ms. Kimberly Hardy, APHIS' Information Collection Coordinator, at (301) 851–2727.

#### E-Government Act Compliance

The Animal and Plant Health Inspection Service is committed to compliance with the E-Government Act to promote the use of the Internet and other information technologies, to provide increased opportunities for citizen access to Government information and services, and for other purposes. For information pertinent to E-Government Act compliance related to this proposed rule, please contact Ms. Kimberly Hardy, APHIS' Information Collection Coordinator, at (301) 851–2727.

#### List of Subjects in 7 CFR Part 319

Coffee, Cotton, Fruits, Imports, Logs, Nursery stock, Plant diseases and pests, Quarantine, Reporting and recordkeeping requirements, Rice, Vegetables.

Accordingly, we propose to amend 7 CFR part 319 as follows:

#### PART 319—FOREIGN QUARANTINE NOTICES

■ 1. The authority citation for part 319 continues to read as follows:

**Authority:** 7 U.S.C. 450 and 7701–7772 and 7781–7786; 21 U.S.C. 136 and 136a; 7 CFR 2.22, 2.80, and 371.3.

■ 2. Section 319.56–73 is added to read as follows:

#### § 319.56–73 Peppers from Ecuador.

Fresh peppers (*Capsicum annum* L., *Capsicum baccatum* L., *Capsicum chinense* Jacq., *Capsicum frutescens* L., and *Capsicum pubescens* Ruiz & Pav.) from Ecuador may be imported into the United States only under the conditions described in this section. These conditions are designed to prevent the introduction of the following quarantine pests: Andean potato mottle virus; *Anastrepha fraterculus* (Wiedemann), South American fruit fly; *Ceratitis capitata* (Wiedemann), Mediterranean fruit fly; *Neoleucinodes elegantalis* (Guenée), a fruit boring moth; *Puccinia pampeana* Speg., a pathogenic fungus that causes pepper and green pepper rust *Spodoptera litura* (Fabricius), a leaf-eating moth; *Thrips palmi* Karny, an arthropod; and *Tuta absoluta* (Meyrick) Povolny, South American tomato moth.

(a) *General requirements.* The national plant protection organization (NPPO) of Ecuador must provide an operational workplan to APHIS that details activities that the NPPO of Ecuador will, subject to APHIS' approval of the workplan, carry out to meet the requirements of this section. The operational workplan must include and describe the specific requirements as set forth in this section.

(b) *Commercial consignments.* Peppers from Ecuador may be imported in commercial consignments only.

(c) *Production site requirements.* (1) Pepper production sites must consist of pest-exclusionary structures, which must have double self-closing doors and have all other windows, openings, and vents covered with 1.6 mm (or less) screening.

(2) All production sites that participate in the pepper export program must be registered with the NPPO of Ecuador.

(3) The production sites must be inspected prior to each harvest by the NPPO of Ecuador or its approved designee in accordance with the operational workplan. If any quarantine pests are found to be generally infesting or infecting the production site, the

NPPO of Ecuador will immediately prohibit that production site from exporting peppers to the United States and notify APHIS of this action. The prohibition will remain in effect until the NPPO of Ecuador and APHIS agree that the pest risk has been mitigated. If a designee conducts the program, the designation must be detailed in the operational workplan. The approved designee can be a contracted entity, a coalition of growers, or the growers themselves.

(4) The registered production sites must conduct trapping for the fruit flies *A. fraterculus* and *C. capitata* at each production site in accordance with the operational workplan.

(5) If a single *A. fraterculus* or *C. capitata* is detected inside a registered production site or in a consignment, the NPPO of Ecuador must immediately prohibit that production site from exporting peppers to the United States and notify APHIS of the action. The prohibition will remain in effect until the NPPO of Ecuador and APHIS agree that the risk has been mitigated.

(6) The NPPO of Ecuador must maintain records of trap placement, checking of traps, and any quarantine pest captures in accordance with the operational workplan. Trapping records must be maintained for APHIS review for at least 1 year.

(7) The NPPO of Ecuador must maintain a quality control program, approved by APHIS, to monitor or audit the trapping program in accordance with the operational workplan.

(d) *Packinghouse procedures.* (1) All packinghouses that participate in the export program must be registered with the NPPO of Ecuador.

(2) The peppers must be packed within 24 hours of harvest in a pest-exclusionary packinghouse. The peppers must be safeguarded by an insect-proof mesh screen or plastic tarpaulin while in transit to the packinghouse and while awaiting packing. The peppers must be packed in insect-proof cartons or containers, or covered with insect-proof mesh or plastic tarpaulin, for transit into the United States. These safeguards must remain intact until arrival in the United States or the consignment will be denied entry into the United States.

(3) During the time the packinghouse is in use for exporting peppers to the United States, the packinghouse may only accept peppers from registered approved production sites.

(e) *Phytosanitary certificate.* Each consignment of peppers must be accompanied by a phytosanitary certificate issued by the NPPO of Ecuador bearing the additional

declaration that the consignment was produced and prepared for export in accordance with the requirements of § 319.56–73. The shipping box must be labeled with the identity of the production site.

Done in Washington, DC, this 20th day of April 2015.

**Kevin Shea,**

[Docket No. APHIS–2014–0028]

RIN 0579–AD97

#### Importation of Fresh Peppers From Peru Into the Continental United States and the Territories

**AGENCY:** Animal and Plant Health Inspection Service, USDA.

**ACTION:** Proposed rule.

**SUMMARY:** We are proposing to amend the fruits and vegetables regulations to allow the importation of fresh peppers into the continental United States and the Territories from Peru. As a condition of entry, the fruit would have to be produced in accordance with a systems approach that would include requirements for fruit fly trapping, pre-harvest inspections, production sites, and packinghouse procedures designed to exclude quarantine pests. The fruit would also be required to be imported in commercial consignments and accompanied by a phytosanitary certificate issued by the national plant protection organization of Peru with an additional declaration stating that the consignment was produced in accordance with the requirements of the systems approach. This action would allow for the importation of untreated fresh peppers from Peru while continuing to provide protection against the introduction of plant pests into the continental United States and the Territories.

**DATES:** We will consider all comments that we receive on or before June 23, 2015.

**ADDRESSES:** You may submit comments by either of the following methods:

- *Federal eRulemaking Portal:* Go to <http://www.regulations.gov/#/docketDetail;D=APHIS-2014-0028>.

• *Postal Mail/Commercial Delivery:* Send your comment to Docket No. APHIS–2014–0028, Regulatory Analysis and Development, PPD, APHIS, Station 3A–03.8, 4700 River Road Unit 118, Riverdale, MD 20737–1238.

Supporting documents and any comments we receive on this docket may be viewed at <http://www.regulations.gov/#/docketDetail;D=APHIS-2014-0028> or in our reading room, which is located in room 1141 of the USDA South Building, 14th Street and Independence Avenue SW., Washington, DC. Normal reading room hours are 8 a.m. to 4:30 p.m., Monday through Friday, except holidays. To be sure someone is there to help you, please call (202) 799–7039 before coming.

**FOR FURTHER INFORMATION CONTACT:** Mr. George Balady, Senior Regulatory Policy Specialist, Plant Health Programs, PPQ, APHIS, 4700 River Road Unit 133, Riverdale, MD 20737; (301) 851–2240.

#### SUPPLEMENTARY INFORMATION:

##### Background

The regulations in “Subpart—Fruits and Vegetables” (7 CFR 319.56–1 through 319.56–71, referred to below as the regulations) prohibit or restrict the importation of fruits and vegetables into the United States from certain parts of the world to prevent the introduction and dissemination of plant pests that are new to or not widely distributed within the United States. The regulations currently do not authorize the importation of fresh peppers from Peru.

The national plant protection organization (NPPO) of Peru has requested that the Animal and Plant Health Inspection Service (APHIS) amend the regulations in order to allow the common chili pepper (*Capsicum annuum* L.), aji pepper (*Capsicum baccatum* L.), habanero chili (*Capsicum chinense* Jacq.), Thai pepper (*Capsicum frutescens* L.), and rocoto (*Capsicum pubescens* Ruiz & Pav.) to be imported into the continental United States and the Territories (the Commonwealth of Northern Mariana Islands, the Commonwealth of Puerto Rico, Guam, the Virgin Islands of the United States, and any other territory or possession of the United States). (Hereafter we refer to these species as “peppers.”)

As part of our evaluation of Peru’s request, we prepared a pest risk assessment (PRA) and a risk management document (RMD). Copies of the PRA and the RMD may be obtained from the person listed under **FOR FURTHER INFORMATION CONTACT** or viewed on the Regulations.gov Web site (see **ADDRESSES** above for instructions for accessing Regulations.gov).

The PRA, titled “Importation of Fresh Pepper Fruit—*Capsicum annuum* L., *Capsicum baccatum* L., *Capsicum chinense* Jacq., *Capsicum frutescens* L., and *Capsicum pubescens* Ruiz & Pav.—from Peru into the Continental United States and Territories,” evaluates the risks associated with the importation of fresh peppers from Peru into the continental United States and the Territories. The RMD relies upon the findings of the PRA to determine the phytosanitary measures necessary to ensure the safe importation into the continental United States and the Territories of fresh peppers from Peru.

The PRA identifies four quarantine pests present in Peru that could be introduced into the continental United States and the Territories through the importation of peppers:

- *Anastrepha fraterculus* (Wiedemann), South American fruit fly.
- *Ceratitidis capitata* (Wiedemann), Mediterranean fruit fly.
- *Neoleucinodes elegantalis* (Guenée), a fruit boring moth.
- *Puccinia pampeana* Speg., a pathogenic fungus that causes pepper and green pepper rust.

A quarantine pest is defined in § 319.56–2 of the regulations as a pest of potential economic importance to the area endangered thereby and not yet present there, or present but not widely distributed and being officially controlled. Plant pest risk potentials associated with the importation of peppers from Peru into the continental United States and the Territories were determined by estimating the consequences and likelihood of introduction of each quarantine pest into the continental United States and the Territories and ranking the risk potential as high, medium, or low. The PRA determined that three of these four pests—*A. fraterculus*, *C. capitata*, and *P. pampeana*—pose a high risk of following the pathway of peppers from Peru into the continental United States and the Territories and having negative effects on U.S. agriculture. The remaining pest—*N. elegantalis*—was rated as having a medium risk potential.

Based on the conclusions of the PRA and the RMD, we are proposing to allow the importation of peppers from Peru into the continental United States and the Territories subject to a systems approach. The conditions in the systems approach that we are proposing are described below. These conditions would be added to the regulations in a new § 319.56–73.

#### Operational Workplan

Proposed paragraph (a) of § 319.56–73 would require the NPPO of Peru to

provide an operational workplan to APHIS that details the activities that the NPPO would, subject to APHIS’ approval of the workplan, carry out to meet the requirements of proposed § 319.56–73. The operational workplan would have to include and describe in detail the quarantine pest survey intervals and other specific requirements in proposed § 319.56–73.

An operational workplan is an agreement between APHIS’ Plant Protection and Quarantine program, officials of the NPPO of a foreign government, and, when necessary, foreign commercial entities, that specifies in detail the phytosanitary measures that will be carried out to comply with our regulations governing the importation of a specific commodity. Operational workplans apply only to the signatory parties and establish detailed procedures and guidance for the day-to-day operations of specific import/export programs. Operational workplans also establish how specific phytosanitary issues are dealt with in the exporting country and make clear who is responsible for dealing with those issues. The implementation of a systems approach typically requires an operational workplan to be developed.

#### Commercial Consignments

Proposed paragraph (b) of § 319.56–73 would require peppers from Peru to be imported only in commercial consignments. Produce grown commercially is less likely to be infested with plant pests than noncommercial consignments. Noncommercial consignments are more prone to infestations because the commodity is often ripe to overripe, could be of a variety with unknown susceptibility to pests, and is often grown with little or no pest control. Commercial consignments, as defined in § 319.56–2, are consignments that an inspector identifies as having been imported for sale and distribution. Such identification is based on a variety of indicators, including, but not limited to: Quantity of produce, type of packing, identification of grower or packinghouse on the packaging, and documents consigning the fruits or vegetables to a wholesaler or retailer.

#### Approved Production Sites

Proposed paragraph (c) of § 319.56–73 would require that the peppers be grown in a pest-free, pest-exclusionary structure approved by and registered with the Peruvian NPPO. These pest-exclusionary structures would be the only registered production sites for peppers from Peru. APHIS reserves the

right to conduct audits and inspect the production sites as needed. The pest-exclusionary structures would have to be equipped with double self-closing doors to prevent inadvertent introduction of pests. In addition, any windows, vents, or openings in the pest-exclusionary structures (other than the double self-closing doors) would have to be covered with 1.6 mm screening in order to prevent the entry of pests. The 1.6 mm screening size is adequate to exclude *A. fraterculus*, *C. capitata*, and *N. elegantalis*, as these three pests are relatively large.

We would require the production sites to be inspected prior to harvest for *N. elegantalis* and *P. pampeana* by the Peruvian NPPO or its approved designee. (An approved designee is an entity with which the NPPO creates a formal agreement that allows that entity to certify that the appropriate procedures have been followed. The approved designee can be a contracted entity, a coalition of growers, or the growers themselves.) If, during these inspections, either of these quarantine pests or other quarantine pests is found to be generally infesting or infecting the production site, the Peruvian NPPO would immediately prohibit that production site from exporting peppers to the continental United States and the Territories and notify APHIS of the action. The prohibition would remain in effect until the Peruvian NPPO and APHIS determine that the pest risk has been mitigated.

#### Trapping Requirements

Proposed paragraph (c) of § 319.56–73 would also require trapping for *A. fraterculus* and *C. capitata* both within and around the production site. Internal trapping would have to be conducted continuously for the duration of the time the production site is used to produce peppers for export to the continental United States and the Territories. External trapping would have to be conducted beginning 2 months before export and continue until the end of harvest.

Traps with an approved protein bait would have to be placed inside the production sites at a density of four traps per hectare, with a minimum of at least two traps per structure. The traps would have to be serviced at least once every 7 days. If a single *A. fraterculus* or *C. capitata* is detected inside a registered production site or in a consignment, the Peruvian NPPO would immediately prohibit that production site from exporting peppers to the continental United States and the Territories and notify APHIS of the action. The prohibition would remain in

effect until the Peruvian NPPO and APHIS agree that the risk has been mitigated.

Outside the production site, traps with an approved protein bait would have to be placed inside a buffer area 500 meters wide around the structure at a density of 1 trap per 10 hectares, with a minimum of 10 traps. At least one of these traps would have to be placed near the production site. These traps would have to be serviced at least once every 7 days.

Capture of 0.7 or more *A. fraterculus* or *C. capitata* per trap per week would delay or suspend the harvest, depending on whether harvest has begun, for consignments of peppers from that production site. The prohibition would remain in effect until the Peruvian NPPO and APHIS agree that the risk has been mitigated.

To ensure that the trapping is being properly conducted, the Peruvian NPPO or its approved designee would have to maintain records of trap placement, checking of traps, and any quarantine pest captures. The Peruvian NPPO would also have to maintain an APHIS-approved quality control program to monitor or audit the trapping program. Trapping records must be maintained for APHIS' review.

#### Packinghouse Requirements

We are proposing several requirements for packinghouse activities, which would be contained in paragraph (d) of proposed § 319.56–73. Peppers would have to be packed for export within 24 hours of harvest in a pest-exclusionary packinghouse registered with the NPPO of Peru. Such registration would facilitate traceback of a consignment of peppers to the packinghouse in which it was packed in the event that quarantine pests were discovered in the consignment at the port of first arrival into the continental United States or the Territories. The peppers would have to be safeguarded by an insect-proof mesh, screen, or plastic tarpaulin while in transit from the production site to the packinghouse and while awaiting packing. The peppers would have to be packed for shipment to the continental United States or the Territories in insect-proof cartons or containers, or covered with insect-proof screen or plastic tarpaulin. These safeguards would have to remain intact until the arrival of the peppers in the continental United States or the Territories or the consignment would not be allowed to enter the continental United States or the Territories.

During the time that the packinghouse is in use for exporting peppers to the continental United States or the

Territories, the packinghouse would only be allowed to accept peppers from registered production sites. This requirement would prevent peppers intended for export to the continental United States or the Territories from being exposed to or mixed with peppers that are not produced according to the requirements of the systems approach.

#### Phytosanitary Certificate

To certify that peppers from Peru have been grown and packed in accordance with the requirements of proposed § 319.56–73, proposed paragraph (e) would require each consignment of peppers to be accompanied by a phytosanitary certificate of inspection issued by the Peruvian NPPO with an additional declaration stating that the consignment was produced in accordance with the systems approach described in the proposed regulations.

#### Definitions

We are also proposing to add a definition for *continental United States* to the regulations in § 319.56–2, as it is used throughout the regulations but not defined. This definition would be identical to that used in “Subpart—Regulated Articles from Hawaii and the Territories” found in 7 CFR 318.13–2.

#### Executive Order 12866 and Regulatory Flexibility Act

This proposed rule has been reviewed under Executive Order 12866. The proposed rule has been determined to be not significant for the purposes of Executive Order 12866 and, therefore, has not been reviewed by the Office of Management and Budget.

In accordance with 5 U.S.C. 603, we have performed an initial regulatory flexibility analysis, which is summarized below, regarding the economic effects of this proposed rule on small entities. Copies of the full analysis are available by contacting the person listed under **FOR FURTHER INFORMATION CONTACT** or on the Regulations.gov Web site (see **ADDRESSES** above for instructions for accessing Regulations.gov).

Based on the information we have, there is no reason to conclude that adoption of this proposed rule would result in any significant economic effect on a substantial number of small entities. However, we do not currently have all of the data necessary for a comprehensive analysis of the effects of this proposed rule on small entities. Therefore, we are inviting comments on potential effects. In particular, we are interested in determining the number and kind of small entities that may

incur benefits or costs from the implementation of this proposed rule.

The proposed rule would amend the regulations to allow the importation of fresh peppers from Peru into the continental United States and the Territories when a systems approach to pest risk mitigation is used to prevent the introduction of quarantine pests listed in the PRA. The systems approach would integrate prescribed mitigation measures that cumulatively achieve the appropriate level of phytosanitary protection.

Fresh peppers from Peru would compete with U.S. domestic production as well as with imports from other countries. Peru produced an average of about 9,600 metric tons (MT) of fresh peppers annually from 2005 through 2011. Over that same time period, fresh pepper exports from Peru ranged from 226 MT to 567 MT, accounting for between 2.6 and 7.0 percent of annual production.<sup>1</sup> Based on production area and yield in Peru, the PRA estimates that no more than 22 containers a year (440 MT) would be imported into the continental United States and the Territories.

Consumers base their fresh produce purchasing decisions on a number of factors besides price, including qualitative attributes such as color, shape, appearance, size, freshness, perceived health benefits, production methods, and product origin.

Consumers would benefit from the additional supply of fresh peppers that imports from Peru would provide, and importers and distributors of Peruvian fresh peppers would benefit from new business opportunities. U.S. producers would face increased competition from the additional imports. However, economic effects of the proposed rule for U.S. fresh pepper producers and consumers are likely to be small. The quantity expected to be imported, less than 440 MT, is the equivalent of less than 0.03 percent of annual fresh pepper consumption in the United States.

We use a non-spatial, net trade, partial equilibrium model to quantitatively assess benefits and costs of the proposed rule. As a measure of the sensitivity of possible impacts, we assume three annual import volumes of fresh peppers from Peru: 220, 440, and 660 MT. In all cases, we find that consumer welfare gains would outweigh producer welfare losses, yielding small positive net welfare impacts. Modeled net economic gains for the United States due to fresh pepper imports from Peru range from \$231,000 to \$692,000. Actual

<sup>1</sup> Food and Agriculture Organization of the United Nations.

levels of additional fresh peppers that would be imported from Peru as a result of this rule would depend on relative prices, seasonality, and various qualitative factors as mentioned above.

We have identified industries that could be affected by the proposed rule based on the North American Industry Classification System. Based on Small Business Administration size standards, small entities are prominent in those industries for which information on business size composition is available.

#### Executive Order 12988

This proposed rule would allow fresh peppers to be imported into the continental United States and the Territories from Peru. If this proposed rule is adopted, State and local laws and regulations regarding fresh peppers imported under this rule would be preempted while the fruit is in foreign commerce. Fresh vegetables are generally imported for immediate distribution and sale to the consuming public and would remain in foreign commerce until sold to the ultimate consumer. The question of when foreign commerce ceases in other cases must be addressed on a case-by-case basis. If this proposed rule is adopted, no retroactive effect will be given to this rule, and this rule will not require administrative proceedings before parties may file suit in court challenging this rule.

#### Paperwork Reduction Act

In accordance with section 3507(d) of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the information collection or recordkeeping requirements included in this proposed rule have been submitted for approval to the Office of Management and Budget (OMB). Please send written comments to the Office of Information and Regulatory Affairs, OMB, Attention: Desk Officer for APHIS, Washington, DC 20503. Please state that your comments refer to Docket No. APHIS–2014–0028. Please send a copy of your comments to: (1) APHIS, using one of the methods described under **ADDRESSES** at the beginning of this document, and (2) Clearance Officer, OCIO, USDA, room 404–W, 14th Street and Independence Avenue SW., Washington, DC 20250. A comment to OMB is best assured of having its full effect if OMB receives it within 30 days of publication of this proposed rule.

APHIS is proposing to amend the fruits and vegetables regulations to allow the importation of fresh peppers into the continental United States and the Territories from Peru. As a condition of entry, the fruit would have to be produced in accordance with a systems

approach that would include requirements for fruit fly trapping, pre-harvest inspections, production sites, and packinghouse procedures designed to exclude quarantine pests. The fruit would also be required to be imported in commercial consignments and accompanied by a phytosanitary certificate issued by the national plant protection organization of Peru with an additional declaration stating that the consignment was produced in accordance with the requirements of the systems approach.

Allowing the importation of untreated fresh peppers into the continental United States and the Territories from Peru will require an operational workplan, registered production sites, trapping records, quality control program, packinghouse registrations, and phytosanitary certificates.

We are soliciting comments from the public (as well as affected agencies) concerning our proposed information collection and recordkeeping requirements. These comments will help us:

(1) Evaluate whether the proposed information collection is necessary for the proper performance of our agency's functions, including whether the information will have practical utility;

(2) Evaluate the accuracy of our estimate of the burden of the proposed information collection, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the information collection on those who are to respond (such as through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology; *e.g.*, permitting electronic submission of responses).

*Estimate of burden:* Public reporting burden for this collection of information is estimated to average 1.3 hours per response.

*Respondents:* NPPO, producers, exporters.

*Estimated annual number of respondents:* 15.

*Estimated annual number of responses per respondent:* 13.

*Estimated annual number of responses:* 197.

*Estimated total annual burden on respondents:* 266 hours. (Due to averaging, the total annual burden hours may not equal the product of the annual number of responses multiplied by the reporting burden per response.)

Copies of this information collection can be obtained from Ms. Kimberly

Hardy, APHIS' Information Collection Coordinator, at (301) 851–2727.

#### E-Government Act Compliance

The Animal and Plant Health Inspection Service is committed to compliance with the EGovernment Act to promote the use of the Internet and other information technologies, to provide increased opportunities for citizen access to Government information and services, and for other purposes. For information pertinent to E-Government Act compliance related to this proposed rule, please contact Ms. Kimberly Hardy, APHIS' Information Collection Coordinator, at (301) 851–2727.

#### List of Subjects in 7 CFR Part 319

Coffee, Cotton, Fruits, Imports, Logs, Nursery stock, Plant diseases and pests, Quarantine, Reporting and recordkeeping requirements, Rice, Vegetables.

Accordingly, we propose to amend 7 CFR part 319 as follows:

#### PART 319—FOREIGN QUARANTINE NOTICES

■ 1. The authority citation for part 319 continues to read as follows:

**Authority:** 7 U.S.C. 450, 7701–7772, and 7781–7786; 21 U.S.C. 136 and 136a; 7 CFR 2.22, 2.80, and 371.3.

■ 2. Section 319.56–2 is amended by adding, in alphabetical order, a definition of *continental United States* as follows:

#### § 319.56–2 Definitions.

\* \* \* \* \*

*Continental United States.* The 48 contiguous States, Alaska, and the District of Columbia.

\* \* \* \* \*

■ 3. Section 319.56–73 is added to read as follows:

#### § 319.56–73 Peppers from Peru.

Fresh peppers (*Capsicum annum* L., *Capsicum baccatum* L., *Capsicum chinense* Jacq., *Capsicum frutescens* L., and *Capsicum pubescens* Ruiz & Pav.) may be imported into the continental United States and its Territories only under the conditions described in this section. These conditions are designed to prevent the introduction of the following quarantine pests: *Anastrepha fraterculus* (Wiedemann), South American fruit fly; *Ceratitis capitata* (Wiedemann), Mediterranean fruit fly; *Neoleucinodes elegantalis* (Guenée), a fruit boring moth; and *Puccinia pampeana* Speg., a pathogenic fungus that causes pepper and green pepper rust.

(a) *Operational workplan.* The national plant protection organization (NPPO) of Peru must provide an operational workplan to APHIS that details the activities that the NPPO of Peru will, subject to APHIS' approval of the workplan, carry out to meet the requirements of this section. The operational workplan must include and describe the quarantine pest survey intervals and other specific requirements as set forth in this section.

(b) *Commercial consignments.* Peppers from Peru may be imported in commercial consignments only.

(c) *Production site requirements.* (1) Pepper production sites must consist of pest-exclusionary structures, which must have double self-closing doors and have all other windows, openings, and vents covered with 1.6 mm (or less) screening.

(2) All production sites that participate in the export program must be registered with the Peruvian NPPO.

(3) The production sites must be inspected prior to harvest for *Neoleucinodes elegantalis* (Guenée) and *Puccinia pampeana* Speg. If either of these pests, or other quarantine pests, are found to be generally infesting or infecting the production site, the NPPO of Peru will immediately prohibit that production site from exporting peppers to the continental United States and its Territories and notify APHIS of this action. The prohibition will remain in effect until the Peruvian NPPO and APHIS determine that the pest risk has been mitigated.

(4) The production sites must contain traps for the detection of *Anastrepha fraterculus* (Wiedemann) and *Ceratitidis capitata* (Wiedemann) both within and around the structures. Internal traps must be set for the duration of the time the production site is used to produce peppers for export to the continental United States or the Territories. External traps must be set for at least 2 months before export and trapping must continue to the end of the harvest as follows:

(i) Traps with an approved protein bait must be placed inside the production site at a density of four traps per hectare, with a minimum of two traps per structure. Traps must be serviced once every 7 days.

(ii) If a single *Anastrepha fraterculus* (Wiedemann) or *Ceratitidis capitata* (Wiedemann) is detected inside a registered production site or in a consignment, the registered production site will lose its ability to export peppers to the continental United States or its Territories until APHIS and the Peruvian NPPO mutually determine that risk mitigation is achieved.

(iii) Traps with an approved protein bait must be placed inside a buffer area 500 meters wide around the registered production site, at a density of 1 trap per 10 hectares and a minimum of 10 traps. These traps must be checked at least once every 7 days. At least one of these traps must be near the production site.

(iv) Capture of 0.7 or more *Anastrepha fraterculus* (Wiedemann) or *Ceratitidis capitata* (Wiedemann) per trap per week will delay or suspend the harvest, depending on whether harvest has begun, for consignments of peppers from that registered production site until APHIS and the Peruvian NPPO can agree that the pest risk has been mitigated.

(v) The Peruvian NPPO must maintain records of trap placement, checking of traps, and any quarantine pest captures. The Peruvian NPPO must maintain an APHIS-approved quality control program to monitor or audit the trapping program. The trapping records must be maintained for APHIS review.

(d) *Packinghouse procedures.* (1) All packinghouses that participate in the export program must be registered with the Peruvian NPPO.

(2) The peppers must be packed within 24 hours of harvest in a pest-exclusionary packinghouse. The peppers must be safeguarded by an insect-proof mesh screen or plastic tarpaulin while in transit to the packinghouse and while awaiting packing. The peppers must be packed in insect-proof cartons or containers, or covered with insect-proof mesh or plastic tarpaulin, for transit into the continental United States or its Territories. These safeguards must remain intact until arrival in the continental United States or its Territories or the consignment will be denied entry into the continental United States or its Territories.

(3) During the time the packinghouse is in use for exporting peppers to the continental United States or its Territories, the packinghouse may only accept peppers from registered approved production sites.

(e) *Phytosanitary certificate.* Each consignment of peppers must be accompanied by a phytosanitary certificate of inspection issued by the Peruvian NPPO stating that the fruit in the consignment has been produced in accordance with the requirements of the systems approach in 7 CFR 319.56–73.

Done in Washington, DC, this 20th day of April 2015.

**Kevin Shea,**

*Administrator, Animal and Plant Health Inspection Service.*

[Docket No. EERE–2011–BT–STD–0031]

RIN 1904–AC54

### Energy Conservation Program: Energy Conservation Standards for Pumps; Correction

**AGENCY:** Office of Energy Efficiency and Renewable Energy, Department of Energy.

**ACTION:** Notice of proposed rulemaking (NOPR) and public meeting; correction.

**SUMMARY:** On April 2, 2015, the U.S. Department of Energy (DOE) published in the **Federal Register** a notice of proposed rulemaking (NOPR) and public meeting for Energy Conservation Program: Energy Conservation Standards for Pumps. This document corrects the terms in one of the equations.

**FOR FURTHER INFORMATION CONTACT:** John Cymbalsky, U.S. Department of Energy, Office of Energy Efficiency and Renewable Energy, Building Technologies Program, EE–5B, 1000 Independence Avenue SW., Washington, DC 20585–0121. Telephone: (202) 287–1692. Email: [pumps@ee.doe.gov](mailto:pumps@ee.doe.gov).

**DATES:** April 24, 2015.

#### Correction

In the **Federal Register** published on April 2, 2015, in FR Doc. 2015–06947, make the following correction:

On page 17836: Equation 2 is corrected by removing “13.46” and adding in its place “17.80”. The corrected equation reads as follows:

$$\eta_{pump,STD} = -0.85 * \ln(Q_{100\%})^2 - 0.38 * \ln(Ns) * \ln(Q_{100\%}) - 11.48 * \ln(Ns)^2 + 17.80 * \ln(Q_{100\%}) + 179.80 * \ln(Ns) - (C - 555.6)$$

Issued in Washington, DC, on April 20, 2015.

**Kathleen B. Hogan,**

*Deputy Assistant Secretary for Energy Efficiency, Energy Efficiency and Renewable Energy.*

**Energy Conservation Program: Test Procedure for Pumps; Correction**

**AGENCY:** Office of Energy Efficiency and Renewable Energy, Department of Energy.

**ACTION:** Notice of proposed rulemaking and public meeting; correction.

**SUMMARY:** On April 1, 2015, the U.S. Department of Energy (DOE) published in the **Federal Register** a notice of proposed rulemaking and public meeting for Energy Conservation Program: Test Procedure for Pumps. This document corrects terms in four equations.

**DATES:** April 24, 2015.

**FOR FURTHER INFORMATION CONTACT:** Ashley Armstrong, U.S. Department of Energy, Office of Energy Efficiency and Renewable Energy, Building Technologies Office, EE-5B, 1000

Independence Avenue SW., Washington, DC 20585-0121. Telephone: (202) 586-6590. Email: [ashley.armstrong@ee.doe.gov](mailto:ashley.armstrong@ee.doe.gov).

**Corrections**

In the **Federal Register** published on April 1, 2015, in FR Doc. 2015-06945, make the following corrections:

1. On page 17604: Equation (6) is corrected by removing "13.46" and adding in its place "17.80". The corrected equation reads as follows:

$$\eta_{pump,STD} = -0.85 * \ln(Q_{100\%})^2 - 0.38 * \ln(N_s) * \ln(Q_{100\%}) - 11.48 * \ln(N_s)^2 + 17.80 * \ln(Q_{100\%}) + 179.80 * \ln(N_s) - (C - 555.6)$$

**Appendix A to Subpart Y of Part 431—Uniform Test Method for the Measurement of Energy Consumption of Pumps. [Corrected]**

2. On page 17645: The equation in section II.B.1.1.1 is corrected by

removing "13.46" and adding in its place "17.80". The corrected equation reads as follows:

$$\eta_{pump,STD} = -0.85 * \ln(Q_{100\%})^2 - 0.38 * \ln(N_s) * \ln(Q_{100\%}) - 11.48 * \ln(N_s)^2 + 17.80 * \ln(Q_{100\%}) + 179.80 * \ln(N_s) - (C - 555.6)$$

3. On page 17646: The equation in section III.D.1.2.1 is corrected by removing "MotorH" and adding in its place "MotorHP". The corrected equation reads as follows:

$$L_{full,default} = \frac{MotorHP}{\left[ \frac{\eta_{motor,full}}{100} \right]} - MotorHP$$

4. On page 17648: The equation in section V.D.1.2.1 is corrected by removing "MotorHPMotorH" and

adding in its place "MotorHP". The corrected equation reads as follows:

$$L_{full,default} = \frac{MotorHP}{\left[ \frac{\eta_{motor,full}}{100} \right]} - MotorHP$$

Issued in Washington, DC, on April 20, 2015.

RIN 2120-AA64

**Airworthiness Directives; Airbus Airplanes**

**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Notice of proposed rulemaking (NPRM).

**SUMMARY:** We propose to adopt a new airworthiness directive (AD) for all Airbus Model A318, A319, A320, and A321 series airplanes. This proposed AD was prompted by a report of a rupture of a main landing gear (MLG) sliding tube axle. This proposed AD would require an inspection to identify the part number and serial number of the MLG sliding tubes installed on the airplane; and an inspection of the axle on certain MLG sliding tubes for burned areas, and replacement of the sliding tube if necessary. We are proposing this AD to detect and correct cracks in the axle and (partial) detachment of the axle and wheel from the sliding tube, which could result in failure of an MLG.

**DATES:** We must receive comments on this proposed AD by June 8, 2015.

**ADDRESSES:** You may send comments, using the procedures found in 14 CFR 11.43 and 11.45, by any of the following methods:

- *Federal eRulemaking Portal:* Go to <http://www.regulations.gov>. Follow the instructions for submitting comments.
- *Fax:* 202-493-2251.
- *Mail:* U.S. Department of Transportation, Docket Operations, M-30, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue SE., Washington, DC 20590.
- *Hand Delivery:* U.S. Department of Transportation, Docket Operations, M-30, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue SE., Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

For Airbus service information identified in this proposed AD, contact Airbus, Airworthiness Office—EIAS, 1 Rond Point Maurice Bellonte, 31707 Blagnac Cedex, France; telephone +33 5 61 93 36 96; fax +33 5 61 93 44 51; email [account.airworth-eas@airbus.com](mailto:account.airworth-eas@airbus.com); Internet <http://www.airbus.com>.

For Messier-Bugatti-Dowty service information identified in this proposed AD, contact Messier Services Americas, Customer Support Center, 45360 Severn Way, Sterling, VA 20166-8910; phone: 703-450-8233; fax: 703-404-1621; Internet: <https://techpubs.services/messier-dowty.com>.

You may view this referenced service information at the FAA, Transport Airplane Directorate, 1601 Lind Avenue SW., Renton, WA. For information on the availability of this material at the FAA, call 425-227-1221.

#### Examining the AD Docket

You may examine the AD docket on the Internet at <http://www.regulations.gov> by searching for and locating Docket No. FAA-2015-0831; or in person at the Docket Management Facility between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. The AD docket contains this proposed AD, the regulatory evaluation, any comments received, and other information. The street address for the Docket Operations office (telephone 800-647-5527) is in the **ADDRESSES** section. Comments will be available in the AD docket shortly after receipt.

**FOR FURTHER INFORMATION CONTACT:** Sanjay Ralhan, Aerospace Engineer, International Branch, ANM-116, Transport Airplane Directorate, FAA, 1601 Lind Avenue SW., Renton, WA 98057-3356; telephone 425-227-1405; fax 425-227-1149.

#### SUPPLEMENTARY INFORMATION:

##### Comments Invited

We invite you to send any written relevant data, views, or arguments about this proposed AD. Send your comments to an address listed under the **ADDRESSES** section. Include “Docket No. FAA-2015-0831; Directorate Identifier 2014-NM-061-AD” at the beginning of your comments. We specifically invite comments on the overall regulatory, economic, environmental, and energy aspects of this proposed AD. We will consider all comments received by the closing date and may amend this proposed AD based on those comments.

We will post all comments we receive, without change, to <http://www.regulations.gov>, including any personal information you provide. We will also post a report summarizing each substantive verbal contact we receive about this proposed AD.

##### Discussion

The European Aviation Safety Agency (EASA), which is the Technical Agent for the Member States of the European Union, has issued EASA Airworthiness Directive 2014-0058, dated March 11, 2014 (referred to after this as the Mandatory Continuing Airworthiness Information, or “the MCAI”), to correct an unsafe condition for all Airbus Model A318, A319, A320, and A321 series airplanes. The MCAI states:

A main landing gear (MLG) sliding tube axle rupture occurred in service. Investigation of the affected part showed that this failure was due to an abnormal grinding operation during overhaul by a certain maintenance and repair organisation located in Singapore. A population of MLG sliding tubes was subsequently identified whose axles may have been subject to this grinding operation, which may have resulted in areas of residual stress on the axles on the MLG sliding tubes. In addition, the MSN [manufacturer serial number] of the aeroplanes which are known to have had the affected parts installed have been identified.

This condition, if not detected and corrected, could lead to cracks in the axle and (partial) detachment of axle and wheel from the sliding tube, possibly resulting in failure of a MLG with consequent damage to the aeroplane and injury to occupants.

To address this potential unsafe condition, Messier-Bugatti-Dowty, the MLG gear manufacturer, issued Service Bulletin (SB) 200-32-313 and SB 201-32-62 [both dated February 25, 2013], providing inspection instructions and criteria for removal from service of the affected MLG sliding tubes.

For the reasons described above, this [EASA] AD requires a one-time Special Detailed Inspection (SDI) of the axle on the affected MLG sliding tubes and, depending on findings, replacement of the MLG sliding tube.

The SDI includes a detailed visual inspection of the chromium plate for damage, and a Barkhausen noise inspection of the sliding tube axles for burned areas. You may examine the MCAI in the AD docket on the Internet at <http://www.regulations.gov> by searching for and locating Docket No. FAA-2015-0831.

#### Related Service Information Under 1 CFR part 51

Airbus has issued Service Bulletin A320-32-1416, including Appendix 01, dated March 10, 2014 (for Model A319, A320, and A321 series airplanes). This service bulletin describes procedures for inspection of the MLG sliding tube axles, and replacement if necessary.

Messier-Bugatti-Dowty has issued Service Bulletin 200-32-313, including Appendices A, B, and C, dated February 25, 2013 (for Model A318, A319, and A320 series airplanes); and Service Bulletin 201-32-62, including Appendices A, B, and C, dated February 25, 2013 (for Model A321 series airplanes). These service bulletins describe procedures for inspection of the MLG axles and brake flanges, and replacement if necessary.

The actions described in this service information are intended to correct the unsafe condition identified in the MCAI. This service information is reasonably available; see **ADDRESSES** for ways to access this service information.

#### FAA’s Determination and Requirements of This Proposed AD

This product has been approved by the aviation authority of another country, and is approved for operation in the United States. Pursuant to our bilateral agreement with the State of Design Authority, we have been notified of the unsafe condition described in the MCAI and service information referenced above. We are proposing this AD because we evaluated all pertinent information and determined an unsafe condition exists and is likely to exist or develop on other products of these same type designs.

#### Explanation of “RC” Procedures and Tests in Service Information

The FAA worked in conjunction with industry, under the Airworthiness Directive Implementation Aviation Rulemaking Committee (ARC), to enhance the AD system. One enhancement was a new process for annotating which procedures and tests in the service information are required for compliance with an AD. Differentiating these procedures and tests from other tasks in the service information is expected to improve an

owner's/operator's understanding of crucial AD requirements and help provide consistent judgment in AD compliance. The procedures and tests identified as RC (required for compliance) in any service information have a direct effect on detecting, preventing, resolving, or eliminating an identified unsafe condition.

As specified in a NOTE under the Accomplishment Instructions of the specified service information, procedures and tests that are identified as RC in any service information must be done to comply with the proposed AD. However, procedures and tests that are not identified as RC are recommended. Those procedures and tests that are not identified as RC may be deviated from using accepted methods in accordance with the operator's maintenance or inspection program without obtaining approval of an alternative method of compliance (AMOC), provided the procedures and tests identified as RC can be done and the airplane can be put back in a serviceable condition. Any substitutions or changes to procedures or tests identified as RC will require approval of an AMOC.

#### Costs of Compliance

We estimate that this proposed AD affects 3 airplanes of U.S. registry.

We also estimate that it would take about 18 work-hours per product to comply with the basic requirements of this proposed AD. The average labor rate is \$85 per work-hour. Based on these figures, we estimate the cost of this proposed AD on U.S. operators to be \$4,590, or \$1,530 per product.

In addition, we estimate that any necessary follow-on actions would take about 3 work-hours, for a cost of \$255 per product. We have received no definitive data that would enable us to provide part cost estimates for the on-condition actions specified in this proposed AD. We have no way of determining the number of aircraft that might need these actions.

#### Authority for This Rulemaking

Title 49 of the United States Code specifies the FAA's authority to issue rules on aviation safety. Subtitle I, section 106, describes the authority of the FAA Administrator. "Subtitle VII: Aviation Programs," describes in more detail the scope of the Agency's authority.

We are issuing this rulemaking under the authority described in "Subtitle VII, Part A, Subpart III, Section 44701: General requirements." Under that section, Congress charges the FAA with promoting safe flight of civil aircraft in air commerce by prescribing regulations for practices, methods, and procedures the Administrator finds necessary for safety in air commerce. This regulation is within the scope of that authority because it addresses an unsafe condition that is likely to exist or develop on products identified in this rulemaking action.

#### Regulatory Findings

We determined that this proposed AD would not have federalism implications under Executive Order 13132. This proposed AD would not have a substantial direct effect on the States, on the relationship between the national Government and the States, or on the distribution of power and responsibilities among the various levels of government.

For the reasons discussed above, I certify this proposed regulation:

1. Is not a "significant regulatory action" under Executive Order 12866;
2. Is not a "significant rule" under the DOT Regulatory Policies and Procedures (44 FR 11034, February 26, 1979);
3. Will not affect intrastate aviation in Alaska; and
4. Will not have a significant economic impact, positive or negative, on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

#### List of Subjects in 14 CFR Part 39

Air transportation, Aircraft, Aviation safety, Incorporation by reference, Safety.

#### The Proposed Amendment

Accordingly, under the authority delegated to me by the Administrator, the FAA proposes to amend 14 CFR part 39 as follows:

#### PART 39—AIRWORTHINESS DIRECTIVES

- 1. The authority citation for part 39 continues to read as follows:

**Authority:** 49 U.S.C. 106(g), 40113, 44701.

#### § 39.13 [Amended]

- 2. The FAA amends § 39.13 by adding the following new airworthiness directive (AD):

**Airbus:** Docket No. FAA-2015-0831;

Directorate Identifier 2014-NM-061-AD.

#### (a) Comments Due Date

We must receive comments by June 8, 2015.

#### (b) Affected ADs

None.

#### (c) Applicability

This AD applies to the Airbus airplanes identified in paragraphs (c)(1) through (c)(4) of this AD, certificated in any category, all manufacturer serial numbers.

(1) Airbus Model A318-111, -112, -121, and -122 airplanes.

(2) Airbus Model A319-111, -112, -113, -114, -115, -131, -132, and -133 airplanes.

(3) Airbus Model A320-211, -212, -214, -231, -232, and -233 airplanes.

(4) Airbus Model A321-111, -112, -131, -211, -212, -213, -231, and -232 airplanes.

#### (d) Subject

Air Transport Association (ATA) of America Code 32, Landing gear.

#### (e) Reason

This AD was prompted by a report of a rupture of a main landing gear (MLG) sliding tube axle. We are issuing this AD to detect and correct cracks in the axle and (partial) detachment of the axle and wheel from the sliding tube, which could result in failure of an MLG.

#### (f) Compliance

Comply with this AD within the compliance times specified, unless already done.

#### (g) MLG Sliding Tube Part Number and Serial Number Identification

Within 3 months after the effective date of this AD: Do an inspection to identify the part number and serial number of the MLG sliding tubes installed on the airplane. A review of airplane maintenance records is acceptable in lieu of this inspection if the part number and serial number of the MLG sliding tubes can be conclusively determined from that review.

#### (h) Identification of Airplanes Not Affected by the Requirements of Paragraph (i) of This AD

An airplane with a manufacturer serial number (MSN) not listed in figure 1 to paragraph (h) of this AD is not affected by the requirements of paragraph (i) of this AD, provided it can be determined that no MLG sliding tube having a part number and serial number listed in table 1 to paragraphs (h), (i), (k)(1), (k)(2), (l)(1), and (l)(2) of this AD has been installed on that airplane since first flight of the airplane.

**(i) Inspections**

For each MLG sliding tube, identified as required by paragraph (g) of this AD, having a part number and serial number listed in table 1 to paragraphs (h), (i), (k)(1), (k)(2), (l)(1), and (l)(2) of this AD: Within 3 months after the effective date of this AD, inspect each affected MLG axle and brake flange by doing a detailed visual inspection of the chromium plate for damage, and a Barkhausen noise inspection of the sliding tube axles for burned areas, in accordance with the Accomplishment Instructions of Messier-Bugatti-Dowty Service Bulletin 200-32-313, including Appendices A, B, and C, dated February 25, 2013 (for Model A318, A319, and A320 series airplanes); or Messier-Bugatti-Dowty Service Bulletin 201-32-62, including Appendices A, B, and C, dated February 25, 2013 (for Model A321 series airplanes); or Airbus Service Bulletin A320-32-1416, including Appendix 01, dated March 10, 2014 (for Model A319, A320, and A321 series airplanes).

**(j) Corrective Action**

If, during any inspection required by paragraph (i) of this AD, any damage is detected: Before further flight, replace the MLG sliding tube with a serviceable tube, in accordance with the Accomplishment Instructions of Messier-Bugatti-Dowty Service Bulletin 200-32-313, including Appendices A, B, and C, dated February 25, 2013 (for Model A318, A319, and A320 series airplanes); or Messier-Bugatti-Dowty Service Bulletin 201-32-62, including Appendices A, B, and C, dated February 25, 2013 (for Model A321 series airplanes); or Airbus Service Bulletin A320-32-1416, including Appendix 01, dated March 10, 2014 (for Model A319, A320, and A321 series airplanes).

**(k) Definition of Serviceable Sliding Tube**

For the purpose of this AD, a serviceable sliding tube is defined in paragraphs (k)(1) and (k)(2) of this AD.

(1) A sliding tube having a part number and serial number not listed in table 1 to paragraphs (h), (i), (k)(1), (k)(2), (l)(1), and (l)(2) of this AD.

(2) A sliding tube having a part number and serial number listed in table 1 to paragraphs (h), (i), (k)(1), (k)(2), (l)(1), and (l)(2) of this AD that has passed the inspections required by paragraph (i) of this AD.

**(l) Parts Installation Prohibitions**

(1) For airplanes that have an MLG sliding tube installed that has a part number and serial number listed in table 1 to paragraphs (h), (i), (k)(1), (k)(2), (l)(1), and (l)(2) of this AD: After an airplane is returned to service following accomplishment of the actions required by paragraphs (g), (h), and (i) of this AD, no person may install on any airplane an

MLG sliding tube having a part number and serial number listed in table 1 to paragraphs (h), (i), (k)(1), (k)(2), (l)(1), and (l)(2) of this AD.

(2) For airplanes that, as of the effective date of this AD, do not have an MLG sliding tube installed that has a part number and serial number listed in table 1 to paragraphs (h), (i), (k)(1), (k)(2), (l)(1), and (l)(2) of this AD: No person may install on any airplane an MLG sliding tube having a part number and serial number listed in table 1 to paragraphs (h), (i), (k)(1), (k)(2), (l)(1), and (l)(2) of this AD.

**(m) Other FAA AD Provisions**

The following provisions also apply to this AD:

(1) *Alternative Methods of Compliance (AMOCs)*: The Manager, International Branch, ANM-116, Transport Airplane Directorate, FAA, has the authority to approve AMOCs for this AD, if requested using the procedures found in 14 CFR 39.19. In accordance with 14 CFR 39.19, send your request to your principal inspector or local Flight Standards District Office, as appropriate. If sending information directly to the International Branch, send it to ATTN: Sanjay Ralhan, Aerospace Engineer, International Branch, ANM-116, Transport Airplane Directorate, FAA, 1601 Lind Avenue SW., Renton, WA 98057-3356; telephone 425-227-1405; fax 425-227-1149. Information may be emailed to: 9-ANM-116-AMOC-REQUESTS@faa.gov. Before using any approved AMOC, notify your appropriate principal inspector, or lacking a principal inspector, the manager of the local flight standards district office/certificate holding district office. The AMOC approval letter must specifically reference this AD.

(2) *Required for Compliance (RC)*: If any service information contains procedures or tests that are identified as RC, those procedures and tests must be done to comply with this AD; any procedures or tests that are not identified as RC are recommended. Those procedures and tests that are not identified as RC may be deviated from using accepted methods in accordance with the operator's maintenance or inspection program without obtaining approval of an AMOC, provided the procedures and tests identified as RC can be done and the airplane can be put back in a serviceable condition. Any substitutions or changes to procedures or tests identified as RC require approval of an AMOC.

(3) *Contacting the Manufacturer*: For any requirement in this AD to obtain corrective actions from a manufacturer, the action must be accomplished using a method approved by the Manager, International Branch, ANM-116, Transport Airplane Directorate, FAA; or the European Aviation Safety Agency (EASA); or Airbus's EASA Design Organization Approval (DOA). If approved by

the DOA, the approval must include the DOA-authorized signature.

#### (n) Special Flight Permits

Special flight permits may be issued in accordance with sections 21.197 and 21.199 of the Federal Aviation Regulations (14 CFR 21.197 and 21.199) to operate the airplane to a location where the airplane can be modified (if the operator elects to do so), provided the MLG remains extended throughout the flight.

#### (o) Related Information

(1) Refer to Mandatory Continuing Airworthiness Information (MCAI) European Aviation Safety Agency (EASA) Airworthiness Directive 2014-0058, dated March 11, 2014, for related information. This MCAI may be found in the AD docket on the Internet at <http://www.regulations.gov> by searching for and locating Docket No. FAA-2015-0831.

(2) For Airbus service information identified in this AD, contact Airbus, Airworthiness Office—EIAS, 1 Rond Point Maurice Bellonte, 31707 Blagnac Cedex, France; telephone +33 5 61 93 36 96; fax +33 5 61 93 44 51; email [account.airworth-eas@airbus.com](mailto:account.airworth-eas@airbus.com); Internet <http://www.airbus.com>.

(3) For Messier-Bugatti-Dowty service information identified in this AD, contact Messier Services Americas, Customer Support Center, 45360 Severn Way, Sterling, VA 20166 8910; phone: 703-450-8233; fax: 703-404-1621; Internet: <https://techpubs.services/messier-dowty.com>.

(4) You may view this service information at the FAA, Transport Airplane Directorate, 1601 Lind Avenue SW., Renton, WA. For information on the availability of this material at the FAA, call 425-227-1221.

Issued in Renton, Washington, on April 9, 2015.

**Jeffrey E. Duven,**

## DEPARTMENT OF TRANSPORTATION

### Federal Aviation Administration

#### 14 CFR Part 39

[Docket No. FAA-2015-0926; Directorate Identifier 2014-NM-121-AD]

RIN 2120-AA64

#### Airworthiness Directives; Airbus Airplanes

**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Notice of proposed rulemaking (NPRM).

**SUMMARY:** We propose to supersede Airworthiness Directive (AD) 97-07-14, for certain Airbus Model A320-111, -211, and -231 airplanes. AD 97-07-14

currently requires modification of an area on the front spar of the wing center section by installing shims and new fasteners to reinforce pressure floor fittings. Since we issued AD 97-07-14, we have determined the need for repetitive inspections on airplanes on which the modification of the rib flange on the front spar of the wing center section has been done. This proposed AD would continue to require modifying the rib flange on the front spar of the wing center section by installing shims and new fasteners to reinforce pressure floor fittings; and would require repetitive high frequency eddy current inspections for cracking of the radius of the rib flanges and vertical stiffener at frame 36, a rototest inspection for cracking of the fastener holes of the rib flanges, repair if needed, and adding additional airplanes to the applicability. We are proposing this AD to prevent fatigue cracking on the rib flange area of the front spar of the wing center section, which can reduce the structural integrity of fuselage frame 36 and the wing center section.

**DATES:** We must receive comments on this proposed AD by June 8, 2015.

**ADDRESSES:** You may send comments by any of the following methods:

- Federal eRulemaking Portal: Go to <http://www.regulations.gov>. Follow the instructions for submitting comments.
- Fax: 202-493-2251.
- Mail: U.S. Department of Transportation, Docket Operations, M-30, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue SE., Washington, DC 20590.
- Hand Delivery: U.S. Department of Transportation, Docket Operations, M-30, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue SE., Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

For service information identified in this proposed AD, contact Airbus, Airworthiness Office—EIAS, 1 Rond Point Maurice Bellonte, 31707 Blagnac Cedex, France; telephone +33 5 61 93 36 96; fax +33 5 61 93 44 51; email [account.airworth-eas@airbus.com](mailto:account.airworth-eas@airbus.com); Internet <http://www.airbus.com>. You may view this referenced service information at the FAA, Transport Airplane Directorate, 1601 Lind Avenue SW., Renton, WA. For information on the availability of this material at the FAA, call 425-227-1221.

#### Examining the AD Docket

You may examine the AD docket on the Internet at <http://www.regulations.gov> by searching for and locating Docket No. FAA-2015-

0926; or in person at the Docket Management Facility between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. The AD docket contains this proposed AD, the regulatory evaluation, any comments received, and other information. The street address for the Docket Operations office (telephone 800-647-5527) is in the **ADDRESSES** section. Comments will be available in the AD docket shortly after receipt.

#### FOR FURTHER INFORMATION CONTACT:

Sanjay Ralhan, Aerospace Engineer, International Branch, ANM-116, Transport Airplane Directorate, FAA, 1601 Lind Avenue SW., Renton, WA 98057-3356; telephone 425-227-1405; fax 425-227-1149.

#### SUPPLEMENTARY INFORMATION:

##### Comments Invited

We invite you to send any written relevant data, views, or arguments about this proposed AD. Send your comments to an address listed under the **ADDRESSES** section. Include "Docket No. FAA-2015-0926; Directorate Identifier 2014-NM-121-AD" at the beginning of your comments. We specifically invite comments on the overall regulatory, economic, environmental, and energy aspects of this proposed AD. We will consider all comments received by the closing date and may amend this proposed AD based on those comments.

We will post all comments we receive, without change, to <http://www.regulations.gov>, including any personal information you provide. We will also post a report summarizing each substantive verbal contact we receive about this proposed AD.

##### Discussion

On March 27, 1997, we issued AD 97-07-14, Amendment 39-9988 (62 FR 16473, April 7, 1997). AD 97-07-14 requires modification of an area on the front spar of the wing center section by installing shims and new fasteners to reinforce pressure floor fittings on certain Airbus Model A320-111, -211 and -231 airplanes.

Since we issued AD 97-07-14, Amendment 39-9988 (62 FR 16473, April 7, 1997), we have determined the need for repetitive inspections on airplanes on which Airbus Modification 20976 (modification of the rib flange on the front spar of the wing center section) was done in production, or was done using Airbus Service Bulletin A320-57-1013, dated April 12, 1989; or Airbus Service Bulletin A320-57-1013, Revision 1, dated September 29, 1992.

The European Aviation Safety Agency (EASA), which is the Technical Agent

for the Member States of the European Union, has issued EASA Airworthiness Directive 2014–0053, dated March 7, 2014 (referred to after this as the Mandatory Continuing Airworthiness Information, or “the MCAI”), to correct an unsafe condition on certain Airbus Model A320–211 and –231 airplanes. The MCAI states:

During full scale fatigue tests on the Airbus A320 test specimen, cracks were found in the rib flange on the front spar side perpendicular to vertical posts at frame (FR) 36. It was determined that similar cracks could develop on certain in-service aeroplanes.

This condition, if not detected and corrected, could affect the wing structural integrity.

To reduce the risk of crack initiation, two modifications for aeroplanes in production and one modification for in-service aeroplanes were developed by Airbus: Prior to [manufacturer serial number] MSN 0085, the adaptation modification (Mod) 20976 was applied in production, consisting in installing shims under the fasteners linking the rib flange, the lower corner, the front spar and its vertical stiffener; from MSN 0085 onwards, the serial Mod 20908 was applied in production, consisting in installing reinforced lower surface rib flanges at front spar level.

Airbus issued Service Bulletin (SB) A320–57–1013 for affected in-service aeroplanes, and [Directorate General for Civil Aviation] DGAC France issued AD 95–098–066 [which corresponds to FAA AD 97–07–14, Amendment 39–9988, (62 FR 16473, April 7, 1997)] to require installation of shims under the fasteners linking the rib flange, the lower corner, the front spar and its vertical stiffener.

Following a recent analysis, Airbus identified the need for repetitive [HFEC and rototest] inspections for aeroplanes on which Airbus SB A320–57–1013 or production Mod 20976 has been embodied.

For the reason described above, this [EASA] AD retains the requirements of DGAC France AD 95–098–066, which is superseded, and requires repetitive [HFEC and rototest] inspections of the center wing lower ribs at FR 36 and, depending on findings, accomplishment of a repair.

After EASA issued PAD 14–013, it was discovered that additional work [removal of shims and fasteners on the rib flange on the front spar side and doing an HFEC inspection for cracking of the radius of the rib flanges and a rototest inspection for cracking of the fastener holes during each inspection] to be included in Revision 01 of Airbus SB A320–57–1175, is required to accomplish the inspections. This Final [EASA] AD has been amended accordingly.

Airplanes having MSNs 001, 009, and 015 were not included in the applicability of AD 97–07–14, Amendment 39–9988 (62 FR 16473, April 7, 1997). EASA AD 2014–0053, dated March 7, 2014, expanded the applicability to all airplanes having up to MSN 0084. We included paragraph

(h) of this proposed AD to require the modification for the airplanes having MSNs 001, 009, and 015. You may examine the MCAI in the AD docket on the Internet at <http://www.regulations.gov> by searching for and locating Docket No. FAA–2015–0926.

#### Related Service Information Under 1 CFR part 51

Airbus has issued Service Bulletin A320–57–1175, Revision 01, including Appendix 01 and Appendix 02, dated May 28, 2014. The service information describes procedures for repetitive high frequency eddy current inspections for cracking of the radius of the rib flanges and vertical stiffener at frame 36, a rototest inspection for cracking of the fastener holes of the rib flanges, and repair. The actions described in this service information are intended to correct the unsafe condition identified in the MCAI. This service information is reasonably available; see ADDRESSES for ways to access this service information.

#### Explanation of “RC” Procedures and Tests in Service Information

The FAA worked in conjunction with industry, under the Airworthiness Directives Implementation Aviation Rulemaking Committee (AD ARC), to enhance the AD system. One enhancement was a new process for annotating which procedures and tests in the service information are required for compliance with an AD. Differentiating these procedures and tests from other tasks in the service information is expected to improve an owner’s/operator’s understanding of crucial AD requirements and help provide consistent judgment in AD compliance. The actions specified in the service information identified previously include procedures and tests that are identified as RC (required for compliance) because these procedures have a direct effect on detecting, preventing, resolving, or eliminating an identified unsafe condition.

As specified in a NOTE under the Accomplishment Instructions of the specified service information, procedures and tests identified as RC must be done to comply with the proposed AD. However, procedures and tests that are not identified as RC are recommended. Those procedures and tests that are not identified as RC may be deviated from using accepted methods in accordance with the operator’s maintenance or inspection program without obtaining approval of an alternative method of compliance (AMOC), provided the procedures and tests identified as RC can be done and

the airplane can be put back in a serviceable condition. Any substitutions or changes to procedures or tests identified as RC will require approval of an AMOC.

#### FAA’s Determination and Requirements of This Proposed AD

This product has been approved by the aviation authority of another country, and is approved for operation in the United States. Pursuant to our bilateral agreement with the State of Design Authority, we have been notified of the unsafe condition described in the MCAI and service information referenced above. We are proposing this AD because we evaluated all pertinent information and determined an unsafe condition exists and is likely to exist or develop on other products of the same type design.

#### Differences Between the AD and the MCAI or Service Information

Although Airbus Service Bulletin A320–57–1175, Revision 01, including Appendix 01 and Appendix 02, dated May 28, 2014, specifies to contact the manufacturer for instructions on how to repair certain conditions, this proposed AD would require repairing those conditions using a method approved by the Manager, International Branch, ANM–116, Transport Airplane Directorate, FAA; or EASA or its delegated agent, or Airbus’ EASA Design Organization Approval (DOA).

#### Costs of Compliance

We estimate that this proposed AD affects 11 airplanes of U.S. registry.

The actions required by AD 97–07–14, Amendment 39–9988 (62 FR 16473, April 7, 1997), and retained in this proposed AD take about 13 work-hours per product, at an average labor rate of \$85 per work-hour. Required parts cost about \$576 per product. Based on these figures, the estimated cost of the actions that are required by AD 97–07–14 is \$1,681 per product.

We also estimate that it would take about 45 work-hours per product to comply with the basic requirements of this proposed AD. The average labor rate is \$85 per work-hour. Required parts would cost about \$1,600 per product. Based on these figures, we estimate the cost of this proposed AD on U.S. operators to be \$59,675, or \$5,425 per product.

#### Authority for This Rulemaking

Title 49 of the United States Code specifies the FAA’s authority to issue rules on aviation safety. Subtitle I, section 106, describes the authority of the FAA Administrator. “Subtitle VII:

Aviation Programs,” describes in more detail the scope of the Agency’s authority.

We are issuing this rulemaking under the authority described in “Subtitle VII, Part A, Subpart III, Section 44701: General requirements.” Under that section, Congress charges the FAA with promoting safe flight of civil aircraft in air commerce by prescribing regulations for practices, methods, and procedures the Administrator finds necessary for safety in air commerce. This regulation is within the scope of that authority because it addresses an unsafe condition that is likely to exist or develop on products identified in this rulemaking action.

### Regulatory Findings

We determined that this proposed AD would not have federalism implications under Executive Order 13132. This proposed AD would not have a substantial direct effect on the States, on the relationship between the national Government and the States, or on the distribution of power and responsibilities among the various levels of government.

For the reasons discussed above, I certify this proposed regulation:

1. Is not a “significant regulatory action” under Executive Order 12866;
2. Is not a “significant rule” under the DOT Regulatory Policies and Procedures (44 FR 11034, February 26, 1979);
3. Will not affect intrastate aviation in Alaska; and
4. Will not have a significant economic impact, positive or negative, on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

### List of Subjects in 14 CFR Part 39

Air transportation, Aircraft, Aviation safety, Incorporation by reference, Safety.

### The Proposed Amendment

Accordingly, under the authority delegated to me by the Administrator, the FAA proposes to amend 14 CFR part 39 as follows:

#### PART 39—AIRWORTHINESS DIRECTIVES

- 1. The authority citation for part 39 continues to read as follows:

**Authority:** 49 U.S.C. 106(g), 40113, 44701.

#### § 39.13 [Amended]

- 2. The FAA amends § 39.13 by removing Airworthiness Directive (AD) 97–07–14, Amendment 39–9988 (62 FR 16473, April 7, 1997), and adding the following new AD:

**Airbus:** Docket No. FAA–2015–0926; Directorate Identifier 2014–NM–121–AD.

#### (a) Comments Due Date

We must receive comments by June 8, 2015.

#### (b) Affected ADs

This AD replaces AD 97–07–14, Amendment 39–9988 (62 FR 16473, April 7, 1997).

#### (c) Applicability

This AD applies to Airbus Model A320–211 and –231 airplanes, certificated in any category, all manufacturer serial numbers (MSN) up to MSN 0084 inclusive.

#### (d) Subject

Air Transport Association (ATA) of America Code 57, Wings.

#### (e) Reason

This AD was prompted by the determination that repetitive inspections are needed on airplanes on which the modification of the rib flange on the front spar of the wing center section has been done. We are issuing this AD to prevent fatigue cracking on the rib flange area of the front spar of the wing center section, which can reduce the structural integrity of fuselage frame 36 and the wing center section.

#### (f) Compliance

Comply with this AD within the compliance times specified, unless already done.

#### (g) Retained Modification

This paragraph restates the requirements of paragraph (a) of AD 97–07–14, Amendment 39–9988 (62 FR 16473, April 7, 1997). For airplanes with manufacturer serial number (MSN) 005 through 008 inclusive, MSN 010 through 014 inclusive, and MSN 016 through 042 inclusive: Prior to the accumulation of 16,000 total landings, or within 3 months after May 12, 1997 (the effective date of AD 97–07–14), whichever occurs later, modify the rib flange on the front spar of the wing center section by installing shims and new fasteners to reinforce pressure floor fittings, in accordance with the Accomplishment Instructions of Airbus Service Bulletin A320–57–1013, Revision 1, dated September 29, 1992.

#### (h) Modification for Airplanes With MSNs 001, 009, and 015

Prior to the accumulation of 16,000 total landings since first flight, or within 30 days after the effective date of this AD, whichever occurs later, modify the rib flange on the front spar of the wing center section by installing shims and new fasteners to reinforce pressure floor fittings, in accordance with the Accomplishment Instructions of Airbus Service Bulletin A320–57–1013, Revision 1, dated September 29, 1992.

#### (i) New Requirement of This AD: Repetitive Inspections

Within the applicable compliance times specified in paragraphs (i)(1) and (i)(2) of this AD, do a high frequency eddy current (HFEC)

inspection for cracking of the radius of the rib flanges and vertical stiffener at frame 36 and do a rototest inspection for cracking of the fastener holes of the rib flanges and vertical stiffener, in accordance with the Accomplishment Instructions of Airbus Service Bulletin A320–57–1175, Revision 01, including Appendix 01, dated May 28, 2014. During each inspection, remove the shims and fasteners on the rib flange on the front spar side and do an HFEC inspection for cracking of the radius of the rib flanges and a rototest inspection for cracking of the fastener holes. If no cracking is found, oversize the holes of the rib flange and the holes of the shims, in accordance with the Accomplishment Instructions of Airbus Service Bulletin A320–57–1175, Revision 01, including Appendix 01, dated May 28, 2014. Repeat the inspections thereafter at intervals not to exceed 32,500 flight cycles or 65,000 flight hours, whichever occurs first.

(1) For airplanes having Airbus Modification 20976 embodied: At the later of the times specified in paragraphs (i)(1)(i) or (i)(1)(ii) of this AD.

(i) Before exceeding 47,800 flight cycles or 95,600 flight hours, whichever occurs first, since the airplane’s first flight.

(ii) Within 850 flight cycles or 1,700 flight hours, whichever occurs first, after the effective date of this AD.

(2) For airplanes on which the modification of the front spar of the wing center section was accomplished using Airbus Service Bulletin A320–57–1013, Revision 1, dated September 29, 1992: At the later of the times specified in paragraphs (i)(2)(i) or (i)(2)(ii) of this AD.

(i) Before exceeding 10,700 flight cycles or 21,500 flight hours, whichever occurs first, after the modification of the rib flange on the front spar of the wing center section was done using Airbus Service Bulletin A320–57–1013, Revision 1, dated September 29, 1992.

(ii) Within 850 flight cycles or 1,700 flight hours, whichever occurs first, after the effective date of this AD.

#### (j) Repair

If, during any inspection required by paragraph (i) of this AD, any cracking is found, before further flight, repair using a method approved by the Manager, International Branch, ANM–116, Transport Airplane Directorate, FAA; or the European Aviation Safety Agency (EASA); or Airbus’s EASA Design Organization Approval (DOA).

#### (k) Credit for Previous Actions

This paragraph restates the requirements of Note 2 of paragraph (g) of AD 97–07–14, Amendment 39–9988 (62 FR 16473, April 7, 1997): This paragraph provides credit for the modification of the rib flange required by paragraph (g) of this AD, if those actions were performed before May 12, 1997 (the effective date of AD 97–07–14) using Airbus Service Bulletin A320–57–1013, dated April 12, 1989.

#### (l) Other FAA AD Provisions

The following provisions also apply to this AD:

(1) *Alternative Methods of Compliance (AMOCs):* The Manager, International

Branch, ANM-116, Transport Airplane Directorate, FAA, has the authority to approve AMOCs for this AD, if requested using the procedures found in 14 CFR 39.19. In accordance with 14 CFR 39.19, send your request to your principal inspector or local Flight Standards District Office, as appropriate. If sending information directly to the International Branch, send it to ATTN: Sanjay Ralhan, Aerospace Engineer, International Branch, ANM-116, Transport Airplane Directorate, FAA, 1601 Lind Avenue SW., Renton, WA 98057-3356; telephone 425-227-1405; fax 425-227-1149. Information may be emailed to: [9-ANM-116-AMOC-REQUESTS@faa.gov](mailto:9-ANM-116-AMOC-REQUESTS@faa.gov). Before using any approved AMOC, notify your appropriate principal inspector, or lacking a principal inspector, the manager of the local flight standards district office/certificate holding district office. The AMOC approval letter must specifically reference this AD.

(2) *Contacting the Manufacturer:* As of the effective date of this AD, for any requirement in this AD to obtain corrective actions from a manufacturer, the action must be accomplished using a method approved by the Manager, International Branch, ANM-116, Transport Airplane Directorate, FAA; or EASA; or Airbus's EASA DOA. If approved by the DOA, the approval must include the DOA-authorized signature.

(3) *Required for Compliance (RC):* Except as required by paragraph (j) of this AD, if the service information contains procedures or tests that are identified as RC, those procedures and tests must be done to comply with this AD; any procedures and tests that are not identified as RC are recommended. Those procedures and tests that are not identified as RC may be deviated from using accepted methods in accordance with the operator's maintenance or inspection program without obtaining approval of an AMOC, provided the procedures and tests identified as RC can be done and the airplane can be put back in a serviceable condition. Any substitutions or changes to procedures or tests identified as RC require approval of an AMOC.

#### (m) Related Information

(1) Refer to Mandatory Continuing Airworthiness Information (MCAI) EASA Airworthiness Directive 2014-0053, dated March 7, 2014, for related information. This MCAI may be found in the AD docket on the Internet at <http://www.regulations.gov> by searching for and locating Docket No. FAA-2015-0926.

(2) For service information identified in this AD, contact Airbus, Airworthiness Office—ELIAS, 1 Rond Point Maurice Bellonte, 31707 Blagnac Cedex, France; telephone +33 5 61 93 36 96; fax +33 5 61 93 44 51; email [account.airworth-eas@airbus.com](mailto:account.airworth-eas@airbus.com); Internet <http://www.airbus.com>. You may view this service information at the FAA, Transport Airplane Directorate, 1601 Lind Avenue SW., Renton, WA. For information on the availability of this material at the FAA, call 425-227-1221.

Issued in Renton, Washington, on April 6, 2015.

**John P. Piccola, Jr.,**

## DEPARTMENT OF TRANSPORTATION

### Federal Aviation Administration

#### 14 CFR Part 71

**[Docket No. FAA-2015-0046; Airspace Docket No. 14-ASO-23]**

#### Proposed Establishment of Class E Airspace; Headland, AL

**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Notice of proposed rulemaking (NPRM).

**SUMMARY:** This action proposes to establish Class E Airspace at Headland, AL, to accommodate new Area Navigation (RNAV) Global Positioning System (GPS) Standard Instrument Approach Procedures (SIAPs) serving Headland Municipal Airport. Controlled airspace is necessary for the safety and management of instrument flight rules (IFR) operations at the airport.

**DATES:** 0901 UTC. Comments must be received on or before June 8, 2015.

**ADDRESSES:** Send comments on this rule to: U. S. Department of Transportation, Docket Operations, West Building Ground Floor, Room W12-140, 1200 New Jersey, SE., Washington, DC 20590-0001; Telephone: 1-800-647-5527; Fax: 202-493-2251. You must identify the Docket Number FAA-2015-0046; Airspace Docket No. 14-ASO-23, at the beginning of your comments. You may also submit and review received comments through the Internet at <http://www.regulations.gov>.

You may review the public docket containing the proposal, any comments received, and any final disposition in person in the Dockets Office between 9:00 a.m. and 5:00 p.m., Monday through Friday, except Federal holidays. The Docket Office (telephone 1-800-647-5527), is on the ground floor of the building at the above address.

FAA Order 7400.9Y, Airspace Designations and Reporting Points, and subsequent amendments can be viewed online at [http://www.faa.gov/air\\_traffic/publications/](http://www.faa.gov/air_traffic/publications/). The Order is also available for inspection at the National Archives and Records Administration (NARA). For information on the availability of this proposed incorporation by reference material at

NARA, call 202-741-6030, or go to [http://www.archives.gov/federal-register/code\\_of\\_federal-regulations/ibr\\_locations.html](http://www.archives.gov/federal-register/code_of_federal-regulations/ibr_locations.html).

FAA Order 7400.9, Airspace Designations and Reporting Points, is published yearly and effective on September 15. For further information, you can contact the Airspace Policy and Regulations Group, Federal Aviation Administration, 800 Independence Avenue, SW., Washington, DC, 20591; telephone: 202-267-8783.

**FOR FURTHER INFORMATION CONTACT:** John Fornito, Operations Support Group, Eastern Service Center, Federal Aviation Administration, P.O. Box 20636, Atlanta, Georgia 30320; telephone (404) 305-6364.

#### SUPPLEMENTARY INFORMATION:

##### Comments Invited

Interested persons are invited to comment on this rule by submitting such written data, views, or arguments, as they may desire. Comments that provide the factual basis supporting the views and suggestions presented are particularly helpful in developing reasoned regulatory decisions on the proposal. Comments are specifically invited on the overall regulatory, aeronautical, economic, environmental, and energy-related aspects of the proposal.

Communications should identify both docket numbers (FAA Docket No. FAA-2015-0046; Airspace Docket No. 14-ASO-23) and be submitted in triplicate to the Docket Management System (see **ADDRESSES** section for address and phone number). You may also submit comments through the Internet at <http://www.regulations.gov>.

Persons wishing the FAA to acknowledge receipt of their comments on this action must submit with those comments a self-addressed stamped postcard on which the following statement is made: "Comments to Docket No. FAA-2015-0046; Airspace Docket No. 14-ASO-23." The postcard will be date/time stamped and returned to the commenter.

All communications received before the specified closing date for comments will be considered before taking action on the proposed rule. The proposal contained in this notice may be changed in light of the comments received. A report summarizing each substantive public contact with FAA personnel concerned with this rulemaking will be filed in the docket.

##### Availability of NPRMs

An electronic copy of this document may be downloaded from and

comments submitted through <http://www.regulations.gov>. Recently published rulemaking documents can also be accessed through the FAA's Web page at [http://www.faa.gov/airports-airtraffic/air\\_traffic/publications-airspace\\_amendments/](http://www.faa.gov/airports-airtraffic/air_traffic/publications-airspace_amendments/).

You may review the public docket containing the proposal, any comments received, and any final disposition in person in the Dockets Office (see the **ADDRESSES** section for address and phone number) between 9:00 a.m. and 5:00 p.m., Monday through Friday, except Federal Holidays. An informal docket may also be examined between 8:00 a.m. and 4:30 p.m., Monday through Friday, except Federal Holidays at the office of the Eastern Service Center, Federal Aviation Administration, room 350, 1701 Columbia Avenue, College Park, Georgia 30337.

Persons interested in being placed on a mailing list for future NPRM's should contact the FAA's Office of Rulemaking, (202) 267-9677, to request a copy of Advisory circular No. 11-2A, Notice of Proposed Rulemaking distribution System, which describes the application procedure.

#### Availability and Summary of Documents for Incorporation by Reference

This document proposes to amend FAA Order 7400.9Y, Airspace Designations and Reporting Points, dated August 6, 2014, and effective September 15, 2014. FAA Order 7400.9Y is publicly available as listed in the **ADDRESSES** section of this proposed rule. FAA Order 7400.9Y lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

#### The Proposal

The FAA is considering an amendment to Title 14, Code of Federal Regulations (14 CFR) part 71 to establish Class E airspace extending upward from 700 feet above the surface at Headland Municipal Airport, Headland, AL., providing the controlled airspace required to support the new RNAV (GPS) standard instrument approach procedures for Headland Municipal Airport. Controlled airspace extending upward from 700 feet above the surface within a 7-mile radius of the airport would be established for IFR operations.

Class E airspace designations are published in Paragraph 6005 of FAA Order 7400.9Y, dated August 6, 2014, and effective September 15, 2014, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this document will be published subsequently in the Order.

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore, (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this proposed rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This proposed rulemaking is promulgated under the authority described in Subtitle VII, Part, A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This proposed regulation is within the scope of that authority as it would establish Class E airspace at Headland Municipal Airport, Headland, AL.

#### Environmental Review

This proposal would be subject to an environmental analysis in accordance with FAA Order 1050.1E, "Environmental Impacts: Policies and Procedures" prior to any FAA final regulatory action.

#### Lists of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (Air).

#### The Proposed Amendment

In consideration of the foregoing, the Federal Aviation Administration proposes to amend 14 CFR part 71 as follows:

#### **PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS**

■ 1. The authority citation for Part 71 continues to read as follows:

**Authority:** 49 U.S.C. 106(f), 106(g), 40103, 40113, 40120, E.O. 10854, 24 FR 9565, 3 CFR, 1959-1963 Comp., p. 389.

#### § 71.1 [Amended]

■ 2. The incorporation by reference in 14 CFR 71.1 of FAA Order 7400.9Y, Airspace Designations and Reporting Points, dated August 6, 2014, effective September 15, 2014, is amended as follows:

*Paragraph 6005 Class E Airspace areas extending upward from 700 feet or more above the surface of the earth.*

\* \* \* \* \*

#### **ASO AL E5 Headland, AL [New]**

Headland Municipal Airport, AL  
(Lat. 31°21'51" N., long. 85°18'45" W.)

That airspace extending upward from 700 feet above the surface within a 7-mile radius of Headland Municipal Airport.

Issued in College Park, Georgia, on April 10, 2015.

**Gerald E. Lynch,**

*Manager, Operations Support Group, Eastern Service Center, Air Traffic Organization.*

**SUPPLEMENTARY INFORMATION:**

**Comments Invited**

Interested parties are invited to participate in this proposed rulemaking by submitting such written data, views, or arguments, as they may desire. Comments that provide the factual basis supporting the views and suggestions presented are particularly helpful in developing reasoned regulatory decisions on the proposal. Comments are specifically invited on the overall regulatory, aeronautical, economic, environmental, and energy-related aspects of the proposal. Communications should identify both docket numbers and be submitted in triplicate to the address listed above. Commenters wishing the FAA to acknowledge receipt of their comments on this notice must submit with those comments a self-addressed, stamped postcard on which the following statement is made: "Comments to Docket No. FAA-2014-0723/Airspace Docket No. 14-AGL-13." The postcard will be date/time stamped and returned to the commenter.

**Availability of NPRMs**

An electronic copy of this document may be downloaded through the Internet at <http://www.regulations.gov>. Recently published rulemaking documents can also be accessed through the FAA's Web page at [http://www.faa.gov/airports\\_airtraffic/air\\_traffic/publications/airspace\\_amendments/](http://www.faa.gov/airports_airtraffic/air_traffic/publications/airspace_amendments/).

You may review the public docket containing the proposal, any comments received and any final disposition in person in the Dockets Office (see **ADDRESSES** section for address and phone number) between 9:00 a.m. and 5:00 p.m., Monday through Friday, except Federal holidays. An informal docket may also be examined during normal business hours at the office of the Central Service Center, 2601 Meacham Blvd., Fort Worth, TX 76137.

Persons interested in being placed on a mailing list for future NPRMs should contact the FAA's Office of Rulemaking (202) 267-9677, to request a copy of Advisory Circular No. 11-2A, Notice of Proposed Rulemaking Distribution System, which describes the application procedure.

**Availability and Summary of Documents Proposed for Incorporation by Reference**

This document proposes to amend FAA Order 7400.9Y, Airspace Designations and Reporting Points, dated August 6, 2014, and effective September 15, 2014. FAA Order 7400.9Y is publicly available as listed in the **ADDRESSES** section of this proposed rule. FAA Order 7400.9Y lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

**The Proposal**

This action proposes to amend Title 14, Code of Federal Regulations (14 CFR), Part 71 by establishing Class E airspace extending upward from 700 feet above the surface within a 6.5-mile radius of Highmore Municipal Airport, Highmore, SD, to accommodate new standard instrument approach procedures. Controlled airspace is needed for the safety and management of IFR operations at the airport.

Class E airspace areas are published in Paragraph 6005 of FAA Order 7400.9Y, dated August 6, 2014, and effective September 15, 2014, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this document will be published subsequently in the Order.

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore, (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the U.S. Code. Subtitle 1, Section 106 describes the authority of

the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it would establish controlled airspace at Highmore Municipal Airport, Highmore, SD.

**Environmental Review**

This proposal will be subject to an environmental analysis in accordance with FAA Order 1050.1E, "Environmental Impacts: Policies and Procedures" prior to any FAA final regulatory action.

**List of Subjects in 14 CFR Part 71**

Airspace, Incorporation by reference, Navigation (air).

**The Proposed Amendment**

In consideration of the foregoing, the Federal Aviation Administration proposes to amend 14 CFR part 71 as follows:

**PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS**

- 1. The authority citation for part 71 continues to read as follows:

**Authority:** 49 U.S.C. 106(f), 106(g), 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959-1963 Comp., p. 389.

**§ 71.1 [Amended]**

- 2. The incorporation by reference in 14 CFR 71.1 of FAA Order 7400.9Y, Airspace Designations and Reporting Points, dated August 6, 2014, and effective September 15, 2014, is amended as follows:

*Paragraph 6005 Class E Airspace areas extending upward from 700 feet or more above the surface of the earth.*

\* \* \* \* \*

**AGL SD E5 Highmore, SD [New]**

Highmore Municipal Airport, SD  
(Lat. 44°32'40" N., long. 99°27'04" W.)

That airspace extending upward from 700 feet above the surface within a 6.5-mile radius of Highmore Municipal Airport.

Issued in Fort Worth, TX, on April 10, 2015.

Thomas L. Lattimer,

Acting Manager, Operations Support Group,  
ATO Central Service Center.

##### Comments Invited

Interested persons are invited to comment on this rule by submitting such written data, views, or arguments, as they may desire. Comments that provide the factual basis supporting the views and suggestions presented are particularly helpful in developing reasoned regulatory decisions on the proposal. Comments are specifically invited on the overall regulatory, aeronautical, economic, environmental, and energy-related aspects of the proposal.

Communications should identify both docket numbers (FAA Docket No. FAA-2015-0045; Airspace Docket No. 14-ASO-22) and be submitted in triplicate to the Docket Management System (see **ADDRESSES** section for address and phone number). You may also submit comments through the Internet at <http://www.regulations.gov>.

Persons wishing the FAA to acknowledge receipt of their comments on this action must submit with those comments a self-addressed stamped postcard on which the following statement is made: "Comments to Docket No. FAA-2015-0045; Airspace Docket No. 14-ASO-22." The postcard will be date/time stamped and returned to the commenter.

All communications received before the specified closing date for comments will be considered before taking action on the proposed rule. The proposal contained in this notice may be changed in light of the comments received. A report summarizing each substantive public contact with FAA personnel concerned with this rulemaking will be filed in the docket.

##### Availability of NPRMs

An electronic copy of this document may be downloaded from and

comments submitted through <http://www.regulations.gov>. Recently published rulemaking documents can also be accessed through the FAA's Web page at [http://www.faa.gov/airports-airtraffic/air\\_traffic/publications/airspace\\_amendments/](http://www.faa.gov/airports-airtraffic/air_traffic/publications/airspace_amendments/).

You may review the public docket containing the proposal, any comments received, and any final disposition in person in the Dockets Office (see the **ADDRESSES** section for address and phone number) between 9:00 a.m. and 5:00 p.m., Monday through Friday, except Federal Holidays. An informal docket may also be examined between 8:00 a.m. and 4:30 p.m., Monday through Friday, except Federal Holidays at the office of the Eastern Service Center, Federal Aviation Administration, Room 350, 1701 Columbia Avenue, College Park, Georgia 30337.

Persons interested in being placed on a mailing list for future NPRM's should contact the FAA's Office of Rulemaking, (202) 267-9677, to request a copy of Advisory circular No. 11-2A, Notice of Proposed Rulemaking distribution System, which describes the application procedure.

##### Availability and Summary of Documents for Incorporation by Reference

This document proposes to amend FAA Order 7400.9Y, Airspace Designations and Reporting Points, dated August 6, 2014, and effective September 15, 2014. FAA Order 7400.9Y is publicly available as listed in the **ADDRESSES** section of this proposed rule. FAA Order 7400.9Y lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

##### The Proposal

The FAA is considering an amendment to Title 14, Code of Federal Regulations (14 CFR) part 71 to establish Class E airspace extending upward from 700 feet above the surface at Defuniak Springs Airport., Defuniak Springs, FL, providing the controlled airspace required to support the new RNAV (GPS) standard instrument approach procedures for Defuniak Springs Airport.. Controlled airspace extending upward from 700 feet above the surface within a 6.4-mile radius of the airport would be established for IFR operations.

Class E airspace designations are published in Paragraph 6005 of FAA Order 7400.9Y, dated August 6, 2014, and effective September 15, 2014, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this document will be published subsequently in the Order.

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore, (1) is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this proposed rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

The FAA’s authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency’s authority. This proposed rulemaking is promulgated under the authority described in Subtitle VII, Part, A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This proposed regulation is within the scope of that authority as it would establish Class E airspace at Defuniak Springs Airport, Defuniak Springs, FL.

#### Environmental Review

This proposal would be subject to an environmental analysis in accordance with FAA Order 1050.1E, “Environmental Impacts: Policies and Procedures” prior to any FAA final regulatory action.

#### Lists of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (Air).

#### The Proposed Amendment

In consideration of the foregoing, the Federal Aviation Administration proposes to amend 14 CFR part 71 as follows:

#### **PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS**

■ 1. The authority citation for Part 71 continues to read as follows:

**Authority:** 49 U.S.C. 106(f), 106(g), 40103, 40113, 40120, E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

#### § 71.1 [Amended]

■ 2. The incorporation by reference in 14 CFR 71.1 of FAA Order 7400.9Y, Airspace Designations and Reporting Points, dated August 6, 2014, effective September 15, 2014, is amended as follows:

*Paragraph 6005 Class E Airspace areas extending upward from 700 feet or more above the surface of the earth.*

\* \* \* \* \*

#### **ASO FL E5 Defuniak Springs, FL [New]**

Defuniak Springs Airport, FL  
(Lat. 30°43’52” N., long. 86°9’14” W.)

That airspace extending upward from 700 feet above the surface within a 6.4-mile radius of Defuniak Springs Airport.

Issued in College Park, Georgia, on April 10, 2015.

**Gerald E. Lynch,**

Communications should identify both docket numbers (FAA Docket No. FAA–2015–0458; Airspace Docket No. 15–ASO–02) and be submitted in triplicate to the Docket Management System (see **ADDRESSES** section for address and phone number). You may also submit comments through the Internet at <http://www.regulations.gov>.

Persons wishing the FAA to acknowledge receipt of their comments on this action must submit with those

comments a self-addressed stamped postcard on which the following statement is made: "Comments to Docket No. FAA-2015-0458; Airspace Docket No. 15-ASO-02." The postcard will be date/time stamped and returned to the commenter.

All communications received before the specified closing date for comments will be considered before taking action on the proposed rule. The proposal contained in this notice may be changed in light of the comments received. A report summarizing each substantive public contact with FAA personnel concerned with this rulemaking will be filed in the docket.

#### Availability of NPRMs

An electronic copy of this document may be downloaded from and comments submitted through <http://www.regulations.gov>. Recently published rulemaking documents can also be accessed through the FAA's Web page at [http://www.faa.gov/airports\\_airtraffic/air\\_traffic/publications/airspace\\_amendments/](http://www.faa.gov/airports_airtraffic/air_traffic/publications/airspace_amendments/).

You may review the public docket containing the proposal, any comments received, and any final disposition in person in the Dockets Office (see the **ADDRESSES** section for address and phone number) between 9:00 a.m. and 5:00 p.m., Monday through Friday, except Federal Holidays. An informal docket may also be examined between 8:00 a.m. and 4:30 p.m., Monday through Friday, except Federal Holidays at the office of the Eastern Service Center, Federal Aviation Administration, Room 350, 1701 Columbia Avenue, College Park, Georgia 30337.

Persons interested in being placed on a mailing list for future NPRM's should contact the FAA's Office of Rulemaking, (202) 267-9677, to request a copy of Advisory circular No. 11-2A, Notice of Proposed Rulemaking distribution System, which describes the application procedure.

#### Availability and Summary of Documents for Incorporation by Reference

This document proposes to amend FAA Order 7400.9Y, Airspace Designations and Reporting Points, dated August 6, 2014, and effective September 15, 2014. FAA Order 7400.9Y is publicly available as listed in the **ADDRESSES** section of this proposed rule. FAA Order 7400.9Y lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

#### The Proposal

The FAA is considering an amendment to Title 14, Code of Federal Regulations (14 CFR) part 71 to amend Class E airspace extending upward from 700 feet above the surface at Taylor County Airport, Campbellsville, KY. Airspace reconfiguration to within a 7.7-mile radius of the airport, with an extension from the airport to 11.3 miles northeast of the airport is necessary due to the decommissioning of the Taylor County NDB and cancellation of the NDB approach, and for continued safety and management of IFR operations at the airport.

Class E airspace areas are published in Paragraph 6005 of FAA Order 7400.9Y, dated August 6, 2014, and effective September 15, 2014, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this document will be published subsequently in the Order.

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore, (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this proposed rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This proposed rulemaking is promulgated under the authority described in Subtitle VII, Part, A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This proposed regulation is within the scope of that authority as it would amend Class E airspace at Taylor County Airport, Campbellsville, KY.

#### Environmental Review

This proposal would be subject to an environmental analysis in accordance with FAA Order 1050.1E, "Environmental Impacts: Policies and Procedures" prior to any FAA final regulatory action.

#### Lists of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

#### The Proposed Amendment

In consideration of the foregoing, the Federal Aviation Administration proposes to amend 14 CFR part 71 as follows:

#### **PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS**

■ 1. The authority citation for Part 71 continues to read as follows:

**Authority:** 49 U.S.C. 106(f), 106(g), 40103, 40113, 40120, E.O. 10854, 24 FR 9565, 3 CFR, 1959-1963 Comp., p. 389.

#### **§ 71.1 [Amended]**

■ 2. The incorporation by reference in 14 CFR 71.1 of FAA Order 7400.9Y, Airspace Designations and Reporting Points, dated August 6, 2014, and effective September 15, 2014, is amended as follows:

*Paragraph 6005 Class E Airspace areas extending upward from 700 feet or more above the surface of the earth.*

\* \* \* \* \*

#### **ASO KY E5 Campbellsville, KY [Amended]**

Taylor County Airport, KY  
(Lat. 37°21'30" N., long. 85°18'34" W.)

That airspace extending upward from 700 feet above the surface within a 7.7-mile radius of Taylor County Airport, and within 4 miles each side of the 050° bearing of the airport extending from the 7.7-mile radius to 11.3 miles northeast of the airport.

Issued in College Park, Georgia, on April 10, 2015.

**Gerald E. Lynch,**

*Manager, Operations Support Group, Eastern Service Center, Air Traffic Organization.*

**DEPARTMENT OF TRANSPORTATION****Federal Aviation Administration****14 CFR Part 71**

[Docket No. FAA-2015-0044; Airspace Docket No. 15-ASO-3]

**Proposed Amendment of Class E Airspace; Greenville, SC**

**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Notice of proposed rulemaking (NPRM).

**SUMMARY:** This action proposes to amend Class E Airspace at Greenville, SC as new Standard Instrument Approach Procedures have been developed at Greenville Downtown Airport. This action would enhance the safety and management of Instrument Flight Rules (IFR) operations at the airport. This action also would update the geographic coordinates of the airport.

**DATES:** Comments must be received on or before June 8, 2015.

**ADDRESSES:** Send comments on this rule to: U.S. Department of Transportation, Docket Operations, 1200 New Jersey Avenue SE, West Bldg Ground Floor Rm W12-140, Washington, DC 20590-0001; Telephone: 1-800-647-5527; Fax: 202-493-2251. You must identify the Docket Number FAA-2015-0044; Airspace Docket No. 15-ASO-3, at the beginning of your comments. You may also submit and review received comments through the Internet at <http://www.regulations.gov>. You may review the public docket containing the proposal, any comments received, and any final disposition in person in the Dockets Office between 9:00 a.m. and 5:00 p.m., Monday through Friday, except Federal holidays. The Docket Office (telephone 1-800-647-5527), is on the ground floor of the building at the above address.

FAA Order 7400.9Y, Airspace Designations and Reporting Points, and subsequent amendments can be viewed online at [http://www.faa.gov/air\\_traffic/publications/](http://www.faa.gov/air_traffic/publications/). The Order is also available for inspection at the National Archives and Records Administration (NARA). For information on the availability of this proposed incorporation by reference material at NARA, call 202-741-6030, or go to [http://www.archives.gov/federal-register/code\\_of\\_federal-regulations/ibr\\_locations.html](http://www.archives.gov/federal-register/code_of_federal-regulations/ibr_locations.html).

FAA Order 7400.9, Airspace Designations and Reporting Points, is published yearly and effective on

September 15. For further information, you can contact the Airspace Policy and Regulations Group, Federal Aviation Administration, 800 Independence Avenue SW., Washington, DC 20591; telephone: 202-267-8783.

**FOR FURTHER INFORMATION CONTACT:** John Fornito, Operations Support Group, Eastern Service Center, Federal Aviation Administration, P.O. Box 20636, Atlanta, Georgia 30320; telephone (404) 305-6364.

**SUPPLEMENTARY INFORMATION:****Comments Invited**

Interested persons are invited to comment on this rule by submitting such written data, views, or arguments, as they may desire. Comments that provide the factual basis supporting the views and suggestions presented are particularly helpful in developing reasoned regulatory decisions on the proposal. Comments are specifically invited on the overall regulatory, aeronautical, economic, environmental, and energy-related aspects of the proposal.

Communications should identify both docket numbers (FAA Docket No. FAA-2015-0044; Airspace Docket No. 15-ASO-3) and be submitted in triplicate to the Docket Management System (see **ADDRESSES** section for address and phone number). You may also submit comments through the Internet at <http://www.regulations.gov>.

Persons wishing the FAA to acknowledge receipt of their comments on this action must submit with those comments a self-addressed stamped postcard on which the following statement is made: "Comments to Docket No. FAA-2015-0044; Airspace Docket No. 15-ASO-3." The postcard will be date/time stamped and returned to the commenter.

All communications received before the specified closing date for comments will be considered before taking action on the proposed rule. The proposal contained in this notice may be changed in light of the comments received. A report summarizing each substantive public contact with FAA personnel concerned with this rulemaking will be filed in the docket.

**Availability of NPRMs**

An electronic copy of this document may be downloaded from and comments submitted through <http://www.regulations.gov>. Recently published rulemaking documents can also be accessed through the FAA's Web page at [http://www.faa.gov/airports/airtraffic/air\\_traffic/publications/airspace\\_amendments/](http://www.faa.gov/airports/airtraffic/air_traffic/publications/airspace_amendments/).

You may review the public docket containing the proposal, any comments received, and any final disposition in person in the Dockets Office (see the **ADDRESSES** section for address and phone number) between 9:00 a.m. and 5:00 p.m., Monday through Friday, except Federal Holidays. An informal docket may also be examined between 8:00 a.m. and 4:30 p.m., Monday through Friday, except Federal Holidays at the office of the Eastern Service Center, Federal Aviation Administration, Room 350, 1701 Columbia Avenue, College Park, Georgia 30337. Persons interested in being placed on a mailing list for future NPRM's should contact the FAA's Office of Rulemaking, (202) 267-9677, to request a copy of Advisory circular No. 11-2A, Notice of Proposed Rulemaking distribution System, which describes the application procedure.

**Availability and Summary of Documents for Incorporation by Reference**

This document proposes to amend FAA Order 7400.9Y, Airspace Designations and Reporting Points, dated August 6, 2014, and effective September 15, 2014. FAA Order 7400.9Y is publicly available as listed in the **ADDRESSES** section of this proposed rule. FAA Order 7400.9Y lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

**The Proposal**

The FAA is considering an amendment to Title 14, Code of Federal Regulations (14 CFR) part 71 to amend Class E airspace extending upward from 700 feet above the surface at Greenville Downtown Airport, Greenville, SC. Airspace reconfiguration to within a 9.3-mile radius of the airport is necessary to support new Standard Instrument Approach Procedures developed at Greenville Downtown Airport, and for continued safety and management of IFR operations at the airport. The geographic coordinates of the airport would be adjusted to coincide with the FAA's aeronautical database.

Class E airspace designations are published in Paragraph 6005 of FAA Order 7400.9Y, dated August 6, 2014, and effective September 15, 2014, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this document will be published subsequently in the Order.

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It,

therefore, (1) is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this proposed rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

The FAA’s authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency’s authority. This proposed rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This proposed regulation is within the scope of that authority as it would amend Class E airspace at Greenville Downtown Airport, Greenville, SC.

This proposal would be subject to an environmental analysis in accordance with FAA Order 1050.1E, “Environmental Impacts: Policies and Procedures” prior to any FAA final regulatory action.

#### Lists of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

#### The Proposed Amendment

In consideration of the foregoing, the Federal Aviation Administration proposes to amend 14 CFR part 71 as follows:

#### PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

■ 1. The authority citation for Part 71 continues to read as follows:

**Authority:** 49 U.S.C. 106(f), 106(g), 40103, 40113, 40120, E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

##### § 71.1 [Amended]

■ 2. The incorporation by reference in 14 CFR 71.1 of FAA Order 7400.9Y, Airspace Designations and Reporting Points, dated August 6, 2014, effective

September 15, 2014, is amended as follows:

*Paragraph 6005 Class E Airspace Areas Extending Upward from 700 feet or More Above the Surface of the Earth.*

\* \* \* \* \*

#### ASO SC E5 Greenville, SC [Amended]

Greenville Downtown Airport, SC  
(Lat. 34°50’53” N., long. 82°21’00” W.)  
Greenville-Spartanburg International Airport, SC  
(Lat. 34°53’44” N., long. 82°13’08” W.)  
Donaldson Center Airport  
(Lat. 34°45’30” N., long. 82°22’35” W.)  
DYANA NDB  
(Lat. 34°41’28” N., long. 82°26’37” W.)

That airspace extending upward from 700 feet above the surface within a 9.3-mile radius of Greenville Downtown Airport, and within a 10-mile radius of Greenville-Spartanburg International Airport, and within a 6.7-mile radius of Donaldson Center Airport, and within 4 miles northwest and 8 miles southeast of the 224° bearing from the DYANA NDB extending from the 6.7-mile radius to 16 miles southwest of Donaldson Center Airport.

Issued in College Park, Georgia, on March 30, 2015.

**Gerald E. Lynch,**

*Acting Manager, Operations Support Group,  
Eastern Service Center, Air Traffic  
Organization.*

### Food and Drug Administration

#### 21 CFR Parts 314 and 320

[Docket No. FDA–2011–N–0830]

RIN 0910–AF97

#### Abbreviated New Drug Applications and 505(b)(2) Applications; Extension of Comment Period

**AGENCY:** Food and Drug Administration, HHS.

**ACTION:** Proposed rule; extension of comment period.

**SUMMARY:** The Food and Drug Administration (FDA) is extending the comment period for the proposed rule that appeared in the **Federal Register** of February 6, 2015. In the proposed rule, FDA requested comments on its proposal to implement portions of Title XI of the Medicare Prescription Drug, Improvement, and Modernization Act of 2003 (MMA), which amended provisions of the Federal Food, Drug, and Cosmetic Act (FD&C Act) that govern the approval of 505(b)(2)

applications and abbreviated new drug applications (ANDAs). FDA also requested comment on its proposal to amend certain regulations regarding 505(b)(2) applications and ANDAs to facilitate compliance with and efficient enforcement of the FD&C Act. The Agency is taking this action in response to requests for an extension to allow interested persons additional time to submit comments.

**DATES:** FDA is extending the comment period on the proposed rule published February 6, 2015 (80 FR 6802). Submit either electronic or written comments on the proposed rule by June 8, 2015.

**ADDRESSES:** You may submit comments by any of the following methods:

#### Electronic Submissions

Submit electronic comments in the following way:

- *Federal eRulemaking Portal:* <http://www.regulations.gov>. Follow the instructions for submitting comments.

#### Written Submissions

Submit written submissions in the following ways:

- *Mail/Hand delivery/Courier (for paper submissions):* Division of Dockets Management (HFA–305), Food and Drug Administration, 5630 Fishers Lane, Rm. 1061, Rockville, MD 20852.

*Instructions:* All submissions received must include the Docket No. FDA–2011–N–0830 for this rulemaking. All comments received may be posted without change to <http://www.regulations.gov>, including any personal information provided. For additional information on submitting comments, see the “Comments” heading of the **SUPPLEMENTARY INFORMATION** section of this document.

*Docket:* For access to the docket to read background documents or comments received, go to <http://www.regulations.gov> and insert the docket number, found in brackets in the heading of this document, into the “Search” box and follow the prompts and/or go to the Division of Dockets Management, 5630 Fishers Lane, Rm. 1061, Rockville, MD 20852.

#### FOR FURTHER INFORMATION CONTACT:

Janice L. Weiner, Center for Drug Evaluation and Research, Food and Drug Administration, 10903 New Hampshire Ave., Bldg. 51, Rm. 6268, Silver Spring, MD 20993–0002, 301–796–3601.

#### SUPPLEMENTARY INFORMATION:

##### I. Background

In the **Federal Register** of February 6, 2015, FDA published a proposed rule with a 90-day comment period to

request comments on its proposal to implement portions of Title XI of the MMA, which amended provisions of the FD&C Act that govern the approval of 505(b)(2) applications and ANDAs. FDA also requested comment on its proposal to amend certain regulations regarding 505(b)(2) applications and ANDAs to facilitate compliance with and efficient enforcement of the FD&C Act. Comments on the proposed rule will inform FDA's rulemaking on ANDAs and 505(b)(2) applications.

The Agency has received requests for a 60-day extension of the comment period for the proposed rule. Each request conveyed concern that the current 90-day comment period does not allow sufficient time to develop a meaningful or thoughtful response to the proposed rule.

FDA has considered the requests and is extending the comment period for the proposed rule for 30 days, until June 8, 2015. The Agency believes that a 30-day extension of the comment period for the proposed rule allows adequate time for interested persons to submit comments without significantly delaying rulemaking on these important issues.

## II. Request for Comments

Interested persons may submit either electronic comments regarding this document to <http://www.regulations.gov> or written comments to the Division of Dockets Management (see **ADDRESSES**). It is only necessary to send one set of comments. Identify comments with the docket number found in brackets in the heading of this document. Received comments may be seen in the Division of Dockets Management between 9 a.m. and 4 p.m., Monday through Friday, and will be posted to the docket at <http://www.regulations.gov>.

Dated: April 17, 2015.

**Leslie Kux,**

*Associate Commissioner for Policy.*

## DEPARTMENT OF THE TREASURY

### Internal Revenue Service

#### 26 CFR Part 1

[REG-108214-15]

RIN 1545-BM69

#### Exception From Passive Income for Certain Foreign Insurance Companies

**AGENCY:** Internal Revenue Service (IRS), Treasury.

**ACTION:** Notice of proposed rulemaking.

**SUMMARY:** This document contains proposed regulations that provide guidance regarding when a foreign insurance company's income is excluded from the definition of passive income under section 1297(b)(2)(B). The proposed regulations affect the U.S. shareholders of foreign corporations. This document also invites comments from the public on all aspects of the proposed rules and provides the opportunity for the public to request a public hearing.

**DATES:** Written or electronic comments and requests for a public hearing must be received by July 23, 2015.

**ADDRESSES:** Send submissions to: CC:PA:LPD:PR (REG-108214-15), Room 5203, Internal Revenue Service, P.O. Box 7604, Ben Franklin Station, Washington, DC 20044. Submissions may be hand-delivered Monday through Friday between the hours of 8 a.m. and 4 p.m. to CC:PA:LPD:PR (REG-108214-15), Courier's Desk, Internal Revenue Service, 1111 Constitution Avenue NW., Washington, DC, or sent electronically via the Federal eRulemaking Portal at <http://www.regulations.gov> (IRS REG-108214-15).

**FOR FURTHER INFORMATION CONTACT:** Concerning the proposed regulations, Josephine Firehock, (202) 317-4932; concerning submissions of comments or requests for a public hearing, Oluwafunmilayo (Funmi) Taylor at (202) 317-6901 (not toll-free numbers).

#### SUPPLEMENTARY INFORMATION:

##### Background and Explanation of Provisions

The Department of Treasury (Treasury) and the IRS are aware of situations in which a hedge fund establishes a purported foreign reinsurance company in order to defer and reduce the tax that otherwise would be due with respect to investment income. Such foreign corporations may be Passive Foreign Investment Companies (PFICs). For a description of the recent trends and legislative proposals to address the issue, see "Background and Data with Respect to Hedge Fund Reinsurance Arrangements," JCT (July 31, 2014) (2014 JCT Report); see also Notice 2003-34, 2003-23 IRB 990 (May 9, 2003).

Under section 1297 of the Internal Revenue Code (Code), a foreign corporation is a PFIC if either 75 percent or more of its gross income for the taxable year is passive income ("passive income test"), or on average 50 percent or more of its assets produce passive income or are held for the production of passive income ("passive asset test"). Section 1297(b)(1) generally defines the

term "passive income" to mean any income of a kind that would be "foreign personal holding company income" as defined in section 954(c). In general, an asset is characterized as passive if it generates (or is reasonably expected to generate in the reasonably foreseeable future) passive income as defined in section 1297(b). Assets that generate both passive and non-passive income in a taxable year are treated as partly passive and partly non-passive assets in proportion to the relative amounts of income generated by those assets in that year. See Notice 88-22, 1988-1 CB 489 (February 26, 1988).

For purposes of applying the passive income test, section 1297(b)(2)(B) provides that, except as provided in regulations, the term "passive income" does not include any income that is derived in the active conduct of an insurance business by a corporation which is predominantly engaged in an insurance business and which would be subject to tax under subchapter L as an insurance company if the corporation were a domestic corporation. As the terms "active conduct" and "insurance business" are not defined in section 1297, Treasury and the IRS are proposing regulations to clarify the circumstances under which investment income earned by a foreign insurance company is derived in the active conduct of an insurance business for purposes of determining whether the income is passive income, and thus the extent to which the company's assets are treated as passive assets for purposes of determining whether the company is a PFIC.

The proposed regulations provide that the term "active conduct" has the same meaning as in § 1.367(a)-2T(b)(3), except that officers and employees are not considered to include the officers and employees of related entities. The proposed regulations define the term "insurance business" to mean the business activity of issuing insurance and annuity contracts and the reinsuring of risks underwritten by insurance companies, together with investment activities and administrative services that are required to support or are substantially related to insurance contracts issued or reinsured by the foreign insurance company.<sup>1</sup> The regulations also provide that an

<sup>1</sup> Cf. Committee on Ways and Means U.S. House of Representatives, Supplemental Report, The Deficit Reduction Act of 1984, 98th Cong. 2d Sess., H.R. Rept. 98-432, part 2, at 531 (Mar. 5, 1984); Committee on Finance United States Senate, The Deficit Reduction Act of 1984, S. Rept. 98-169, vol. 1, at 1407-08 (April 2, 1984); H.R. Rept. 98-861, 98th Cong. 2d Sess. at 1045 (June 23, 1984) (Conference Report).

investment activity is any activity engaged in to produce income of a kind that would be foreign personal holding company income as defined in section 954(c). The proposed regulations further provide that investment activities will be treated as required to support or as substantially related to insurance or annuity contracts issued or reinsured by the foreign corporation to the extent that income from the activities is earned from assets held by the foreign corporation to meet obligations under the contracts.

The proposed regulations do not set forth a method to determine the portion of assets held to meet obligations under insurance and annuity contracts. Comments are requested on appropriate methodologies for determining the extent to which assets are held to meet obligations under insurance and annuity contracts.

The proposed regulations also do not define what it means to be “predominantly engaged” in an insurance business. Prior to 1984, the Code did not define an insurance company. Section 1.801–3(a) of the regulations, however, provides in relevant part that an insurance company is a company whose primary and predominant business activity during the taxable year is the issuing of insurance or annuity contracts or the reinsuring of risks underwritten by insurance companies.

In 1984, Congress enacted a definition of an “insurance company” that applied only to life insurance companies, and in 2004, a conforming amendment was made to apply the same definition to non-life insurance companies. See sections 816(a) and 831(c). Under this definition, in order for a corporation to be subject to tax as an insurance company under subchapter L, more than half of its business during the taxable year is required to be the issuing of insurance or annuity contracts or the reinsuring of risks underwritten by insurance companies. By requiring that more than half of the company’s business activity, rather than its predominant business activity, be insurance activity, the current subchapter L statutory rules adopt a stricter and more precise standard than the “primary and predominant” regulatory standard under prior law.<sup>2</sup>

<sup>2</sup> Committee on Ways and Means U.S. House of Representatives, Supplemental Report, The Deficit Reduction Act of 1984, 98th Cong. 2d Sess., H.R. Rept. 98–432, part 2, at 1402–3 (March 5, 1984); Committee on Finance United States Senate, The Deficit Reduction Act of 1984, 98th Cong. 2d Sess., S. Rpt. 98–169, vol. 1, at 525–6 (April 2, 1984); Committee on Ways and Means U.S. House of Representatives, Supplemental Report, The Deficit

Thus, any company taxable under subchapter L as an insurance company is necessarily predominantly engaged in an insurance business for purposes of section 1297(a)(2)(B).

#### Proposed Effective/Applicability Date

These regulations are proposed to apply on the date of publication of the Treasury decision adopting these rules as final regulations in the **Federal Register**.

#### Special Analyses

It has been determined that this notice of proposed rulemaking is not a significant regulatory action as defined in Executive Order 12866, as supplemented by Executive Order 13563. Therefore, a regulatory assessment is not required. It also has been determined that section 553(b) of the Administrative Procedure Act (5 U.S.C. Chapter 5) does not apply to these regulations, and because the regulations do not impose a collection of information on small entities, the Regulatory Flexibility Act (5 U.S.C. chapter 6) does not apply. Pursuant to section 7805(f) of the Code, this notice of proposed rulemaking has been submitted to the Chief Counsel of Advocacy of the Small Business Administration for comment on its impact on small business.

#### Comments and Requests for Public Hearing

Before these proposed regulations are adopted as final regulations, consideration will be given to any comments that are submitted timely to the IRS as prescribed in this preamble under “Addresses.” Treasury and the IRS request comments on all aspects of the proposed rules. Comments specifically are requested with regard to how to determine the portion of a foreign insurance company’s assets that are held to meet obligations under insurance contracts issued or reinsured by the company. For example, assets could be considered as held to meet obligations under insurance or annuity contracts issued or reinsured by the corporation to the extent the corporation’s assets in the calendar year do not exceed a specified percentage of the corporation’s total insurance liabilities for the year (for example, the sum of the corporation’s “total reserves” (as defined in section 816(c)) plus (to the extent not included in total reserves) the items referred to in paragraphs (3),

Reduction Act of 1984, 98th Cong. 2d Sess., H.R. Rept. 98–432, part 2, at 1042–2 (March 5, 1984) (Conference Report); H.R. Rept. 108–457, Pension Funding Equity Act of 2004, 108th Cong. 2d Sess. at 52–53 (April 1, 2004).

(4), (5), and (6) of section 807(c)). Comments are requested with regard to what percentage would be appropriate. Also, comments are requested with regard to whether other methods would be more appropriate to determine the portion of assets that are held to meet obligations under insurance and annuity contracts.

All comments will be available at [www.regulations.gov](http://www.regulations.gov) or upon request. A public hearing will be scheduled if requested in writing by any person that timely submits comments. If a public hearing is scheduled, notice of the date, time, and place for the public hearing will be published in the **Federal Register**.

#### Drafting Information

The principal author of these proposed regulations is Josephine Firehock of the Office of Associate Chief Counsel (International). However, other personnel from the IRS and the Treasury Department participated in their development.

#### List of Subjects in 26 CFR Part 1

Income taxes, Reporting and recordkeeping requirements.

#### Proposed Amendments to the Regulations

Accordingly, 26 CFR part 1 is proposed to be amended as follows:

#### PART 1—INCOME TAXES

■ **Par. 1.** The authority citation for part 1 is amended by adding an entry in numerical order to read in part as follows:

**Authority:** 26 U.S.C. 7805 \* \* \*

Section 1.1297–4 is also issued under 26 U.S.C. 1297(b)(2)(B) and 1298(g).

■ **Par. 2.** Section 1.1297–4 is added to read as follows:

#### § 1.1297–4 Exception from the definition of passive income for certain foreign insurance company income.

(a) *Income derived in the active conduct of an insurance business.* For purposes of section 1297, the term *passive income* does not include income earned by a foreign corporation that would be subject to tax under subchapter L if it were a domestic corporation, but only to the extent the income is derived in the active conduct of an insurance business.

(b) *Definitions.* The following definitions apply for purposes of paragraph (a) of this section—

(1) *Active conduct.* The term *active conduct* has the same meaning as in § 1.367(a)–2T(b)(3), except that officers and employees are not considered to

include the officers and employees of related entities as provided in § 1.367(a)-2T(b)(3).

(2) *Insurance business.* The term *insurance business* means the business of issuing insurance and annuity contracts and the reinsuring of risks underwritten by insurance companies, together with those investment activities and administrative services that are required to support or are substantially related to insurance and annuity contracts issued or reinsured by the foreign corporation. For purposes of the preceding sentence—

(i) An investment activity is any activity engaged in by the foreign corporation to produce income of a kind that would be foreign personal holding company income as defined in section 954(c); and

(ii) Investment activities are required to support or are substantially related to insurance and annuity contracts issued or reinsured by the foreign corporation to the extent that income from the activities is earned from assets held by the foreign corporation to meet obligations under the contracts.

(c) *Effective/applicability date.* These regulations apply beginning [EFFECTIVE DATE OF FINAL RULE].

**John M. Dalrymple,**

*Deputy Commissioner for Services and Enforcement.*

## ENVIRONMENTAL PROTECTION AGENCY

### 40 CFR Part 52

[EPA-R01-OAR-2014-0796; EPA-R01-OAR-2014-0862; FRL-9926-73-Region 1]

#### Approval and Promulgation of Air Quality Implementation Plans; New Hampshire; Nonattainment New Source Review and Prevention of Significant Deterioration Program

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Proposed rule.

**SUMMARY:** The Environmental Protection Agency (EPA) is proposing to conditionally approve the New Hampshire November 15, 2012 State Implementation Plan (SIP) revisions that are intended to ensure that the State's Prevention of Significant Deterioration (PSD) and Nonattainment New Source Review (NNSR) programs are consistent with the federal PSD and NNSR program requirements. In a letter dated March 20, 2015, the New Hampshire

Department of Environmental Services (NH DES) committed to revising its regulations no later than one year from the date when EPA publishes a notice of final conditional approval, and to submitting the revised regulations to EPA for approval into the SIP. EPA is also proposing to fully approve a July 1, 2003 SIP revision that clarifies two definitions related to New Hampshire's permitting programs. These actions are being taken in accordance with the Clean Air Act (CAA).

**DATES:** Written comments must be received on or before May 26, 2015.

**ADDRESSES:** Submit your comments, identified by Docket ID Number EPA-R01-OAR-2014-0796 by one of the following methods:

1. *www.regulations.gov:* Follow the on-line instructions for submitting comments.

2. *Email:* [mcdonnell.ida@epa.gov](mailto:mcdonnell.ida@epa.gov)

3. *Fax:* (617) 918-0653

4. *Mail:* "Docket Identification Number EPA-R01-OAR-2014-0796", Ida McDonnell, U.S. Environmental Protection Agency, EPA New England Regional Office, Office of Ecosystem Protection, Air Permits, Toxics, and Indoor Programs Unit, 5 Post Office Square—Suite 100, (Mail code OEP05-2), Boston, MA 02109-3912.

5. *Hand Delivery or Courier.* Deliver your comments to: Ida McDonnell, Manager, Air Permits, Toxics, and Indoor Programs Unit, U.S. Environmental Protection Agency, EPA New England Regional Office, Office of Ecosystem Protection, 5 Post Office Square—Suite 100, (mail code OEP05-2), Boston, MA 02109-3912. Such deliveries are only accepted during the Regional Office's normal hours of operation. The Regional Office's official hours of business are Monday through Friday, 8:30 a.m. to 4:30 p.m., excluding legal holidays.

*Instructions:* Direct your comments to Docket ID No. EPA-R01-OAR-2014-0796. EPA's policy is that all comments received will be included in the public docket without change and may be made available online at *www.regulations.gov*, including any personal information provided, unless the comment includes information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Do not submit through *www.regulations.gov*, or email, information that you consider to be CBI or otherwise protected. The *www.regulations.gov* Web site is an "anonymous access" system, which means EPA will not know your identity or contact information unless you

provide it in the body of your comment. If you send an email comment directly to EPA without going through *www.regulations.gov* your email address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the Internet. If you submit an electronic comment, EPA recommends that you include your name and other contact information in the body of your comment and with any disk or CD-ROM you submit. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment. Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses.

*Docket:* All documents in the electronic docket are listed in the *www.regulations.gov* index. Although listed in the index, some information is not publicly available, *i.e.*, CBI or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the Internet and will be publicly available only in hard copy form. Publicly available docket materials are available either electronically in *www.regulations.gov* or in hard copy at Office of Ecosystem Protection, U.S. Environmental Protection Agency, EPA New England Regional Office, Air Permits, Toxics and Indoor Programs Unit, 5 Post Office Square—Suite 100, Boston, MA. EPA requests that if at all possible, you contact the contact listed in the **FOR FURTHER INFORMATION CONTACT** section to schedule your inspection. The Regional Office's official hours of business are Monday through Friday, 8:30 a.m. to 4:30 p.m., excluding legal holidays.

In addition, copies of the state submittal and EPA's proposed approval and technical support document are also available for public inspection during normal business hours, by appointment at the Air Resources Division, New Hampshire Department of Environmental Services, 6 Hazen Drive, P.O. Box 95, Concord, NH 03302-0095.

**FOR FURTHER INFORMATION CONTACT:** Brendan McCahill, U.S. Environmental Protection Agency, EPA New England Regional Office, Office of Ecosystem Protection, Air Permits, Toxics, and Indoor Programs Unit, 5 Post Office Square—Suite 100, (mail code OEP05-2), Boston, MA 02109-3912, telephone number (617) 918-1652, Fax number (617) 918-0652, email [mccahill.brendan@EPA.GOV](mailto:mccahill.brendan@EPA.GOV).

**SUPPLEMENTARY INFORMATION:**

Throughout this document whenever “we,” “us,” or “our” is used, we mean EPA.

Organization of this document. The following outline is provided to aid in locating information in this preamble.

**Table of Contents**

- I. What action is EPA proposing in this document?
- II. Why is EPA reproposing its January 21, 2015 proposed approval of New Hampshire’s November 15, 2012 PSD program SIP submittal?
- III. What comments did EPA receive during the comment period for New Hampshire’s PSD proposed program approval?
- IV. What action is EPA proposing for New Hampshire’s NNSR SIP submittal?
  - A. What is the background for New Hampshire’s November 15, 2012 NNSR program SIP submittal?
  - B. What revisions did EPA make in December 31, 2002?
  - C. What revisions did EPA make in May 16, 2008?
- V. What is EPA’s analysis of New Hampshire’s proposed NNSR program SIP revisions?
  - A. What requirements did EPA apply in deciding to propose conditional approval of some of New Hampshire’s SIP submittal?
  - B. What provisions did New Hampshire include in its November 15, 2012 NNSR SIP submittal?
  - C. How did the New Hampshire November 15, 2012 NNSR SIP submittal meet new and existing NNSR program requirements?
  - D. How did New Hampshire demonstrate that the definitions of “Baseline actual emissions” and “Reasonable period” are as stringent as the corresponding federal definitions?
  - E. What are the provisions that New Hampshire needs to submit in order for the conditional approval to become a full approval?
- VI. What action is EPA proposing for New Hampshire’s July 21, 2003 SIP submittal to its PART Env-A 101: Permit definitions?
- VII. Proposed Action
- VIII. Incorporation by Reference
- IX. Statutory and Executive Order Reviews

**I. What action is EPA proposing in this document?**

EPA is proposing three actions in this document. First, EPA is proposing to conditionally approve revisions to the New Hampshire PSD program under PART Env-A 619, “Prevention of Significant Deterioration.” EPA originally proposed approval of the State’s PSD program revisions on January 21, 2015. See 80 FR 2860. EPA is reproposing to approve the State’s PSD program as a conditional approval because subsequent to EPA’s January 21, 2015 **Federal Register** document, EPA

concluded that New Hampshire’s regulations did not contain a provision, consistent with 40 CFR 51.166(q)(2)(iv), requiring notice of a draft PSD permit to state air agencies whose lands may be affected by emissions from the permitted source. In a letter from New Hampshire dated March 20, 2015, the State committed to revise its regulations, no later than one year from EPA’s notice of a final conditional approval, to include the additional public notice procedure in its regulations and to submit the revision to EPA for approval into the SIP.

EPA is also proposing to conditionally approve revisions to New Hampshire’s NNSR program SIP submitted on November 15, 2012. The approval is conditioned on New Hampshire submitting in a timely manner two requirements missing from its rules: (1) Provisions that meet the federal regulations for “reasonable possibility,” applicable to projects at major stationary sources that are not major modifications based on the actual-to-projected actual test but have a “reasonable possibility” of resulting in a significant emission increase; and (2) provisions stating that approval to construct shall not relieve any owner or operator of the responsibility to comply fully with applicable provisions of the plan and any other requirements under local, state or federal law. In a letter dated March 20, 2015, the NH DES committed to revising its NNSR regulations to include the requirements above and to submitting the revised regulations to EPA for approval into the SIP.

Finally, EPA is proposing to approve New Hampshire’s July 1, 2003 SIP revision that modifies two definitions in PART Env-A 101, “Permit definitions:” (1) “minor permit amendment,” and (2) “state permit to operate.” These revisions are intended to clarify the State’s definitions relevant to certain permitting transactions and to render them consistent with the requirements in the State’s permitting rules.

**II. Why is EPA reproposing its January 21, 2015 proposed approval of New Hampshire’s November 15, 2012 PSD program SIP submittal?**

EPA’s original proposal to approve the November 15, 2012 revisions to New Hampshire’s PSD program is described in detail in the January 21, 2015 **Federal Register** document. See 80 FR 2860. In the document, EPA noted that public participation requirements for New Hampshire’s PSD program were first approved in October 28, 2002. In the November 15, 2012 submittal, New Hampshire renumbered its State citation for the public notice procedures but did

not include any substantive revisions to the language. However, after reviewing New Hampshire’s rules to determine compliance with the federal infrastructure SIP requirements under CAA section 110, EPA concluded that New Hampshire’s regulations did not contain a provision, consistent with 40 CFR 51.166(q)(2)(iv), requiring notice of a draft PSD permit to be sent to state air agencies whose lands may be affected by emissions from the permitted source. As noted above, EPA is now proposing to conditionally approve New Hampshire’s PSD program based on the State’s commitment to revise its regulation and to submit it to EPA for approval into the SIP.

**III. What comments did EPA receive during the comment period for New Hampshire’s PSD proposed program approval?**

EPA received one comment from Earthjustice during the comment period for the proposed approval of the PSD program. Earthjustice commented that EPA’s January 21, 2015 document proposing approval for the State’s PSD program was confusing and should have more clearly stated that New Hampshire *did not* incorporate by reference the significant impact levels (SILs) for Particulate Matter less than 2.5 microns (PM<sub>2.5</sub>) into its PSD SIP. EPA agrees that its January 21, 2015 document should have been written more clearly on that point. On January 22, 2013, the United States Court of Appeals for the District of Columbia Circuit granted a request from EPA to vacate and remand the portions of the PM<sub>2.5</sub> PSD Increment-SILs-SMC Rule (40 CFR 51.166(k)(2) and 40 CFR 52.21(k)(2)) addressing the SILs for PM<sub>2.5</sub> so that EPA could voluntarily correct an error in these provisions. See *Sierra Club v. EPA*, 705 F.3d 458, 463–66 (D.C. Cir. 2013). (The court declined to vacate the SILs provision at 40 CFR 51.165(b)(2) that did not contain that same error. *Id.*) EPA here confirms that New Hampshire’s November 12, 2012 proposed PSD revisions did not incorporate by reference the PM<sub>2.5</sub> SIL provision under 40 CFR 51.166(k)(2). EPA is also confirming that we are not approving 40 CFR 51.166(k)(2) into the SIP.

**IV. What action is EPA proposing for New Hampshire’s NNSR SIP submittal?**

New Hampshire’s November 15, 2012 SIP submittal also included revisions to the State’s NNSR program at PART Env-A 618, “Nonattainment New Source Review.” The revisions incorporated by reference into the State’s regulations, at PART Env-A 618 “Nonattainment New Source Review,” consist of many of the

provisions of the federal NNSR program codified in the July 1, 2011 edition of 40 CFR 51.165. New Hampshire incorporated those provisions which are appropriate for state implementation (with the exception of certain permit application and public notice requirements for which New Hampshire submitted its own equivalent language and with the exception of two definitions for which New Hampshire established its own language, as described below). EPA's Technical Support Document (TSD) sets forth in detail which provisions of 40 CFR 51.165 were incorporated by the State and which were not. EPA's TSD is available as part of the docket and administrative record for this action. The State's NNSR submittal requested that EPA approve the revisions into the State's SIP-approved NNSR program. The State's submitted NNSR program includes provisions that comply with the requirements in EPA's December 31, 2002 Final NSR Improvement Rules and EPA's May 16, 2008 Final Rules Governing the Implementation of NSR for Fine Particulate Matter (*i.e.*, particulate matter less than 2.5 micrometers (PM<sub>2.5</sub>)). EPA is proposing to conditionally approve PART Env-A 618 because the State's submittal did not include: (1) provisions for "reasonable possibility" established in 40 CFR 51.165(a)(6) and (a)(7); and (2) provisions required under 40 CFR 51.165(a)(5)(i) providing that approval to construct shall not relieve any owner or operator of the responsibility to comply fully with applicable provisions of the plan and any other requirements under local, State or Federal law. By letter dated March 20, 2015, the State committed to revise its regulations and to submit them to EPA for approval into the SIP no later than one year from the date of EPA's notice of a final conditional approval. We also note that PART Env-A 618, on which EPA is today taking action, will supersede all other versions of the NNSR rules earlier approved by EPA into New Hampshire's SIP.

#### A. What is the background for New Hampshire's November 15, 2012 NNSR program SIP submittal?

New Hampshire's November 15, 2012 SIP submittal adopting provisions from the July 1, 2011 edition of 40 CFR 51.165 (with the exceptions mentioned above and described in more detail in EPA's TSD) into the SIP, involves the addition of several major changes to the State's NNSR rules since EPA last approved the State's NNSR program on July 27, 2001. As mentioned earlier, the exact provisions of the federal

regulations which are and are not being incorporated by reference into the New Hampshire SIP in this action are contained in EPA's TSD for this rulemaking. The new NNSR provisions, *i.e.*, those that are different than the NNSR provisions earlier approved by EPA into New Hampshire's SIP, are summarized below in the next two sections (IV.B. and IV.C) of this document. The State's November 15, 2012 SIP submittal retains much of the substantive content of the major NNSR rule provisions last approved into the SIP on July 27, 2001 but also incorporates changes to the federal regulations that occurred since that time, *i.e.* in December 2002. The already existing provisions include, among other things, requirements for major stationary sources to obtain emission reductions ("offsets") from existing stationary sources to ensure new stationary sources do not interfere with state plans to achieve the National Ambient Air Quality Standards (NAAQS) and requirements that major stationary sources apply emissions controls that constitute the lowest achievable emission rate (LAER) which is derived from the most stringent emission limitation contained in any state implementation plan or achieved in practice for that class or category of stationary source.

#### B. What revisions did EPA make in December 31, 2002?

EPA issued a Final Rule entitled, "Prevention of Significant Deterioration (PSD) and Nonattainment New Source Review (NNSR): Baseline Emissions Determination, Actual-to-Future-Actual Methodology, Plantwide Applicability Limitations, Clean Units, Pollution Control Projects" (67 FR 80185, December 31, 2002). The rule made a number of changes to the applicability requirements of the federal NNSR rule including the following:

- A new definition of "actual emission baseline" that defines an emission unit's pre-modification actual emissions;
- New "Applicability Procedures" under 40 CFR 51.165(a)(2) that define the test method used to calculate the emission increase from the construction or modification of new or existing emission units;
- The expansion of the "Actual-to-Projected Actual" applicability test to determine if projects at non-Electric Utility Steam Generating Units (non-EUSGU) are major modifications. (The pre-2002 federal NSR regulations restricted the Actual-to-Projected Actual applicability test to EUSGUs only);

- New procedures requiring stationary sources to monitor, keep records and report emissions from projects at existing emission units if there is a reasonable possibility (as defined in 40 CFR 51.165(a)(6)(vi)) that a project that is determined pre-construction not to be a major modification may actually in the future result in a significant emission increase; and

- The addition of the optional "Plantwide Applicability Test" (PAL) for all source categories.

The **Federal Register** document for the December 2002 NSR rule gave state permitting agencies until January 2, 2006 to submit SIP amendments that implemented the new federal revisions or, if a state permitting agency did not submit any SIP amendments or submitted amendments that differed from the federal rules, a demonstration showing that its existing permitting program or amended permitting program is at least as stringent as EPA's revised program. In addition, federal regulations governing SIP-approved NNSR rules at 40 CFR 51.165 "Permit Requirements" require that all state plans use the specific definitions as promulgated by EPA. Deviations from the federal definitions will be approvable by EPA only if the state specifically demonstrates that the submitted definition is more stringent than, or at least as stringent in all respects as, the corresponding federal definition.

The final document for the December 2002 NSR rule at [http://www.epa.gov/NSR/fr/20021231\\_80186.pdf](http://www.epa.gov/NSR/fr/20021231_80186.pdf) provides a full description of the NSR improvements, the requirements for SIP submittals, and the final amended federal rule for SIP-approved NNSR programs at 40 CFR 51.165 "Permit Requirements."

#### C. What revisions did EPA make in May 16, 2008?

EPA issued a Final Rule governing the implementation of NSR for PM<sub>2.5</sub>. (73 FR 28321, May 16, 2008). The rule includes the new major stationary source applicability threshold level for major stationary sources of PM<sub>2.5</sub>. A stationary source is defined as a major stationary source and subject to the PM<sub>2.5</sub> NNSR requirements if it emits 100 or more tons per year (tpy) of PM<sub>2.5</sub>.

The rule also identified the following list of pollutants that contribute to PM<sub>2.5</sub> formation and a description of whether the pollutant, as a precursor to PM<sub>2.5</sub>, is regulated under the NNSR rules.

- Direct emissions of PM<sub>2.5</sub>—regulated under the NNSR rule;

- Sulfur dioxide (SO<sub>2</sub>)—regulated under the NNSR rule;
- Nitrogen oxides (NO<sub>x</sub>)—regulated under the NNSR rule unless the state demonstrates that NO<sub>x</sub> emissions are not a significant contributor to the formation of PM<sub>2.5</sub> for an area(s) in the state;
- Volatile organic compounds (VOC)—not regulated under the NNSR rule unless the state demonstrates that VOC emissions are a significant contributor to the formation of PM<sub>2.5</sub> for an area(s) in the state; and
- Ammonia—not regulated under the NNSR rule unless the state demonstrates that ammonia emissions are a significant contributor to the formation of PM<sub>2.5</sub> for an area(s) in the state.

The rule also identifies the following significant emission rates used to determine if increases in direct emissions of PM<sub>2.5</sub> or increases in PM<sub>2.5</sub> precursors from a construction project at an existing facility result in major modifications that are then subject to the NNSR rule:

- Direct PM<sub>2.5</sub> emissions—10 tons per year (tpy)
- SO<sub>2</sub> emissions—40 tpy
- NO<sub>x</sub> emissions—40 tpy
- VOC emissions (if regulated) 40 tpy unless the state demonstrates that a lower rate is appropriate.

#### V. What is EPA's analysis of New Hampshire's proposed NNSR program SIP revisions?

##### A. What requirements did EPA apply in deciding to propose conditional approval of New Hampshire's SIP submittal?

Section 110(a)(1) of the CAA requires each state to submit to EPA a plan which provides for the implementation, maintenance and enforcement of each NAAQS. These plans, generally referred to as the SIP, include numerous air quality monitoring, emission inventory, and emission control requirements designed to obtain and maintain the NAAQS within the state. The CAA requires states to adopt SIP revisions into state regulations and to submit the revisions to EPA for approval into the state's SIP. Section 110(l) of the CAA states that EPA shall not approve a revision to the SIP if the revision would interfere with any applicable requirement concerning attainment (of the NAAQS) and reasonable further progress (as defined in CAA section 7501) or any other requirement of the CAA.

##### B. What provisions did New Hampshire include in its November 15, 2012 NNSR SIP submittal?

New Hampshire's November 15, 2012 SIP submittal added or revised the following provisions to its NNSR Program under PART Env-A 618 *Nonattainment New Source Review*. The provisions include requirements from 40 CFR 51.165 previously incorporated by reference into New Hampshire's SIP on July 27, 2001, additional or amended requirements contained in the July 2011 version of 40 CFR 51.165, and certain new and previously approved state permit program requirements, including permit application and permit issuance procedures and other requirements necessary to implement the NNSR program.

- PART Env-A 618.01: Purpose
- PART Env-A 618.02: Applicability
- PART Env-A 618.03: Definitions
- PART Env-A 618.04: Owner or Operator Obligations
- PART Env-A 618.05 Implementation Plan Requirements
- PART Env-A 618.06: Permit Application Requirements
- PART Env-A 618.07: Emission Offset Requirements
- PART Env-A 618.08: Procedure for acquiring and Implementing Emission Offsets
- PART Env-A 618.09: Establishing a PAL
- PART Env-A 618.10 Department Review and Public Notice

The following is a description of each section.

PART Env-A 618.01 *Purpose* defines the purpose of the part to implement the NNSR program as set forth in sections 171 through 193 of the CAA and the July 1, 2011 edition of 40 CFR 51.165.

PART Env-A 618.02 *Applicability* identifies the stationary sources subject to the state NNSR program: New major stationary source or major modifications of a regulated NSR pollutant located in an area designated as nonattainment under 40 CFR 81.330, or new major stationary sources or major modifications for NO<sub>x</sub> or VOC if the stationary source is located in the Northeast Ozone Transport region (OTR) as defined in PART Env-A 618.03(b)(3).

The section also requires projects to use emission calculations described in 40 CFR 51.165(a)(2)(ii)(A) through (F) to determine if the project is a new major stationary source or new major modification.

In addition, if a new stationary source or modification is determined to be a major stationary source or major modification solely by virtue of a relaxation in any enforceable limitation

established after August 7, 1980 on the capacity of the stationary source or modification otherwise to emit a pollutant, such as a restriction on hours of operation, then the provisions of this part shall apply to the stationary source or modification as though construction had not yet commenced on the stationary source or modification.

PART Env-A 618.03 *Definitions* adopts the specific definitions contained in the July 1, 2011 edition of 40 CFR 51.165(a)(1) and (f)(2) with the following clarifications: The NH DES revised the federal definitions of "Baseline actual emissions" and "Reasonable period." An analysis of the State's revisions to the federal definitions of the terms "Baseline actual emissions" and "Reasonable period" is found in section V.D of this document. The section also included five additional definitions not specifically defined in the federal NNSR regulations, but relevant to the program: "Emission offset," "Emission offset ratio," "Northeast Ozone Transport Region," "Offset source," and "Ozone season."

PART Env-A 618.04 *Owner or Operator Obligations* includes the following requirements:

- The owner or operator of any new major stationary source or major modification subject to this part shall comply with LAER;
  - obtain offsets for the increase in emissions for the project in accordance with PART Env-A 618.07; and
  - obtain a NNSR permit prior to commencement of construction.

In addition, the owner or operator of an existing major stationary source with a Plantwide applicability limit (PAL) shall comply with the provisions of its PAL.

PART Env-A 618.05 *Implementation Plan Requirements* ensures, in accordance with section 173(a)(4) of the CAA, that NH DES will not issue a permit or permits to a stationary source to which the requirements of PART Env-A 618 apply if the EPA Administrator has determined that the applicable implementation plan is not being adequately implemented for the nonattainment area in which the proposed stationary source is to be constructed or modified.

PART Env-A 618.06 *Permit Application Requirements* identifies the procedures to file with NH DES, NNSR and PAL permit applications. The section also identifies the items that should be included in an application including: (1) A control technology evaluation to demonstrate that a new major stationary source or major modification will meet LAER; (2) a documented plan to obtain creditable

emission reduction offsets in accordance with PART Env-A 618.07; (3) a demonstration showing that all major stationary sources in New Hampshire under common ownership are in compliance; and (4) an analysis of alternative sites, sizes, production processes, and an environmental control techniques demonstration showing the benefits of the proposed stationary source significantly outweigh the environmental and social costs imposed as a result of its location, construction, or modification. In addition, a PAL application shall contain information required pursuant to 40 CFR 51.165(f)(3).

PART Env-A 618.07 *Emission Offset Requirements* identifies the requirements for offsets including, but not limited to, defining: (1) the use of actual emissions from the stationary source providing offset credits as the baseline for determining emission offsets; (2) the offset ratio requirements for different ozone nonattainment designations; and (3) the location requirements restricting where a stationary source may obtain offsets. The section includes requirements for a stationary source seeking offsets to demonstrate that the stationary source of the offsets causes or contributes to a violation of a NAAQS in the nonattainment area which the new or modified stationary source is proposed to be located. The section also requires that offsets obtained outside of New Hampshire be subject to a federally enforceable permit or other federally enforceable document approved by the state or governing jurisdiction in which the offset stationary source is located.

The section also states that offsets shall not include: (1) Any reductions from compliance, or scheduled compliance, with applicable rules in effect prior to the permit application of the new or modified stationary source; (2) Reductions required to meet RACT or acid deposition provisions of the Act, as stipulated in the General Preamble for the Implementation of Title I of the Clean Air Act Amendments of 1990, 57 FR 13553, III.G.2.e; or 3) Reductions required to meet any other provisions of Env-A 100 *et seq.* and the Act.

PART Env-A 618.08 *Procedures for Acquiring and Implementing Emission Offsets* identifies requirements for owners and operators to document the offset pollutant, actual and potential estimates of each new pollutant, the offset stationary source and location, the actual and allowable annual estimate of each pollutant for the offset stationary source prior to the effective date of the offset, potential annual estimates of each pollutant of the new stationary

source after the effective date of the offset, and for NO<sub>x</sub> and VOC emissions, the ozone season annual emissions estimate from the new stationary source.

The section also requires stationary sources obtaining offsets from outside New Hampshire to file documentation with the NH DES verifying that the offset stationary source has obtained a federally enforceable permit or other federally enforceable documentation for the emission reduction control measures pertaining to the offsets for the new stationary source.

The section also allows the use of emission reduction credits (ERCs) in accordance to PART Env-A 3006.04 to satisfy NNSR emissions offset requirements. Stationary sources may also use discrete emission reductions (DERs) to meet the offset requirements provided the DERs comply with the requirements of section 173 of the Act, 40 CFR 51.165(a) and PART Env-A 3108.02.

Env A 618.09 *Establishing a PAL* identifies the requirements to establish and implement a PAL in accordance with 40 CFR 51.165(f)(1), (4) and (6) through (14) except that public participation procedures identified in PART Env-A 618.10(b) and (c) shall be used.

PART Env-A 618.10 *Department Review and Public Notice* requires stationary sources applying for a PAL permit to file an application. The regulation specifies that NH DES will address all material comments received during the comment period before taking a final action on a PAL permit application. Applications to comply with NNSR or to establish a PAL permit shall be subject to the public notice procedures specified in PART Env-A 621.04 including the requirement for a 30-day public notice and comment period and permit appeal procedures under the state judicial review regulations.

#### *C. How did the New Hampshire November 15, 2012 NNSR SIP submittal meet new and existing NNSR program requirements?*

With the exception of the definitions of the terms “Baseline actual emissions” and “Reasonable period,” the NH DES’s November 15, 2012 SIP submittal incorporated by reference into the State regulation the definitions for a SIP-approved nonattainment NSR program under 40 CFR 51.165(a)(1) and the definitions for PALs under 40 CFR 51.165(f)(2). The submittal also included five additional definitions: “Emission offset,” “Emission offset ratio,” “Northeast Ozone Transport Region,” “Offset source,” and “Ozone

season” for the purpose of clarifying the State’s NNSR requirements. The definitions for “Emission offset,” “Emission offset ratio” and “Ozone season” were previously approved by EPA into the SIP and clarify the offset requirements under New Hampshire’s NNSR program. The definition for the “Northeast Ozone Transport Region” was also previously approved by EPA into the SIP and means the same geographical area as defined under Section 184(a) of the CAA. The definition of “Offset source” replaces the previously approved SIP definition of “Offset donor source” and identifies potential sources of emissions from which a new or modified stationary source may obtain emission offsets. The additional definitions help clarify the offset requirements under New Hampshire’s NNSR program and are consistent with all federal requirements under the CAA for approval into the SIP.

By incorporating by reference the federal provisions under 40 CFR 51.165 (with the exceptions noted earlier and in EPA’s TSD) the vast majority of the State’s proposed SIP revisions satisfy the existing SIP-approved NNSR program requirements approved on July 27, 2001, the December 31, 2002 NSR Improvement Rule, and the May 16, 2008 PM<sub>2.5</sub> NSR Rule.<sup>1</sup> The two conditional approval issues that are missing from New Hampshire’s submittal are described earlier and later in this document.

The NH DES submittal also expanded upon the emissions offset provisions previously approved into the SIP. As noted, the submittal includes a new definition for “Emission offset” under PART Env-A 618.03 requiring reductions in pollutants achieved at an existing stationary source to meet criteria specified in 40 CFR 51.165(a)(3). The NH DES also included two new sections in the NNSR program; Env 618.07, “Emission Offset Requirements” and Section PART Env-A 618.08, “Procedure for Acquiring and Implementing Emissions Offsets.”

As described above, PART Env-A 618.07 identifies the specific provisions applicable to all offset emissions. These provisions include requirements that offsets: (1) Be surplus; (2) obtained from an area designated with an equal or higher nonattainment classification; (3) obtained in an amount equal to or exceeding a one-to one ratio, or another

<sup>1</sup> New Hampshire’s few changes to definitions used in the federal regulations and use of several additional clarifying definitions, as explained in this document, are also approvable because they are consistent with all CAA requirements for approval into the SIP.

ratio as required by the nonattainment designation; and, 4) if obtained outside the designated area where the new stationary source or modification is to be constructed, a demonstration that the offsets cause or contribute to a violation of the NAAQS in which the stationary source or modification is to be constructed, as allowed under section 173(c)(1) of the CAA.

PART Env-A 618.08 identifies the procedures for documenting emission reductions used for offsets. Among other requirements, the section allows stationary sources subject to the offset provisions to use ERCs in accordance with PART Env-A 3006.04. The section also allows DERs to meet the offset requirements, provided the DERs comply with the requirements of section 173 of the CAA, 40 CFR 51.165(a) and PART Env-A 3108.02. As explained below, EPA previously has allowed the use of DERs to meet a CAA emissions requirement. EPA has determined, given the procedures that will apply to the use of DERs and ERCs to meet the NNSR emissions offset requirements, that it is appropriate and consistent with CAA requirements to approve these provisions into New Hampshire's SIP.

In EPA's approval of New Hampshire's Reasonably Available Control Technology (RACT) for Nitrogen Oxide (NO<sub>x</sub>) and Volatile Organic Compounds (79 FR 49458, August 21 2014), EPA allowed stationary sources subject to the State's RACT rule to comply by the purchase and generation of DER credits pursuant to PART Env-A 3100. The approval further states, since PART Env-A 3100 has not been approved into the SIP, any order issued by New Hampshire that allows the use of PART Env-A 3100 to comply with NO<sub>x</sub> RACT will need to be approved into New Hampshire's SIP as a source specific SIP revision.

Similar to the RACT rule, since PART Env-A 3000 and PART Env-A 3100 have not been approved by EPA into the SIP, any NNSR permit issued by New Hampshire that allows for the use of ERCs and/or DERs to meet an offset requirement would first need the ERC or DER offset to be approved by EPA into the SIP *before* the NNSR permit could be issued. Each individual SIP approval of a stationary source's use of DERs and/or ERCs for the purpose of meeting the NNSR emissions offset requirement, would be required to meet the requirements identified in PART Env-A 618.07 and PART Env-A 618.08 and to satisfy all offset and any other relevant requirements of the CAA before EPA would be able to approve the use of the DERs and/or ERCs into the SIP for a

specific proposed new major stationary source or modification.

*D. How did New Hampshire demonstrate that the definitions of "Baseline actual emissions" and "Reasonable period" are as stringent as the corresponding federal definitions?*

1. "Baseline Actual Emissions" Analysis

The "Baseline actual emissions" definition is used in all major stationary source applicability tests and defines the actual emissions from a stationary source before the project. The difference between the pre-project "actual emission baseline" and the post-project "projected actual emissions" determines the emission increase from a project.

The federal definition of "Baseline actual emissions" at 40 CFR 51.165(a)(1)(xxxv) defines separate baseline emissions calculations for existing electric utility steam generating units (EUSGU) and all other existing emission units other than EUSGU. The key elements of the definition relevant to this document are as follows:

- Existing EUSGU: The owner/operator may select any consecutive 24-month period for each pollutant, without the need for a demonstration, within the 5-year period immediately preceding when the owner/operator begins actual construction of the project. The reviewing authority may allow the use of a different time period upon a determination showing the time period is more representative of normal stationary source operations. A different consecutive 24-month period can be used for each regulated pollutant.

- All other existing emission units: The owner/operator may select any consecutive 24-month period in the 10-year period immediately preceding either the date the owner/operator begins actual construction or the date a completed permit application is received by the reviewing authority for a permit, whichever is earlier. No other different time period is allowed. A different consecutive 24-month period can be used for each regulated pollutant.

The NH DES definition tracks the requirements in 40 CFR 51.165(a)(1)(xxxv) except for the following differences:

- Unlike the federal definitions, the State uses the same definition for EUSGUs and non-EUSGUs.

- Under the State's definition, in establishing baseline actual emissions for a project, the owner/operator presumptively shall select the same consecutive 24-month period for all pollutants; and the consecutive 24-month period shall be selected from within the 5-year period immediately

preceding the date when the owner/operator begins actual construction of the project. However, the NH DES shall allow the use of a different consecutive 24-month time period for all pollutants, up to 10 years immediately preceding the date when the owner/operator begins actual construction of the project, or allow the use of a different consecutive 24-month period for different pollutants within that 10 year period, upon determining (after adequate demonstration by the applicant) that the alternative time period is more representative of normal stationary source operations.

Forty CFR 51.165(a)(1) requires that all state plans use the specific definitions as promulgated by EPA. Deviations from the federal wording for each definition will be approved only if the state specifically demonstrates that the submitted definition is more stringent, or at least as stringent in all respects, as the corresponding federal definition.

As part of the December 2002 NSR final rule, EPA prepared a November 21, 2002, "Supplemental Analysis of the Environmental Impact of the 2002 Final NSR Improvement Rules (Supplemental Analysis)." The Supplemental Analysis provided a description of the NSR reform rules and an analysis demonstrating that the reform rule's environmental benefits were equivalent to or more stringent than the existing pre-reform rules. For the addition of the definition of "Baseline actual emissions," EPA concluded that the use of a 10 year period to select a baseline is a reasonable period considering the variability of different business cycles. EPA believes the effect from the new definition is small and would not alter the baseline for 90% of the stationary sources. For the remaining 10%, EPA cannot draw general conclusions about how many stationary sources would or would not receive an alternative baseline nor estimate what emission consequences would result. EPA's complete analysis of the definition of "Baseline Actual Emissions" can be found at <http://www.epa.gov/nsr/documents/nsr-analysis.pdf>.

The NH DES included as part of its SIP submittal a November 16, 2012 memorandum entitled "Supplemental Information for SIP Revision Request Parts of PART Env-A 600, Statewide Permit System." Similar to the EPA's study and analysis summarized above in the previous paragraph, the State's memorandum described the differences between the federal and state "Baseline actual emissions" definitions and described an emissions study that compares the effects of the state and

federal definition on emission changes to actual stationary sources located in New Hampshire. The NH DES's analysis looked at the federal definition of baseline actual emission, the State's presumptive or default baseline actual emission method (*i.e.*, 24 consecutive months selected from the 5 years preceding actual construction for all regulated pollutants), and the State's allowed alternative emission baseline if the owner/operator could demonstrate normal stationary source operations are better represented by:

- Use of an alternative 24-consecutive month period selected from the period between 5 to 10 years immediately preceding beginning actual construction, and
- use of different 24-consecutive month periods for different regulated pollutants, within the period between 5 and 10 years immediately preceding beginning actual construction.

For the majority of changes occurring at any type of stationary source, the State's presumptive or default baseline actual emissions method (using a 24-consecutive month period during the 5 year period immediately preceding beginning actual construction) resulted in the same or lower baseline emissions as compared to the federal definition. For owner/operators that could demonstrate that normal stationary source operations were better represented by 24 consecutive months selected from the 5 to 10 year period preceding beginning actual construction or that different consecutive 24-month periods for different regulated pollutants better represent normal stationary source operations, the analysis showed that the State's definition resulted in baseline emissions that were at least as stringent in all cases to the federal definition.

EPA therefore concludes that the NH DES's definition of "Baseline actual emissions" is as stringent in all respects as the federal definition. The State's definition results in the same emission baseline for new emission units, changes to existing EUSGUs, and changes at existing units that emit one pollutant and with high utilization rates within the last 5 years. For all other changes, the State's definition allows the use of baselines selected outside of 5 years (but before 10 years) and baselines for each regulated pollutant where appropriately demonstrated to be as stringent. As a result, any difference in the application of the state and federal definitions on the selection of baseline actual emissions would be insignificant at worst and would therefore result in permit applicability decisions, emissions limitations or

emissions control requirements that are equally stringent.

## 2. Reasonable Period Analysis

The NH DES's submittal also revised the definition for "Reasonable period." The term "Reasonable period" is used in the definition for "Net emissions increase" and defines the contemporaneous period for the emission increases and decreases that are used in the calculation determining applicability of the NNSR regulations to a particular project. Under § 51.165(a)(1)(vi)(C)(1), the reviewing authority is authorized to specify the applicable "Reasonable period." Reviewing authorities typically use the period defined in the federal Prevention of Significant Deterioration (PSD) permitting program. That period begins five years before the date construction of the project commences and ends when the emissions increase from the project actually occurs.

The NH DES's definition for "reasonable period" uses a period that begins five years from the date the NH DES receives a complete permit application for a project and ends upon the "expiration date" of the pre-construction permit issued for the project (at which time a NH DES-issued state operating permit for the project becomes effective). A "Reasonable period" based on a fixed date (*i.e.*, the receipt of a complete permit application) ensures the stationary source, the permitting authority and the public that the NNSR applicability determination for a stationary source or modification will not change after the state has reviewed a permit application and made a permit decision. Since the 5 year period will not change after the complete permit application is received, all contemporaneous emission increases and decreases used by the stationary source and state to determine NSR applicability will remain in effect.

Under the federal definition, the 5-year period is based on the date construction commences, a date that may change significantly based on the many factors that could delay construction. As a result, the five year contemporaneous period would also be delayed. Emission increases previously within the contemporaneous period could fall outside the contemporaneous period and change the applicability of the stationary source or modification. In addition, the NH DES version of "Reasonable period" extends out to the expiration date of the "temporary" or preconstruction air permit issued for the project, a date compatible with the NH DES's air permitting program. Under the NH DES's permit program, the initial

preconstruction permit required before construction begins is referred to as a temporary permit. Temporary permits expire after 18 months. Before expiration, stationary sources must complete construction and begin operational testing or, if construction has not commenced within the 18 months, reapply for a new temporary permit. For those cases where a stationary source has completed construction and has begun to operate, the state and federal terms provide equivalent results. However, for stationary sources and permitting agencies that may have difficulty determining when a new stationary source has begun operating due to various stationary source startup issues, defining the end date of reasonable period in relation to a fixed permit expiration date (and corresponding permit to operate issuance date) ensures the state agency and the stationary source that NNSR program applicability will not change after initial permit decisions have been reviewed and approved. Considering the benefits of the NH DES's version of "Reasonable period" noted above, EPA concludes the State's term for "reasonable period" is approvable and is as stringent as the federal definition.

*E. What are the provisions that New Hampshire needs to submit in order for the conditional approval to become a full approval?*

The State's proposed SIP revision did not include two provisions that preclude EPA from fully approving the State's proposed NNSR SIP revisions. The first missing provision applies to any regulated NSR pollutant emitted from projects at existing emission units at a major stationary source (other than projects at a source with a PAL) in circumstances where there is a reasonable possibility, within the meaning of 40 CFR 51.165(a)(6)(vi), that a project not a part of a major modification may result in a significant emissions increase of such pollutant, and the owner or operator elects to use the projected actual method specified in paragraphs (a)(1)(xxviii)(B)(1) through (3) for calculating projected actual emissions. These specific procedures include additional monitoring, recordkeeping and reporting for those projects that exceed 50% of the significant emission increase and significant net emission increase for the applicable pollutant. The NH DES has committed by letter dated March 20, 2015 to submit for EPA approval into the SIP in a timely manner provisions that meet the requirements at 40 CFR 51.165(a)(6) and (a)(7) so that EPA may

at that time fully approve the NH DES's NNSR program.

The second missing provision from NH DES's submittal is the requirement at 40 CFR 51.165(a)(5)(i) that a State approval to construct shall not relieve any owner or operator of the responsibility to comply fully with applicable provisions of the plan and any other requirements under local, State or Federal law. This provision, originally part of the SIP and unintentionally left out of the November 15, 2012 SIP submittal, affirms that sources subject to the NNSR program must continue to comply with all other applicable state and federal requirements. The NH DES has committed by letter dated March 20, 2015 to submit for EPA approval into the SIP in a timely manner provisions that meet the requirements at 40 CFR 51.165(a)(5)(i) so that EPA may at that time fully approve the NH DES's NNSR program.

#### **VI. What action is EPA proposing for New Hampshire's July 21, 2003 SIP submittal to its PART Env-A 101: Permit definitions?**

New Hampshire July 23, 2003 SIP submittal clarifies how the State addresses minor changes to the permit terms contained in "Temporary Permits" (*i.e.*, preconstruction air quality permits) and "State Permits to Operate" issued under the State's PART Env-A 600, Statewide Permit System. The current SIP-approved rules do not have definitions sufficient to address minor changes to existing permit terms or conditions for stationary sources, where the changes would *not*: (a) result in an increase in the amount of a specific air pollutant emitted by the source or device; (b) result in the emission of any additional air pollutant; or (c) necessitate the use of permit notice and hearing procedures.

To address such minor changes to existing permit terms, the SIP submittal included definitions for the terms for "minor permit amendment" and "state permit to operate." The term "minor permit amendment" provides for minor changes to conditions in permits other than Title V permits (which are not issued pursuant to SIP regulations). The term "state permit to operate" means a non-Title V operating permit issued prior to operation or material modification of a stationary source, area stationary source or device. Both definitions are consistent with all federal requirements under the CAA for approval into the SIP.

#### **VII. Proposed Action**

EPA is proposing to *conditionally* approve the NH DES's November 15, 2012 PSD Program submittal originally proposed to be fully approved by EPA on January 21, 2015. The repropoed, conditional approval of the PSD program is conditioned on the State submitting in a timely manner a SIP revision that adds a provision, consistent with 40 CFR 51.166(q)(2)(iv), requiring notice of a draft PSD permit to state air agencies whose lands may be affected by emissions from the permitted source.

EPA is also proposing to conditionally approve PART Env-A 618 "Nonattainment New Source Review," because the NH DES must submit to EPA in a timely manner additional provisions that comply with 40 CFR 51.165(a)(6) and (a)(7) and 40 CFR 51.165(a)(5)(i), *i.e.*, 1) provisions for "reasonable possibility" established in 40 CFR 51.165(a)(6) and (a)(7); and 2) provisions required under 40 CFR 51.165(a)(5)(i) providing that approval to construct shall not relieve any owner or operator of the responsibility to comply fully with applicable provisions of the plan and any other requirements under local, State or Federal law.

Under section 110(k)(4) of the Act, EPA may conditionally approve a State's plan based on a commitment from the State to adopt specific enforceable measures by a date certain, but not later than 1 year from the date of final conditional approval. By letter dated March 20, 2015 New Hampshire has committed to revising its regulations to be consistent with EPA's regulations not later than one year after EPA's publication of a notice of final conditional approval. If the State fails to do so in a timely manner, this conditional approval will, by operation of law, become a disapproval one year from publication of that notice of final conditional approval. At that time, the conditionally approved SIP revisions would not be part of New Hampshire's approved SIP. If that were to occur, EPA would then also notify the State by letter. EPA subsequently would publish a notice in the **Federal Register** notifying the public that the conditional approval automatically converted to a disapproval. If the State meets its commitment within the applicable time frame, however, EPA would subsequently publish a notice in the **Federal Register** notifying the public that EPA intends to take final action to approve or disapprove the State's revised regulations. If EPA were to approve the revised regulations, the regulations would be fully approved in

their entirety and replace the conditionally approved provisions of the State's SIP regulations. Finally, EPA is proposing to fully approve the definitions at PART Env-A 101.174 "Minor permit amendment" and PART Env-A 101.262 "State permit to operate" submitted to EPA on July 21, 2003.

#### **VIII. Incorporation by Reference**

In this rule, the EPA is proposing to include in a final EPA rule regulatory text that includes incorporation by reference. In accordance with requirements of 1 CFR 51.5, EPA is proposing to incorporate by reference the following NH DES rules: the PSD rules at PART Env-A 619, "Prevention of Significant Deterioration" (originally proposed on January 21, 2015) as discussed in Section IV of the preamble; the NNSR rules at PART Env-A 618, "Nonattainment New Source Review" discussed in Section V of the preamble; and the definitions for "minor permit amendment" and "state permit to operate" under PART Env-A 101, "Permit Definitions" as discussed in section VI of the preamble. EPA has made, and will continue to make, these documents generally available electronically through [www.regulations.gov](http://www.regulations.gov) and/or in hard copy at the U.S. Environmental Protection Agency, EPA New England Regional Office, Office of Ecosystem Protection, Air Permits, Toxics and Indoor Programs Unit, 5 Post Office Square—Suite 100, (mail code OEP05-2), Boston, MA 02109-3912

#### **IX. Statutory and Executive Order Reviews**

Under the Clean Air Act, the Administrator is required to approve a SIP submission that complies with the provisions of the Act and applicable Federal regulations. 42 U.S.C. 7410(k); 40 CFR 52.02(a). Thus, in reviewing SIP submissions, EPA's role is to approve state choices, provided that they meet the criteria of the Clean Air Act.

Accordingly, this proposed action merely approves state law as meeting Federal requirements and does not impose additional requirements beyond those imposed by state law. For that reason, this proposed action:

- is not a "significant regulatory action" subject to review by the Office of Management and Budget under Executive Order 12866 (58 FR 51735, October 4, 1993);
- does not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*);
- is certified as not having a significant economic impact on a

substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*);

- does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Public Law 104-4);

- does not have Federalism implications as specified in Executive Order 13132 (64 FR 43255, August 10, 1999);

- is not an economically significant regulatory action based on health or safety risks subject to Executive Order 13045 (62 FR 19885, April 23, 1997);

- is not a significant regulatory action subject to Executive Order 13211 (66 FR 28355, May 22, 2001);

- is not subject to requirements of Section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) because application of those requirements would be inconsistent with the Clean Air Act; and

- does not provide EPA with the discretionary authority to address, as appropriate, disproportionate human health or environmental effects, using practicable and legally permissible methods, under Executive Order 12898 (59 FR 7629, February 16, 1994).

In addition, this rule does not have tribal implications as specified by Executive Order 13175 (65 FR 67249, November 9, 2000), because the SIP is not approved to apply in Indian country located in the state, and EPA notes that it will not impose substantial direct costs on tribal governments or preempt tribal law.

#### List of Subjects in 40 CFR Part 52

Environmental protection, Air pollution control, Carbon monoxide, Incorporation by reference, Intergovernmental relations, Lead, Nitrogen dioxide, Ozone, Particulate matter, Reporting and recordkeeping requirements, Sulfur oxides, Volatile organic compounds.

Dated: April 8, 2015.

## ENVIRONMENTAL PROTECTION AGENCY

### 40 CFR Part 192

[EPA-HQ-OAR-2012-0788; FRL-9926-76-OAR]

RIN 2060-AP43

### Health and Environmental Protection Standards for Uranium and Thorium Mill Tailings; Extension of Comment Period

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Proposed rule; extension of comment period.

**SUMMARY:** The U.S. Environmental Protection Agency is announcing an extension of the public comment period for the Notice of Proposed Rulemaking (NPRM) requesting public comment and information on revisions to the EPA's "Health and Environmental Protection Standards for Uranium and Thorium Mill Tailings." The EPA published the NPRM on January 26, 2015 in the **Federal Register** (80 FR 4156), which included a request for comments on or before April 27, 2015. The purpose of this action is to extend this comment period an additional 30 days.

**DATES:** Written comments must be received on or before May 27, 2015.

**ADDRESSES:** Submit your comments, identified by Docket ID No. EPA-HQ-OAR-2012-0788, by one of the following methods:

- <http://www.regulations.gov>: Follow the online instructions for submitting comments.

- *Email:* [a-and-r-docket@epa.gov](mailto:a-and-r-docket@epa.gov).

- *Fax:* (202) 566-9744.

- *Mail:* U.S. Postal Service, send comments to: Air and Radiation Docket, EPA Docket Center, Docket ID No. EPA-HQ-OAR-2012-0788, 1200 Pennsylvania Ave. NW., Washington, DC 20460. Please include a total of two copies.

*Hand Delivery:* In person or by courier, deliver comments to: EPA Docket Center, Docket ID No. EPA-HQ-OAR-2012-0788, EPA West, Room 3334, 1301 Constitution Avenue NW., Washington, DC 20004. Such deliveries are only accepted during the Docket's normal hours of operation, and special arrangements should be made for deliveries of boxed information. Please include a total of two copies.

*Instructions:* Direct your comments to Docket ID No. EPA-HQ-OAR-2012-0788. The Agency's policy is that all comments received will be included in the public docket without change and may be made available online at

<http://www.regulations.gov>, including any personal information provided, unless the comment includes information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Do not submit information that you consider to be CBI or otherwise protected through <http://www.regulations.gov> or email. The <http://www.regulations.gov> Web site is an "anonymous access" system, which means EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send an email comment directly to EPA without going through <http://www.regulations.gov>, your email address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the Internet. If you submit an electronic comment, EPA recommends that you include your name and other contact information in the body of your comment and with any disk or CD-ROM you submit. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment. Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses. For additional information about the EPA's public docket, visit the EPA Docket Center homepage at <http://www.epa.gov/epahome/dockets.htm>.

*Docket:* All documents in the docket are listed in the <http://www.regulations.gov> index. Although listed in the index, some information is not publicly available, e.g., CBI or other information for which disclosure is restricted by statute. Certain other material, such as copyrighted material, will be publicly available only in hard copy. Publicly available docket materials are available either electronically in <http://www.regulations.gov> or in hard copy at the EPA Docket Center, EPA West, Room 3334, 1301 Constitution Ave. NW., Washington, DC. The Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Public Reading Room is (202) 566-1744, and the telephone number for the Docket Center is (202) 566-1742.

**FOR FURTHER INFORMATION CONTACT:** Ingrid Rosencrantz, EPA Office of Radiation and Indoor Air; telephone number: (202) 343-9286; email address: [rosencrantz.ingrid@epa.gov](mailto:rosencrantz.ingrid@epa.gov).

**SUPPLEMENTARY INFORMATION:**

**A. What should I consider as I prepare my comments for the EPA?**

1. *Tips for Preparing Your Comments.* When submitting comments, remember to:

- Identify the rulemaking by docket number, subject heading, **Federal Register** date and page number.
- Explain why you agree or disagree; suggest alternatives and substitute language for your requested changes.
- Describe any assumptions and provide any technical information and/or data that you used.
- If you estimate potential costs or burdens, explain how you arrived at your estimate in sufficient detail to allow it to be reproduced.
- Illustrate your concerns with specific examples and suggest alternatives.
- Explain your views as clearly as possible, avoiding the use of profanity or personal threats.
- Make sure to submit your comments by the comment period deadline identified.

**B. How can I get copies of this document, the proposed rule, and other related information?**

The EPA has established a docket for this action under Docket ID No. EPA-HQ-OAR-2012-0788. The EPA has also developed a Web site for the NPRM at: <http://www.epa.gov/radiation/tenorm/40CFR192.html>. Please refer to the original **Federal Register** document on the NPRM for detailed information on accessing information related to the document.

In response to requests for an extension, we are extending the public comment period for this NPRM through May 27, 2015. This extension will provide the public additional time to provide comment on updating this standard.

Dated: April 17, 2015.

[MB Docket No. 15-98, RM-11748; DA 15-481]

**Television Broadcasting Services; Providence, Rhode Island**

**AGENCY:** Federal Communications Commission.

**ACTION:** Proposed rule.

**SUMMARY:** The Commission has before it a petition for rulemaking filed by WJAR Licensee, LLC (the Licensee), the licensee of WJAR(TV), channel 51, Providence, Rhode Island, requesting the substitution of channel 50 for channel 51 at Providence. While the Commission instituted a freeze on the acceptance of full power television rulemaking petitions requesting channel substitutions in May 2011, it subsequently announced that it would lift the freeze to accept such petitions for rulemaking seeking to relocate from channel 51 pursuant to a voluntary relocation agreement with Lower 700 MHz A Block licensees. The Licensee has entered into such a voluntary

relocation agreement with T-Mobile USA, Inc. and states that operation on channel 50 would remove any potential interference with authorized wireless operations in the adjacent Lower 700 MHz A Block.

**DATES:** Comments must be filed on or before May 11, 2015, and reply comments on or before May 19, 2015.

**ADDRESSES:** Federal Communications Commission, Office of the Secretary, 445 12th Street, SW., Washington, DC 20554. In addition to filing comments with the FCC, interested parties should serve counsel for petitioner as follows: Clifford M. Harrington, Esq., Pillsbury Winthrop Shaw Pittman LLP, 1200 17th Street NW., Washington, DC 20036.

**FOR FURTHER INFORMATION CONTACT:** Jeremy Miller, *Jeremy.Miller@fcc.gov*, Media Bureau, (202) 418-1507.

**SUPPLEMENTARY INFORMATION:** This is a synopsis of the Commission's Notice of Proposed Rule Making, MB Docket No. 15-98, adopted April 21, 2015, and released April 21, 2015. The full text of this document is available for public inspection and copying during normal business hours in the FCC's Reference Information Center at Portals II, CY-A257, 445 12th Street SW., Washington, DC, 20554. This document will also be available via ECFS (<http://www.fcc.gov/cgb/ecfs/>). (Documents will be available

electronically in ASCII, Word 97, and/or Adobe Acrobat.). To request this document in accessible formats (computer diskettes, large print, audio recording, and Braille), send an email to *fcc504@fcc.gov* or call the Commission's Consumer and Governmental Affairs Bureau at (202) 418-0530 (voice), (202) 418-0432 (TTY). This document does not contain proposed information collection requirements subject to the Paperwork Reduction Act of 1995, Public Law 104-13. In addition, therefore, it does not contain any proposed information collection burden "for small business concerns with fewer than 25 employees," pursuant to the Small Business Paperwork Relief Act of 2002, Public Law 107-198, *see* 44 U.S.C. 3506(c)(4).

Provisions of the Regulatory Flexibility Act of 1980 do not apply to this proceeding. Members of the public should note that from the time a Notice of Proposed Rule Making is issued until the matter is no longer subject to Commission consideration or court review, all *ex parte* contacts (other than *ex parte* presentations exempt under 47 CFR 1.1204(a)) are prohibited in Commission proceedings, such as this one, which involve channel allotments. See 47 CFR 1.1208 for rules governing restricted proceedings.

For information regarding proper filing procedures for comments, see 47 CFR 1.415 and 1.420.

## DEPARTMENT OF AGRICULTURE

### Submission for OMB Review; Comment Request

April 21, 2015.

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104-13. Comments regarding (a) whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical or other technological collection techniques or other forms of information technology.

Comments regarding this information collection received by May 26, 2015 will be considered. Written comments should be addressed to: Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), New Executive Office Building, 725-17th Street NW., Washington, DC 20503. Commenters are encouraged to submit their comments to OMB via email to: [OIRA\\_Submission@omb.eop.gov](mailto:OIRA_Submission@omb.eop.gov) or fax (202) 395-5806 and to Departmental Clearance Office, USDA, OCIO, Mail Stop 7602, Washington, DC 20250-7602. Copies of the submission(s) may be obtained by calling (202) 720-8681.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs

potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

### National Agricultural Statistics Service

*Title:* Feral Swine Survey.

*OMB Control Number:* 0535-NEW.

*Summary of Collection:* On February 3, 1999, Executive Order 13112 was signed by President Clinton establishing the National Invasive Species Council. The Executive Order requires that a Council of Departments dealing with invasive species be created. Currently there are 13 Departments and Agencies on the Council. A benchmark survey will be conducted in 2015 in the 11 States (Alabama, Arkansas, California, Florida, Georgia, Louisiana, North Carolina, Mississippi, Missouri, South Carolina, and Texas) that have high feral swine densities and a significant presence of corn, soybeans, wheat, rice, grain sorghum (Texas) and peanuts. Authority to collect these data is authorized under 7 U.S.C. 2204(a). Individually identifiable data collected under this authority are governed by Section 1770 of the Food Security Act of 1985, 7 U.S.C. 2276.

*Need And Use of the Information:* The purpose of the proposed survey is to develop a national estimate of the benefits and costs of feral swine damage and risks to agriculture, animal health, human health, and property. The initial survey will be used to create a benchmark for the monetary loss for all crops, livestock, and property caused by feral swine for producers of corn, soybeans, wheat, rice, grain sorghum (TX only) and peanuts in each of the survey states. Information on feral swine control costs including hunting, trapping, use of fencing, or the use of repellents and the total net income for allowing the hunting of feral swine on their operations will also be collected. Without this survey, it would be impossible to measure the current level of feral swine damage to American agriculture.

*Description of Respondents:* Farms.

*Number of Respondents:* 10,800.

*Frequency of Responses:* Reporting: Other (8 off qtr. months).

*Total Burden Hours:* 5,500.

**Charlene Parker,**

*Departmental Information Collection  
Clearance Officer.*

## BROADCASTING BOARD OF GOVERNORS

### Government in the Sunshine Act Meeting Notice

**DATE AND TIME:** Wednesday, April 29, 2015, 9:00 a.m.–10:45 a.m. EDT.

**PLACE:** Cohen Building, Room 3321, 330 Independence Ave. SW., Washington, DC 20237.

**SUBJECT:** Notice of meeting of the Broadcasting Board of Governors.

**SUMMARY:** The Broadcasting Board of Governors (Board) will be meeting at the time and location listed above. The Board will vote on a consent agenda consisting of the minutes of its February 18, 2015 meeting. The Board will receive a report from the Interim Chief Executive Officer and Director of BBG. The Board will also receive a review of the Office of Cuba Broadcasting.

This meeting will be available for public observation via streamed webcast, both live and on-demand, on the agency's public Web site at [www.bbg.gov](http://www.bbg.gov). Information regarding this meeting, including any updates or adjustments to its starting time, can also be found on the agency's public Web site.

The public may also attend this meeting in person at the address listed above as seating capacity permits. Members of the public seeking to attend the meeting in person must register at <http://bbgboardmeetingapril2015.eventbrite.com> by 12:00 p.m. (EDT) on April 28. For more information, please contact BBG Public Affairs at (202) 203-4400 or by email at [pubaff@bbg.gov](mailto:pubaff@bbg.gov).

**CONTACT PERSON FOR MORE INFORMATION:** Persons interested in obtaining more information should contact Oanh Tran at (202) 203-4545.

**Oanh Tran,**

*Director of Board Operations.*

[FR Doc. 2015-09724 Filed 4-22-15; 4:15 pm]

**BILLING CODE 8610-01-P**

**COMMISSION ON CIVIL RIGHTS**

**Agenda and Notice of Public Meeting of the Texas Advisory Committee**

Notice is hereby given, pursuant to the provisions of the rules and regulations of the U.S. Commission on Civil Rights (Commission) and the Federal Advisory Committee Act (FACA) that a meeting of the Texas Advisory Committee (Committee) to the Commission will be held on Friday, May 8, 2015, at the Lone Star Legal Aid, 1415 Fannin Street, Houston, TX 77002.

The meeting is scheduled to begin at 1:30 p.m. and adjourn at approximately 3:00 p.m. The purpose of the meeting is for the members of the Committee to receive an orientation regarding state advisory committee procedures and to plan future activities.

Members of the public are entitled to submit written comments. The comments must be received in the Western Regional Office of the Commission by June 8, 2015. The address is Western Regional Office, U.S. Commission on Civil Rights, 300 N. Los Angeles Street, Suite 2010, Los Angeles, CA 90012. Persons wishing to email their comments may do so by sending them to Angelica Trevino, Civil Rights

Analyst, Western Regional Office, at [atrevino@usccr.gov](mailto:atrevino@usccr.gov). Persons who desire additional information should contact the Western Regional Office, at (213) 894-3437, (or for hearing impaired TDD 913-551-1414), or by email to [atrevino@usccr.gov](mailto:atrevino@usccr.gov). Hearing-impaired persons who will attend the meeting and require the services of a sign language interpreter should contact the Regional Office at least ten (10) working days before the scheduled date of the meeting.

Records generated from this meeting may be inspected and reproduced at the Western Regional Office, as they become available, both before and after the meeting. Persons interested in the work of this advisory committee are advised to go to the Commission's Web site, [www.usccr.gov](http://www.usccr.gov), or to contact the Western Regional Office at the above email or street address. The meeting will be conducted pursuant to the provisions of the rules and regulations of the Commission and FACA.

Dated: April 20, 2015.

**David Mussatt**,  
Chief, Regional Programs Coordination Unit.

**BILLING CODE 6335-01-P**

**DEPARTMENT OF COMMERCE**

**International Trade Administration**

**Joint Millennium Challenge Corporation and Department of Commerce Energy Sector Business Development Mission to Tanzania, May 31-June 2, 2015**

**AGENCY:** International Trade Administration, Department of Commerce.

**ACTION:** Notice.

**SUMMARY:** The United States Millennium Challenge Corporation (MCC), and the Department of Commerce's (DOC) International Trade Administration (ITA) are organizing the Joint Millennium Challenge Corporation and Department of Commerce Energy Sector Business Development Mission to Tanzania, to be held May 31- June 2, 2015, in Dar es Salaam, Tanzania. This mission is a component of the Administration's Doing Business in Africa (DBIA) campaign and was proposed by MCC during the Africa Leaders' Summit in Washington, DC on August 5, 2014.

**SCHEDULE:**

Saturday, May 30 .....	Dar Es Salaam, Tanzania .....	Mission Participants arrive.
Sunday, May 31 .....	Dar Es Salaam, Tanzania .....	U.S. Industry Delegation Welcome Reception and Program Orientation Tanzania Energy Sector Overview.
Monday, June 1 .....	Dar Es Salaam, Tanzania .....	Official Welcome, Industry Briefings/Roundtable Discussions. Luncheon. Government Meetings. Networking Dinner or Reception.
Tuesday, June 2 .....	Dar Es Salaam, Tanzania .....	Government Meetings. Site Visit. Reception. Mission Officially Ends.

**Target Sectors:** The mission will focus on U.S. firms in the energy sector, including oil, gas, and renewables that can help Tanzania and neighboring countries develop and manage energy resources and systems and build out their power generation, transmission, and distribution systems. Mission participants will range from fully integrated energy solutions companies to equipment, technology and ancillary service providers. In addition, organizations such as project developers and those seeking to supply complementary services are eligible for participation.

**Web site:** Mission recruitment will be conducted in an open and public manner, including publication in the **Federal Register**, posting on MCC's Web site (<http://www.mcc.gov/investmentmission>), posting on ITA's business trade mission calendar

(<http://export.gov/trademissions>) and other Internet Web sites, press releases to general and trade media, direct mail, broadcast fax, notices by industry trade associations and other multiplier groups, and publicity at industry meetings, symposia, conferences, and trade shows

**Fees:** After an applicant has been selected to participate on the mission, a payment to the Department of Commerce in the form of a participation fee is required. Upon notification of acceptance to participate, those selected have 5 business days to submit payment or the acceptance may be revoked.

The fee to participate on the mission is \$3,000 for the first representative and \$1,000 for one additional representative. For small or medium-sized enterprises

(SME)<sup>1</sup> the fee to participate on the mission is \$2,590 for the first representative and \$1,000 for one additional representative. In the event that the mission is cancelled, no personal expenses paid in anticipation of a trade mission will be reimbursed. However, participation fees for a cancelled trade mission will be reimbursed to the extent they have not already been expended in anticipation of the mission.

<sup>1</sup> An SME is defined as a firm with 500 or fewer employees or that otherwise qualifies as a small business under SBA regulations (see <http://www.sba.gov/services/contractingopportunities/sizestandardsttopics/index.html>). Parent companies, affiliates, and subsidiaries will be considered when determining business size. The dual pricing reflects the Commercial Service's user fee schedule that became effective May 1, 2008 (see <http://www.export.gov/newsletter/march2008/initiatives.html> for additional information).

**Exclusions:** The mission fee does not include any personal travel expenses such as air transport, lodging, most meals, local ground transportation (except for transportation to and from meetings), unless otherwise noted. Participants will, however, be able to take advantage of U.S. Government rates for hotel rooms.

Business or entry visas may be required to participate on the mission. Applying for and obtaining such visas will be the responsibility of the mission participant. Government fees and processing expenses to obtain such visas are not included in the participation fee. However, the Department of Commerce will provide instructions to each participant on the procedures required to obtain necessary business visas.

**Application:** <https://emenuapps.ita.doc.gov/ePublic/TM/5R1L>.

**Application Deadline:** The Department of Commerce (with input from MCC) will evaluate applications and inform applicants of selection decisions on a rolling basis until the maximum number of participants has been selected.

The application deadline is Friday, April 17, 2015. Applications received after the April 17th deadline, will be considered only if space and scheduling constraints permit. The Department of Commerce (with input from the Millennium Challenge Corporation) will evaluate all applications and inform applicants of selection decisions by April 24, 2015.

**Conditions for Participation:** An applicant must submit a completed mission application, together with supplemental application materials, including adequate information on its products and/or services, primary market objectives, and goals for participation. Applicants must satisfy all of the conditions of participation in order to be eligible for consideration. Applications will be evaluated on the applicant's ability to best satisfy the participation criteria below. If the Department of Commerce receives an incomplete application, the Department may reject the application, request additional information, or take the lack of information into account when evaluating the applications.

Each applicant must certify that the products or services it seeks to export through the mission are either produced in the United States, or, if not, marketed under the name of a U.S. firm and have at least 51 percent U.S. content of the value of the finished product or service.

Each applicant must also certify that:

- The export of its goods, software, technology, and services would be in

compliance with U.S. export control laws and regulations, including those administered by the Department of Commerce's Bureau of Industry and Security;

- It has identified any matter pending before any bureau or office of the Department of Commerce;

- It has identified any pending litigation (including any administrative proceedings) to which it is a party that involves the Department of Commerce;

- It and its affiliates (1) have not and will not engage in the bribery of foreign officials in connection with its involvement in this Mission, and (2) maintain and enforce a policy that prohibits the bribery of foreign officials; and

- It meets the minimum requirements as stated in the Recruitment Announcement.

**FOR FURTHER INFORMATION CONTACT:**

Millennium Challenge Corporation, 875 Fifteenth Street NW., Washington, DC 20005-2221, Tel: 202-521-7234, Email: [InvestmentMission@mcc.gov](mailto:InvestmentMission@mcc.gov), Malcolm Burke, Senior Policy Advisor.

[FR Doc. 2015-09544 Filed 4-23-15; 8:45 am]

**BILLING CODE 3510-DR-P**

**DEPARTMENT OF COMMERCE**

**International Trade Administration**

**Notice of Scope Rulings**

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**DATES:** *Effective Date:* April 24, 2015.

**SUMMARY:** The Department of Commerce ("Department") hereby publishes a list of scope rulings and anticircumvention determinations made between October 1, 2014, and December 31, 2014, inclusive. We intend to publish future lists after the close of the next calendar quarter.

**FOR FURTHER INFORMATION CONTACT:**

Brenda E. Waters, AD/CVD Operations, Customs Liaison Unit, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: 202-482-4735.

**SUPPLEMENTARY INFORMATION:**

**Background**

The Department's regulations provide that the Secretary will publish in the **Federal Register** a list of scope rulings

on a quarterly basis.<sup>1</sup> Our most recent notification of scope rulings was published on December 11, 2014.<sup>2</sup> This current notice covers all scope rulings and anticircumvention determinations made by Enforcement and Compliance between October 1, 2014, and December 31, 2014, inclusive. Subsequent lists will follow after the close of each calendar quarter.

*Scope Rulings Made Between October 1, 2014 and December 31, 2014*

Mexico.

*A-201-504: Certain Circular Welded Non-Alloy Steel Pipe From Mexico*

Requestor: Productos Laminados, S.A. de C.V.; Certain types of black tubing manufactured by Productos Laminados to American Society of Testing and Materials standard A-513 are "mechanical tubing," which is outside the scope of the order; December 3, 2014 (Preliminary).

**People's Republic of China**

*A-570-967 and C-570-968: Aluminum Extrusions From the People's Republic of China*

Requestor: Delphi Automotive Systems, LLC (Delphi); The products at issue were four models of core tubes used for automotive heating and cooling systems (also referred to as HVAC systems). The four models are distinguished only by their length and profile. All four models are comprised of extruded hollow, tubular aluminum articles that are bent and end-formed based on customer designs. Delphi imports the core tubes for use in automotive HVAC systems for specific brands of vehicles. The Department found the core tubes inside the scope of the order because they comprised entirely of extruded aluminum and, thus, do not qualify for the finished merchandise exclusion; October 14, 2014.

*A-570-967 and C-570-968: Aluminum Extrusions From the People's Republic of China*

Requestor: Core Industries LLC (dba Star Trac) (hereinafter referred to as Star Trac); The products at issue were an E-TRx treadmill base kit, E-RB recumbent bike base kit, E-UB upright bike base kit, and eSpinner bike universal base kit. All four models at issue were mainly comprised of non-aluminum materials along with some extruded aluminum components. The Department found that the eSpinner bike universal

<sup>1</sup> See 19 CFR 351.225(o).

<sup>2</sup> See *Notice of Scope Rulings*, 79 FR 73552 (December 11, 2014).

base kit met the exclusion for a finished goods kit because it contained, at the time of importation, all of the necessary parts to fully assemble a final finished good (e.g., a fully functioning exercise bike). Concerning the E-TRx treadmill base kit, E-RB recumbent bike base kit, and E-UB upright bike base kit, the Department found that the products constituted finished subassemblies that require no further finishing or fabrication after importation. On this basis, the Department found that the three kits constituted excluded finished goods kits; October 23, 2014.

*A-570-967 and C-570-968: Aluminum Extrusions From the People's Republic of China*

Requestor: Core Industries LLC (dba Star Trac) (hereinafter referred to as Star Trac); The product at issue was a max rack kit which, when assembled, is designed to be used for a variety of strength exercises, including pull-ups, squats, and bench presses. The max rack kit is mainly comprised of non-aluminum materials as well as extruded aluminum parts. The Department found the product met the exclusion criteria for a finished goods kit because it contained non-extruded aluminum parts that went beyond mere fasteners and screws and because the kit contained, at the time of importation, all of the necessary parts to fully assemble a final finished good; October 27, 2014.

*A-570-967 and C-570-968: Aluminum Extrusions From the People's Republic of China*

Requestor: KIK Custom Products ("KIK"); KIK's telescoping poles, which are composed of aluminum extrusion poles (Aluminum Association alloy series 6063), a plastic handle, a plastic cap, a plastic connector(s) and a plastic peg(s) to hold the telescoping poles in place when extended, are outside the scope of the orders on aluminum extrusions from the PRC because they are finished goods containing aluminum extrusions as parts that are fully and permanently assembled and completed at the time of entry; November 3, 2014.

*A-570-967 and C-570-968: Aluminum Extrusions From the People's Republic of China*

Requestor: Danfoss LLC; Danfoss LLC's micro channel heat exchangers, consisting of connections, headers or baffles, tubes with micro channels, and fins, are outside the scope of the orders on aluminum extrusions from the PRC because they consist of both extruded aluminum and non-extruded aluminum components (other than fasteners). Danfoss LLC's micro channel heat

exchangers are fully assembled finished goods that are permanently assembled and completed at the time of entry and are ready for installation into a downstream product with no further finishing or fabrication subsequent to importation; November 3, 2014.

*A-570-967 and C-570-968: Aluminum Extrusions From the People's Republic of China*

Requestor: Unger Enterprises, Inc. (Unger). The products at issue were eight models of grabbers designed to allow users to grasp objects in difficult to reach places. Each model of grabber was comprised of extruded aluminum and non-aluminum materials. The Department found that each model of grabber met the exclusion criteria for finished merchandise because they contained extruded aluminum as well as non-extruded aluminum materials and because they enter the United States as grabbers that are fully and permanently assembled and completed at the time of entry, and are ready for use as imported; November 4, 2014.

*A-570-967 and C-570-968: Aluminum Extrusions From the People's Republic of China*

Requestor: Pacific Product Solutions ("Pacific Product"); Pacific Product's motorized arm sets, which are composed of two motorized arms and all hardware necessary for installation of the arms to the RV or Trailer (not imported with the awning or roller bar) and contain non-extruded aluminum components beyond fasteners, are outside the scope of the orders on aluminum extrusions from the PRC because they are finished good kits containing all of the components needed to fully assemble a final finished good, requiring no further finishing or fabrication prior to installation in the ultimate downstream product; November 4, 2014.

*A-570-967 and C-570-968: Aluminum Extrusions From the People's Republic of China*

Requestor: Klik-Klik Systems Inc.; Klik-Klik Systems Inc.'s MagPoles, which are telescoping extension poles consisting of aluminum extrusion tubes, fiberglass tubes, plastic handles, plastic/copper buttons, steel springs, steel rolling pins, zinc end pieces, aluminum rivets, rubber bumpers, and paper labels, are outside the scope of the orders on aluminum extrusions from the PRC because they are finished goods containing aluminum extrusions as parts that are fully and permanently assembled and completed at the time of entry; November 19, 2014.

*A-570-967 and C-570-968: Aluminum Extrusions From the People's Republic of China*

Requestor: JED Pool Tools, Inc. (JED); The products at issue were eight models of telescopic pool poles; two models of detachable skimmer poles; three models of leak skimmers; and six models of leaf rakes. The products are used in the cleaning of swimming pools. The telescopic pool poles vary in size but all consist of separate hollow pieces of extruded aluminum tubes that are connected by a plastic threaded locking mechanism and plastic handle. The detachable skimmer poles are telescopic extruded aluminum poles with plastic locking mechanism and plastic handle. The leaf skimmers and rakes consist of a plastic frame, extruded aluminum handle, and nylon net. The Department found that the products at issue met the exclusion criteria for finished merchandise. The Department found that the leaf skimmers and rakes are permanently assembled and completed at the time of entry and are ready for use as hand held cleaning tools at the time of importation, and therefore constitute excluded finished merchandise.

Concerning the telescopic pool poles and detachable skimmer poles, the Department found that the products constitute excluded finished merchandise because they are permanently assembled and completed merchandise that are designed to work with removable/interchangeable attachments; November 24, 2014.

*A-570-967 and C-570-968: Aluminum Extrusions From the People's Republic of China*

Requestor: ECCO Group ("ECCO"); ECCO's heat sinks for light-emitting-diode ("LED") light bars are within the scope of the scope of the orders on aluminum extrusions from the PRC because ECCO failed to demonstrate that its heat sinks for LED light bars, which are solid profiles of series 6063 extruded aluminum, meet the two criteria to qualify for the finished heat sink exclusion in the scope, i.e., that: (1) the design and production of the imported heat sinks for LED light bars are organized around meeting specified thermal performance requirements; and, (2) the imported heat sinks for LED light bars are fully, albeit not necessarily individually, tested to comply with the specified thermal performance requirements; November 24, 2014.

*A-570-967 and C-570-968: Aluminum Extrusions From the People's Republic of China*

Requestor: Circle Glass Co.; Circle Glass Co.'s screen and storm door grille, consisting of an extruded aluminum frame that has been permanently combined with a non-extruded aluminum mesh grille made of aluminum wire, with extruded aluminum mounting brackets riveted to the frame (and screws), is outside the scope of the orders on aluminum extrusions from the PRC because it is a fully assembled subassembly that is completed at the time of entry and is ready for immediate installation in a larger system. Circle Glass Co.'s patio door kits without the screen are within the scope of the scope of the orders on aluminum extrusions from the PRC because Circle Glass Co.'s patio door kits consist of an extruded aluminum door frame, a plastic handle, a steel latch, a strike, rivets, screws, and four steel door roller/corner combination units, but do not contain a screen. Thus, they do not qualify for the finished goods kit exclusion, which only applies to kits containing, at the time of importation, all the parts necessary to construct a complete finished good; December 5, 2014.

*A-570-899: Artist Canvas From the People's Republic of China*

Requestor: Alex Toys, Inc.; Alex Toys, Inc.'s "Paint A Canvas"/"Color A Canvas" preprinted, paint-it-yourself artist canvases (whether or not imported as part of kits) are outside the scope of the order because the canvases are pre-printed paint-it-yourself canvases with copyrighted designs, that fall within the exclusion for "paint-by-number" or "paint-it-yourself" artist canvases with a copyrighted preprinted outline; November 18, 2014.

*A-570-827: Certain Cased Pencils From the People's Republic of China*

Requestor: West Texas Lighthouse for the Blind; West Texas Lighthouse for the Blind's orange flexible pencils made of polyvinyl chloride ("PVC") with a black carbon material writing core are outside the scope of the order because the outside sheath of the flexible pencils is not rigid; October 27, 2014.

*A-570-901: Certain Lined Paper Products From the People's Republic of China*

Requestor: Banker's Pen (1991) Inc. ("Bankers Pen"); Bankers Pen's notebook, style number ST4191, is comprised of black polyurethane cover and measures 8 inches by 11 inches. The notebook meets the exclusion

criteria for case bound books and, thus is outside the scope of the order; December 11, 2014.

*A-570-506: Porcelain-on-Steel Cooking Ware From the People's Republic of China*

Requestor: The Companion Group; The Companion Group's rectangular and round drip pans are within the scope of the antidumping duty Order because the products: (1) Are constructed of steel and are enameled or glazed with vitreous glasses; (2) do not have self-contained electric heating elements; and (3) are used as cooking ware; December 10, 2014.

*A-570-894: Tissue Paper Products From the People's Republic of China*

Requestor: Lamrite West Inc. dba Darice Inc. (Darice); Darices's DTP908 David Tutera Tissue Tassels and POM100 Tissue Poms are within the scope of the antidumping duty order because the physical characteristics of these (e.g., basis weight, width, shape, color, and packaging) satisfy the physical criteria of the merchandise enumerated in the scope, and these products do not meet the criteria of any of the tissue paper products excluded from the scope; October 20, 2014.

*A-570-890: Wooden Bedroom From the People's Republic of China*

Requestor: KidKraft, LP; Austin and Raleigh model toy boxes are not covered by the scope of the antidumping duty order because the Austin model meets the scope exclusion for toy boxes and the Raleigh model has nearly all of the physical characteristics of excluded toy boxes and has characteristics consistent with excluded benches/seating furniture; November 21, 2014.

*A-570-890: Wooden Bedroom From the People's Republic of China*

Requestor: Maxim Company Taiwan, Ltd.; construction vehicle toddler beds resembling a toy front-end loader are not covered by the scope of the antidumping duty order because they are designed to use a standard crib mattress and they conform to ASTM F 1821-13; November 19, 2014.

**Taiwan**

*A-583-843: Polyethylene Retail Carrier Bags From Taiwan*

Requestor: Polyethylene Retail Carrier Bag Committee and its individual members, Hilex Poly Co., LLC and Superbag Corp.; Certain unfinished polyethylene retail carrier bags from Taiwan that appear ready to undergo the final processing of cutting the unfinished polyethylene retail carrier

bag to length, sealing the bottoms, and die-cutting the unfinished polyethylene retail carrier bags to create the handles of the finished polyethylene retail carrier bags are circumventing the antidumping duty order. The unfinished polyethylene retail carrier bags subject to this determination may or may not have printing and may be of different dimensions as long as they meet the description of the scope of the order; October 9, 2014.

Interested parties are invited to comment on the completeness of this list of completed scope and anticircumvention inquiries. Any comments should be submitted to the Deputy Assistant Secretary for AD/CVD Operations, Enforcement and Compliance, International Trade Administration, 14th Street and Constitution Avenue NW., APO/Dockets Unit, Room 1870, Washington, DC 20230.

This notice is published in accordance with 19 CFR 351.225(o).

Dated: April 10, 2015.

**Christian Marsh,**

*Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.*

**Certain Cut-to-Length Carbon-Quality Steel Plate Products From the Republic of Korea: Final Results of Antidumping Duty Administrative Review; 2013-2014**

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**SUMMARY:** On December 19, 2014, the Department of Commerce (the Department) published the preliminary results of the administrative review of the antidumping duty order on certain cut-to-length carbon-quality steel plate products (CTL plate) from the Republic of Korea (Korea).<sup>1</sup> For these final results, we continue to find that subject merchandise has been sold at less than normal value.

**DATES:** *Effective Date:* April 24, 2015.

**FOR FURTHER INFORMATION CONTACT:** Yang Jin Chun, AD/CVD Operations, Office I, Enforcement and Compliance,

<sup>1</sup> See *Certain Cut-to-Length Carbon-Quality Steel Plate Products From the Republic of Korea: Preliminary Results of Antidumping Duty Administrative Review; 2013-2014*, 79 FR 75791 (December 19, 2014) (*Preliminary Results*).

International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-5760.

#### SUPPLEMENTARY INFORMATION:

##### Background

On December 19, 2014, the Department published the *Preliminary Results* of the administrative review. The period of review is February 1, 2013, through January 31, 2014. We invited interested parties to comment on the *Preliminary Results* and received case and rebuttal briefs from interested parties. The Department conducted this administrative review in accordance with section 751 of the Tariff Act of 1930, as amended (the Act).

##### Scope of the Order

The products covered by the antidumping duty order are certain CTL plate. Imports of CTL plate are currently classified in the Harmonized Tariff Schedule of the United States (HTSUS) under subheadings 7208.40.30.30, 7208.40.30.60, 7208.51.00.30, 7208.51.00.45, 7208.51.00.60, 7208.52.00.00, 7208.53.00.00, 7208.90.00.00, 7210.70.30.00, 7210.90.90.00, 7211.13.00.00, 7211.14.00.30, 7211.14.00.45, 7211.90.00.00, 7212.40.10.00, 7212.40.50.00, 7212.50.00.00, 7225.40.30.50, 7225.40.70.00, 7225.50.60.00, 7225.99.00.90, 7226.91.50.00, 7226.91.70.00, 7226.91.80.00, and 7226.99.00.00. While the HTSUS subheadings are provided for convenience and customs purposes, the written description is dispositive. A full description of the scope of the order is contained in the Issues and Decision Memorandum.<sup>2</sup>

##### Analysis of Comments Received

The comments received in the case and rebuttal briefs are addressed in the Issues and Decision Memorandum. The Issues and Decision Memorandum is a public document and is on file electronically *via* Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). Access to ACCESS is available to registered users at <https://access.trade.gov> and in the Central

<sup>2</sup> See the memorandum from Associate Deputy Assistant Secretary Gary Taverman to Assistant Secretary Paul Piquado entitled "Issues and Decision Memorandum for the Antidumping Duty Administrative Review of Certain Cut-to-Length Carbon-Quality Steel Plate Products from the Republic of Korea for the Period of Review February 1, 2013, through January 31, 2014" dated concurrently with and hereby adopted by this notice (Issues and Decision Memorandum).

Records Unit, Room 7046 of the main Department of Commerce building. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly on the Internet at <http://enforcement.trade.gov/frn/index.html>.

##### Changes Since the Preliminary Results

We made no changes from the *Preliminary Results*.

##### Final Results of Review

For the final results of this review, we determine that the following weighted-average dumping margins exist for the period February 1, 2013, through January 31, 2014.

Manufacturer/ exporter	Weighted- average dumping margin (percent)
Bookuk Steel Co., Ltd. ....	0.56
Dongkuk Steel Mill Co., Ltd.	0.56
SM Solution Co. Ltd. ....	0.56

##### Assessment Rates

Pursuant to section 751(a)(2)(A) of the Act and 19 CFR 351.212(b), the Department will determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review. For Dongkuk Steel Mill Co., Ltd., which we selected for individual examination, we will calculate an importer-specific assessment rate on the basis of the ratio of the total amount of antidumping duties calculated for the importer's examined sales and the total entered value of the sales in accordance with 19 CFR 351.212(b)(1).<sup>3</sup>

For entries of subject merchandise during the period of review produced by Dongkuk Steel Mill Co., Ltd., for which it did not know its merchandise was destined for the United States, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.<sup>4</sup>

Consistent with the *May 2003 Clarification*, for Hyosung Corporation, Samsung C&T Corporation, and TCC Steel Corporation, which had no

<sup>3</sup> In these final results, the Department applied the assessment rate calculation method adopted in *Antidumping Proceedings: Calculation of the Weighted-Average Dumping Margin and Assessment Rate in Certain Antidumping Duty Proceedings; Final Modification*, 77 FR 8101 (February 14, 2012).

<sup>4</sup> For a full discussion, see *Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties*, 68 FR 23954 (May 6, 2003) (*May 2003 Clarification*).

reviewable entries of subject merchandise to the United States, we will instruct CBP to liquidate any applicable entries of subject merchandise at the all-others rate.

For the companies not selected for individual examination, Bookuk Steel Co., Ltd., and SM Solution Co. Ltd., we have based their weighted-average dumping margins on the margin established for Dongkuk Steel Mill Co., Ltd. We will instruct CBP to apply the rates listed above to all entries of subject merchandise produced and/or exported by those firms.

We intend to issue liquidation instructions to CBP 15 days after publication of the final results of this review.

##### Cash Deposit Requirements

The following deposit requirements will be effective upon publication of the notice of final results of administrative review for all shipments of CTL plate from Korea entered, or withdrawn from warehouse, for consumption on or after the date of publication as provided by section 751(a)(2) of the Act: (1) The cash deposit rate for the companies listed above will be equal to the weighted-average dumping margins determined in the final results of this administrative review; (2) for merchandise exported by manufacturers or exporters not covered in this review but covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recently completed segment of this proceeding in which that manufacturer or exporter participated; (3) if the exporter is not a firm covered in this review, a prior review, or the original investigation but the manufacturer is, the cash deposit rate will be the rate established for the most recently completed segment of this proceeding for the manufacturer of the merchandise; (4) the cash deposit rate for all other manufacturers or exporters will continue to be 0.98 percent,<sup>5</sup> the all-others rate established in the less-than-fair-value investigation, adjusted for the export-subsidy rate in the companion countervailing duty investigation. These cash deposit requirements, when imposed, shall remain in effect until further notice.

##### Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a

<sup>5</sup> See, e.g., *Certain Cut-to-Length Carbon-Quality Steel Plate Products From the Republic of Korea: Final Results of Antidumping Duty Administrative Review; 2012-2013*, 79 FR 54264, 54265 (September 11, 2014).

certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Department's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

#### Administrative Protective Orders

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely notification of the destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

We are issuing and publishing these final results of administrative review in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: April 20, 2015.

### National Oceanic and Atmospheric Administration

RIN 0648-XD891

#### Fisheries of the Gulf of Mexico; Southeast Data, Assessment, and Review (SEDAR); Public Meeting

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice of SEDAR 42 assessment process webinars for Gulf of Mexico Red Grouper.

**SUMMARY:** The SEDAR 42 assessment of Gulf of Mexico Red Grouper will consist of a series of webinars. This notice is for a webinar associated with the Assessment portion of the SEDAR process. See **SUPPLEMENTARY INFORMATION**.

**DATES:** The final assessment webinar for SEDAR 42 will be held on Tuesday, May 12, 2015, from 1 p.m. to 3 p.m.

**ADDRESSES:** *Meeting address:* The meeting will be held via webinar. The webinar is open to the public. Those interested in participating should contact Julie A. Neer at SEDAR (see **FOR FURTHER INFORMATION CONTACT** below) to request an invitation providing webinar access information. Please request webinar invitations at least 24 hours in advance of each webinar.

*SEDAR address:* 4055 Faber Place Drive, Suite 201, N. Charleston, SC 29405.

**FOR FURTHER INFORMATION CONTACT:** Julie A. Neer, SEDAR Coordinator; phone: (843) 571-4366; email: *julie.neer@safinc.net*.

**SUPPLEMENTARY INFORMATION:** The Gulf of Mexico, South Atlantic, and Caribbean Fishery Management Councils, in conjunction with NOAA Fisheries and the Atlantic and Gulf States Marine Fisheries Commissions, have implemented the Southeast Data, Assessment and Review (SEDAR) process, a multi-step method for determining the status of fish stocks in the Southeast Region. SEDAR is a multi-step process including: (1) Data Workshop; and (2) a series of assessment webinars; and (3) Review Workshop. The product of the Data Workshop is a report which compiles and evaluates potential datasets and recommends which datasets are appropriate for assessment analyses. The product of the Assessment Webinar Process is a report which compiles and evaluates potential datasets and recommends which datasets are appropriate for assessment analyses; and describes the fisheries, evaluates the status of the stock, estimates biological benchmarks, projects future population conditions, and recommends research and monitoring needs. The assessment is independently peer reviewed at the Review Workshop. The product of the Review Workshop is a Summary documenting panel opinions regarding the strengths and weaknesses of the stock assessment and input data. Participants for SEDAR Workshops are appointed by the Gulf of Mexico, South

Atlantic, and Caribbean Fishery Management Councils and NOAA Fisheries Southeast Regional Office, Highly Migratory Species Management Division, and Southeast Fisheries Science Center. Participants include: Data collectors and database managers; stock assessment scientists, biologists, and researchers; constituency representatives including fishermen, environmentalists, and non-governmental organizations (NGOs); international experts; and staff of Councils, Commissions, and state and federal agencies.

The items of discussion in the Assessment Process webinars are as follows:

1. Using datasets and initial assessment analysis recommended from the Data Workshop, panelists will employ assessment models to evaluate stock status, estimate population benchmarks and management criteria, and project future conditions.

2. Panelists will recommend the most appropriate methods and configurations for determining stock status and estimating population parameters.

#### Special Accommodations

The meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to the Council office (see **ADDRESSES**) at least 5 business days prior to the meeting.

**Note:** The times and sequence specified in this agenda are subject to change.

**Authority:** 16 U.S.C. 1801 *et seq.*

Dated: April 21, 2015.

### National Oceanic and Atmospheric Administration

RIN 0648-XD852

#### Endangered and Threatened Species; Take of Anadromous Fish

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice; extension of public comment period; request for comments.

**SUMMARY:** On March 26, 2015, the National Marine Fisheries Service (NMFS) announced the availability for public review of a proposed evaluation

of three Hatchery and Genetic Management Plans (HGMPs) submitted by the Washington Department of Fish and Wildlife (WDFW), with the Jamestown S'Klallam Tribe, the Lummi Nation, the Nooksack Tribe, the Stillaguamish Tribes, and the Tulalip Tribes pursuant to the protective regulations promulgated for Pacific salmon and steelhead under the Endangered Species Act (ESA). The HGMPs specify the propagation of early-returning ("early") winter steelhead in the Dungeness, Nooksack, and Stillaguamish River watersheds of Washington State. The availability of a draft environmental assessment (EA), evaluating the anticipated effects of NMFS' proposed determination on those HGMPs pursuant to the National Environmental Policy Act (NEPA), was included in the announcement. The announcement opened a 30-day public comment period. Due to an issue with one of the email addresses provided for receipt of comments, comments submitted to [EWSteelheadHatcheries.wcr@noaa.gov](mailto:EWSteelheadHatcheries.wcr@noaa.gov) prior to April 14, 2015, may not have been received. Therefore, NMFS requests that any such comments be re-submitted. NMFS is extending the comment period to May 4, 2015, to facilitate this re-submittal.

**DATES:** Comment period of the notice published at 80 FR 15984, March 26, 2015, is extended. Comments must be received no later than 5 p.m. Pacific time on May 4, 2015.

**ADDRESSES:** Written comments on the proposed evaluation and draft EA should be addressed to the NMFS Sustainable Fisheries Division, 510 Desmond Dr., Suite 103, Lacey, WA 98503, or faxed to (360) 753-9517. Comments may be submitted by email. The mailbox address for providing email comments is: [EWSteelheadHatcheries.wcr@noaa.gov](mailto:EWSteelheadHatcheries.wcr@noaa.gov). Include in the subject line of the email comment the following identifier: Comments on Early Winter Steelhead Hatchery Programs. When commenting on the draft environmental assessment, please refer to the specific page number and line number of the subject of your comment. The Secretary's proposed evaluation of effects on listed steelhead and salmon and the draft EA are also available on the Internet at [www.westcoast.fisheries.noaa.gov](http://www.westcoast.fisheries.noaa.gov). Comments received will also be available for public inspection, by appointment, during normal business hours by calling (503) 230-5418.

**FOR FURTHER INFORMATION CONTACT:** Tim Tynan at (360) 753-9579 or email: [tim.tynan@noaa.gov](mailto:tim.tynan@noaa.gov).

#### SUPPLEMENTARY INFORMATION:

##### Species Covered in This Notice

###### *ESA-Listed Species Covered in This Notice*

Steelhead (*Oncorhynchus mykiss*): threatened, naturally produced and artificially propagated Puget Sound.

Chinook salmon (*O. tshawytscha*): threatened, naturally produced and artificially propagated Puget Sound.

Chum salmon (*O. keta*): threatened, naturally produced and artificially propagated Hood Canal summer-run.

Bull trout (*Salvelinus confluentus*): threatened Puget Sound/Washington Coast.

The WDFW, with the Jamestown S'Klallam Tribe, the Lummi Nation, the Nooksack Tribe, the Stillaguamish Tribes, and the Tulalip Tribes as the *U.S. v. Washington* salmon resource co-managers, has submitted to NMFS plans for three jointly operated hatchery programs in the Dungeness, Nooksack, and Stillaguamish River basins. The plans were submitted in July 2014, pursuant to limit 6 of the 4(d) Rule for the listed Puget Sound Steelhead distinct population segment (DPS), and the listed Puget Sound Chinook Salmon and listed Hood Canal Summer Chum Salmon evolutionarily significant units (ESU). The hatchery programs would release early winter steelhead that are not included as part of the ESA-listed Puget Sound Steelhead Distinct Population Segment into the Dungeness River, Nooksack River, and Stillaguamish River watersheds. All three programs would release fish that are not native to the watersheds.

Consideration of these three HGMPs, particularly pursuant to NEPA, is not being conducted as a substitute for the withdrawn Puget Sound Draft Environmental Impact Statement (80 FR 15986, March 26, 2015).

As specified in the July 10, 2000, ESA 4(d) rule for salmon and steelhead (65 FR 42422) and updated June 28, 2005 (70 FR 37160), NMFS may approve an HGMP if it meets criteria set forth in 50 CFR 223.203(b)(5)(i)(A) through (K). Prior to final approval of an HGMP, NMFS must publish notification announcing its availability for public review and comment.

##### Authority

Under section 4 of the ESA, the Secretary of Commerce is required to adopt such regulations as she deems necessary and advisable for the conservation of species listed as threatened. The ESA salmon and steelhead 4(d) rule (65 FR 42422, July 10, 2000, as updated in 70 FR 37160,

June 28, 2005) specifies categories of activities that contribute to the conservation of listed salmonids and sets out the criteria for such activities. Limit 6 of the updated 4(d) rule (50 CFR 223.203(b)(6)) further provides that the prohibitions of paragraph (a) of the updated 4(d) rule (50 CFR 223.203(a)) do not apply to activities associated with a joint state/tribal artificial propagation plan provided that the joint plan has been determined by NMFS to be in accordance with the salmon and steelhead 4(d) rule (65 FR 42422, July 10, 2000, as updated in 70 FR 37160, June 28, 2005).

We also issue this notice in accordance with the requirements of NEPA as amended (42 U.S.C 4371 *et seq.*) and its implementing regulations (40 CFR part 1500 and 1506.6), and other appropriate Federal laws and regulations, and policies and procedures of NMFS for compliance with those regulations.

Dated: April 20, 2015.

**Angela Somma,**

*Chief, Endangered Species Division, Office of Protected Resources, National Marine Fisheries Service.*

#### Western Pacific Fishery Management Council; Public Meetings

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice of public meetings.

**SUMMARY:** The Western Pacific Fishery Management Council (Council) will hold a meeting of its Pelagics Plan Team (PPT) and a joint meeting of the Hawaii Members of the PPT, Advisory Panel (AP), Non-Commercial Fisheries Advisory Committee (NCFAC) and Fishing Industry Advisory Panel (FIAP), in Honolulu, HI, to discuss fishery issues and develop recommendations for future management.

**DATES:** The meeting of the PPT will be held May 12-13 2015, from 8:30 a.m. to 5 p.m. The joint meeting of the Hawaii Members of the PPT, AP, NCFAC and FIAP will be held on May 14, 2015 from 9 a.m. to 5 p.m.

**ADDRESSES:** The meetings will be held at the Council Office Conference Room,

Western Pacific Fishery Management Council, 1164 Bishop St., Suite 1400, Honolulu, HI 96813; telephone: (808) 522-8220.

**FOR FURTHER INFORMATION CONTACT:** Kitty M. Simonds, Executive Director; telephone: (808) 522-8220.

**SUPPLEMENTARY INFORMATION:**

**Schedule and Agenda for the PPT Meeting**

*Wednesday, May 12, 2015, 8:30 a.m.*

1. Introduction
2. Annual Report Review
  - A. Review 2014 Annual Report Modules and Recommendations
    - i. Commonwealth of the Northern Mariana Islands
    - ii. American Samoa
    - iii. Guam
    - iv. Hawaii
    - v. International
  - B. 2014 Annual Report Region Wide Recommendations

*Thursday, May 13, 2015, 8:30 a.m.*

3. Skipjack Range Contraction
4. Update on Council Actions
5. Purse Seine and Longline Meetings
6. Stock Status Determination Criteria
7. Other Business
8. Public Comment
9. Pelagic Plan Team Recommendations

**Schedule and Agenda for the Joint Meeting of the Hawaii Members of the PPT, AP, NCFAC and FIAP**

*Thursday, May 14, 2015, 9 a.m.*

1. Introduction and Welcome
2. Approval of Agenda
3. Minimum Size for Hawaii Yellowfin Tuna
  - A. Yield per Recruit
  - B. Socio-economic Studies
  - C. Discussion
4. Cross Seamount Fishery
  - A. Contemporary Synopsis of the Cross Seamount Area Fishery
  - B. Discussion
5. Marine Mammal Depredation
  - A. Marine Mammal Depredation Reports in the Hawaii Commercial Catch Reports
  - B. Discussion
6. Other Updates
  - A. Update on the Hawaii Electronic Logbook Report Project
  - B. Hawaii Green Turtle Delisting Petition Response and Proposed Rule
  - C. Humpback Whale Delisting Petition Response
  - D. Hawaiian Islands Humpback Whale National Marine Sanctuary Draft Management Plan
  - E. Discussion
7. Other Issues
8. Public Comment

**9. Discussion and Recommendations**

The order in which the agenda items are addressed may change. The meetings will run as late as necessary to complete scheduled business.

Although non-emergency issues not contained in this agenda may come before these groups for discussion, those issues may not be the subject of formal action during these meetings. Action will be restricted to those issues specifically listed in this document and any issue arising after publication of this document that requires emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the Council's intent to take final action to address the emergency.

**Special Accommodations**

These meetings are physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Kitty M. Simonds, (808) 522-8220 (voice) or (808) 522-8226 (fax), at least 5 days prior to the meeting date.

**Authority:** 16 U.S.C. 1801 *et seq.*

Dated: April 21, 2015.

**Tracey L. Thompson,**

*Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.*

**National Oceanic and Atmospheric Administration**

**RIN 0648-XD912**

**New England Fishery Management Council; Public Meeting**

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice; public meeting.

**SUMMARY:** The New England Fishery Management Council (Council) is scheduling a public meeting of its Scallop Plan Development Team and Advisory Panel to consider actions affecting New England fisheries in the exclusive economic zone (EEZ). Recommendations from this group will be brought to the full Council for formal consideration and action, if appropriate.

**DATES:** This meeting will be held on Wednesday, May 13, 2015 at 9 a.m.

**ADDRESSES:**

**Meeting address:** The meeting will be held at the Courtyard by Marriott, 55 Jefferson Park Road, Warwick, RI 02888; telephone: (401) 467-6900; fax: (401) 467-2666.

**Council address:** New England Fishery Management Council, 50 Water Street, Mill 2, Newburyport, MA 01950.

**FOR FURTHER INFORMATION CONTACT:**

Thomas A. Nies, Executive Director, New England Fishery Management Council; telephone: (978) 465-0492.

**SUPPLEMENTARY INFORMATION:** Recipients of recent Scallop RSA awards will provide a status update and summary of preliminary findings to the Scallop Plan Development Team (PDT) and Advisory Panel (AP). Presentations will include RSA projects that have not yet been used directly in the scallop management process. This meeting is *not* a formal review of the methods or results of these projects. Instead, this meeting is only an overview to better inform the PDT and AP of current research status and help identify future research priority recommendations. Other issues may be discussed, time permitting.

**Special Accommodations**

This meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Thomas A. Nies, Executive Director, at (978) 465-0492, at least 5 days prior to the meeting date.

**Authority:** 16 U.S.C. 1801 *et seq.*

Dated: April 21, 2015.

**Tracey L. Thompson,**

*Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.*

**National Oceanic and Atmospheric Administration**

**RIN 0648-XD904**

**Pacific Fishery Management Council; Public Meeting**

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice; public meeting.

**SUMMARY:** The Pacific Fishery Management Council's (Pacific Council) Highly Migratory Species Management Team will hold a meeting, which is open to the public.

**DATES:** The meeting will be held Wednesday, May 13 to Friday, May 15,

2015. The meeting will begin at 8:30 a.m. on each day. On Wednesday and Thursday, the meeting will end at 5 p.m. or when business for the day is concluded. On Friday, the meeting will end at midday.

**ADDRESSES:** The meeting will be held in the Pacific Room, Southwest Fisheries Science Center, 8901 La Jolla Shores Dr., La Jolla, CA 92037.

*Council address:* Pacific Council, 7700 NE Ambassador Place, Suite 101, Portland, OR 97220-1384.

**FOR FURTHER INFORMATION CONTACT:** Kit Dahl, Pacific Council; telephone: (503) 820-2422.

**SUPPLEMENTARY INFORMATION:** The primary purpose of the meeting is to review analyses and prepare a report to the Council on its Swordfish Fishery Management and Monitoring Plan. The Plan contains options for managing and monitoring the California large mesh drift gillnet (DGN) fishery including high priority protected species hard caps, fishery performance objectives, and monitoring goals. If available, the Highly Migratory Species Management Team (HMSMT) may review preliminary exempted fishing permit applications that would be submitted or resubmitted to the Council at its June meeting. The HMSMT will also review updates to the Highly Migratory Species Stock Assessment and Fishery Evaluation (SAFE) Report. The HMSMT may also plan reports for other HMS items on the Council's June agenda, including international issues and the planned management strategy evaluation for North Pacific albacore tuna to be conducted by the International Scientific Committee for Tuna and Tuna-Like Species in the North Pacific Ocean.

Although non-emergency issues not contained in the meeting agenda may be discussed, those issues may not be the subject of formal action during these meetings. Action will be restricted to those issues specifically listed in this document and any issues arising after publication of this document that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the intent to take final action to address the emergency.

#### Special Accommodations

These meetings are physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Mr. Kris Kleinschmidt at (503) 820-2425 at least 5 days prior to the meeting date.

Dated: April 21, 2015.

**Tracey L. Thompson,**

*Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.*

### COMMITTEE FOR PURCHASE FROM PEOPLE WHO ARE BLIND OR SEVERELY DISABLED

#### Procurement List; Additions and Deletions

**AGENCY:** Committee for Purchase From People Who Are Blind or Severely Disabled.

**ACTION:** Additions to and deletions from the Procurement List.

**SUMMARY:** This action adds a product and services to the Procurement List that will be furnished by nonprofit agencies employing persons who are blind or have other severe disabilities, and deletes products and a service from the Procurement List previously furnished by such agencies.

**DATES:** *Effective Date:* May 25, 2015.

**ADDRESSES:** Committee for Purchase From People Who Are Blind or Severely Disabled, 1401 S. Clark Street, Suite 715, Arlington, Virginia, 22202-4149.

**FOR FURTHER INFORMATION CONTACT:** Barry S. Lineback, Telephone: (703) 603-7740, Fax: (703) 603-0655, or email [CMTEFedReg@AbilityOne.gov](mailto:CMTEFedReg@AbilityOne.gov).

#### SUPPLEMENTARY INFORMATION:

##### Additions

On 3/13/2015 (80 FR 13351-13352), the Committee for Purchase From People Who Are Blind or Severely Disabled published notices of proposed additions to the Procurement List.

After consideration of the material presented to it concerning capability of qualified nonprofit agencies to provide the product and services and impact of the additions on the current or most recent contractors, the Committee has determined that the product and services listed below are suitable for procurement by the Federal Government under 41 U.S.C. 8501-8506 and 41 CFR 51-2.4.

#### Regulatory Flexibility Act Certification

I certify that the following action will not have a significant impact on a substantial number of small entities. The major factors considered for this certification were:

1. The action will not result in any additional reporting, recordkeeping or other compliance requirements for small entities other than the small

organizations that will furnish the product and services to the Government.

2. The action will result in authorizing small entities to furnish the product and services to the Government.

3. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 U.S.C. 8501-8506) in connection with the product and services proposed for addition to the Procurement List.

#### End of Certification

Accordingly, the following product and services are added to the Procurement List:

##### Product:

Product Name/NSN(s): Padfolio with Pen, Department of State Logo, 8½" x 11" 7510-01-NIB-1015

Mandatory Purchase by: Department of State  
Mandatory Source of Supply: Industries for the Blind, Inc., West Allis, WI

Contracting Activity: Department of State, DS  
Office of Acquisition Management, Arlington, VA

Distribution: C-List

##### Services:

Service Type: Janitorial Service  
Service Mandatory For: USDA, Agricultural Research Service Grassland Soil and Water Research Laboratory, 808 East Blackland Road, Temple, TX

Mandatory Source of Supply: Rising Star  
Resource Development Corporation, Dallas, TX

Contracting Activity: USDA ARS SPA 7MN1,  
East College Station, TX

Service Type: Mail Service  
Service Mandatory For: U.S. Air Force, Dyess Air Force Base, TX

Mandatory Source of Supply: Training, Rehabilitation, & Development Institute, Inc., San Antonio, TX

Contracting Activity: Department of the Air Force, FA4661 7 CONS CD, Dyess AFB, TX

#### Deletions

On March 20, (80 FR 14973), the Committee for Purchase From People Who Are Blind or Severely Disabled published notice of proposed deletions from the Procurement List.

After consideration of the relevant matter presented, the Committee has determined that the products and service listed below are no longer suitable for procurement by the Federal Government under 41 U.S.C. 8501-8506 and 41 CFR 51-2.4.

#### Regulatory Flexibility Act Certification

I certify that the following action will not have a significant impact on a substantial number of small entities. The major factors considered for this certification were:

1. The action will not result in additional reporting, recordkeeping or

other compliance requirements for small entities.

2. The action may result in authorizing small entities to furnish the products and service to the Government.

3. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 U.S.C. 8501-8506) in connection with the products and service deleted from the Procurement List.

#### End of Certification

Accordingly, the following products and service are deleted from the Procurement List:

#### Products:

Product Name/NSN(s): Bag, Trash, Cloth/ 2090-01-478-3561  
Mandatory Source of Supply: West Texas Lighthouse for the Blind, San Angelo, TX  
Contracting Activity: General Services Administration, New York, NY

Product Name/NSN(s): Urinal, Incontinent, 6530-01-081-5303, 6530-01-081-5304, 6530-01-451-8065, 6530-01-451-8066, 6530-01-451-8068, 6530-01-451-8069, 6530-01-451-8070, 6530-01-451-8071, 6530-01-451-8072, 6530-01-451-8073  
Mandatory Source of Supply: The Lighthouse for the Blind, St. Louis, MO  
Contracting Activity: Department of Veterans Affairs, NAC, Hines, IL

Product Name/NSN(s): Cleaning Compound/ 7930-01-398-0942  
Mandatory Source of Supply: The Lighthouse for the Blind, St. Louis, MO  
Contracting Activity: General Services Administration, Fort Worth, TX

Product Name/NSN: Stapler, Spring-powered, Pliers Style 7520-01-598-4239  
Mandatory Source of Supply: Winston-Salem Industries for the Blind, Inc., Winston-Salem, NC  
Contracting Activity: General Services Administration, New York, NY

Product Name/NSN(s): Ballpoint Pen, Round, Stick Type, "Alpha Basic", 7520-01-557-3166—Red Ink, 7520-01-557-3163—Red Ink w/Grip  
Mandatory Source of Supply: Alphapointe, Kansas City, MO  
Contracting Activity: General Services Administration, New York, NY

Product Name/NSN: Highlighter Set, Dry Transfer/7520-01-504-8939  
Mandatory Source of Supply: Industries for the Blind, Inc., West Allis, WI  
Contracting Activity: General Services Administration, New York, NY

#### Service:

Service Type: Laundry Service  
Service Mandatory For: U.S. Naval Hospital & Naval Dental Clinic Base, Farenholt Road, Agana Heights, GU  
Mandatory Source of Supply: ICAN Resources, Inc., Dededo, GU  
Contracting Activity: Dept of the Navy, NAVSUP FLT LOG CTR, Pearl Harbor,

HI

### COMMITTEE FOR PURCHASE FROM PEOPLE WHO ARE BLIND OR SEVERELY DISABLED

#### Procurement List; Proposed Additions and Deletion

**AGENCY:** Committee for Purchase From People Who Are Blind or Severely Disabled.

**ACTION:** Proposed Additions to and Deletion from the Procurement List.

**SUMMARY:** The Committee is proposing to add products to the Procurement List that will be furnished by a nonprofit agency employing persons who are blind or have other severe disabilities, and deletes a service previously furnished by such agency.

**DATES:** Comments must be received on or before: May 25, 2015.

**ADDRESSES:** Committee for Purchase From People Who Are Blind or Severely Disabled, 1401 S. Clark Street, Suite 715, Arlington, Virginia 22202-4149.

**FOR FURTHER INFORMATION CONTACT:** Barry S. Lineback, Telephone: (703) 603-7740, Fax: (703) 603-0655, or email [CMTEFedReg@AbilityOne.gov](mailto:CMTEFedReg@AbilityOne.gov).

**SUPPLEMENTARY INFORMATION:** This notice is published pursuant to 41 U.S.C. 8503 (a)(2) and 41 CFR 51-2.3. Its purpose is to provide interested persons an opportunity to submit comments on the proposed actions.

#### Additions

If the Committee approves the proposed additions, the entities of the Federal Government identified in this notice will be required to procure the products listed below from the nonprofit agency employing persons who are blind or have other severe disabilities.

The following products are proposed for addition to the Procurement List for production by the nonprofit agency listed:

#### Products

**Product Name/NSN(s):** File Folder, Single Tab, 1/3 Cut  
7530-00-NIB-1105—Letter, Position 2  
7530-00-NIB-1106—Letter, Position 3  
**Distribution:** A-List  
7530-00-NIB-1107—Legal, Position 1  
7530-00-NIB-1108—Legal, Position 2  
7530-00-NIB-1109—Legal, Position 3  
**Distribution:** B-List  
**Mandatory Purchase By:** Total and Broad

Government Requirements  
*Mandatory Source of Supply:* Association for Vision Rehabilitation and Employment, Inc., Binghamton, NY  
*Contracting Activity:* General Services Administration, New York, NY

#### Deletion

The following service is proposed for deletion from the Procurement List:

#### Service

**Service Type:** Shelf Stocking, Custodial & Warehousing Service  
**Service is Mandatory for:** Travis Air Force Base, Travis AFB, CA  
**Mandatory Source of Supply:** PRIDE Industries, Roseville, CA  
**Contracting Activity:** Defense Commissary Agency, Fort Lee, VA

**Barry S. Lineback,**

*Director, Business Operations.*

**BILLING CODE 6353-01-P**

### DEPARTMENT OF DEFENSE

#### Department of the Army

#### Final Programmatic Environmental Impact Statement for Activities and Operations at Yuma Proving Ground, AZ

**AGENCY:** Department of the Army, DoD.

**ACTION:** Notice of availability.

**SUMMARY:** The Department of the Army announces the availability of the Final Programmatic Environmental Impact Statement (FPEIS) for Activities and Operations at Yuma Proving Ground (YPG). This document analyzes and evaluates potential environmental impacts associated with short-term and long-term proposed construction projects and proposed changes to YPG's testing and training mission. The potential for environmental impacts is greatest for the following resource areas: Soils, air quality, solid and hazardous materials/waste, vegetation, and wildlife. Best management practices and other mitigation measures were identified in the FPEIS.

**DATES:** The waiting period will end 30 days after publication of the NOA in the **Federal Register**.

**ADDRESSES:** For questions concerning the FPEIS, please contact Mr. Sergio Obregon, U.S. Army Garrison Yuma Proving Ground, National Environmental Policy Act Coordinator, IMYM-PWE, Yuma, AZ 85365-9498. Questions may be mailed to that address or emailed to [usarmy.ypg.imcom.mbx.nepa@mail.mil](mailto:usarmy.ypg.imcom.mbx.nepa@mail.mil).

**FOR FURTHER INFORMATION CONTACT:** Mr. Chuck Wullenjohn, Yuma Proving Ground Public Affairs Office, at (928) 328-6189, Monday through Thursday from 6:30 a.m. to 5:00 p.m., Mountain Time.

**SUPPLEMENTARY INFORMATION:** YPG consists of approximately 840,000 acres of DoD-managed land in the Sonoran Desert in southwestern Arizona. The Department of the Army prepared a FPEIS to analyze potential impacts from new construction, changes in testing and training, and activities conducted under private industry partnerships.

Two alternatives were analyzed in the FPEIS: (1) No Action, which describes the resulting conditions if there were no changes in testing and training activities conducted at YPG and (2) the Proposed Action/Preferred Alternative, which includes new construction and associated demolition, testing and training activities occurring on YPG, and new testing and training proposed by tenants to meet anticipated testing or training needs. The Preferred Alternative was determined after consideration of Native American concerns and feedback from agencies and resulted in reduction of the proposed impact areas for four projects.

The FPEIS addressed the following types of activities:

- Short-term, well-defined activities at known locations that could be implemented without additional NEPA analysis once a decision is made.
- Short-term, less well-defined activities for which locations are not known or for which additional information regarding site-specific implementation must be developed that would receive additional site-specific NEPA analysis prior to project implementation.
- Long-term, less well-defined activities that would occur later in time and would receive additional site-specific NEPA analysis prior to project implementation.

The FPEIS provided thorough analysis under NEPA for the short-term well-defined projects and allows less well-defined projects to be implemented following a focused, site-specific NEPA analysis that would tier from this analysis.

The Army is not seeking to expand the boundaries of YPG and all proposed activities would be conducted within the boundaries of the installation or its currently authorized airspace. No changes were proposed to ongoing military activities conducted at off-post areas in Arizona and California that are used for specific military testing activities under conditions not found at

YPG. Therefore, activities conducted in these areas were not included in the analysis in the FPEIS.

The potential for environmental impacts is greatest for the following resource areas: soils, air quality, solid and hazardous materials/waste, vegetation, and wildlife. Impacts to these resources may occur as a result of converting existing land use to support military testing and training or from increasing the scope or magnitude of testing activities. Best management practices and other mitigation measures were identified in the FPEIS.

The Army will observe a waiting period of 30 days following the publication of the Notice of Availability for the FPEIS in the **Federal Register** by the U.S. Environmental Protection Agency before making a decision. Copies of the FPEIS have been sent to affected Federal, State, and local government agencies, to federally recognized Native American tribes, and to other stakeholders. Copies of the FPEIS are available for public inspection at the Yuma County Library, Main Branch, 2951 S. 21st Drive and the Yuma Proving Ground Post Library. The FPEIS can also be viewed at the following Web sites: <http://www.yuma.army.mil/Documents.aspx>, and <http://www.epa.gov/compliance/nepa/eisdata.html>.

**Brenda S. Bowen,**

**BILLING CODE 3710-08-P**

## DEPARTMENT OF DEFENSE

### Department of the Army

#### **Draft Environmental Impact Statement for the Schofield Generating Station Project, United States Army Garrison, Hawaii**

**AGENCY:** Department of the Army, DoD.

**ACTION:** Notice of availability.

**SUMMARY:** The Department of the Army announces the availability of the Draft Environmental Impact Statement (DEIS) for the proposed lease of land and granting of easements on Schofield Barracks and Wheeler Army Airfield to Hawaiian Electric Company (Hawaiian Electric) for the construction, ownership, operation, and maintenance of a 50-megawatt (MW) capacity, biofuel-capable power generation plant, referred to as the Schofield Generating Station, and associated power poles, high-tension power lines, and related equipment and facilities. In accordance with the National Environmental Policy

Act (NEPA), the DEIS analyzes the environmental impacts associated with construction and operation of the Schofield Generating Station and associated infrastructure. The Army has determined that there are historic properties nearby, but that the undertaking will have no effect upon them as defined in 36 CFR 800.16(i). The Draft EIS documents this finding and it is now being made available for public review. The Draft EIS comment process is also an opportunity for public to provide input about the effects of the proposed actions on historic property, for consideration in Army decision making.

**DATES:** The public comment period will end 45 days after publication of the Notice of Availability in the **Federal Register**.

**ADDRESSES:** Please send written comments by mail to the Department of the Army, Directorate of Public Works, United States Army Garrison, Hawaii, ATTN: IMHW-PWE (L. Graham), 947 Wright Avenue, Wheeler Army Airfield, Schofield Barracks, HI 96857-5013; or by email to [sgspcomments@tetrattech.com](mailto:sgspcomments@tetrattech.com).

**FOR FURTHER INFORMATION CONTACT:** For more information please contact Ms. Lisa Graham, NEPA Coordinator, U.S. Army Garrison, Hawaii. Ms. Graham can be reached by phone at (808) 656-3075, or by email at [lisa.m.graham52.civ@mail.mil](mailto:lisa.m.graham52.civ@mail.mil).

**SUPPLEMENTARY INFORMATION:** The Proposed Action, referred to as the Schofield Generating Station Project (SGSP), consists of:

(1) The Army's lease of 8.13 acres of land and the related granting of a 2.5-acre interconnection easement on Schofield Barracks and Wheeler Army Airfield to Hawaiian Electric to construct, operate, and maintain a 50-MW capacity renewable energy power plant to include associated power poles, high-tension power lines, and related equipment and facilities.

(2) The State of Hawaii Department of Land and Natural Resources granting of a 1.28-acre easement and a 0.7-acre conservation district authorization to Hawaiian Electric allowing for the construction of a 46 kilovolt (kV) electrical power transmission line between the SGSP site and the existing Wahiawa Substation.

(3) Hawaiian Electric's construction, ownership, operation, and maintenance of a 50 MW capacity, biofuel-capable power generation plant and 46 kV sub-transmission line required to connect the Schofield Generating Station to the Hawaiian Electric grid.

The primary purpose of the Proposed Action is two-fold: to provide improved energy security to the U.S. Army Garrison, Hawaii at Schofield Barracks, Wheeler Army Airfield, and Field Station Kunia and to provide new secure, firm, flexible, and renewable energy generation to the grid on Oahu, Hawaii.

The need for the Proposed Action are to increase energy security for the Army and Oahu; assist the Army in supporting renewable energy-related laws and Executive Orders and meeting its renewable energy goals; assist Hawaiian Electric in meeting the Hawaii Renewable Portfolio Standard goals; and improve future electrical generation on Oahu.

The electricity produced by the SGSP would normally supply power to all Hawaiian Electric customers through the island-wide electrical grid. During outages that meet the criteria specified in the Operating Agreement, SGSP output would first be provided to Army facilities at Schofield Barracks, Wheeler Army Airfield, and Field Station Kunia up to their peak demand of 32 MW, to meet their missions, and would additionally support the grid up to the station's full capacity. If there were a full island outage, the power plant could be used to restart other plants on the island.

Under the No Action Alternative, the Army would not lease the property or grant the easement and Hawaiian Electric would not construct and operate the SGSP.

The DEIS evaluates the impacts on land use; airspace use; visual resources; air quality, including climate and greenhouse gasses; noise; traffic and transportation; water resources; geology and soils; biological resources; cultural resources; hazardous and toxic substances; socioeconomic, including environmental justice; and utilities and infrastructure.

Impacts were assessed assuming full-time operation of the generating facility (24 hours a day, 365 days a year). Under normal conditions, the facility would likely operate less than full-time, so projected impacts could be less.

Anticipated impacts would be less than significant for all resources. All activities would fall within existing regulations, permits, and plans. Best management practices and design measures that would avoid or minimize adverse effects would be implemented for these resources: visual, air quality, noise, traffic and transportation, water, geology and soils, biological resources, cultural resources, and hazardous and toxic substances.

All government agencies, special interest groups, and individuals are invited to attend the public meetings and/or submit their comments in writing. Information on the dates, times, and locations of the public meetings will be published locally.

The DEIS is available for review at the Sergeant Rodney J. Yano Main Library (on Schofield Barracks); Fort Shafter Library; Wahiawa Public Library; Mililani Public Library; Waiialua Public Library; University of Hawaii libraries including Thomas H. Hamilton Library, Edwin H. Mookini Library, Maui College Library, and Kauai Community College Library; Hawaii State libraries including Kaimuki Regional Library, Kaneohe Regional Library, Pearl City Regional Library, Hawaii Kai Regional Library, Hilo Regional Library, Kahului Regional Library, and Lihue Regional Library, and the Hawaii State Library Documents Center; the Legislative Reference Bureau Library; and the City and County of Honolulu Department of Customer Services Municipal Library. The DEIS can also be viewed at the following Web site: <http://www.garrison.hawaii.army.mil/schofieldplant>.

## DEPARTMENT OF DEFENSE

### Department of the Army

#### Army Education Advisory Subcommittee Meeting Notice

**AGENCY:** Department of the Army, DoD.

**ACTION:** Notice of open Subcommittee meeting.

**SUMMARY:** The Department of the Army is publishing this notice to announce the following Federal advisory committee meeting of the Defense Language Institute Foreign Language Center Board of Visitors, a subcommittee of the Army Education Advisory Committee. This meeting is open to the public.

**DATES:** The Defense Language Institute Foreign Language Center (DLIFLC) Board of Visitors Subcommittee will meet from 8:00 a.m. to 5:00 p.m. on June 10 and 11, 2015.

**ADDRESSES:** Defense Language Institute Foreign Language Center, Building 326, Weckerling Center, Presidio of Monterey, CA 93944.

**FOR FURTHER INFORMATION CONTACT:** Dr. Robert Savukinas, the Alternate

Designated Federal Officer for the subcommittee, in writing at Defense Language Institute Foreign Language Center, ATFL-APAS-AA, Bldg. 634, Presidio of Monterey, CA 93944, by email at [robert.savukinas@dliflc.edu](mailto:robert.savukinas@dliflc.edu), or by telephone at (831) 242-5828.

**SUPPLEMENTARY INFORMATION:** The subcommittee meeting is being held under the provisions of the Federal Advisory Committee Act of 1972 (5 U.S.C., Appendix, as amended), the Government in the Sunshine Act of 1976 (5 U.S.C. 552b, as amended), and 41 CFR 102-3.150.

*Purpose of the Meeting:* The purpose of the meeting is to provide the subcommittee with briefings and information focusing on the Institute's goal for its students to achieve 2+/2+ scores on the Defense Language Proficiency Test (DLPT). The subcommittee will also receive an update on the Institute's accreditation and will address administrative matters.

*Proposed Agenda:* June 10—The subcommittee will receive briefings associated with the 2+/2+ DLPT goal and the Institute's actions in supporting the 2+/2+ goal. The subcommittee will be updated on the Institute's accreditation. The subcommittee will complete administrative procedures and appointment requirements. June 11—The subcommittee will have time to discuss and compile observations pertaining to agenda items. General deliberations leading to provisional findings will be referred to the Army Education Advisory Committee for deliberation by the Committee under the open-meeting rules.

*Public Accessibility to the Meeting:* Pursuant to 5 U.S.C. 552b, as amended, and 41 CFR 102-3.140 through 102-3.165, and subject to the availability of space, this meeting is open to the public. Seating is on a first to arrive basis. Attendees are requested to submit their name, affiliation, and daytime phone number seven business days prior to the meeting to Dr. Savukinas, via electronic mail, the preferred mode of submission, at the address listed in the **FOR FURTHER INFORMATION CONTACT** section. Because the meeting of the subcommittee will be held in a Federal Government facility on a military base, security screening is required. A photo ID is required to enter base. Please note that security and gate guards have the right to inspect vehicles and persons seeking to enter and exit the installation. Weckerling Center is fully handicap accessible. Wheelchair access is available on the right side of the main entrance of the building. For additional information about public access

procedures, contact Dr. Savukinas, the subcommittee's Alternate Designated Federal Officer, at the email address or telephone number listed in the **FOR FURTHER INFORMATION CONTACT** section.

**Written Comments or Statements:** Pursuant to 41 CFR 102–3.105(j) and 102–3.140 and section 10(a)(3) of the Federal Advisory Committee Act, the public or interested organizations may submit written comments or statements to the subcommittee, in response to the stated agenda of the open meeting or in regard to the subcommittee's mission in general. Written comments or statements should be submitted to Dr. Savukinas, the subcommittee Alternate Designated Federal Officer, via electronic mail, the preferred mode of submission, at the address listed in the **FOR FURTHER INFORMATION CONTACT** section. Each page of the comment or statement must include the author's name, title or affiliation, address, and daytime phone number. The Alternate Designated Federal Official will review all submitted written comments or statements and provide them to members of the subcommittee for their consideration. Written comments or statements being submitted in response to the agenda set forth in this notice must be received by the Alternate Designated Federal Official at least seven business days prior to the meeting to be considered by the subcommittee. Written comments or statements received after this date may not be provided to the subcommittee until its next meeting.

Pursuant to 41 CFR 102–3.140d, the Committee is not obligated to allow a member of the public to speak or otherwise address the Committee during the meeting. Members of the public will be permitted to make verbal comments during the Committee meeting only at the time and in the manner described below. If a member of the public is interested in making a verbal comment at the open meeting, that individual must submit a request, with a brief statement of the subject matter to be addressed by the comment, at least seven business days in advance to the subcommittee's Alternate Designated Federal Official, via electronic mail, the preferred mode of submission, at the address listed in the **FOR FURTHER INFORMATION CONTACT** section. The Alternate Designated Federal Official will log each request, in the order received, and in consultation with the Subcommittee Chair, determine whether the subject matter of each comment is relevant to the Subcommittee's mission and/or the topics to be addressed in this public meeting. A 15-minute period near the end of the meeting will be

available for verbal public comments. Members of the public who have requested to make a verbal comment and whose comments have been deemed relevant under the process described above, will be allotted no more than three minutes during the period, and will be invited to speak in the order in which their requests were received by the Alternate Designated Federal Official.

**Brenda S. Bowen,**

*Army Federal Register Liaison Officer.*

## DEPARTMENT OF DEFENSE

### Office of the Secretary

#### Defense Health Board; Notice of Federal Advisory Committee Meeting

**AGENCY:** Department of Defense (DoD).

**ACTION:** Notice of Federal Advisory Committee meeting.

**SUMMARY:** The Department of Defense is publishing this notice to announce that the following Federal Advisory Committee meeting of the Defense Health Board will take place. This meeting will be open to the public.

**DATES:**

*Tuesday, May 12, 2015*

8:30 a.m.–12:15 p.m. (Open Session)

12:15 p.m.–1:35 p.m. (Administrative Working Meeting)

1:35 p.m.–3:00 p.m. (Open Session)

**ADDRESSES:** The Lewis and Clark Center, Arnold Conference Room, Room 3501, 100 Stimson Avenue, Fort Leavenworth, Kansas 66027.

**FOR FURTHER INFORMATION CONTACT:** The Executive Director of the Defense Health Board is Ms. Christine Bader, 7700 Arlington Boulevard, Suite 5101, Falls Church, Virginia 22042, (703) 681–6653, Fax: (703) 681–9539,

*Christine.E.Bader.civ@mail.mil.* For meeting information, please contact Ms. Kendal Brown, 7700 Arlington Boulevard, Suite 5101, Falls Church, Virginia 22042, *Kendal.L.Brown2.ctr@mail.mil*, (703) 681–6670, Fax: (703) 681–9539.

**SUPPLEMENTARY INFORMATION:** This meeting is being held under the provisions of the Federal Advisory Committee Act of 1972 (5 U.S.C., Appendix, as amended), the Government in the Sunshine Act of 1976 (5 U.S.C. 552b, as amended), and 41 CFR 102–3.150, and in accordance with section 10(a)(2) of the Federal Advisory Committee Act.

Additional information, including the agenda and electronic registration, is available at the DHB Web site, <http://health.mil/About-MHS/Other-MHS-Organizations/Defense-Health-Board/Meetings>.

### Purpose of the Meeting

The purpose of the meeting is to conduct decision briefings for deliberation and provide progress updates on specific taskings before the DHB. In addition, the DHB will receive information briefings on current issues or lessons learned related to military operational programs, health policy, health research, disease/injury prevention, health promotion, and healthcare delivery.

### Agenda

Pursuant to 5 U.S.C. 552b, as amended, and 41 CFR 102–3.140 through 102–3.165 and subject to availability of space, the DHB meeting is open to the public from 8:30 a.m. to 12:15 p.m. and 1:35 p.m. to 3:00 p.m. on May 12, 2015. The DHB anticipates deliberating a decision briefing from the subgroup on Continuing Health Education for Military and Civilian Health Professionals. The DHB also anticipates receiving a progress update from the Neuro/Behavioral Health Subcommittee on Population Normative Values for Post-Concussive Computerized Neurocognitive Assessments. In addition, U.S. Army briefings on the Combined Arms Center, the Human Dimension, and the Army University will be provided to the Board.

### Public's Accessibility to the Meeting

Pursuant to 5 U.S.C. 552b, as amended, and 41 CFR 102–3.140 through 102–3.165 and subject to availability of space, this meeting is open to the public. Seating is limited and is on a first-come basis. All members of the public who wish to attend the public meeting must contact Ms. Kendal Brown at the number listed in the section **FOR FURTHER INFORMATION CONTACT** no later than 12:00 p.m. on Tuesday, May 5, 2015 to register.

### Special Accommodations

Individuals requiring special accommodations to access the public meeting should contact Ms. Kendal Brown at least five (5) business days prior to the meeting so that appropriate arrangements can be made.

### Written Statements

Any member of the public wishing to provide comments to the DHB may do so in accordance with 41 CFR 102–

3.105(j) and 102–3.140 and section 10(a)(3) of the Federal Advisory Committee Act, and the procedures described in this notice.

Individuals desiring to provide comments to the DHB may do so by submitting a written statement to the DHB Designated Federal Officer (DFO) (see **FOR FURTHER INFORMATION CONTACT**). Written statements should not be longer than two type-written pages and address the following details: The issue, discussion, and a recommended course of action. Supporting documentation may also be included, as needed, to establish the appropriate historical context and to provide any necessary background information.

If the written statement is not received at least five (5) business days prior to the meeting, the DFO may choose to postpone consideration of the statement until the next open meeting.

The DFO will review all timely submissions with the DHB President and ensure they are provided to members of the DHB before the meeting that is subject to this notice. After

reviewing the written comments, the President and the DFO may choose to invite the submitter to orally present their issue during an open portion of this meeting or at a future meeting. The DFO, in consultation with the DHB President, may allot time for members of the public to present their issues for review and discussion by the Defense Health Board.

Dated: April 20, 2015.

 201 12TH STREET SOUTH, STE 203  
 ARLINGTON, VA 22202-5408

The Honorable John A. Boehner  
 Speaker of the House  
 U.S. House of Representatives  
 Washington, DC 20515

APR 07 2015

Dear Mr. Speaker:

Pursuant to the reporting requirements of Section 36(b)(1) of the Arms Export Control Act, as amended, we are forwarding herewith Transmittal No. 15-03, concerning the Department of the Army's proposed Letter(s) of Offer and Acceptance to Egypt for defense articles and services estimated to cost \$57 million. After this letter is delivered to your office, we plan to issue a press statement to notify the public of this proposed sale.

Sincerely,

J. W. Rixey  
 Vice Admiral, USN  
 Director

(vii) *Sensitivity of Technology Contained in the Defense Article or*

*Defense Services Proposed to be Sold:*  
See Attached Annex.

(viii) *Date Report Delivered to Congress:* 07 April 2015

## POLICY JUSTIFICATION

*Egypt—AGM-114K/R3 Hellfire II Missiles*

The Government of Egypt has requested a possible sale of 356 AGM-114K/R3 Hellfire II Air-to-Ground missiles with containers, spare and repair parts, support equipment, publications and technical documentation, personnel training and training equipment, U.S. Government and contractor engineering, technical and logistics support services, and other related elements of logistical and program support. The estimated cost is \$57 million.

This proposed sale will contribute to the foreign policy and national security of the United States by helping to improve the security of a friendly country that has been and continues to be an important force for political stability and economic progress in the Middle East.

Egypt will use the enhanced capability as a deterrent to regional threats and to strengthen its homeland defense. While this potential sale would be the first transfer of the R variant of this missile to Egypt, Egypt already has the F and K variants in its inventory and will have no difficulty absorbing these additional missiles.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The principal contractor will be Lockheed Martin Corporation in Orlando, Florida. There are no known offset agreements proposed in connection with this potential sale.

Implementation of the proposed sale will not require the assignment of any additional U.S. Government or contractor representatives to Egypt.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

Transmittal No. 15-03

Notice of Proposed Issuance of Letter of Offer Pursuant to Section 36(b)(1) of the Arms Export Control Act, as amended Annex Item No. vii

(vii) *Sensitivity of Technology:*

1. The AGM-114K/R Hellfire II is an air-to-ground missile used against heavy and light armored targets, thin skinned vehicles, urban structures, bunkers, caves and personnel. The new AGM-114R missile is Inertial Measurement Unit (IMU) based, with a variable delay fuse and improved safety and reliability.

2. The highest level for release of the AGM-114K/R Hellfire II is Secret, based upon the software. The highest level of classified information that could be disclosed by a proposed sale or by testing of the end item is Secret; the highest level that must be disclosed for production, maintenance, or training is Confidential. Vulnerability data, countermeasures, vulnerability/ susceptability analyses, and threat definitions are classified up to Secret.

3. If a technologically advance adversary were to obtain knowledge of the specific hardware and software elements, the information could be used to develop countermeasures or equivalent system with might reduce weapon system effectiveness or be used in the development of a system with similar or advanced capabilities.

4. A determination has been made that the Government of Egypt can provide substantially the same degree of protection for the sensitive technology being released as the U.S. Government. This sale is necessary in furtherance of the U.S. foreign policy and national security objectives outlined in the Policy Justification.

5. All defense articles and services listed in this transmittal have been authorized for release and export to the Government of Egypt.

## DEFENSE NUCLEAR FACILITIES SAFETY BOARD

### Sunshine Act Notice; Correction

**AGENCY:** Defense Nuclear Facilities Safety Board.

**ACTION:** Notice; correction.

**SUMMARY:** The Defense Nuclear Facilities Safety Board (Board) published a document in the **Federal Register** on April 2, 2015, (80 FR 17735), concerning notice of a public meeting and hearing on April 29, 2015, regarding the underground recovery of the Waste Isolation Pilot Plant and safe resumption of waste operations. That notice stated that the Board would be setting aside time for three public comment periods: (1) At the conclusion of Sessions II; (2) at the conclusion of Session III; and (3) just prior to the Board beginning deliberations in Session IV. The Board wishes to correct that statement to indicate that opportunity for public comment is limited to just two comment periods: (1) At the conclusion of Session II; and (2) just prior to the Board's deliberations in Session IV.

**FOR FURTHER INFORMATION CONTACT:** Mark Welch, General Manager, Defense Nuclear Facilities Safety Board, 625 Indiana Avenue NW., Suite 700, Washington, DC 20004-2901, (800) 788-4016. This is a toll-free number.

### Correction

In the **Federal Register** of April 2, 2015, in FR Doc. 2015-07648, on page 17736, under the "Supplementary Information" caption, first column, lines 62-68, correct the statement to read:

The Board is setting aside time at the end of Session II for presentations and comments from the public. The public will be given one final opportunity for comment before the Board begins deliberations in Session IV.

Dated: April 21, 2015.

**Jessie H. Roberson,**  
*Vice-Chairman.*

## DEPARTMENT OF EDUCATION

### Applications for New Awards; Centers of Excellence for Veteran Student Success

**AGENCY:** Office of Postsecondary Education, Department of Education.

**ACTION:** Notice.

*Overview Information:* Centers of Excellence for Veteran Student Success Notice inviting applications for new awards for fiscal year (FY) 2015.

Catalog of Federal Domestic Assistance (CFDA) Number: 84.116G

**DATES:** Applications Available: April 24, 2015. Deadline for Transmittal of Applications: June 23, 2015. Deadline for Intergovernmental Review: August 24, 2015.

### Full Text of Announcement

#### I. Funding Opportunity Description

*Purpose of Program:* The purpose of this program is to encourage institutions of higher education (IHEs) to develop model programs to support veteran student success in postsecondary education by coordinating services to address the academic, financial, physical, and social needs of veteran students.

*Background:* We encourage applicants to read carefully the *Selection Criteria* section of this notice. Consistent with the Department's increasing emphasis in recent years on promoting evidence-based practices through our grant competitions, the Secretary will evaluate applications on the extent to which the proposed project is supported by a logic model that meets the evidence

standard of “strong theory” (as defined in this notice). Resources to assist applicants in creating a logic model can be found here: [http://ies.ed.gov/ncee/edlabs/regions/pacific/pdf/REL\\_2014007.pdf](http://ies.ed.gov/ncee/edlabs/regions/pacific/pdf/REL_2014007.pdf).

**Priorities:** This notice contains one absolute priority and one invitational priority. In accordance with 34 CFR 75.105(b)(2)(iv), the absolute priority is from section 873 of the Higher Education Act of 1965, as amended (HEA) (20 U.S.C. 1161t).

**Absolute Priority:** For FY 2015 and any subsequent year in which we make awards from the list of unfunded applications from this competition, this priority is an absolute priority. Under 34 CFR 75.105(c)(3), we consider only applications that meet this priority.

This priority is:

Projects that include the following required activities:

(a) Establishing a Center of Excellence for Veteran Student Success on the campus of the institution to provide a single point of contact to coordinate comprehensive support services for veteran students;

(b) Establishing a veteran student support team, including representatives from the offices of the institution responsible for admissions, registration, financial aid, veterans benefits, academic advising, student health, personal or mental health counseling, career advising, disabilities services, and any other office of the institution that provides support to veteran students on campus;

(c) Providing a coordinator whose primary responsibility is to coordinate the model program;

(d) Monitoring the rates of veteran student enrollment, persistence, and completion; and

(e) Developing a plan to sustain the Center of Excellence for Veteran Student Success after the grant period.

**Invitational Priority:** Under this competition we are particularly interested in applications that address the following priority. For FY 2015 and any subsequent year in which we make awards from the list of unfunded applicants from this competition, this priority is an invitational priority. Under 34 CFR 75.105(c)(1), we do not give an application that meets this invitational priority a competitive or absolute preference over other applications.

This priority is:

Projects that detail specific steps that will be taken to recruit, retain, and graduate veterans from groups with college completion rates that are below the national average—such as English language learners and homeless

veterans—as well as veterans who are members of groups that have traditionally been underrepresented in postsecondary education based on race, color, national origin, gender, or disability.

**Program Authority:** 20 U.S.C. 1161t.

**Applicable Regulations:** (a) The Education Department General Administrative Regulations in 34 CFR parts 75, 77, 79, 82, 84, 86, 97, 98, and 99. (b) The Office of Management and Budget Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485. (c) The Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards in 2 CFR part 200, as adopted and amended in 2 CFR part 3474.

## II. Award Information

**Type of Award:** Discretionary grants.

**Estimated Available Funds:** \$4,950,000.

Contingent upon the availability of funds and the quality of applications, we may make additional awards in FY 2016 from the list of unfunded applications from this competition.

**Estimated Range of Awards:** \$250,000 to \$500,000 for 36 months.

**Estimated Average Size of Awards:** \$330,000.

**Estimated Number of Awards:** 15.

**Note:** The Department is not bound by any estimates in this notice.

**Project Period:** 36 months.

## III. Eligibility Information

1. **Eligible Applicants:** IHES.

2. **Cost Sharing or Matching:** This program does not require cost sharing or matching.

3. **Limit on Grant Awards:** Previously funded Centers of Excellence for Veteran Student Success grantees are not eligible for an award. No applicant will receive more than one award in this FY 2015 Centers of Excellence for Veteran Student Success competition.

## IV. Application and Submission Information

1. **Address to Request Application Package:** ED Pubs, U.S. Department of Education, P.O. Box 22207, Alexandria, VA 22304. Telephone, toll free: 1-877-433-7827. FAX: (703) 605-6794. If you use a telecommunications device for the deaf (TDD), call, toll free: 1-877-576-7734.

You can contact ED Pubs at its Web site, also: [www.EDPubs.gov](http://www.EDPubs.gov) or at its email address: [edpubs@inet.ed.gov](mailto:edpubs@inet.ed.gov).

If you request an application package from ED Pubs, be sure to identify this program or competition as follows: CFDA number 84.116G.

Individuals with disabilities can obtain a copy of the application package in an accessible format (e.g., braille, large print, audiotope, or computer diskette) by contacting the person or team listed under *Accessible Format* in Section VIII of this notice.

2. **Content and Form of Application Submission:** Requirements concerning the content of an application, together with the forms you must submit, are in the application package for this program.

**Page Limit:** The application narrative (Part III of the application) is where you, the applicant, address the selection criteria, the absolute priority and the invitational priority that reviewers use to evaluate your application. We have established mandatory page limits. You must limit the section of the application narrative that addresses:

- The selection criteria to no more than 25 pages.
- The absolute priority to no more than 5 pages.
- The invitational priority to no more than 5 pages, if you address it.

Accordingly, under no circumstances may the application narrative exceed 35 pages.

Please include separate headings for the absolute priority and, if you choose to address it, the invitational priority.

For the purpose of determining compliance with the page limits, each page on which there are words will be counted as one full page. Applicants must use the following standards:

- A “page” is 8.5” x 11”, on one side only, with 1” margins at the top, bottom, and both sides.
- Double space (no more than three lines per vertical inch) all text in the application narrative, *except* titles, headings, footnotes, endnotes, quotations, references, and captions. Charts, tables, figures, and graphs in the application narrative may be single spaced.

- Use a font that is either 12 point or larger, or no smaller than 10 pitch (characters per inch). However, you may use a 10 point font in charts, tables, figures, graphs, footnotes, and endnotes.

- Use one of the following fonts: Times New Roman, Courier, Courier New, or Arial. An application submitted in any other font (including Times Roman or Arial Narrow) will not be accepted.

The page limit does not apply to Part I, the Application for Federal Assistance (SF 424) and the Department of Education Supplemental Information for

the SF 424 Form; the one-page Abstract; Budget Information—Non-Construction Programs (ED 524); or Part IV, the Assurances and Certifications. The page limit also does not apply to a Table of Contents, if you include one. However, the page limit does apply to all of the project narrative section in Part III.

If you include any attachments or appendices not specifically requested, these items will be counted as part of the application narrative for purposes of the page-limit requirement. You must include your complete response to the selection criteria and priorities in the application narrative.

We will reject your application if you exceed the page limit.

3. *Submission Dates and Times:* Applications Available: April 24, 2015.

Deadline for Transmittal of Applications: June 23, 2015.

Applications for grants under this program must be submitted electronically using the Grants.gov Apply site (Grants.gov). For information (including dates and times) about how to submit your application electronically, or in paper format by mail or hand delivery if you qualify for an exception to the electronic submission requirement, please refer to section IV.7. *Other Submission Requirements* of this notice.

We do not consider an application that does not comply with the deadline requirements.

Individuals with disabilities who need an accommodation or auxiliary aid in connection with the application process should contact the person listed under **FOR FURTHER INFORMATION CONTACT** in Section VII of this notice. If the Department provides an accommodation or auxiliary aid to an individual with a disability in connection with the application process, the individual's application remains subject to all other requirements and limitations in this notice.

Deadline for Intergovernmental Review: August 24, 2015.

4. *Intergovernmental Review:* This program is subject to Executive Order 12372 and the regulations in 34 CFR part 79. Information about Intergovernmental Review of Federal Programs under Executive Order 12372 is in the application package for this program.

5. *Funding Restrictions:* We reference regulations outlining funding restrictions in the *Applicable Regulations* section of this notice.

6. *Data Universal Numbering System Number, Taxpayer Identification Number, and System for Award*

*Management:* To do business with the Department of Education, you must—

a. Have a Data Universal Numbering System (DUNS) number and a Taxpayer Identification Number (TIN);

b. Register both your DUNS number and TIN with the System for Award Management (SAM) (formerly the Central Contractor Registry (CCR)), the Government's primary registrant database;

c. Provide your DUNS number and TIN on your application; and

d. Maintain an active SAM registration with current information while your application is under review by the Department and, if you are awarded a grant, during the project period.

You can obtain a DUNS number from Dun and Bradstreet. A DUNS number can be created within one to two business days.

If you are a corporate entity, agency, institution, or organization, you can obtain a TIN from the Internal Revenue Service. If you are an individual, you can obtain a TIN from the Internal Revenue Service or the Social Security Administration. If you need a new TIN, please allow two to five weeks for your TIN to become active.

The SAM registration process can take approximately seven business days, but may take upwards of several weeks, depending on the completeness and accuracy of the data entered into the SAM database by an entity. Thus, if you think you might want to apply for Federal financial assistance under a program administered by the Department, please allow sufficient time to obtain and register your DUNS number and TIN. We strongly recommend that you register early.

**Note:** Once your SAM registration is active, you will need to allow 24 to 48 hours for the information to be available in Grants.gov and before you can submit an application through Grants.gov.

If you are currently registered with SAM, you may not need to make any changes. However, please make certain that the TIN associated with your DUNS number is correct. Also note that you will need to update your registration annually. This may take three or more business days.

Information about SAM is available at [www.SAM.gov](http://www.SAM.gov). To further assist you with obtaining and registering your DUNS number and TIN in SAM or updating your existing SAM account, we have prepared a SAM.gov Tip Sheet, which you can find at: [www2.ed.gov/fund/grant/apply/sam-faqs.html](http://www2.ed.gov/fund/grant/apply/sam-faqs.html).

In addition, if you are submitting your application via Grants.gov, you must (1)

be designated by your organization as an Authorized Organization Representative (AOR); and (2) register yourself with Grants.gov as an AOR. Details on these steps are outlined at the following Grants.gov Web page: [www.grants.gov/web/grants/register.html](http://www.grants.gov/web/grants/register.html).

7. *Other Submission Requirements:* Applications for grants under this program must be submitted electronically unless you qualify for an exception to this requirement in accordance with the instructions in this section.

a. *Electronic Submission of Applications.*

Applications for grants under the Centers of Excellence for Veteran Student Success, CFDA number 84.116G, must be submitted electronically using the Governmentwide Grants.gov Apply site at [www.Grants.gov](http://www.Grants.gov). Through this site, you will be able to download a copy of the application package, complete it offline, and then upload and submit your application. You may not email an electronic copy of a grant application to us.

We will reject your application if you submit it in paper format unless, as described elsewhere in this section, you qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions. Further information regarding calculation of the date that is two weeks before the application deadline date is provided later in this section under *Exception to Electronic Submission Requirement*.

You may access the electronic grant application for the Centers of Excellence for Veteran Student Success at [www.Grants.gov](http://www.Grants.gov). You must search for the downloadable application package for this competition by the CFDA number. Do not include the CFDA number's alpha suffix in your search (e.g., search for 84.116, not 84.116G).

Please note the following:

- When you enter the Grants.gov site, you will find information about submitting an application electronically through the site, as well as the hours of operation.

- Applications received by Grants.gov are date and time stamped. Your application must be fully uploaded and submitted and must be date and time stamped by the Grants.gov system no later than 4:30:00 p.m., Washington, DC time, on the application deadline date. Except as otherwise noted in this section, we will not accept your application if it is received—that is, date

and time stamped by the Grants.gov system—after 4:30:00 p.m., Washington, DC time, on the application deadline date. We do not consider an application that does not comply with the deadline requirements. When we retrieve your application from Grants.gov, we will notify you if we are rejecting your application because it was date and time stamped by the Grants.gov system after 4:30:00 p.m., Washington, DC time, on the application deadline date.

- The amount of time it can take to upload an application will vary depending on a variety of factors, including the size of the application and the speed of your Internet connection. Therefore, we strongly recommend that you do not wait until the application deadline date to begin the submission process through Grants.gov.

- You should review and follow the Education Submission Procedures for submitting an application through Grants.gov that are included in the application package for this competition to ensure that you submit your application in a timely manner to the Grants.gov system. You can also find the Education Submission Procedures pertaining to Grants.gov under News and Events on the Department's G5 system home page at <http://www.G5.gov>.

- You will not receive additional point value because you submit your application in electronic format, nor will we penalize you if you qualify for an exception to the electronic submission requirement, as described elsewhere in this section, and submit your application in paper format.

- You must submit all documents electronically, including all information you typically provide on the following forms: the Application for Federal Assistance (SF 424), the Department of Education Supplemental Information for SF 424, Budget Information—Non-Construction Programs (ED 524), and all necessary assurances and certifications.

- You must upload any narrative sections and all other attachments to your application as files in a PDF (Portable Document) read-only, non-modifiable format. Do not upload an interactive or fillable PDF file. If you upload a file type other than a read-only, non-modifiable PDF or submit a password-protected file, we will not review that material.

- Your electronic application must comply with any page-limit requirements described in this notice.

- After you electronically submit your application, you will receive from Grants.gov an automatic notification of receipt that contains a Grants.gov tracking number. (This notification indicates receipt by Grants.gov only, not

receipt by the Department.) The Department then will retrieve your application from Grants.gov and send a second notification to you by email. This second notification indicates that the Department has received your application and has assigned your application a PR/Award number (an ED-specified identifying number unique to your application).

- We may request that you provide us original signatures on forms at a later date.

*Application Deadline Date Extension in Case of Technical Issues with the Grants.gov System:* If you are experiencing problems submitting your application through Grants.gov, please contact the Grants.gov Support Desk, toll free, at 1-800-518-4726. You must obtain a Grants.gov Support Desk Case Number and must keep a record of it.

If you are prevented from electronically submitting your application on the application deadline date because of technical problems with the Grants.gov system, we will grant you an extension until 4:30:00 p.m., Washington, DC time, the following business day to enable you to transmit your application electronically or by hand delivery. You also may mail your application by following the mailing instructions described elsewhere in this notice.

If you submit an application after 4:30:00 p.m., Washington, DC time, on the application deadline date, please contact the person listed under **FOR FURTHER INFORMATION CONTACT** in section VII of this notice and provide an explanation of the technical problem you experienced with Grants.gov, along with the Grants.gov Support Desk Case Number. We will accept your application if we can confirm that a technical problem occurred with the Grants.gov system and that that problem affected your ability to submit your application by 4:30:00 p.m., Washington, DC time, on the application deadline date. The Department will contact you after a determination is made on whether your application will be accepted.

**Note:** The extensions to which we refer in this section apply only to the unavailability of, or technical problems with, the Grants.gov system. We will not grant you an extension if you failed to fully register to submit your application to Grants.gov before the application deadline date and time or if the technical problem you experienced is unrelated to the Grants.gov system.

*Exception to Electronic Submission Requirement:* You qualify for an exception to the electronic submission requirement, and may submit your application in paper format, if you are

unable to submit an application through the Grants.gov system because—

- You do not have access to the Internet; or

- You do not have the capacity to upload large documents to the Grants.gov system;

and

- No later than two weeks before the application deadline date (14 calendar days or, if the fourteenth calendar day before the application deadline date falls on a Federal holiday, the next business day following the Federal holiday), you mail or fax a written statement to the Department, explaining which of the two grounds for an exception prevents you from using the Internet to submit your application.

If you mail your written statement to the Department, it must be postmarked no later than two weeks before the application deadline date. If you fax your written statement to the Department, we must receive the faxed statement no later than two weeks before the application deadline date.

Address and mail or fax your statement to: Kelly Harris, Centers of Excellence for Veteran Student Success, U.S. Department of Education, 1990 K Street NW., Room 6161, Washington, DC 20006-8544. FAX: (202) 502-7877.

Your paper application must be submitted in accordance with the mail or hand delivery instructions described in this notice.

*b. Submission of Paper Applications by Mail.*

If you qualify for an exception to the electronic submission requirement, you may mail (through the U.S. Postal Service or a commercial carrier) your application to the Department. You must mail the original and two copies of your application, on or before the application deadline date, to the Department at the following address: U.S. Department of Education, Application Control Center, Attention: (CFDA Number 84.116G), LBJ Basement Level 1, 400 Maryland Avenue SW., Washington, DC 20202-4260.

You must show proof of mailing consisting of one of the following:

- (1) A legibly dated U.S. Postal Service postmark.

- (2) A legible mail receipt with the date of mailing stamped by the U.S. Postal Service.

- (3) A dated shipping label, invoice, or receipt from a commercial carrier.

- (4) Any other proof of mailing acceptable to the Secretary of the U.S. Department of Education.

If you mail your application through the U.S. Postal Service, we do not accept either of the following as proof of mailing:

(1) A private metered postmark.

(2) A mail receipt that is not dated by the U.S. Postal Service.

If your application is postmarked after the application deadline date, we will not consider your application.

**Note:** The U.S. Postal Service does not uniformly provide a dated postmark. Before relying on this method, you should check with your local post office.

*c. Submission of Paper Applications by Hand Delivery.*

If you qualify for an exception to the electronic submission requirement, you (or a courier service) may deliver your paper application to the Department by hand. You must deliver the original and two copies of your application by hand, on or before the application deadline date, to the Department at the following address: U.S. Department of Education, Application Control Center, Attention: (CFDA Number 84.116G), 550 12th Street SW., Room 7039, Potomac Center Plaza, Washington, DC 20202-4260.

The Application Control Center accepts hand deliveries daily between 8:00 a.m. and 4:30:00 p.m., Washington, DC time, except Saturdays, Sundays, and Federal holidays.

**Note for Mail or Hand Delivery of Paper Applications:** If you mail or hand deliver your application to the Department—

(1) You must indicate on the envelope and—if not provided by the Department—in Item 11 of the SF 424 the CFDA number, including suffix letter, if any, of the competition under which you are submitting your application; and

(2) The Application Control Center will mail to you a notification of receipt of your grant application. If you do not receive this notification within 15 business days from the application deadline date, you should call the U.S. Department of Education Application Control Center at (202) 245-6288.

## V. Application Review Information

1. *Selection Criteria:* The following selection criteria for this program are from 34 CFR 75.210. We will award up to 100 points to an application under the selection criteria; the total possible points for each selection criterion are noted in parentheses.

a. *Need for the project.* (10 points) The Secretary considers the need for the proposed project. In determining the need for the proposed project, the Secretary considers:

1. The magnitude of the need for the services to be provided or the activities to be carried out by the proposed project.

2. The extent to which the proposed project will provide services or otherwise address the needs of students at risk of educational failure.

b. *Significance.* (10 points) The Secretary considers the significance of the proposed project. In determining the significance of the proposed project, the Secretary considers:

1. The extent to which the proposed project is likely to build local capacity to provide, improve, or expand services that address the needs of the target population.

2. The importance or magnitude of the results or outcomes likely to be attained by the proposed project.

c. *Quality of the project design.* (30 points) The Secretary considers the quality of the design of the proposed project. In determining the quality of the design of the proposed project, the Secretary considers:

1. The extent to which the proposed project is supported by strong theory (as defined in 34 CFR 77.1(c)).

2. The extent to which the goals, objectives, and outcomes to be achieved by the proposed project are clearly specified and measurable.

3. The extent to which the design of the proposed project is appropriate to, and will successfully address, the needs of the target population or other identified needs.

4. The extent to which the proposed project is designed to build capacity and yield results that will extend beyond the period of Federal financial assistance.

d. *Quality of project personnel.* (15 points) The Secretary considers the quality of the personnel who will carry out the proposed project.

1. In determining the quality of project personnel, the Secretary considers the extent to which the applicant encourages applications for employment from persons who are members of groups that have traditionally been underrepresented based on race, color, national origin, gender, age, or disability.

2. In addition, the Secretary considers:

(a) The qualifications, including relevant training and experience, of the project director or principal investigator.

(b) The qualifications, including relevant training and experience, of key project personnel.

**Note:** As stated in the absolute priority for this competition, a proposed Center of Excellence for Veteran Student Success must have a coordinator whose primary responsibility is to coordinate the model program. In response to this selection criterion, the application must describe the qualifications of this individual, the members of the veteran student support team described in the absolute priority, and any other individuals who will help carry out the proposed project. The grant project director

may or may not be the coordinator of the Center of Excellence for Veteran Student Success.

e. *Adequacy of resources.* (20 points) The Secretary considers the adequacy of resources for the proposed project. In determining the adequacy of resources for the proposed project, the Secretary considers:

1. The adequacy of support, including facilities, equipment, supplies, and other resources, from the applicant organization or the lead applicant organization.

2. The extent to which the costs are reasonable in relation to the number of persons to be served and to the anticipated results and benefits.

3. The potential for continued support of the project after Federal funding ends, including, as appropriate, the demonstrated commitment of appropriate entities to such support.

**Note:** A budget summary and budget narrative attached to your proposal should itemize the support you are requesting through the Centers of Excellence for Veteran Student Success Program.

f. *Quality of project evaluation.* (15 points) The Secretary considers the quality of the evaluation to be conducted of the proposed project. In determining the quality of the evaluation, the Secretary considers:

1. The extent to which the methods of evaluation are thorough, feasible, and appropriate to the goals, objectives, and outcomes of the proposed project.

2. The extent to which the methods of evaluation provide for examining the effectiveness of project implementation strategies.

3. The extent to which the methods of evaluation will provide timely guidance for quality assurance.

2. *Review and Selection Process:* We remind potential applicants that in reviewing applications in any discretionary grant competition, the Secretary may consider, under 34 CFR 75.217(d)(3), the past performance of the applicant in carrying out a previous award, such as the applicant's use of funds, achievement of project objectives, and compliance with grant conditions. The Secretary may also consider whether the applicant failed to submit a timely performance report or submitted a report of unacceptable quality.

In addition, in making a competitive grant award, the Secretary also requires various assurances including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department of Education (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

3. *Special Conditions:* Under 2 CFR 3474.10, the Secretary may impose special conditions and, in appropriate circumstances, high-risk conditions on a grant if the applicant or grantee is not financially stable; has a history of unsatisfactory performance; has a financial or other management system that does not meet the standards in 2 CFR part 200, subpart D; has not fulfilled the conditions of a prior grant; or is otherwise not responsible.

#### VI. Award Administration Information

1. *Award Notices:* If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN); or we may send you an email containing a link to access an electronic version of your GAN. We may notify you informally, also.

If your application is not evaluated or not selected for funding, we notify you.

2. *Administrative and National Policy Requirements:* We identify administrative and national policy requirements in the application package and reference these and other requirements in the *Applicable Regulations* section of this notice.

We reference the regulations outlining the terms and conditions of an award in the *Applicable Regulations* section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. *Reporting:* (a) If you apply for a grant under this competition, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110(b).

(b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multi-year award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to [www.ed.gov/fund/grant/apply/appforms/appforms.html](http://www.ed.gov/fund/grant/apply/appforms/appforms.html).

4. *Performance Measures:* Under 34 CFR 75.110, the Secretary has established the following Government Performance and Results Act of 1993 (GPRA) performance measures for the

Centers of Excellence for Veteran Student Success: (1) The extent to which the project is institutionalized at the end of the project period; and (2) The extent to which funded projects increase enrollment, persistence, and completion rates of veteran students at their institutions.

These measures constitute the Department's indicators of success for this program. Consequently, we advise an applicant for a grant under this program to give careful consideration to these measures in conceptualizing the approach and evaluation for its proposed project.

If funded, you will be required to collect and report data in your project's annual performance report (34 CFR 75.590).

#### VII. Agency Contact

##### FOR FURTHER INFORMATION CONTACT:

Kelly Harris, Centers of Excellence for Veteran Student Success, U.S. Department of Education, 1990 K Street NW., Room 6161, Washington, DC 20006-8544. Telephone: (202) 219-7083 or by email: [Kelly.Harris@ed.gov](mailto:Kelly.Harris@ed.gov).

If you use a TDD or a TTY, call the FRS, toll free, at 1-800-877-8339.

#### VIII. Other Information

*Accessible Format:* Individuals with disabilities can obtain this document and a copy of the application package in an accessible format (e.g., braille, large print, audiotope, or compact disc) on request to the program contact person listed under **FOR FURTHER INFORMATION CONTACT** in section VII of this notice.

*Electronic Access to This Document:* The official version of this document is the document published in the **Federal Register**. Free Internet access to the official edition of the **Federal Register** and the Code of Federal Regulations is available via the Federal Digital System at: [www.gpo.gov/fdsys](http://www.gpo.gov/fdsys). At this site, you can view this document, as well as all other documents of this Department published in the **Federal Register**, in text or Adobe Portable Document Format (PDF). To use PDF you must have Adobe Acrobat Reader, which is available free at the site.

You may also access documents of the Department published in the **Federal Register** by using the article search feature at: [www.federalregister.gov](http://www.federalregister.gov). Specifically, through the advanced search feature at this site, you can limit your search to documents published by the Department.

*Delegation of Authority:* The Secretary of Education has delegated authority to Jamiene S. Studley, Deputy Under Secretary, to perform the functions and

duties of the Assistant Secretary for Postsecondary Education.

Dated: April 20, 2015.

**Jamiene S. Studley,**

*Deputy Under Secretary.*

## DEPARTMENT OF ENERGY

### Commission To Review the Effectiveness of the National Energy Laboratories

**AGENCY:** Department of Energy.

**ACTION:** Notice of open meeting.

**SUMMARY:** This notice announces an open meeting of the Commission to Review the Effectiveness of the National Energy Laboratories (Commission). The Commission was created pursuant section 319 of the Consolidated Appropriations Act, 2014, Public Law 113-76, and in accordance with the provisions of the Federal Advisory Committee Act (FACA), as amended, 5 U.S.C. App. 2. This notice is provided in accordance with the Act.

**DATES:** Wednesday, April 22, 2015, 10:00 a.m.–3:30 p.m.

**ADDRESSES:** Hilton at Mark Center, Walnut Conference Room, 5000 Seminary Road, Alexandria, VA 22311.

**FOR FURTHER INFORMATION CONTACT:** Karen Gibson, Designated Federal Officer, U.S. Department of Energy, 1000 Independence Avenue SW., Washington, DC 20585; telephone (202) 586-3787; email [crenel@hq.doe.gov](mailto:crenel@hq.doe.gov).

#### SUPPLEMENTARY INFORMATION:

*Background:* The Commission was established to provide advice to the Secretary on the Department's national laboratories. The Commission will review the DOE national laboratories for alignment with the Department's strategic priorities, clear and balanced missions, unique capabilities to meet current energy and national security challenges, appropriate size to meet the Department's energy and national security missions, and support of other Federal agencies. The Commission will also look for opportunities to more effectively and efficiently use the capabilities of the national laboratories and review the use of laboratory directed research and development (LDRD) to meet the Department's science, energy, and national security goals.

*Purpose of the Meeting:* This meeting is the eighth meeting of the Commission.

*Tentative Agenda:* The meeting will start at 10:00 a.m. on April 22. The

tentative meeting agenda includes a look at cost considerations and the budget approval process for the national laboratories. Key presenters will address and discuss these topics with comments from the public. The meeting will conclude at 3:30 p.m. The agenda along with possible schedule adjustments will be posted when finalized and in advance of the meeting on the Lab Commission Web site (<http://energy.gov/labcommission/commission-review-effectiveness-national-energy-laboratories>).

**Public Participation:** The meeting is open to the public. Individuals who would like to attend must RSVP to Karen Gibson at email: [crenel@hq.doe.gov](mailto:crenel@hq.doe.gov). Please provide your name, organization, and contact information. Individuals and representatives of organizations who would like to offer comments and suggestions may do so at the end of the meeting. Approximately 30 minutes will be reserved for public comments. Time allotted per speaker will depend on the number who wish to speak but will not exceed 5 minutes. The Designated Federal Officer is empowered to conduct the meeting in a fashion that will facilitate the orderly conduct of business. Those wishing to speak should register to do so beginning at 10:00 a.m. on April 22. This notice was published less than 15 days due to a programmatic issue. Meeting information is available on the Commission's Web site.

Those not able to attend the meeting or who have insufficient time to address the committee are invited to send a written statement to Karen Gibson, U.S. Department of Energy, 1000 Independence Avenue SW., Washington DC 20585, or to email [crenel@hq.doe.gov](mailto:crenel@hq.doe.gov).

**Minutes:** The minutes of the meeting will be available on the Commission Web site at: <http://energy.gov/labcommission>

Issued in Washington, DC, on April 20, 2015.

**LaTanya R. Butler,**

*Deputy Committee Management Officer.*

### Federal Energy Regulatory Commission

#### Combined Notice of Filings #2

Take notice that the Commission received the following electric corporate filings:

*Docket Numbers:* EC15-126-000.

*Applicants:* Imperial Valley Solar Company (IVSC) 2, LLC.

*Description:* Application of Imperial Valley Solar Company (IVSC) 2, LLC for Authorization Under Section 203 of the Federal Power Act and Requests for Waivers, Confidential Treatment, Shortened Comment Period.

*Filed Date:* 4/20/15.

*Accession Number:* 20150420-5183.

*Comments Due:* 5 p.m. ET 5/11/15.

Take notice that the Commission received the following electric rate filings:

*Docket Numbers:* ER15-1013-001.

*Applicants:* WSPP Inc.

*Description:* Compliance filing per 35: Compliance filing to be effective 4/11/2015.

*Filed Date:* 4/20/15.

*Accession Number:* 20150420-5114.

*Comments Due:* 5 p.m. ET 5/11/15.

*Docket Numbers:* ER15-1534-000.

*Applicants:* Midcontinent

Independent System Operator, Inc.  
*Description:* Section 205(d) rate filing per 35.13(a)(2)(iii): 2015-04-20\_SA 2772 ATC-Madison Gas and Electric Co. CFA to be effective 6/20/2015.

*Filed Date:* 4/20/15.

*Accession Number:* 20150420-5119.

*Comments Due:* 5 p.m. ET 5/11/15.

*Docket Numbers:* ER15-1535-000.

*Applicants:* Midcontinent

Independent System Operator, Inc.  
*Description:* Section 205(d) rate filing per 35.13(a)(2)(iii): 2015-04-20\_SA 6507\_White Pine 1 SSR Renewal Agreement to be effective 4/16/2015.

*Filed Date:* 4/20/15.

*Accession Number:* 20150420-5139.

*Comments Due:* 5 p.m. ET 5/11/15.

*Docket Numbers:* ER15-1536-000.

*Applicants:* Midcontinent

Independent System Operator, Inc.  
*Description:* Section 205(d) rate filing per 35.13(a)(2)(iii): 2015-04-20\_Schedule 43H\_Renewal White Pine 1 SSR to be effective 4/16/2015.

*Filed Date:* 4/20/15.

*Accession Number:* 20150420-5181.

*Comments Due:* 5 p.m. ET 5/11/15.

*Docket Numbers:* ER15-1537-000.

*Applicants:* Constellation Energy Services, Inc.

*Description:* Baseline eTariff Filing per 35.1: Notice of Succession to be effective 4/1/2015.

*Filed Date:* 4/20/15.

*Accession Number:* 20150420-5213.

*Comments Due:* 5 p.m. ET 5/11/15.

*Docket Numbers:* ER15-1538-000.

*Applicants:* Safe Harbor Water Power Corporation.

*Description:* Tariff Withdrawal per 35.15: SHWPC Notice of Cancellation to be effective 4/20/2015.

*Filed Date:* 4/20/15.

*Accession Number:* 20150420-5215.

*Comments Due:* 5 p.m. ET 5/11/15.

*Docket Numbers:* ER15-1539-000.

*Applicants:* Constellation Energy Services of New York, Inc.

*Description:* Baseline eTariff Filing per 35.1: Notice of Succession to be effective 4/1/2015.

*Filed Date:* 4/20/15.

*Accession Number:* 20150420-5218.

*Comments Due:* 5 p.m. ET 5/11/15.

The filings are accessible in the Commission's eLibrary system by clicking on the links or querying the docket number.

Any person desiring to intervene or protest in any of the above proceedings must file in accordance with Rules 211 and 214 of the Commission's Regulations (18 CFR 385.211 and 385.214) on or before 5:00 p.m. Eastern time on the specified comment date. Protests may be considered, but intervention is necessary to become a party to the proceeding.

eFiling is encouraged. ## DEPARTMENT OF ENERGY

### Federal Energy Regulatory Commission

#### Combined Notice of Filings

Take notice that the Commission has received the following Natural Gas Pipeline Rate and Refund Report filings:

#### Filings Instituting Proceedings

*Docket Numbers:* RP15-885-000.

*Applicants:* Total Peaking Services, L.L.C.

*Description:* Compliance filing per 154.203: TPS Order No. 801 Map Compliance Filing to be effective 5/1/2015.

*Filed Date:* 4/14/15.

*Accession Number:* 20150414-5077.

*Comments Due:* 5 p.m. ET 4/27/15.

*Docket Numbers:* RP15-886-000.

*Applicants:* Southern Natural Gas Company, L.L.C.

*Description:* Section 4(d) rate filing per 154.204: Conversion of Premier to DART to be effective 4/1/2016.

*Filed Date:* 4/14/15.

*Accession Number:* 20150414–5194.

*Comments Due:* 5 p.m. ET 4/27/15.

*Docket Numbers:* RP15–887–000.

*Applicants:* El Paso Natural Gas Company, L.L.C.

*Description:* Section 4(d) rate filing per 154.601: Negotiated Rate Agreement Amendment (Conoco) to be effective 4/15/2015.

*Filed Date:* 4/14/15.

*Accession Number:* 20150414–5195.

*Comments Due:* 5 p.m. ET 4/27/15.

*Docket Numbers:* RP15–888–000.

*Applicants:* Iroquois Gas Transmission System, L.P.

*Description:* Section 4(d) rate filing per 154.204: 04/14/15 Negotiated Rates—Exelon Generation Company, LLC (HUB) 1985–89 to be effective 4/15/2015.

*Filed Date:* 4/14/15.

*Accession Number:* 20150414–5240.

*Comments Due:* 5 p.m. ET 4/27/15.

Any person desiring to intervene or protest in any of the above proceedings must file in accordance with Rules 211 and 214 of the Commission's Regulations (18 CFR 385.211 and 385.214) on or before 5:00 p.m. Eastern time on the specified comment date. Protests may be considered, but intervention is necessary to become a party to the proceeding.

#### **Filings in Existing Proceedings**

*Docket Numbers:* RP14–1088–001.

*Applicants:* El Paso Natural Gas Company, L.L.C.

*Description:* Compliance filing per 154.203: Non-Conforming Agreement Compliance (TGS) to be effective 5/15/2015.

*Filed Date:* 4/14/15.

*Accession Number:* 20150414–5244.

*Comments Due:* 5 p.m. ET 4/27/15.

Any person desiring to protest in any of the above proceedings must file in accordance with Rule 211 of the Commission's Regulations (18 CFR 385.211) on or before 5:00 p.m. Eastern time on the specified comment date.

The filings are accessible in the Commission's eLibrary system by clicking on the links or querying the docket number.

eFiling is encouraged. More detailed information relating to filing requirements, interventions, protests, service, and qualifying facilities filings can be found at: <http://www.ferc.gov/docs-filing/efiling/filing-req.pdf>. For other information, call (866) 208–3676 (toll free). For TTY, call (202) 502–8659.

Dated: April 15, 2015.

### **Federal Energy Regulatory Commission**

#### **Combined Notice of Filings**

Take notice that the Commission has received the following Natural Gas Pipeline Rate and Refund Report filings:

#### **Filings Instituting Proceedings**

*Docket Numbers:* RP15–889–000.

*Applicants:* Iroquois Gas Transmission System, L.P.

*Description:* Section 4(d) rate filing per 154.204: 04/15/15 Negotiated Rates—Trafigura Trading LLC (HUB) 7445–89 to be effective 4/15/2015.

*Filed Date:* 4/15/15.

*Accession Number:* 20150415–5143.

*Comments Due:* 5 p.m. ET 4/27/15.

*Docket Numbers:* RP15–890–000.

*Applicants:* Northwest Pipeline LLC.  
*Description:* Section 4(d) rate filing per 154.204: Tariff Sheet Update Filing to be effective 5/15/2015.

*Filed Date:* 4/15/15.

*Accession Number:* 20150415–5169.

*Comments Due:* 5 p.m. ET 4/27/15.

*Docket Numbers:* RP15–891–000.

*Applicants:* Ozark Gas Transmission, L.L.C.

*Description:* Petition for Approval of Stipulation and Agreement of Settlement of Ozark Gas Transmission, L.L.C.

*Filed Date:* 4/15/15.

*Accession Number:* 20150415–5319.

*Comments Due:* 5 p.m. ET 4/27/15.

Any person desiring to intervene or protest in any of the above proceedings must file in accordance with Rules 211 and 214 of the Commission's Regulations (18 CFR 385.211 and 385.214) on or before 5:00 p.m. Eastern time on the specified comment date. Protests may be considered, but intervention is necessary to become a party to the proceeding.

#### **Filings in Existing Proceedings**

*Docket Numbers:* RP15–532–001.

*Applicants:* Tuscarora Gas Transmission Company.

*Description:* Compliance filing per 154.203: Compliance to RP15–532–000 to be effective 4/1/2015.

*Filed Date:* 4/15/15.

*Accession Number:* 20150415–5137.

*Comments Due:* 5 p.m. ET 4/27/15.

Any person desiring to protest in any of the above proceedings must file in

accordance with Rule 211 of the Commission's Regulations (18 CFR 385.211) on or before 5:00 p.m. Eastern time on the specified comment date.

## ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OECA-2014-0066; FRL-9925-54-OEI]

### Information Collection Request Submitted to OMB for Review and Approval; Comment Request; NESHAP for Ferroalloys Production: Ferromanganese and Silicomanganese (Renewal)

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice.

**SUMMARY:** The Environmental Protection Agency has submitted an information collection request (ICR), "NESHAP for Ferroalloys Production: Ferromanganese and Silicomanganese (40 CFR part 63, subpart XXX)(Renewal)" (EPA ICR No. 1831.06, OMB Control No. 2060-0391) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*). This is a proposed extension of the ICR, which is currently approved through April, 30, 2015. Public comments were previously requested via the **Federal Register** (79 FR 30117) on May 27, 2014 during a 60-day comment period. This

notice allows for an additional 30 days for public comments. A fuller description of the ICR is given below, including its estimated burden and cost to the public. An Agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

**DATES:** Additional comments may be submitted on or before May 26, 2015.

**ADDRESSES:** Submit your comments, referencing Docket ID Number EPA-HQ-OECA-2014-0066, to (1) EPA online using [www.regulations.gov](http://www.regulations.gov) (our preferred method), by email to [docket.oeca@epa.gov](mailto:docket.oeca@epa.gov), or by mail to: EPA Docket Center, Environmental Protection Agency, Mail Code 28221T, 1200 Pennsylvania Ave. NW., Washington, DC 20460, and (2) OMB via email to [oira\\_submission@omb.eop.gov](mailto:oira_submission@omb.eop.gov). Address comments to OMB Desk Officer for EPA.

EPA's policy is that all comments received will be included in the public docket without change including any personal information provided, unless the comment includes profanity, threats, information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute.

#### FOR FURTHER INFORMATION CONTACT:

Patrick Yellin, Monitoring, Assistance, and Media Programs Division, Office of Compliance, Mail Code 2227A, Environmental Protection Agency, 1200 Pennsylvania Ave. NW., Washington, DC 20460; telephone number: (202) 564-2970; fax number: (202) 564-0050; email address: [yellin.patrick@epa.gov](mailto:yellin.patrick@epa.gov).

#### SUPPLEMENTARY INFORMATION:

Supporting documents which explain in detail the information that the EPA will be collecting are available in the public docket for this ICR. The docket can be viewed online at [www.regulations.gov](http://www.regulations.gov) or in person at the EPA Docket Center, EPA West, Room 3334, 1301 Constitution Ave. NW., Washington, DC. The telephone number for the Docket Center is 202-566-1744. For additional information about EPA's public docket, visit <http://www.epa.gov/dockets>.

*Abstract:* The NESHAP applies to ferroalloy production facilities that manufacture ferromanganese and silicomanganese that are major sources of hazardous air pollutants (HAPs) or are co-located at major sources of HAPs. In general, all NESHAP standards require initial notifications, performance tests, and periodic reports. Respondents that are not required to conduct an initial performance test are required to notify the EPA

Administrator of the initial compliance status of the source. Sources are also required to monitor and maintain records of its operations including: (1) Process or control device parameters; (2) bag leak detention systems; (3) maintenance plan for air pollution control devices (e.g., capture system and venturi scrubbers); (4) certification that monitoring devices are accurate; and (5) the implementation and corrective actions taken related to the startup, shutdown and malfunction plan and the fugitive dust control plan. The types of periodic reports required by this regulation include: Opacity-related reports; performance test results reports; immediate and periodic startup, shutdown, and malfunction reports; quarterly emissions reports; capture hood inspection reports; fugitive dust operations reports; and annual compliance status reports. These notifications, reports, and records are essential in determining compliance, and are required of all sources subject to NESHAP standards. This information is collected to assure compliance with 40 CFR part 63, subpart XXX.

*Form Numbers:* None.

*Respondents/affected entities:*

Ferroalloy production facilities.

*Respondent's obligation to respond:* Mandatory (40 CFR part 63, subpart XXX).

*Estimated number of respondents:* 1 (total).

*Frequency of response:* Initially, quarterly, semiannually, and annually.

*Total estimated burden:* 600 hours (per year). Burden is defined at 5 CFR 1320.3(b).

*Total estimated cost:* \$57,000 (per year), includes \$0 annualized capital or operation & maintenance costs.

*Changes in the Estimates:* There is a slight increase of 16 hours in the total estimated respondent burden compared with the ICR currently approved by OMB. This is due to the rounding of estimates.

**Courtney Kerwin,**

*Acting Director, Collection Strategies Division.*

## ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OECA-2014-0034; FRL 9925-38-OEI]

### Information Collection Request Submitted to OMB for Review and Approval; Comment Request; NSPS for Kraft Pulp Mills (Renewal)

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice.

**SUMMARY:** The Environmental Protection Agency has submitted an information collection request (ICR), "NSPS for Kraft Pulp Mills (40 CFR part 60, subpart BB) (Renewal)" (EPA ICR No. 1055.11, OMB Control No. 2060-0021) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*). This is a proposed extension of the ICR, which is currently approved through April 30, 2015. Public comments were previously requested via the **Federal Register** (79 FR 30117) on May 27, 2014 during a 60-day comment period. This notice allows for an additional 30 days for public comments. A fuller description of the ICR is given below, including its estimated burden and cost to the public. An Agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

**DATES:** Additional comments may be submitted on or before May 26, 2015.

**ADDRESSES:** Submit your comments, referencing Docket ID Number EPA-HQ-OECA-2014-0034, to (1) EPA online using [www.regulations.gov](http://www.regulations.gov) (our preferred method), by email to [docket.oeca@epa.gov](mailto:docket.oeca@epa.gov), or by mail to: EPA Docket Center, Environmental Protection Agency, Mail Code 28221T,

1200 Pennsylvania Ave. NW., Washington, DC 20460, and (2) OMB via email to [oira\\_submission@omb.eop.gov](mailto:oira_submission@omb.eop.gov). Address comments to OMB Desk Officer for EPA.

EPA's policy is that all comments received will be included in the public docket without change including any personal information provided, unless the comment includes profanity, threats, information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute.

**FOR FURTHER INFORMATION CONTACT:**

Patrick Yellin, Monitoring, Assistance, and Media Programs Division, Office of Compliance, Mail Code 2227A, Environmental Protection Agency, 1200 Pennsylvania Ave. NW., Washington, DC 20460; telephone number: (202) 564-2970; fax number: (202) 564-0050; email address: [yellin.patrick@epa.gov](mailto:yellin.patrick@epa.gov).

**SUPPLEMENTARY INFORMATION:**

Supporting documents which explain in detail the information that the EPA will be collecting are available in the public docket for this ICR. The docket can be viewed online at [www.regulations.gov](http://www.regulations.gov) or in person at the EPA Docket Center, WJC West, Room 3334, 1301 Constitution Ave. NW., Washington, DC. The telephone number for the Docket Center is 202-566-1744. For additional information about EPA's public docket, visit <http://www.epa.gov/dockets>.

**Abstract:** The affected entities are subject to the general provisions of the New Service Performance Standards (NSPS) at 40 CFR part 60, subpart A, and any changes, or additions to the general provisions specified at 40 CFR part 60, subpart BB. Owners or operators of the affected facilities must submit initial notification, performance tests, and periodic reports and results. Owners or operators are also required to maintain records of the occurrence and duration of any startup, shutdown, or malfunction in the operation of an affected facility, or any period during which the monitoring system is inoperative. Reports are required, at a minimum, semiannually.

**Form Numbers:** None.

**Respondents/affected entities:**

Owners and operators of kraft pulp mills.

**Respondent's obligation to respond:** Mandatory (40 CFR part 60, subpart BB).

**Estimated number of respondents:** 112 (total).

**Frequency of response:** Initially, occasionally and semiannually.

**Total estimated burden:** 16,700 hours (per year). Burden is defined at 5 CFR 1320.3(b).

**Total estimated cost:** \$6,001,000 (per year), includes \$4,327,000 annualized capital or operation & maintenance costs.

**Changes in the Estimates:** There is an increase of 618 hours in the total estimated respondent burden compared with the ICR currently approved by OMB. The increase is due to an industry growth since the last ICR renewal, resulting in an increased number of respondents subject to the standard.

**Courtney Kerwin,**

**BILLING CODE 6560-50-P**

**ENVIRONMENTAL PROTECTION AGENCY**

[FRL-9926-82-OA]

**Notification of a Public Meeting of the Clean Air Scientific Advisory Committee (CASAC) Oxides of Nitrogen Primary NAAQS Review Panel**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice.

**SUMMARY:** The Environmental Protection Agency (EPA) Science Advisory Board (SAB) Staff Office announces a public meeting of the Clean Air Scientific Advisory Committee (CASAC) Oxides of Nitrogen Primary National Ambient Air Quality Standards (NAAQS) Review Panel to peer review EPA's *Integrated Science Assessment (ISA) for Oxides of Nitrogen—Health Criteria (Second External Review Draft—January 2015)* and *Review of the National Ambient Air Quality Standards for Nitrogen Dioxide: Risk and Exposure Assessment Planning Document*.

**DATES:** The CASAC Oxides of Nitrogen Primary NAAQS Review Panel meeting will be on Tuesday, June 2, 2015 from 9:00 a.m. to 5:30 p.m. (Eastern Standard Time) and on Wednesday, June 3, 2015 from 8:30 a.m. to 5:00 p.m. (Eastern Standard Time).

**Location:** The public meeting will be held at the DoubleTree by Hilton Hotel Raleigh-Brownstone-University, 1707 Hillsborough Street, Raleigh, North Carolina.

**FOR FURTHER INFORMATION CONTACT:** Any member of the public wishing to obtain information concerning the public meeting may contact Mr. Aaron Yeow, Designated Federal Officer (DFO), EPA Science Advisory Board Staff Office (1400R), U.S. Environmental Protection Agency, 1200 Pennsylvania Avenue NW., Washington, DC 20460; by

telephone/voice mail at (202) 564-2050 or at [yeow.aaron@epa.gov](mailto:yeow.aaron@epa.gov). General information about the CASAC, as well as any updates concerning the meeting announced in this notice, may be found on the EPA Web site at <http://www.epa.gov/casac>.

**SUPPLEMENTARY INFORMATION:** The CASAC was established pursuant to the Clean Air Act (CAA) Amendments of 1977, codified at 42 U.S.C. 7409(d)(2), to review air quality criteria and NAAQS and recommend any new NAAQS and revisions of existing criteria and NAAQS as may be appropriate. The CASAC shall also provide advice, information, and recommendations to the Administrator on the scientific and technical aspects of issues related to the criteria for air quality standards, research related to air quality, sources of air pollution, and of adverse effects which may result from various strategies to attain and maintain air quality standards. The CASAC is a Federal Advisory Committee chartered under the Federal Advisory Committee Act (FACA), 5 U.S.C., App. 2. Section 109(d)(1) of the CAA requires that the Agency periodically review and revise, as appropriate, the air quality criteria and the NAAQS for the six "criteria" air pollutants, including oxides of nitrogen. EPA is currently reviewing the primary (health-based) NAAQS for nitrogen dioxide (NO<sub>2</sub>) as an indicator for health effects caused by the presence of oxides of nitrogen in the ambient air.

Pursuant to FACA and EPA policy, notice is hereby given that the CASAC Oxides of Nitrogen Primary NAAQS Review Panel will hold a public meeting to peer review EPA's *Integrated Science Assessment (ISA) for Oxides of Nitrogen—Health Criteria (Second External Review Draft—January 2015)* and *Review of the National Ambient Air Quality Standards for Nitrogen Dioxide: Risk and Exposure Assessment Planning Document*. The CASAC Oxides of Nitrogen Primary NAAQS Review Panel and the CASAC will comply with the provisions of FACA and all appropriate SAB Staff Office procedural policies.

The CASAC Oxides of Nitrogen Primary NAAQS Review Panel previously peer reviewed EPA's *Integrated Science Assessment for Oxides of Nitrogen—Health Criteria (External Review Draft—November 2013)* as reported in a letter to the EPA Administrator, dated June 10, 2014 (EPA-CASAC-14-002).

**Technical Contacts:** Any technical questions concerning the *Integrated Science Assessment for Oxides of Nitrogen—Health Criteria (Second External Review Draft—January 2015)*

should be directed to Dr. Molini Patel ([patel.molini@epa.gov](mailto:patel.molini@epa.gov)), EPA Office of Research and Development, and technical questions concerning the *Review of the National Ambient Air Quality Standards for Nitrogen Dioxide: Risk and Exposure Assessment Planning Document* should be directed to Dr. Scott Jenkins ([jenkins.scott@epa.gov](mailto:jenkins.scott@epa.gov)), EPA Office of Air and Radiation.

**Availability of Meeting Materials:**

Prior to the meeting, the review documents, agenda and other materials will be accessible through the calendar link on the blue navigation bar at <http://www.epa.gov/casac/>.

**Procedures for Providing Public Input:**

Public comment for consideration by EPA's federal advisory committees and panels has a different purpose from public comment provided to EPA program offices. Therefore, the process for submitting comments to a federal advisory committee is different from the process used to submit comments to an EPA program office.

Federal advisory committees and panels, including scientific advisory committees, provide independent advice to EPA. Members of the public can submit comments for a federal advisory committee to consider as it develops advice for EPA. Interested members of the public may submit relevant written or oral information on the topic of this advisory activity, and/or the group conducting the activity, for the CASAC to consider during the advisory process. Input from the public to the CASAC will have the most impact if it provides specific scientific or technical information or analysis for CASAC panels to consider or if it relates to the clarity or accuracy of the technical information. Members of the public wishing to provide comment should contact the DFO directly.

**Oral Statements:** In general, individuals or groups requesting an oral presentation at a public meeting will be limited to five minutes. Each person making an oral statement should consider providing written comments as well as their oral statement so that the points presented orally can be expanded upon in writing. Interested parties should contact Mr. Aaron Yeow, DFO, in writing (preferably via email) at the contact information noted above by May 26, 2015 to be placed on the list of public speakers.

**Written Statements:** Written statements should be supplied to the DFO via email at the contact information noted above by May 26, 2015 so that the information may be made available to the Panel members for their consideration. It is the SAB Staff Office general policy to post written

comments on the Web page for the advisory meeting or teleconference. Submitters are requested to provide an unsigned version of each document because the SAB Staff Office does not publish documents with signatures on its Web sites. Members of the public should be aware that their personal contact information, if included in any written comments, may be posted to the CASAC Web site. Copyrighted material will not be posted without explicit permission of the copyright holder.

**Accessibility:** For information on access or services for individuals with disabilities, please contact Mr. Aaron Yeow at (202) 564-2050 or [yeow.aaron@epa.gov](mailto:yeow.aaron@epa.gov). To request accommodation of a disability, please contact Mr. Yeow preferably at least ten days prior to each meeting to give EPA as much time as possible to process your request.

Dated: April 16, 2015.

## ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-ORD-2015-0239; FRL-9926-78-ORD]

### Human Studies Review Board Advisory Committee

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice; request for nominations to the Human Studies Review Board (HSRB) advisory committee.

**SUMMARY:** The U.S. Environmental Protection Agency (EPA) invites nominations from a diverse range of qualified candidates with expertise in the area of human health risk assessment (hygienist) or in environmental epidemiology with expertise in exposure analysis to be considered for appointment to its Human Studies Review Board (HSRB) advisory committee. The anticipated vacancy will be filled by September 1, 2015. Sources in addition to this **Federal Register** document may also be utilized in the solicitation of nominees. **DATES:** Submit nominations by May 15, 2015.

**ADDRESSES:** Submit your nominations by May 15, 2015, identified by Docket ID No. EPA-HQ-ORD-2015-0239, by any of the following methods:

**Internet:** <http://www.regulations.gov>: Follow the on-line instructions for submitting comments.

**Email:** [ORD.Docket@epa.gov](mailto:ORD.Docket@epa.gov).

**USPS Mail:** ORD Docket, Environmental Protection Agency, Mail code: 28221T, 1200 Pennsylvania Ave. NW., Washington, DC 20460.

**Hand or Courier Delivery:** EPA Docket Center (EPA/DC), Room 3304, EPA West Building, 1301 Constitution Avenue NW., Washington, DC 20460, Attention Docket ID No. EPA-HQ-ORD-2015-0239. Deliveries are accepted from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. Special arrangements should be made for deliveries of boxed information.

**FOR FURTHER INFORMATION CONTACT:** Jim Downing, Designated Federal Official, Office of the Science Advisor, Mail Code 8105R, U.S. Environmental Protection Agency, 1200 Pennsylvania Avenue NW., Washington, DC 20460; telephone number: (202) 564-2468, fax number: (202) 564-2070, email: [downing.jim@epa.gov](mailto:downing.jim@epa.gov).

### SUPPLEMENTARY INFORMATION:

#### Background

On February 6, 2006, the Agency published a final rule for the protection of human subjects in research (71 FR 24 6138) that called for creating a new, independent human studies review board (*i.e.*, HSRB). The HSRB is a federal advisory committee operating in accordance with the Federal Advisory Committee Act (FACA) 5 U.S.C. App. 2 section 9 (Public Law 92-463). The HSRB provides advice, information, and recommendations to EPA on issues related to scientific and ethical aspects of human subjects research. The major objectives of the HSRB are to provide advice and recommendations on: (1) Research proposals and protocols that include human subjects; (2) reports of completed research with human subjects; and (3) how to strengthen EPA's programs for protection of human subjects of research. Typically, the HSRB reviews protocols and completed studies involving pesticide studies, such as worker exposure studies with agricultural handlers applying pesticides in field conditions; janitorial maintenance personnel applying antimicrobial pesticides in commercial settings; and field efficacy studies for skin applied insect repellent products. The HSRB reports to the EPA Administrator through EPA's Science Advisor. General information concerning the HSRB, including its charter, current membership, and activities can be found on the EPA Web site at <http://www.epa.gov/osa/hsrb/>.

HSRB members serve as special government employees or regular government employees. Members are

appointed by the EPA Administrator for either two or three year terms with the possibility of reappointment for additional terms, with a maximum of six years of service. The HSRB typically meets up to four times a year and the average workload for HSRB members is approximately 25 to 30 hours per meeting, including the time spent at the meeting. Responsibilities of HSRB members include reviewing extensive background materials prior to meetings of the Board, preparing draft responses to Agency charge questions, attending Board meetings, participating in the discussion and deliberations at these meetings, drafting assigned sections of meeting reports, and assisting finalization of Board reports. EPA compensates special government employees for their time and provides reimbursement for travel and other incidental expenses associated with official government business. EPA values and welcomes diversity. In an effort to obtain nominations of diverse candidates, EPA encourages nominations of women and men of all racial and ethnic groups.

The qualifications of nominees for membership on the HSRB will be assessed in terms of the specific expertise sought for the HSRB. Qualified nominees who agree to be considered further will be included in a "Short List". The Short List of nominee names and biographical sketches will be posted for 14 calendar days for public comment on the HSRB Web site: <http://www.epa.gov/osa/hsrb/index.htm>. The public will be encouraged to provide additional information about the nominees that EPA should consider. At the completion of the comment period, EPA will select new Board members from the Short List. Candidates not selected for HSRB membership at this time may be considered for HSRB membership as vacancies arise in the future or for service as consultants to the HSRB. The Agency estimates that the names of Short List candidates will be posted in June 2015. However, please be advised that this is an approximate time frame and the date is subject to change. If you have any questions concerning posting of Short List candidates on the HSRB Web site, please consult the person listed under **FOR FURTHER INFORMATION CONTACT**.

Members of the HSRB are subject to the provisions of 5 CFR part 2634, Executive Branch Financial Disclosure, as supplemented by the EPA in 5 CFR part 6401. In anticipation of this requirement, each nominee will be asked to submit confidential financial information that fully discloses, among other financial interests, the candidate's

employment, stocks and bonds, and where applicable, sources of research support. The information provided is strictly confidential and will not be disclosed to the public. Before a candidate is considered further for service on the HSRB, EPA will evaluate each candidate to assess whether there is any conflict of financial interest, appearance of a lack of impartiality, or prior involvement with matters likely to be reviewed by the Board.

Nominations will be evaluated on the basis of several criteria, including: the professional background, expertise and experience that would contribute to the diversity of perspectives of the committee; interpersonal, verbal and written communication skills and other attributes that would contribute to the HSRB's collaborative process; consensus building skills; absence of any financial conflicts of interest or the appearance of a lack of impartiality, or lack of independence, or bias; and the availability to participate in meetings and administrative sessions, participate in teleconferences, develop policy recommendations to the Administrator, and prepare recommendations and advice in reports.

Nominations should include a resume or curriculum vitae providing the nominee's educational background, qualifications, leadership positions in national associations or professional societies, relevant research experience and publications along with a short (one page) biography describing how the nominee meets the above criteria and other information that may be helpful in evaluating the nomination, as well as the nominee's current business address, email address, and daytime telephone number. Interested candidates may self-nominate.

To help the Agency in evaluating the effectiveness of its outreach efforts, nominees are requested to inform the Agency of how you learned of this opportunity.

Final selection of HSRB members is a discretionary function of the Agency and will be announced on the HSRB Web site at <http://www.epa.gov/osa/hsrb/index.htm> as soon as selections are made.

Dated: April 13, 2015.

## ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OPP-2015-0057; FRL-9925-84]

### Registration Review; Pesticide Dockets Opened for Review and Comment; Correction

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice; correction.

**SUMMARY:** EPA issued a notice in the **Federal Register** of March 30, 2015 (80 FR 16675), concerning the opening for public comment period for several registration reviews. This document corrects the listing of registration review docket openings to include forchlorfenuron (case 7057), docket identification (ID) number to be EPA-HQ-OPP-2014-0641, and chemical review manager contact information. It also clarifies that there is no combined work plan, summary document, and proposed interim registration review decision for forchlorfenuron.

**FOR FURTHER INFORMATION CONTACT:** Janeese Hackley, Pesticide Re-Evaluation Division (7508P), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave. NW., Washington, DC 20460-0001; telephone number: (703) 605-1523; email address: [hackley.janeese@epa.gov](mailto:hackley.janeese@epa.gov).

#### SUPPLEMENTARY INFORMATION:

##### I. General Information

###### A. Does this action apply to me?

The Agency included in the **Federal Register** notice of March 30, 2015 (80 FR 16675) (FRL-9922-79) a list of those who may be potentially affected by this action.

###### B. How can I get copies of this document and other related information?

The docket for this action, identified by docket ID number EPA-HQ-OPP-2015-0057, is available at <http://www.regulations.gov> or at the Office of Pesticide Programs Regulatory Public Docket (OPP Docket) in the Environmental Protection Agency Docket Center (EPA/DC), West William Jefferson Clinton Bldg., Rm. 3334, 1301 Constitution Ave. NW., Washington, DC 20460-0001. The Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Public Reading Room is (202) 566-1744, and the telephone number for the OPP Docket is (703) 305-5805. Please review the visitor instructions and additional information about the docket available at <http://www.epa.gov/dockets>.

## II. What does this correction do?

FR Doc. 2015–07200 published in the **Federal Register** of March 30, 2015 (80 FR 16675) (FRL–9922–79) is corrected as follows:

1. On page 16676, in Table 1, under the heading III. Registration Reviews; A. What action is the Agency taking?, Table 1—Registration Review Dockets Opening, column named “Registration review case name and No.” is corrected to include in a new line to read: Forchlorfenuron (Case 7057).

2. On page 16676, in Table 1, under the heading III. Registration Reviews; A. What action is the Agency taking?, Table 1—Registration Review Dockets Opening, column named “Pesticide docket ID No.”, is corrected to include in the new line for forchlorfenuron to read: EPA–HQ–OPP–2014–0641.

3. On page 16676, in Table 1, under the heading III. Registration Reviews; A. What action is the Agency taking?, Table 1—Registration Review Dockets Opening, column named “Chemical review manager, telephone number, email address” is corrected to include in a new line for forchlorfenuron to read: Wilhelmena Livingston, (703) 308–8025, [livingston.wilhelmena@epa.gov](mailto:livingston.wilhelmena@epa.gov).

4. On page 16676, in the first column, Table 1, under the heading III. Registration Reviews; A. What action is the Agency taking?, paragraph 2, line 5, to delete the sentence “For Forchlorfenuron (Case 7057), EPA is seeking comment on the Combined Work Plan, Summary Document, and Proposed Interim Registration Review Decision, which includes the human health and ecological risk assessments.”

[EPA–HQ–OAR–2015–0093–; FRL–9926–80–OAR]

### Notice of Opportunity To Comment on an Analysis of the Greenhouse Gas Emissions Attributable to Production and Transport of Brassica Carinata Oil for Use in Biofuel Production

**AGENCY:** Environmental Protection Agency.

**ACTION:** Notice.

**SUMMARY:** In this Notice, the Environmental Protection Agency (EPA)

is inviting comment on its analysis of the greenhouse gas (GHG) emissions attributable to the production and transport of *Brassica carinata* (carinata) oil feedstock for use in making biofuels such as biodiesel, renewable diesel, and jet fuel. This notice explains EPA’s analysis of the production and transport components of the lifecycle GHG emissions of biofuel made from carinata oil, and describes how EPA may apply this analysis in the future to determine whether biofuels produced from carinata oil meet the necessary GHG reductions required for qualification as renewable fuel under the Renewable Fuel Standard program. Based on this analysis, we anticipate that biofuels produced from carinata oil could qualify as advanced biofuel if typical fuel production process technology conditions are used.

**DATES:** Comments must be received on or before May 26, 2015.

**ADDRESSES:** Submit your comments, identified by Docket ID No. EPA–HQ–OAR–2015–0093, by one of the following methods:

- <http://www.regulations.gov>. Follow the on-line instructions for submitting comments.

- **Email:** [a-and-r-docket@epa.gov](mailto:a-and-r-docket@epa.gov), Attention Air and Radiation Docket ID No. EPA–HQ–OAR–2015–0093.

- **Mail:** Air and Radiation Docket, Docket No. EPA–HQ–OAR–2015–0093, Environmental Protection Agency, Mail code: 28221T, 1200 Pennsylvania Ave. NW., Washington, DC 20460.

- **Hand Delivery:** EPA Docket Center, EPA/DC, EPA WJC West, Room 3334, 1301 Constitution Ave. NW., Washington, DC, 20460, Attention Air and Radiation Docket, ID No. EPA–HQ–OAR–2015–0093. Such deliveries are only accepted during the Docket’s normal hours of operation, and special arrangements should be made for deliveries of boxed information.

**Instructions:** Direct your comments to Docket ID No. EPA–HQ–OAR–XXXX–XXXX. EPA’s policy is that all comments received will be included in the public docket without change and may be made available online at [www.regulations.gov](http://www.regulations.gov), including any personal information provided, unless the comment includes information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Do not submit information that you consider to be CBI or otherwise protected through [www.regulations.gov](http://www.regulations.gov) or email. The [www.regulations.gov](http://www.regulations.gov) Web site is an “anonymous access” system, which means EPA will not know your identity or contact information unless

you provide it in the body of your comment. If you send an email comment directly to EPA without going through [www.regulations.gov](http://www.regulations.gov), your email address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the Internet. If you submit an electronic comment, EPA recommends that you include your name and other contact information in the body of your comment and with any disk or CD–ROM you submit. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment. Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses. For additional information about EPA’s public docket visit the EPA Docket Center homepage at <http://www.epa.gov/epahome/dockets.htm>.

**Docket:** All documents in the docket are listed in the [www.regulations.gov](http://www.regulations.gov) index. Although listed in the index, some information is not publicly available, e.g., CBI or other information for which disclosure is restricted by statute. Certain other material, such as copyrighted material, will be publicly available only in hard copy. Publicly available docket materials are available either electronically in [www.regulations.gov](http://www.regulations.gov) or in hard copy at the Air and Radiation Docket, EPA/DC, EPA WJC West, Room 3334, 1301 Constitution Ave. NW., Washington, DC. The Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Public Reading Room is (202) 566–1744, and the telephone number for the Air and Radiation Docket is (202) 566–1742.

#### FOR FURTHER INFORMATION CONTACT:

#### SUPPLEMENTARY INFORMATION:

This notice is organized as follows:

- I. Introduction
- II. Analysis of GHG Emissions Associated with use of Carinata Oil as a Biofuel Feedstock
  - A. Feedstock Production
    1. Background
    2. Volume Potential
    3. Indirect Impacts
    4. Crop Inputs
    5. Potential Invasiveness
    6. Crushing and Oil Extraction
  - B. Feedstock Distribution

C. Summary of Agricultural Sector GHG Emissions

D. Fuel Production and Distribution

### III. Summary

#### I. Introduction

As part of changes to the Renewable Fuel Standard (RFS) program regulations published on March 26, 2010<sup>1</sup> (the “March 2010 rule”), EPA specified the types of renewable fuels eligible to participate in the RFS program through approved fuel pathways. Table 1 to 40 CFR 80.1426 of the RFS regulations lists three critical components of an approved fuel pathway: (1) Fuel type; (2) feedstock; and (3) production process. Fuel produced pursuant to each specific combination of the three components, or fuel pathway, is designated in the Table as eligible for purposes of the Clean Air Act’s (CAA) requirements for greenhouse gas (GHG) reductions to qualify as renewable fuel or one of three subsets of renewable fuel (biomass-based diesel, cellulosic biofuel, or advanced biofuel). EPA may also independently approve additional fuel pathways not currently listed in Table 1 to 40 CFR 80.1426 for participation in the RFS program, or a third-party may petition for EPA to evaluate a new fuel pathway in accordance with 40 CFR 80.1416.

EPA’s lifecycle analyses are used to assess the overall GHG impacts of a fuel throughout each stage of its production and use. The results of these analyses, considering uncertainty and the weight of available evidence, are used to determine whether a fuel meets the necessary GHG reductions required under the CAA for it to be considered renewable fuel or one of three subsets of renewable fuel. Lifecycle analysis includes an assessment of emissions related to the full fuel lifecycle, including feedstock production, feedstock transportation, fuel production, fuel transportation and distribution, and tailpipe emissions. Per the CAA definition of lifecycle GHG emissions, EPA’s lifecycle analyses also include an assessment of significant indirect emissions such as indirect emissions from land use changes, agricultural sector impacts, and production of co-products from biofuel production.

Pursuant to 40 CFR 80.1416, EPA received a petition from Agrisoma Biosciences Inc. requesting that EPA evaluate the lifecycle GHG emissions for biofuels produced using *Brassica*

*carinata* (carinata) oil,<sup>2</sup> and that EPA provide a determination of the renewable fuel categories, if any, for which such biofuels may be eligible. As an initial step in this process, EPA has conducted an evaluation of the GHG emissions associated with the production and transport of carinata when it is used as a biofuel feedstock, and is seeking public comment on the methodology and results of this evaluation.

EPA expects to consider comments received and then use the information to evaluate petitions received pursuant to 40 CFR 80.1416 that propose to use carinata oil as a feedstock for the production of biofuel, and that seek an EPA determination regarding whether such biofuels qualify as renewable fuel under the RFS program. In evaluating such petitions, EPA will consider the GHG emissions associated with petitioners’ biofuel production processes, as well as emissions associated with the transport and use of the finished biofuel, in addition to the GHG emissions associated with the production and transport of carinata feedstock in determining whether petitioners’ proposed biofuel production pathway satisfies CAA renewable fuel lifecycle GHG reduction requirements.

#### II. Analysis of GHG Emissions Associated With Use of Carinata Oil as a Biofuel Feedstock

EPA has evaluated the lifecycle GHG impacts of using carinata oil as a biofuel feedstock, based on information provided in the petition and other data gathered by EPA. For these analyses, we used a similar approach to that used for camelina oil in a rule published on March 5, 2013 (the “March 2013 rule”).<sup>3</sup> In that rulemaking, EPA determined that several renewable fuel pathways using camelina oil feedstock meet the required 50% lifecycle GHG reduction threshold under the RFS for biomass-based diesel and advanced biofuel because the GHG emissions performance of camelina-based fuels is at least as good as that modeled for fuels made from soybean oil.

EPA believes that new agricultural sector modeling is not needed to evaluate the lifecycle GHG impacts of using carinata oil as a biofuel feedstock for purposes of making GHG reduction threshold determinations for the RFS program. This is in part because of the similarities of carinata oil to soybean oil and camelina oil, and because carinata is not expected to have significant land

use change impacts. Instead of performing new agricultural sector modeling, EPA relied upon the soybean oil analysis conducted for the March 2010 rule to assess the relative GHG impacts of growing and transporting carinata oil for use as a biofuel feedstock. We have looked at every component of the agricultural sector GHG emissions from carinata oil production, including land use change, crop inputs, crushing and oil extraction, and feedstock distribution. For each component, we believe that the GHG emissions are less than or comparable to the emissions from the equivalent component of soybean oil production. Based on this analysis (described below), we propose to evaluate the agricultural sector GHG emissions impacts of using carinata oil in responding to petitions received pursuant to 40 CFR 80.1416 by assuming that GHG emissions are similar to those associated with the use of soybean oil for biofuel production. We invite comment on this proposed approach.

#### A. Feedstock Production

##### 1. Background

*Brassica carinata* (carinata), commonly known as “Ethiopian mustard” or “Ethiopian rapeseed”, is an oilseed crop within the flowering plant family *Brassicaceae* and is native to the Ethiopian highlands.

Carinata oil has high concentrations of erucic acid which make it less suitable for food uses but potentially attractive for biolubricants and polymers, and other industrial applications.<sup>4 5</sup> It is not used for food in the United States where more desirable substitutes are readily available, though there is a limited amount of use for dietary purposes in Africa and western and southern Asia.<sup>6</sup> The vast majority of carinata currently grown in the United States is in limited field trials to evaluate its qualities as a feedstock to produce biofuels. The U.S. Department of Agriculture (USDA) does not track the production or end-uses of carinata but the petitioner believes 95% of

<sup>4</sup> Taylor, DC et al (2010) *Brassica carinata* - a new molecular farming platform for delivering bio-industrial oil feedstocks: case studies of genetic modifications to improve very long-chain fatty acid and oil content in seeds. *Biofuels, Bioproducts & Biorefining* 4.5: 538–561.

<sup>5</sup> Fahd, S. et. al (2010) *Energy, Environmental and Economic Assessment of Non-Food Use of Brassica Carinata* [http://www.societalmetabolism.org/aes2010/Proceeds/DIGITAL%20PROCEEDINGS\\_files/POSTERS/P\\_138\\_Sandra\\_Fahd.pdf](http://www.societalmetabolism.org/aes2010/Proceeds/DIGITAL%20PROCEEDINGS_files/POSTERS/P_138_Sandra_Fahd.pdf).

<sup>6</sup> Plant Resources of Tropical Africa (PROTA). *PROTA 14: Vegetable Oils Record Display, Brassica Carinata* [http://database.prota.org/PROTAhtml/Brassica%20carinata\\_En.htm](http://database.prota.org/PROTAhtml/Brassica%20carinata_En.htm).

<sup>2</sup> For purposes of this notice, the term “carinata” refers to the species *Brassica Carinata*.

<sup>3</sup> 78 FR 14190.

<sup>1</sup> See 75 FR 14670.

current carinata research has been for biofuels with some limited research on enhanced oil recovery applications.<sup>7</sup> Compared to other oilseeds, carinata seed contains a high oil content (44%) which means a greater portion of the feedstock can be converted to biofuel.<sup>8</sup> Carinata oil contains longer carbon chains than other oilseeds, making it more suited to be broken down for industrial uses, and long chain fatty acids make it ideal for biodiesel production. When grown, carinata provides multiple benefits as a biofumigant, serving to suppress disease

and insects,<sup>9</sup> while also controlling weeds and other soil-borne pests.<sup>10</sup>

2. Volume Potential

Carinata will most likely be grown in the U.S. and Canada in semi-arid, marginal land, as an off-season winter cover crop in the southeastern U.S., or on dryland wheat acres during the period that they would otherwise be left fallow. In areas with lower precipitation, dryland wheat farmers currently leave acres fallow once every three to four years to allow additional moisture and nutrients to accumulate

and control pests. Current research indicates that carinata could be introduced into this rotation in certain areas in lieu of fallowing without adversely impacting moisture or nutrient accumulation. Land featuring a carinata rotation can be returned to wheat cultivation the following year with moisture and soil nutrients quantitatively similar to a fallow year.<sup>11</sup> Table V.D.—2 illustrates example wheat and carinata rotations, which are expected to be very similar to current wheat/camelina rotation systems.

**Table V.D.—2— Examples of Traditional Wheat and Wheat/Carinata Rotations**

Example 1: Traditional Winter Wheat/Spring Wheat/Fallow Rotation

	Jan	Feb	Mar	April	May	June	July	Aug	Sept	Oct	Nov	Dec
Year 0										Winter Wheat Planting		
Year 1								Winter Wheat Harvest				
Year 2				Spring Wheat Planting				Spring Wheat Harvest				
Year 3										Winter Wheat Planting		

<sup>7</sup> Agrisoma Biosciences Inc. petition to the EPA, August 2013.

<sup>8</sup> Earlier strains of Brassica carinata have contained various, lesser oil contents. However, selective breeding and developments through transgenics have produced strains with high oil contents. ## Example 2: Winter Wheat/Carinata/Spring Wheat Rotation

	Jan	Feb	Mar	April	May	June	July	Aug	Sept	Oct	Nov	Dec
Year 0										Winter Wheat Planting		
Year 1								Winter Wheat Harvest				
Year 2				Carinata Planting				Carinata Harvest				
Year 3				Spring Wheat Planting				Spring Wheat Harvest		Winter Wheat Planting		

Shaded cells indicate fallow months

Hatched line cells indicate growing months

As we expect that carinata will primarily be grown in rotation with wheat, we based land availability and projected volumes on estimated wheat acres. USDA does not systematically collect carinata production information; therefore data on historical acreage is limited. The latest USDA estimates (December 2014) report approximately 57 million acres of wheat in the U.S.<sup>12</sup> USDA and wheat state cooperative extension reports through 2008 indicated that 83% of domestic wheat production was under non-irrigated, dryland conditions, and that at least 45% of those acres were estimated to follow a wheat/fallow rotation. Thus, approximately 21 million acres are potentially suitable for carinata production. However, according to an industry projection<sup>13</sup> based on an estimate for camelina, only about nine million of these wheat/fallow acres have the appropriate climate, soil profile, and market access for carinata production.<sup>14</sup> Further, the petitioner projects another three million acres of fallow land in wheat rotation are potentially available for carinata production in Canada. Based on our calculations of the potential biodiesel production from carinata, as described below, we do not

anticipate demand for carinata oil to be greater than can be satisfied by available fallow acres.

According to an industry estimate, commercial production of carinata in 2012 occurred at over 40 locations across Saskatchewan and Alberta, Canada.<sup>15</sup> The first commercial cultivation of carinata in the United States occurred in Montana in 2013, and estimates from the original petition indicated that 100,000 acres would be planted in 2014.<sup>16</sup> Based on a three year rotation cycle in which only one third of the 12 million combined U.S. and Canada wheat acres is typically fallow in any given year, EPA estimates that at current average yields (1,865 pounds of seed per acre, or 820 pounds of oil per acre), approximately 400 million gallons (MG) of carinata-based biodiesel could be produced with carinata grown in rotation with existing crop acres (assuming 7.6 pounds of oil produces 1 gallon of biodiesel).<sup>17</sup> However, as there is no commercial market for carinata at present, when planted, actual acres are expected to be much smaller and dedicated to test plots in the near term. Carinata may expand to other regions and growing methods in the longer term.

Research is ongoing to improve carinata oil yields, which can be expected to increase as experience with growing carinata improves cultivation practices and the application of existing technologies are more widely adopted. For example, yields of over 1,600 pounds of oil per acre have been achieved on test plots. For the purposes of this lifecycle GHG analysis, EPA is assuming the intermediate current yield of 820 pounds of oil per acre and a biofuel production volume of 400 MG of carinata as representing a reasonable projection of production in 2022.

### 3. Indirect Impacts

Unlike commodity crops that are tracked by USDA, carinata does not have a well-established, internationally traded market that would be significantly affected by an increase in carinata-based biofuels. Based on the information provided in the petition, returns on carinata are approximately \$107 per acre, given average yields of approximately 1,865 pounds per acre and the current contract price of \$0.14 per pound (See Table 2). For comparison purposes, the USDA estimates of corn and soybean returns, including operating costs but not overhead costs such as hired labor, were between \$206 and \$440 per acre in 2013.<sup>18</sup> Over time, advancements in seed technology, improvements in planting and harvesting techniques, and

<sup>12</sup> U.S. *Wheat Supply and Use*. World Agricultural Supply and Demand Estimate (WASDE), December 2014. USDA <http://usda.mannlib.cornell.edu/usda/current/wasde/wasde-12-10-2014.pdf>.

<sup>13</sup> Agrisoma Biosciences Inc., petition to EPA, August 2013.

<sup>14</sup> Johnson, S. and McCormick, M., *Camelina: an Annual Cover Crop Under 40 CFR part 80 Subpart M*, Memorandum, dated November 5, 2010.

<sup>15</sup> In the United States, field trials have occurred or are occurring with the University of Florida, Colorado State University, Montana State University, South Dakota University, and North Dakota State University.

<sup>16</sup> Agrisoma Biosciences Inc. Petition to EPA, August 2013.

<sup>17</sup> For biodiesel produced from soybean oil, 7.6 pounds of oil are also needed for one gallon of biodiesel.

<sup>18</sup> USDA Economic Research Service, *Commodity Costs and Returns*. Available at: <http://www.ers.usda.gov/data-products/commodity-costs-and-returns.aspx>.

changes in input usage could significantly increase future carinata yields and returns, but it is unlikely the returns to farmers from carinata will ever compete with the returns from corn, soybeans or other widely traded

commodity crops. In addition, because carinata is expected to be grown on fallow land, it will not impact other commodities through land competition. For these reasons, EPA has determined that, unlike a crop such as soybean,

production of carinata-based biofuels is not expected to have a significant impact on other agricultural commodity markets and consequently would not result in significant indirect impacts including indirect land use changes.

TABLE 2—CARINATA COSTS AND RETURNS, PER ACRE <sup>19</sup>

Inputs	Rates	2022 Carinata
Herbicides:		
Glysohate (Fall) .....	16 oz. ( \$0.39/oz) .....	\$7.00.
Glysohate (Spring) .....	16 oz. ( \$0.39/oz) .....	\$7.00.
Post .....	12 oz ( \$0.67/oz) .....	\$8.00.
Seed:		
Carinata seed .....	\$ .44/lb .....	\$7.20 (5 lbs/acre).
Fertilizer:		
Nitrogen Fertilizer .....	\$1/lb .....	\$60.00 (60 lb/acre).
Phosphate Fertilizer .....	\$1/lb .....	\$30.00 (30 lb/acre).
Sub-Total:		\$ 119.20.
Logistics:		
Planting Trip .....		\$10.00.
Harvest & Hauling .....		\$25.00.
Total Cost .....		\$154.20.
Yields .....	lbs/ac .....	1865.
Price .....	\$/lb .....	\$0.14.
Total Revenue .....		\$261.10.
Returns .....		\$106.90.

Although we expect most carinata used as a renewable fuel feedstock for the RFS program would be grown in the U.S. and Canada, we expect that carinata grown in other countries would also not have a significant impact on other agricultural commodity markets and would therefore not result in significant indirect GHG emissions.

4. Crop Inputs

As part of our analysis of the GHG impacts from growing carinata, we compared crop inputs for carinata to those for soybeans. Inputs compared include nitrogen fertilizer, phosphorus fertilizer, herbicide, diesel, and gasoline.<sup>20</sup> We also looked at the nitrous oxide (N<sub>2</sub>O) emissions from both the nitrogen fertilizer inputs and the crop residues associated with carinata.<sup>21</sup>

Current literature suggests a range of fertilizer inputs are considered appropriate for growing carinata. The petitioner provided guidance of 60 lbs per acre of nitrogen fertilizer and 30 lbs

per acre of phosphorus fertilizer based on application rates for test plots featuring continuous cropping systems, which require more intensive fertilizing.<sup>22</sup> We expect that carinata will be grown in fallow rotation with other crops, which will require lesser fertilizer amounts, comparable to those for camelina.<sup>23</sup> Those amounts for camelina are 40 lbs per acre of nitrogen fertilizer and 15 lbs per acre of phosphorous fertilizer.<sup>24</sup> Other research has shown higher carinata growth rates with higher rates of nitrogen applications, but there is not consensus on an optimal rate. Therefore, as a conservative estimate we provide a high-end estimate of 80 lbs per acre of nitrogen fertilizer. Further, the petitioner did not recommend potassium fertilizer for carinata production as they assume that the land carinata would be grown on has high potassium levels that would not require augmentation. As a conservative

estimate, we assume potassium application rates assumed for camelina as a high input (10 lbs per acre). Given the range of estimates, Table 3 shows a range of input assumptions for carinata production, compared to the Forest and Agricultural Sector Optimization Model (FASOM) agricultural input assumptions for soybeans, which were used in our assessment of soybeans for the March 2010 rule. From the March 2010 rule, we used soybean projected yields for 2022 of 1,500 to 3,000 lbs of seed per acre. For carinata, we used projected 2022 yields of 1,865 lbs of seed per acre.<sup>25</sup>

Carinata has a higher percentage of oil per pound of seed than soybeans. Soybeans are approximately 18% oil by mass, therefore crushing one pound of soybeans yields 0.18 pounds of oil. In comparison, carinata seeds can contain up to 44% oil.<sup>26</sup> The difference in oil

<sup>19</sup> Nitrogen and Phosphate inputs here are based on application rates from test plots. Different combinations of the range of fertilizer inputs we considered may result in higher or lower estimates. Data provided by Agrisoma Biosciences Inc. petition to EPA, August 2013.

<sup>20</sup> Diesel and gasoline used for planting and harvesting. These values assume that no irrigation is needed.

<sup>21</sup> The IPCC equations for N<sub>2</sub>O emissions were updated since our earlier analysis of soybeans. We use the updated equations for our calculations.

<sup>22</sup> Petition from Agrisoma Biosciences Inc. to EPA, August 2013.

<sup>23</sup> Cover crops, such as carinata and camelina, require less fertilizer input in a fallow rotation than they might if they were in a dedicated system as there is residual soil nutrients from the primary crop.

<sup>24</sup> 78 FR 14190. *Regulation of Fuels and Fuel Additives: Identification of Additional Qualifying Renewable Fuel Pathways Under the Renewable Fuel Standard Program*, available at: [http://www.gpo.gov/fdsys/pkg/FR\\_2013\\_03\\_05/pdf/2013\\_04929.pdf](http://www.gpo.gov/fdsys/pkg/FR_2013_03_05/pdf/2013_04929.pdf).

<sup>25</sup> Average yield from a series of research plots explored by the petitioner. Other studies show a range of yields with various nitrogen and seed spacing applications. One such study showed a yield from ranging from 552 to 2434 lbs of seed/acre. We believe an assumed yield of 1,865 lbs of seed per acre is appropriate.

5. Potential Invasiveness

Carinata is not listed on the Federal noxious weed list.<sup>29</sup> In a USDA document listing state noxious-weed seed requirements, twenty states include restrictions for unspecified species of the *Brassica* genus, indicating limitations on the use of the plant. Although other species of Brassica are specified in some states, the carinata species is not explicitly identified.<sup>30</sup> Regarding invasiveness, an evaluation of carinata in Canada by the Roundtable on Sustainable Biofuels concluded that invasiveness potential is deemed to be low and not difficult to remedy, if remedy is needed.<sup>31</sup> A weed risk assessment by USDA found that carinata poses a moderate weed risk potential and concluded that carinata should undergo further evaluation.<sup>32</sup> Unlike some other biofuel feedstocks evaluated under the RFS program for invasiveness, USDA did not find strong evidence of carinata causing impacts in anthropogenic (e.g., cities, suburbs, roadways), production (e.g., agriculture, nurseries, forest plantations, orchards), or natural systems. However, there is a high level of uncertainty regarding carinata’s spread and impact potential due to incomplete knowledge about its traits. This uncertainty raises concerns about the threat of invasiveness and may require remediation activities that

would cause additional GHG emissions. Because carinata does not pose as great an invasiveness risk as *Arundo donax* and *Pennisetum purpureum*, EPA believes that monitoring and reporting requirements similar to those for *Arundo donax* and *Pennisetum purpureum* would be appropriate, but does not expect to apply all of the Risk Management Plan (RMP) requirements that exist for those feedstocks. We would expect to impose monitoring and reporting requirements similar to 40 CFR 80.1450 (b)(1)(x)(A)(1)(i), (ii), (iii), and (v) and 80.1450 (b)(1)(x)(A)(3), (4), (5), and (7). In addition, a letter documenting the feedstock grower’s compliance with all of the relevant federal, state, regional, and local requirements related to invasive species would be required. With these requirements in place, we would assume that there are no GHG emissions associated with potential invasiveness when carinata is used as a biofuel feedstock. EPA is taking comment on the invasiveness concerns of carinata and the appropriateness of the referenced requirements in mitigating those concerns.

6. Crushing and Oil Extraction

EPA evaluated the seed crushing and oil extraction process and compared the lifecycle GHG emissions from this stage for soybean oil and carinata oil. EPA

assumed the processing of carinata would be similar to soybeans, canola, and camelina. Because carinata seeds produce more oil per pound than soybeans, the lifecycle GHG emissions associated with crushing and oil extraction are lower for carinata than soybeans per pound of feedstock oil produced.

There is not a significant amount of industry data on energy used for crushing and oil extraction of carinata. Based on data provided in the petition submitted, and EPA’s standard emissions factors for electricity and natural gas, we estimate that the GHG emissions from crushing and oil extraction are 92 kgCO<sub>2</sub>e/ton carinata oil. For comparison, in the analysis for the March 2010 final rule, the GHG emissions from crushing and oil extraction were estimated to be 426 kgCO<sub>2</sub>e/ton soybean oil. As a conservative estimate, we propose to assume that the GHG emissions related to crushing and oil extraction are the same for carinata as for soybeans.

Similar to soybeans, a press cake is also produced when carinata is crushed and the oil is extracted. Little is known at this time about the possible beneficial use of carinata cake. Carinata press cake contains glucosinolates, which may be toxic to animals in large concentrations.<sup>33</sup> However, the heat produced from crushing carinata seeds

Saskatchewan. Canadian Journal of Plant Science. 76. 387–392, available at: [http://pubs.aic.ca/doi/pdf/10.4141/cjps96\\_069](http://pubs.aic.ca/doi/pdf/10.4141/cjps96_069).

<sup>27</sup> For more details on the greenhouse gas emissions associated with agricultural inputs, see “Carinata data and calculations—for docket” on Docket EPA–HQ–OAR–2015–0093.

<sup>28</sup> Based on communication with USDA, sulfur can also be a beneficial fertilizer component for oilseeds such as carinata and soybeans, dependent on local soil characteristics, at application rates of up to 10–20 lbs/acre. There are multiple options for

sulfur application as part of a liquid or dry granular mixture that also contain phosphorous and nitrogen. The emissions for fertilizer rates provided in Table 3 capture the likely range of impacts associated with the variety of application options, including ones containing sulfur.

<sup>32</sup> USDA, Weed Risk Assessment for *Brassica carinata* A. Braun (*Brassicaceae*)—Ethiopian mustard, 2014.

<sup>33</sup> USDA, Weed Risk Assessment for *Brassica carinata* A. Braun (*Brassicaceae*)—Ethiopian mustard, 2014.

may reduce the toxicity of the press cake, or carinata press cake could be mixed in low amounts with other seed meal for use as animal feed.<sup>34</sup> Alternatively, carinata press cake could be used as a biofumigant.<sup>35</sup> In our modeling of soybean oil for the March 2010 RFS rule, the FASOM and FAPRI-CARD models included the use of the soy meal (sometimes referred to as press cake) co-product as livestock feed. In our modeling, the use of soy meal as livestock feed displaced the need for other similar feed products and therefore impacted the relative prices and production of crop and livestock products. These crop and livestock impacts were reflected in the land use change, livestock, and agricultural sector GHG emissions impacts estimated for biofuels produced from soybean oil. Although EPA modeling results did not isolate the GHG impacts of the soy meal co-product, we believe that overall the soy meal co-product lowered the GHG emissions associated with soybean oil-based biofuels. Similarly, we believe that any use of the carinata press cake would provide an additional benefit (*i.e.*, lower GHG emissions) not reflected in our lifecycle GHG emissions analysis of carinata oil. Based on our analysis of carinata oil, which does not consider use of the press cake, we have found that the agricultural, livestock, and land use change emissions associated with producing carinata oil are less than or equal to the corresponding emissions

<sup>34</sup> Carinata meal (solvent extracted) is approved for feed use at quantities up to 10% of total diet dry matter in Canada by the Canadian Food Inspection Agency (CFIA). Letter from W. Gwayumba, Ph.D. sent to EPA in email from Sandra Franco on July 9, 2014. The *Brassica* genus (not carinata explicitly) is approved by the U.S. Food and Drug Administration (FDA) through a memorandum of understanding (MOU) with the Association of American Feed Control Officials (AAFCO) U.S. Food and Drug Administration. *Memorandum of Understanding Between The U.S. Food and Drug Administration and The Association of American Feed Control Officials (MOU 225-07-7001)* <http://www.fda.gov/AboutFDA/PartnershipsCollaborations/MemorandaofUnderstandingMOUs/DomesticMOUs/ucm115778.htm>. It is important to note that all animal feed products must be approved by the U.S. Food and Drug Administration (FDA) before they can be sold in the United States. Nothing in EPA's analysis should be construed as an official federal government position regarding the approval or disapproval of carinata press cake as an animal feed. Only FDA is authorized to make that determination.

<sup>35</sup> J. Brown and M.J. Morra, Glucosinolate-Containing Seed Meal as a Soil Amendment to Control Plant Pests. 2000–2002, National Renewable Energy Laboratory, NREL/SR-510-35254, at 15 (2005), available at <http://www.nrel.gov/docs/fy05osti/35254.pdf>; L. Furlan, C. Bonetto, A. Finotto, L. Lazzeri, L. Malaguti, G. Patalano, W. Parker (2010), The efficacy of biofumigant meals and plants to control wireworm populations, *Industrial Crops and Products* 31: 245–254.

associated with producing soybean oil. Therefore, any beneficial use of the carinata press cake (*e.g.*, as livestock feed or boiler fuel) would only serve to lower the GHG emissions associated with carinata oil relative to the corresponding emissions for soybean oil.

#### B. Feedstock Distribution

EPA's assessment, based on the following reasoning, is that GHG emissions from feedstock distribution will be the same for carinata as such emissions for soybeans. Because carinata contains more oil per pound of seed, as discussed above, the energy needed to move the carinata before oil extraction would be lower than soybeans per gallon of oil produced. To the extent that carinata is grown on more disperse fallow land than soybeans and would need to be transported further, the energy needed to move the carinata could be higher than soybeans. Therefore, we believe we may assume for purposes of GHG emissions assessment that the GHG emissions associated with transporting carinata and soybeans to crushing facilities will be the same. Carinata and soybean oils are similar in terms of density and energy content; therefore, we also assumed that the GHG emissions from transporting the oil from a crushing facility to a biofuel production facility would be the same for the two different feedstocks.

#### C. Summary of Agricultural Sector GHG Emissions

Compared to soybean oil, carinata oil has comparable GHG emissions per ton of oil from crop inputs and crushing and oil extraction, and lower GHG emissions per ton of oil from direct and indirect land use change. Carinata and soybean oils are also likely to have similar GHG emissions from feedstock distribution. Therefore, we believe that the feedstock production and transport portion of the lifecycle GHG emissions associated with carinata are likely to be similar to or less than the GHG emissions from the corresponding portion of the lifecycle analysis for soybean oil. EPA's purpose in evaluating petitions under 40 CFR 80.1416 is not to prepare a precise lifecycle GHG emissions analysis of every fuel type, but to gather sufficient information on which to inform its decision of whether proposed biofuels qualify under the program in terms of lifecycle GHG emissions reduction. Based on our comparison of carinata oil to soybean oil, EPA proposes to use, in its future evaluations of petitions seeking to use carinata oil as a feedstock for biofuel production, an estimate of

the GHG emissions associated with the cultivation and transport of carinata oil that is the same as that which we have used for soybean oil, on a per ton of oil basis. Although EPA could conduct a more detailed analysis, we do not believe it is necessary for purposes of the determinations EPA must make in responding to petitions. EPA solicits comment on this proposed approach.

#### D. Fuel Production and Distribution

Carinata oil has physical properties that are similar to soybean and camelina oil, and is suitable for the same conversion processes as these feedstocks. In addition, the fuel yield per pound of oil is expected to be the same for each of these feedstocks. After reviewing comments received in response to this Notice, we will combine our evaluation of agricultural sector GHG emissions associated with the use of carinata oil feedstock with our evaluation of the GHG emissions associated with individual producers' production processes and finished fuels to determine whether the proposed pathways satisfy CAA lifecycle GHG emissions reduction requirements for RFS-qualifying renewable fuels. Based on our evaluation of the lifecycle GHG emissions attributable to the production and transport of carinata oil feedstock, EPA anticipates that fuel produced from carinata oil feedstock through the same transesterification or hydrotreating process technologies that EPA evaluated for the March 2010 RFS rule for biofuel derived from soybean oil and the March 2013 RFS rule for biofuel derived from camelina oil would qualify for biomass-based diesel (D-code 4) RINs or advanced (D-code 5) RINs.<sup>36</sup> However, EPA will evaluate petitions for fuel produced from carinata oil feedstock on a case-by-case basis.

### III. Summary

EPA invites public comment on its analysis of GHG emissions associated with the production and transport of carinata oil as a feedstock for biofuel production. EPA will consider public comments received when evaluating the lifecycle GHG emissions of biofuel production pathways described in petitions received pursuant to 40 CFR 80.1416 which use carinata oil as a feedstock.

<sup>36</sup> The transesterification process that EPA evaluated for the March 2010 RFS rule for biofuel derived from soybean oil feedstock is described in section 2.4.7.3 (Biodiesel) of the Regulatory Impact Analysis for the March 2010 RFS rule (EPA-420-R-10-006). The hydrotreating process that EPA evaluated for the March 2013 rule for biofuel derived from camelina oil feedstock is described in section II.A.3.b of the March 2013 rule (78 FR 14190).

Dated: April 17, 2015.

## GENERAL SERVICES ADMINISTRATION

[Notice-PM-2015-02; Docket No. 2015-0002; Sequence No. 6]

### Notice of Availability for the Final Environmental Impact Statement for the U.S. Department of State Foreign Affairs Security Training Center in Nottoway County, Virginia

**AGENCY:** General Services Administration (GSA).

**ACTION:** Notice of availability.

**SUMMARY:** Pursuant to the Council on Environmental Quality regulations implementing the procedural provisions of the National Environmental Policy Act, GSA has prepared and filed with the U.S. Environmental Protection Agency (EPA) a Final Environmental Impact Statement (EIS) for the proposed development of a U.S. Department of State (DOS), Bureau of Diplomatic Security (DS), Foreign Affairs Security Training Center (FASTC) in Nottoway County, Virginia. GSA is the lead agency; cooperating agencies are DOS, U.S. Army Corps of Engineers, EPA, and National Guard Bureau. The Final EIS also documents compliance with the National Historic Preservation Act (NHPA) of 1966.

**DATES:** The Final EIS is now available for review. The GSA Record of Decision will be released no sooner than 30 days after EPA publishes its Notice of Availability of the Final EIS in the **Federal Register**.

**ADDRESSES:** The Final EIS may be viewed online at <http://www.state.gov/recovery/fastc>. Paper copies may be viewed at the repositories listed under **SUPPLEMENTARY INFORMATION**.

**FOR FURTHER INFORMATION CONTACT:**

Abigail Low, GSA Project Manager; 20 N 8th Street, Philadelphia, PA 19107; 215-446-4815; or email [FASTC.info@gsa.gov](mailto:FASTC.info@gsa.gov).

**SUPPLEMENTARY INFORMATION:**

*Background:* The purpose of the proposed FASTC site in Nottoway County is to consolidate existing dispersed "hard skills" security training functions to provide effective, efficient training specifically designed to enable foreign affairs personnel to operate in today's perilous and dangerous overseas environment. Hard skills training is practical, hands-on training in firearms, explosives, anti-terrorism driving techniques, defensive tactics, and security operations. Such training improves security and life safety for the protection of U.S. personnel operating abroad. The proposed FASTC would fill a critical need, identified in the 2008 report to the U.S. Congress, for a consolidated training facility. A central facility would improve training efficiency and provide priority access to training venues from which DS may effectively conduct hard skills training to meet the increased demand for well-trained personnel. The proposed FASTC would train 8,000 to 10,000 students annually.

The Final EIS was prepared to evaluate the environmental consequences of site acquisition and development of FASTC on three adjacent land parcels at the Virginia

Army National Guard Maneuver Training Center Fort Pickett (Fort Pickett) and Nottoway County's Local Redevelopment Authority (LRA) area in Nottoway County, Virginia.

The proposed site is 1,350 acres with an additional 12 acres for relocation of an existing tank trail and scheduled use of a 19 acre Fort Pickett range. The site is surrounded by compatible land uses within Fort Pickett. The total area of disturbance for construction of driving tracks, mock urban environments, explosives and firearms ranges, and administrative and service areas would be 407 acres. Utilities would be installed or relocated along existing roadways or within areas planned for development.

GSA published its Notice of Intent to prepare an EIS in the **Federal Register** at 76 FR 61360 on October 4, 2011. A public scoping meeting was held in October 2011 during the 30 day public scoping period. The Draft EIS was released on October 26, 2012, and a public information meeting was held on November 7, 2012 during the 45-day public comment period. The Draft EIS evaluated Build Alternatives 1 and 2 and the No Action Alternative.

In early 2013, all efforts and work on the proposed site at Fort Pickett and Nottoway County's LRA area were put on hold pending additional due diligence and reviews at an existing federal training site in Georgia. As part of this due diligence effort, DOS conducted site visits to the Federal Law Enforcement Training Center in Glynco, Georgia. During this time period, DOS also assessed the scope and size of the FASTC project and determined a smaller platform was more fiscally prudent. In April 2014, the earlier DOS selection of the proposed site for FASTC at Fort Pickett and Nottoway County was reaffirmed by the Administration. A Master Plan Update was prepared in 2014 to incorporate the adjustments in the FASTC program.

A Supplemental Draft EIS was published in the **Federal Register** at 80 FR 8311 on January 9, 2015, and a public information meeting was held January 26, 2015, during the 45-day public comment period. The Supplemental Draft EIS evaluated Build Alternative 3 and the No Action Alternative, and provided responses to public comments on the 2012 Draft EIS. Build Alternative 3 was developed based on the 2014 Master Plan Update. Build Alternatives 1 and 2 were no longer feasible because of changes in the program and were eliminated from further evaluation.

*Current Efforts:* The Final EIS designates Build Alternative 3 as the

Preferred Alternative. Build Alternative 3 would have direct, indirect, and cumulative environmental impacts, but the impacts are reduced as compared with the 2012 build alternatives. Changes between the Supplemental Draft EIS and Final EIS include the results of consultation with the State Historic Preservation Officer as required by Section 106 of the NHPA, and updates on consultation with the U.S. Fish and Wildlife Service pertaining to effects on northern long-eared bats under Section 7 of the Endangered Species Act. Section 7 consultation will be concluded prior to the Record of Decision. The Final EIS also updates the proposed action to support emerging advanced tactical training needs and a change in the availability of existing facilities. The proposed action includes limited use of helicopters in training to approximately one or two days per month and the addition of an Ammunition Supply Point on the proposed site. The Final EIS addresses and responds to agency and public comments on the Supplemental Draft EIS.

The Final EIS has been distributed to various federal, state, and local agencies, and interested individuals. The Final EIS is available for review on the project Web site <http://www.state.gov/recovery/fastc>. Printed copies are available for viewing at the following libraries:

- Nottoway County Library—Louis Spencer Epes Memorial Library, 415 South Main St., Blackstone, VA.
- Amelia County—James L. Hamner Public Library, 16351 Dunn St., Amelia, VA.
- Brunswick County—Brunswick County Library, 133 W. Hicks St., Lawrenceville, VA.
- Dinwiddie County—Dinwiddie Library, 14103 Boydton Plank Road, Dinwiddie, VA.
- Lunenburg County—Ripberger Library, 117 South Broad St., Kenbridge, VA.
- Prince Edward County—Prince Edward Community Library, 1303 West 3rd St., Farmville, VA.
- Chesterfield County—Central Library, 9501 Lori Road, Chesterfield, VA.
- Mecklenburg County—Southside Regional Library, 1294 Jefferson St., Boydton, VA.

Dated: April 15, 2015.

**BILLING CODE 6820-89-P**

**DEPARTMENT OF HEALTH AND HUMAN SERVICES**

**Centers for Disease Control and Prevention**

[60Day-15-15ZI; Docket No. CDC-2015-0024]

**Proposed Data Collection Submitted for Public Comment and Recommendations**

**AGENCY:** Centers for Disease Control and Prevention (CDC), Department of Health and Human Services (HHS).

**ACTION:** Notice with comment period.

**SUMMARY:** The Centers for Disease Control and Prevention (CDC), as part of its continuing efforts to reduce public burden and maximize the utility of government information, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995. This notice invites comment on the proposed information collection entitled *Metal and Nonmetal Miner Health Program (MNMHP)*. The MNMHP proposes to gather health data on metal and nonmetal miners to identify opportunities for reducing the incidence and severity of disease.

**DATES:** Written comments must be received on or before June 23, 2015.

**ADDRESSES:** You may submit comments, identified by Docket No. CDC-2015-0024 by any of the following methods:

Federal eRulemaking Portal: *Regulation.gov*. Follow the instructions for submitting comments.

*Mail:* Leroy A. Richardson, Information Collection Review Office, Centers for Disease Control and Prevention, 1600 Clifton Road NE., MS-D74, Atlanta, Georgia 30329.

*Instructions:* All submissions received must include the agency name and Docket Number. All relevant comments received will be posted without change to *Regulations.gov*, including any personal information provided. For access to the docket to read background documents or comments received, go to *Regulations.gov*.

Please note: All public comment should be submitted through the Federal eRulemaking portal (*Regulations.gov*) or by U.S. mail to the address listed above.

**FOR FURTHER INFORMATION CONTACT:** To request more information on the proposed project or to obtain a copy of the information collection plan and instruments, contact the Information Collection Review Office, Centers for

Disease Control and Prevention, 1600 Clifton Road NE., MS-D74, Atlanta, Georgia 30329; phone: 404-639-7570; Email: [omb@cdc.gov](mailto:omb@cdc.gov).

**SUPPLEMENTARY INFORMATION:** Under the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3501-3520), Federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. In addition, the PRA also requires Federal agencies to provide a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each new proposed collection, each proposed extension of existing collection of information, and each reinstatement of previously approved information collection before submitting the collection to OMB for approval. To comply with this requirement, we are publishing this notice of a proposed data collection as described below.

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology; and (e) estimates of capital or start-up costs and costs of operation, maintenance, and purchase of services to provide information. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; to develop, acquire, install and utilize technology and systems for the purpose of collecting, validating and verifying information, processing and maintaining information, and disclosing and providing information; to train personnel and to be able to respond to a collection of information, to search data sources, to complete and review the collection of information; and to transmit or otherwise disclose the information.

**Proposed Project**

Metal and Nonmetal Miner Health Program (MNMHP)—New—National Institute for Occupational Safety and Health (NIOSH), Centers for Disease Control and Prevention (CDC)

### Background and Brief Description

This is a new information collection request seeks data collection approval for a public health surveillance project. The proposed information collection will provide much needed health data pertaining to an estimated 66,000 workers in the metal and nonmetal (MNM) mining industry in the United States. Additionally, approximately 81,000 contractors worked in the metal, nonmetal, and sand/stone/gravel mining sectors in 2013; this information collection will provide health data on those contractors working in the metal and nonmetal mining sectors.

Metal and nonmetal (MNM) mining is an important industry throughout the United States, providing materials for the manufacture of many common items, such as electronics and medications, and employing approximately 25% of the total U.S. mining workforce. Work in this industry exposes miners to recognized hazards including noise, heat, repetitive stress, sleep deprivation, fumes, diesel exhaust, silica and other mine dusts, and radon gas, but the extent to which modern mining practices have mitigated these hazards is unknown. Little is known about the health status of this population of workers, in part because no comprehensive health surveillance system exists for the MNM mining sector.

The Federal Mine Safety and Health Act of 1977 authorized NIOSH to "conduct such studies, research, experiments, and demonstrations as may be appropriate to improve working conditions and practices in coal or other mines." Surveillance of general occupational illnesses, injuries, and exposures is an important part of NIOSH responsibilities as authorized by the Occupational Safety and Health Act of 1970 (29 CFR 671).

Comprehensive health surveillance data are critical in estimating and reducing prevalence of occupational illness. A National Academies review of NIOSH research programs in 2007 emphasized that mining production is expected to increase and incorporate new technologies in the next decade, and that an informed assessment of health and safety issues is necessary to ensure that NIOSH research remains relevant. This program will address a number of high priority goals set by NIOSH to advance and coordinate research across the Institute. These goals include the following: Prevent and reduce work-related airways diseases; prevent and reduce work-related interstitial lung diseases; advance cross-cutting issues that affect all work-related

respiratory diseases, in particular surveillance, exposure assessment, and emerging issues; reduce the incidence of musculoskeletal disorders in mine workers; reduce the incidence and mortality of work-related cardiovascular disease; and improve the health and safety of working people through research and surveillance to better understand work organization characteristics and their associations with health and safety outcomes.

NIOSH proposes to implement a health surveillance program to assess the health status and burden of disease among MNM mine workers. This program will provide current information on a sector of the mining workforce that is not available elsewhere, thereby closing a current knowledge gap. The information will enable NIOSH to develop targeted workplace interventions and health programs directed toward a high risk population of workers. Mining researchers will be able to prioritize research on occupational illnesses. The mining industry will be able to develop, adapt, and promote policies to reduce unhealthy exposures and improve overall miner health.

Data collection will take place at selected mine sites and in mining communities in the United States, focusing initially on the western states of the United States where metal mining is concentrated. NIOSH will collaborate with health and safety leaders from western MNM mines, labor, academic researchers, and other NIOSH researchers to identify mines interested in participating in the health assessments. A mobile health clinic will visit each participating site for a number of days, during which NIOSH will solicit voluntary participation from mine employees and contractors. Program staff will collaborate with mine operators and labor representatives to determine the best method to recruit participants.

Data collection from consenting individuals working, or having previously worked, in the MNM mining sectors will include: Completion of a questionnaire, measurements of height, weight and blood pressure, collection of a fingerstick blood sample for measurement of cholesterol and hemoglobin A1C levels, pulmonary function testing, and a chest radiograph. The purpose of the questionnaire is to determine prevalence of certain health conditions and risk factors for disease, and to characterize miners' working conditions and workplace exposures. Information will be collected on demographics, occupation, work status, working conditions and occupational

exposures, work stress, musculoskeletal disorders, hearing, sleep and fatigue, chronic disease and chronic disease risk factors, and respiratory health. Responding to any of the questions in the questionnaire will be optional; participants may choose to opt out of any portion of the questionnaire, or any of the individual biometric tests. In such cases, participants will still be eligible for remaining tests in which they choose to participate.

All data collection activities will be conducted in full compliance with the CDC regulations to maintain the privacy of data obtained on persons and to protect the rights and welfare of human subjects, as contained in Title 28 of the Code of Federal Regulations, Parts 22 and 46.

Overall, there are no direct costs to MNMHP participants. The total estimated annualized burden hours are 5,213. This estimate is based on the following:

- *Consent form signature:* Miners who elect to participate will be asked to read and sign a consent form describing the purpose of the research, risks and benefits of participation, what to expect for participants, data security, and voluntary participation. The consent has been modified to be readable at approximately an eighth grade level. The consent will take approximately 5 minutes to read and sign.

- *Questionnaire completion:* Miners who elect to participate in the MNMHP will complete an electronic questionnaire, which takes an average of approximately 23 minutes, with a range of 19–30 minutes. Up to 5% of miners may prefer to complete the questionnaire in hardcopy format, which is estimated to take up to 25% longer to complete.

- *Measurements of height, weight and blood pressure:* Miners will be asked to sit quietly for approximately 5 minutes, after which their blood pressure will be measured. Afterward, their height and weight will be measured. In total, these measurements take approximately 10 minutes. No forms are required.

- *Collection of a fingerstick blood sample for measurement of cholesterol and hemoglobin A1C levels:* Miners will be asked to provide a fingerstick blood sample, which will be used to measure cholesterol and hemoglobin A1C (for diabetes). The sample collection will take approximately 5–10 minutes, and the results will be available in approximately 5–10 minutes. However, the miners will proceed to other testing stations (chest radiography and pulmonary function testing) while waiting for the results of their fingerstick blood tests, and therefore no

extra time is required beyond the blood sample collection. No forms are required.

- *Pulmonary function testing:* This test requires approximately 15–20 minutes to complete. No forms are required.

- *Chest radiograph:* Chest radiography will take approximately 5 minutes. No forms are required.
- *B Reader Physicians:* Physicians provide classifications of chest radiographs by completing a standard NIOSH chest radiograph classification form, which uses the International Labour Office classification system for

determination of pneumoconiosis. Each image requires two readings, and according to the Coal Workers' Health Surveillance Program (CWHSP), approximately 7% of the images require at least one additional reading. The CWHSP estimates that it takes each B Reader approximately three minutes to complete each form.

ESTIMATED ANNUALIZED BURDEN HOURS

Type of respondent	Form name	Number of respondents	Number of responses per respondent	Average burden/response (in hrs)	Total burden (in hrs)
Miners .....	Form # questionnaire .....	2,375	1	30/60	1,188
Miners .....	Form # questionnaire (hardcopy) .....	125	1	40/60	83
Miners .....	Height, weight, blood pressure—No form required.	2,500	1	10/60	417
Miners .....	Fingerstick—No form required .....	2,500	1	10/60	417
Miners .....	Spirometry Test—No form required	2,500	1	20/60	833
Miners .....	Radiograph—No form required .....	2,500	1	10/60	417
Miners .....	Consent form .....	2,500	1	5/60	208
B Reader Physician .....	Form 2.8 .....	10	550	3/60	275
<b>Total .....</b>					<b>3,838</b>

BILLING CODE 4163–18–P

**DEPARTMENT OF HEALTH AND HUMAN SERVICES**

**Centers for Medicare & Medicaid Services**

[Document Identifier: CMS–10539]

**Agency Information Collection Activities: Proposed Collection; Comment Request**

**AGENCY:** Centers for Medicare & Medicaid Services, HHS.

**ACTION:** Notice.

**SUMMARY:** The Centers for Medicare & Medicaid Services (CMS) is announcing an opportunity for the public to comment on CMS' intention to collect information from the public. Under the Paperwork Reduction Act of 1995 (the PRA), federal agencies are required to publish notice in the **Federal Register** concerning each proposed collection of information (including each proposed extension or reinstatement of an existing collection of information) and to allow 60 days for public comment on the proposed action. Interested persons are invited to send comments regarding our burden estimates or any other aspect of

this collection of information, including any of the following subjects: (1) The necessity and utility of the proposed information collection for the proper performance of the agency's functions; (2) the accuracy of the estimated burden; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

**DATES:** Comments must be received by June 23, 2015.

**ADDRESSES:** When commenting, please reference the document identifier or OMB control number. To be assured consideration, comments and recommendations must be submitted in any one of the following ways:

1. *Electronically.* You may send your comments electronically to <http://www.regulations.gov>. Follow the instructions for "Comment or Submission" or "More Search Options" to find the information collection document(s) that are accepting comments.

2. *By regular mail.* You may mail written comments to the following address: CMS, Office of Strategic Operations and Regulatory Affairs, Division of Regulations Development, Attention: Document Identifier/OMB Control Number \_\_\_\_\_, Room C4–26–05, 7500 Security Boulevard, Baltimore, Maryland 21244–1850.

To obtain copies of a supporting statement and any related forms for the

proposed collection(s) summarized in this notice, you may make your request using one of following:

1. Access CMS' Web site address at <http://www.cms.hhs.gov/PaperworkReductionActof1995>.

2. Email your request, including your address, phone number, OMB number, and CMS document identifier, to [Paperwork@cms.hhs.gov](mailto:Paperwork@cms.hhs.gov).

3. Call the Reports Clearance Office at (410) 786–1326.

**FOR FURTHER INFORMATION CONTACT:** Reports Clearance Office at (410) 786–1326.

**SUPPLEMENTARY INFORMATION:**

**Contents**

This notice sets out a summary of the use and burden associated with the following information collections. More detailed information can be found in each collection's supporting statement and associated materials (see **ADDRESSES**).

**CMS–10539 Medicare and Medicaid Programs: Conditions of Participation for Home Health Agencies (HHA)**

Under the PRA (44 U.S.C. 3501–3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. The term "collection of information" is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party.

Section 3506(c)(2)(A) of the PRA requires federal agencies to publish a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, CMS is publishing this notice.

### Information Collection

1. *Type of Information Collection Request:* New collection (Request for a new OMB control number); *Title of Information Collection:* Medicare and Medicaid Programs: Conditions of Participation for Home Health Agencies (HHA); *Use:* Home health services are covered for the elderly and disabled under the Hospital Insurance (Part A) and Supplemental Medical Insurance (Part B) benefits of the Medicare program, and are described in section 1861(m) of the Social Security Act (the Act) (42 U.S.C. 1395x). These services must be furnished by, or under arrangement with, an HHA that participates in the Medicare program, and be provided on a visiting basis in the beneficiary's home. They may include the following:

- Part-time or intermittent skilled nursing care furnished by or under the supervision of a registered nurse.
- Physical therapy, speech-language pathology, or occupational therapy.
- Medical social services under the direction of a physician.
- Part-time or intermittent home health aide services.
- Medical supplies (other than drugs and biologicals) and durable medical equipment.
- Services of interns and residents if the HHA is owned by or affiliated with a hospital that has an approved medical education program.
- Services at hospitals, SNFs, or rehabilitation centers when they involve equipment too cumbersome to bring to the home.

Section 1861(o) of the Act (42 U.S.C. 1395x) specifies certain requirements that a home health agency must meet to participate in the Medicare program. Existing regulations at 42 CFR 440.70(d) specify that HHAs participating in the Medicaid program must also meet the Medicare CoPs.) In particular, section 1861(o)(6) of the Act requires that an HHA must meet the CoPs specified in section 1891(a) of the Act and such other CoPs as the Secretary finds necessary in the interest of the health and safety of its patients. Section 1891(a) of the Act establishes specific requirements for HHAs in several areas,

including patient rights, home health aide training and competency, and compliance with applicable Federal, State, and local laws.

Under the authority of sections 1861(o), 1871 and 1891 of the Act, the Secretary proposes to establish in regulations the requirements that an HHA must meet to participate in the Medicare program. These requirements would be set forth in 42 CFR part 484 as Conditions of Participation for Home Health Agencies. The CoPs apply to an HHA as an entity as well as the services furnished to each individual under the care of the HHA, unless a condition is specifically limited to Medicare beneficiaries.

Under section 1891(b) of the Act, the Secretary is responsible for assuring that the CoPs, and their enforcement, are adequate to protect the health and safety of individuals under the care of an HHA and to promote the effective and efficient use of Medicare funds. To implement this requirement, State survey agencies generally conduct surveys of HHAs to determine whether they are complying with the CoPs.

This information collection request is associated with Home Health Agency Conditions of Participation (0938-AG81) which published October 9, 2014. *Form Number:* CMS-10539 (OMB control number: 0938-NEW); *Frequency:* Annually; *Affected Public:* Business or other for-profits and not-for-profit institutions; *Number of Respondents:* 19,474; *Total Annual Responses:* 32,929,239; *Total Annual Hours:* 2,786,198. (For policy questions regarding this collection contact Danielle Shearer at 410-786-6617.)

Dated: April 21, 2015.

**William N. Parham, III,**

*Director, Paperwork Reduction Staff, Office of Strategic Operations and Regulatory Affairs.*

## DEPARTMENT OF HEALTH AND HUMAN SERVICES

### Centers for Medicare & Medicaid Services

[CMS-3320-N]

#### Medicare Program; Meeting of the Medicare Evidence Development and Coverage Advisory Committee—July 22, 2015

**AGENCY:** Centers for Medicare & Medicaid Services (CMS), HHS.

**ACTION:** Notice of meeting.

**SUMMARY:** This notice announces that a public meeting of the Medicare Evidence Development & Coverage Advisory Committee (MEDCAC) (“Committee”) will be held on Wednesday, July 22, 2015. This meeting will specifically focus on lower extremity peripheral artery disease. This meeting is open to the public in accordance with the Federal Advisory Committee Act (5 U.S.C. App. 2, section 10(a)).

**DATES:** *Meeting Date:* The public meeting will be held on Wednesday, July 22, 2015 from 7:30 a.m. until 4:30 p.m., Eastern Daylight Time (EDT).

*Deadline for Submission of Written Comments:* Written comments must be received at the address specified in the **ADDRESSES** section of this notice by 5 p.m., EDT, Monday, June 15, 2015. Once submitted, all comments are final.

*Deadlines for Speaker Registration and Presentation Materials:* The deadline to register to be a speaker and to submit PowerPoint presentation materials and writings that will be used in support of an oral presentation is 5:00 p.m., EDT on Monday, June 15, 2015. Speakers may register by phone or via email by contacting the person listed in the **FOR FURTHER INFORMATION CONTACT** section of this notice. Presentation materials must be received at the address specified in the **ADDRESSES** section of this notice.

*Deadline for All Other Attendees Registration:* Individuals may register online at <http://www.cms.gov/apps/events/upcomingevents.asp?strOrderBy=1&type=3> or by phone by contacting the person listed in the **FOR FURTHER INFORMATION CONTACT** section of this notice by 5 p.m. EDT, Wednesday, July 15, 2015. We will be broadcasting the meeting live via Webcast at <http://www.cms.gov/live/>. *Deadline for Submitting a Request for Special Accommodations:* Persons attending the meeting who are hearing or visually impaired, or have a condition that requires special assistance or accommodations, are asked to contact the Executive Secretary as specified in the **FOR FURTHER INFORMATION CONTACT** section of this notice no later than 5:00 p.m., EDT Friday, July 3, 2015.

**ADDRESSES:** *Meeting Location:* The meeting will be held in the main auditorium of the Centers for Medicare & Medicaid Services, 7500 Security Boulevard, Baltimore, MD 21244.

*Submission of Presentations and Comments:* Presentation materials and written comments that will be presented at the meeting must be submitted via email to [MedCACpresentations@cms.hhs.gov](mailto:MedCACpresentations@cms.hhs.gov) or by regular mail to the

contact listed in the **FOR FURTHER INFORMATION CONTACT** section of this notice by the date specified in the **DATES** section of this notice.

**FOR FURTHER INFORMATION CONTACT:** Maria Ellis, Executive Secretary for MEDCAC, Centers for Medicare & Medicaid Services, Center for Clinical Standards and Quality, Coverage and Analysis Group, S3-02-01, 7500 Security Boulevard, Baltimore, MD 21244 or contact Ms. Ellis by phone (410-786-0309) or via email at [Maria.Ellis@cms.hhs.gov](mailto:Maria.Ellis@cms.hhs.gov).

**SUPPLEMENTARY INFORMATION:**

**I. Background**

MEDCAC, formerly known as the Medicare Coverage Advisory Committee (MCAC), is advisory in nature, with all final coverage decisions resting with CMS. MEDCAC is used to supplement CMS' internal expertise. Accordingly, the advice rendered by the MEDCAC is most useful when it results from a process of full scientific inquiry and thoughtful discussion, in an open forum, with careful framing of recommendations and clear identification of the basis of those recommendations. MEDCAC members are valued for their background, education, and expertise in a wide variety of scientific, clinical, and other related fields. (For more information on MCAC, see the MEDCAC Charter (<http://www.cms.gov/Regulations-and-Guidance/Guidance/FACA/Downloads/medcaccharter.pdf>) and the CMS Guidance Document, *Factors CMS Considers in Referring Topics to the MEDCAC* (<http://www.cms.gov/medicare-coverage-database/details/medicare-coverage-document-details.aspx?MCDId=10>).

**II. Meeting Topic and Format**

This notice announces the Wednesday, July 22, 2015, public meeting of the Committee. During this meeting, the Committee will discuss lower extremity peripheral artery disease. Background information about this topic, including panel materials, is available at <http://www.cms.gov/medicare-coverage-database/indexes/medcac-meetings-index.aspx?bc=BAAAAAAAAAAAA&>. We will no longer be providing paper copies of the handouts for the meeting. Electronic copies of all the meeting materials will be on the CMS Web site no later than 2 business days before the meeting. We encourage the participation of appropriate organizations with expertise in lower extremity peripheral artery disease.

This meeting is open to the public. The Committee will hear oral

presentations from the public for approximately 45 minutes. Time allotted for each presentation may be limited. If the number of registrants requesting to speak is greater than can be reasonably accommodated during the scheduled open public hearing session, we may conduct a lottery to determine the speakers for the scheduled open public hearing session. The contact person will notify interested persons regarding their request to speak by June 22, 2015. Your comments should focus on issues specific to the list of topics that we have proposed to the Committee. The list of research topics to be discussed at the meeting will be available on the following Web site prior to the meeting: <http://www.cms.gov/medicare-coverage-database/indexes/medcac-meetings-index.aspx?bc=BAAAAAAAAAAAA&>. We require that you declare at the meeting whether you have any financial involvement with manufacturers (or their competitors) of any items or services being discussed. Speakers presenting at the MEDCAC meeting must include a full disclosure slide as their second slide in their presentation for financial interests (for example, type of financial association—consultant, research support, advisory board, and an indication of level, such as minor association <\$10,000 or major association >\$10,000) as well as intellectual conflicts of interest (for example, involvement in a federal or nonfederal advisory committee that has discussed the issue) that may pertain in any way to the subject of this meeting. If you are representing an organization, we require that you also disclose conflict of interest information for that organization. If you do not have a PowerPoint presentation, you will need to present the full disclosure information requested previously at the beginning of your statement to the Committee.

The Committee will deliberate openly on the topics under consideration. Interested persons may observe the deliberations, but the Committee will not hear further comments during this time except at the request of the chairperson. The Committee will also allow a 15-minute unscheduled open public session for any attendee to address issues specific to the topics under consideration. At the conclusion of the day, the members will vote and the Committee will make its recommendation(s) to CMS.

**III. Registration Instructions**

CMS' Coverage and Analysis Group is coordinating meeting registration. While there is no registration fee, individuals

must register to attend. You may register online at <http://www.cms.gov/apps/events/upcomingevents.asp?strOrderBy=1&type=3> or by phone by contacting the person listed in the **FOR FURTHER INFORMATION CONTACT** section of this notice by the deadline listed in the **DATES** section of this notice. Please provide your full name (as it appears on your state-issued driver's license), address, organization, telephone number(s), fax number, and email address. You will receive a registration confirmation with instructions for your arrival at the CMS complex or you will be notified that the seating capacity has been reached.

**IV. Security, Building, and Parking Guidelines**

This meeting will be held in a federal government building; therefore, federal security measures are applicable. We recommend that confirmed registrants arrive reasonably early, but no earlier than 45 minutes prior to the start of the meeting, to allow additional time to clear security. Security measures include the following:

- Presentation of government-issued photographic identification to the Federal Protective Service or Guard Service personnel.
- Inspection of vehicle's interior and exterior (this includes engine and trunk inspection) at the entrance to the grounds. Parking permits and instructions will be issued after the vehicle inspection.
- Inspection, via metal detector or other applicable means, of all persons entering the building. We note that all items brought into CMS, whether personal or for the purpose of presentation or to support a presentation, are subject to inspection. We cannot assume responsibility for coordinating the receipt, transfer, transport, storage, set-up, safety, or timely arrival of any personal belongings or items used for a presentation.

**Note:** Individuals who are not registered in advance will not be permitted to enter the building and will be unable to attend the meeting. The public may not enter the building earlier than 45 minutes prior to the convening of the meeting.

All visitors must be escorted in areas other than the lower and first floor levels in the Central Building.

**V. Collection of Information**

This document does not impose information collection requirements, that is, reporting, recordkeeping or third-party disclosure requirements. Consequently, there is no need for

review by the Office of Management and Budget under the authority of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35).

**Authority:** 5 U.S.C. App. 2, section 10(a).

Dated: April 16, 2015.

**Patrick Conway,**

*Acting Principal Deputy Administrator, Deputy Administrator for Innovation and Quality, CMS Chief Medical Officer, Centers for Medicare & Medicaid Services.*

[FR Doc. 2015-09607 Filed 4-23-15; 8:45 am]

## DEPARTMENT OF HEALTH AND HUMAN SERVICES

### Centers for Medicare & Medicaid Services

[CMS-1639-N]

#### Medicare Program: Renewal of the Advisory Panel on Hospital Outpatient Payment

**AGENCY:** Centers for Medicare & Medicaid Services (CMS), Department of Health and Human Services (HHS).

**ACTION:** Notice.

**SUMMARY:** This notice announces the renewal of the Advisory Panel (the Panel) on Hospital Outpatient Payment (HOP) charter. The charter was approved on November 6, 2014 for a 2-year period effective through November 6, 2016. This notice publicly announces the renewal of the HOP Panel for another 2-year period. The purpose of the Panel is to advise the Secretary of the Department of Health and Human Services (DHHS) and the Administrator of the Centers for Medicare & Medicaid Services (CMS) concerning the clinical integrity of the Ambulatory Payment Classification groups and their relative payment weights. The Panel also addresses and makes recommendations regarding supervision of hospital outpatient services. The advice provided by the Panel will be considered as we prepare the annual updates for the hospital outpatient prospective payment system.

**DATES:** April 24, 2015.

**ADDRESSES:** *Web site:* For additional information on the Panel meeting dates, agenda topics, copy of the charter, and updates to the Panel's activities, we refer readers to our Web site at the following address: <https://www.cms.gov/Regulations-and-Guidance/FACA/AdvisoryPanelonAmbulatoryPaymentClassificationGroups.html>.

**FOR FURTHER INFORMATION CONTACT:** Designated Federal Official (DFO): Carol

Schwartz, DFO, 7500 Security Boulevard, Mail Stop: C4-04-25, Woodlawn, MD 21244-1850. Phone: (410) 786-3985. Email: [APCPanel@cms.hhs.gov](mailto:APCPanel@cms.hhs.gov).

#### SUPPLEMENTARY INFORMATION:

##### I. Background

The Secretary of the Department of Health and Human Services (the Secretary) is required by section 1833(t)(9)(A) of the Social Security Act (the Act) (42 U.S.C. 1395l(t)(9)(A)) and is allowed by section 222 of the Public Health Service Act (PHS Act) (42 U.S.C. 217(a)) to consult with an expert outside advisory panel on the clinical integrity of the Ambulatory Payment Classification (APC) groups and relative payment weights, which are major elements of the Medicare Hospital Outpatient Prospective Payment System (OPPS), and the appropriate supervision level for hospital outpatient services. The Panel is governed by the provisions of the Federal Advisory Committee Act (FACA) (Pub. L. 92-463), as amended (5 U.S.C. Appendix 2), which sets forth standards for the formation and use of advisory panels.

The Panel Charter provides that the Panel shall meet up to 3 times annually. We consider the technical advice provided by the Panel as we prepare the proposed and final rules to update the OPPS for the following calendar year.

##### II. Renewal of the Hospital Outpatient Payment (HOP) Panel

The Panel was originally chartered on November 21, 2000 and the Panel requires a recharter every 2 years. This notice announces the renewal of the HOP Panel charter, which was approved on November 6, 2014 for a 2-year period effective through November 6, 2016. The charter will terminate on November 6, 2016, unless renewed by appropriate action. CMS intends to recharter the Panel for another 2-year period prior to the expiration of the current charter.

Pursuant to the renewed charter, the Panel will advise the Secretary and CMS concerning optimal strategies for the following:

- Addressing whether procedures within an APC group are similar both clinically and in terms of resource use.
- Reconfiguring APCs (for example, splitting of APCs, moving Healthcare Common Procedures Coding System (HCPCS) codes from one APC to another, and moving HCPCS codes from new technology APCs to clinical APCs).
- Evaluating APC group weights.
- Reviewing packaging the cost of items and services, including drugs and devices into procedures and services;

including the methodology for packaging and the impact of packaging the cost of those items and services on APC group structure and payment.

- Removing procedures from the inpatient list for payment under the OPPS payment system.

- Using claims and cost report data for CMS' determination of APC group costs.

- Addressing other technical issues concerning APC group structure.

- Evaluating the required level of supervision for hospital outpatient services.

##### III. Copies of the Charter

To obtain a copy of the Panel's Charter, we refer readers to the CMS Web site at: <http://www.cms.gov/Regulations-and-Guidance/Guidance/FACA/AdvisoryPanelonAmbulatoryPaymentClassificationGroups.html>. Also, a copy of the Panel's Charter can be received by submitting a request to the contact listed in the **FOR FURTHER INFORMATION** section of this notice.

##### IV. Collection of Information Requirements

This document does not impose information collection requirements, that is, reporting, recordkeeping or third-party disclosure requirements. Consequently, there is no need for review by the Office of Management and Budget under the authority of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35).

Dated: April 13, 2015.

**Andrew M. Slavitt,**

*Acting Administrator, Centers for Medicare & Medicaid Services.*

## DEPARTMENT OF HEALTH AND HUMAN SERVICES

### Centers for Medicare & Medicaid Services

[CMS-3315-PN]

#### Medicare and Medicaid Programs; Application by the American Association of Diabetes Educators for Continued Deeming Authority for Diabetes Self-Management Training

**AGENCY:** Centers for Medicare & Medicaid Services (CMS), HHS.

**ACTION:** Proposed notice.

**SUMMARY:** This proposed notice announces the receipt of an application from the American Association of Diabetes Educators for continued recognition as a national accreditation

program for accrediting entities that wish to furnish outpatient diabetes self-management training to Medicare beneficiaries.

**DATES:** To be assured consideration, comments must be received at one of the addresses provided below, no later than 5 p.m. on May 26, 2015.

**ADDRESSES:** In commenting, refer to file code CMS-3315-PN. Because of staff and resource limitations, we cannot accept comments by facsimile (FAX) transmission.

You may submit comments in one of four ways (please choose only one of the ways listed):

1. *Electronically.* You may submit electronic comments on this regulation to <http://www.regulations.gov>. Follow the "Submit a comment" instructions.

2. *By regular mail.* You may mail written comments to the following address ONLY: Centers for Medicare & Medicaid Services, Department of Health and Human Services, Attention: CMS-3315-PN, P.O. Box 8010, Baltimore, MD 21244-8010.

Please allow sufficient time for mailed comments to be received before the close of the comment period.

3. *By express or overnight mail.* You may send written comments to the following address ONLY: Centers for Medicare & Medicaid Services, Department of Health and Human Services, Attention: CMS-3315-PN, Mail Stop C4-26-05, 7500 Security Boulevard, Baltimore, MD 21244-1850.

4. *By hand or courier.* Alternatively, you may deliver (by hand or courier) your written ONLY to the following addresses:

a. For delivery in Washington, DC—Centers for Medicare & Medicaid Services, Department of Health and Human Services, Room 445-G, Hubert H. Humphrey Building, 200 Independence Avenue SW., Washington, DC 20201. (Because access to the interior of the Hubert H. Humphrey Building is not readily available to persons without Federal government identification, commenters are encouraged to leave their comments in the CMS drop slots located in the main lobby of the building. A stamp-in clock is available for persons wishing to retain a proof of filing by stamping in and retaining an extra copy of the comments being filed.)

b. For delivery in Baltimore, MD—Centers for Medicare & Medicaid Services, Department of Health and Human Services, 7500 Security Boulevard, Baltimore, MD 21244-1850.

If you intend to deliver your comments to the Baltimore address, call telephone number (410) 786-9994 in

advance to schedule your arrival with one of our staff members.

Comments erroneously mailed to the addresses indicated as appropriate for hand or courier delivery may be delayed and received after the comment period.

For information on viewing public comments, see the beginning of the **SUPPLEMENTARY INFORMATION** section.

**FOR FURTHER INFORMATION CONTACT:** Kristin Shifflett, (410) 786-4133. Jacqueline Leach, (410) 786-4282.

**SUPPLEMENTARY INFORMATION:** *Inspection of Public Comments:* All comments received before the close of the comment period are available for viewing by the public, including any personally identifiable or confidential business information that is included in a comment. We post all comments received before the close of the comment period on the following Web site as soon as possible after they have been received: <http://www.regulations.gov>. Follow the search instructions on that Web site to view public comments.

Comments received timely will also be available for public inspection as they are received, generally beginning approximately 3 weeks after publication of a document, at the headquarters of the Centers for Medicare & Medicaid Services, 7500 Security Boulevard, Baltimore, Maryland 21244, Monday through Friday of each week from 8:30 a.m. to 4 p.m. To schedule an appointment to view public comments, phone 1-800-743-3951.

### I. Background

Under the Medicare program, eligible beneficiaries may receive outpatient Diabetes Self-Management Training (DSMT) when ordered by the physician (or qualified non-physician practitioner) treating the beneficiary's diabetes, provided certain requirements are met. Pursuant to our regulations at 42 CFR 410.141(e)(3), we use national accrediting organizations to assess whether provider entities meet Medicare requirements when providing services for which Medicare payment is made. If a provider entity is accredited by an approved accrediting organization, it is "deemed" to meet applicable Medicare requirements.

Under section 1865(a)(1)(B) of the Social Security Act (the Act), a national accrediting organization must have an agreement in effect with the Secretary of the Department of Health and Human Services (the Secretary) and meet the standards and requirements specified by the Secretary in 42 CFR part 410, subpart H, to qualify for deeming authority. Our regulations pertaining to

application procedures for the national accreditation organizations for DSMT are specified at § 410.142 (CMS process for approving national accreditation organizations).

A national accreditation organization applying for deeming authority must provide CMS with reasonable assurance that the accrediting organization requires accredited entities to meet requirements that are at least as stringent as the Medicare requirements.

We may approve and recognize a nonprofit organization with demonstrated experience in representing the interests of individuals with diabetes to accredit entities to furnish training. The accreditation organization, after being approved and recognized by CMS, may accredit an entity to meet one of the sets of quality standards in § 410.144 (Quality standards for deemed entities).

### II. Approval of Deeming Organizations

Section 1865(a)(2) of the Act further requires that we review the applying accreditation organization's requirements for accreditation, as follows:

- Survey procedures;
- Ability to provide adequate resources for conducting required surveys;
- Ability to supply information for use in enforcement activities;
- Monitoring procedures for providers found out of compliance with the conditions or requirements; and
- Ability to provide CMS with necessary data for validation.

We then examine the national accreditation organization's accreditation requirements to determine if they meet or exceed the Medicare conditions as we would have applied them. Section 1865(a)(3)(A) of the Act requires that we publish a notice identifying the national accreditation organization that is making the request for approval or renewal within 60 days of receipt of a completed application. The notice must describe the nature of the request and provide at least a 30-day public comment period. We have 210 days from receipt of the request to publish a finding of approval or denial of the application. If CMS recognizes an accreditation organization in this manner, any entity accredited by the national accreditation organization's program for that service will be deemed to meet the Medicare conditions for coverage.

### III. Evaluation of Deeming Authority Request

The purpose of this notice is to notify the public of the American Association

of Diabetes Educators' (AADE) request for the Secretary's approval of its accreditation program for outpatient DSMT services. The AADE submitted all the necessary materials to enable us to make a determination concerning its request for re-approval as a deeming organization for DSMTs. AADE was initially accredited on August 27, 2012, for a period of 3 years. This application was determined to be complete on February 27, 2015. This notice also solicits public comments on the ability of the AADE to continue to develop standards that meet or exceed the Medicare conditions for coverage and apply them to entities furnishing outpatient.

The regulations specifying the Medicare conditions for coverage for outpatient diabetes self-management training services are located in parts 410, subpart H. These conditions implement section 1861(qq) of the Act, which provides for Medicare Part B coverage of outpatient DSMT services specified by the Secretary.

Under section 1865(a)(2) of the Act and our regulations at § 410.142 (CMS process for approving accreditation organizations) and § 410.143 (Requirements for approved accreditation organizations), we review and evaluate a national accreditation organization based on (but not necessarily limited to) the criteria set forth in § 410.142(b).

We may conduct on-site inspections of a national accreditation organization's operations and office to verify information in the organization's application and assess the organization's compliance with its own policies and procedures. The on-site inspection may include, but is not limited to, reviewing documents, auditing documentation of meetings concerning the accreditation process, evaluating accreditation results or the accreditation status decision making process, and interviewing the organization's staff.

#### IV. Collection of Information Requirements

This document does not impose information collection requirements, that is, reporting, recordkeeping or third-party disclosure requirements. Consequently, there is no need for review by the Office of Management and Budget under the authority of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

#### V. Response to Comments

Because of the large number of public comments we normally receive on **Federal Register** documents, we are not

able to acknowledge or respond to them individually. We will consider all comments we receive by the date and time specified in the **DATES** section of this preamble, and, when we proceed with a subsequent document, we will respond to the comments in the preamble to that document. Upon completion of our evaluation, including evaluation of comments received as a result of this notice, we will publish a notice in the **Federal Register** announcing the result of our evaluation.

Dated: April 7, 2015.

**Andrew M. Slavitt**,

## DEPARTMENT OF HEALTH AND HUMAN SERVICES

### Centers for Medicare & Medicaid Services

[Document Identifier: CMS-10392 and CMS-10418]

#### Agency Information Collection Activities: Submission for OMB Review; Comment Request

**ACTION:** Notice.

**SUMMARY:** The Centers for Medicare & Medicaid Services (CMS) is announcing an opportunity for the public to comment on CMS' intention to collect information from the public. Under the Paperwork Reduction Act of 1995 (PRA), federal agencies are required to publish notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, and to allow a second opportunity for public comment on the notice. Interested persons are invited to send comments regarding the burden estimate or any other aspect of this collection of information, including any of the following subjects: (1) The necessity and utility of the proposed information collection for the proper performance of the agency's functions; (2) the accuracy of the estimated burden; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

**DATES:** Comments on the collection(s) of information must be received by the OMB desk officer by May 26, 2015.

**ADDRESSES:** When commenting on the proposed information collections, please reference the document identifier or OMB control number. To be assured consideration, comments and recommendations must be received by the OMB desk officer via one of the following transmissions: OMB, Office of Information and Regulatory Affairs, Attention: CMS Desk Officer, Fax Number: (202) 395-5806 *OR*, Email: [OIRA\\_submission@omb.eop.gov](mailto:OIRA_submission@omb.eop.gov).

To obtain copies of a supporting statement and any related forms for the proposed collection(s) summarized in this notice, you may make your request using one of following:

1. Access CMS' Web site address at <http://www.cms.hhs.gov/PaperworkReductionActof1995>.

2. Email your request, including your address, phone number, OMB number, and CMS document identifier, to [Paperwork@cms.hhs.gov](mailto:Paperwork@cms.hhs.gov).

3. Call the Reports Clearance Office at (410) 786-1326.

**FOR FURTHER INFORMATION CONTACT:** Reports Clearance Office at (410) 786-1326.

**SUPPLEMENTARY INFORMATION:** Under the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3501-3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. The term "collection of information" is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA (44 U.S.C. 3506(c)(2)(A)) requires federal agencies to publish a 30-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, CMS is publishing this notice that summarizes the following proposed collection(s) of information for public comment:

1. *Type of Information Collection Request:* Revision of a currently approved information collection; *Title of Information Collection:* Consumer Operated and Oriented (CO-OP) Program; *Use:* The Consumer Operated and Oriented Plan (CO-OP) program was established by Section 1322 of the Affordable Care Act. This program provides for loans to establish at least one consumer-operated, qualified nonprofit health insurance issuer in each State. Issuers supported by the

CO-OP program will offer at least one qualified health plan at the silver level of benefits and one at the gold level of benefits in the individual market State Health Benefit Exchanges (Exchanges). At least two-thirds of policies or contracts offered by a CO-OP will be open to individuals and small employers. Profits generated by the nonprofit CO-OPs will be used to lower premiums, improve benefits, improve the quality of health care delivered to their members, expand enrollment, or otherwise contribute to the stability of coverage offered by the CO-OP. By increasing competition in the health insurance market and operating with a strong consumer focus, the CO-OP program will provide consumers more choices, greater plan accountability, increased competition to lower prices, and better models of care, benefiting all consumers, not just CO-OP members.

The CO-OP program will provide nonprofits with loans to fund start-up costs and State reserve requirements, in the form of Start-up Loans and Solvency Loans. An applicant may apply for (1) joint Start-up and Solvency Loans; or (3) only a Solvency Loan. Planning Loans are intended to help loan recipients determine the feasibility of operating a CO-OP in a target market. Start-up Loans are intended to assist loan recipients with the many start-up costs associated with establishing a new health insurance issuer. Solvency Loans are intended to assist loan recipients with meeting the solvency requirements of States in which the applicant seeks to be licensed to issue qualified health plans. *Form Number:* CMS-10392 (OMB control number 0938-1139); *Frequency:* Occasionally; *Affected Public:* Private Sector (Not-for-profit institutions); *Number of Respondents:* 23; *Total Annual Responses:* 675; *Total Annual Hours:* 93,220. (For policy questions regarding this collection contact Deepti Loharikar at 301-492-4126.)

**2. Type of Information Collection**  
*Request:* Revision of currently approved collection; *Title of Information Collection:* Annual MLR and Rebate Calculation Report and MLR Rebate Notices; *Use:* Under Section 2718 of the Affordable Care Act and implementing regulation at 45 CFR part 158, a health insurance issuer (issuer) offering group or individual health insurance coverage must submit a report to the Secretary concerning the amount the issuer spends each year on claims, quality improvement expenses, non-claims costs, Federal and State taxes and licensing and regulatory fees, the amount of earned premium, and beginning with the 2014 reporting year, the amounts related to the reinsurance,

risk corridors, and risk adjustment programs established under sections 1341, 1342, and 1343, respectively, of the Affordable Care Act. An issuer must provide an annual rebate if the amount it spends on certain costs compared to its premium revenue (excluding Federal and States taxes and licensing and regulatory fees) does not meet a certain ratio, referred to as the medical loss ratio (MLR). An interim final rule (IFR) implementing the MLR was published on December 1, 2010 (75 FR 74865) and modified by technical corrections on December 30, 2010 (75 FR 82277), which added Part 158 to Title 45 of the Code of Federal Regulations. The IFR is effective January 1, 2011. A final rule regarding selected provisions of the IFR was published on December 7, 2011 (76 FR 76574, CMS-9998-FC) and an interim final rule regarding an issue not included in issuers' reporting obligations (disbursement of rebates by non-federal governmental plans) was also published December 7, 2011 (76 FR 76596, CMS-9998-IFC2). Both rules published on December 7, 2011 are effective January 1, 2012. Each issuer is required to submit annually MLR data, including information about any rebates it must provide, on a form prescribed by CMS, for each State in which the issuer conducts business. Each issuer is also required to provide a rebate notice to each policyholder that is owed a rebate and each subscriber of policyholders that are owed a rebate for any given MLR reporting year. Additionally, each issuer is required to maintain for a period of seven years all documents, records and other evidence that support the data included in each issuer's annual report to the Secretary.

Under Section 1342 of the Patient Protection and Affordable Care Act and implementing regulation at 45 CFR part 153, issuers of qualified health plans (QHPs) must participate in a risk corridors program. A QHP issuer will pay risk corridors charges or be eligible to receive risk corridors payments based on the ratio of the issuer's allowable costs to the target amount. A final rule (Premium Stabilization Rule) implementing the risk corridors program was published on March 23, 2012 (77 FR 17220), which added part 153 to title 45 of the Code of Federal Regulations. The Premium Stabilization Rule is effective May 22, 2012. Final rules (2014 Payment Notice, 2015 Payment Notice, and 2016 Payment Notice) outlining the risk corridors benefit and payment parameters for the 2014, 2015, and 2016 benefit years were published on March 11, 2013 (78 FR 15410), March 11, 2014 (79 FR 13744),

and February 27, 2015 (80 FR 10750), respectively. Additionally, on October 30, 2013, HHS published the Second Final Program Integrity rule (78 FR 65076) to align the risk corridors program with the requirements of the single risk pool provision at 45 CFR 156.80. The risk corridors data collection applies to QHP issuers the individual and small group markets. Each QHP issuer is required to submit an annual report to CMS concerning the issuer's allowable costs, allowable administrative costs, premium, and proportion of market premium in QHPs. Risk corridors premium information that is specific to an issuer's QHPs is collected through a separate data reporting form. CMS is publishing the risk corridors plan-level reporting form, and instructions for completing the form for public comment as part of the proposed revision to this information collection requirement.

On January 30, 2015, CMS published a 60-day notice in the **Federal Register** (80 FR 5118) for the public to submit written comments on this information collection; the public comment period closed on March 31, 2015. As part of the 60-day notice, CMS updated its annual burden hour estimates, including to reflect the additional burden (published in the 2015 Payment Notice) related to the risk corridors data submission requirements. The proposed revisions in the 60-day notice also made changes regarding the new MLR reporting and rebate distribution deadlines and the accounting for the reinsurance, risk adjustment, and risk corridors. We received a total of 3 public comments on a number of specific issues regarding the notice of the revised MLR PRA package. We have taken into consideration all of the comments and has modified the 2014 MLR Annual Reporting Form, the Risk Corridors Plan Level Data Form, and the accompanying Instructions in order to correct minor errors and to provide additional clarifications. These modifications do not affect the previously estimated burden hours or costs. *Form Number:* CMS-10418 (OMB control number: 0938-1164); *Frequency:* Annually; *Affected Public:* Private sector (Business or other for-profits and Not-for-profit institutions); *Number of Respondents:* 517; *Number of Responses:* 3,307; *Total Annual Hours:* 271,600. (For policy questions regarding this collection, contact Julie McCune at (301) 492-4196.)

Dated: April 21, 2015.

**SUPPLEMENTARY INFORMATION:**

**I. Background**

The Centers for Medicare & Medicaid Services (CMS) is responsible for administering the Medicare and Medicaid programs and coordination and oversight of private health insurance. Administration and oversight of these programs involves the following: (1) Furnishing information to Medicare and Medicaid beneficiaries, health care providers, and the public; and (2) maintaining effective communications with CMS regional offices, state governments, state Medicaid agencies, state survey agencies, various providers of health care, all Medicare contractors that process claims and pay bills, National Association of Insurance Commissioners (NAIC), health insurers, and other stakeholders. To implement the various statutes on which the programs are based, we issue regulations under the

authority granted to the Secretary of the Department of Health and Human Services under sections 1102, 1871, 1902, and related provisions of the Social Security Act (the Act) and Public Health Service Act. We also issue various manuals, memoranda, and statements necessary to administer and oversee the programs efficiently.

Section 1871(c) of the Act requires that we publish a list of all Medicare manual instructions, interpretive rules, statements of policy, and guidelines of general applicability not issued as regulations at least every 3 months in the **Federal Register**.

**II. Format for the Quarterly Issuance Notices**

This quarterly notice provides only the specific updates that have occurred in the 3-month period along with a hyperlink to the full listing that is available on the CMS Web site or the appropriate data registries that are used

as our resources. This is the most current up-to-date information and will be available earlier than we publish our quarterly notice. We believe the Web site list provides more timely access for beneficiaries, providers, and suppliers. We also believe the Web site offers a more convenient tool for the public to find the full list of qualified providers for these specific services and offers more flexibility and “real time” accessibility. In addition, many of the Web sites have listservs; that is, the public can subscribe and receive immediate notification of any updates to the Web site. These listservs avoid the need to check the Web site, as notification of updates is automatic and sent to the subscriber as they occur. If assessing a Web site proves to be difficult, the contact person listed can provide information.

**III. How To Use the Notice**

This notice is organized into 15 addenda so that a reader may access the subjects published during the quarter covered by the notice to determine whether any are of particular interest.

We expect this notice to be used in concert with previously published notices. Those unfamiliar with a description of our Medicare manuals should view the manuals at *http://www.cms.gov/manuals*.

Dated: April 20, 2015.

**Kathleen Cantwell,**

*Director, Office of Strategic Operations and Regulatory Affairs.*

### Publication Dates for the Previous Four Quarterly Notices

We publish this notice at the end of each quarter reflecting information released by CMS during the previous quarter. The publication dates of the previous four Quarterly Listing of Program Issuances notices are: April 25, 2014 (79 FR 22976), July 25, 2014 (79 FR 43475) and November 14, 2014 (79 FR 68253), and February 2, 2015 (80 FR 5537). For the purposes of this quarterly notice, we are providing only the specific updates that have occurred in the 3-month period along with a hyperlink to the website to access this information and a contact person for questions or additional information.

### Addendum I: Medicare and Medicaid Manual Instructions (January through March 2015)

The CMS Manual System is used by CMS program components, partners, providers, contractors, Medicare Advantage organizations, and State Survey Agencies to administer CMS programs. It offers day-to-day operating instructions, policies, and procedures based on statutes and regulations, guidelines, models, and directives. In 2003, we transformed the CMS Program Manuals into a web user-friendly presentation and renamed it the CMS Online Manual System.

#### How to Obtain Manuals

The Internet-only Manuals (IOMs) are a replica of the Agency's official record copy. Paper-based manuals are CMS manuals that were officially released in hardcopy. The majority of these manuals were transferred into the Internet-only manual (IOM) or retired. Pub 15-1, Pub 15-2 and Pub 45 are exceptions to this rule and are still active paper-based manuals. The remaining paper-based manuals are for reference purposes only. If you notice policy contained in the paper-based manuals that was not transferred to the IOM, send a message via the CMS Feedback tool.

Those wishing to subscribe to old versions of CMS manuals should contact the National Technical Information Service, Department of Commerce, 5301 Shawnee Road, Alexandria, VA 22312 Telephone (703-605-6050). You can download copies of the listed material free of charge at: <http://cms.gov/manuals>.

#### How to Review Transmittals or Program Memoranda

Those wishing to review transmittals and program memoranda can access this information at a local Federal Depository Library (FDL). Under the FDL program, government publications are sent to approximately 1,400

designated libraries throughout the United States. Some FDLs may have arrangements to transfer material to a local library not designated as an FDL. Contact any library to locate the nearest FDL. This information is available at <http://www.gpo.gov/libraries/>

In addition, individuals may contact regional depository libraries that receive and retain at least one copy of most federal government publications, either in printed or microfilm form, for use by the general public. These libraries provide reference services and interlibrary loans; however, they are not sales outlets. Individuals may obtain information about the location of the nearest regional depository library from any library. CMS publication and transmittal numbers are shown in the listing entitled Medicare and Medicaid Manual Instructions. To help FDLs locate the materials, use the CMS publication and transmittal numbers. For example, to find the Medicare National Coverage Determination (CMS-Pub. 100-03) Transmittal No. 180.

Addendum I lists a unique CMS transmittal number for each instruction in our manuals or program memoranda and its subject number. A transmittal may consist of a single or multiple instruction(s). Often, it is necessary to use information in a transmittal in conjunction with information currently in the manual. For the purposes of this quarterly notice, we list only the specific updates to the list of manual instructions that have occurred in the 3-month period. This information is available on our website at [www.cms.gov/Manuals](http://www.cms.gov/Manuals).

Transmittal Number	Manual/Subject/Publication Number
<b>Medicare General Information (CMS-Pub. 100-01)</b>	
90	Rescinds/Replaces CR 7468 - Updated Instructions for the Change Request Implementation Report (CRIR) and Technical Direction Letter (TDL) Sample Cover Letter/Attestation Statement CR Implementation Report (CRIR) Template TDL Compliance Report (TCR) Template Contractor Implementation of Change Requests and Compliance with Technical Direction Letters Compliance Report (TCR)

### Addendum II: Regulation Documents Published in the Federal Register (January through March 2015)

#### Regulations and Notices

Regulations and notices are published in the daily **Federal Register**. To purchase individual copies or subscribe to the **Federal Register**, contact GPO at [www.gpo.gov/fdsys](http://www.gpo.gov/fdsys). When ordering individual copies, it is necessary to cite either the date of publication or the volume number and page number.

The **Federal Register** is available as an online database through **GPO Access**. The online database is updated by 6 a.m. each day the **Federal Register** is published. The database includes both text and graphics from Volume 59, Number 1 (January 2, 1994) through the present date and can be accessed at <http://www.gpoaccess.gov/fr/index.html>. The following website <http://www.archives.gov/federal-register/> provides information on how to access electronic editions, printed editions, and reference copies.

This information is available on our website at: <http://www.cms.gov/quarterlyproviderupdates/downloads/Regs-1Q15QPU.pdf>

For questions or additional information, contact Terri Plumb (410-786-4481).

### Addendum III: CMS Rulings

CMS Rulings are decisions of the Administrator that serve as precedent final opinions and orders and statements of policy and interpretation. They provide clarification and interpretation of complex or ambiguous provisions of the law or regulations relating to Medicare, Medicaid, Utilization and Quality Control Peer Review, private health insurance, and related matters.

The rulings can be accessed at <http://www.cms.gov/Regulations-and-Guidance/Guidance/Rulings>. For questions or additional information, contact Tiffany Lafferty (410-786-7548).

### Addendum IV: Medicare National Coverage Determinations (January through March 2015)

Addendum IV includes completed national coverage determinations (NCDs), or reconsiderations of completed NCDs, from the quarter covered by this notice. Completed decisions are identified by the section of the NCD Manual (NCDM) in which the decision appears, the title, the date the publication was issued, and the effective date of the decision. An NCD is a determination by the Secretary for whether or not a particular item or service is covered nationally under the Medicare Program (title XVIII of the Act), but does not include a determination of the code, if any, that is assigned to a particular covered item or service, or payment determination for a particular covered item or service. The entries below include information concerning completed decisions, as well as sections on program and decision memoranda, which also announce decisions or, in some cases, explain why it was not appropriate to issue an NCD. Information on completed decisions as well as pending decisions has also been posted on the CMS website. For the purposes of this quarterly notice, we list only the specific updates that have occurred in the 3-month period. This information is available at: [www.cms.gov/medicare-coverage-database/](http://www.cms.gov/medicare-coverage-database/). For questions or additional information, contact Wanda Belle (410-786-7491).

Title	NCDM Section	Transmittal Number	Issue Date	Effective Date
Removal of Multiple National Coverage Determinations Using Expedited Process	NCD50.6, NCD160.4, NCD160.6, NCD160.9, NCD190.4, NCD220.7, NCD220.8	R80	03/06/2015	12/18/2014
National Coverage Determination (NCD) for Single Chamber and Dual Chamber Permanent Cardiac Pacemakers	NCD20.8.3	R179	02/20/2015	08/13/2013

### Addendum V: FDA-Approved Category B Investigational Device Exemptions (IDEs) (January through March 2015)

Addendum V includes listings of the FDA-approved investigational device exemption (IDE) numbers that the FDA assigns. The listings are organized according to the categories to which the devices are assigned (that is, Category A or Category B), and identified by the IDE

number. For the purposes of this quarterly notice, we list only the specific updates to the Category B IDEs as of the ending date of the period covered by this notice and a contact person for questions or additional information. For questions or additional information, contact John Manlove (410-786-6877).

Under the Food, Drug, and Cosmetic Act (21 U.S.C. 360c) devices fall into one of three classes. To assist CMS under this categorization process, the FDA assigns one of two categories to each FDA-approved investigational device exemption (IDE). Category A refers to experimental IDEs, and Category B refers to non-experimental IDEs. To obtain more information about the classes or categories, please refer to the notice published in the April 21, 1997 **Federal Register** (62 FR 19328).

#### Addendum VI: Approval Numbers for Collections of Information (January through March 2015)

All approval numbers are available to the public at [Reginfo.gov](http://Reginfo.gov). Under the review process, approved information collection requests are assigned OMB control numbers. A single control number may apply to several related information collections. This information is available at [www.reginfo.gov/public/do/PRAMain](http://www.reginfo.gov/public/do/PRAMain). For questions or additional information, contact Mitch Bryman (410-786-5258).

#### Addendum VII: Medicare-Approved Carotid Stent Facilities, (January through March 2015)

Addendum VII includes listings of Medicare-approved carotid stent facilities. All facilities listed meet CMS standards for performing carotid artery stenting for high risk patients. On March 17, 2005, we issued our decision memorandum on carotid artery stenting. We determined that carotid artery stenting with embolic protection is reasonable and necessary only if performed in facilities that have been determined to be competent in performing the evaluation, procedure, and follow-up necessary to ensure optimal patient outcomes. We have created a list of minimum standards for facilities modeled in part on professional society statements on competency. All facilities must at least meet our standards in order to receive coverage for carotid artery stenting for high risk patients. For the purposes of this quarterly notice, we are providing only the specific updates that have occurred in the 3-month period. This information is available at: <http://www.cms.gov/MedicareApprovedFacilitie/CASF/list.asp#TopOfPage>

For questions or additional information, contact Lori Ashby (410-786-6322).

**Addendum VIII:  
American College of Cardiology's National Cardiovascular Data  
Registry Sites (January through March 2015)**

Addendum VIII includes a list of the American College of Cardiology's National Cardiovascular Data Registry Sites. We cover implantable cardioverter defibrillators (ICDs) for certain clinical indications, as long as information about the procedures is reported to a central registry. Detailed descriptions of the covered indications are available in the NCD. In January 2005, CMS established the ICD Abstraction Tool through the Quality Network Exchange (QNet) as a temporary data collection mechanism. On October 27, 2005, CMS announced that the American College of Cardiology's National Cardiovascular Data Registry (ACC-NCDR) ICD Registry satisfies the data reporting requirements in the NCD. Hospitals needed to transition to the ACC-NCDR ICD Registry by April 2006.

Effective January 27, 2005, to obtain reimbursement, Medicare NCD policy requires that providers implanting ICDs for primary prevention clinical indications (that is, patients without a history of cardiac arrest or spontaneous arrhythmia) report data on each primary prevention ICD procedure. Details of the clinical indications that are covered by Medicare and their respective data reporting requirements are available in the Medicare NCD Manual, which is on the CMS website at <http://www.cms.hhs.gov/Manuals/IOM/itemdetail.asp?filterType=none&filterByDID=99&sortByDID=1&sortOrder=ascending&itemID=CMS014961>

A provider can use either of two mechanisms to satisfy the data reporting requirement. Patients may be enrolled either in an Investigational Device Exemption trial studying ICDs as identified by the FDA or in the ACC-NCDR ICD registry. Therefore, for a beneficiary to receive a Medicare-covered ICD implantation for primary prevention, the beneficiary must receive the scan in a facility that participates in the ACC-NCDR ICD registry. The entire list of facilities that participate in the ACC-NCDR ICD registry can be found at [www.ncdr.com/webncdr/common](http://www.ncdr.com/webncdr/common)

For the purposes of this quarterly notice, we are providing only the specific updates that have occurred in the 3-month period. This information

is available by accessing our website and clicking on the link for the American College of Cardiology’s National Cardiovascular Data Registry at: [www.ncdr.com/webncdr/common](http://www.ncdr.com/webncdr/common). For questions or additional information, contact Marie Casey, BSN, MPH (410-786-7861).

**Addendum IX: Active CMS Coverage-Related Guidance Documents (January through March 2015)**

CMS issued a guidance document on November 20, 2014 titled “Guidance for the Public, Industry, and CMS Staff: Coverage with Evidence Development Document”. Although CMS has several policy

vehicles relating to evidence development activities including the investigational device exemption (IDE), the clinical trial policy, national coverage determinations and local coverage determinations, this guidance document is principally intended to help the public understand CMS’s implementation of coverage with evidence development (CED) through the national coverage determination process. The document is available at <http://www.cms.gov/medicare-coverage-database/details/medicare-coverage-document-details.aspx?MCDId=27>. There are no additional Active CMS Coverage-Related Guidance Documents for the January through March 2015 quarter. For questions or additional information, contact JoAnna Baldwin (410-786-7205).

**Addendum X: List of Special One-Time Notices Regarding National Coverage Provisions (January through March 2015)**

There were no special one-time notices regarding national coverage provisions published in the January through March 2015 quarter. This information is available at [www.cms.hhs.gov/coverage](http://www.cms.hhs.gov/coverage). For questions or additional information, contact JoAnna Baldwin (410-786 7205).

**Addendum XI: National Oncologic PET Registry (NOPR) (January through March 2015)**

Addendum XI includes a listing of National Oncologic Positron Emission Tomography Registry (NOPR) sites. We cover positron emission tomography (PET) scans for particular oncologic indications when they are performed in a facility that participates in the NOPR.

In January 2005, we issued our decision memorandum on **positron emission tomography** (PET) scans, which stated that CMS would cover PET scans for particular oncologic indications, as long as they were performed in the context of a clinical study. We have since recognized the National Oncologic PET Registry as one of these clinical studies. Therefore, in order for a beneficiary to receive a Medicare-covered PET scan, the beneficiary must receive the scan in a facility that participates in the registry. There were no additions, deletions, or editorial changes to the listing of National Oncologic Positron Emission Tomography Registry (NOPR) in the January through March 2015 quarter. This information is available at <http://www.cms.gov/MedicareApprovedFacilitie/NOPR/list.asp#TopOfPage>. For questions or additional information, contact Stuart Caplan, RN, MAS (410-786-8564).

**Addendum XII: Medicare-Approved Ventricular Assist Device (Destination Therapy) Facilities (January through March 2015)**

Addendum XII includes a listing of Medicare-approved facilities that receive coverage for ventricular assist devices (VADs) used as destination therapy. All facilities were required to meet our standards in order to receive coverage for VADs implanted as destination therapy. On October 1, 2003, we issued our decision memorandum on VADs for the clinical indication of destination therapy. We determined that VADs used as destination therapy are reasonable and necessary only if performed in facilities that have been determined to have the experience and infrastructure to ensure optimal patient outcomes. We established facility standards and an application process. All facilities were required to meet our standards in order to receive coverage for VADs implanted as destination therapy.

For the purposes of this quarterly notice, we are providing only the specific updates that have occurred to the list of Medicare-approved facilities that meet our standards in the 3-month period. This information is available at <http://www.cms.gov/MedicareApprovedFacilitie/VAD/list.asp#TopOfPage>. For questions or additional information, contact Marie Casey, BSN, MPH (410-786-7861).

**Addendum XIII: Lung Volume Reduction Surgery (LVRS) (January through March 2015)**

Addendum XIII includes a listing of Medicare-approved facilities that are eligible to receive coverage for lung volume reduction surgery. Until May 17, 2007, facilities that participated in the National Emphysema Treatment Trial were also eligible to receive coverage. The following three types of facilities are eligible for reimbursement for Lung Volume Reduction Surgery (LVRS):

- National Emphysema Treatment Trial (NETT) approved (Beginning 05/07/2007, these will no longer automatically qualify and can qualify only with the other programs);
- Credentialed by the Joint Commission (formerly, the Joint Commission on Accreditation of Healthcare Organizations (JCAHO)) under their Disease Specific Certification Program for LVRS; and
- Medicare approved for lung transplants.

Only the first two types are in the list. There were no updates to the listing of facilities for lung volume reduction surgery published in the January through March 2015 quarter. This information is available at [www.cms.gov/MedicareApprovedFacilitie/LVRS/list.asp#TopOfPage](http://www.cms.gov/MedicareApprovedFacilitie/LVRS/list.asp#TopOfPage). For questions or additional information, contact Marie Casey, BSN, MPH (410-786-7861).

**Addendum XIV: Medicare-Approved Bariatric Surgery Facilities (January through March 2015)**

Addendum XIV includes a listing of Medicare-approved facilities that meet minimum standards for facilities modeled in part on professional society statements on competency. All facilities must meet our standards in order to receive coverage for bariatric surgery procedures. On February 21, 2006, we issued our decision memorandum on bariatric surgery procedures. We determined that bariatric surgical procedures are reasonable and necessary for Medicare beneficiaries who have a body-mass index (BMI) greater than or equal to 35, have at least one co-morbidity related to obesity and have been previously unsuccessful with medical treatment for obesity. This decision also stipulated that covered bariatric surgery procedures are reasonable and necessary only when performed at facilities that are: (1) certified by the American College of Surgeons (ACS) as a Level 1 Bariatric Surgery Center (program standards and requirements in effect on February 15, 2006); or (2) certified by the American Society for Bariatric Surgery (ASBS) as a Bariatric Surgery Center of Excellence (BSCOE) (program standards and requirements in effect on February 15, 2006).

There were no additions, deletions, or editorial changes to Medicare-approved facilities that meet CMS's minimum facility standards for bariatric surgery that have been certified by ACS and/or ASMBS in the January through March 2015 period. This information is available at [www.cms.gov/MedicareApprovedFacilities/BSE/list.asp#TopOfPage](http://www.cms.gov/MedicareApprovedFacilities/BSE/list.asp#TopOfPage). For questions or additional information, contact Jamie Hermansen (410-786-2064).

**Addendum XV: FDG-PET for Dementia and Neurodegenerative Diseases Clinical Trials (January through March 2015)**

There were no FDG-PET for Dementia and Neurodegenerative Diseases Clinical Trials published in the January through March 2015 quarter.

This information is available on our website at [www.cms.gov/MedicareApprovedFacilities/PETDT/list.asp#TopOfPage](http://www.cms.gov/MedicareApprovedFacilities/PETDT/list.asp#TopOfPage). For questions or additional information, contact Stuart Caplan, RN, MAS (410-786-8564).

BILLING CODE 4120-01-P

**DEPARTMENT OF HEALTH AND HUMAN SERVICES**

**Administration for Children and Families**

**Administration for Native Americans;  
Notice of Meeting**

**AGENCY:** Administration for Children and Families, Department of Health and Human Services.

**ACTION:** Notice of tribal consultation.

**SUMMARY:** The Department of Health and Human Services, Administration for Children and Families, Administration for Native Americans (ANA) will host a Tribal Consultation to consult on the Community Native Language Coordination Initiative, an expansion of funding for ANA proposed in the President's fiscal year 2016 budget.

**DATES:** May 20, 2015.

**ADDRESSES:** 200 Independence Ave. SW., Washington, DC.

**FOR FURTHER INFORMATION CONTACT:** Lillian A. Sparks Robinson,

Commissioner, Administration for Native Americans at 202-401-5590, by email at [Lillian.sparks@acf.hhs.gov](mailto:Lillian.sparks@acf.hhs.gov), or by mail at 370 L'Enfant Promenade SW., 2 West, Washington, DC 20447.

**SUPPLEMENTARY INFORMATION:** The President's Budget Proposal, released in February of 2015, would increase ANA's budget by \$3.5 million. The proposed Community Native Language Coordination Initiative will build upon the successes of ANA's short-term, project-based funding to support community capacity building and systems development projects to ensure that high-quality language instruction, appropriate and culturally responsive curricula, professional development, and additional services and supports are aligned, implemented, and evaluated to create a seamless path for Native language acquisition across generations for educational and economic success. The Initiative will address gaps in community coordination and bring together key drivers of program effectiveness: strong community ties, integrated language/educational services, support services and interventions tailored to the specific community, high performing collaborations, and committed leaders and community champions.

We are interested in obtaining input from Tribal Leaders on eligibility criteria, funding levels, project duration, technical assistance needs, and potential measurable outcomes, among other things.

The ANA Tribal Consultation Session will be held on Wednesday, May 20, 2015, from 1 p.m. to 4:00 p.m.

Testimonies must be submitted no later than May 15, 2015, to: Lillian Sparks Robinson, Commissioner, Administration for Native Americans, 370 L'Enfant Promenade SW., Washington, DC 20447, [anacommissioner@acf.hhs.gov](mailto:anacommissioner@acf.hhs.gov). To register for the Consultation please visit: <https://www.surveymonkey.com/s/2015ACFTribalConsultation>.

Dated: April 20, 2015.

**Lillian Sparks Robinson,**

Commissioner, Administration for Native Americans.

## DEPARTMENT OF HEALTH AND HUMAN SERVICES

### Administration for Community Living

#### Applications for New Awards; National Institute on Disability, Independent Living, and Rehabilitation Research (NIDILRR)—DRRP—Promoting Universal Design in the Built Environment

**AGENCY:** Administration for Community Living, Department of Health and Human Services.

**ACTION:** Notice.

**DATES:** *Applications Available:* April 24, 2015.

**FOR FURTHER INFORMATION CONTACT:**

Marlene Spencer, U.S. Department of Health and Human Services, 400 Maryland Avenue SW., Room 5133, PCP, Washington, DC 20202-2700. Telephone: (202) 245-7532 or by email: [marlene.spencer@acl.hhs.gov](mailto:marlene.spencer@acl.hhs.gov).

**SUPPLEMENTARY INFORMATION:**

#### Overview Information

National Institute on Disability, Independent Living, and Rehabilitation Research (NIDILRR)—Disability and Rehabilitation Research Projects (DRRPs)—Promoting Universal Design in the Built Environment Notice inviting applications for new awards for fiscal year (FY) 2015.

*Catalog of Federal Domestic Assistance (CFDA) Numbers:* 84.133A-7.

**Note:** On July 22, 2014, President Obama signed the Workforce Innovation Opportunity Act (WIOA). WIOA was effective immediately. One provision of WIOA transferred the National Institute on Disability and Rehabilitation Research (NIDRR) from the Department of Education to the Administration for Community Living (ACL) in the Department of Health and Human Services. In addition, NIDRR's name was changed to the Institute on Disability, Independent Living, and Rehabilitation Research (NIDILRR). For FY 2015, all NIDILRR priority notices will be published as ACL notices, and ACL will make all NIDILRR awards. During this transition period, however, NIDILRR will continue to review grant applications using Department of Education tools. NIDILRR will post previously-approved application kits to [grants.gov](http://grants.gov), and NIDILRR applications submitted to [grants.gov](http://grants.gov) will be forwarded to the Department of Education's G-5 system for peer review. We are using Department of Education application kits and peer review systems during this transition year in order to provide for a smooth and orderly process for our applicants.

*Date of Pre-Application Meeting:* May 15, 2015.

*Deadline for Notice of Intent to Apply:* May 29, 2015.

*Deadline for Transmittal of Applications:* June 23, 2015.

### Full Text of Announcement

#### I. Funding Opportunity Description

##### *Purpose of Program*

The purpose of the Disability and Rehabilitation Research Projects and Centers Program is to plan and conduct research, demonstration projects, training, and related activities, including international activities to develop methods, procedures, and rehabilitation technology. The Program's activities are designed to maximize the full inclusion and integration into society, employment, independent living, family support, and economic and social self-sufficiency of individuals with disabilities, especially individuals with the most severe disabilities, and to improve the effectiveness of services authorized under the Rehabilitation Act of 1973, as amended (Rehabilitation Act).

##### *Disability and Rehabilitation Research Projects (DRRPs)*

The purpose of DRRPs, which are under NIDILRR's Disability and Rehabilitation Research Projects and Centers Program, is to improve the effectiveness of services authorized under the Rehabilitation Act of 1973, as amended, by developing methods, procedures, and rehabilitation technologies that advance a wide range of independent living and employment outcomes for individuals with disabilities, especially individuals with the most severe disabilities. DRRPs carry out one or more of the following types of activities, as specified and defined in 34 CFR 350.13 through 350.19: Research, training, demonstration, development, dissemination, utilization, and technical assistance. Additionally information on DRRPs can be found at: <http://www2.ed.gov/programs/drrp/index.html>.

**Priorities:** There are two priorities for the grant competition announced in this notice. One priority is from the notice of final priority for this program, published elsewhere in this issue of the **Federal Register**. One priority is from the notice of final priorities for the Disability and Rehabilitation Research Projects and Centers Program, published in the **Federal Register** on April 28, 2006 (71 FR 25472).

**Absolute Priorities:** For FY 2015 and any subsequent year in which we make awards from the list of unfunded applicants from this competition, these priorities are absolute priorities. Under 45 CFR part 75 we consider only

applications that meet these program priorities. These priorities are:

*Promoting Universal Design in the Built Environment*

**Note:** The full text of this priority is included in the notice of final priority published elsewhere in this issue of the **Federal Register** and in the application package for this competition.

*Priority 2—General DRRP Requirements*

**Note:** The full text of this priority is included in the notice of final priorities for the Disability and Rehabilitation Research Projects and Centers Program, published in the **Federal Register** on April 28, 2006 (71 FR 25472) and in the application package for this competition.

**Program Authority:** 29 U.S.C. 764(a).

**Applicable Regulations:** (a) The Department of Health and Human Services General Administrative Regulations in 45 CFR part 75 (b) Audit Requirements for Federal Awards in 45 CFR part 75 Subpart F; (c) 45 CFR part 75 Non-procurement Debarment and Suspension; (d) 45 CFR part 75 Requirement for Drug-Free Workplace (Financial Assistance); (e) The regulations for this program in 34 CFR part 350; (f) The notice of final priorities for the Disability and Rehabilitation Research Projects and Centers program published in the **Federal Register** on April 28, 2006 (71 FR 25472); and (g) The notice of final priority for this program, published elsewhere in this issue of the **Federal Register**.

## II. Award Information

**Type of Award:** Discretionary grants.

**Estimated Available Funds:** \$500,000.

Contingent upon the availability of funds and the quality of applications, we may make additional awards in FY 2015 and any subsequent year from the list of unfunded applicants from this competition.

**Maximum Award:** \$500,000.

We will reject any application that proposes a budget exceeding the Maximum Amount. The Administrator of the Administration for Community Living may change the maximum amount through a notice published in the **Federal Register**.

**Estimated Number of Awards:** 1.

The Department is not bound by any estimates in this notice.

**Project Period:** Up to 60 months.

## III. Eligibility Information

1. **Eligible Applicants:** States; public or private agencies, including for-profit agencies; public or private organizations, including for-profit

organizations; IHEs; and Indian tribes and tribal organizations.

2. **Cost Sharing or Matching:** Cost sharing for this program is required by 34 CFR 350.62(a). NIDILRR requires that grantees provide cost sharing in the amount of at least 1% of Federal funds.

## IV. Application and Submission Information

1. **Address To Request Application Package:** You can obtain an application package via grants.gov, or by contacting Marlene Spencer: U.S. Department of Health and Human Services, 400 Maryland Avenue SW., Room 5133, PCP, Washington, DC 20202–2700. Telephone: (202) 245–7532 or by email: [marlene.spencer@acl.hhs.gov](mailto:marlene.spencer@acl.hhs.gov).

If you request an application from Marlene Spencer, be sure to identify this competition as follows: CFDA number 84.133A–7.

2. **Content and Form of Application Submission:** Requirements concerning the content of an application, together with the forms you must submit, are in the application package for the competition announced in this notice.

**Notice of Intent to Apply:** Due to the open nature of the DRRP priority announced here, and to assist with the selection of reviewers for this competition, NIDILRR is requesting all potential applicants submit a letter of intent (LOI). The submission is not mandatory, and the content of the LOI will not be peer reviewed or otherwise used to rate an applicant's application.

**Each LOI should be limited to a maximum of four pages and include the following information:** (1) The title of the proposed project, the name of the applicant, the name of the Project Director or Principal Investigator (PI), and the names of partner institutions and entities; (2) a brief statement of the vision, goals, and objectives of the proposed project and a description of its proposed activities at a sufficient level of detail to allow NIDILRR to select potential peer reviewers; (3) a list of proposed project staff including the Project Director or PI and key personnel; (4) a list of individuals whose selection as a peer reviewer might constitute a conflict of interest due to involvement in proposal development, selection as an advisory board member, co-PI relationships, etc.; and (5) contact information for the Project Director or PI. Submission of a LOI is not a prerequisite for eligibility to submit an application.

NIDILRR will accept the optional LOI via mail (through the U.S. Postal Service or commercial carrier) or email, by May 29, 2015. The LOI must be sent to: Marlene Spencer, U.S. Department of

Health and Human Services, 550 12th Street SW., Room 5133, PCP, Washington, DC 20202; or by email to: [Marlene.Spencer@acl.hhs.gov](mailto:Marlene.Spencer@acl.hhs.gov).

For further information regarding the LOI submission process, contact Marlene Spencer at (202) 245–7532.

**Page Limit:** The application narrative (Part III of the application) is where you, the applicant, address the selection criteria that reviewers use to evaluate your application. We recommend that you limit Part III to the equivalent of no more than 75 pages, using the following standards:

- A “page” is 8.5” x 11”, on one side only, with 1” margins at the top, bottom, and both sides.

- Double space (no more than three lines per vertical inch) all text in the application narrative. You are not required to double space titles, headings, footnotes, references, and captions, or text in charts, tables, figures, and graphs.

- Use a font that is either 12 point or larger or no smaller than 10 pitch (characters per inch).

- Use one of the following fonts: Times New Roman, Courier, Courier New, or Arial.

The recommended page limit does not apply to Part I, the cover sheet; Part II, the budget section, including the narrative budget justification; Part IV, the assurances and certifications; or the one-page abstract, the resumes, the bibliography, or the letters of support. However, the recommended page limit does apply to all of the application narrative section (Part III).

**Note:** Please submit an appendix that lists every collaborating organization and individual named in the application, including staff, consultants, contractors, and advisory board members. We will use this information to help us screen for conflicts of interest with our reviewers.

An applicant should consult NIDRR's Long-Range Plan for Fiscal Years 2013–2017 (78 FR 20299) (Plan) when preparing its application. The Plan is organized around the following research domains: (1) Community Living and Participation; (2) Health and Function; and (3) Employment.

3. **Submission Dates and Times:**  
**Applications Available:** April 24, 2015. **Date of Pre-Application Meeting:** Interested parties are invited to participate in a pre-application meeting and to receive information and technical assistance through individual consultation with NIDILRR staff. The pre-application meeting will be held on May 15, 2015. Interested parties may participate in this meeting by conference call with NIDILRR staff from the Administration for Community

Living between 1:00 p.m. and 3:00 p.m., Washington, DC time. NIDILRR staff also will be available from 3:30 p.m. to 4:30 p.m., Washington, DC time, on the same day, by telephone, to provide information and technical assistance through individual consultation. For further information or to make arrangements to participate in the meeting via conference call or to arrange for an individual consultation, contact the person listed under the **FOR FURTHER INFORMATION CONTACT** in section VII of this notice.

*Deadline for Notice of Intent to Apply:* May 29, 2015.

*Deadline for Transmittal of Applications:* June 23, 2015.

Applications for grants under this competition must be submitted electronically using the Grants.gov Apply site (Grants.gov). For information (including dates and times) about how to submit your application electronically, or in paper format by mail delivery if you qualify for an exception to the electronic submission requirement, please refer to section IV. 7. *Other Submission Requirements* of this notice.

We do not consider an application that does not comply with the deadline requirements.

Individuals with disabilities who need an accommodation or auxiliary aid in connection with the application process should contact the person listed under **FOR FURTHER INFORMATION CONTACT** in section VII of this notice. If the Department provides an accommodation or auxiliary aid to an individual with a disability in connection with the application process, the individual's application remains subject to all other requirements and limitations in this notice.

4. *Intergovernmental Review:* This program is not subject to Executive Order 12372.

5. *Funding Restrictions:* We reference regulations outlining funding restrictions in the *Applicable Regulations* section of this notice.

6. *Data Universal Numbering System Number, Taxpayer Identification Number, and System for Award Management:* To do business with the Department of Health and Human Services, you must—

a. Have a Data Universal Numbering System (DUNS) number and a Taxpayer Identification Number (TIN);

b. Register both your DUNS number and TIN with the System for Award Management (SAM) (formerly the Central Contractor Registry (CCR)), the Government's primary registrant database;

c. Provide your DUNS number and TIN on your application; and

d. Maintain an active SAM registration with current information while your application is under review by the Department and, if you are awarded a grant, during the project period.

You can obtain a DUNS number from Dun and Bradstreet. A DUNS number can be created within one-to-two business days.

If you are a corporate entity, agency, institution, or organization, you can obtain a TIN from the Internal Revenue Service. If you are an individual, you can obtain a TIN from the Internal Revenue Service or the Social Security Administration. If you need a new TIN, please allow two to five weeks for your TIN to become active.

The SAM registration process can take approximately seven business days, but may take upwards of several weeks, depending on the completeness and accuracy of the data entered into the SAM database by an entity. Thus, if you think you might want to apply for Federal financial assistance under a program administered by the Department, please allow sufficient time to obtain and register your DUNS number and TIN. We strongly recommend that you register early.

**Note:** Once your SAM registration is active, you will need to allow 24 to 48 hours for the information to be available in Grants.gov and before you can submit an application through Grants.gov.

If you are currently registered with SAM, you may not need to make any changes. However, please make certain that the TIN associated with your DUNS number is correct. Also note that you will need to update your registration annually. This may take three or more business days.

Information about SAM is available at [www.SAM.gov](http://www.SAM.gov). To further assist you with obtaining and registering your DUNS number and TIN in SAM or updating your existing SAM account, we have prepared a SAM.gov Tip Sheet, which you can find at: <http://www2.ed.gov/fund/grant/apply/sam-faqs.html>.

In addition, if you are submitting your application via Grants.gov, you must (1) be designated by your organization as an Authorized Organization Representative (AOR); and (2) register yourself with Grants.gov as an AOR. Details on these steps are outlined at the following Grants.gov Web page: [www.grants.gov/web/grants/register.html](http://www.grants.gov/web/grants/register.html).

7. *Other Submission Requirements:* Applications for grants under the program must be submitted

electronically unless you qualify for an exception to this requirement in accordance with the instructions in this section.

#### *a. Electronic Submission of Applications*

Applications for grants under Promoting Universal Design in the Built Environment, CFDA Number 84.133A-7, must be submitted electronically using the Governmentwide Grants.gov Apply site at [www.Grants.gov](http://www.Grants.gov). Through this site, you will be able to download a copy of the application package, complete it offline, and then upload and submit your application. You may not email an electronic copy of a grant application to us.

We will reject your application if you submit it in paper format unless, as described elsewhere in this section, you qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions. Further information regarding calculation of the date that is two weeks before the application deadline date is provided later in this section under *Exception to Electronic Submission Requirement*.

You may access the electronic grant application for the Promoting Universal Design in the Built Environment DRRP competition at [www.Grants.gov](http://www.Grants.gov). You must search for the downloadable application package for this program by the CFDA number. Do not include the CFDA number's alpha suffix in your search (e.g., search for 84.133, not 84.133A).

#### *Please note the following:*

- When you enter the Grants.gov site, you will find information about submitting an application electronically through the site, as well as the hours of operation.

- Applications received by Grants.gov are date and time stamped. Your application must be fully uploaded and submitted and must be date and time stamped by the Grants.gov system no later than 4:30:00 p.m., Washington, DC time, on the application deadline date. Except as otherwise noted in this section, we will not accept your application if it is received—that is, date and time stamped by the Grants.gov system—after 4:30:00 p.m., Washington, DC time, on the application deadline date. We do not consider an application that does not comply with the deadline requirements. When we retrieve your application from Grants.gov, we will notify you if we are rejecting your application because it was date and time

stamped by the Grants.gov system after 4:30:00 p.m., Washington, DC time, on the application deadline date.

- The amount of time it can take to upload an application will vary depending on a variety of factors, including the size of the application and the speed of your Internet connection. Therefore, we strongly recommend that you do not wait until the application deadline date to begin the submission process through Grants.gov.

- You should review and follow the Education Submission Procedures for submitting an application through Grants.gov that are included in the application package for this program to ensure that you submit your application in a timely manner to the Grants.gov system. You can also find the Education Submission Procedures pertaining to Grants.gov under News and Events on the Department's G5 system home page at <http://www.G5.gov>.

- You will not receive additional point value because you submit your application in electronic format, nor will we penalize you if you qualify for an exception to the electronic submission requirement, as described elsewhere in this section, and submit your application in paper format.

- You must submit all documents electronically, including all information you typically provide on the following forms: The Application for Federal Assistance (SF 424), the Department of Education Supplemental Information for SF 424, Budget Information—Non-Construction Programs (ED 524), and all necessary assurances and certifications.

- You must upload any narrative sections and all other attachments to your application as files in a PDF (Portable Document) read-only, non-modifiable format. Do not upload an interactive or fillable PDF file. If you upload a file type other than a read-only, non-modifiable PDF or submit a password-protected file, we will not review that material. Additional, detailed information on how to attach files is in the application instructions.

- Your electronic application must comply with any page-limit requirements described in this notice.

- After you electronically submit your application, you will receive from Grants.gov an automatic notification of receipt that contains a Grants.gov tracking number. (This notification indicates receipt by Grants.gov only, not receipt by the Department.) The Department then will retrieve your application from Grants.gov and send a second notification to you by email. This second notification indicates that the Department has received your application and has assigned your

application a PR/Award number (an ED-specified identifying number unique to your application).

- We may request that you provide us original signatures on forms at a later date.

*Application Deadline Date Extension in Case of Technical Issues With the Grants.gov System:* If you are experiencing problems submitting your application through Grants.gov, please contact the Grants.gov Support Desk, toll free, at 1-800-518-4726. You must obtain a Grants.gov Support Desk Case Number and must keep a record of it.

If you are prevented from electronically submitting your application on the application deadline date because of technical problems with the Grants.gov system, we will grant you an extension until 4:30:00 p.m., Washington, DC time, the following business day to enable you to transmit your application electronically. You also may mail your application by following the mailing instructions described elsewhere in this notice.

If you submit an application after 4:30:00 p.m., Washington, DC time, on the application deadline date, please contact the person listed under **FOR FURTHER INFORMATION CONTACT** in section VII of this notice and provide an explanation of the technical problem you experienced with Grants.gov, along with the Grants.gov Support Desk Case Number. We will accept your application if we can confirm that a technical problem occurred with the Grants.gov system and that the problem affected your ability to submit your application by 4:30:00 p.m., Washington, DC time, on the application deadline date. The Department will contact you after a determination is made on whether your application will be accepted.

**Note:** The extensions to which we refer in this section apply only to the unavailability of, or technical problems with, the Grants.gov system. We will not grant you an extension if you failed to fully register to submit your application to Grants.gov before the application deadline date and time or if the technical problem you experienced is unrelated to the Grants.gov system.

*Exception to Electronic Submission Requirement:* You qualify for an exception to the electronic submission requirement, and may submit your application in paper format, if you are unable to submit an application through the Grants.gov system because—

- You do not have access to the Internet; or
  - You do not have the capacity to upload large documents to the Grants.gov system;
- and

- No later than two weeks before the application deadline date (14 calendar days or, if the fourteenth calendar day before the application deadline date falls on a Federal holiday, the next business day following the Federal holiday), you mail or fax a written statement to the Department, explaining which of the two grounds for an exception prevents you from using the Internet to submit your application.

If you mail your written statement to the Department, it must be postmarked no later than two weeks before the application deadline date. If you fax your written statement to the Department, we must receive the faxed statement no later than two weeks before the application deadline date.

Address and mail or fax your statement to: Marlene Spencer, U.S. Department of Health and Human Services, 400 Maryland Avenue SW., room 5133, Potomac Center Plaza (PCP), Washington, DC 20202-2700. FAX: (202) 245-7323.

Your paper application must be submitted in accordance with the mail instructions described in this notice.

#### *b. Submission of Paper Applications by Mail*

If you qualify for an exception to the electronic submission requirement, you may mail (through the U.S. Postal Service or a commercial carrier) your application to the Department. You must mail the original and two copies of your application, on or before the application deadline date, to the Department at the following address: U.S. Department of Education, Application Control Center, Attention: (CFDA Number 84.133A-7), 550 12th Street SW., Room 7041, Potomac Center Plaza, Washington, DC 20202-4260.

*You must show proof of mailing consisting of one of the following:*

- (1) A legibly dated U.S. Postal Service postmark.

- (2) A legible mail receipt with the date of mailing stamped by the U.S. Postal Service.

- (3) A dated shipping label, invoice, or receipt from a commercial carrier.

- (4) Any other proof of mailing acceptable to the Administrator of the Administration for Community Living of the U.S. Department of Health and Human Services.

If you mail your application through the U.S. Postal Service, we do not accept either of the following as proof of mailing:

- (1) A private metered postmark.
- (2) A mail receipt that is not dated by the U.S. Postal Service.

If your application is postmarked after the application deadline date, we will not consider your application.

**Note:** The U.S. Postal Service does not uniformly provide a dated postmark. Before relying on this method, you should check with your local post office.

**Note for Mail of Paper Applications:** If you mail your application to the Department—

(1) You must indicate on the envelope and—if not provided by the Department—in Item 11 of the SF 424 the CFDA number, including suffix letter, if any, of the program under which you are submitting your application; and

(2) The Application Control Center will mail to you a notification of receipt of your grant application. If you do not receive this notification within 15 business days from the application deadline date, you should call the U.S. Department of Education Application Control Center at (202) 245–6288.

## V. Application Review Information

1. *Selection Criteria:* The selection criteria for this program are from 34 CFR 350.54 and are listed in the application package.

2. *Review and Selection Process:* Final award decisions will be made by the Administrator, ACL. In making these decisions, the Administrator will take into consideration: ranking of the review panel; reviews for programmatic and grants management compliance; the reasonableness of the estimated cost to the government considering the available funding and anticipated results; and the likelihood that the proposed project will result in the benefits expected. Under Section 75.205, item (3) history of performance is an item that is reviewed.

In addition, in making a competitive grant award, the Administrator of the Administration for Community Living also requires various assurances including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department of Health and Human Services 45 CFR part 75.

3. *Special Conditions:* Under 45 CFR part 75 the Administrator of the Administration for Community Living may impose special conditions on a grant if the applicant or grantee is not financially stable; has a history of unsatisfactory performance; has a financial or other management system that does not meet the standards in 45 CFR part 75, as applicable; has not fulfilled the conditions of a prior grant; or is otherwise not responsible.

## VI. Award Administration Information

1. *Award Notices:* If your application is successful, we send you a Notice of

Award (NOA); or we may send you an email containing a link to access an electronic version of your NOA. We may notify you informally, also.

If your application is not evaluated or not selected for funding, we notify you.

2. *Administrative and National Policy Requirements:* We identify administrative and national policy requirements in the application package and reference these and other requirements in the *Applicable Regulations* section of this notice.

We reference the regulations outlining the terms and conditions of an award in this notice and include these and other specific conditions in the NOA. The NOA also incorporates your approved application as part of your binding commitments under the grant.

3. *Reporting:* (a) If you apply for a grant under this competition, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 45 CFR part 75 should you receive funding under the competition. This does not apply if you have an exception under 45 CFR part 75.

(b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Administrator of the Administration for Community Living. If you receive a multi-year award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Administrator of the Administration for Community Living under 45 CFR part 75. All NIDILRR grantees will submit their annual and final reports through NIDILRR's online reporting system and as designated in the terms and conditions of your NOA. The Administrator of the Administration for Community Living may also require more frequent performance reports under 45 CFR part 75. For specific requirements on reporting, please go to [www.ed.gov/fund/grant/apply/appforms/appforms.html](http://www.ed.gov/fund/grant/apply/appforms/appforms.html).

(c) FFATA and FSRS Reporting  
The Federal Financial Accountability and Transparency Act (FFATA) requires data entry at the FFATA Subaward Reporting System (<http://www.FSRS.gov>) for all sub-awards and sub-contracts issued for \$25,000 or more as well as addressing executive compensation for both grantee and sub-award organizations.

For further guidance please see the following link: [http://www.acl.gov/Funding\\_Opportunities/Grantee\\_Info/FFATA.aspx](http://www.acl.gov/Funding_Opportunities/Grantee_Info/FFATA.aspx).

If you receive a multi-year award, you must submit an annual performance report that provides the most current performance and financial expenditure information. Annual and Final Performance reports will be submitted through NIDILRR's online Performance System and as designated in the terms and conditions of your NOA. At the end of your project period, you must submit a final performance report, including financial information.

**Note:** NIDILRR will provide information by letter to successful grantees on how and when to submit the report.

4. *Performance Measures:* To evaluate the overall success of its research program, NIDILRR assesses the quality of its funded projects through a review of grantee performance and accomplishments. Each year, NIDILRR examines a portion of its grantees to determine:

- The number of products (e.g., new or improved tools, methods, discoveries, standards, interventions, programs, or devices developed or tested with NIDILRR funding) that have been judged by expert panels to be of high quality and to advance the field.
- The average number of publications per award based on NIDILRR-funded research and development activities in refereed journals.
- The percentage of new NIDILRR grants that assess the effectiveness of interventions, programs, and devices using rigorous methods.

NIDILRR uses information submitted by grantees as part of their Annual Performance Reports for these reviews.

5. *Continuation Awards:* In making a continuation award, the Administrator of the Administration for Community Living may consider, under 45 CFR part 75, the extent to which a grantee has made "substantial progress toward meeting the objectives in its approved application." This consideration includes the review of a grantee's progress in meeting the targets and projected outcomes in its approved application, and whether the grantee has expended funds in a manner that is consistent with its approved application and budget. In making a continuation grant, the Administrator also considers whether the grantee is operating in compliance with the assurances in its approved application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department. Continuation funding is also subject to availability of funds.

## VII. Agency Contact

If you use a TDD or a TTY, call the Federal Relay Service (FRS), toll free, at 1-800-877-8339.

## VIII. Other Information

*Electronic Access to This Document:* The official version of this document is the document published in the **Federal Register**. Free Internet access to the official edition of the **Federal Register** and the Code of Federal Regulations is available via the Federal Digital System at: [www.gpo.gov/fdsys](http://www.gpo.gov/fdsys). At this site you can view this document, as well as all other documents of this Department published in the **Federal Register**, in text or Adobe Portable Document Format (PDF). To use PDF you must have Adobe Acrobat Reader, which is available free at the site.

You may also access documents of the Department published in the **Federal Register** by using the article search feature at: [www.federalregister.gov](http://www.federalregister.gov). Specifically, through the advanced search feature at this site, you can limit your search to documents published by the Department.

Dated: April 21, 2015.

### John Tschida,

Director, National Institute on Disability, Independent Living, and Rehabilitation Research.

[FR Doc. 2015-09598 Filed 4-23-15; 8:45 am]

BILLING CODE 4154-01-P

## DEPARTMENT OF HEALTH AND HUMAN SERVICES

### Administration for Community Living

#### Final Priority; National Institute on Disability, Independent Living, and Rehabilitation Research; Disability and Rehabilitation Research Projects Program

**AGENCY:** Administration for Community Living, Department of Health and Human Services.

**ACTION:** Final priority.

*CFDA Number:* 84.133A-7.

**SUMMARY:** The Administrator of the Administration for Community Living announces a priority for the Disability and Rehabilitation Research Projects (DRRPs) Program administered by the National Institute on Disability, Independent Living, and Rehabilitation Research (NIDILRR). Specifically, we announce a priority for a DRRP on Promoting Universal Design in the Built Environment. The Administrator of the Administration for Community Living may use this priority for competitions in fiscal year (FY) 2015 and later years. We

take this action to focus research attention on an area of national need. We intend for this priority to contribute to strengthened evidence-base for UD standards and strategies and improved access to the built environment for individuals with disabilities.

**DATES: Effective Date:** This priority is effective May 26, 2015.

**FOR FURTHER INFORMATION CONTACT:** Marlene Spencer, U.S. Department of Health And Human Services, 400 Maryland Avenue SW., Room 5133, Potomac Center Plaza (PCP), Washington, DC 20202-2700. Telephone: (202) 245-7532 or by email: [marlene.spencer@acl.hhs.gov](mailto:marlene.spencer@acl.hhs.gov).

If you use a telecommunications device for the deaf (TDD) or a text telephone (TTY), call the Federal Relay Service (FRS), toll free, at 1-800-877-8339.

#### SUPPLEMENTARY INFORMATION:

##### Purpose of Program

The purpose of the Disability and Rehabilitation Research Projects and Centers Program is to plan and conduct research, demonstration projects, training, and related activities, including international activities, to develop methods, procedures, and rehabilitation technology that maximize the full inclusion and integration into society, employment, independent living, family support, and economic and social self-sufficiency of individuals with disabilities, especially individuals with the most severe disabilities, and to improve the effectiveness of services authorized under the Rehabilitation Act of 1973, as amended (Rehabilitation Act).

##### Disability and Rehabilitation Research Projects

The purpose of NIDILRR's DRRPs, which are funded through the Disability and Rehabilitation Research Projects and Centers Program, is to improve the effectiveness of services authorized under the Rehabilitation Act by developing methods, procedures, and rehabilitation technologies that advance a wide range of independent living and employment outcomes for individuals with disabilities, especially individuals with the most significant disabilities. DRRPs carry out one or more of the following types of activities, as specified and defined in 34 CFR 350.13 through 350.19: research, training, demonstration, development, utilization, dissemination, and technical assistance.

An applicant for assistance under this program must demonstrate in its application how it will address, in

whole or in part, the needs of individuals with disabilities from minority backgrounds (34 CFR 350.40(a)). The approaches an applicant may take to meet this requirement are found in 34 CFR 350.40(b). Additional information on the DRRP program can be found at: [www.ed.gov/rschstat/research/pubs/res-program.html#DRRP](http://www.ed.gov/rschstat/research/pubs/res-program.html#DRRP).

**Program Authority:** 29 U.S.C. 762(g) and 764(a).

*Applicable Program Regulations:* 34 CFR part 350.

We published a notice of proposed priority (NPP) for this program in the **Federal Register** on February 25, 2015 (80 FR 10099). That notice contained background information and our reasons for proposing the particular priority.

There are differences between the proposed priority and this final priority.

*Public Comment:* In response to our invitation in the notice of proposed priority, six parties submitted comments on the proposed priority.

Generally, we do not address technical and other minor changes. In addition, we do not address general comments that raised concerns not directly related to the proposed priority.

*Analysis of the Comments and Changes:* An analysis of the comments and of any changes in the priority since publication of the NPP follows.

*Comment:* Two commenters noted that research on the costs of, as well as the benefits of and savings from universal design (UD) applications, can facilitate future adoption of UD principles. These commenters suggested that the priority be revised to require such research on the costs and benefits of UD.

*Discussion:* Paragraph (a) requires research toward developing evidence-based practices for UD implementation. Research under this paragraph could include analysis of the costs, benefits, and savings associated with UD applications. Nothing in the priority precludes such research. NIDILRR does not wish to further specify the research requirements as suggested by the commenters and thereby limit the breadth of research topics proposed under this priority. However, we do agree that findings from analyses of the costs, benefits, and savings associated with UD implementation could help facilitate further adoption of UD principles into mainstream architecture and the development and construction of built environments.

*Changes:* We have modified the priority to include analyses of the costs, savings, and benefits of UD implementation as an optional activity that applicants may propose. The peer

review process will determine the merits of each proposal.

*Comment:* One commenter requested that NIDILRR refer to individuals with different abilities, instead of individuals with disabilities.

*Discussion:* NIDILRR aims to sponsor research that is directly applicable to, and serves, the needs of individuals with disabilities. While we understand that UD applications are intended to be beneficial to people with a wide range of different abilities, NIDILRR's aim is to generate new knowledge, products, and environments that can be used to provide full opportunities and accommodations for its citizens with disabilities. NIDILRR's applicants and stakeholders are accustomed to our focus on improving the outcomes of individuals with disabilities through research and development, and we think that we should be consistent in our terminology. Therefore we will continue to directly refer to people with disabilities as our primary stakeholders.

*Changes:* None.

*Comment:* One Commenter suggested that NIDILRR modify the priority to require the DRRP to engage in design and construction of practical and tangible physical projects that incorporate and demonstrate universal design concepts.

*Discussion:* NIDILRR's intended outcome of this DRRP is further adoption of universal design principles into mainstream architecture and the development and construction of built environments. We will contribute to this outcome by sponsoring research, training, technical assistance, as well as the development of new UD curricula and new UD standards and guidelines. Through these activities we will contribute to much wider implementation of universally designed facilities, outdoor environments, and housing. We do not intend the DRRP's limited resources to be used for the design or construction of a small number of universally designed projects.

*Changes:* None.

*Comment:* One commenter suggested that NIDILRR revise the priority to specify that Universal Design incorporates the concept of "healthy indoor environmental quality" (IEQ) to make buildings healthier for everyone and more accessible for people with chemical or electrical sensitivities.

*Discussion:* Nothing in the priority precludes applicants from including IEQ in its conceptualization of universal design, or in its work to facilitate the further adoption of universal design principles into the mainstream architecture and the development and

construction of built environments. However, NIDILRR does not have a sufficient basis for further specifying the purposefully broad, long-standing principles of UD that the DRRP is intended to promote.

*Changes:* None.

*Comment:* One commenter recommended that NIDILRR modify the priority to include specific reference to the "Goals of Universal Design," as published by Steinfeld and Maisel in 2012. This commenter suggested that these goals can be used by the DRRP to define and measure outcomes of UD practice and to frame the transfer of knowledge about UD into practice.

*Discussion:* The intended outcome of this priority is to expand UD practice into the mainstream of design, architecture, and construction of built environments. Nothing in the priority precludes applicants from using the "Goals of Universal Design" to frame or guide their work toward this outcome. However, NIDILRR does not wish to further specify the conceptual or measurement framework that is to be used by the DRRP, because we do not want to limit the breadth of approaches that various applicants may propose to meet this critical need. The peer review process will determine the merits of each proposal.

*Changes:* None.

#### Final Priority

The Administrator of the Administration for Community Living establishes a priority for a DRRP on Promoting Universal Design in the Built Environment.

The intended outcome of the DRRP on Universal Design is further adoption of universal design principles into mainstream architecture and the development and construction of built environments. The DRRP must contribute to this outcome by:

(a) Conducting research activities toward developing evidence-based practices for UD implementation in commercial and private facilities, outdoor environments, and housing. This research may include analyses of the costs, benefits, and savings associated with universal design implementation.

(b) Creating measurable UD standards and guidelines to facilitate the implementation of UD principles in commercial and private facilities, outdoor environments, and housing.

(c) Developing and promoting curricula on UD for university-level architecture, engineering, and design students.

(d) Providing training and technical assistance to designers, architects, and

builders to incorporate UD principles and features into their buildings, projects, and communities.

(e) Providing training and technical assistance to NIDILRR's engineering and assistive technology grantees to incorporate UD strategies and standards into development projects serving the needs of individuals with disabilities and the broader population.

(f) Partnering with relevant stakeholders in carrying out all DRRP activities. Stakeholders include but are not limited to: individuals with disabilities, professional organizations that teach design principles, researchers, engineers, planners, designers, developers, architects, and builders.

#### Types of Priorities

When inviting applications for a competition using one or more priorities, we designate the type of each priority as absolute, competitive preference, or invitational through a notice in the **Federal Register**. The effect of each type of priority follows:

*Absolute priority:* Under an absolute priority, we consider only applications that meet the priority (45 CFR 75).

*Competitive preference priority:* Under a competitive preference priority, we give competitive preference to an application by (1) awarding additional points, depending on the extent to which the application meets the priority (45 CFR 75); or (2) selecting an application that meets the priority over an application of comparable merit that does not meet the priority (45 CFR 75).

*Invitational priority:* Under an invitational priority, we are particularly interested in applications that meet the priority. However, we do not give an application that meets the priority a preference over other applications (45 CFR 75).

This notice does not preclude us from proposing additional priorities, requirements, definitions, or selection criteria, subject to meeting applicable rulemaking requirements.

**Note:** This notice does *not* solicit applications. In any year in which we choose to use this priority, we invite applications through a notice in the **Federal Register**.

Executive Orders 12866 and 13563

#### Regulatory Impact Analysis

Under Executive Order 12866, the Secretary must determine whether this regulatory action is "significant" and, therefore, subject to the requirements of the Executive order and subject to review by the Office of Management and Budget (OMB). Section 3(f) of Executive Order 12866 defines a "significant

regulatory action” as an action likely to result in a rule that may—

(1) Have an annual effect on the economy of \$100 million or more, or adversely affect a sector of the economy, productivity, competition, jobs, the environment, public health or safety, or State, local, or tribal governments or communities in a material way (also referred to as an “economically significant” rule);

(2) Create serious inconsistency or otherwise interfere with an action taken or planned by another agency;

(3) Materially alter the budgetary impacts of entitlement grants, user fees, or loan programs or the rights and obligations of recipients thereof; or

(4) Raise novel legal or policy issues arising out of legal mandates, the President’s priorities, or the principles stated in the Executive order.

This final regulatory action is not a significant regulatory action subject to review by OMB under section 3(f) of Executive Order 12866.

We have also reviewed this final regulatory action under Executive Order 13563, which supplements and explicitly reaffirms the principles, structures, and definitions governing regulatory review established in Executive Order 12866. To the extent permitted by law, Executive Order 13563 requires that an agency—

(1) Propose or adopt regulations only upon a reasoned determination that their benefits justify their costs (recognizing that some benefits and costs are difficult to quantify);

(2) Tailor its regulations to impose the least burden on society, consistent with obtaining regulatory objectives and taking into account—among other things and to the extent practicable—the costs of cumulative regulations;

(3) In choosing among alternative regulatory approaches, select those approaches that maximize net benefits (including potential economic, environmental, public health and safety, and other advantages; distributive impacts; and equity);

(4) To the extent feasible, specify performance objectives, rather than the behavior or manner of compliance a regulated entity must adopt; and

(5) Identify and assess available alternatives to direct regulation, including economic incentives—such as user fees or marketable permits—to encourage the desired behavior, or provide information that enables the public to make choices.

Executive Order 13563 also requires an agency “to use the best available techniques to quantify anticipated present and future benefits and costs as accurately as possible.” The Office of

Information and Regulatory Affairs of OMB has emphasized that these techniques may include “identifying changing future compliance costs that might result from technological innovation or anticipated behavioral changes.”

We are issuing this final priority only on a reasoned determination that its benefits justify its costs. In choosing among alternative regulatory approaches, we selected those approaches that maximize net benefits. Based on the analysis that follows, the Administration for Community Living (ACL), Department of Health and Human Services believes that this regulatory action is consistent with the principles in Executive Order 13563.

We also have determined that this regulatory action does not unduly interfere with State, local, and tribal governments in the exercise of their governmental functions.

In accordance with both Executive orders, ACL assessed the potential costs and benefits, both quantitative and qualitative, of this regulatory action. The potential costs are those resulting from statutory requirements and those we have determined as necessary for administering the ACL’s programs and activities.

The benefits of the Disability and Rehabilitation Research Projects and Centers Program have been well established over the years, as projects similar to the one envisioned by the final priority have been completed successfully, and the proposed priority will generate new knowledge through research. The new DRRP will generate, disseminate, and promote the use of new information that would improve outcomes for individuals with disabilities in the areas of community living and participation, employment, and health and function.

## DEPARTMENT OF HEALTH AND HUMAN SERVICES

### Food and Drug Administration

[Docket No. FDA–2014–E–0130]

#### Determination of Regulatory Review Period for Purposes of Patent Extension; FLUBLOK

**AGENCY:** Food and Drug Administration, HHS.

**ACTION:** Notice.

**SUMMARY:** The Food and Drug Administration (FDA) has determined the regulatory review period for FLUBLOK and is publishing this notice of that determination as required by law. FDA has made the determination because of the submission of an application to the Director of the U.S. Patent and Trademark Office (USPTO), Department of Commerce, for the extension of a patent which claims that human biological product.

**ADDRESSES:** Submit electronic comments to <http://www.regulations.gov>. Submit written petitions (two copies are required) and written comments to the Division of Dockets Management (HFA–305), Food and Drug Administration, 5630 Fishers Lane, Rm. 1061, Rockville, MD 20852. Submit petitions electronically to <http://www.regulations.gov> at Docket No. FDA–2013–S–0610.

**FOR FURTHER INFORMATION CONTACT:**

Beverly Friedman, Office of Management, Food and Drug Administration, 10001 New Hampshire Ave., Hillandale Campus, Rm. 3180, Silver Spring, MD 20993, 301–796–7900.

**SUPPLEMENTARY INFORMATION:** The Drug Price Competition and Patent Term Restoration Act of 1984 (Pub. L. 98–417) and the Generic Animal Drug and Patent Term Restoration Act (Pub. L. 100–670) generally provide that a patent may be extended for a period of up to 5 years so long as the patented item (human drug product, animal drug product, medical device, food additive, or color additive) was subject to regulatory review by FDA before the item was marketed. Under these acts, a product’s

regulatory review period forms the basis for determining the amount of extension an applicant may receive.

A regulatory review period consists of two periods of time: A testing phase and an approval phase. For human drug products, the testing phase begins when the exemption to permit the clinical investigations of the drug becomes effective and runs until the approval phase begins. The approval phase starts with the initial submission of an application to market the human drug product and continues until FDA grants permission to market the drug product. Although only a portion of a regulatory review period may count toward the actual amount of extension that the Director of USPTO may award (for example, half the testing phase must be subtracted as well as any time that may have occurred before the patent was issued), FDA's determination of the length of a regulatory review period for a human drug product will include all of the testing phase and approval phase as specified in 35 U.S.C. 156(g)(1)(B).

FDA has approved for marketing the human biological product FLUBLOK (A/California/7/2009(h1N1), A/Victoria/361/2011(H3N2), B/Wisconsin/1/2010). FLUBLOK is a vaccine indicated for active immunization against disease caused by influenza virus subtypes A and type B contained in the vaccine. Subsequent to this approval, the USPTO received a patent term restoration application for FLUBLOK (U.S. Patent No. 5,762,939) from Protein Sciences Corporation, and the USPTO requested FDA's assistance in determining this patent's eligibility for patent term restoration. In a letter dated March 26, 2014, FDA advised the USPTO that this human drug product had undergone a regulatory review period and that the approval of FLUBLOK represented the first permitted commercial marketing or use of the product. Thereafter, the USPTO requested that FDA determine the product's regulatory review period.

FDA has determined that the applicable regulatory review period for FLUBLOK is 3,010 days. Of this time, 1,275 days occurred during the testing phase of the regulatory review period, while 1,735 days occurred during the approval phase. These periods of time were derived from the following dates:

1. *The date an exemption under section 505(i) of the Federal Food, Drug, and Cosmetic Act (the FD&C Act) (21 U.S.C. 355(i)) became effective:* October 22, 2004. The applicant claims September 23, 2004, as the date the investigational new drug application (IND) became effective. However, FDA records indicate that the IND effective

date was October 22, 2004, which was 30 days after FDA receipt of the IND.

2. *The date the application was initially submitted with respect to the human drug product under section 505(b) of the FD&C Act:* April 18, 2008. FDA has verified the applicant's claim that the biologics license application (BLA) for FLUBLOK (BLA 125285/0) was submitted on April 18, 2008.

3. *The date the application was approved:* January 16, 2013. FDA has verified the applicant's claim that BLA 125285/0 was approved on January 16, 2013.

This determination of the regulatory review period establishes the maximum potential length of a patent extension. However, the USPTO applies several statutory limitations in its calculations of the actual period for patent extension. In its application for patent extension, this applicant seeks 5 years of patent term extension.

Anyone with knowledge that any of the dates as published are incorrect may submit to the Division of Dockets Management (see ADDRESSES) either electronic or written comments and ask for a redetermination by June 23, 2015. Furthermore, any interested person may petition FDA for a determination regarding whether the applicant for extension acted with due diligence during the regulatory review period by October 21, 2015. To meet its burden, the petition must contain sufficient facts to merit an FDA investigation. (See H. Rept. 857, part 1, 98th Cong., 2d sess., pp. 41–42, 1984.) Petitions should be in the format specified in 21 CFR 10.30.

Interested persons may submit to the Division of Dockets Management (see ADDRESSES) electronic or written comments and written or electronic petitions. It is only necessary to send one set of comments. Identify comments with the docket number found in brackets in the heading of this document. If you submit a written petition, two copies are required. A petition submitted electronically must be submitted to <http://www.regulations.gov>, Docket No. FDA–2013–S–0610. Comments and petitions that have not been made publicly available on <http://www.regulations.gov> may be viewed in the Division of Dockets Management between 9 a.m. and 4 p.m., Monday through Friday.

Dated: April 20, 2015.

**Leslie Kux,**

*Associate Commissioner for Policy.*

## DEPARTMENT OF HEALTH AND HUMAN SERVICES

### Food and Drug Administration

[Docket No. FDA–2014–E–0299]

#### Determination of Regulatory Review Period for Purposes of Patent Extension; KYNAMRO

**AGENCY:** Food and Drug Administration, HHS.

**ACTION:** Notice.

**SUMMARY:** The Food and Drug Administration (FDA) has determined the regulatory review period for KYNAMRO and is publishing this notice of that determination as required by law. FDA has made the determination because of the submission of an application to the Director of the U.S. Patent and Trademark Office (USPTO), Department of Commerce, for the extension of a patent which claims that human drug product.

**ADDRESSES:** Submit electronic comments to <http://www.regulations.gov>. Submit written petitions (two copies are required) and written comments to the Division of Dockets Management (HFA–305), Food and Drug Administration, 5630 Fishers Lane, Rm. 1061, Rockville, MD 20852. Submit petitions electronically to <http://www.regulations.gov> at Docket No. FDA–2013–S–0610.

**FOR FURTHER INFORMATION CONTACT:** Beverly Friedman, Office of Management, Food and Drug Administration, 10001 New Hampshire Ave., Hillandale Campus, Rm. 3180, Silver Spring, MD 20993, 301–796–7900.

**SUPPLEMENTARY INFORMATION:** The Drug Price Competition and Patent Term Restoration Act of 1984 (Pub. L. 98–417) and the Generic Animal Drug and Patent Term Restoration Act (Pub. L. 100–670) generally provide that a patent may be extended for a period of up to 5 years so long as the patented item (human drug product, animal drug product, medical device, food additive, or color additive) was subject to regulatory review by FDA before the item was marketed. Under these acts, a product's regulatory review period forms the basis for determining the amount of extension an applicant may receive.

A regulatory review period consists of two periods of time: A testing phase and an approval phase. For human drug products, the testing phase begins when the exemption to permit the clinical investigations of the drug becomes effective and runs until the approval

phase begins. The approval phase starts with the initial submission of an application to market the human drug product and continues until FDA grants permission to market the drug product. Although only a portion of a regulatory review period may count toward the actual amount of extension that the Director of USPTO may award (for example, half the testing phase must be subtracted as well as any time that may have occurred before the patent was issued), FDA's determination of the length of a regulatory review period for a human drug product will include all of the testing phase and approval phase as specified in 35 U.S.C. 156(g)(1)(B).

FDA has approved for marketing the human drug product KYNAMRO (mipomersen sodium). KYNAMRO is indicated as an adjunct to lipid-lowering medications and diet to reduce low density lipoprotein-cholesterol, apolipoprotein B, total cholesterol, and non-high density lipoprotein-cholesterol in patients with homozygous familial hypercholesterolemia. Subsequent to this approval, the USPTO received a patent term restoration application for KYNAMRO (U.S. Patent No. 7,511,131) from Genzyme Corporation, and the USPTO requested FDA's assistance in determining this patent's eligibility for patent term restoration. In a letter dated March 27, 2014, FDA advised the USPTO that this human drug product had undergone a regulatory review period and that the approval of KYNAMRO represented the first permitted commercial marketing or use of the product. Thereafter, the USPTO requested that FDA determine the product's regulatory review period.

FDA has determined that the applicable regulatory review period for KYNAMRO is 2,601 days. Of this time, 2,294 days occurred during the testing phase of the regulatory review period, while 307 days occurred during the approval phase. These periods of time were derived from the following dates:

1. *The date an exemption under section 505(i) of the Federal Food, Drug, and Cosmetic Act (the FD&C Act) (21 U.S.C. 355(i)) became effective:* December 18, 2005. FDA has verified the applicant's claim that the date the investigational new drug application became effective was on December 18, 2005.

2. *The date the application was initially submitted with respect to the human drug product under section 505(b) of the FD&C Act:* March 29, 2012. FDA has verified the applicant's claim that the new drug application (NDA) for KYNAMRO (NDA 203568) was submitted on March 29, 2012.

3. *The date the application was approved:* January 29, 2013. FDA has verified the applicant's claim that NDA 203568 was approved on January 29, 2013.

This determination of the regulatory review period establishes the maximum potential length of a patent extension. However, the USPTO applies several statutory limitations in its calculations of the actual period for patent extension. In its application for patent extension, this applicant seeks 853 days of patent term extension.

Anyone with knowledge that any of the dates as published are incorrect may submit to the Division of Dockets Management (see **ADDRESSES**) either electronic or written comments and ask for a redetermination by June 23, 2015. Furthermore, any interested person may petition FDA for a determination regarding whether the applicant for extension acted with due diligence during the regulatory review period by October 21, 2015. To meet its burden, the petition must contain sufficient facts to merit an FDA investigation. (See H. Rept. 857, part 1, 98th Cong., 2d sess., pp. 41–42, 1984.) Petitions should be in the format specified in 21 CFR 10.30.

Interested persons may submit to the Division of Dockets Management (see **ADDRESSES**) electronic or written comments and written or electronic petitions. It is only necessary to send one set of comments. Identify comments with the docket number found in brackets in the heading of this document. If you submit a written petition, two copies are required. A petition submitted electronically must be submitted to <http://www.regulations.gov>, Docket No. FDA-2013-S-0610.

Comments and petitions that have not been made publicly available on <http://www.regulations.gov> may be viewed in the Division of Dockets Management between 9 a.m. and 4 p.m., Monday through Friday.

Dated: April 20, 2015.

**BILLING CODE 4164-01-P**

## DEPARTMENT OF HEALTH AND HUMAN SERVICES

### Health Resources and Services Administration

#### National Vaccine Injury Compensation Program; List of Petitions Received

**AGENCY:** Health Resources and Services Administration, HHS.

**ACTION:** Notice.

**SUMMARY:** The Health Resources and Services Administration (HRSA) is publishing this notice of petitions received under the National Vaccine Injury Compensation Program (the Program), as required by Section 2112(b)(2) of the Public Health Service (PHS) Act, as amended. While the Secretary of Health and Human Services is named as the respondent in all proceedings brought by the filing of petitions for compensation under the Program, the United States Court of Federal Claims is charged by statute with responsibility for considering and acting upon the petitions.

**FOR FURTHER INFORMATION CONTACT:** For information about requirements for filing petitions, and the Program in general, contact the Clerk, United States Court of Federal Claims, 717 Madison Place NW., Washington, DC 20005, (202) 357-6400. For information on HRSA's role in the Program, contact the Director, National Vaccine Injury Compensation Program, 5600 Fishers Lane, Room 11C-26, Rockville, MD 20857; (301) 443-6593.

**SUPPLEMENTARY INFORMATION:** The Program provides a system of no-fault compensation for certain individuals who have been injured by specified childhood vaccines. Subtitle 2 of Title XXI of the PHS Act, 42 U.S.C. 300aa-10 *et seq.*, provides that those seeking compensation are to file a petition with the U.S. Court of Federal Claims and to serve a copy of the petition on the Secretary of Health and Human Services, who is named as the respondent in each proceeding. The Secretary has delegated this responsibility under the Program to HRSA. The Court is directed by statute to appoint special masters who take evidence, conduct hearings as appropriate, and make initial decisions as to eligibility for, and amount of, compensation.

A petition may be filed with respect to injuries, disabilities, illnesses, conditions, and deaths resulting from vaccines described in the Vaccine Injury Table (the Table) set forth at Section 2114 of the PHS Act or as set forth at 42 CFR 100.3, as applicable. This Table lists for each covered childhood vaccine the conditions that may lead to compensation and, for each condition, the time period for occurrence of the first symptom or manifestation of onset or of significant aggravation after vaccine administration. Compensation may also be awarded for conditions not listed in the Table and for conditions that are manifested outside the time periods specified in the Table, but only

if the petitioner shows that the condition was caused by one of the listed vaccines.

Section 2112(b)(2) of the PHS Act, 42 U.S.C. 300aa-12(b)(2), requires that “[w]ithin 30 days after the Secretary receives service of any petition filed under section 2111 the Secretary shall publish notice of such petition in the **Federal Register**.” Set forth below is a list of petitions received by HRSA on March 1, 2015, through March 31, 2015. This list provides the name of petitioner, city and state of vaccination (if unknown then city and state of person or attorney filing claim), and case number. In cases where the Court has redacted the name of a petitioner and/or the case number, the list reflects such redaction.

Section 2112(b)(2) also provides that the special master “shall afford all interested persons an opportunity to submit relevant, written information” relating to the following:

1. The existence of evidence “that there is not a preponderance of the evidence that the illness, disability, injury, condition, or death described in the petition is due to factors unrelated to the administration of the vaccine described in the petition,” and

2. Any allegation in a petition that the petitioner either:

a. “Sustained, or had significantly aggravated, any illness, disability, injury, or condition not set forth in the Vaccine Injury Table but which was caused by” one of the vaccines referred to in the Table, or

b. “Sustained, or had significantly aggravated, any illness, disability, injury, or condition set forth in the Vaccine Injury Table the first symptom or manifestation of the onset or significant aggravation of which did not occur within the time period set forth in the Table but which was caused by a vaccine” referred to in the Table.

In accordance with Section 2112(b)(2), all interested persons may submit written information relevant to the issues described above in the case of the petitions listed below. Any person choosing to do so should file an original and three (3) copies of the information with the Clerk of the U.S. Court of Federal Claims at the address listed above (under the heading **FOR FURTHER INFORMATION CONTACT**), with a copy to HRSA addressed to Director, Division of Injury Compensation Programs, Healthcare Systems Bureau, 5600 Fishers Lane, Room 11C-26, Rockville, MD 20857. The Court’s caption (Petitioner’s Name v. Secretary of Health and Human Services) and the docket number assigned to the petition should be used as the caption for the written

submission. Chapter 35 of title 44, United States Code, related to paperwork reduction, does not apply to information required for purposes of carrying out the Program.

Dated: April 17, 2015.

**James Macrae**,  
*Acting Administrator*.

#### Center for Scientific Review; Notice of Closed Meetings

Pursuant to section 10(d) of the Federal Advisory Committee Act, as amended (5 U.S.C. App.), notice is hereby given of the following meetings.

The meetings will be closed to the public in accordance with the provisions set forth in sections 552b(c)(4) and 552b(c)(6), Title 5 U.S.C., as amended. The grant applications and the discussions could disclose confidential trade secrets or commercial property such as patentable material, and personal information concerning individuals associated with the grant applications, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

*Name of Committee:* Center for Scientific Review Special Emphasis Panel, Epigenetics, Hepatitis, and Neurologic Disorders.

*Date:* May 1, 2015.

*Time:* 1:00 p.m. to 2:00 p.m.

*Agenda:* To review and evaluate grant applications.

*Place:* National Institutes of Health, 6701 Rockledge Drive, Bethesda, MD 20892, (Telephone Conference Call).

*Contact Person:* Suzan Nadi, Ph.D., Scientific Review Officer, Center for Scientific Review, National Institutes of Health, 6701 Rockledge Drive, Room 5217B, MSC 7846, Bethesda, MD 20892, 301-435-1259, [nadis@csr.nih.gov](mailto:nadis@csr.nih.gov).

This notice is being published less than 15 days prior to the meeting due to the timing limitations imposed by the review and funding cycle.

*Name of Committee:* Center for Scientific Review Special Emphasis Panel, PAR-12-138: NHLBI Systems Biology Collaborations.

*Date:* May 18-19, 2015.

*Time:* 10:00 a.m. to 6:00 p.m.

*Agenda:* To review and evaluate grant applications.

*Place:* National Institutes of Health, 6701 Rockledge Drive, Bethesda, MD 20892, (Virtual Meeting).

*Contact Person:* Ai-Ping Zou, MD, Ph.D., Scientific Review Officer, Center for Scientific Review, National Institutes of Health, 6701 Rockledge Drive, Room 4118, MSC 7814, Bethesda, MD 20892, 301-408-9497, [zouai@csr.nih.gov](mailto:zouai@csr.nih.gov).

*Name of Committee:* Center for Scientific Review Special Emphasis Panel, PAR-12-138: NHLBI Systems Biology Collaborations.

*Date:* May 18-19, 2015.

*Time:* 10:00 a.m. to 6:00 p.m.

*Agenda:* To review and evaluate grant applications.

*Place:* National Institutes of Health, 6701 Rockledge Drive, Bethesda, MD 20892, (Virtual Meeting).

*Contact Person:* Katherine M Malinda, Ph.D., Scientific Review Officer, Center for Scientific Review, National Institutes of Health, 6701 Rockledge Drive, Room 4140, MSC 7814, Bethesda, MD 20892, 301-435-0912, [Katherine\\_Malinda@csr.nih.gov](mailto:Katherine_Malinda@csr.nih.gov).

**DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT**

[Docket No. FR-5831-N-21]

**30-Day Notice of Proposed Information Collection: Assessment of HUD-Funded or Designated Neighborhood Networks Centers and Other Computer Labs Within Public Housing Authorities and Multifamily Housing Properties**

**AGENCY:** Office of the Chief Information Officer, HUD.

**ACTION:** Notice.

**SUMMARY:** HUD has submitted the proposed information collection requirement described below to the Office of Management and Budget (OMB) for review, in accordance with the Paperwork Reduction Act. The purpose of this notice is to allow for an additional 30 days of public comment.  
**DATES:** *Comments Due Date:* May 26, 2015.

**ADDRESSES:** Interested persons are invited to submit comments regarding this proposal. Comments should refer to the proposal by name and/or OMB Control Number and should be sent to: HUD Desk Officer, Office of Management and Budget, New Executive Office Building, Washington, DC 20503; fax: 202-395-5806. Email: [OIRA\\_Submission@omb.eop.gov](mailto:OIRA_Submission@omb.eop.gov).

**FOR FURTHER INFORMATION CONTACT:** Colette Pollard, Reports Management Officer, QDAM, Department of Housing and Urban Development, 451 7th Street SW., Washington, DC 20410; email at [Colette.Pollard@hud.gov](mailto:Colette.Pollard@hud.gov) or telephone 202-402-3400. Persons with hearing or speech impairments may access this number through TTY by calling the toll-free Federal Relay Service at (800) 877-8339. This is not a toll-free number.

Copies of available documents submitted to OMB may be obtained from Ms. Pollard.

**SUPPLEMENTARY INFORMATION:** This notice informs the public that HUD has submitted to OMB a request for approval of the information collection described in Section A.

The **Federal Register** notice that solicited public comment on the information collection for a period of 60 days was published on January 8, 2015 at 80 FR 1038.

**A. Overview of Information Collection**

*Title of Information Collection:* Assessment of HUD-Funded or Designated Neighborhood Networks Centers and Other Computer Labs within Public Housing Authorities and Multifamily Housing Properties.

*OMB Approval Number:* 2577-New.

*Type of Request:* New collection.

*Form Numbers:* N/A.

*Description of the need for the information and proposed use:* From the mid-1990s through 2010, HUD either funded or provided technical assistance to encourage the establishment of Neighborhood Networks computer centers in public and assisted housing. HUD is interested in learning about the current status of these computer centers (and others that may have been opened outside of the Neighborhood Networks initiative). In addition, HUD is interested in learning about the ability of these centers to provide digital literacy and other educational training, as well as challenges these centers face in maintaining operations.

*Respondents:* Public housing authorities and Multifamily Housing owners.

*Estimated Number of Respondents:* HUD estimates that approximately 1,000 responses will be received.

Information collection	Number of respondents	Frequency of response	Responses per annum	Burden hour per response	Annual burden hours	Hourly cost per response	Annual cost
Total .....	1,000	1	1	1.5	1,500	\$30.00	\$30,000

**Solicitation of Public Comment**

This notice is soliciting comments from members of the public and affected parties concerning the collection of information described in Section A on the following:

- (1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- (2) The accuracy of the agency's estimate of the burden of the proposed collection of information;

(3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) Ways to minimize the burden of the collection of information on those who are to respond; including through the use of appropriate automated collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

HUD encourages interested parties to submit comment in response to these questions.

**Authority:** Section 3507 of the Paperwork Reduction Act of 1995, 44 U.S.C. Chapter 35.

Dated: April 17, 2015.

**Colette Pollard,**

**DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT**

[Docket No. FR-5800-FA-20]

**Announcement of Funding Awards; Fair Housing Initiatives Program Fiscal Year 2014****AGENCY:** Office of the Assistant Secretary for Fair Housing and Equal Opportunity, HUD.**ACTION:** Announcement of funding awards.

**SUMMARY:** In accordance with section 102(a)(4)(C) of the Department of Housing and Urban Development Reform Act of 1989, this announcement notifies the public of funding decisions made by the Department under the Notice of Funding Availability (NOFA) for the Fair Housing Initiatives Program (FHIP) for Fiscal Year (FY) 2014. This announcement contains the names and addresses of those award recipients selected for funding based on the rating and ranking of all applications and the amount of the awards.

**FOR FURTHER INFORMATION CONTACT:** Myron Newry, Director, FHIP Division, Office of Programs, Office of Fair Housing and Equal Opportunity, Department of Housing and Urban Development, 451 Seventh Street SW., Room 5230, Washington, DC 20410. Telephone number (202) 402-7095 (this is not a toll-free number). Persons with hearing or speech impairments may

access this number through TTY by calling the toll-free Federal Relay Service at 800-877-8339.

**SUPPLEMENTARY INFORMATION:** Title VIII of the Civil Rights Act of 1968, as amended, 42 U.S.C. 3601-19 (the Fair Housing Act) provides the Department with responsibility to accept and investigate complaints alleging discrimination based on race, color, religion, sex, handicap, familial status or national origin in the sale, rental, or financing of most housing. In addition, the Fair Housing Act directs the Department to coordinate with State and local agencies administering fair housing laws and to cooperate with and render technical assistance to public or private entities carrying out programs to prevent and eliminate discriminatory housing practices.

Section 561 of the Housing and Community Development Act of 1987, 42 U.S.C. 3616, established FHIP to strengthen the Department's enforcement of the Fair Housing Act and to further fair housing. This program assists projects and activities designed to enhance compliance with the Fair Housing Act and substantially equivalent State and local fair housing laws. Implementing regulations are found at 24 CFR part 125.

On July 3, 2014, the Department published its FY 2014 NOFA, which announced the availability of approximately \$38,300,000 to be utilized for FHIP projects and activities.

Funding availability for discretionary grants for the FHIP NOFA included: The Private Enforcement Initiative (PEI) (\$29,275,000), the Education and Outreach Initiative (EOI) (\$5,450,000), and the Fair Housing Organizations Initiative (FHOI) (\$3,575,000). This Notice announces grant awards for the FY 2014 FHIP NOFA of approximately \$38,300,000.

For the FY 2014, the Department reviewed, evaluated and scored the applications received based on the criteria in the FY 2014 FHIP NOFA. As a result, HUD has funded the applications announced in Appendix A, and in accordance with section 102(a)(4)(C) of the Department of Housing and Urban Development Reform Act of 1989 (103 Stat. 1987, 42 U.S.C. 3545), the Department is hereby publishing details concerning the recipients of funding awards in Appendix A of this document.

The Catalog of Federal Domestic Assistance Number for currently funded Initiatives under the Fair Housing Initiatives Program is 14.408.

Dated: April 9, 2015.

#### Endangered and Threatened Wildlife and Plants; Draft Recovery Plan for the Santa Barbara County Distinct Population Segment of the California Tiger Salamander

**AGENCY:** Fish and Wildlife Service, Interior.

**ACTION:** Notice of document availability; request for comments.

**SUMMARY:** We, the U.S. Fish and Wildlife Service, announce the availability of the draft recovery plan for

the Santa Barbara County Distinct Population Segment of the California tiger salamander (*Ambystoma californiense*). The recovery plan includes recovery objectives and criteria, and specific actions necessary to achieve downlisting and delisting from the Federal Lists of Endangered and Threatened Wildlife and Plants. We request review and comment on this plan from local, State, and Federal agencies; Tribes; and the public. We will also accept any new information on the status of the Santa Barbara County Distinct Population Segment of the California tiger salamander throughout its range to assist in finalizing the recovery plan.

**DATES:** To ensure consideration, we must receive written comments on or before June 23, 2015. However, we will accept information about any species at any time.

**ADDRESSES:** You may obtain a copy of the draft recovery plan from our Web site at <http://www.fws.gov/endangered/species/recovery-plans.html>. Alternatively, you may contact the Ventura Fish and Wildlife Office, U.S. Fish and Wildlife Service, 2493 Portola Road, Suite B, Ventura, California 93003 (telephone 805-644-1766). If you wish to comment on the draft recovery plan, you may submit your comments in writing by any one of the following methods:

- *U.S. mail:* Field Supervisor, at the above address;
- *Hand-delivery:* Ventura Fish and Wildlife Office, at the above address;
- *Fax:* (805) 644-3958; or
- *Email:* [sbcts\\_rp@fws.gov](mailto:sbcts_rp@fws.gov).

For additional information about submitting comments, see the "Request for Public Comments" section below.

**FOR FURTHER INFORMATION CONTACT:** Stephen P. Henry, Field Supervisor, at the above street address or telephone number (see **ADDRESSES**).

**SUPPLEMENTARY INFORMATION:**

**Background**

Recovery of endangered or threatened animals and plants to the point where they are again secure, self-sustaining members of their ecosystems is a primary goal of our endangered species program and the Endangered Species Act of 1973, as amended (Act; 16 U.S.C. 1531 *et seq.*). Recovery means improvement of the status of listed species to the point at which listing is no longer appropriate under the criteria specified in section 4(a)(1) of the Act. The Act requires the development of recovery plans for listed species, unless such a plan would not promote the conservation of a particular species.

On January 19, 2000, the Santa Barbara County Distinct Population Segment (DPS) of the California tiger salamander was emergency listed as endangered (65 FR 3096). The final listing rule for the species was subsequently published on September 21, 2000 (65 FR 57242). Critical habitat for the DPS was designated in 2004 (69 FR 68568).

The Santa Barbara County DPS of the California tiger salamander is endemic to the northern portion of Santa Barbara County, California, and currently consists of six distinct metapopulations, defined as a set of local populations or breeding sites within an area, where typically dispersal from one local population or breeding site to other areas containing suitable habitat is possible, but not routine. The primary threat that resulted in the listing of the Santa Barbara DPS of the California tiger salamander as federally endangered was the loss, degradation, and fragmentation of habitat from human activities. The California tiger salamander requires a combination of pond habitat for breeding, and upland (underground) habitat for the rest of its life cycle. The species depends on a series of interconnected breeding and upland habitats, making it particularly sensitive to changes in the amount, configuration, and quality of these habitats. The loss and destruction of habitat continues to represent the primary threat to the species. Within the range of the Santa Barbara County DPS of the California tiger salamander, significant portions of its habitat have been altered or destroyed. Additional threats to the species include hybridization with nonnative tiger salamanders, predation and competition by nonnative species, vehicle-strike mortality, and lack of

compliance with existing regulatory mechanisms. A majority of the known California tiger salamander occurrences in Santa Barbara County currently occur on private lands, requiring continual coordination with multiple private and local government entities for management.

**Recovery Plan**

The purpose of a recovery plan is to provide a framework for the recovery of species so that protection under the Act is no longer necessary. A recovery plan includes scientific information about the species and provides criteria that help us to gauge whether downlisting or delisting the species is warranted. Furthermore, recovery plans help guide our recovery efforts by describing actions we consider necessary for each species' conservation and by estimating time and costs for implementing needed recovery measures.

The goal of this draft recovery plan is to reduce the threats to the Santa Barbara County DPS of the California tiger salamander to ensure its long-term viability in the wild, and allow for its removal from the list of threatened and endangered species. The interim goal is to recover the DPS to the point that it can be downlisted from endangered to threatened status. The recovery objectives of the plan are:

1. Protect and manage sufficient habitat within the metapopulation areas to support long-term viability of the Santa Barbara County DPS of the California tiger salamander.

2. Reduce or remove other threats to the Santa Barbara County DPS of the California tiger salamander.

The draft recovery plan contains recovery criteria based on maintaining and increasing population numbers and habitat quality and quantity, and mitigating significant threats to the species. As the Santa Barbara County DPS of the California tiger salamander meets these criteria, we will review the species' status and consider the species for downlisting or removal from the Federal List of Endangered and Threatened Wildlife and Plants.

**Request for Public Comments**

Section 4(f) of the Act requires us to provide public notice and an opportunity for public review and comment during recovery plan development. It is also our policy to request peer review of recovery plans (July 1, 1994; 59 FR 34270). In an appendix to the approved recovery plan, we will summarize and respond to the issues raised by the public and peer reviewers. Substantive comments may or may not result in changes to the

recovery plan; comments regarding recovery plan implementation will be forwarded as appropriate to Federal or other entities so that they can be taken into account during the course of implementing recovery actions. Responses to individual commenters will not be provided, but we will provide a summary of how we addressed substantive comments in an appendix to the approved recovery plan.

We invite written comments on the draft recovery plan. In particular, we are interested in additional information regarding the current threats to the species, and our proposed approach to recovering the species.

Before we approve our final recovery plan, we will consider all comments we receive by the date specified in **DATES** above. Methods of submitting comments are in the **ADDRESSES** section above.

**Public Availability of Comments**

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Comments and materials we receive will be available, by appointment, for public inspection during normal business hours at our office (see **ADDRESSES**).

**Authority**

We developed our draft recovery plan under the authority of section 4(f) of the Act, 16 U.S.C. 1533(f). We publish this notice under section 4(f) Endangered Species Act of 1973, as amended (16 U.S.C. 1531 *et seq.*).

**Alexandra Pitts,**

*Acting Regional Director, Pacific Southwest Region.*

**Notice of Availability of the Draft Resource Management Plan Revisions and Draft Environmental Impact Statement for Western Oregon**

**AGENCY:** Bureau of Land Management, Interior.

**ACTION:** Notice of Availability.

**SUMMARY:** In accordance with the National Environmental Policy Act of 1969, as amended, and the Federal Land Policy and Management Act of 1976, as amended, the Bureau of Land Management (BLM) has prepared Draft Resource Management Plan (RMP) Revisions and a Draft Environmental Impact Statement (EIS) for Western Oregon and, by this notice, is announcing the opening of the comment period.

**DATES:** To ensure that comments will be considered, the BLM must receive written comments on the Draft RMP Revisions and Draft EIS within 90 days following the date that the Environmental Protection Agency (EPA) publishes notice of the Draft RMP Revisions and Draft EIS in the **Federal Register**. Written comments on proposed ACEC designations must be received within 60 days following the date that the EPA publishes notice of the Draft RMP Revisions and Draft EIS in the **Federal Register**. The BLM will announce future meetings or hearings and any other public participation activities at least 15 days in advance through public notices, media releases, the Web site, and/or mailings.

**ADDRESSES:** You may submit comments related to the Draft RMP Revisions, Draft EIS, and potential ACECs for Western Oregon by any of the following methods:

- *Web site:* <http://www.blm.gov/or/plans/rmpswesternoregon/deis.php>
- *Email:* [BLM\\_OR\\_RMPWO\\_Comments@blm.gov](mailto:BLM_OR_RMPWO_Comments@blm.gov)
- *Fax:* 503-808-6021
- *Mail:* BLM—EIS for Western Oregon, 1220 SW. 3rd Avenue, Portland, OR 97204, or P.O. Box 2965, Portland, OR 97208

Copies of the Draft RMP Revisions and Draft EIS for Western Oregon are available at the Oregon State Office at the above address or on the Web site at: <http://www.blm.gov/or/plans/rmpswesternoregon/deis.php>.

**FOR FURTHER INFORMATION CONTACT:** Mr. Mark Brown, RMPs for Western Oregon Project Manager; telephone: 503-808-6233; address: 1220 SW. 3rd Avenue, Portland, OR 97204, or P.O. Box 2965, Portland, OR 97208; or email at [BLM\\_OR\\_RMPWO\\_Comments@blm.gov](mailto:BLM_OR_RMPWO_Comments@blm.gov).

Persons who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339 to contact the above individual during normal business hours. The FIRS is available 24 hours a day, seven days a week, to leave a message or question with the above

individual. You will receive a reply during normal business hours.

**SUPPLEMENTARY INFORMATION:** The BLM prepared the Draft RMP Revisions and Draft EIS for Western Oregon encompassing approximately 2,550,000 acres of BLM-administered lands and 69,000 acres of split-estate lands in western Oregon. The documents address a range of alternatives focused on providing a sustained yield of timber, contributing to the conservation and recovery of threatened and endangered species, providing for clean water, restoring fire-adapted ecosystems, coordinating management of lands surrounding the Coquille Forest with the Coquille Tribe, and providing for recreation opportunities. The Draft RMP Revisions and Draft EIS propose to revise the RMPs for the Coos Bay, Eugene, Medford, Roseburg, and Salem Districts and the Lakeview District's Klamath Falls Resource Area. These six RMPs, completed in 1995, incorporated the land use allocations and standards and guidelines from the Northwest Forest Plan.

In 2012, the BLM conducted an evaluation of the 1995 RMPs in accordance with its planning regulations and concluded that a plan revision was necessary to address the changed circumstances and new information that had led to a substantial, long-term departure from the timber management outcomes predicted under the 1995 RMPs. Within the western Oregon districts, three BLM-administered areas are not included in the decision area: the Cascade Siskiyou National Monument (Medford District), the Upper Klamath Basin and Wood River Wetland (Klamath Falls Field Office), and the West Eugene Wetlands (Eugene District).

BLM-administered lands in the planning area include Oregon and California Railroad (O&C) lands, Coos Bay Wagon Road lands, Public Domain lands, and acquired lands. The Oregon and California Railroad and Coos Bay Wagon Road Grant Lands Act of 1937 (O&C Act) put the O&C lands under the jurisdiction of the U.S. Department of the Interior and provides the legal authority for the management of O&C lands and Coos Bay Wagon Road lands. The lands were classified as timberlands to be managed for permanent forest production, and the timber was to be sold, cut, and removed in conformity with the principle of sustained yield for the purpose of providing a permanent source of timber supply. Sustained yield management under the O&C Act also provides for the purpose of protecting watersheds, regulating stream flow,

contributing to the economic stability of local communities and industries, and providing recreational facilities. The Federal Land Policy and Management Act of 1976 provides the legal authority for the management of Public Domain lands and acquired lands. These lands and resources are to be managed under the principles of multiple use and sustained yield. The land ownership patterns in western Oregon create unique management challenges. Generally, O&C land is located in odd-numbered sections and private land is located in even-numbered sections, creating a "checkerboard" ownership pattern. Activities on adjacent private lands have implications for management of the BLM-administered lands. The BLM also typically manages only a small percentage of the land in any particular watershed and, in many cases, the cumulative actions across all ownerships determine resource outcomes. In the Coast Range, checkerboard ownership is spread across the entire watershed. In the western Cascades, checkerboard ownership is mostly in the lower part of watersheds with blocked U.S. Forest Service ownership in the headwater areas.

The formal public scoping process for the RMP Revisions and EIS began on March 9, 2012, with the publication of a Notice of Intent in the **Federal Register** (77 FR 14414) and ended on October 5, 2012. The BLM held scoping open houses in May and June 2012. The BLM used public scoping comments to help identify planning issues that directed the formulation of alternatives and framed the scope of analysis in the Draft RMP Revisions and Draft EIS.

The Draft RMP Revisions and Draft EIS for Western Oregon analyze, in detail, four action alternatives, two sub-alternatives, and the No Action alternative. The No Action alternative would implement the 1995 RMPs, as written, into the future with no change in the management actions and level of management intensity in the planning area. There are 107 Areas of Critical Environmental Concern (ACEC) currently designated in the western Oregon districts' RMPs and described in the No Action alternative. The BLM developed the action alternatives to represent a range of overall management approaches. All action alternatives include the following land use allocations: Congressionally Reserved (e.g., wilderness, wild and scenic rivers), District-Designated Reserves, Late-Successional Reserve, Riparian Reserve, Harvest Land Base, and Eastside Management Area. The location and acreage of these allocations

vary by alternative with the exception of Congressionally Reserved allocations that are common to all alternatives. Within each action alternative, the Harvest Land Base, Late-Successional Reserve, and Riparian Reserve have specific, mapped sub-allocations with differing management direction. Given the checkboard ownership patterns and the wide-spread distribution of the federally listed species in the planning area analyzed in the Draft RMP Revisions and Draft EIS, regional mitigation considerations are incorporated throughout the action alternatives.

The two sub-alternatives modify an individual component of northern spotted owl conservation and related effects on timber production.

The BLM has identified Alternative B as the preferred alternative. Identification of this alternative, however, does not represent final agency direction, and the Proposed RMP Revisions and Final EIS may reflect changes or adjustments based on information received during public comment, from new information, or from changes in BLM policies or priorities. The proposed RMPs and Final EIS may include objectives and actions described in the other analyzed alternatives or otherwise within the spectrum of the analyzed alternatives.

Alternative A has a Late-Successional Reserve larger than the No Action Alternative. The Harvest Land Base is comprised of the Uneven-Aged Timber Area and the High Intensity Timber Area. The High Intensity Timber Area includes regeneration harvest with no retention (clear cuts). Under Alternative A the BLM would designate 119 ACECs.

Alternative B has a Late-Successional Reserve similar in size to Alternative A, though of a different spatial design. The Harvest Land Base is comprised of the Uneven-Aged Timber Area, Low Intensity Timber Area, and Moderate Intensity Timber Area. The portion of the Harvest Land Base in Uneven-Aged Timber Area is the largest of all action alternatives. The Low Intensity Timber Area and Moderate Intensity Timber Area include regeneration harvest with varying levels of retention. Under Alternative B, the BLM would designate 114 ACECs.

Sub-alternative B is identical to Alternative B except that it includes protection of habitat within the home ranges of all northern spotted owl known and historic sites. Alternative C has the largest Harvest Land Base of any of the alternatives. The Harvest Land Base is comprised of the Uneven-Aged Timber Area and the High Intensity Timber

Area includes regeneration harvest with no retention (clear cuts). Alternative C has the smallest acreage in the Riparian Reserve of all of the alternatives. Under Alternative C, the BLM would designate 111 ACECs.

Sub-alternative C is identical to Alternative C except that the Late-Successional Reserve includes all stands 80 years old and older.

Alternative D has the smallest Late-Successional Reserve of any of the alternatives. The Harvest Land Base is comprised of the Uneven-Aged Timber Area, Owl Habitat Timber Area, and Moderate Intensity Timber Area. The Owl Habitat Timber Area includes timber harvest applied in a manner that would maintain northern spotted owl habitat. The Moderate Intensity Timber Area includes regeneration harvest with retention. Alternative D has the largest acreage in the Riparian Reserve of all of the action alternatives. Under Alternative D, the BLM would designate 118 ACECs.

In addition to announcing the opening of the 90-day comment period on the Draft RMP Revisions and Draft EIS for Western Oregon, this notice is also announcing the start of the 60-day period for public comment on proposed Area of Critical Environmental Concern (ACEC) designations, consistent with 43 CFR 1610.7–2(b). The action alternatives in the Draft RMP Revisions and Draft EIS for Western Oregon consider the designation of 121 potential ACECs, with a variety of resource use limitations that would occur if formally designated.

The 121 potential ACECs are Brownson Ridge, Cherry Creek, China Wall, Euphoria Ridge, Hunter Creek Bog, New River, North Fork Chetco, North Fork Coquille River, North Fork Hunter Creek, North Spit, North Spit Addition, Rocky Peak, Roman Nose, Steel Creek, Tioga Creek, Upper Rock Creek, Wassen Creek, Camas Swale, Cottage Grove Old Growth, Cougar Mountain Yew Grove, Dorena Prairie, Esmond Lake, Ferguson Creek, Fox Hollow, Garoutte Prairie, Grandmother's Grove, Grassy Mountain, Heceta Sand Dunes, Horse Rock Ridge, Hult Marsh, Jordan Creek, Lake Creek Falls, Lorane Ponderosa Pine, Low Elevation Headwaters of the McKenzie River, McGowan Meadow, Mohawk, Nails Creek, Oak Basin Prairies, Upper Elk Meadows, Upper Willamette Valley Margin, Willamette Valley Prairie Oak and Pine Area, Bumpheads, Old Baldy, Spencer Creek, Surveyor, Tunnel Creek, Upper Klamath River, Upper Klamath River Addition, Yainax Butte, Baker Cypress, Bobby Creek, Brewer Spruce, Cobleigh Road, Dakubetede, Deer Creek,

East Fork Whiskey Creek, Eight Dollar Mountain, French Flat, Grayback Glades, Green Springs Mt Scenic, Hole-In-The-Rock, Holton Creek, Hoxie Creek, Iron Creek, King Mountain Rock Garden, Lost Lake, Moon Prairie, North Fork Silver Creek, Old Baldy, Pickett Creek, Pipe Fork, Poverty Flat, Reeves Creek, Rough and Ready, Round Top Butte, Sterling Mine Ditch, Table Rocks, Tin Cup, Waldo-Takilma, West Fork Illinois River, Woodcock Bog, Bear Gulch, Beatty Creek, Bushnell-Irwin Rocks, Callahan Meadows, Myrtle Island, North Bank, North Myrtle Creek, Red Pond, Tater Hill, Beaver Creek, Crabtree Complex, Elk Creek, Forest Peak, Grass Mountain, High Peak—Moon Creek, Little North Fork Wilson River, Little Sink, Lost Prairie, Lower Scappoose Eagle, Mary's Peak, McCully Mountain, Middle Santiam Terrace, Mill Creek Ridge, Molalla Meadows, Nestucca River, Rickreall Ridge, Saddle Bag Mountain, Sandy River, Silt Creek, Snow Peak, Soosap Meadows, The Butte, Valley of the Giants, Walker Flat, Waterloo, White Rock Fen, Wilhoit Springs, Williams Lake, Yaquina Head, and Yellowstone Creek.

If formally designated, the BLM would close all potential ACECs to salable mineral development, except for Sandy River, in which the BLM would close most of the potential ACEC, but minerals are owned by non-federal entities in portions of parcels 14 and 33, and Roman Nose, in which the BLM would limit salable mineral development to the existing quarry.

If formally designated, the BLM would recommend withdrawal of all or part of the following potential ACECs from locatable mineral entry: Hunter Creek Bog, New River, North Fork Chetco, North Fork Hunter Creek, Rocky Peak, Cougar Mountain Yew Grove, Grassy Mountain, Heceta Sand Dunes, Horse Rock Ridge, Low Elevation Headwaters of the McKenzie River, McGowan Meadow, Mohawk, Oak Basin Prairies, Upper Elk Meadows, Upper Willamette Valley Margin, Willamette Valley Prairie Oak and Pine Area, Bumpheads, Old Baldy, Spencer Creek, Surveyor, Tunnel Creek, Upper Klamath River, Upper Klamath River Addition, Yainax Butte, Bobby Creek, Brewer Spruce, Dakubetede, East Fork Whiskey Creek, Eight Dollar Mountain, Grayback Glades, Holton Creek, Iron Creek, North Fork Silver Creek, Pickett Creek, Pipe Fork, Reeves Creek, Rough and Ready, Table Rocks, West Fork Illinois River, Woodcock Bog, Bear Gulch, Beatty Creek, Bushnell-Irwin Rocks, Callahan Meadows, Myrtle Island, North Bank, North Myrtle Creek, Red Pond, Tater Hill, Beaver Creek, Crabtree Complex,

Elk Creek, Forest Peak, Grass Mountain, High Peak—Moon Creek, Little North Fork Wilson River, Little Sink, Lost Prairie, Lower Scappoose Eagle, Mary's Peak, McCully Mountain, Middle Santiam Terrace, Mill Creek Ridge, Molalla Meadows, Nestucca River, Rickreall Ridge, Saddle Bag Mountain, Silt Creek, Snow Peak, Soosap Meadows, The Butte, Valley of the Giants, Walker Flat, Waterloo, White Rock Fen, Wilhoit Springs, Williams Lake, Yaquina Head, Yellowstone Creek, Sandy River, French Flat, and Waldo-Takilma.

If formally designated, all potential ACECs would be open to leasable mineral entry with a no surface occupancy stipulation, except for Valley of the Giants, for which the BLM does not own sub-surface mineral rights, except for 07S–08W–31 NE1/4.

If formally designated, the BLM would close all or part of the following potential ACECs to off-highway vehicle use: Lower Scappoose Eagle, North Bank, Table Rocks, New River, Hunter Creek Bog, North Fork Hunter Creek, Camas Swale, Cottage Grove Old Growth, Cougar Mountain Yew Grove, Dorena Prairie, Esmond Lake, Ferguson Creek, Fox Hollow, Garoutte Prairie, Grandmother's Grove, Grassy Mountain, Heceta Sand Dunes, Horse Rock Ridge, Jordan Creek, Lake Creek Falls, Lorane Ponderosa Pine, Low Elevation Headwaters of the McKenzie River, McGowan Meadow, Mohawk, Nails Creek, Oak Basin Prairies, Upper Elk Meadows, Upper Willamette Valley Margin, Willamette Valley Prairie Oak and Pine Area, Old Baldy, Spencer Creek, Woodcock Bog, Bear Gulch, Beatty Creek, Bushnell-Irwin Rocks, Callahan Meadows, Myrtle Island, North Myrtle Creek, Red Pond, Tater Hill, Beaver Creek, Crabtree Complex, Forest Peak, Grass Mountain, High Peak—Moon Creek, Little Sink, Lost Prairie, McCully Mountain, Mill Creek Ridge, Molalla Meadows, Rickreall Ridge, Saddle Bag Mountain, Silt Creek, Soosap Meadows, Walker Flat, Waterloo, Williams Lake, Yaquina Head, and French Flat. In all of the remaining potential ACECs, if formally designated, the BLM would limit off-highway vehicle use to existing or designated roads and trails.

If formally designated, the BLM would preclude timber harvest or condition timber harvest to maintain relevant and important values in all potential ACECs. As explained in Chapter 1 of the Draft RMP Revisions and Draft EIS for Western Oregon, the BLM will designate and manage ACECs on O&C lands where the special management needed to maintain

relevant and important values would not conflict with the planning for sustained-yield timber production for the purposes of the O&C Act.

If formally designated, the BLM would manage livestock grazing in all potential ACECs to maintain relevant and important values. The following potential ACECs are already closed to livestock grazing and would continue to be closed if formally designated: Old Baldy, Spencer Creek, Lost Lake, Round Top Butte, Table Rocks, and Poverty Flat. At the Bumpheads potential ACEC, the BLM maintains gap fence to exclude livestock and would continue that management if formally designated. The following potential ACECs are open to grazing with stipulations for fencing to control grazing that would continue if formally designated: Surveyor and Tunnel Creek. The following potential ACECs are open to grazing with stipulations to monitor important values and fence or implement other protection measures if needed and those stipulations would continue if formally designated: Cobleigh Road, Green Springs Mt Scenic, Hole-In-The-Rock, Hoxie Creek, Moon Prairie, and Tin Cup.

If formally designated, the BLM would designate all potential ACECs as Right-of-Way Avoidance Areas.

The BLM is planning a series of public meetings after the release of the Draft RMP Revisions and Draft EIS. The purpose of these meetings is to help members of the public understand the content of the Draft RMP Revisions and Draft EIS and provide meaningful and constructive comments. There will be at least six "open-house" public meetings (one meeting per District) where people can engage with BLM employees on all resources addressed in the Draft RMP Revisions and Draft EIS. The BLM will likely also be organizing issue-specific meetings on topics such as socio-economics, forestry, aquatics, and wildlife. Information on meeting locations and dates will be available at <http://www.blm.gov/or/plans/rmpswesternoregon/>. Following the close of the public review and comment period, any substantive public comments will be used to revise the Draft RMP Revisions and Draft EIS in preparation for their release to the public as the Proposed RMP and Final EIS. The BLM will respond to each substantive comment received during the public review and comment period by making appropriate revisions to the document or explaining why the comment did not warrant a change. Notice of the availability of the Proposed RMP and Final EIS will be posted in the **Federal Register**. Please

note that public comments and information submitted—including names, street addresses, and email addresses of persons who submit comments—will be available for public review and disclosure at the above address during regular business hours (8 a.m. to 4 p.m.), Monday through Friday, except holidays.

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

##### Bureau of Ocean Energy Management

[MMAA104000]

##### Information Collection: Prospecting for Minerals Other Than Oil, Gas, and Sulphur on the Outer Continental Shelf and Authorizations of Noncommercial Geological and Geophysical Activities; Proposed Collection for OMB Review; Comment Request

**ACTION:** 30-day notice.

**SUMMARY:** To comply with the Paperwork Reduction Act of 1995 (PRA), the Bureau of Ocean Energy Management (BOEM) is notifying the public that we have submitted an information collection request (ICR) to the Office of Management and Budget (OMB) for review and approval. The ICR pertains to the regulations under 30 CFR 580, *Prospecting for Minerals Other than Oil, Gas, and Sulphur on the Outer Continental Shelf*, as well as authorizations of noncommercial

geological and geophysical (G&G) activities issued pursuant to Section 11 of the Outer Continental Shelf Lands Act (OCSLA). This notice provides the public a second opportunity to comment on the paperwork burden of this collection.

**DATES:** Submit written comments by May 26, 2015.

**ADDRESSES:** Submit comments on this ICR to the Desk Officer for the Department of the Interior at OMB–OIRA at (202) 395–5806 (fax) or *OIRA\_submission@omb.eop.gov* (email). Please provide a copy of your comments to the Information Collection Clearance Officer, Bureau of Ocean Energy Management, 45600 Woodland Road, Sterling, Virginia 20166 (mail) or *nicole.mason@boem.gov* (email). Please reference ICR 1010–0072 in your comment and include your name and return address.

**FOR FURTHER INFORMATION CONTACT:** Office of Policy, Regulations, and Analysis at *nicole.mason@boem.gov* (email) or (703) 787–1025 (phone). You may review the ICR online at <http://www.reginfo.gov>. Follow the instructions to review Department of the Interior collections under review by OMB.

**SUPPLEMENTARY INFORMATION:**

*OMB Control Number:* 1010–0072.

*Title:* 30 CFR 580, Prospecting for Minerals other than Oil, Gas, and Sulphur on the Outer Continental Shelf and Authorizations of Noncommercial Geological and Geophysical (G&G) Activities.

*Form:* BOEM–0134, Requirements for G&G Prospecting, Exploration, or Scientific Research on the OCS Related to Minerals Other than Oil, Gas, and Sulphur.

*Abstract:* The Outer Continental Shelf (OCS) Lands Act (OCSLA), as amended (43 U.S.C. 1331 *et seq.* and 43 U.S.C. 1801 *et seq.*), authorizes the Secretary of the Interior (Secretary) to prescribe rules and regulations to administer leasing of the OCS. Section 1337(k) of the OCS Lands Act authorizes the Secretary “. . . to grant to the qualified persons offering the highest cash bonuses on a basis of competitive bidding leases of any mineral other than oil, gas, and sulphur in any area of the outer Continental Shelf not then under lease for such mineral upon such royalty, rental, and other terms and conditions as the Secretary may prescribe at the time of offering the area for lease.” An amendment to the OCS Lands Act (Pub. L. 103–426) authorizes the Secretary to negotiate agreements (in lieu of the previously required competitive bidding process) for the use of OCS sand, gravel,

and shell resources for certain specified types of public uses. The specified uses will support construction of governmental projects for beach nourishment, shore protection, and wetlands enhancement, or any such project authorized by the Federal Government.

Section 1340 of the OCSLA states that “. . . any person authorized by the Secretary may conduct geological and geophysical explorations in the [O]uter Continental Shelf, which do not interfere with or endanger actual operations under any lease maintained or granted pursuant to this Act, and which are not unduly harmful to aquatic life in such area.” Geological and geophysical exploration can only be performed pre-lease under a permit, authorization, or scientific research notice. The section further requires that permits to conduct such activities may only be issued if it is determined that the applicant is qualified; the activities do not result in pollution or create hazardous or unsafe conditions; the activities do not unreasonably interfere with other uses of the area or disturb any site, structure, or object of historical or archaeological significance.

Prospecting for marine minerals includes certain aspects of exploration as defined in the OCSLA at 43 U.S.C. 1331(k). The term “exploration” means the process of searching for minerals, including geophysical surveys where magnetic, gravity, seismic, or other systems are used to detect or imply the presence of such minerals. The OCSLA requires all parties who are prospecting marine minerals for commercial purposes to be authorized. The OCSLA also requires non-Federal parties (such as State agencies and contractors of State agencies) to obtain authorization from the Secretary to conduct noncommercial G&G exploration activities (see 43 U.S.C. 1340(a)(1)).

As a Federal agency, BOEM has a responsibility to comply with the National Environmental Policy Act (NEPA), Endangered Species Act, and Marine Mammal Protection Act, among other environmental laws. This includes a substantive duty not to take any agency action that may affect a protected species, as well as a procedural duty to consult with the U.S. Fish and Wildlife Service and National Marine Fisheries Service, when warranted, before engaging in a discretionary action that may affect a protected species.

The Independent Offices Appropriations Act (31 U.S.C. 9701), the Omnibus Appropriations Bill (Pub. L. 104–133, 110 Stat. 1321, April 26, 1996), and the OMB Circular A–25

authorize Federal agencies to recover the full cost of services that confer special benefits. All G&G permits for commercial prospecting are subject to cost recovery, and BOEM regulations specify service fees for these requests.

The authority to carry out these responsibilities is contained in regulations under 30 CFR 580, as well as OCSLA Section 11 (43 U.S.C. 1340(a)(1)), which is the subject of this information collection renewal. BOEM uses the information to ensure there is no environmental degradation, personal harm, or unsafe operations and conditions, damage to historical or archaeological sites, or interference with other uses; to analyze and evaluate preliminary or planned mining activities; to monitor progress and activities in the OCS; to acquire G&G data and information collected under a Federal permit offshore; and to determine eligibility for reimbursement from the Government for certain costs. Respondents are required to submit form BOEM–0134 to provide the information necessary to evaluate their qualifications, and upon approval, respondents are issued a permit or authorization.

BOEM uses the information collected to understand the G&G characteristics of marine mineral-bearing physiographic regions of the OCS. The information aids BOEM in obtaining a proper balance among the potentials for environmental damage, the discovery of marine minerals, and associated impacts on affected coastal States.

In this renewal, BOEM is expanding the use of form BOEM–0134 to include applications to conduct noncommercial prospecting (exploration) of marine minerals, such as OCS sand, gravel, and shell resources for public use. BOEM is also updating the form to clarify the types of copies being requested, delete incorrect language, make recommendations for faster processing, update addresses, and reference environmental mitigation requirements. To respond to the types of questions BOEM receives on the form, BOEM is also clarifying wording, providing examples/tables to reduce confusion, and clarifying Regional differences, when necessary, to further assist applicants. BOEM is not asking for more information, just outlining current requirements in more detail. However, to better account for the requirement to submit environmental information sufficient for the environmental review, BOEM is increasing the burden hours from 10 to 88 hours for all OCS Regions. We are also adding the terms “authorization(s)” and “exploration” throughout the form so that the form

also serves as the instrument to authorize entities to carry out noncommercial prospecting (exploration) of marine minerals.

Responses are mandatory or required to obtain or retain a benefit. No questions of a sensitive nature are asked. The BOEM protects information considered proprietary according to 30 CFR 580.70, applicable sections of 30 CFR parts 550 and 552, and the

Freedom of Information Act (5 U.S.C. 552) and its implementing regulations (43 CFR 2).

*Frequency:* On occasion, annual, or as specified in permits.

*Estimated Number and Description of Respondents:* There are four to seven permittees/respondents, including those required to only file notices (scientific research).

*Estimated Reporting and Recordkeeping Hour Burden:* We

estimate the burden for this information collection to be a total of 488 hours. The following table details the individual components and estimated hour burdens. In calculating the burdens, we assumed that respondents perform certain requirements in the normal course of their activities. We consider these to be usual and customary and took that into account in estimating the burden.

**BURDEN TABLE**

Citation 30 CFR part 580, as applicable	Reporting and recordkeeping requirements	Hour burden	Average number of annual responses	Annual burden hours
<b>Non-Hour Cost Burden <sup>1</sup></b>				
<b>Subpart B</b>				
10; 11(a); 12; 13; Permit Form.	Apply for permit or authorization (Form BOEM-0134) to conduct prospecting/exploration or G&G scientific research activities, including prospecting/scientific research plan and environmental assessment or required drilling plan. Provide notifications & additional information as required.	88	2 permits ..... 2 authorizations	176 176
		\$2,012 permit application fee × 2 permits <sup>2</sup> = \$4,024.		
11(b); 12(c) .....	File notice to conduct scientific research activities related to hard minerals, including notice to BOEM prior to beginning and after concluding activities. Arrange alternative deadline.	8	3 notices .....	24
Subtotal	.....	.....	7 Responses .....	376
		\$4,024 Non-Hour Cost Burden.		
<b>Subpart C</b>				
21(a) .....	Report to BOEM if hydrocarbon/other mineral occurrences or environmental hazards are detected or adverse effects occur.	1	1 report .....	1
22 .....	Request approval to modify operations, with required information.	1	2 requests .....	2
23(b) .....	Request reimbursement for expenses for BOEM inspection	1	3 requests .....	3
24 .....	Submit status and final reports on specified schedule/format.	12	4 reports .....	48
28 .....	Request relinquishment of permit .....	1	1 relinquishment <sup>3</sup> .	1
31(b); 73 .....	Governor(s) of adjacent State(s) submissions to BOEM: Comments on activities involving an environmental assessment; request for proprietary data, information, and samples; and disclosure agreement.	1	3 submissions ...	3
33, 34 .....	Appeal penalty, order, or decision—burden exempt under 5 CFR 1320.4(a)(2), (c)			0
Subtotal	.....	.....	14 Responses ..	58
<b>Subpart D</b>				
40; 41; 50; 51; Permit Form ..	Notify BOEM and submit G&G data/information collected under a permit and/or processed by permittees or 3rd parties, including reports, logs or charts, results, analyses, descriptions, etc., as required.	8	3 submissions ...	24
42(b); 52(b) .....	Advise 3rd party recipient of obligations. Part of licensing agreement between parties; no submission to BOEM.	1/2	4 notices .....	2
42(c), (d); 52(c), (d) .....	Notify BOEM of 3rd party transactions .....	1	1 notice .....	1
60; 61 .....	Request reimbursement for costs of reproducing data/information & certain processing costs.	1	1 request <sup>3</sup> .....	1
70 .....	Enter disclosure agreement. ....	4	1 agreement .....	4

Permits <sup>4</sup> .....	Retain G&G data/information for 10 years and make available to BOEM upon request.	1	4 respondents ..	4
Subtotal	.....	.....	7 Responses ....	10
Total Burden .....	.....	.....	41 Responses ..	488
			\$4,024 Non-Hour Cost Burdens.	

<sup>1</sup> Fees are subject to modification per inflation annually.

<sup>2</sup> Only permits, not authorizations, are subject to cost recovery.

<sup>3</sup> No requests received for many years. Minimal burden for regulatory (PRA) purposes only.

<sup>4</sup> These permits/authorizations are prepared by BOEM and sent to respondents; therefore, the forms themselves do not incur burden hours.

*Estimated Reporting and Recordkeeping "Non-Hour Cost"*

**Burden:** We have identified one non-hour cost burden for this collection. Under § 580.12(a), there is an application fee of \$2,012 when respondents submit a permit application (refer to the table above). Respondents conducting scientific research are required only to file a notice with BOEM and are not subject to the cost recovery fee.

**Public Disclosure Statement:** The PRA (44 U.S.C. 3501, *et seq.*) provides that an agency may not conduct or sponsor a collection of information unless it displays a currently valid OMB control number. Until OMB approves a collection of information, you are not obligated to respond.

**Comments:** We invite comments concerning this information collection on:

- Whether or not the collection of information is necessary, including whether or not the information will have practical utility;
- The accuracy of our burden estimates;
- Ways to enhance the quality, utility, and clarity of the information to be collected; and
- Ways to minimize the burden on respondents.

To comply with the public consultation process, on December 30, 2014, BOEM published a **Federal Register** notice (79 FR 78473)

announcing that we would submit this ICR to OMB for approval. This notice provided the required 60-day comment period. We received two comments. The first comment is not germane to the collection; and the second comment, from North American Submarine Cable Association (NASCA), urges BOEM to modify form BOEM-0134 to require permit applicants to identify and coordinate with NASCA with respect to submarine cables in the vicinity of any planned marine minerals activities. BOEM appreciates the detailed comments that NASCA submitted. We noted the new suggested mitigation measures not included in prior NASCA comments. Please note that a reference to submarine does appear in the form itself (under General Requirements of Permits and Notices paragraph E). Furthermore, we will add "Submarine Cable Coordination" to the list of Stipulations we attach to every permit. The NASCA would need to provide points of contact etc., for the permittee. The matter would then be dealt with between the permittee and NASCA.

**Public Availability of Comments:** Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment

to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Dated: April 14, 2015.

## DEPARTMENT OF JUSTICE

### Office of Justice Programs

[OJP (OJP) Docket No. 1688]

#### Meeting of the Public Safety Officer Medal of Valor Review Board

**AGENCY:** Bureau of Justice Assistance (BJA), Office of Justice Programs (OJP), DOJ.

**ACTION:** Notice of meeting.

**SUMMARY:** This is an announcement of a meeting (via conference call-in only) of the Public Safety Officer Medal of Valor Review Board to consider a range of issues of importance to the Board, to include but not limited to: membership/terms; applicant eligibility; the pending 2013-2014 MOV recommendations; the application submissions and review; outreach efforts; and to vote on the position of Board Chairperson. The meeting/conference call date and time is listed below.

**DATES:** June 18, 2015, 2:00 p.m. to 3:00 p.m. EST.

**ADDRESSES:** This meeting will take place via conference call.

**FOR FURTHER INFORMATION CONTACT:** Gregory Joy, Policy Advisor, Bureau of Justice Assistance, Office of Justice Programs, 810 7th Street NW., Washington, DC 20531, by telephone at (202) 514-1369, toll free (866) 859-2687, or by email at [Gregory.joy@usdoj.gov](mailto:Gregory.joy@usdoj.gov).

**SUPPLEMENTARY INFORMATION:** The Public Safety Officer Medal of Valor Review Board carries out those advisory functions specified in 42 U.S.C. 15202. Pursuant to 42 U.S.C. 15201, the President of the United States is authorized to award the Public Safety Officer Medal of Valor, the highest national award for valor by a public safety officer.

The purpose of this meeting/conference call is to consider a range of issues of importance to the Board, to include but not limited to: Membership/terms; applicant eligibility; the pending 2013-2014 MOV recommendations; the

application submissions and review; outreach efforts; and to vote on the position of Board Chairperson.

This meeting/conference call is open to the public at the offices of the Bureau of Justice Assistance. For security purposes, members of the public who wish to participate must register at least seven (7) days in advance of the meeting/conference call by contacting Mr. Joy. All interested participants will be required to meet at the Bureau of Justice Assistance, Office of Justice Programs; 810 7th Street NW., Washington, DC, and will be required to sign in at the front desk. Note: Photo identification will be required for admission. Additional identification documents may be required.

Access to the meeting/conference call will not be allowed without prior registration. Anyone requiring special accommodations should contact Mr. Joy at least seven (7) days in advance of the meeting. Please submit any comments or written statements for consideration by the Review Board in writing at least seven (7) days in advance of the meeting date.

**Gregory Joy,**

*Policy Advisor/Designated Federal Officer, Bureau of Justice Assistance.*

**BILLING CODE 4410-18-P**

## LIBRARY OF CONGRESS

### U.S. Copyright Office

[Docket No. 2015-01]

#### Copyright Protection for Certain Visual Works

**AGENCY:** U.S. Copyright Office, Library of Congress.

**ACTION:** Notice of Inquiry.

**SUMMARY:** The U.S. Copyright Office is reviewing how certain visual works, particularly photographs, graphic artworks, and illustrations, are monetized, enforced, and registered under the Copyright Act. The Office seeks commentary on the current marketplace for these visual works, as well as observations regarding the real or potential obstacles that authors, and, as applicable, their licensees or other representatives face when navigating the digital landscape. This work builds upon previous studies and public inquiries in a number of areas, including small claims, the making available right, resale royalties, registration, recordation, and the interoperability of records. As always, the Office is interested in the

perspectives of copyright owners as well as users of these creative works. This is a general inquiry that will likely lead to additional specific inquiries.

**DATES:** Comments are due July 23, 2015. Reply comments are due August 24, 2015.

**ADDRESSES:** All comments should be submitted electronically using the comment submission page on the Office Web site at <http://copyright.gov/policy/visualworks/>. To meet accessibility standards, submitters must upload comments in a single file not to exceed six (6) megabytes (MB) in one of the following formats: The Adobe Portable Document File (PDF) format that contains searchable, accessible text (not an image); Microsoft Word; WordPerfect; Rich Text Format (RTF); or ASCII text file format (not a scanned document). The form and face of the comments must include the submitter's name and organization (if any). The Office will post all comments publicly on the Office's Web site exactly as they are received, along with names and organizations. If electronic submission of comments is not feasible, please contact the Office at 202-707-8350 for special instructions.

**FOR FURTHER INFORMATION CONTACT:** Catherine Rowland, Senior Advisor to the Register of Copyrights, by telephone at 202-707-8350 or by electronic mail at [crowland@loc.gov](mailto:crowland@loc.gov).

#### SUPPLEMENTARY INFORMATION:

##### I. Background

The Copyright Act<sup>1</sup> has long protected photographs, graphic artworks, and illustrations, which encompass a wide range of formats, from fine art pieces to duplications of fine art to media photographs to political cartoons and images created to enhance or sell popular products or services. Whether these works are created by one's own hand or using a computer program, significant creative talent is frequently involved. The types of authorship also vary greatly. Some authors are professionals who spend many years creating unique portfolios for the sake of art or for commercial customers, and who publish and license their works with the expectation that they will be properly attributed and compensated. Others are amateurs or hobbyists who create or disseminate images on an informal basis using mobile phones and other consumer devices as well as social media.

Photographs, graphic artworks, and illustrations have had a broad impact on U.S. culture. Few would question the

<sup>1</sup> 17 U.S.C. 101 *et seq.*

iconic importance of photographs like Dorothea Lange's "Migrant Mother," which epitomize eras of American history. Photographs that document current events often provide gripping images that illuminate critically important news of the day. For example, the remarkable image of firefighters raising an American flag amidst the wreckage of the World Trade Center provides an intense connection to the events of September 11, 2001, and is, in fact, the subject of recent litigation. Media art such as political cartoons provide commentary as well as entertainment; graphic art is everywhere in popular culture and on products; and professional illustrations such as those depicting medical instruction are crucial to educational texts. In short, images are ubiquitous and essential to life in the twenty-first century.

Despite the protections afforded by the Copyright Act and the prevalence of such works in society, authors face significant challenges in the modern era. Photographers note that "the average revenues for working photographers declined over the past year . . . [and] visual artists remain the group most vulnerable to the unauthorized uses of their works while being the group least financially able to bear the resulting economic losses."<sup>2</sup> An illustrator recounts that "[i]t has been a constant battle to educate the good faith persons who have used my art [in an] unauthorized [manner] because they found the works in media where pirates had deliberately deleted my copyright watermark and published my images illegally."<sup>3</sup> Finally, the Graphic Artists Guild explains that "50 percent of the people who are infringing are not responding before any legal action is taken. They are not responding to the rights holder or their attorney who asks them to stop, to cease and desist, or ask for money."<sup>4</sup>

Regarding monetization, in the online era, many individuals and companies seek to use photographs and other illustrations to further their businesses. Some of these users license images from the authors or their representatives, *e.g.*, stock photography companies. However, many authors are likely missing opportunities to monetize their works. These difficulties may be heightened

when photographs, graphic artworks, and illustrations are embedded into other works that are the subject of licenses between third parties.

Many of these works "are particularly vulnerable to orphaning"<sup>5</sup> because the identity of the rights holder often is not included on the face of a work. In the digital world, some authors embed copyright information in their works, but this rights management information may be unlawfully stripped from digital copies.<sup>6</sup> This, in turn, makes it very difficult for potential users to contact the copyright owner to obtain a license to use visual works they may find (*i.e.*, on Web sites), and thus decreases artists' opportunities to monetize their works.

The significant enforcement challenges also pose substantial difficulties. For example, "[p]urlloining of [photographs], whether produced for use by multi-national corporations for advertising purposes, use on apparel, product packaging or reportage, has become routine."<sup>7</sup> Authors have found that "[c]opyright infringement is rampant, especially by copying of digital works and the scanning [of] visual works into digital format."<sup>8</sup> Accessing a photograph, graphic artwork, or illustration online is generally simple and images can frequently be copied or downloaded with ease, thus making it effortless for third parties to use images without permission.

Authors and licensees who try to pursue infringements may face an uphill battle. Litigation can be costly and expensive, and while the monetary harm of an individual infringement may be low, the impact of numerous infringements can be quite high. Similar issue are at play with the Copyright Act's notice and takedown procedures, which, while a valuable mechanism, can provide an incomplete or challenging solution for small authors.

The Copyright Office has been concerned for some time about these and related issues. For example, in recent years, the Office studied and proposed the possibility of an alternative dispute resolution process for copyright claims that have a low

economic value,<sup>9</sup> the possibility of a resale royalty for certain visual art works,<sup>10</sup> and the importance of the making available right in the online environment.<sup>11</sup> The Office has also looked extensively at the problem of orphaned photographs and artworks, and how best to facilitate an exchange between a good faith user and a rightful owner.

Aside from legal solutions, the Copyright Office is mindful of emerging practical solutions. Through an academic partnership with Stanford Law School, the Office has focused its attention on the subject of photographs and licensing gridlock. Stanford's students are exploring ways to centrally assemble information concerning marketplace resources for the licensing of photographs and the data standards relied upon by copyright owners and licensees to engage in such transactions. This project will not only serve creators and their customers, but will also help to inform the Copyright Office as it further adopts or, as necessary, establishes, global identifying information for copyright registration and recorded transactions. Across the sea, the United Kingdom's Copyright Hub is working on a prototype for transactions involving photographs as its first major project. And the Internet Task Force of the Department of Commerce recently explored photography questions as part of a broader public meeting hosted by the U.S. Patent and Trademark Office about facilitating the online licensing environment.<sup>12</sup>

Finally, photographers, graphic artists, and illustrators face challenges when registering their copyrights. Many photographers, for example, are prolific, creating thousands of works per year or even per week or month. Because it can be expensive to register these works on an individual basis, the Copyright Office has provided certain group alternatives. At the same time, the Office also must provide an effective public record that includes sufficient detail regarding who has created what. Statutory damages are available against a user when an author has timely registered a work, and thus the granularity of the record is critical.

<sup>9</sup> See <http://copyright.gov/docs/smallclaims/>.

<sup>10</sup> See <http://copyright.gov/docs/resaleroyalty/>.

<sup>11</sup> See [http://copyright.gov/docs/making\\_available/](http://copyright.gov/docs/making_available/).

<sup>12</sup> See U.S. Dep't of Commerce Internet Policy Task Force, Facilitating the Development of the Online Licensing Environment for Copyrighted Works, Apr. 1, 2015 Agenda, available at <http://www.uspto.gov/learning-and-resources/ip-policy/copyrights>; see also U.S. Dep't of Commerce Internet Policy Task Force, Copyright Policy, Creativity, and Innovation in the Digital Economy (2013) (the "Green Paper").

<sup>2</sup> Comments of American Society of Media Photographers in Response to U.S. Copyright Office's Oct. 22, 2012 Notice of Inquiry on Orphan Works and Mass Digitization ("Orphan Works NOI"), at 3 (Feb. 4, 2013).

<sup>3</sup> Comments of Gerrity Medical Art in Response to Orphan Works NOI, at 1 (Feb. 4, 2013).

<sup>4</sup> U.S. Copyright Office Hearing on Small Copyright Claims, Tr. at 266:17–21 (Nov. 16, 2012) (Lisa Shaftel, Graphic Artists Guild), available at <http://copyright.gov/docs/smallclaims/transcripts/>.

<sup>5</sup> Comments of Association of Medical Illustrators in Response to Orphan Works NOI, at 1 (Feb. 4, 2013).

<sup>6</sup> This removal of rights information may violate Section 1202 of the Copyright Act but is difficult to police.

<sup>7</sup> Comments of American Photographic Artists in Response to U.S. Copyright Office's Oct. 17, 2012 Notice of Inquiry on Remedies for Small Copyright Claims ("Small Claims NOI"), at 3 (Jan. 17, 2012).

<sup>8</sup> Comments of Graphic Artists Guild in Response to Small Claims NOI, at 3 (Jan. 16, 2012).

For this reason, while group options are helpful, they have to be carefully calibrated. How to improve the registration record by leveraging technology solutions is thus a priority.

## II. Subjects of Inquiry

The Office invites comments that address the subjects listed below. When submitting a comment, please identify the nature of your interest in this subject (e.g., whether you are a creator, licensee, etc.):

1. What are the most significant challenges related to monetizing and/or licensing photographs, graphic artworks, and/or illustrations?
2. What are the most significant enforcement challenges for photographers, graphic artists, and/or illustrators?
3. What are the most significant registration challenges for photographers, graphic artists, and/or illustrators?
4. What are the most significant challenges or frustrations for those who wish to make legal use of photographs, graphic art works, and/or illustrations?
5. What other issues or challenges should the Office be aware of regarding photographs, graphic artworks, and/or illustrations under the Copyright Act?

## III. Conclusion

If there are any additional pertinent issues not discussed above, the Office encourages interested parties to raise those matters in their comments.

Dated: April 21, 2015.

## NATIONAL SCIENCE FOUNDATION

### Sunshine Act Meetings; National Science Board

The National Science Board's Committee on Strategy and Budget, Subcommittee on Facilities (SCF), pursuant to NSF regulations (45 CFR part 614), the National Science Foundation Act, as amended (42 U.S.C. 1862n-5), and the Government in the Sunshine Act (5 U.S.C. 552b), hereby gives notice of the scheduling of a teleconference for the transaction of National Science Board business, as follows:

**DATE & TIME:** Thursday, April 30, 2015 at 5:00 to 6:00 p.m. EDT. Open session: 5:00 to 5:40 p.m.; closed session: 5:40 to 6:00 p.m.

**SUBJECT MATTER:** Open meeting subjects: Chairman's remarks; subcommittee member goals for May 2015 through May 2016; future directions for the subcommittee. Closed meeting subjects: approval of closed minutes of February 2015 subcommittee meeting; discussion of regional class research vessels.

**STATUS:** Partly open, partly closed.

This meeting will be held by teleconference. A public listening line will be available for the open portion of the meeting. Members of the public must contact the Board Office [call 703-292-7000 or send an email message to [nationalsciencebrd@nsf.gov](mailto:nationalsciencebrd@nsf.gov)] at least 24 hours prior to the teleconference for the public listening number. Please refer to the National Science Board Web site for additional information and schedule updates (time, place, subject matter or status of meeting) which may be found at <http://www.nsf.gov/nsb/notices/>. The point of contact for this meeting is Elise Lipkowitz, [elipkowi@nsf.gov](mailto:elipkowi@nsf.gov).

**Ann Bushmiller,**

*Senior Counsel to the National Science Board.*

## NUCLEAR REGULATORY COMMISSION

[NRC-2015-0001]

### Sunshine Act Meeting Notice

**DATE:** April 27, May 4, 11, 18, 25, June 1, 2015.

**PLACE:** Commissioners' Conference Room, 11555 Rockville Pike, Rockville, Maryland.

**STATUS:** Public and Closed.

#### Week of April 27, 2015

*Thursday, April 30, 2105*

9:00 a.m. Briefing on the Status of Lessons Learned from the Fukushima Dai-ichi Accident (Public Meeting); (Contact: Jack Davis, 301-415-2239)

This meeting will be webcast live at the Web address—<http://www.nrc.gov/>.

#### Week of May 4, 2015—Tentative

There are no meetings scheduled for the week of May 4, 2015.

#### Week of May 11, 2015—Tentative

There are no meetings scheduled for the week of May 11, 2015.

#### Week of May 18, 2015—Tentative

*Tuesday, May 19, 2015*

9:00 a.m. Briefing on Cumulative Effects of Regulation and Risk Prioritization Initiatives (Public Meeting); (Contact: Steve Ruffin, 301-415-1985)

This meeting will be webcast live at the Web address—<http://www.nrc.gov/>.

*Thursday, May 21, 2015*

9:00 a.m. Briefing on the Results of the Agency Action Review Meeting (Public Meeting); (Contact: Nathan Sanfilippo, 301-415-8744)

This meeting will be webcast live at the Web address—<http://www.nrc.gov/>.

#### Week of May 25, 2015—Tentative

There are no meetings scheduled for the week of May 25, 2015.

#### Week of June 1, 2015—Tentative

There are no meetings scheduled for the week of June 1, 2015

\* \* \* \* \*

The schedule for Commission meetings is subject to change on short notice. For more information or to verify the status of meetings, contact Glenn Ellmers at 301-415-0442 or via email at [Glenn.Ellmers@nrc.gov](mailto:Glenn.Ellmers@nrc.gov).

\* \* \* \* \*

The NRC Commission Meeting Schedule can be found on the Internet

at: <http://www.nrc.gov/public-involve/public-meetings/schedule.html>.

\* \* \* \* \*

The NRC provides reasonable accommodation to individuals with disabilities where appropriate. If you need a reasonable accommodation to participate in these public meetings, or need this meeting notice or the transcript or other information from the public meetings in another format (e.g. braille, large print), please notify Kimberly Meyer, NRC Disability Program Manager, at 301-287-0727, by videophone at 240-428-3217, or by email at [Kimberly.Meyer-Chambers@nrc.gov](mailto:Kimberly.Meyer-Chambers@nrc.gov). Determinations on requests for reasonable accommodation will be made on a case-by-case basis.

\* \* \* \* \*

Members of the public may request to receive this information electronically. If you would like to be added to the distribution, please contact the Nuclear Regulatory Commission, Office of the Secretary, Washington, DC 20555 (301-415-1969), or email [Brenda.Akstulewicz@nrc.gov](mailto:Brenda.Akstulewicz@nrc.gov) or [Patricia.Jimenez@nrc.gov](mailto:Patricia.Jimenez@nrc.gov).

Dated: April 22, 2015.

## RAILROAD RETIREMENT BOARD

### Actuarial Advisory Committee With Respect to the Railroad Retirement Account; Notice of Public Meeting

Notice is hereby given in accordance with Public Law 92-463 that the Actuarial Advisory Committee will hold a meeting on May 28, 2015, at 10:00 a.m. at the office of the Chief Actuary of the U.S. Railroad Retirement Board, 844 North Rush Street, Chicago, Illinois, on the conduct of the 26th Actuarial Valuation of the Railroad Retirement System. The agenda for this meeting will include a discussion of the results and presentation of the 26th Actuarial Valuation. The text and tables which constitute the Valuation will have been prepared in draft form for review by the Committee. It is expected that this will be the last meeting of the Committee before publication of the Valuation.

The meeting will be open to the public. Persons wishing to submit written statements or make oral presentations should address their communications or notices to the RRB Actuarial Advisory Committee, c/o Chief Actuary, U.S. Railroad Retirement

Board, 844 North Rush Street, Chicago, Illinois 60611-2092.

Dated: April 20, 2015.

For The Board.

**Martha P. Rico,**

*Secretary to the Board.*

## SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-74766; File No. SR-NYSE-2015-16]

### Self-Regulatory Organizations; New York Stock Exchange LLC; Notice of Filing of Proposed Rule Change to Amend the Seventh Amended and Restated Operating Agreement of the New York Stock Exchange LLC.

April 20, 2015

Pursuant to Section 19(b)(1)<sup>1</sup> of the Securities Exchange Act of 1934 (the “Act”)<sup>2</sup> and Rule 19b-4 thereunder,<sup>3</sup> notice is hereby given that, on April 6, 2015, New York Stock Exchange LLC (“NYSE” or the “Exchange”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

#### I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend [sic] to amend the Seventh Amended and Restated Operating Agreement (“Operating Agreement”) of the Exchange to remove the requirement that the independent directors that make up the majority of the board of directors of the Exchange (the “Board”) also be directors of Intercontinental Exchange, Inc., the Exchange’s parent company. The text of the proposed rule change is available on the Exchange’s Web site at [www.nyse.com](http://www.nyse.com), at the principal office of the Exchange, and at the Commission’s Public Reference Room.

<sup>1</sup> 15 U.S.C. 78s(b)(1).

<sup>2</sup> 15 U.S.C. 78a.

<sup>3</sup> 17 CFR 240.19b-4.

#### II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

##### A. Self-Regulatory Organization’s Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

###### 1. Purpose

The Exchange proposes to amend the Operating Agreement of the Exchange to remove the requirement that the independent directors making up the majority of the Board also be directors of Intercontinental Exchange, Inc. (“ICE”), the Exchange’s parent.

Section 2.03(a)(i) of the Operating Agreement, which governs board composition, provides that a majority of the Exchange’s directors shall be U.S. persons<sup>4</sup> who are members of the board of directors of ICE that satisfy the Exchange’s independence requirements.<sup>5</sup> Such directors are defined as “ICE Independent Directors” in the Operating Agreement. The Exchange proposes to amend Section 2.03(a)(i) of the Operating Agreement to remove the requirement that the independent directors making up the majority of the Board also be directors of ICE, to redefine “ICE Independent Directors” to remove the reference to ICE, and to make conforming changes in both Section 2.03(a)(i) and Section 2.03(a)(ii). The majority of directors of the Exchange board would continue to satisfy the company independence policy [sic]

The Exchange believes that eliminating the requirement that the independent directors of the Exchange

<sup>4</sup> Pursuant to Section 2.03(a)(1) of the Operating Agreement, a director is a “U.S. Person” if, as of the date of his or her most recent election or appointment to the Board, his or her domicile is, and for the immediately preceding 24 months has been, the United States. The Exchange does not propose to amend this requirement.

<sup>5</sup> The Exchange’s independence requirements are set forth in the Independence Policy of the Board of Directors of the Exchange. See Securities Exchange Act Release No. 67564 (August 1, 2012), 77 FR 47161 (August 7, 2012) (SR-NYSE-2012-17; SR-NYSEArca-2012-59; SR-NYSEMKT-2012-07) (approving NYSE’s director independence policy).

also be directors of ICE will allow the Exchange to broaden the pool of potential Board members, resulting in a more diversified Board membership while still ensuring the directors' independence. Eliminating the requirement that the independent directors of the Exchange also be directors of ICE will also make the Exchange's board requirements more consistent with those of its affiliate NYSE Arca, Inc. ("NYSE Arca") which does not require any of its directors to be directors of ICE.<sup>6</sup>

## 2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Exchange Act<sup>7</sup> in general, and with Section 6(b)(1)<sup>8</sup> in particular, in that it enables the Exchange to be so organized as to have the capacity to be able to carry out the purposes of the Exchange Act and to comply, and to enforce compliance by its exchange members and persons associated with its exchange members, with the provisions of the Exchange Act, the rules and regulations thereunder, and the rules of the Exchange.

The proposed change would remove the requirement that the independent directors that make up the majority of the Exchange Board also be ICE directors and would redefine "ICE Independent Directors" to remove the reference to ICE. As noted above, the proposed change would allow the Exchange to broaden the pool of potential Board members, resulting in a more diversified Board membership while still ensuring their independence, and would make the Exchange's board requirements more consistent with its affiliate NYSE Arca, which does not require its directors to be ICE directors. For these reasons, the Exchange believes that the proposed rule change would contribute to the orderly operation of the Exchange and would enable the Exchange to be so organized as to have the capacity to carry out the purposes of the Exchange Act and comply and enforce compliance with the provisions of the Exchange Act by its members and persons associated with its members. The Exchange therefore believes that approval of the proposed is consistent with Section 6(b)(1) of the Act.

<sup>6</sup> See Amended and Restated NYSE Arca Bylaws, Article III, Section 3.02. The Exchange notes that its NYSE MKT affiliate has also submitted a proposal to amend its Operating Agreement to remove the requirement that the independent directors that make up the majority of the Exchange Board also be directors of ICE, and to redefine "ICE Independent Directors" to remove the reference to ICE. See SR-NYSEMKT-2015-27.

<sup>7</sup> 15 U.S.C. 78f(b).

<sup>8</sup> 15 U.S.C. 78f(b)(1).

The Exchange also believes that this filing furthers the objectives of Section 6(b)(5) of the Exchange Act<sup>9</sup> because the proposed rule change would be consistent with and facilitate a governance and regulatory structure that is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to, and perfect the mechanism of a free and open market and a national market system and, in general, to protect investors and the public interest. The Exchange believes that eliminating the requirement that the independent directors of the Exchange also be directors of ICE will allow the Exchange to have a more diverse board of directors because not all of the independent directors will have to be directors of ICE, while still ensuring their independence. The Exchange believes that the proposed rule change is therefore consistent with and facilitates a governance and regulatory structure that furthers the objectives of Section 6(b)(5) of the Act.

### B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Exchange Act. The proposed rule change is not intended to address competitive issues but rather is concerned solely with the administration and functioning of the Exchange's board of directors.

### C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

## III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 45 days of the date of publication of this notice in the **Federal Register** or up to 90 days (i) as the Commission may designate if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the self-regulatory organization consents, the Commission will:

- (A) by order approve or disapprove the proposed rule change, or
- (B) institute proceedings to determine whether the proposed rule change should be disapproved.

## IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

### Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an email to [rule-comments@sec.gov](mailto:rule-comments@sec.gov). Please include File Number SR-NYSE-2015-16 on the subject line.

### Paper Comments

- Send paper comments in triplicate to Brent J. Fields, Secretary, Securities and Exchange Commission, 100 F Street NE., Washington, DC 20549-1090.

All submissions should refer to File Number SR-NYSE-2015-16. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet Web site (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for Web site viewing and printing in the Commission's Public Reference Room, 100 F Street NE., Washington, DC 20549, on official business days between the hours of 10:00 a.m. and 3:00 p.m. Copies of the filing will also be available for inspection and copying at the NYSE's principal office and on its Internet Web site at [www.nyse.com](http://www.nyse.com). All comments received will be posted without change; the Commission does not edit personal identifying information from submissions. You should submit only information that you wish to make available publicly. All submissions should refer to File Number SR-NYSE-2015-16 and should be submitted on or before May 15, 2015.

<sup>9</sup> 15 U.S.C. 78f(b)(5).

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.<sup>10</sup>

**Brent J. Fields,**  
Secretary.

BILLING CODE 8011-01-P

## SECURITIES AND EXCHANGE COMMISSION

[SEC File No. 270-480, OMB Control No. 3235-0537]

### Proposed Collection; Comment Request

#### *Upon Written Request, Copies Available*

From: Securities and Exchange Commission, Office of FOIA Services, 100 F Street NE., Washington, DC 20549-2736.

#### *Extension:*

Regulation S-P.

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 ("PRA") (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission ("Commission") is soliciting comments on the existing collection of information provided for in the privacy notice and opt out notice provisions of Regulation S-P—Privacy of Consumer Financial Information (17 CFR part 248, subpart A) under the Securities Exchange Act of 1934 ("Exchange Act") (15 U.S.C. 78a *et seq.*). The Commission plans to submit this existing collection of information to the Office of Management and Budget ("OMB") for extension and approval.

The privacy notice and opt out notice provisions of Regulation S-P (the "Rule") implement the privacy notice and opt out notice requirements of Title V of the Gramm-Leach-Bliley Act ("GLBA"), which include the requirement that at the time of establishing a customer relationship with a consumer and not less than annually during the continuation of such relationship, a financial institution shall provide a clear and conspicuous disclosure to such consumer of such financial institution's policies and practices with respect to disclosing nonpublic personal information to affiliates and nonaffiliated third parties ("privacy notice"). Title V of the GLBA also provides that, unless an exception applies, a financial institution may not disclose nonpublic personal information of a consumer to a nonaffiliated third party unless the financial institution clearly and conspicuously discloses to the consumer that such information may

be disclosed to such third party; the consumer is given the opportunity, before the time that such information is initially disclosed, to direct that such information not be disclosed to such third party; and the consumer is given an explanation of how the consumer can exercise that nondisclosure option ("opt out notice"). The Rule applies to broker-dealers, investment advisers registered with the Commission, and investment companies ("covered entities").

Commission staff estimates that, as of December 31, 2014, the Rule's information collection burden applies to approximately 19,876 covered entities (approximately 4,267 broker-dealers, 11,508 investment advisers registered with the Commission and 4,101 investment companies). In view of (a) the minimal recordkeeping burden imposed by the Rule (since the Rule has no recordkeeping requirement and records relating to customer communications already must be made and retained pursuant to other SEC rules); (b) the summary fashion in which information must be provided to customers in the privacy and opt out notices required by the Rule (the model privacy form adopted by the SEC and the other agencies in 2009, designed to serve as both a privacy notice and an opt out notice, is only two pages); (c) the availability to covered entities of the model privacy form and online model privacy form builder; and (d) the experience of covered entities' staff with the notices, SEC staff estimates that covered entities will each spend an average of approximately 12 hours per year complying with the Rule, for a total of approximately 238,512 annual burden-hours ( $12 \times 19,876 = 238,512$ ). SEC staff understands that the vast majority of covered entities deliver their privacy and opt out notices with other communications such as account opening documents and account statements. Because the other communications are already delivered to consumers, adding a brief privacy and opt out notice should not result in added costs for processing or for postage and materials. Also, privacy and opt out notices may be delivered electronically to consumers who have agreed to electronic communications, which further reduces the costs of delivery. Because SEC staff assumes that most paper copies of privacy and opt out notices are combined with other required mailings, the burden-hour estimates above are based on resources required to integrate the privacy and opt notices into another mailing, rather than on the resources required to create and send a separate mailing. SEC staff

estimates that, of the estimated 12 annual burden-hours incurred, approximately 8 hours would be spent by administrative assistants at an hourly rate of \$74, and approximately 4 hours would be spent by internal counsel at an hourly rate of \$380, for a total annualized internal cost of compliance of \$2,112 for each of the covered entities ( $8 \times \$74 = \$592$ ;  $4 \times \$380 = \$1,520$ ;  $\$592 + \$1,520 = \$2,112$ ). Hourly cost of compliance estimates for administrative assistant time are derived from the Securities Industry and Financial Markets Association's *Office Salaries in the Securities Industry 2013*, modified by SEC staff to account for a 1,800-hour work-year and multiplied by 2.93 to account for bonuses, firm size, employee benefits and overhead. Hourly cost of compliance estimates for internal counsel time are derived from the Securities Industry and Financial Markets Association's *Management & Professional Earnings in the Securities Industry 2013*, modified by SEC staff to account for a 1,800-hour work-year and multiplied by 5.35 to account for bonuses, firm size, employee benefits, and overhead. Accordingly, SEC staff estimates that the total annualized internal cost of compliance for the estimated total hour burden for the approximately 19,876 covered entities subject to the Rule is approximately \$41,978,112 ( $\$2,112 \times 19,876 = \$41,978,112$ ).

Written comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's estimates of the burden of the proposed collection of information on respondents; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information under the PRA unless it displays a currently valid OMB control number.

Please direct your written comments to: Pamela Dyson, Director/Chief Information Officer, Securities and Exchange Commission, c/o Remi Pavlik-Simon, 100 F Street NE., Washington,

<sup>10</sup> 17 CFR 200.30-3(a)(12).

DC 20549, or send an email to: *PRA\_Mailbox@sec.gov*.

Dated: April 20, 2015.

**Brent J. Fields,**  
*Secretary.*

BILLING CODE 8011-01-P

## SECURITIES AND EXCHANGE COMMISSION

[File No. 500-1]

### In the Matter of First American Scientific Corp., Order of Suspension of Trading

April 22, 2015.

It appears to the Securities and Exchange Commission that there is a lack of current and accurate information concerning the securities of First American Scientific Corp. (CIK No. 1002822), a Nevada corporation with its principal place of business listed as Abbotsford, British Columbia, Canada, with stock quoted on OTC Link (previously, "Pink Sheets") operated by OTC Markets Group, Inc. ("OTC Link") under the ticker symbol FASC, because it has not filed any periodic reports since the period ended March 31, 2012. On May 2, 2014, First American Scientific Corp. received a delinquency letter sent by the Division of Corporation Finance requesting compliance with their periodic filing obligations.

The Commission is of the opinion that the public interest and the protection of investors require a suspension of trading in the securities of the above-listed company.

Therefore, it is ordered, pursuant to Section 12(k) of the Securities Exchange Act of 1934, that trading in the securities of the above-listed company is suspended for the period from 9:30 a.m. EDT on April 22, 2015, through 11:59 p.m. EDT on May 5, 2015.

By the Commission.

**Jill M. Peterson,**  
*Secretary.*

[FR Doc. 2015-09685 Filed 4-22-15; 4:15 pm]

BILLING CODE 8011-01-P

## SECURITIES AND EXCHANGE COMMISSION

### Proposed Collection; Comment Request

*Upon Written Request, Copies Available From:* Securities and Exchange Commission, Office of FOIA Services, 100 F Street NE., Washington, DC 20549-2736.

#### Extension:

Rules 17h-1T and 17h-2T; SEC File No. 270-359, OMB Control No. 3235-0410.

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 ("PRA") (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission ("Commission") is soliciting comments on the existing collection of information provided for in Rules 17h-1T and 17h-2T (17 CFR 240.17h-1T and 17 CFR 240.17h-2T), under the Securities Exchange Act of 1934 (17 U.S.C. 78a *et seq.*). The Commission plans to submit this existing collection of information to the Office of Management and Budget ("OMB") for extension and approval.

Rule 17h-1T requires a covered broker-dealer to maintain and preserve records and other information concerning certain entities that are associated with the broker-dealer. This requirement extends to the financial and securities activities of the holding company, affiliates and subsidiaries of the broker-dealer that are reasonably likely to have a material impact on the financial or operational condition of the broker-dealer. Rule 17h-2T requires a covered broker-dealer to file with the Commission quarterly reports and a cumulative year-end report concerning the information required to be maintained and preserved under Rule 17h-1T.

The collection of information required by Rules 17h-1T and 17h-2T, collectively referred to as the "risk assessment rules", is necessary to enable the Commission to monitor the activities of a broker-dealer affiliate whose business activities are reasonably likely to have a material impact on the financial and operational condition of the broker-dealer. Without this information, the Commission would be unable to assess the potentially damaging impact of the affiliate's activities on the broker-dealer.

There are currently 306 respondents that must comply with Rules 17h-1T and 17h-2T. Each of these 306 respondents are estimated to require 10 hours per year to maintain the records required under Rule 17h-1T, for an aggregate estimated annual burden of 3,060 hours (306 respondents × 10 hours). In addition, each of these 306 respondents must make five annual responses under Rule 17h-2T. These five responses are estimated to require 14 hours per respondent per year for an aggregate estimated annual burden of 4,284 hours (306 respondents × 14 hours).

In addition, new respondents must draft an organizational chart required under Rule 17h-1T and establish a system for complying with the risk

assessment rules. The staff estimates that drafting the required organizational chart requires one hour and establishing a system for complying with the risk assessment rules requires three hours. Based on the unchanged number of filers in recent years, the staff estimates there will be zero new respondents, and thus, a corresponding estimated burden of zero hours for new respondents. Thus, the total compliance burden per year is approximately 7,344 burden hours (3,060 hours + 4,284 hours).

Written comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information will have practical utility; (b) the accuracy of the Commission's estimate of the burden of the collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information under the PRA unless it displays a currently valid OMB control number.

Please direct your written comments to: Pamela Dyson, Director/Chief Information Officer, Securities and Exchange Commission, c/o Remi Pavlik-Simon, 100 F Street NE., Washington, DC 20549, or send an email to: *PRA\_Mailbox@sec.gov*.

Dated: April 20, 2015.

## SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-74767; File No. SR-BATS-2015-33]

### Self-Regulatory Organizations; BATS Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change Related to Fees for Use of BATS Exchange, Inc.

April 20, 2015.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),<sup>1</sup> and Rule 19b-4 thereunder,<sup>2</sup>

<sup>1</sup> 15 U.S.C. 78s(b)(1).

<sup>2</sup> 17 CFR 240.19b-4.

notice is hereby given that on April 16, 2015, BATS Exchange, Inc. (the "Exchange" or "BATS") filed with the Securities and Exchange Commission ("SEC" or "Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Exchange has designated the proposed rule change as one establishing or changing a member due, fee, or other charge imposed by the Exchange under Section 19(b)(3)(A)(ii) of the Act<sup>3</sup> and Rule 19b-4(f)(2) thereunder,<sup>4</sup> which renders the proposed rule change effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

### **I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change**

The Exchange filed a proposal to amend the fee schedule applicable to Members<sup>5</sup> and non-members of the Exchange pursuant to BATS Rules 15.1(a) and (c). Changes to the fee schedule pursuant to this proposal are effective upon filing.

The text of the proposed rule change is available at the Exchange's Web site at [www.batstrading.com](http://www.batstrading.com), at the principal office of the Exchange, and at the Commission's Public Reference Room.

### **II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change**

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant parts of such statements.

#### **A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change**

##### **1. Purpose**

The Exchange proposes to modify its fee schedule in order to: (1) Adopt a

Cross-Asset Tape B Tier; and (2) amend the fees charged for and description of the logical ports<sup>6</sup> offered by the Exchange.

##### **Cross-Asset Tape B Tier**

Currently, the Exchange offers a rebate of \$0.0020 per share as the standard rebate for orders with fee code B, which applies to orders that add liquidity to the Exchange in Tape B securities. The Exchange also offers various tiers that provide Members with the opportunity to earn higher rebates by meeting certain volume metrics. The Exchange is proposing to adopt a new tier in footnote 12 titled "Cross-Asset Tape B Tier." Under the Cross-Asset Tape B Tier, the Exchange is proposing to provide a \$0.0031 per share rebate to a Member's orders with a fee code of B for which the Member: (1) Has a Tape B Step-Up Add TCV<sup>7</sup> from February 2015 that is equal to or greater than 0.06%; and (2) has an Options Market Maker Add TCV<sup>8</sup> that is equal to or greater than 0.75% on the Exchange's options platform ("BATS Options"). As such, where a Member increases their ADAV<sup>9</sup> in Tape B securities as a percentage of TCV by at least .06% as compared to February 2015 and has at least 0.75% ADAV<sup>10</sup> of Market Maker<sup>11</sup> orders as a percentage of TCV<sup>12</sup> on BATS Options, the Member will be eligible to receive the \$0.0031 per share rebate associated with the Cross-Asset

<sup>6</sup> A logical port is commonly referred to as a TCP/IP port, and represents a port established by the Exchange within the Exchange's system for trading and billing purposes. Each logical port established is specific to a Member or non-member and grants that Member or non-member the ability to operate a specific application, such as FIX order entry or Multicast PITCH data receipt.

<sup>7</sup> The Exchange is proposing that "Tape B Step-Up Add TCV" means ADAV in Tape B securities as a percentage of TCV in the relevant baseline month subtracted from current ADAV in Tape B securities as a percentage of TCV.

<sup>8</sup> The Exchange is proposing that "Options Market Maker Add TCV" for purposes of equities pricing means ADAV resulting from Market Maker orders as a percentage of TCV, using the definitions of ADAV, Market Maker and TCV as provided under the Exchange's fee schedule for BATS Options.

<sup>9</sup> "ADAV" means average daily volume calculated as the number of shares added per day.

<sup>10</sup> As defined in the BATS Options fee schedule, "ADAV" means average daily added volume calculated as the number of contracts added per day.

<sup>11</sup> As defined in the BATS Options fee schedule, "Market Maker" applies to any transaction identified by a Member for clearing in the Market Maker range at the OCC.

<sup>12</sup> "TCV" means total consolidated volume calculated as the volume reported by all exchanges to the consolidated transaction reporting plan for the month for which the fees apply, excluding volume on any day that the Exchange experiences an Exchange System Disruption and on any day with a scheduled early market close.

Tape B Tier. As is the case with any other rebates on the fee schedule, to the extent that a Member qualifies for higher rebates than those provided under the proposed Cross-Asset Tape B Tier, the higher rebates shall apply.

##### **Logical Port Fees**

Currently, the Exchange maintains logical ports for order entry, drop copies and the receipt of market data for which it currently charges \$400 per month per port with the exception of Multicast PITCH Spin Server Ports and GRP Ports.<sup>13</sup> Multicast PITCH Spin Server Ports and GRP Ports are used to request and receive a retransmission of data from the Exchange's Multicast PITCH data feed. The Exchange does charge \$400 per month for such ports, however, the Exchange separately delineates such fees because of various details related to the use of such ports. Specifically, Multicast PITCH Spin Server Ports are offered as a complete set, including one logical port for each channel of the Exchange's Multicast PITCH data feed, and can be taken for either of the Exchange's primary Multicast PITCH data feeds.<sup>14</sup> Similarly, Multicast PITCH GRP Ports can be taken for either of the Exchange's primary Multicast PITCH data feeds. The Exchange offers Multicast PITCH Spin Server Ports for a fee of \$400 per month for a set of primary ports (A or C feed) and Multicast PITCH GRP Ports for a fee of \$400 per month per primary port (A or C feed). The Exchange offers and will continue to offer for free the ports necessary to receive the Exchange's redundant Multicast "B feed" and "D feed", as well as all ports made available in the Exchange's secondary data center.

In early 2014, the Exchange and its affiliate, BATS Y-Exchange, Inc. ("BYX"), received approval to effect a merger (the "Merger") of the Exchange's parent company, BATS Global Markets, Inc., with Direct Edge Holdings LLC, the indirect parent of EDGX and EDGA (together with the Exchange, BYX and EDGX, the "BGM Affiliated

<sup>13</sup> FIX and BOE ports are the only ports that may be used to send orders and related instructions to the Exchange. All other port types, including the Multicast PITCH Spin Server Port and GRP Port, permit Members and non-members to receive information from the Exchange.

<sup>14</sup> The Exchange's primary Multicast PITCH data feeds are identified as the "A feed" and the "C feed" and contain the same information. The A feed and the C feed differ only in the way such feeds are received. The Exchange also offers two redundant feeds, identified as the "B feed" and the "D feed".

<sup>3</sup> 15 U.S.C. 78s(b)(3)(A)(ii).

<sup>4</sup> 17 CFR 240.19b-4(f)(2).

<sup>5</sup> The term "Member" is defined as "any registered broker or dealer that has been admitted to membership in the Exchange." See Exchange Rule 1.5(n).

Exchanges’).<sup>15</sup> In the context of the Merger, the BGM Affiliated Exchanges are working to align certain system and regulatory functionality, retaining only intended differences between the BGM Affiliated Exchanges. This includes migrating the BGM Affiliated Exchanges, which are currently located in different data centers, into a single data center. As part of the data center migration and the integration of the BGM Affiliated Exchanges, the Exchange is proposing to increase the fees charged from \$400 per month to \$500 per month for all categories of logical ports, including sets of Multicast PITCH Spin Server Ports for the A feed and the C feed, individual GRP Ports for the A feed and the C feed, and all other logical ports. The Exchange notes that EDGA and EDGX currently charge \$500 per month for most logical ports.<sup>16</sup> The Exchange communicated to Members and non-Members regarding these changes via a trading notice issued on October 7, 2014.<sup>17</sup>

In addition to increasing the port fees charged by the Exchange, the Exchange proposes to add the words “Multicast PITCH” before GRP Ports to mirror the description of fees for Multicast PITCH Spin Server Ports. As noted above, the separate fees for Spin Server Ports and GRP Ports both relate to the Exchange’s Multicast PITCH data feed.

#### Implementation Date

The Exchange proposes to implement the amendments to its fee schedule effective immediately.

#### 2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the objectives of Section 6 of the Act,<sup>18</sup> in general, and furthers the objectives of Section 6(b)(4),<sup>19</sup> in particular, as it is designed to provide for the equitable allocation of reasonable dues, fees and other charges among its Members and other persons using its facilities. The Exchange also notes that it operates in

a highly-competitive market in which market participants can readily direct order flow to competing venues if they deem fee levels at a particular venue to be excessive. The Exchange believes that the proposed rates are equitable and non-discriminatory in that they apply uniformly to all Members.

#### Cross-Asset Tape B Tier

Volume-based rebates and fees such as the ones currently maintained on BATS Options have been widely adopted by equities and options exchanges and are equitable because they are open to all Members on an equal basis and provide additional benefits or discounts that are reasonably related to the value to an exchange’s market quality associated with higher levels of market activity, such as higher levels of liquidity provision and/or growth patterns, and introduction of higher volumes of orders into the price and volume discovery processes. The Exchange believes that the proposal to add a Cross-Asset Tape B Tier is a reasonable, fair and equitable, and not unfairly discriminatory allocation of fees and rebates because it will provide Members with an additional incentive to reach certain thresholds on both the Exchange in Tape B securities and BATS Options. The increased liquidity from this proposal also benefits all investors by deepening the Exchange and BATS Options liquidity pools, offering additional flexibility for all investors to enjoy cost savings, supporting the quality of price discovery, promoting market transparency and improving investor protection. Such pricing programs thereby reward a Member’s growth pattern in Tape B securities and such increased volume increases potential revenue to the Exchange, and will allow the Exchange to continue to provide and potentially expand the incentive programs operated by the Exchange. To the extent a Member participates on the Exchange but not on BATS Options, the Exchange does believe that the proposal is still reasonable, equitably allocated and non-discriminatory with respect to such Member based on the overall benefit to the Exchange resulting from the success of BATS Options. As noted above, such success allows the Exchange to continue to provide and potentially expand its existing incentive programs to the benefit of all participants on the Exchange, whether they participate on BATS Options or not. The proposed pricing program is also fair and equitable in that membership in BATS Options is available to all members which would provide them with access to the benefits

on BATS Options provided by the proposed changes, as described above, even where a member of BATS Options is not necessarily eligible for the proposed increased rebates on the Exchange. Further, the proposed changes will result in Members receiving either the same or an increased rebate than they would currently receive. The Exchange also notes that the proposed cross-asset step up tiers are similar to pricing tiers already employed by the Exchange as well as on other exchanges, including EDGX Exchange, Inc. (“EDGX”), which maintains a Tape B Step Up tier to incentivize added liquidity in Tape B securities.<sup>20</sup>

#### Logical Port Fees

The Exchange believes that the proposed rule change is consistent with Section 6(b)(4) of the Act,<sup>21</sup> in that it provides for the equitable allocation of reasonable dues, fees and other charges among members and other persons using any facility or system which the Exchange operates or controls. The Exchange notes that its proposed changes, combined with the planned filings for EDGA, EDGX and BZX [sic],<sup>22</sup> would allow the BGM Affiliated Exchanges to provide consistent logical port offerings across each of the BGM Affiliated Exchanges. Consistent offerings, in turn, will simplify the connectivity requirements for Members of the Exchange that are also participants on EDGA, BZX [sic] and/or BYX. The proposed rule change would result in greater uniformity and less burdensome and more efficient understanding of Exchange connectivity requirements.

The Exchange believes that the increase of fees for logical ports represents an equitable allocation of reasonable dues, fees and other charges. The Exchange operates in a highly competitive market in which exchanges offer connectivity services as a means to facilitate the trading activities of members and other participants. Accordingly, fees charged for connectivity are constrained by the active competition for the order flow of such participants as well as demand for market data from the Exchange. If a particular exchange charges excessive fees for connectivity, affected members will opt to terminate their connectivity arrangements with that exchange, and adopt a possible range of alternative strategies, including routing to the applicable exchange through another

<sup>15</sup> See Securities Exchange Act Release No. 71375 (January 23, 2014), 79 FR 4771 (January 29, 2014) (SR-BATS-2013-059; SR-BYX-2013-039).

<sup>16</sup> The Exchange notes that BYX intends to file a proposal very similar to this proposal that will align its logical port fees across each of the BGM Affiliated Exchanges. The Exchange also notes that EDGA and EDGX also intend to file a proposal to charge \$500 per month for all types of logical ports as well as to change the descriptions used for logical port fees to mirror the descriptions used by the Exchange and BYX.

<sup>17</sup> See BATS Global Markets Access Fee Changes for 2015, available at [http://cdn.batstrading.com/resources/fee\\_schedule/2015/BATS-Global-Markets-Access-Services-Fee-Changes-for-2015.pdf](http://cdn.batstrading.com/resources/fee_schedule/2015/BATS-Global-Markets-Access-Services-Fee-Changes-for-2015.pdf) (issued October 7, 2014).

<sup>18</sup> 15 U.S.C. 78f.

<sup>19</sup> 15 U.S.C. 78f(b)(4).

<sup>20</sup> See EDGX fee schedule, footnote 2.

<sup>21</sup> 15 U.S.C. 78f(b)(4).

<sup>22</sup> See supra note 16.

participant or market center or taking that exchange's data indirectly. Accordingly, the exchange charging excessive fees would stand to lose not only connectivity revenues but also revenues associated with the execution of orders routed to it by affected members, and, to the extent applicable, market data revenues. The Exchange believes that this competitive dynamic imposes powerful restraints on the ability of any exchange to charge unreasonable fees for connectivity. Lastly, the Exchange believe [sic] its proposed fees are reasonable because the Nasdaq Stock Market LLC ("Nasdaq") and the NYSE Arca, Inc. ("NYSE Arca") charge comparable rates for logical ports to access such markets.<sup>23</sup> As noted above, EDGA and EDGX also charge the same rate for access to most logical ports.

The Exchange believes that its proposed changes to logical port fees are reasonable in light of the benefits to Exchange participants of direct market access and receipt of data. In addition, the Exchange believes that its fees are equitably allocated among Exchange constituents based upon the number of access ports that they require to access and receive data from the Exchange. The Exchange also believes that its fees for access services will enable it to better cover its infrastructure costs and to improve its market technology and services.

Lastly, the Exchange also believes that the proposed amendments to its fee schedule are non-discriminatory because they will apply uniformly to all Members. All Members that voluntarily select various service options will be charged the same amount for the same services. All Members have the option to select any connectivity option, and there is no differentiation among Members with regard to the fees charged for the services offered by the Exchange.

#### *B. Self-Regulatory Organization's Statement on Burden on Competition*

The Exchange does not believe its proposed amendments to its fee schedule would impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

<sup>23</sup> See Nasdaq Rule 7015 (providing no FIX or non-Trading FIX ports free of charge) and the NYSE Arca fee schedule available at [https://www.nyse.com/publicdocs/nyse/markets/nyse-arca/NYSE\\_Arca\\_Marketplace\\_Fees.pdf](https://www.nyse.com/publicdocs/nyse/markets/nyse-arca/NYSE_Arca_Marketplace_Fees.pdf) (dated February 26, 2015). The Exchange recognizes that some participants may be charged the lower rate of \$200 per month to the extent such participants maintain a low number of ports with NYSE Arca. The Exchange nonetheless believes that its proposed fees are comparable despite the fact that it does not propose a lower fee for such participants.

#### *Cross-Asset Tape B Tier*

The Exchange does not believe that its proposal to add a new cross-asset step-up tier would burden competition, but instead, enhance competition, as it is intended to increase the competitiveness of and draw additional volume to both the Exchange and BATS Options. As stated above, the Exchange notes that it operates in a highly competitive market in which market participants can readily direct order flow to competing venues if they deem fee structures to be unreasonable or excessive. The proposed changes are generally intended to enhance the rebates for liquidity added to the Exchange, which is intended to draw additional liquidity to the Exchange. As such, the proposal is a competitive proposal that is intended to add additional liquidity to the Exchange, which will, in turn, benefit the Exchange and all Exchange participants.

#### *Logical Port Fees*

The Exchange does not believe that the proposed change to logical port fees represents a significant departure from previous pricing offered by the Exchange or pricing offered by the Exchange's competitors. Additionally, Members may opt to disfavor the Exchange's pricing if they believe that alternatives offer them better value. Accordingly, the Exchange does not believe that the proposed change will impair the ability of Members or competing venues to maintain their competitive standing in the financial markets.

#### *C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others*

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any written comments from members or other interested parties.

#### **III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action**

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A) of the Act<sup>24</sup> and paragraph (f) of Rule 19b-4 thereunder.<sup>25</sup> At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of

<sup>24</sup> 15 U.S.C. 78s(b)(3)(A).

<sup>25</sup> 17 CFR 240.19b-4(f).

investors, or otherwise in furtherance of the purposes of the Act.

#### **IV. Solicitation of Comments**

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

##### *Electronic Comments*

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an email to [rule-comments@sec.gov](mailto:rule-comments@sec.gov). Please include File Number SR-BATS-2015-33 on the subject line.

##### *Paper Comments*

- Send paper comments in triplicate to Secretary, Securities and Exchange Commission, 100 F Street NE., Washington, DC 20549-1090.

All submissions should refer to File Number SR-BATS-2015-33. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet Web site (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for Web site viewing and printing in the Commission's Public Reference Room, 100 F Street NE., Washington, DC 20549 on official business days between the hours of 10:00 a.m. and 3:00 p.m. Copies of such filing also will be available for inspection and copying at the principal offices of the Exchange. All comments received will be posted without change; the Commission does not edit personal identifying information from submissions. You should submit only information that you wish to make available publicly. All submissions should refer to File Number SR-BATS-2015-33, and should be submitted on or before May 15, 2015.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.<sup>26</sup>

**BILLING CODE 8011-01-P**

## SECURITIES AND EXCHANGE COMMISSION

[Release No. IA-4066; File No. 803-00226]

### D-W Investments LLC; Notice of Application

April 20, 2015.

**AGENCY:** Securities and Exchange Commission (“Commission”).

**ACTION:** Notice of Application for Exemption under the Investment Advisers Act of 1940 (“Advisers Act”).

*Applicant:* D-W Investments LLC (the “Applicant”).

*Relevant Advisers Act Sections:* Exemption requested under section 202(a)(11)(H) of the Advisers Act from section 202(a)(11) of the Advisers Act. **SUMMARY:** The Applicant requests that the Commission issue an order declaring the Applicant to be a person not within the intent of section 202(a)(11), which defines the term “investment adviser.”

**DATES:** *Filing Dates:* The application was filed on August 7, 2014, amended on January 26, 2015, and further amended on March 30, 2015.

*Hearing or Notification of Hearing:* An order granting the application will be issued unless the Commission orders a hearing. Interested persons may request a hearing by writing to the Commission’s Secretary and serving the Applicant with a copy of the request, personally or by mail. Hearing requests should be received by the Commission by 5:30 p.m. on May 18, 2015 and should be accompanied by proof of service on the Applicant, in the form of an affidavit or, for lawyers, a certificate of service. Pursuant to rule 0-5 under the Advisers Act, hearing requests should state the nature of the writer’s interest, any facts bearing upon the desirability of a hearing on the matter, the reason for the request, and the issues contested. Persons may request notification of a hearing by writing to the Commission’s Secretary.

**ADDRESSES:** Secretary, Securities and Exchange Commission, 100 F Street NE., Washington, DC 20549. Applicant, D-W Investments LLC, c/o Martin E. Lybecker, Perkins Coie LLP, Suite 600,

700 Thirteenth Street NW., Washington, DC 20005.

**FOR FURTHER INFORMATION CONTACT:** Rachel Loko, Senior Counsel, at (202) 551-6883, or Holly L. Hunter-Ceci, Branch Chief, at (202) 551-6825 (Division of Investment Management, Chief Counsel’s Office).

**SUPPLEMENTARY INFORMATION:** The following is a summary of the application. The complete application may be obtained via the Commission’s Web site either at <http://www.sec.gov/rules/iareleases.shtml> or by searching for the file number, or for an applicant using the Company name box, at <http://www.sec.gov/search/search.htm>, or by calling (202) 551-8090.

#### Applicant’s Representations

1. The Applicant is a multi-generational single-family office that provides services to the family and descendants of Myron A. Wick, Jr. The Applicant is a Delaware limited liability company that is wholly-owned, other than the exception discussed in representation 5 below, by Family Clients and is exclusively controlled (directly or indirectly) by one or more Family Members and/or Family Entities in compliance with rule 202(a)(11)(G)-1 (“Family Office Rule”). For purposes of the application, the term “Wick Family” means the lineal descendants of Myron A. Wick, Jr., their spouses, and all of the persons and entities that qualify as Family Clients as defined in paragraph (d)(4) of the Family Office Rule. Capitalized terms have the same meaning as defined in the Family Office Rule.

2. The Applicant provides both advisory and non-advisory services (collectively, the “Services”). Any Service provided by the Applicant that relates to investment advice about securities or may otherwise be construed as advisory in nature is considered an “Advisory Service.”

3. The Applicant represents that, other than the exceptions discussed in representations 4 and 5 below, (i) each of the persons served by the Applicant is a Family Client, *i.e.*, the Applicant has no clients other than Family Clients as required by paragraph (b)(1) of the Family Office Rule, (ii) the Applicant is a Delaware limited liability company owned and controlled in a manner that complies in all respects with paragraph (b)(2) of the Family Office Rule, and (iii) the Applicant does not hold itself out to the public as an investment adviser as required by paragraph (b)(3) of the Family Office Rule. At the time of the application, the Applicant represents that Family Members account for more

than 95% of the natural persons to whom the Applicant provides Advisory Services.

4. The Applicant provides Services to the sister of the spouse of a lineal descendant of Myron A. Wick, Jr. (“Sister-in-Law”), as well as an irrevocable trust (“Trust”) of which she is a beneficiary (the Sister-in-Law and the Trust, collectively, the “Additional Family Client” and, together with the Wick Family, the “Extended Wick Family”). The Applicant represents that if the Sister-in-Law were a Family Client, the Trust would meet the requirements of (d)(4)(vii) of the Family Office Rule.

5. The Sister-in-Law has less than a 3% limited liability company membership interest in the Applicant, and the Trust has less than a 2% limited liability company membership interest in the Applicant. Neither the Sister-in-Law nor the Trust has a management role or exercises control over the Applicant. The Applicant represents that the assets owned beneficially by Family Members and/or Family Entities (excluding the Additional Family Client) make up at least 75% of the total assets for which the Applicant provides Advisory Services.

6. The Applicant represents that the Additional Family Client has important familial ties to and is an integral part of the Wick Family. The Applicant maintains that including the Additional Family Client in the “family” simply recognizes and memorializes the familial ties and intra-familial relationships that already exist, and have existed for at least 9 years while the assets of the Additional Family Client were managed by the Wick Family.

#### Applicant’s Legal Analysis

1. Section 202(a)(11) of the Advisers Act defines the term “investment adviser” to mean “any person who, for compensation, engages in the business of advising others, either directly or through publications or writings, as to the value of securities or as to the advisability of investing in, purchasing, or selling securities, or who, for compensation and as a part of a regular business, issues or promulgates analyses or reports concerning securities. . . .”

2. The Applicant falls within the definition of an investment adviser under section 202(a)(11). The Family Office provides an exclusion from the definition of investment adviser for which the Applicant would be eligible but for the provision of services to the Additional Family Client. Section 203(a) of the Advisers Act requires investment advisers to register with the

<sup>26</sup> 17 CFR 200.30-3(a)(12).

Commission. Because the Applicant has regulatory assets under management of more than \$100 million, it is not prohibited from registering with the Commission under Section 203A(a) of the Advisers Act. Therefore, absent relief, the Applicant would be required to register under Section 203(a) of the Advisers Act.

3. The Applicant submits that its relationship with the Additional Family Client does not change the nature of the Applicant into that of a commercial advisory firm. In support of this argument, the Applicant notes that if the Sister-in-Law were the sister of a lineal descendant of Myron A. Wick Jr., rather than the sister of a spouse of a lineal descendant, there would be no question that each of the persons presently being served by the Applicant would be a Family Member, and that the related trust would meet the requirements of paragraph (d)(4)(vii) of the Family Office Rule pertaining to any irrevocable trust in which one or more other Family Clients are the only current beneficiaries. The Applicant states that in requesting the order, the Applicant is not attempting to expand its operations or engage in any level of commercial activity to which the Advisers Act is designed to apply. Indeed, although the Sister-in-Law does not fall within the definition of Family Member, she is considered to be, and is treated as, a member of the Wick Family, and the number of natural persons who are not Family Members as a percentage of the total natural persons to whom the Applicant would provide Advisory Services if relief were granted would be less than 5%. The Applicant maintains that, from the perspective of the Wick Family, the Applicant seeks to continue providing Advisory Services exclusively to members of a single family.

4. The Applicant also submits that there is no public interest in requiring the Applicant to be registered under the Advisers Act. The Applicant states that the Applicant is a private organization that was formed to be the “family office” for the Wick Family, and that the Applicant does not have any public clients. The Applicant maintains that its Advisory Services are tailored exclusively to the needs of the Wick Family and the Additional Family Client. The Applicant argues that the presence of the Additional Family Client, who has been receiving Advisory Services from the Applicant for 9 years, does not create any public interest that would require the Applicant to be registered under the Advisers Act that is different in any manner from the considerations that apply to a “family

office” that complies in all respects with the Family Office Rule.

5. The Applicant argues that, although the Family Office Rule largely codified the exemptive orders that the Commission had previously issued before the enactment of the Dodd-Frank Wall Street Reform and Consumer Protection Act, the Commission recognized in proposing the rule that the exact representations, conditions, or terms contained in every exemptive order could not be captured in a rule of general applicability. The Commission noted that family offices would remain free to seek a Commission exemptive order to advise an individual or entity that did not meet the proposed family client definition, and that certain situations may raise unique conflicts and issues that are more appropriately addressed through an exemptive order process where the Commission can consider the specific facts and circumstances, than through a rule of general applicability. The Applicant maintains that its unusual circumstances—providing Services to Family Clients and to an Additional Family Client for the past 9 years—have not changed the nature of the Applicant’s operations into that of a commercial advisory business, and that an exemptive order is appropriate based on the Applicant’s specific facts and circumstances.

6. For the foregoing reasons, the Applicant requests an order declaring it to be a person not within the intent of section 202(a)(11) of the Advisers Act. The Applicant submits that the order is necessary and appropriate, in the public interest, consistent with the protection of investors, and consistent with the purposes fairly intended by the policy and provisions of the Advisers Act.

#### Applicant’s Conditions

1. The Applicant will offer and provide Advisory Services only to Family Clients and to the Additional Family Client, who will generally be deemed to be, and treated as if the Sister-in-Law and the Trust each were, a Family Client; provided, however, that the Additional Family Client will be deemed to be, and treated as if it were, a Family Member for purposes of paragraph (b)(1) and for purposes of paragraph (d)(4)(vii) of the Family Office Rule.

2. The Applicant will at all times be wholly owned by the Extended Wick Family and exclusively controlled (directly or indirectly) by one or more Family Members and/or Family Entities (excluding the Additional Family Client and the Additional Family Client’s

Family Entities) as defined in paragraph (d)(5) of the Family Office Rule.

3. At all times the assets beneficially owned by Family Members and/or Family Entities (excluding the Additional Family Client and the Additional Family Client’s Family Entities) will account for at least 75% of the assets for which the Applicant provides Advisory Services.

4. The Applicant will comply with all the terms for exclusion from the definition of investment adviser under the Advisers Act set forth in the Family Office Rule except for the limited exception requested by the application.

For the Commission, by the Division of Investment Management, under delegated authority.

**Brent J. Fields,**

## SUSQUEHANNA RIVER BASIN COMMISSION

### Projects Approved for Consumptive Uses of Water

**AGENCY:** Susquehanna River Basin Commission.

**ACTION:** Notice.

**SUMMARY:** This notice lists the projects approved by rule by the Susquehanna River Basin Commission during the period set forth in “DATES.”

**DATES:** February 1–28, 2015.

**ADDRESSES:** Susquehanna River Basin Commission, 4423 North Front Street, Harrisburg, PA 17110–1788.

**FOR FURTHER INFORMATION CONTACT:** Jason E. Oyler, Regulatory Counsel, telephone: (717) 238–0423, ext. 1312; fax: (717) 238–2436; email: [joyler@srbc.net](mailto:joyler@srbc.net). Regular mail inquiries may be sent to the above address.

**SUPPLEMENTARY INFORMATION:** This notice lists the projects, described below, receiving approval for the consumptive use of water pursuant to the Commission’s approval by rule process set forth in 18 CFR 806.22(f) for the time period specified above:

#### Approvals by Rule Issued Under 18 CFR 806.22(f)

1. XTO Energy Incorporated, Pad ID: King Unit, ABR–20091225.R1, Shrewsbury Township, Lycoming County, Pa.; Consumptive Use of Up to 3.000 mgd; Approval Date: February 3, 2015.

2. XTO Energy Incorporated, Pad ID: Booth, ABR–20091226.R1, Shrewsbury Township, Lycoming County, Pa.;

Consumptive Use of Up to 4.000 mgd; Approval Date: February 3, 2015.

3. Chesapeake Appalachia, LLC, Pad ID: Nickolyn, ABR-20100436.R1, Auburn Township, Susquehanna County, Pa.; Consumptive Use of Up to 7.500 mgd; Approval Date: February 3, 2015.

4. Chesapeake Appalachia, LLC, Pad ID: Potter, ABR-20100401.R1, Terry Township, Bradford County, Pa.; Consumptive Use of Up to 7.500 mgd; Approval Date: February 6, 2015.

5. Chesapeake Appalachia, LLC, Pad ID: Crawford, ABR-20100402.R1, Terry Township, Bradford County, Pa.; Consumptive Use of Up to 7.500 mgd; Approval Date: February 6, 2015.

6. Chesapeake Appalachia, LLC, Pad ID: Everbreeze, ABR-20100408.R1, Troy Township, Bradford County, Pa.; Consumptive Use of Up to 7.500 mgd; Approval Date: February 6, 2015.

7. Chesapeake Appalachia, LLC, Pad ID: Ballibay, ABR-20100409.R1, Herrick Township, Bradford County, Pa.; Consumptive Use of Up to 7.500 mgd; Approval Date: February 6, 2015.

8. Chesapeake Appalachia, LLC, Pad ID: Balduzzi, ABR-20100410.R1, Wyalusing Township, Bradford County, Pa.; Consumptive Use of Up to 7.500 mgd; Approval Date: February 6, 2015.

9. Chesapeake Appalachia, LLC, Pad ID: Alton, ABR-20100411.R1, Ulster Township, Bradford County, Pa.; Consumptive Use of Up to 7.500 mgd; Approval Date: February 6, 2015.

10. Chesapeake Appalachia, LLC, Pad ID: Frisbee, ABR-20100413.R1, Orwell Township, Bradford County, Pa.; Consumptive Use of Up to 7.500 mgd; Approval Date: February 6, 2015.

11. Chesapeake Appalachia, LLC, Pad ID: Blannard, ABR-20100414.R1, Standing Stone Township, Bradford County, Pa.; Consumptive Use of Up to 7.500 mgd; Approval Date: February 6, 2015.

12. Chesapeake Appalachia, LLC, Pad ID: Dunham, ABR-20100418.R1, Albany Township, Bradford County, Pa.; Consumptive Use of Up to 7.500 mgd; Approval Date: February 6, 2015.

13. Chesapeake Appalachia, LLC, Pad ID: Brackman, ABR-20100420.R1, Leroy Township, Bradford County, Pa.; Consumptive Use of Up to 7.500 mgd; Approval Date: February 6, 2015.

14. Chesapeake Appalachia, LLC, Pad ID: Koromlan, ABR-20100421.R1, Auburn Township, Susquehanna County, Pa.; Consumptive Use of Up to 7.500 mgd; Approval Date: February 6, 2015.

15. Chesapeake Appalachia, LLC, Pad ID: Johnson, ABR-20100422.R1, Monroe Township, Bradford County, Pa.;

Consumptive Use of Up to 7.500 mgd; Approval Date: February 6, 2015.

16. Chesapeake Appalachia, LLC, Pad ID: Henry, ABR-20100423.R1, Albany Township, Bradford County, Pa.; Consumptive Use of Up to 7.500 mgd; Approval Date: February 6, 2015.

17. Chesapeake Appalachia, LLC, Pad ID: McGavin, ABR-20100435.R1, Auburn Township, Susquehanna County, Pa.; Consumptive Use of Up to 7.500 mgd; Approval Date: February 6, 2015.

18. Chesapeake Appalachia, LLC, Pad ID: Rexford, ABR-20100437.R1, Orwell Township, Bradford County, Pa.; Consumptive Use of Up to 7.500 mgd; Approval Date: February 6, 2015.

19. Chesapeake Appalachia, LLC, Pad ID: Amburke, ABR-20100438.R1, Auburn Township, Susquehanna County, Pa.; Consumptive Use of Up to 7.500 mgd; Approval Date: February 6, 2015.

20. Chesapeake Appalachia, LLC, Pad ID: Angie, ABR-20100441.R1, Auburn Township, Susquehanna County, Pa.; Consumptive Use of Up to 7.500 mgd; Approval Date: February 6, 2015.

21. Chesapeake Appalachia, LLC, Pad ID: Brink, ABR-20100449.R1, Herrick Township, Bradford County, Pa.; Consumptive Use of Up to 7.500 mgd; Approval Date: February 6, 2015.

22. Chesapeake Appalachia, LLC, Pad ID: Breezy, ABR-201007037.R1, Troy Township, Bradford County, Pa.; Consumptive Use of Up to 7.500 mgd; Approval Date: February 6, 2015.

23. Samson Exploration, LLC, Pad ID: Pardee & Curtin Lumber Co. C-05, ABR-20100116.R1, Shippen Township, Cameron County, Pa.; Consumptive Use of Up to 4.500 mgd; Approval Date: February 6, 2015.

24. Samson Exploration, LLC, Pad ID: Pardee & Curtin Lumber Co. C-07H, ABR-20100117.R1, Lumber Township, Cameron County, Pa.; Consumptive Use of Up to 4.500 mgd; Approval Date: February 6, 2015.

25. SWEPI, LP, Pad ID: Burt 518, ABR-20100221.R1, Richmond Township, Tioga County, Pa.; Consumptive Use of Up to 3.000 mgd; Approval Date: February 6, 2015.

26. SWEPI, LP, Pad ID: Ken-Ton 902, ABR-20100102.R1, West Branch Township, Potter County, Pa.; Consumptive Use of Up to 4.990 mgd; Approval Date: February 11, 2015.

27. SWEPI, LP, Pad ID: Mitchell A 903, ABR-20100152.R1, West Branch Township, Potter County, Pa.; Consumptive Use of Up to 4.990 mgd; Approval Date: February 11, 2015.

28. Chesapeake Appalachia, LLC, Pad ID: Yoder, ABR-20100419.R1, West Burlington Township, Bradford County,

Pa.; Consumptive Use of Up to 7.500 mgd; Approval Date: February 13, 2015.

29. Chesapeake Appalachia, LLC, Pad ID: Holtan, ABR-20100446.R1, Auburn Township, Susquehanna County, Pa.; Consumptive Use of Up to 7.500 mgd; Approval Date: February 13, 2015.

30. Chesapeake Appalachia, LLC, Pad ID: Polomski, ABR-20100447.R1, Wyalusing Township, Bradford County, Pa.; Consumptive Use of Up to 7.500 mgd; Approval Date: February 13, 2015.

31. Chesapeake Appalachia, LLC, Pad ID: Champdale, ABR-20100450.R1, Tuscarora Township, Bradford County, Pa.; Consumptive Use of Up to 7.500 mgd; Approval Date: February 13, 2015.

32. Chesapeake Appalachia, LLC, Pad ID: Verex, ABR-20100507.R1, Auburn Township, Susquehanna County, Pa.; Consumptive Use of Up to 7.500 mgd; Approval Date: February 13, 2015.

33. Chesapeake Appalachia, LLC, Pad ID: Pauliny, ABR-20100508.R1, Terry Township, Bradford County, Pa.; Consumptive Use of Up to 7.500 mgd; Approval Date: February 13, 2015.

34. Chesapeake Appalachia, LLC, Pad ID: Coates, ABR-20100509.R1, Standing Stone Township, Bradford County, Pa.; Consumptive Use of Up to 7.500 mgd; Approval Date: February 13, 2015.

35. Chesapeake Appalachia, LLC, Pad ID: Fred, ABR-20100524.R1, Leroy Township, Bradford County, Pa.; Consumptive Use of Up to 7.500 mgd; Approval Date: February 13, 2015.

36. Chesapeake Appalachia, LLC, Pad ID: Moose, ABR-201007019.R1, Wysox Township, Bradford County, Pa.; Consumptive Use of Up to 7.500 mgd; Approval Date: February 13, 2015.

37. Chesapeake Appalachia, LLC, Pad ID: Katzenstein NEW, ABR-201007029.R1, Wysox Township, Bradford County, Pa.; Consumptive Use of Up to 7.500 mgd; Approval Date: February 13, 2015.

38. Chesapeake Appalachia, LLC, Pad ID: Jack, ABR-20100511.R1, Windham Township, Wyoming County, Pa.; Consumptive Use of Up to 7.500 mgd; Approval Date: February 16, 2015.

39. Chesapeake Appalachia, LLC, Pad ID: Janet, ABR-20100526.R1, Monroe Township, Bradford County, Pa.; Consumptive Use of Up to 7.500 mgd; Approval Date: February 16, 2015.

40. Chesapeake Appalachia, LLC, Pad ID: Treat, ABR-20100527.R1, Rome Township, Bradford County, Pa.; Consumptive Use of Up to 7.500 mgd; Approval Date: February 16, 2015.

41. Chesapeake Appalachia, LLC, Pad ID: Morse, ABR-20100528.R1, Leroy Township, Bradford County, Pa.; Consumptive Use of Up to 7.500 mgd; Approval Date: February 16, 2015.

42. Chesapeake Appalachia, LLC, Pad ID: Hayward New, ABR-20100535.R1, Rome Township, Bradford County, Pa.; Consumptive Use of Up to 7.500 mgd; Approval Date: February 16, 2015.

43. Chesapeake Appalachia, LLC, Pad ID: Cerca, ABR-20100538.R1, Wyalusing Township, Bradford County, Pa.; Consumptive Use of Up to 7.500 mgd; Approval Date: February 16, 2015.

44. Chesapeake Appalachia, LLC, Pad ID: Flash, ABR-20100540.R1, Rome Township, Bradford County, Pa.; Consumptive Use of Up to 7.500 mgd; Approval Date: February 16, 2015.

45. Chesapeake Appalachia, LLC, Pad ID: Feusner New, ABR-20100558.R1, Litchfield Township, Bradford County, Pa.; Consumptive Use of Up to 7.500 mgd; Approval Date: February 16, 2015.

46. Chesapeake Appalachia, LLC, Pad ID: Milochik, ABR-201007034.R1, Auburn Township, Susquehanna County, Pa.; Consumptive Use of Up to 7.500 mgd; Approval Date: February 16, 2015.

47. Chesapeake Appalachia, LLC, Pad ID: Bluegrass, ABR-201007103.R1, Rush Township, Susquehanna County, Pa.; Consumptive Use of Up to 7.500 mgd; Approval Date: February 16, 2015.

48. Chesapeake Appalachia, LLC, Pad ID: McConnell, ABR-20100525.R1, Overton Township, Bradford County, Pa.; Consumptive Use of Up to 7.500 mgd; Approval Date: February 20, 2015.

49. Chesapeake Appalachia, LLC, Pad ID: Madden, ABR-20100536.R1, Asylum Township, Bradford County, Pa.; Consumptive Use of Up to 7.500 mgd; Approval Date: February 20, 2015.

50. Chesapeake Appalachia, LLC, Pad ID: Rich, ABR-20100539.R1, Troy Township, Bradford County, Pa.; Consumptive Use of Up to 7.500 mgd; Approval Date: February 20, 2015.

51. Chesapeake Appalachia, LLC, Pad ID: Way, ABR-20100448.R1, Wyalusing Township, Bradford County, Pa.; Consumptive Use of Up to 7.500 mgd; Approval Date: February 20, 2015.

52. Chesapeake Appalachia, LLC, Pad ID: Matt Will Farms, ABR-20100544.R1, Troy Township, Bradford County, Pa.; Consumptive Use of Up to 7.500 mgd; Approval Date: February 20, 2015.

53. Chesapeake Appalachia, LLC, Pad ID: Kenyon, ABR-20100557.R1, Overton Township, Bradford County, Pa.; Consumptive Use of Up to 7.500 mgd; Approval Date: February 20, 2015.

54. Chesapeake Appalachia, LLC, Pad ID: McGraw, ABR-20100537.R1, Washington Township, Wyoming County, Pa.; Consumptive Use of Up to 7.500 mgd; Approval Date: February 24, 2015.

55. Chesapeake Appalachia, LLC, Pad ID: Forbes NEW, ABR-201007022.R1,

Asylum Township, Bradford County, Pa.; Consumptive Use of Up to 7.500 mgd; Approval Date: February 24, 2015.

56. Chesapeake Appalachia, LLC, Pad ID: Tiffany, ABR-201007025.R1, Windham Township, Wyoming County, Pa.; Consumptive Use of Up to 7.500 mgd; Approval Date: February 24, 2015.

57. Chesapeake Appalachia, LLC, Pad ID: Robinson NEW, ABR-201007036.R1, Orwell Township, Bradford County, Pa.; Consumptive Use of Up to 7.500 mgd; Approval Date: February 24, 2015.

58. Chesapeake Appalachia, LLC, Pad ID: Pieszala, ABR-201007065.R1, Windham Township, Wyoming County, Pa.; Consumptive Use of Up to 7.500 mgd; Approval Date: February 24, 2015.

59. Chesapeake Appalachia, LLC, Pad ID: Delima, ABR-201007078.R1, Albany Township, Bradford County, Pa.; Consumptive Use of Up to 7.500 mgd; Approval Date: February 24, 2015.

60. Chesapeake Appalachia, LLC, Pad ID: Van DeMark, ABR-201007106.R1, Windham Township, Wyoming County, Pa.; Consumptive Use of Up to 7.500 mgd; Approval Date: February 24, 2015.

61. Chesapeake Appalachia, LLC, Pad ID: Petty, ABR-201007126.R1, Leroy Township, Bradford County, Pa.; Consumptive Use of Up to 7.500 mgd; Approval Date: February 24, 2015.

62. WPX Energy Appalachia, LLC, Pad ID: Blye Pad Site, ABR-20100204.R1, Middletown Township, Susquehanna County, Pa.; Consumptive Use of Up to 3.999 mgd; Approval Date: February 25, 2015.

63. EXCO Resources (PA), LLC, Pad ID: Patterson Drilling Pad #1, ABR-20100146.R1, Penn Township, Lycoming County, Pa.; Consumptive Use of Up to 5.000 mgd; Approval Date: February 25, 2015.

## OFFICE OF THE UNITED STATES TRADE REPRESENTATIVE

### Notice With Respect to List of Countries Denying Fair Market Opportunities for Government-Funded Airport Construction Projects

**AGENCY:** Office of the United States Trade Representative.

**ACTION:** Notice.

**SUMMARY:** Pursuant to section 533 of the Airport and Airway Improvement Act of

1982, as amended (49 U.S.C. 50104), the United States Trade Representative (USTR) has determined not to list any countries as denying fair market opportunities for U.S. products, suppliers, or bidders in foreign government-funded airport construction projects.

**DATES:** *Effective Date:* April 24, 2015.

**FOR FURTHER INFORMATION CONTACT:** Scott Pietan, International Procurement Negotiator, Office of the United States Trade Representative, (202) 395-9646, or Arthur Tsao, Assistant General Counsel, Office of the United States Trade Representative, (202) 395-6987.

**SUPPLEMENTARY INFORMATION:** Section 533 of the Airport and Airway Improvement Act of 1982, as amended by section 115 of the Airport and Airway Safety and Capacity Expansion Act of 1987, Public Law 100-223 (codified at 49 U.S.C. 50104) (“the Act”), requires the USTR to decide whether any foreign country has denied fair market opportunities to U.S. products, suppliers, or bidders in connection with airport construction projects of \$500,000 or more that are funded in whole or in part by the government of such country. The list of such countries must be published in the **Federal Register**. The Office of the U.S. Trade Representative has not received any complaints or other information that indicates that U.S. products, suppliers, or bidders are being denied fair market opportunities in such airport construction projects. As a consequence, for purposes of the Act, the USTR has decided not to list any countries as denying fair market opportunities for U.S. products, suppliers, or bidders in foreign government-funded airport construction projects.

**Michael B.G. Froman,**

*United States Trade Representative.*

**BILLING CODE 3290-F5-P**

## DEPARTMENT OF TRANSPORTATION

### Federal Highway Administration

#### Notice of Final Federal Agency Actions on Proposed Highway Project in Wisconsin

**AGENCY:** Federal Highway Administration (FHWA).

**ACTION:** Notice of Limitation on Claims for Judicial Review of Actions by FHWA and other Federal Agencies.

**SUMMARY:** This notice announces actions taken by the FHWA and other Federal Agencies that are final within the

meaning of 23 U.S.C. 139(l)(1). The actions relate to the Wisconsin (WIS) 164 reconditioning project from County Trunk Highway (CTH) Q to CTH E in Washington County, Wisconsin. Those actions grant approvals for the project.

**DATES:** By this notice, the FHWA is advising the public of final agency actions subject to 23 U.S.C. 139(l)(1). Claims seeking judicial review of the Federal agency actions on the highway project will be barred unless the claim is filed on or before September 21, 2015. If the Federal law that authorizes judicial review of a claim provides a time period of less than 150 days for filing such claim, then that shorter time period still applies.

**FOR FURTHER INFORMATION CONTACT:**

George Poirier, Division Administrator, FHWA, 525 Junction Road, Suite 8000, Madison, Wisconsin 53717; telephone: (608) 829-7500. The FHWA Wisconsin Division's normal office hours are 7 a.m. to 4 p.m. central time.

**SUPPLEMENTARY INFORMATION:** Notice is hereby given that FHWA and other Federal agencies have taken final agency actions subject to 23 U.S.C. 139(l)(1) by issuing approvals for the following highway project: WIS 164 reconditioning from CTH Q to CTH E in Washington County, Wisconsin. The purpose of the project is to address poor pavement condition, safety, traffic flow, and to provide adequate bicycle facilities. The project will recondition WIS 164 by milling and resurfacing the existing roadway, widening the roadway to meet desirable lane and shoulder widths, including bicycle accommodations on the paved shoulder, and correcting steep side slopes. The project will also incorporate spot safety and geometric improvements which include the following reconstruction activities: Cutting hill crests, reducing profile grades, and reconstructing intersections to a better type and location. Of the 7.5 mile overall project length, approximately 5.1 miles of WIS 164 will be reconditioned and approximately 2.4 miles will be reconstructed. To the extent practicable, the proposed WIS 164 improvements avoid and minimize impacts to the natural, cultural, and built environment.

The actions by the Federal agencies on this project, and the laws under which such actions were taken, are described in the approved Categorical Exclusion (Wisconsin Department of Transportation Final Environmental Report), and in other documents in the FHWA administrative record. The Categorical Exclusion (CE) was approved by FHWA on April 10, 2015.

The CE and other documents in the administrative record are available by contacting FHWA at the address provided above. The CE can be downloaded from the project Web site at <http://www.dot.wisconsin.gov/projects/seregion/164/index.htm>, or viewed at the FHWA Wisconsin Division Office or the Wisconsin Department of Transportation Southeast Region Office, 141 NW Barstow Street, Waukesha, WI 53187.

This notice applies to all Federal agency decisions as of the issuance date of this notice and all laws under which such actions were taken, including but not limited to:

1. General: National Environmental Policy Act (NEPA) [42 U.S.C. 4321-4351], Federal-Aid Highway Act [23 U.S.C. 109, 23 U.S.C. 128, and 23 U.S.C. 139].

2. Air: Clean Air Act [42 U.S.C. 7401-7671(q) and 23 U.S.C. 109(j)].

3. Land: Section 4(f) of the Department of Transportation Act of 1966 [23 U.S.C. 138 and 49 U.S.C. 303].

4. Wildlife: Endangered Species Act [16 U.S.C. 1531-1544 and Section 1536], Fish and Wildlife Coordination Act [16 U.S.C. 661-667(d)], Migratory Bird Treaty Act [16 U.S.C. 703-712].

5. Historic and Cultural Resources: Section 106 of the National Historic Preservation Act of 1966, as amended [16 U.S.C. 470(f) *et seq.*].

6. Social and Economic: Civil Rights Act of 1964 [42 U.S.C. 2000(d)-2000(d)(1)], Uniform Relocation Assistance and Real Property Acquisition Act of 1970 [42 U.S.C. 4601 *et seq.* as amended by the Uniform Relocation Act Amendments of 1987 [Pub. L. 100-17].

7. Wetlands and Water Resources: Clean Water Act (Section 404, Section 401, and Section 319) [33 U.S.C. 1251-1376].

8. Hazardous Materials: Comprehensive Environmental Response, Compensation, and Liability Act [42 U.S.C. 9601-9675].

9. Executive Orders: E.O. 11990 Protection of Wetlands, E.O. 11988 Floodplain Management, E.O. 12898 Federal Actions to Address Environmental Justice in Minority Populations and Low Income Populations, E.O. 13175 Consultation and Coordination with Indian Tribal Governments, E.O. 11514 Protection and Enhancement of Environmental Quality, E.O. 13112 Invasive Species.

(Catalog of Federal Domestic Assistance Program Number 20.205, Highway Planning and Construction. The regulations implementing Executive Order 12372 regarding intergovernmental consultation on

Federal programs and activities apply to this program.)

Issued on: April 13, 2015.

## DEPARTMENT OF TRANSPORTATION

### Federal Railroad Administration

[Docket Number FRA-2015-0027]

#### Petition for Waiver of Compliance

In accordance with Part 211 of Title 49 Code of Federal Regulations (CFR), this document provides the public notice that by a document dated March 23, 2015, the Idaho Northern and Pacific Railroad Company (INPR) has petitioned the Federal Railroad Administration (FRA) for a waiver of compliance from certain provisions of the Federal railroad safety regulations contained at 49 CFR part 223, Safety Glazing Standards—Locomotives, Passenger Cars and Caboose. FRA assigned the petition Docket Number FRA-2015-0027.

INPR seeks a waiver of compliance from 49 CFR 223.15, *Requirements for existing passenger cars*, which requires certified sidefacing glazing for three self-propelled rail diesel cars. INPR plans to use these cars only for excursion purposes at speeds not exceeding 20 mph, and in primarily rural areas extending between Horseshoe Bend and Cascade, ID. The cars are currently equipped with shatter resistant safety glass.

A copy of the petition, as well as any written communications concerning the petition, is available for review online at [www.regulations.gov](http://www.regulations.gov) and in person at the U.S. Department of Transportation's (DOT) Docket Operations Facility, 1200 New Jersey Avenue SE., W12-140, Washington, DC 20590. The Docket Operations Facility is open from 9 a.m. to 5 p.m., Monday through Friday, except Federal Holidays.

Interested parties are invited to participate in these proceedings by submitting written views, data, or comments. FRA does not anticipate scheduling a public hearing in connection with these proceedings since the facts do not appear to warrant a hearing. If any interested party desires an opportunity for oral comment, they should notify FRA, in writing, before the end of the comment period and specify the basis for their request.

All communications concerning these proceedings should identify the appropriate docket number and may be

submitted by any of the following methods:

- Web site: <http://www.regulations.gov>. Follow the online instructions for submitting comments.
- Fax: 202-493-2251.
- Mail: Docket Operations Facility, U.S. Department of Transportation, 1200 New Jersey Avenue SE., W12-140, Washington, DC 20590.
- Hand Delivery: 1200 New Jersey Avenue SE., Room W12-140, Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal Holidays.

Communications received by June 8, 2015 will be considered by FRA before final action is taken. Comments received after that date will be considered as far as practicable.

Anyone is able to search the electronic form of any written communications and comments received into any of our dockets by the name of the individual submitting the comment (or signing the document, if submitted on behalf of an association, business, labor union, etc.). In accordance with 5 U.S.C. 553(c), DOT solicits comments from the public to better inform its processes. DOT posts these comments, without edit, including any personal information the commenter provides, to [www.regulations.gov](http://www.regulations.gov), as described in the system of records notice (DOT/ALL-14 FDMS), which can be reviewed at [www.dot.gov/privacy](http://www.dot.gov/privacy). See also <http://www.regulations.gov/#!privacyNotice> for the privacy notice of regulations.gov.

Issued in Washington, DC, on April 20, 2015.

## DEPARTMENT OF TRANSPORTATION

### Federal Railroad Administration

[Docket No. FRA-2015-0007-N-2]

#### Notification of Modification of Information Collection Requirements; Comment Request

**AGENCY:** Federal Railroad Administration (FRA), Department of Transportation (DOT).

**ACTION:** Notice and comment request.

**SUMMARY:** Consistent with the Paperwork Reduction Act of 1995 and its implementing regulations, this document provides notice of FRA's intent to modify the existing instructions applicable to one currently approved information collection

reporting form (Form FRA F 6180.54, Rail Equipment Accident/Incident Report). For a projected five-year period, FRA seeks to gather additional data on Form FRA F 6180.54 concerning rail cars carrying petroleum crude oil (crude oil) in any train involved in an FRA reportable accident. At present, railroads do not report this specific information to FRA on Form FRA F 6180.54, but rather aggregate crude oil information with information about all other hazardous materials being transported. This new reporting requirement will help FRA capture more specific information on accidents that involve trains transporting crude oil and provide FRA an opportunity to better address risks to railroad safety and the general public.

**DATES:** Comments are requested no later than June 23, 2015. Comments received after that date will be considered to the extent possible without incurring additional expense or delay.

**ADDRESSES:** *Comments:* Comments related to Docket No. FRA-2015-0007-N-2, Notice No. 2, may be submitted by any of the following methods:

- Web site: The Federal eRulemaking Portal, [www.regulations.gov](http://www.regulations.gov). Follow the Web site's online instructions for submitting comments.
- Fax: 202-493-2251.
- Mail: Docket Management Facility, U.S. Department of Transportation, 1200 New Jersey Avenue SE., Room W12-140, Washington, DC 20590.
- Hand Delivery: Docket Management Facility, U.S. Department of Transportation, 1200 New Jersey Avenue SE., Room W12-140 on the Ground level of the West Building, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

*Instructions:* All submissions must include the agency name, docket name, and docket number. Note that all comments received will be posted without change to <http://www.regulations.gov>, including any personal information provided. Please see the Privacy Act heading in the

**SUPPLEMENTARY INFORMATION** section of this document for Privacy Act information related to any submitted comments or materials.

*Docket:* For access to the docket to read background documents or comments received, go to <http://www.regulations.gov> at any time or visit the Docket Management Facility at the address noted in the **ADDRESSES** section of this notice, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

**FOR FURTHER INFORMATION CONTACT:** Kebo Chen, Staff Director, Railroad

Safety Information Management Division, U.S. Department of Transportation, Federal Railroad Administration, Office of Railroad Safety, Mail Stop 25, West Building 3rd Floor, 1200 New Jersey Avenue SE., Washington, DC 20590 (telephone: 202-493-6079); or Sara Mahmoud-Davis, Trial Attorney, U.S. Department of Transportation, Federal Railroad Administration, Office of Chief Counsel, Mail Stop 10, West Building 3rd Floor, 1200 New Jersey Avenue SE., Washington, DC 20590 (telephone: 202-366-1118).

**SUPPLEMENTARY INFORMATION:** In light of recent rail accidents involving trains transporting crude oil, FRA intends to modify the existing instructions on Form FRA F 6180.54 titled Rail Equipment Accident/Incident Report (the Form) to gather data concerning rail cars carrying crude oil in trains involved in reportable accidents. Specifically, for a projected five-year period, FRA intends to utilize the Form's Special Study Block 49b to collect the following information regarding trains involved in FRA reportable accidents: (1) The number of rail cars carrying crude oil; (2) the number of cars damaged or derailed carrying crude oil; and (3) the number of cars releasing crude oil.

The rail transportation of crude oil, a Class 3 flammable liquid hazardous material, is subject to the Federal hazardous material transportation regulations (49 CFR parts 171-180) the Pipeline and Hazardous Materials Safety Administration (PHMSA) promulgated and FRA's rail safety regulations. Although railroads are currently required to report to both PHMSA and FRA certain information on any release of a regulated hazardous material that occurs during the rail transportation of the commodity, they are not required to report certain commodity specific information. Information railroads are not currently required to report includes the number of rail cars carrying crude oil, the number of those cars that are damaged and/or derailed in an accident, and the number of those cars that release crude oil as a result of a reportable accident.

FRA has solicited input from members of the railroad industry to explain the type of data needed and obtain their views. To the extent possible, FRA's proposal takes into consideration the industry's feedback.

The Paperwork Reduction Act of 1995, Public Law 104-13, sec. 2, 109 Stat. 163 (1995) (codified as revised at 44 U.S.C. 3501-3520), and its implementing regulations, 5 CFR part

1320, require Federal agencies to provide 60-days' notice to the public for comment on information collection activities before seeking approval for reinstatement or renewal by OMB. 44 U.S.C. 35069(c)(2)(A); 5 CFR 1320.8(d)(1), 1320.10(e)(1), 1320.12(a). Here, FRA is seeking public comment on its proposal to modify the instructions of the Form to utilize Special Study Block 49b to gather the specified data. A copy of FRA's proposed modified instructions is published as an attachment to this notice.

FRA seeks to modify these instructions as it explained in the preamble to FRA's 1996 final rule on Railroad Accident Reporting. See 61 FR 30947, Jun. 18, 1996. Specifically, the preamble to that final rule provides that:

The Rail Equipment Accident/Incident Report (Form FRA F 6180.54) contains two SSBs in block "49." As the need arises, FRA will notify the railroads in writing, or if appropriate, through publication in the **Federal Register**, of the purpose and the type of information that is to be collected. FRA will be as specific as possible in order to minimize both costs and the amount of time associated with the collection of this new information. Each SSB has 20 characters in order to standardize the data structure for computer files. FRA believes the SSBs will prove extremely valuable in collecting information to help FRA identify and evaluate issues of safety concern as well as other non-safety issues as the need arises.

FRA invites interested parties to comment on the following: (1) Whether the information collection activities are necessary for FRA to properly execute its functions, including whether the activities will have practical utility; (2) the accuracy of FRA's estimates of the burden of the information collection activities, including the validity of the methodology and assumptions used to determine the estimates; (3) ways FRA can enhance the quality, utility, and clarity of the information being collected; and (4) ways FRA can minimize the burden of information collection activities on the public by automated, electronic, mechanical, or other technological collection techniques or other forms of information technology (e.g., permitting electronic submission of responses). See 44 U.S.C. 3506(c)(2)(A)(i) through (iv); 5 CFR 1320.8(d)(1)(i) through (iv). FRA believes that soliciting public comment will promote its efforts to reduce the administrative and paperwork burdens associated with the collection of information Federal regulations mandate. In summary, FRA reasons that comments received will advance three objectives: (1) Reduce reporting burdens; (2) ensure that it organizes

information collection requirements in a "user friendly" format to improve the use of such information; and (3) accurately assess the resources expended to retrieve and produce information requested. See 44 U.S.C. 3501.

Below is a brief summary of the currently approved information collection activities and burdens associated with that information collection that FRA seeks to slightly modify with the instructions attached. FRA intends to revise the Form's instructions only. FRA is not changing the data elements of the Form and believes there will be no change in the number of responses. FRA estimates there will be a minor change in: (1) The burden time per response for the Form where respondents utilize the Special Study Blocks; (2) the total burden hours for the Form; and (3) the total burden hours for the entire currently approved information collection. FRA requests a revision to the current approval for the reasons listed in the summary above.

**Title:** Accident/Incident Reporting and Recordkeeping.

**OMB Control Number:** 2130-0500.

**Abstract:** The collection of information is due to FRA's accident reporting regulations set forth in 49 CFR part 225 which require railroads to submit monthly reports summarizing collisions, derailments, and certain other accident/incidents involving damages above a certain dollar threshold, as well as certain injuries to passengers, employees, and other persons on railroad property (including those which are railroad work-related). Because the reporting requirements and information needed regarding each category are unique, a different form is used for each category. FRA is modifying the instructions for one of the three referenced agency forms to request that the "Special Study Block" (SSB) of Form FRA F 6180.54 to be used to capture (with coded letters) information pertaining to accidents that involve crude oil.

**Form Number(s):** FRA F 6180.54.

**Affected Public:** Businesses.

**Frequency of Submission:** On occasion.

**Estimated Total Responses:** 2,500 (Form FRA F 6180.54: 1,400 forms will take approximately 2 hours to complete; 600 forms utilizing the three Special Study Blocks will require an additional 1 minute each or a total of 3 extra minutes to complete for a total average burden time of approximately 2 hours and 3 minutes per form; 500 forms will take approximately 1 hour to complete. This total estimate of 2,500 responses is unchanged from the previous total

number of responses for this form approved by OMB on July 2, 2014.).

**Estimated Total Annual Burden:** 4,530 hours (for Form FRA F 6180.54; a total increase of 30 hours from the previous OMB-approved burden estimate of 4,500 hours).

**Total Estimated Burden:** 39,058 hours (for entire information collection, includes previous OMB-approved burden of 39,028 hours and 30 additional hours for Form FRA F 6180.54 utilizing Special Study Blocks).

**Status:** Revision of the Current Approval.

Pursuant to 44 U.S.C. 3507(a) and 5 CFR 1320.5(b), 1320.8(b)(3)(vi), FRA informs all interested parties that it may not conduct or sponsor, and a respondent is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

**Privacy Act:** In accordance with 5 U.S.C. 553(c), DOT solicits comments from the public to better inform its rulemaking process. DOT posts these comments, without edit, including any personal information the commenter provides, to [www.regulations.gov](http://www.regulations.gov), as described in the system of records notice (DOT/ALL-14 FDMS), which can be reviewed at [www.dot.gov/privacy](http://www.dot.gov/privacy).

**Authority:** 44 U.S.C. 3501-3520.

#### Attachment to Federal Register Notice

Listed below are proposed changes to the instructions for Form FRA F 6180.54 (Rail Equipment Accident/Incident Report). FRA is not proposing changes to any other Accident/Incident Report Form. The proposed changes specify the type of information FRA desires to capture in the Special Study Block (SSB) Block "B" (Block 49b) about train accidents involving trains transporting petroleum crude oil (crude oil). FRA proposes to revise the instructions for completing Block 49b on Form FRA F 6180.54 (the Form) to include the following:

#### General Definition

**Crude Oil**—Petroleum crude oil, a regulated hazardous material (HAZMAT), classified as a Class 3 flammable liquid under the applicable Pipeline and Hazardous Materials Safety Administration (PHMSA) regulations. See 49 CFR 172.101.

#### Specific Codes and Definitions

**The Number of Cars Carrying Crude Oil**—When the train for which this report is being prepared contained cars carrying crude oil, including cars carrying any residue amounts of crude oil, the number of those cars. (Code = AAA)

*The Number of Crude Oil Cars Damaged/Derailed*—When the train for which this report is being prepared contained cars carrying crude oil, including cars carrying any residue amounts of crude oil, the number of those cars that were damaged or derailed, including a derailment of only one wheel. (Code = BBB)

*The Number of Cars Releasing Crude Oil*—When the train for which this report is being prepared contained cars carrying crude oil, including cars carrying any residue amounts of crude oil, the number of those cars that released any portion of their contents (*i.e.*, leaks of any type and amount), including vapor. (Code = CCC)

#### *Selected Instructions for Completing the Form*

The current instructions in the *FRA Guide for Preparing Accident/Incident Reports* (Published May 23, 2011) (Reporting Guide) for completing Blocks 8 (Cars Carrying HAZMAT [Hazardous Material]), 9 (HAZMAT Cars Damaged/Derailed), 10 (Cars Releasing HAZMAT), 11 (People Evacuated), and 52 (Narrative Description) remain unchanged. Crude oil is a regulated HAZMAT. Accordingly, shipments of crude oil will be aggregated with other HAZMAT in the train in blocks 8, 9, and 10. Block 11, People Evacuated, remains unchanged. Detailed instructions for completing these blocks are provided in the *Reporting Guide*.

The format for Block 49b is—AAA—BBB—CCC—a total of eleven characters including the dashes to indicate the number of crude oil cars in the train as specified below:

- AAA is the count of the Number of Cars Carrying Crude Oil (similar to block 8, but limited to cars carrying crude oil and with leading zeros).
- BBB is the count of the Number of Crude Oil Cars Damaged/Derailed (similar to block 9, but limited to cars carrying crude oil that were damaged/derailed and with leading zeros).
- CCC is the count of the Number of Cars Releasing Crude Oil (similar to block 10, but limited to the number of cars releasing crude oil and with leading zeros).

When there is no crude oil in the train and the equipment in the train meets the qualification of Type of Equipment listed below under section “Applicability” on the Form (*i.e.*, the equipment qualifies as a freight train, work train, single car, cut of cars, or yard/switching equipment), Block 49b must be coded as “000–000–000.”

All other rules for reporting HAZMAT releases and injuries apply, regardless of HAZMAT commodity involved,

including the description of the hazardous material released in Form FRA F 6180.54 Block 52 (*i.e.*, Narrative Description by name or Standard Transportation Commodity Code (STCC)), identification of the initial and number of any car releasing hazardous materials, and identification of the name and quantity of hazardous material released. Further instructions are provided in the *Reporting Guide*.

Additionally, the number of fatalities and injuries resulting from direct exposure to the released substance would still need to be reported in Blocks 46, 47, and 48 on the Form FRA F 6180.54 and in Block 5q (Exposure to Hazmat) on the Railroad Injury and Illness Summary (Continuation Sheet) Form FRA F 6180.55a.

#### *Applicability*

Whenever block 25 (Type of Equipment) on the Form FRA F 6180.54 is equal to 1 (Freight Train), or 4 (Work Train), or 5 (Single Car), or 6 (Cut of Cars), or 7 (Yard/switching), then the required information on crude oil in the train must be completed in Block 49b.

*Special Study Block 49b Reporting Example:* A train carrying three cars of corrosive acid and four cars of crude oil is involved in an FRA reportable train accident, as described—one of the cars carrying the corrosive acid is damaged with no release of product; two cars carrying crude oil are damaged; one of these cars releases crude oil; and there is an evacuation of 25 people, including an injury to a railroad employee due to direct exposure and injury to another employee as a result of the accident, but not related to the release. Accordingly, on the Form FRA F 6180.54 the following information must be entered:

Block 8 enter “7” (representing the 3 cars carrying corrosive acid and the 4 cars carrying crude oil);

Block 9 enter “3” (representing the 1 car derailed carrying corrosive acid, 2 cars damaged carrying crude oil);

Block 10 enter “1” (representing no corrosive acid released, 1 car releasing crude oil);

Block 11 enter “25” (representing the 25 people who were evacuated during the cleanup);

Block 46 (Nonfatal) enter “2” (representing the 2 employees injured);

Block 49b enter “004–002–001” (representing the 4 cars in the train carrying crude oil, the 2 crude oil cars damaged/derailed, and the 1 crude oil car that released product); and Block 52 (Narrative Description) enter a description of the accident in accordance with the *Reporting Guide* instructions for block 52. For this example, the narrative would include,

but not be limited to, the initial and number of the one car that released the crude oil, the name of the HAZMAT released (or STCC) (*i.e.*, crude oil), the quantity of crude oil released, the number of fatalities and injuries resulting from a direct exposure to the released substance (*i.e.*, the one railroad employee injury as a result of direct exposure to the released crude oil), and an estimate of the size of the affected area evacuated and the length of the evacuation. If, in this example, the cars carrying corrosive acid released any hazardous materials, in accordance with the *Reporting Guide*, the initial and number of any car releasing that material, as well as the name and quantity of that material released would also need to be identified in this block.

On the related Form FRA F 6180.55a, for the employee injured due to exposure to HAZMAT enter “Y” in Block 5q. On another Form FRA F 6180.55a, for the employee injured, not due to exposure, enter “N” in Block 5q.

Issued in Washington, DC, on April 17, 2015.

**Brenda Moscoso,**

*Director, Office of Safety Analysis.*

BILLING CODE 4910–06–P

## DEPARTMENT OF THE TREASURY

### Alcohol and Tobacco Tax and Trade Bureau

[Docket No. TTB–2015–0001]

#### Proposed Information Collections; Comment Request (No. 52)

**AGENCY:** Alcohol and Tobacco Tax and Trade Bureau (TTB); Treasury.

**ACTION:** Notice and request for comments.

**SUMMARY:** As part of our continuing effort to reduce paperwork and respondent burden, and as required by the Paperwork Reduction Act of 1995, we invite comments on the proposed or continuing information collections listed below in this notice.

**DATES:** We must receive your written comments on or before June 23, 2015.

**ADDRESSES:** As described below, you may send comments on the information collections listed in this document using the “Regulations.gov” online comment form for this document, or you may send written comments via U.S. mail or hand delivery. TTB no longer accepts public comments via email or fax.

- <http://www.regulations.gov>: Use the comment form for this document posted

within Docket No. TTB-2015-0001 on "Regulations.gov," the Federal e-rulemaking portal, to submit comments via the Internet;

- *U.S. Mail:* Michael Hoover, Regulations and Rulings Division, Alcohol and Tobacco Tax and Trade Bureau, 1310 G Street NW., Box 12, Washington, DC 20005.

- *Hand Delivery/Courier in Lieu of Mail:* Michael Hoover, Alcohol and Tobacco Tax and Trade Bureau, 1310 G Street NW., Suite 200-E, Washington, DC 20005.

Please submit separate comments for each specific information collection listed in this document. You must reference the information collection's title, form or recordkeeping requirement number, and OMB number (if any) in your comment.

You may view copies of this document, the information collections listed in it and any associated instructions, and all comments received in response to this document within Docket No. TTB-2015-0001 at <http://www.regulations.gov>. A link to that docket is posted on the TTB Web site at <http://www.ttb.gov/forms/comment-on-form.shtml>. You may also obtain paper copies of this document, the information collections described in it and any associated instructions, and any comments received in response to this document by contacting Michael Hoover at the addresses or telephone number shown below.

**FOR FURTHER INFORMATION CONTACT:**

Michael Hoover, Alcohol and Tobacco Tax and Trade Bureau, 1310 G Street NW., Box 12, Washington, DC 20005; telephone 202-453-1039, ext. 135; or email [informationcollections@ttb.gov](mailto:informationcollections@ttb.gov) (please *do not* submit comments on this notice to this email address).

**SUPPLEMENTARY INFORMATION:**

**Request for Comments**

The Department of the Treasury and its Alcohol and Tobacco Tax and Trade Bureau (TTB), as part of their continuing effort to reduce paperwork and respondent burden, invite the general public and other Federal agencies to comment on the proposed or continuing information collections listed below in this notice, as required by the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

Comments submitted in response to this notice will be included or summarized in our request for Office of Management and Budget (OMB) approval of the relevant information collection. All comments are part of the public record and subject to disclosure. Please do not include any confidential

or inappropriate material in your comments.

We invite comments on: (a) Whether this information collection is necessary for the proper performance of the agency's functions, including whether the information has practical utility; (b) the accuracy of the agency's estimate of the information collection's burden; (c) ways to enhance the quality, utility, and clarity of the information collected; (d) ways to minimize the information collection's burden on respondents, including through the use of automated collection techniques or other forms of information technology; and (e) estimates of capital or start-up costs and costs of operation, maintenance, and purchase of services to provide the requested information.

**Information Collections Open for Comment**

Currently, we are seeking comments on the following forms, recordkeeping requirements, or questionnaires:

*Title:* Change of Bond (Consent of Surety).

*OMB Number:* 1513-0013.

*TTB Form Number:* TTB F 5000.18.

*Abstract:* A bond is required in certain circumstances to cover Federal excise tax liabilities incurred from such things as the production, removal, or transfer of certain taxable commodities. A Change of Bond (Consent of Surety), TTB F 5000.18, is executed by both the bonding company and a proprietor when there is a change to a bond filed with TTB. The TTB F 5000.18 acts as a binding legal agreement between the two parties to extend the terms of a bond. TTB F 5000.18 is filed with TTB and a copy is retained by TTB as long as it remains current and in force.

*Current Actions:* TTB is submitting this collection as a revision. The form remains unchanged. However, we are updating the number of respondents and the total annual burden to reflect a decrease in the number of respondents.

*Type of Review:* Revision of a currently approved collection.

*Affected Public:* Businesses or other for-profits.

*Estimated Number of Respondents:* 2,000.

*Estimated Total Annual Burden Hours:* 1,330.

*Title:* Application for and Certification/Exemption of Label/Bottle Approval.

*OMB Number:* 1513-0020.

*TTB Form Number:* TTB F 5100.31.

*Abstract:* To provide consumers with adequate information as to the identity of alcohol beverage products and to prevent consumer deception and unfair advertising practices, the Federal

Alcohol Administration Act at 27 U.S.C. 205(e) requires that alcohol beverages sold or introduced into interstate or foreign commerce be labeled in conformity with regulations issued by the Secretary of the Treasury. Further, the producer, bottler, or importer of alcohol beverages must receive approval of the label for such products from TTB prior to their introduction into commerce. TTB F 5100.31 is a dual-use form; industry members use it to request and to obtain the required label approval. The form serves as both an application for and, if approved by TTB, a certificate of label approval (or exemption from a certificate of label approval).

*Current Actions:* TTB is submitting this collection as a revision. On the TTB F 5100.31 form, TTB is making additions and clarifications to the list of allowable revisions listed in part V of the form. TTB also is updating the number of respondents and the total annual burden to reflect an increase in the number of respondents.

*Type of Review:* Revision of a currently approved collection.

*Affected Public:* Businesses or other for-profits.

*Estimated Number of Respondents:* 8,850.

*Estimated Total Annual Burden Hours:* 73,618.

*Title:* Alcohol Fuel Plants (AFP) Records, Reports, and Notices.

*OMB Number:* 1513-0052.

*TTB Form Number:* TTB F 5110.75.

*TTB Recordkeeping Requirement Number:* TTB REC 5110/10.

*Abstract:* To safeguard Federal alcohol excise tax revenue, 26 U.S.C. 5181 and 5207 require that a proprietor of an alcohol fuel plant (AFP) make such application, maintain such records, and render such reports as the Secretary of the Treasury shall prescribe. The TTB regulations in 27 CFR, part 19, subpart Y, implement those statutory requirements. The information collected under these regulations is necessary to identify and determine that persons are qualified to produce alcohol for fuel purposes, to account for distilled spirits produced and verify its proper disposition, to keep registrations current, and to evaluate permissible variations from prescribed procedures.

*Current Actions:* TTB is submitting this information collection for extension purposes only. The information collection, estimated number of respondents, and the estimated total annual burden hours remain unchanged.

*Type of Review:* Extension of a currently approved collection.

*Affected Public:* Businesses or other for-profits; farms.

*Estimated Number of Respondents:* 2,618.

*Estimated Total Annual Burden Hours:* 2,784.

*Title:* Monthly Report—Tobacco Products or Processed Tobacco Importer.

*OMB Number:* 1513–0107.

*TTB Form Number:* TTB F 5220.6.

*Abstract:* Reports on the importation and disposition of tobacco products and processed tobacco are used, along with other information, to determine whether those persons issued the permits required by 26 U.S.C. 5713 are complying with TTB regulations. Those engaged in importing tobacco products and processed tobacco are required to account for the importation and disposition of such products on a monthly basis.

*Current Actions:* TTB is submitting this collection as a revision. The form remains unchanged. However, we are updating the number of respondents and the total annual burden to reflect a decrease in the number of respondents.

*Type of Review:* Revision of a currently approved collection.

*Affected Public:* Businesses or other for-profits.

*Estimated Number of Respondents:* 330.

*Estimated Total Annual Burden Hours:* 3,696.

*Title:* Formulas for Fermented Beverage Products.

*OMB Number:* 1513–0118.

*TTB Recordkeeping Requirement Number:* TTB REC 5052/1.

*Abstract:* Section 5052 of the Internal Revenue Code of 1986 (IRC) defines the term “beer” to include, among other things, certain products such as beer, ale, porter, and stout. The TTB regulations at 27 CFR 25.55 set forth the circumstances under which the filing of a formula for beer is required. Section 25.55 require, for example, the filing of a written notice in the form of a formula only for certain products that will undergo any manufacturing process not generally recognized as a tradition process in the production of those products designated as beer, ale, porter, or stout, or for certain other non-traditional fermented products produced at a brewery. Brewers file formulas as needed and only for the types of products specified in the regulations. TTB provides that a brewer operating multiple breweries may file a single formula to cover the production of a specified fermented product at all of their breweries.

*Current Actions:* TTB is submitting this collection as a revision. While TTB

has reduced the number of formulas requiring submission by increasing the ingredients and processes that do not require approval, the number of brewers and products in the market place has significantly increased. Therefore, we are updating the number of respondents and the total annual burden to reflect an increase in the number of respondents.

*Type of Review:* Revision of a currently approved collection.

*Affected Public:* Businesses or other for-profits.

*Estimated Number of Respondents:* 505.

*Estimated Total Annual Burden Hours:* 1,326.

Dated: April 21, 2015.

**Amy R. Greenberg,**

*Director, Regulations and Rulings Division.*

**BILLING CODE 4810–31–P**

## DEPARTMENT OF VETERANS AFFAIRS

### Privacy Act of 1974; System of Records

**AGENCY:** Department of Veterans Affairs (VA).

**ACTION:** Notice of amendment to system of records.

**SUMMARY:** The Privacy Act of 1974 (5 U.S.C. 552(e) (4)) requires that all agencies publish in the **Federal Register** a notice of the existence and character of their systems of records. Notice is hereby given that the Department of Veterans Affairs (VA) is amending the system of records currently entitled “Suicide Prevention Database-VA” (158VA11). VA is amending the system by revising the System Name, System Number, System Location, Categories of Records in the System, Purpose, Storage, Safeguard, Retention and Disposal, System Manager and Address, Notification Procedure, and Record Access Procedure.

**DATES:** Comments on this new system of records must be received no later than May 26, 2015. If no public comment is received, the new system will become effective May 26, 2015.

**ADDRESSES:** Written comments concerning the proposed amended system of records may be submitted by: mail or hand-delivery to Director, Regulations Management (02REG), Department of Veterans Affairs, 810 Vermont Avenue NW., Room 1068, Washington, DC 20420; fax to (202) 273–9026; or email to <http://www.Regulations.gov>. All comments received will be available for public

inspection in the Office of Regulation Policy and Management, Room 1063B, between the hours of 8:00 a.m. and 4:30 p.m., Monday through Friday (except holidays). Please call (202) 461–4902 (this is not a toll-free number) for an appointment.

**FOR FURTHER INFORMATION CONTACT:** Janet Kemp RN, Ph.D., Department of Veterans Affairs, 400 Fort Hill Avenue, Canandaigua, NY 14424; telephone (585) 393–7939.

**SUPPLEMENTARY INFORMATION:** The system name is being changed from “Suicide Prevention Database-VA” to “Veterans Crisis Line Database-VA.” The system number is changed from 158VA11 to 158VA10NC5 to reflect the current Organizational alignment.

The System Location section is being amended to include the Veterans Crisis Line Database being maintained at the VA Austin Information Technology Center (AITC) in Austin, Texas. Also, back-up copies of the database are maintained in accordance with VA OIT enterprise management policies.

The Categories of Records in the System is being amended to replace the National Suicide Hotline Web Application Program with the VCL Application. Data is now collected in the AITC standard query language (SQL) database instead of the Statistical Package for the Social Sciences (SPSS) statistical package.

The purpose section is being amended to update the National Suicide Hotline to the Veterans Crisis Line. The Storage section is amended to reflect that records are maintained on an SQL server at VA AITC in Austin, Texas. The Safeguards section is being amended to state that access to computer rooms at the VA AITC is limited in accordance with VA OIT national security policies.

The Retention and Disposal section is being amended to remove that paper records and information are maintained and disposed of in accordance with records disposition authority approved by the Archivist of the United States. The new language will state that these records are maintained as a permanent record, pending approval of a new records schedule by the National Archives and Records Administration.

The System Manager and Address is being amended from stating “VISN 2 Center of Excellence at Canandaigua VA Medical Center (528A5), 400 Fort Hill Avenue, Canandaigua, NY 14424. Officials responsible for the system of records include Craig S. Howard, Director, Canandaigua VA Medical Center; Kerry L. Knox, Ph.D., Director, VISN 2 Center of Excellence; Janet Kemp, RN, Ph.D., Associate Director

Education and Training, VISN 2 Center of Excellence.” This section now states that “the official responsible for policies and procedures; Office of Mental Health Operations (10NC5), 810 Vermont Avenue NW., Washington, DC 20420. Official responsible for the system of records: Executive Director, Office of Mental Health Operations (10NC5).”

The Notification Procedure and Record Access Procedure sections are being amended from the Canandaigua VA Medical Center to Office of Mental Health Operations (10NC5).

The Report of Intent to Amend a System of Records Notice and an advance copy of the system notice have been sent to the appropriate Congressional committees and to the Director of the Office of Management and Budget (OMB) as required by 5 U.S.C. § 552a(r) (Privacy Act) and guidelines issued by OMB (65 FR 77677), December 12, 2000.

*Signing Authority:* The Secretary of Veterans Affairs, or designee, approved this document and authorized the undersigned to sign and submit the document to the Office of the Federal Register for publication electronically as an official document of the Department of Veterans Affairs. Jose D. Riojas, Chief of Staff, approved this document on April 2, 2015, for publication.

Dated: April 10, 2015.

#### 158VA10NC5

#### SYSTEM NAME:

“Veterans Crisis Line Database-VA”.

#### SYSTEM LOCATION:

The Veterans Crisis Line (VCL) Database will be maintained at the VA Austin Information Technology Center (AITC) in Austin, Texas. Back-up copies of the database are maintained in accordance with VA OIT enterprise management policies. In addition, information from these records or copies of records may be maintained at the Department of Veterans Affairs, 810 Vermont Avenue NW., Washington, DC.

#### CATEGORIES OF INDIVIDUALS COVERED BY THE SYSTEM:

The records include information concerning Veterans and friends and family of Veterans who access the Veterans Crisis Line. In addition, records include the name of the Crisis Line call responder and the name of the Suicide Prevention Coordinator.

#### CATEGORIES OF RECORDS IN THE SYSTEM:

The records may include information related to:

1. The Veterans Crisis Line call logs via the VCL Application include the following information:
  - a. Identifies, by full name, the Veterans Crisis Line responder;
  - b. Identifies, by full name, the Suicide Prevention Coordinator;
  - c. Documents information regarding calls to the Veterans Crisis Line which may include:
    - (1) Calls from an anonymous person with incomplete identification information;
    - (2) Calls from a Veteran, including Veterans who are not registered in VA health care system (non-VA);
    - (3) Calls from family and friends of the affected Veteran (In this case, the system shall indicate that the call was not made from the affected Veteran).
  - d. Identifies the VA Medical Center closest to the caller’s physical location;
  - e. Records Crisis Line referrals in the Veteran’s electronic medical record when the referral is made to a VA Medical Center for follow-up care;
  - f. Provides a means for Suicide Prevention Coordinators to document their follow-up measures;
  - g. Provides access to call log data for reporting purposes: Provides information related to the number of calls, callers demographic information, the types of calls, and follow-up care.

2. The suicide attempts and completions data is collected in the AITC standard query language (SQL) database. The information includes attempt or completion, military conflict, VA enrolled, gender, age, mental health diagnosis, medical diagnosis, previous attempts, month of event, method used, outcome, intent, seen at a VA within 7 days of attempt, seen at VA within 30 days of attempt, where seen, had suicide been addressed, and last recorded pain score.

#### AUTHORITY FOR MAINTENANCE OF THE SYSTEM:

Title 38, United States Code, section 501.

#### PURPOSE(S):

The records and information may be used for ensuring appropriate follow-up care is provided to those who telephone the Veterans Crisis Line. In addition, the information will be used for statistical reports for the purpose of evaluating the need for development of further suicide prevention efforts to include education and research. Additionally, the statistical reports will be used to provide information related to suicide to VA officials, congressional members, and the public.

#### ROUTINE USES OF RECORDS MAINTAINED IN THE SYSTEM, INCLUDING CATEGORIES OF USERS AND THE PURPOSES OF SUCH USES:

To the extent that records contained in the system include information protected by 45 CFR parts 160 and 164, *i.e.*, individually identifiable health information, and 38 U.S.C. 7332, *i.e.*, medical treatment information related to drug abuse, alcoholism or alcohol abuse, sickle cell anemia or infection with the human immunodeficiency virus (HIV), that information cannot be disclosed under a routine use unless there is also specific statutory authority in 38 U.S.C. 7332 and regulatory authority in 45 CFR parts 160 and 164 permitting disclosure. The Veterans Crisis Line Database-VA system of record will be routinely used for the following:

1. The record of an individual who is covered by a system of records may be disclosed to a Member of Congress, or a staff person acting for the Member, when the Member or staff person requests the record on behalf of and at the written request of the individual.

2. Disclosure may be made to National Archives and Records Administration (NARA) and the General Services Administration (GSA) in records management inspections conducted under authority of Title 44, Chapter 29, of the United States Code (U.S.C.).

3. Disclosure may be made to other Government agencies in support of data exchanges of electronic medical record information approved by the individual.

4. VA may disclose on its own initiative any information in this system, except the names and home addresses of Veterans and their dependents, that is relevant to a suspected or reasonably imminent violation of law, whether civil, criminal or regulatory in nature and whether arising by general or program statute or by regulation, rule or order issued pursuant thereto, to a Federal, State, local, tribal, or foreign agency charged with the responsibility of investigating or prosecuting such violation, or charged with enforcing or implementing the statute, regulation, rule or order. VA may also disclose on its own initiative the names and addresses of Veterans and their dependents to a Federal agency charged with the responsibility of investigating or prosecuting civil, criminal or regulatory violations of law, or charged with enforcing or implementing the statute, regulation, rule or order issued pursuant thereto.

5. VA may disclose information from this system of records to the Department of Justice (DoJ), either on VA’s initiative or in response to DoJ’s request for the information, after either VA or DoJ determines that such information is

relevant to DOJ's representation of the United States or any of its components in legal proceedings before a court or adjudicative body, provided that, in each case, the agency also determines prior to disclosure that release of the records to the DOJ is a use of the information contained in the records that is compatible with the purpose for which VA collected the records. VA, on its own initiative, may disclose records in this system of records in legal proceedings before a court or administrative body after determining that the disclosure of the records to the court or administrative body is a use of the information contained in the records that is compatible with the purpose for which VA collected the records.

6. Disclosures of relevant information may be made to individuals, organizations, private or public agencies, or other entities with whom VA has a contract or agreement or where there is a subcontract to perform the services as VA may deem practicable for the purposes of laws administered by VA, in order for the contractor or subcontractor to perform the services of the contract or agreement. This routine use includes disclosures by the individual or entity performing the service for VA to any secondary entity or individual to perform an activity that is necessary for individuals, organizations, private or public agencies, or other entities or individuals with whom VA has a contract or agreement to provide the service to VA.

7. Disclosure to other Federal agencies may be made to assist such agencies in preventing and detecting possible fraud or abuse by individuals in their operations and programs.

8. VA may disclose information to the Equal Employment Opportunity Commission when requested in connection with investigations of alleged or possible discriminatory practices, examination of Federal affirmative employment programs, or for other functions of the Commission as authorized by law or regulation.

9. VA may disclose to the Fair Labor Relations Authority (FLRA) (including its General Counsel) information related to the establishment of jurisdiction, the investigation and resolution of allegations of unfair labor practices, or information in connection with the resolution of exceptions to arbitration awards when a question of material fact is raised; to disclose information in matters properly before the Federal

Services Impasse Panel, and to investigate representation petitions and conduct or supervise representation elections.

10. VA may disclose information to officials of the Merit Systems Protection Board (MSPB), or the Office of Special Counsel, when requested in connection with appeals, special studies of the civil service and other merit systems, review of rules and regulations, investigation of alleged or possible prohibited personnel practices, and such other functions, promulgated in 5 U.S.C. 1205 and 1206, or as authorized by law.

11. VA may, on its own initiative, disclose any information or records to appropriate agencies, entities, and persons when (1) VA suspects or has confirmed that the integrity or confidentiality of information in the system of records has been compromised; (2) the Department has determined that as a result of the suspected or confirmed compromise, there is a risk of embarrassment or harm to the reputations of the record subjects, harm to economic or property interests, identity theft or fraud, or harm to the security, confidentiality, or integrity of this system or other systems or programs (whether maintained by the Department or another agency or disclosure is to agencies, entities, or persons whom VA determines are reasonably necessary to assist or carry out the Department's efforts to respond to the suspected or confirmed compromise and prevent, minimize, or remedy such harm. This routine use permits disclosures by the Department to respond to a suspected or confirmed data breach as the terms are defined in 38 U.S.C. 5727, including the conduct of any risk analysis or provision of credit protection services as provided in 38 U.S.C. 5724.

**POLICIES AND PRACTICES FOR STORING, RETRIEVING, ACCESSING, RETAINING, AND DISPOSING OF RECORDS IN THE SYSTEM:**

**STORAGE:**

Records are maintained on an SQL server at VA AITC in Austin, Texas.

**RETRIEVABILITY:**

Records are retrieved by name, social security number or other assigned identifiers of the individuals on whom they are maintained.

**SAFEGUARDS:**

1. VA will maintain the data in compliance with applicable VA security

policy directives that specify the standards that will be applied to protect sensitive personal information. VA's security measures comply with applicable Federal Information Processing Standards (FIPS) issued by the National Institute of Standards and Technology (NIST). Access to VA working and storage areas is restricted to VA employees on a "need-to-know" basis; strict control measures are enforced to ensure that disclosure to these individuals is also based on this same principle. They are required to take annual VA mandatory data privacy and security training. Generally, VA file areas are locked after normal duty hours and the facilities are protected from outside access by the Federal Protective Service or other security personnel.

2. Access to computer rooms at the VA AITC is limited in accordance with VA OIT national security policies. Peripheral devices are placed in secure areas (areas that are locked or have limited access) or are otherwise protected. Information stored on the Veterans Crisis Line Database-VA may be accessed by authorized VA employees. Access to file information is controlled at two levels; the systems recognize authorized employees by series of individually unique passwords/codes as a part of each data message, and the employees are limited to only that information in the file which is needed in the performance of their official duties. Information that is downloaded from the Veterans Crisis Line Database-VA and maintained on personal computers is afforded similar storage and access protections as the data that is maintained in the original files. Access to information stored on automated storage media at other VA locations is controlled by individually unique passwords/codes.

**RETENTION AND DISPOSAL:**

Currently these records are maintained as a permanent record, pending approval of a new records schedule by the National Archives and Records Administration.

**SYSTEM MANAGER(S) AND ADDRESS:**

Official responsible for policies and procedures; Office of Mental Health Operations (10NC5), 810 Vermont Avenue NW., Washington, DC 20420. Official responsible for the system of records: Executive Director, Office of Mental Health Operations (10NC5).

**NOTIFICATION PROCEDURE:**

Individuals who wish to determine whether this system of records contains information about them should contact the Office of Mental Health Operations (10NC5). Inquiries should include the person's full name, social security number, dates of employment, date(s) of contact, and return address.

**RECORD ACCESS PROCEDURE:**

Individuals seeking information regarding access to and contesting of records in this system may write, call or visit the Office of Mental Health Operations (10NC5).

**CONTESTING RECORD PROCEDURES:**

(See Record Access Procedures above.)

**RECORD SOURCE CATEGORIES:**

Information in this system of records is provided by VHA employees.

Federal Property Suitable as Facilities To Assist the Homeless; Notice

**DEPARTMENT OF HOUSING AND  
URBAN DEVELOPMENT**

[Docket No. FR-5828-N-17]

**Federal Property Suitable as Facilities  
To Assist the Homeless**

**AGENCY:** Office of the Assistant Secretary for Community Planning and Development, HUD.

**ACTION:** Notice.

**SUMMARY:** This Notice identifies unutilized, underutilized, excess, and surplus Federal property reviewed by HUD for suitability for use to assist the homeless.

**FOR FURTHER INFORMATION CONTACT:** Juanita Perry, Department of Housing and Urban Development, 451 Seventh Street SW., Room 7266, Washington, DC 20410; telephone (202) 402-3970; TTY number for the hearing- and speech-impaired (202) 708-2565 (these telephone numbers are not toll-free), or call the toll-free Title V information line at 800-927-7588.

**SUPPLEMENTARY INFORMATION:** In accordance with 24 CFR part 581 and section 501 of the Stewart B. McKinney Homeless Assistance Act (42 U.S.C. 11411), as amended, HUD is publishing this Notice to identify Federal buildings and other real property that HUD has reviewed for suitability for use to assist the homeless. The properties were reviewed using information provided to HUD by Federal landholding agencies regarding unutilized and underutilized buildings and real property controlled by such agencies or by GSA regarding its inventory of excess or surplus Federal property. This Notice is also published in order to comply with the December 12, 1988 Court Order in *National Coalition for the Homeless v. Veterans Administration*, No. 88-2503-OG (D.D.C.).

Properties reviewed are listed in this Notice according to the following categories: Suitable/available, suitable/unavailable, and suitable/to be excess, and unsuitable. The properties listed in the three suitable categories have been reviewed by the landholding agencies, and each agency has transmitted to HUD: (1) Its intention to make the property available for use to assist the homeless, (2) its intention to declare the property excess to the agency's needs, or (3) a statement of the reasons that the property cannot be declared excess or made available for use as facilities to assist the homeless.

Properties listed as suitable/available will be available exclusively for homeless use for a period of 60 days from the date of this Notice. Where

property is described as for "off-site use only" recipients of the property will be required to relocate the building to their own site at their own expense.

Homeless assistance providers interested in any such property should send a written expression of interest to HHS, addressed to: Ms. Theresa M. Ritta, Chief Real Property Branch, the Department of Health and Human Services, Room 5B-17, Parklawn Building, 5600 Fishers Lane, Rockville, MD 20857, (301) 443-2265 (This is not a toll-free number.) HHS will mail to the interested provider an application packet, which will include instructions for completing the application. In order to maximize the opportunity to utilize a suitable property, providers should submit their written expressions of interest as soon as possible. For complete details concerning the processing of applications, the reader is encouraged to refer to the interim rule governing this program, 24 CFR part 581.

For properties listed as suitable/to be excess, that property may, if subsequently accepted as excess by GSA, be made available for use by the homeless in accordance with applicable law, subject to screening for other Federal use. At the appropriate time, HUD will publish the property in a Notice showing it as either suitable/available or suitable/unavailable.

For properties listed as suitable/unavailable, the landholding agency has decided that the property cannot be declared excess or made available for use to assist the homeless, and the property will not be available.

Properties listed as unsuitable will not be made available for any other purpose for 20 days from the date of this Notice. Homeless assistance providers interested in a review by HUD of the determination of unsuitability should call the toll free information line at 1-800-927-7588 for detailed instructions or write a letter to Ann Marie Oliva at the address listed at the beginning of this Notice. Included in the request for review should be the property address (including zip code), the date of publication in the **Federal Register**, the landholding agency, and the property number.

For more information regarding particular properties identified in this Notice (*i.e.*, acreage, floor plan, existing sanitary facilities, exact street address), providers should contact the appropriate landholding agencies at the following addresses: AIR FORCE: Mr. Robert E. Moriarty, P.E., AFCEC/CI, 2261 Hughes Avenue, Ste. 155, JBSA Lackland, TX 78236-9853; ARMY: Ms. Veronica Rines, Office of the Assistant

Chief of Staff for Installation Management, Department of Army, Room 5A128, 600 Army Pentagon, Washington, DC 20310, (571) 256-8145; (These are not toll-free numbers).

Dated: April 8, 2015.

Federal Energy Regulatory Commission

18 CFR Part 284

Coordination of the Scheduling Processes of Interstate Natural Gas  
Pipelines and Public Utilities; Final Rule

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

18 CFR Part 284

[Docket No. RM14–2–000; Order No. 809]

Coordination of the Scheduling Processes of Interstate Natural Gas Pipelines and Public Utilities

AGENCY: Federal Energy Regulatory Commission.

ACTION: Final rule.

SUMMARY: In this Final Rule, the Federal Energy Regulatory Commission (Commission) is revising its regulations to better coordinate the scheduling of wholesale natural gas and electricity markets in light of increased reliance on

natural gas for electric generation, as well as to provide additional scheduling flexibility to all shippers on interstate natural gas pipelines. The revised regulations in this Final Rule modify the scheduling practices used by interstate pipelines to schedule natural gas transportation service and provide additional contracting flexibility to firm natural gas transportation customers through the use of multi-party transportation contracts. The revisions in this Final Rule, together with the Commission’s action in certain related proceedings, will better ensure the reliable and efficient operation of both the interstate natural gas pipeline and electricity systems.

DATES: This rule will become effective July 8, 2015. The incorporation by reference of certain publications listed

in this rule is approved by the Director of the Federal Register as of July 8, 2015.

1. In this Final Rule, the Federal Energy Regulatory Commission (Commission) revises Part 284 of the Commission's regulations relating to the scheduling of transportation service on interstate natural gas pipelines to better coordinate the scheduling practices of the wholesale natural gas and electric industries, as well as to provide additional scheduling flexibility to all shippers on interstate natural gas pipelines. The Final Rule changes the nationwide Timely Nomination Cycle nomination deadline for scheduling natural gas transportation from 11:30 a.m. Central Clock Time (CCT) to 1:00 p.m. CCT and revises the intraday nomination timeline, to include adding an additional intraday scheduling opportunity during the gas operating day (Gas Day). The Final Rule effectuates these changes by incorporating by reference into the Commission's regulations the standards developed and filed by the North American Energy Standards Board (NAESB).<sup>1</sup> The revised regulations in this Final Rule also provide additional contracting flexibility to firm natural gas transportation customers through the use of multi-party transportation contracts.

2. On March 20, 2014, the Commission instituted proceedings under section 206 of the Federal Power Act (FPA)<sup>2</sup> to ensure that each Independent System Operator's (ISO) and Regional Transmission Organization's (RTO) scheduling, particularly its day-ahead scheduling practices, correlate with any revisions to the natural gas scheduling practices ultimately adopted by the Commission in this Final Rule. The Section 206 Order provides that ninety days after publication of this Final Rule in the **Federal Register** each ISO and RTO is required to propose tariff revisions to

coordinate its day-ahead market with the changes adopted herein or to show cause why its existing scheduling practices need not be changed. This Final Rule—together with actions already undertaken by the Commission in other dockets as discussed below, additional regional efforts underway by market participants and stakeholders, and any actions taken in the section 206 proceeding on ISO and RTO scheduling practices—is designed to better ensure the reliable and efficient operation of both the interstate natural gas pipeline and electricity systems.

3. However, for the reasons described below, the Commission declines to adopt the proposal to change the start of the Gas Day. It is not clear that requiring a change in the Gas Day start time would provide sufficient benefits to outweigh the operational and safety impacts and costs of making such a change. While the Commission declines to take action in this proceeding to change the start of the Gas Day on a nation-wide basis, we note that since the issuance of the NOPR in March 2014 both ISO-NE and PJM (the two regions that appear to be of the most concern) have recently undertaken operational and market actions to address the availability and performance of generators, including gas-fired generators, in their footprints. These and other regional efforts to address generator performance may result in natural gas-fired generators and other market participants in these regions taking actions to alleviate some of the electric industry fuel supply concerns underlying the Gas Day proposal in the NOPR.

**I. Background**

4. The Commission's existing regulations incorporate by reference the interstate natural gas pipeline

scheduling business practice standards of NAESB's Wholesale Gas Quadrant (WGQ).<sup>3</sup> NAESB is a consensus standards organization composed of representatives of all segments of the natural gas industry and the electric power industry. Since 1996, these standards have established nationwide timelines that the industry and the Commission have determined are necessary to establish a more efficient and integrated pipeline grid.

5. The existing 24-hour operating day, or Gas Day, for interstate natural gas pipelines begins at 9:00 a.m. CCT and ends at 9:00 a.m. CCT the following day. All nominations for interstate natural gas pipeline transportation service are for a daily quantity to be transported over the 24-hour Gas Day.<sup>4</sup> The rate at which a shipper may use its contracted quantity on a given interstate pipeline, also known as a flow rate, is determined by the individual pipeline's tariff and the flexibility of that pipeline to permit shippers to use gas on other than a uniform hourly basis over the 24-hour Gas Day (*i.e.*, non-ratable flows). Except for special services, pipeline services are generally based on the assumption of uniform hourly flows over the Gas Day.<sup>5</sup>

6. The current NAESB WGQ standards establish four standard nomination periods (*i.e.*, periods during which a shipper can request transportation service under its contract) for a Gas Day. As summarized in Table 1 below, shippers have two nomination opportunities prior to the day of gas flow, the Timely Nomination Cycle and the Evening Nomination Cycle, and two opportunities to revise their nominations on the day of gas flow (Intraday 1 and Intraday 2). Individual pipelines may offer additional scheduling opportunities beyond the standard nomination cycles.<sup>6</sup>

TABLE 1—CURRENT NAESB GAS NOMINATION CYCLES

Nomination cycle	Nomination deadline (CCT)	Notification of schedule (CCT)	Nomination effective (CCT)	Bumping of IT
Timely .....	11:30 a.m. ....	4:30 p.m. ....	9:00 a.m. Next Day .....	N/A.
Evening .....	6:00 p.m. ....	10:00 p.m. ....	9:00 a.m. Next Day .....	Yes.
Intraday 1 .....	10:00 a.m. ....	2:00 p.m. ....	5:00 p.m. Current Day .....	Yes.
Intraday 2 .....	5:00 p.m. ....	9:00 p.m. ....	9:00 p.m. Current Day .....	No.

<sup>1</sup> NAESB is accredited by the American National Standards Institute (ANSI) as an accredited standards organization. NAESB complies with ANSI's requirements that its procedures are open to materially affected entities and that the standards represent a reasonable consensus of the industry without domination by any single interest or interest category.

<sup>2</sup> *California Independent System Operator Corp., et al., order initiating investigation into ISO/RTO scheduling practices and establishing paper hearing*

*procedures*, 146 FERC ¶ 61,202 (2014) (Section 206 Order).

<sup>3</sup> See 18 CFR 284.12(a) and (b) (2014).

<sup>4</sup> The NAESB WGQ standards refer to CCT which refers to the actual time in the Central Time Zone, reflecting Central Standard Time or Daylight Savings Time, whichever is applicable.

<sup>5</sup> During much of the year, most interstate natural gas pipelines can accommodate significant variations in hourly flow rates. However, during high demand periods when pipeline capabilities are

being fully utilized to provide firm transportation services, a pipeline may announce a critical notice period, where shippers are expected to stay in balance. Some pipelines also offer enhanced services that permit subscribing shippers more variable hourly flow rates.

<sup>6</sup> See, e.g., *Texas Gas Transmission LLC*, 137 FERC ¶ 61,093 (2011), *order on compliance*, 138 FERC ¶ 61,176 (2013) (*Texas Gas*); and *Gulf South Pipeline Company LP*, 141 FERC ¶ 61,262 (2012) (*Gulf South*).

7. With respect to electric industry scheduling practices, the Commission has accepted regional variation in the development of scheduling practices in ISO and RTO electric markets, each of which has established its own scheduling timelines. For most electric utilities, the 24-hour operating day begins at 12:00 a.m. local time. The ISOs' and RTOs' practice of scheduling resources generally includes the commitment and dispatch of sufficient, deliverable generation to supply load in a reliable least cost manner, all based on generator availability and the transmission facilities that will be in service that day. To perform the unit commitment and dispatch processes used to develop daily resource schedules, each ISO and RTO has its own timeline for collecting supply offers from generators and expected demand from load serving entities on the day prior to the operating day. The ISOs and RTOs then run market algorithms that determine the least cost set of resources that can be used to serve the next day's load. Each ISO and RTO also performs a reliability unit commitment process to procure resources, in addition to those resources committed to serve the load bid into the day-ahead market, as necessary to meet the ISO's or RTO's own forecast of the next day's load or other system needs. Each ISO and RTO establishes its own timing for executing the day-ahead and reliability scheduling processes, including the times of day when bids and offers are due to the system operator, when the market and reliability processes are run, and when the results of the scheduling processes are made available to generators.<sup>7</sup>

8. In non-ISO and RTO systems, the Commission's *pro forma* OATT specifies that firm interchange schedules need to be submitted by 10:00 a.m. day-ahead or a reasonable time that is generally accepted in the region and is consistently adhered to by the Transmission Provider.<sup>8</sup>

9. Recent developments in the wholesale natural gas and electricity industries—particularly the organized electricity markets—signal that changes to the gas nomination schedule may be

needed.<sup>9</sup> Reliance on natural gas as a fuel for electric generation has steadily increased in recent years.<sup>10</sup> This trend is expected to continue, resulting in greater interdependence between the natural gas and electric industries.<sup>11</sup> Several events over the last few years, such as the Southwest Cold Weather Event<sup>12</sup> and the extreme and sustained cold weather events in the eastern U.S. in January 2014,<sup>13</sup> show the crucial interrelationship between natural gas pipelines and electric transmission operators and underscore the need for improvements in the coordination of wholesale natural gas and electric markets.

10. Since early 2012, the Commission has conducted multiple technical conferences and requested comment on various aspects of gas-electric interdependence and coordination in order to better understand the interface between the electric and natural gas pipeline industries and identify areas for improved coordination.<sup>14</sup> In a report issued on November 15, 2012, Commission staff noted that natural gas

<sup>9</sup> The Commission is directing ISOs and RTOs to make corresponding changes in the Section 206 Order.

<sup>10</sup> See, e.g., U.S. Energy Information Administration, *Annual Energy Outlook 2014 with projections to 2040 at ES-4* (April 2014); North American Electric Reliability Corporation, *2014 Long-Term Reliability Assessment* (November 2014) at 19.

<sup>11</sup> See, e.g., U.S. Energy Information Administration, *Annual Energy Outlook 2014 with projections to 2040* (April 2014) (Natural gas-fired generation is projected to overtake coal-fired generation for U.S. electricity generation by 2040. Natural gas' share of U.S. electricity generation is projected to increase from 30 percent in 2012 to 35 percent in 2040.); ICF Assessment of New England's Natural Gas Pipeline Capacity to Satisfy Short and Near-Term Electric Generation Needs: Phase II Final Report (November 20, 2014); North American Electric Reliability Corporation, *2014 Long-Term Reliability Assessment* (November 2014) at 13.

<sup>12</sup> See FERC/NERC, *Report on Outages and Curtailments During the Southwest Cold Weather Event of February 1–5, 2011* (2011), available at <http://www.ferc.gov/legal/staff-reports/08-16-11-report.pdf>.

<sup>13</sup> The widespread and record low temperatures during January 2014 resulted in coincident record peak demand for natural gas throughout the Midwest, Northeast, Mid-Atlantic, and Southeast regions leading to constrained pipeline capacity and high natural gas prices. In addition, in February 2014, arctic temperatures limited the availability of natural gas to supply New Mexico and Southern California leading CAISO to issue a system alert and a request for consumers to reduce power demand around the system. CAISO invoked increasingly stringent measures throughout the day to move generation off natural gas, reduce demand, and maintain sufficient supply to meet firm load. See FERC Staff Presentation "Recent Weather Impacts on the Bulk Power System," January 16, 2014, <http://www.ferc.gov/CalendarFiles/20140116102908-A-4-Presentation.pdf>.

<sup>14</sup> See *Coordination Between Natural Gas and Electricity Markets*, Docket No. AD12–12–000 (Feb. 15, 2012), available at <http://elibrary.ferc.gov/idmws/common/opennat.asp?fileID=12893828>.

and electric industry participants highlighted the need for greater alignment of natural gas and electric scheduling practices.<sup>15</sup> At the direction of the Commission, staff conducted an additional technical conference in April 2013 to specifically discuss natural gas and electric scheduling practices, including whether and how natural gas and electric industry scheduling practices could be harmonized in order to achieve more efficient scheduling practices for both industries.<sup>16</sup>

11. At the April 2013 conference, participants identified several areas in which the differences between the nationwide natural gas schedule and the regional electric schedules can affect the provision of reliable service and may create inefficiencies in scheduling that result in less cost effective use of resources. The participants identified three major issues. These included: (1) The difference between the standardized operating day of interstate natural gas pipelines and the operating days of electric utilities (including ISOs and RTOs); (2) the lack of coordination between the day-ahead process for nominating interstate natural gas pipeline transportation services and the day-ahead process for scheduling electric generators, particularly those in the ISOs and RTOs; and (3) the lack of intraday nomination opportunities on interstate natural gas pipelines, which limits the ability of gas-fired electric generators, as well as other shippers, to revise their nominations during the operating day. Several conference participants stressed that, due to the difficult policy questions involved, they would need Commission policy guidance before they would be able to move forward on coordination of the natural gas and electric industries existing scheduling practices.

#### A. Notice of Proposed Rulemaking

12. Based on the increased reliance on natural gas as a fuel for electric generation and in consideration of the discussions at the 2012–2013 technical conferences and filed comments, the Commission concluded that the concerns identified by the industries warranted further action. On March 20, 2014, the Commission issued the Notice of Proposed Rulemaking (NOPR or Proposed Rule) to address concerns

<sup>15</sup> *Staff Report on Gas-Electric Coordination Technical Conferences*, Docket No. AD12–12–000 (Nov. 15, 2012) (November Staff Report), available at [http://elibrary.ferc.gov/idmws/File\\_List.asp](http://elibrary.ferc.gov/idmws/File_List.asp).

<sup>16</sup> *Coordination between Natural Gas and Electricity Markets*, Docket No. AD12–12–000 (Mar. 5, 2013) (Notice of Technical Conference), available at [http://elibrary.ferc.gov/idmws/File\\_list.asp?document\\_id=14095482](http://elibrary.ferc.gov/idmws/File_list.asp?document_id=14095482).

<sup>7</sup> FERC, *Operator-Initiated Commitments in RTO and ISO Markets*, Docket No. AD14–14–000 (Dec. 2014), available at <http://www.ferc.gov/legal/staff-reports/2014/AD14-14-operator-actions.pdf>.

<sup>8</sup> *Pro forma* OATT section 13.8. Schedules for Non-Firm Point-To-Point Transmission Service must be submitted to the Transmission Provider no later than 2:00 p.m. of the day prior to commencement of such service. *Pro forma* OATT section 14.6.

with divergent interstate natural gas pipeline and wholesale electric utility scheduling practices, as well as concerns regarding the flexible and efficient use of pipeline capacity by natural gas-fired generators and other shippers.<sup>17</sup>

13. The NOPR proposed three changes to the nationwide natural gas scheduling practices: (1) Move the start of the Gas Day from 9:00 a.m. CCT to 4:00 a.m. CCT; (2) move the start of the first day-ahead gas nomination opportunity for pipeline scheduling (Timely Nomination Cycle) from the current 11:30 a.m. CCT to 1:00 p.m. CCT;<sup>18</sup> and (3) modify the current intraday nomination timeline to provide four intraday nomination cycles, instead of the existing two, to provide greater flexibility to all pipeline shippers.

14. The NOPR also proposed to require interstate natural gas pipelines to offer multi-party transportation contracts to provide multiple shippers the flexibility to share interstate pipeline capacity to serve complementary needs in an efficient manner, and the NOPR provided clarification of the Commission's no-bump policy with respect to any enhanced nomination opportunity proposed by a pipeline (beyond the standard nomination opportunities).

15. Recognizing that the natural gas and electricity industries were best positioned to work out the details of how changes in scheduling practices could most efficiently be made and implemented, the Commission provided the natural gas and electric industries, through NAESB, with a period of 180 days after publication of the NOPR in the **Federal Register** to reach consensus on any revisions to the Commission's proposals regarding the Gas Day and pipeline nomination timeline and either file consensus standards with the Commission or notify the Commission of the natural gas and electric industries' inability to reach consensus on any revisions to the Commission's proposals. Comments on NAESB's consensus standards, as well as comments on the Commission's proposals, were to be filed 240 days after publication of the NOPR in the **Federal Register**, or November 28, 2014. In the NOPR, the Commission stated that if the Commission were to adopt regulations that have not been approved by NAESB, it would expect NAESB to

integrate the Commission's regulations into its standards within 90 days of the effective date of the final rule and to notify the Commission when the standards have been approved.

16. On the same day the NOPR was issued, the Commission issued two other orders, which, in conjunction with the NOPR, were designed to better ensure the reliable and efficient operation of both the interstate natural gas pipeline and electricity systems. In one order, the Commission instituted proceedings under section 206 of the Federal Power Act (FPA)<sup>19</sup> to ensure that each ISO's and RTO's scheduling practices, particularly its day-ahead scheduling practices, correlate with any revisions to the natural gas scheduling practices ultimately adopted by the Commission in the instant proceeding.<sup>20</sup> In the Section 206 Order, the Commission required each ISO and RTO within ninety days of the publication of a Final Rule in this proceeding to: (1) Make a filing that proposes tariff changes to adjust the time at which the results of its day-ahead energy market and reliability unit commitment process (or equivalent) are posted to a time that is sufficiently in advance of the Timely and Evening Nomination Cycles, respectively, to allow gas-fired generators to procure natural gas supply and pipeline transportation capacity to serve their obligations; or (2) show cause why such changes are not necessary. In the second order, the Commission instituted proceedings, under section 5 of the Natural Gas Act (NGA)<sup>21</sup> to examine whether interstate natural gas pipelines are providing notice of offers to purchase released pipeline capacity in accordance with section 284.8(d) of the Commission's regulations.<sup>22</sup>

#### B. NAESB

17. Following issuance of the NOPR, NAESB reconvened the Gas Electric Harmonization (GEH) Forum as the platform for the gas and electric industries to consider the NOPR proposals, as well as to develop any consensus-based alternatives to the NOPR proposals.<sup>23</sup> The GEH Forum was tasked with developing a recommendation for consideration by

the NAESB Board of Directors (Board). The GEH Forum and NAESB Board convened several meetings between April and June 2014 with nearly five hundred active participants and over seven-hundred participants monitoring the activity, representing all facets of the wholesale gas and wholesale electric markets.<sup>24</sup>

18. Four alternatives to the NOPR proposal were considered during the final GEH Forum meeting.<sup>25</sup> The day-ahead and intraday nomination cycles in each package were the same,<sup>26</sup> but the start of the Gas Day in each package was different. Disagreement over the start of the Gas Day prevented the GEH Forum from reaching consensus on any of the alternative proposals to the NOPR.<sup>27</sup> The GEH Forum was also unable to reach consensus on an alternative proposal that did not define the Gas Day, but contained the same day-ahead and intraday nomination schedule as the four alternative proposals. Several participants expressed concern that any alternative proposal would be incomplete without a Gas Day start time, and indicated that they could not support a package that did not include the start of the Gas Day.<sup>28</sup>

19. Despite the inability of the GEH Forum to reach consensus, the NAESB Board directed the WGQ to proceed with the development of standards related to the day-ahead and intraday nomination cycles given the broad agreement among industry participants on those issues.<sup>29</sup> Electric utilities could participate in the WGQ meetings, but only members of the WGQ were eligible to participate in the final vote (*i.e.*, Wholesale Electric Quadrant (WEQ) members that are not also members of the WGQ, such as the ISO and RTO segment, were ineligible to vote on the standards).

20. On June 18, 2014, NAESB filed a status report with the Commission. On September 29, 2014, NAESB filed a second report to supplement the June 18 report and to inform the Commission of the modifications to the NAESB WGQ Business Practice Standards that were

<sup>24</sup> NAESB June 18, 2014 Report at 11.

<sup>25</sup> *Id.* at 9.

<sup>26</sup> *Id.* at 8. The nomination deadline for the Timely and Evening Nomination Cycles were the same as those proposed in the NOPR—1:00 p.m. CCT and 6:00 p.m. CCT, respectively. The modified NAESB standards proposed only three intraday nomination opportunities, instead of four as proposed in the NOPR. The nomination deadlines for Intraday 1, Intraday 2 and Intraday 3 would be at 10:00 a.m. (bump), 2:30 p.m. (bump), and 7:00 p.m. (no-bump), all CCT.

<sup>18</sup> The Commission did not propose any changes to the Evening Nomination Cycle.

<sup>19</sup> 16 U.S.C. 824e (2012).

<sup>20</sup> Section 206 Order, 146 FERC ¶ 61,202.

<sup>21</sup> 15 U.S.C. 717d.

<sup>22</sup> *Posting of Offers to Purchase Capacity*, 146 FERC ¶ 61,203 (2014). See also 18 CFR 284.8(d) (2013).

<sup>23</sup> The NAESB Board of Directors formally defined consensus of the GEH Forum as 67 percent affirmative vote of each of the wholesale gas and wholesale electric quadrants and 40 percent affirmative vote of each of the segments of the two quadrants.

developed at the direction of the NAESB Board.<sup>30</sup> The modified NAESB WGQ Business Practice Standards revise the nomination timeline to provide for three intraday nomination cycles in addition to the Timely and Evening Nomination Cycles. NAESB stated that nomination cycles are not dependent upon a specific start time to the Gas Day and are implementable with whichever time the Commission chooses as a start of the Gas Day. On November 26, 2014, NAESB filed another report to inform the Commission of the options the organization may pursue to respond to Commission action within the ninety-day deadline provided in the NOPR, if the Commission adopts regulations not approved by NAESB.

### C. Subsequent Developments

21. On October 15, 2014, the Commission issued a notice of NAESB's September 29 report. The notice provided that comments in response to the NOPR should address the alternate proposal submitted to NAESB by the Desert Southwest Pipeline Stakeholders during the formal comment period on the proposed modifications to the NAESB WGQ standards.<sup>31</sup> Comments on the NOPR were due on November 28, 2014. Seventy-five comments were filed. Comments were received from all sectors of both industries, including ISOs and RTOs, electric utilities, interstate natural gas pipelines, local distribution companies (LDC), producers, state regulators, electric generators, and other interested persons.

22. On December 12, 2014, Commission staff requested data from each of the six jurisdictional ISOs and

RTOs regarding their experience with the impact on reliable and efficient operations of natural gas-fired generators running out of their daily nomination of natural gas transportation service during the morning electric ramp, to the extent this occurs. California Independent System Operator Corporation (CAISO), ISO New England Inc. (ISO-NE), Midcontinent Independent System Operator, Inc. (MISO), New York Independent System Operator, Inc. (NYISO), PJM Interconnection, L.L.C. (PJM), and Southwest Power Pool, Inc. (SPP) each filed a response to the data request. On February 2, 2015, American Public Gas Association (APGA), Natural Gas Council, New England LDCs,<sup>32</sup> and the Enhanced Reliability Coalition<sup>33</sup> filed comments on the ISO and RTO responses.

## II. Discussion

23. Based on the record developed in this proceeding, the Commission is taking final action to address certain natural gas and electric industry coordination challenges resulting from the divergent interstate natural gas pipeline and electric utility scheduling practices. The Commission is revising its regulations to incorporate by reference the modified NAESB WGQ Business Practice Standards, which revise the standard nomination timeline for interstate natural gas pipelines.<sup>34</sup> These changes will revise the most liquid nomination cycle for scheduling natural gas transportation, the nationwide day-ahead Timely Nomination Cycle, so that the nomination deadline will be 1:00 p.m. CCT rather than 11:30 a.m. CCT, and

will include an additional intraday scheduling opportunity, as well as conforming other standards to these revisions.<sup>35</sup> The Commission is also revising its regulations to provide additional contracting flexibility to firm natural gas transportation customers through the use of multi-party transportation contracts. However, the Commission declines to adopt the NOPR proposal to move the start of the Gas Day.

24. The Commission expects that these changes will provide significant benefits to both the natural gas and electricity industries, and will improve coordination between the industries. Moving the Timely Nomination Cycle to an hour and a half later will allow electric transmission operators additional time to complete their day-ahead scheduling sufficiently before the Timely Nomination Cycle deadline, so that gas-fired generators receive electric market dispatch instructions prior to the deadline for acquiring pipeline capacity in the Timely Nomination Cycle. The vast majority of commenters from both the gas and electric industries support this change. This change is further complemented by NAESB's revised three intraday nomination cycles that will provide shippers with greater flexibility to revise their nominations to adjust to system conditions and changes to load during the Gas Day. The addition of an afternoon bumpable cycle, together with a later, evening no-bump cycle, should afford firm transportation shippers, particularly those in the western United States, more of an opportunity to revise nominations to take into account weather and load changes. The comments in this proceeding show that these nationwide changes are supported broadly across the natural gas and electric industries.

25. The Commission does not find a sufficient record at this time to revise the nationwide Gas Day start time as proposed in the NOPR. As discussed in more detail below, it is not clear that requiring a change in the Gas Day start time would provide sufficient benefits to outweigh the operational and safety impacts and costs of making such a change. The record developed here—including the comments received on the NOPR proposal and the data responses submitted by the ISOs and RTOs—suggests that the concerns underlying the proposal to change the Gas Day start time, to the extent they exist, are primarily regional in nature. As a result, we find that it is appropriate to allow the changes to the standard natural gas pipeline nomination timelines in this

<sup>30</sup> NAESB reports that, in total, there are modifications to twenty-three NAESB WGQ Business Practice Standards: The NAESB WGQ Nomination Related Standard Nos. 1.1.18, 1.2.4, 1.3.1, 1.3.2, 1.3.3, 1.3.4, 1.3.13, 1.3.14, 1.3.41, 1.3.42, 1.3.51, and 1.3.80, the NAESB WGQ Flowing Gas Related Standard Nos. 2.2.5, 2.3.5, and 2.3.21, the NAESB WGQ Quadrant Electronic Delivery Mechanism Related Standard No. 4.3.90, and the NAESB WGQ Capacity Release Related Standard Nos. 5.3.2, 5.3.44, 5.3.45, 5.3.48, 5.3.49, 5.3.53, and 5.3.54. NAESB states that, pursuant to the direction given by the NAESB Board of Directors, the NAESB WGQ Business Practice Standards are silent as to a start time of the Gas Day. Accordingly, references to the specific start time of the Gas Day in NAESB WGQ Standard No. 1.3.1 have been removed and replaced by the placeholder: [?]. Likewise, NAESB WGQ Standard No. 1.3.41 was revised to contain a generic reference to the start time of the Gas Day. NAESB states that, should the Commission identify a specific start time of the Gas Day, it will revise the language of the NAESB WGQ Business Practice Standards as necessary. NAESB WGQ Annual Plan Item 11c which modified the NAESB standards was approved by the NAESB WGQ Executive Committee and ratified by the NAESB membership on September 22, 2014. In addition, Minor Correction M14018 was applied to these standards effective October 10, 2014.

<sup>31</sup> NAESB Sept. 29, 2014 Report at Appendix C.

<sup>32</sup> New England LDCs include the following: Bay State Gas Company d/b/a/Columbia Gas of Massachusetts, The Berkshire Gas Company, Connecticut Natural Gas Corporation, Fitchburg Gas and Electric Light Company, City of Holyoke, Massachusetts Gas and Electric Department, City of Norwich, Department of Public Utilities, Liberty Utilities (EnergyNorth Natural Gas) Corp. d/b/a Liberty Utilities, Middleborough Gas & Electric Department, New England Natural Gas Company d/b/a Liberty Utilities, Northern Utilities, Inc., NSTAR Gas Company, The Southern Connecticut Gas Company, Westfield Gas & Electric Department and Yankee Gas Services Company.

<sup>33</sup> The Enhanced Reliability Coalition represents the views of a wide variety of electric and gas industry companies located throughout the United States and Canada that provide services such as natural gas production, interstate and intrastate gas pipeline transportation, natural gas distribution, natural gas procurement for core and industrial customers, natural gas procurement for electric generation, natural gas storage, electric generation, electric transmission, natural gas and electricity marketers, retail electric service, competitive retail electric and natural gas service, and electric procurement for customers.

<sup>34</sup> NAESB's WGQ Annual Plan Item 11c and Minor Correction MC14018.

<sup>35</sup> See Appendix.

Final Rule, as well as changes to market rules and practices in the electric industry, to be implemented and evaluated without changing the nationwide Gas Day. While we will not revise the nationwide Gas Day in this proceeding, ongoing regional efforts to address electricity market reforms and fuel assurance, and the individual section 206 proceedings initiated by the Commission to review ISO and RTO day-ahead scheduling practices, provide opportunities to seek regional solutions to the concerns underlying the Gas Day proposal in the NOPR.

### III. Gas Day

#### A. NOPR Proposal

26. In the NOPR, the Commission proposed to move the start of the Gas Day from 9:00 a.m. CCT to 4:00 a.m. CCT. The Commission expressed concern about the potential impact of the difference in start times of the natural gas and electric operating days on the reliable and efficient operation of electric transmission system and interstate natural gas pipelines. Specifically, the Commission identified two problems resulting from the natural gas and electric operating days beginning at different times. First, the electric operating day currently extends over two Gas Days. Therefore, gas-fired generators committed across a single electric operating day must procure gas supply and schedule gas transportation across two Gas Days. Second, the current 9:00 a.m. CCT start of the Gas Day occurs in the middle of the morning electric load ramp in some regions, creating a situation where electric load is increasing at the same time natural gas-fired generators may be running out of their daily nomination of natural gas transportation service.

27. The Commission proposed to move the start of the Gas Day earlier, to 4:00 a.m. CCT, to address concerns expressed by several commenters—such as ISO-NE and NYISO—that the current Gas Day start time presents operational challenges resulting in gas-fired generators running out of scheduled natural gas capacity during the morning electric ramp period, and having to wait until 9:00 a.m. CCT before being able to rely on their next day gas nomination. The Commission stated that this change would mean that generators in all regions would be able to approach the morning electric peak, as well as most of the morning ramp period, with new daily gas nominations and, therefore, the proposal should largely eliminate the concern that some gas-fired generators will be unable to run during a substantial part of the morning electric

ramp period because they have burned through their nominated gas before the start of the next Gas Day.

#### B. NOPR Comments

28. Thirteen commenters, particularly electric industry participants, filed comments in support of the Commission's proposal to move the start of the Gas Day to 4:00 a.m. CCT.<sup>36</sup> These commenters argue that, currently, operational problems and logistical challenges result from the electric operating day extending over two Gas Days and the fact that the current 9:00 a.m. CCT Gas Day splits the morning electric load ramp into two Gas Days.<sup>37</sup> Southern Company explains that under the current 9:00 a.m. CCT Gas Day, sharp early morning ramps in the winter take place at the end of the Gas Day resulting in gas-fired generators' hourly gas usage markedly increasing over the last eight hours of the Gas Day.<sup>38</sup> According to Southern Company, because of this timing its system operators' option for ensuring sufficient fuel to meet the requirements of the morning ramp is limited to holding back consumption during the prior evening peak.<sup>39</sup>

29. ISO-NE states that under the current 9:00 a.m. CCT Gas Day, the preceding Gas Day ends—with supplies and daily transportation quantities from that preceding day potentially running short—just when gas-fired generation is critically needed to ensure that electricity supply is available to match demand during the morning electric load ramp.<sup>40</sup> IRC states that generators could exhaust gas supply by incorrectly anticipating their next day electric schedule, or by operating differently in real-time than anticipated when nominating day-ahead gas supplies.<sup>41</sup>

30. Some commenters state that moving the Gas Day to 4:00 a.m. CCT or

<sup>36</sup> ACES Comments at 7; AECI Comments at 3; Ameren Comments at 2; Calpine Comments at 10; Con Edison Comments at 5; EquiPower Comments at 8; Exelon Comments at 7; First Energy Comments at 3; IRC Comments at 2; ISO-NE Comments at 2; NESCOE Comments at 2; PUCO Comments at 4; Southern Companies at 6.

<sup>37</sup> Calpine Comments at 10–11; Essential Power Comments at 3; IRC Comments at 3; ISO-NE Comments at 3–4; PUCO Comments at 4.

<sup>38</sup> Southern Company provides as an example a supplier who, on January 7 to January 8, 2014 increased gas use on a major pipeline from less than 40,000 MMBtu in hour 16 to nearly 50,000 MMBtu in hour 23. Southern Company Comments at 7.

<sup>39</sup> Southern Company Comments at 7.

<sup>40</sup> ISO-NE Comments at 3–4.

<sup>41</sup> IRC argues that while earlier postings of ISO and RTO day-ahead market results may help generators know the amount of gas to nominate to meet their electric commitments, posting day-ahead electric market results earlier does not solve the concern about generators nominating gas across two different electric days. IRC Comments at 3.

earlier would be helpful to owners of gas-fired resources by allowing them to nominate and schedule their fuel and transportation requirements in the day-ahead Timely Nomination Cycle—the most liquid cycle—to cover the morning electric ramp and the evening peak of a single electric day while also being able to make adjustments throughout the day in the intraday cycles.<sup>42</sup> IRC and ISO-NE state that planning for and including the entire morning electric ramp in the initial Gas Day operating plan is inherently more reliable to serve electric load requirements.<sup>43</sup> ISO-NE states that moving the start of the Gas Day earlier should address instances when gas-fired generators find they are running out of scheduled natural gas capacity during the morning ramp period and have to wait until the 9:00 a.m. CCT start of the Gas Day to obtain additional supply or transportation.<sup>44</sup> Equipower and Con Edison state that changing the start of the Gas Day will benefit system reliability in that generators exhausting their gas supply prior to the end of the Gas Day will do so during the middle of the night, when both the gas and electric systems are in a relatively low-load, steady-state condition and electric system operators have more flexibility to increase output from slow-ramping units, instead of during the morning ramping hours.<sup>45</sup> Southern Company explains that with the start of the Gas Day moved to 4:00 a.m. CCT, operators can eliminate five hours of significant gas burn from the latter half of the preceding Gas Day and shift the steepest part of the morning ramp into the beginning of the next Gas Day when operators have the most flexibility to address their needs by adjusting gas scheduling and/or generation for the remaining hours.<sup>46</sup> This shift would eliminate the current problem of system operators holding back gas consumption during the evening peak because of the morning electric ramp.<sup>47</sup>

31. ISO-NE states that the current Gas Day start time also straddles a time of peak gas demand for other pipeline shippers, such as LDCs, which further inhibits the ability to procure gas during the morning ramp.<sup>48</sup> Con Edison asserts that, on the natural gas side, a 4:00 a.m. CCT start of the Gas Day would avoid virtually all of the natural gas ramping

<sup>42</sup> ACES Comments at 7; AECI Comments at 3; Ameren Comments at 5; Calpine Comments at 11–12; IRC Comments at 2; ISO-NE Comments at 4.

<sup>46</sup> Southern Company Comments at 8.

<sup>47</sup> *Id.*

<sup>48</sup> ISO-NE Comment at 4.

period. According to Con Edison, this would allow natural gas system operators time to respond before loads reach their peak by, for example, shifting receipts among gate stations and/or utilizing on-system storage if there is an event on its system.<sup>49</sup> Furthermore, Con Edison states that forecast deviations should also be reduced if a 4:00 a.m. CCT start of the Gas Day is approved because it would minimize the time between when natural gas is purchased and nominated and when it is consumed.<sup>50</sup>

32. Thirty-five commenters, particularly natural gas industry participants, support the retention of the current 9:00 a.m. CCT Gas Day and oppose the Commission's proposal to move the start of the Gas Day to 4:00 a.m. CCT.<sup>51</sup>

33. INGAA and Direct Energy contend that generator de-rates may have a number of causes unrelated to the Gas Day start time such as a nomination made based on an estimate of needs or a change in the ISO's or RTO's request for generation.<sup>52</sup> Numerous commenters also argue that it is highly uncertain that a 4:00 a.m. CCT Gas Day would increase electric reliability and that the speculative benefits of such a change appear limited.<sup>53</sup>

34. Many commenters state that an earlier start to the Gas Day will not create additional capacity on pipelines during peak demand conditions to meet large swings in generator demand nor will it solve critical pipeline capacity availability issues that some regions are

experiencing, particularly on a long-term basis.<sup>54</sup> Several commenters emphasize that the problems involving gas-electric coordination identified in the NOPR exist primarily in New England, are generally isolated to a single customer class, and, therefore, urge regional changes to be implemented.<sup>55</sup> Dominion and IPAA state that the NOPR appears designed to address the problems identified by the electric market participants in the Northeast, but fails to take into account concerns in other regions of the country or the concerns of the gas industry as a whole.<sup>56</sup>

35. Numerous commenters raise concerns regarding the potential for adverse impacts on reliability and safety and the danger of increased operational risk to the natural gas industry resulting from a 4:00 a.m. CCT Gas Day, particularly in the west.<sup>57</sup> For example, AGA states that the vast natural gas infrastructure is, in many instances, unmanned and not supported electronically, thus often requiring the dispatch of personnel to remote worksites to make the necessary physical changes to maintain services and operations.<sup>58</sup> INGAA and NiSource explain that, despite the industry's move toward the use of automated systems such as supervisory control and data acquisition (SCADA), there are still numerous situations in which a pipeline needs to employ on-site field technicians to staff certain types of equipment to ensure safe and efficient facility operations and to make any necessary manual adjustments.<sup>59</sup>

Commenters argue that changing the start of the Gas Day to 4:00 a.m. CCT may create operational and safety risks

due to the increased need for field work along the gas supply chain during nighttime hours, particularly during emergency situations when bad weather may exacerbate the effects of darkness.<sup>60</sup> New England LDCs state that while LDCs would take additional precautions to mitigate the risk of employees undertaking tasks when it is fully dark, even with artificial lighting, the total light available is likely to be less than that provided by natural daylight and that electric power is not available in many places.<sup>61</sup>

36. Numerous commenters argue that a 4:00 a.m. CCT Gas Day would result in performing certain critical operations, which require complex and risky worker decision making, at a time when many operators may suffer from fatigue or lack of concentration.<sup>62</sup> Commenters state that this change would increase the risk of worker error, impaired reaction time, situational awareness, judgment, attention, memory and resulting accidents and injury to personnel due to fatigue from interrupted sleep cycles.<sup>63</sup> Commenters cite studies identifying serious and substantial pipeline safety risks due to human fatigue in the Control Room and providing recommendations to avoid critical decision making and communication between 2:00 a.m. and 6:00 a.m. local time.<sup>64</sup>

37. AGA, New England LDCs, and CenterPoint contend that a flurry of significant activities occur approximately three hours before or at the start of the Gas Day<sup>65</sup> and that these

<sup>65</sup> These activities include: Updating weather forecasts, forecasting demand from various customer groups (including gas-fired generators), forecasting interruptible service requirements, verifying volumes from interconnected pipelines, determining operational issues and notifications on interconnected pipelines, evaluating supply options, evaluating balancing needs, coordinating

activities would be difficult or costly to do if the Gas Day start time were moved to 4:00 a.m. CCT.<sup>66</sup> Commenters also state that, in providing reliable service, pipelines and LDCs are required to make manual changes to numerous facilities throughout the country prior to the start of every Gas Day to ensure delivery.<sup>67</sup> National Grid states that requiring these changes to occur at 4:00 a.m. CCT would place unnecessary operational and financial burdens on LDCs and could adversely affect their ability to prepare to meet morning natural gas load demands.<sup>68</sup>

38. Commenters note that requiring workers to travel in the dark is particularly problematic for facilities located in remote areas.<sup>69</sup> Some safety concerns associated with employees on roads in these early hours include: Decreased visibility, roads not yet cleared of ice or snow, decreased mental alertness of employees and other drivers, and increased animal activity on roads.<sup>70</sup> Thus, NGSAs state that operational practicalities would create a need to delay field work until daylight hours when conditions are more conducive to a safe working environment.<sup>71</sup>

39. Commenters state that the optimum time for packing the pipeline<sup>72</sup> is when customer demands are low and, therefore, pipelines and LDCs with pipeline operations currently

storage injections or withdrawals, planning for intraday gas flow changes, evaluating volume balancing needs of the current day, and adjusting peaking supply.

<sup>66</sup> AGA Comments at 29; CenterPoint at n. 7; New England LDCs Comments at 21.

<sup>67</sup> AGA states that a survey of LDCs revealed that nineteen out of fifty-three LDCs conduct manual operations hourly, and that another nineteen LDCs conduct manual operations daily. AGA Comments at 29 and 31. PG&E states that it has assessed its daily operations and concluded that annually, a minimum of 2,200 manual and 3,500 automated operating changes will shift to 4:00 a.m. (CCT), and thus during the night, rather than during the daylight hours, if the start of the Gas Day is changed. PG&E Comments at 3. See also DCP Comments at 3; Dominion Comments at 22; Enhanced Reliability Coalition Comments at 16; INGAA Comments at 24; National Grid Comments at 4; WBI Comments at 6.

<sup>68</sup> National Grid Comments at 4.

<sup>69</sup> Texas Pipeline Association Comments at 12; CPG Comments at 7; INGAA Comments at 22; IOGA Comments at 4; WBI Comments at 6; ERC Comments at 16; DCP Comments at 3; Texas Pipeline Association Comments at 13; NiSource Comments at 10.

<sup>70</sup> CPG Comments at 7.

<sup>71</sup> NGSAs Comments at 12; INGAA Comments at 19.

<sup>72</sup> Enhanced Reliability Coalition explains that pipelines generally accommodate the hourly differences in supply and demand through storage and the build-up of system inventory, that is, system packing, in which gas is accumulated within the pipeline system in order to meet the rapid outflows often needed by customers. Enhanced Reliability Coalition Comments at 7.

use the late night and early morning hours to pack their systems in anticipation of the morning load.<sup>73</sup> Commenters state that, particularly in the west, the proposed Gas Day change would reduce the number of hours available to pack the pipeline, thus jeopardizing the ability of pipeline operators to pressurize their systems to meet peak morning natural gas demands.<sup>74</sup>

40. Some commenters assert that moving the Gas Day earlier will also make it more difficult for gas industry participants to coordinate necessary activities.<sup>75</sup> INGAA and NGSAs state that, given the number of transactions and operational assets involved in addressing issues that may arise near the beginning of the Gas Day,<sup>76</sup> and given the unbundled nature of the industry, daily coordination among industry participants is required to ensure the uninterrupted delivery of gas to those who need it.<sup>77</sup>

41. NW Industrial Gas Users and New England LDCs argue that their regions rely on Canadian supplies and, since Canadian pipelines will not necessarily switch their Gas Day start time in response to a Commission ruling, mismatches at U.S./Canadian delivery points into U.S. pipelines could cause delays and/or interruptions in flows as well as operational difficulties for shippers scheduling gas deliveries using pipelines in both countries.<sup>78</sup>

42. Enhanced Reliability Coalition and AF&PA state that if a 4:00 a.m. CCT Gas Day start is adopted, all of the hours of flow for gas nominated in the intraday cycles would be reduced by five hours, resulting in approximately a 25 to 45 percent reduction, depending on the cycle.<sup>79</sup> Commenters state that this change would eliminate the flexibility that the current intraday

<sup>73</sup> AGA Comments at 30–31; Dominion Comments at 20; Enhanced Reliability Coalition Comments at 7–8; Northwest Gas Association Comments at 2; PG&E Comments at 6.

<sup>74</sup> Dominion Comments at 20; Enhanced Reliability Coalition Comments at 8–9; Northwest Gas Association Comments at 2; Puget Comments at 6.

<sup>75</sup> INGAA Comments at 18–19; Natural Gas Council Comments at 9–10; NGSAs Comments at 11–13.

<sup>76</sup> For example, (1) there may be mismatches between nominations and actual gas receipts or deliveries, (2) gas may not come on-line as planned or expected, (3) equipment may malfunction, especially in cold weather, (4) not all equipment is automated, (5) gas flows may need to be redirected manually from one pipeline to another, and (6) maintenance projects may affect gas flows.

<sup>77</sup> INGAA Comments at 18–19; Natural Gas Council Comments at 9–10.

<sup>78</sup> New England LDCs Comments at 23–24; NW Industrial Gas Users Comments at 4.

<sup>79</sup> AF&PA Comments at 9–10; Enhanced Reliability Coalition Comments at 19.

service provides and that shippers would face even greater difficulty in using intraday nomination cycles to adjust to unanticipated changes in demand or other unforeseen events that occurred after the Timely or Evening nomination cycles.<sup>80</sup>

43. Several commenters state that, under the current 9:00 a.m. CCT Gas Day, many pipelines provide an opportunity for shippers to submit “clean up” or “retro” nominations in the final hours of the current Gas Day in order to balance loads and reduce potential exposure to imbalance penalties.<sup>81</sup> Commenters assert that an unintended consequence of moving the Gas Day to 4:00 a.m. CCT is that pipelines may not be able to offer these enhanced balancing/clean-up services that provide flexibility to shippers, and these services could be more difficult for shippers to utilize and manage.<sup>82</sup> AGA and INGAA state that under a 4:00 a.m. CCT Gas Day model, it would be exceedingly difficult to replicate this type of business activity, and market liquidity, in the 1:00 a.m. CCT timeframe, since key decision-makers would not be on duty at that hour.<sup>83</sup>

44. Some commenters state that there is a concern that non-jurisdictional entities may not adjust to a 4:00 a.m. CCT Gas Day and that a lack of action, or timely action, by some operators on the upstream portion of the natural gas delivery chain could occur for various reasons, such as concerns over costs of the change and worker safety at night, particularly during inclement weather.<sup>84</sup> Dominion and Enhanced Reliability Coalition assert that if gas suppliers and producers do not operate on the same Gas Day as pipelines, then pipelines may have difficulty obtaining necessary supplies and will need to manage swings with line pack and storage until producers make necessary changes, decreasing the pipeline’s operating flexibility.<sup>85</sup> Texas Pipeline

<sup>80</sup> AF&PA Comments at 9–10; Enhanced Reliability Coalition Comments at 20; MSCG Comments at 12–13.

<sup>81</sup> AGA Comments at 30; Calpine Comments at 14; CenterPoint Comments at n.7, INGAA Comments at 21; Natural Gas Council Comments at 10; NiSource Comments at 6–7; Puget Comments at 8; Spectra Comments at 4.

<sup>82</sup> AGA Comments at 30; Calpine Comments at 15; Enhanced Reliability Coalition Comments at 14; INGAA Comments at 21; Natural Gas Council Comments at 10; Spectra Comments at 4.

<sup>83</sup> AGA Comments at 30; INGAA Comments at 23.

<sup>84</sup> Enhanced Reliability Coalition Comments at 11–12; Gas Processors Association Comments at 6–7; MSCG Comments at 12; NiSource Comments at 7; NW Industrial Gas Users Comments at 3–4; PG&E Comments at 6; Texas Pipeline Association Comments at 9.

<sup>85</sup> Dominion Comments at 21; Enhanced Reliability Coalition Comments at 12.

Association, Gas Processors Association, and INGAA state that this change would also require the modification and renegotiation of numerous non-jurisdictional contracts that specify a 9:00 a.m. CCT Gas Day.<sup>86</sup>

45. CenterPoint Energy, Northern Municipal Distributors/Midwest Region Gas Task Force, and New England LDCs assert that a 4:00 a.m. CCT Gas Day would negatively impact interruptible customers served by LDCs, including electric generation customers.<sup>87</sup> CenterPoint and Northern Municipal Distributors/Midwest Region Gas Task Force contend that shifting the Gas Day to 4:00 a.m. CCT would be difficult for these interruptible customers because they do not have employees available for a third overnight shift to accommodate late changes and would therefore have to discontinue use of gas earlier in the day.<sup>88</sup> CenterPoint states that this change may reduce reliability and jeopardize service to firm customers which could include electric generation customers.<sup>89</sup>

46. Essential Power urges the Commission to adopt a 12:00 a.m. Eastern Prevailing Time (EPT) Gas Day to align with the electric day and allow a generator to match its gas purchases and electric operation in the dispatch day.<sup>90</sup> If the Commission ultimately determines that an earlier start to the Gas Day is necessary, National Grid recommends moving the start to 12:00 a.m. CCT to align with the electricity operating day for most electric utilities.<sup>91</sup> MSCG, however, proposes that it would be most practical to implement a uniform operating day that requires electric system operators to adapt to the natural gas system's commercial practices and therefore, states the uniform day should start at a time later than 4:00 a.m. CCT.<sup>92</sup> AGA, Con Edison, Dominion, EPSA, ISO-NE., and National Fuel argue that the Commission should not consider other Gas Day start times between 4:00 a.m. and 9:00 a.m. CCT.<sup>93</sup>

<sup>86</sup> Texas Pipeline Association Comments at 11; Gas Processors Association Comments at 9.

<sup>87</sup> CenterPoint Comments at 4–5; New England LDCs Comments at 19; Northern Municipal Distributors/Midwest Region Gas Task Force Comments at 11–12.

47. Gas industry participants cite high cost as a key reason for opposing the Gas Day proposal.<sup>94</sup> A number of commenters discuss the information technology and staffing costs associated with the proposal including providing overtime compensation, hiring new employees to cover the earlier start to the Gas Day, retraining employees, and reprogramming SCADA systems.<sup>95</sup> Commenters provided a range of cost estimates for SCADA/IT modifications and staffing requirements, with some above \$3 million.<sup>96</sup> Several commenters also discuss the costs of mitigating safety issues raised by moving the Gas Day to 4:00 a.m. CCT.<sup>97</sup> Dominion states that approximately \$2.5 million will be required to modify tariffs and contracts.<sup>98</sup> MSCG and BHE estimate the overall cost of compliance with the NOPR changes, including the changes to the Gas Day, will be in the \$5 million range for one jurisdictional interstate natural gas pipeline, which indicates the cost of compliance for *all* 166 interstate natural gas pipelines would far exceed the \$7.5 million estimated in the NOPR.<sup>99</sup>

48. Commenters also address the significant costs entities other than interstate natural gas pipelines will incur as a result of the Proposed Rule.<sup>100</sup> PG&E states that compliance with the Gas Day proposal will result in an estimated one-time implementation cost of between \$2 and \$3 million for the reprogramming of SCADA systems, metering devices, and information technology management systems, as

<sup>94</sup> See, e.g., AF&PA Comments at 9–10; AGA Comments at 27–28; American Public Gas Association Comments at 14–15; BHE Comments at 4 & 9–13; Center Point Comments at 4–6; Dominion Comments at 17, 20, 25–27; DTE Comments at 3; Northern Municipal Distributors/Midwest Region Gas Task Force Comments at 6; PG&E Comments at 7–8.

<sup>95</sup> AGA Comments at 28; CenterPoint Comments at 4; NiSource Comments at 5; NWGA et al. Comments at 2; MSCG Comments at 16–17.

<sup>96</sup> See, e.g., Dominion Comments at 26. Dominion states that a 4:00 a.m. CCT Gas Day will result in an estimated one-time cost of \$3.8 million for modifications related to their SCADA system, electronic bulletin board, and information technology management system, and estimated ongoing annual costs of \$125,000. Dominion anticipates hiring one or two additional transportation analysts, with annual on-going costs of between \$85,000 and \$170,000. Additionally, Dominion anticipates one-time implementation costs of \$2.5 million to modify existing tariffs and contracts, and \$1.7 million to reprogram transportation, storage, production, and gathering meters.

<sup>97</sup> Enhanced Reliability Coalition at 17.

<sup>98</sup> Dominion Comments at 26.

<sup>99</sup> BHE Comment at 10–11; MSCG Comments at 16–17.

<sup>100</sup> AGA Comments at 28; American Public Gas Association Comments at 7 and 14; New England LDCs Comments at 21–22; Producer Coalition Comments at 6; Puget Comments at 16–17.

well as estimated ongoing annual costs of \$600,000 for additional nighttime field personnel, traders, schedulers, and other staff-related costs.<sup>101</sup> Puget states that aligning their operations with the Gas Day proposal would have an estimated one-time implementation cost of \$300,000 for modifications related to their SCADA system, metering devices, and information technology management systems.<sup>102</sup> Downstream gas industry commenters (e.g., LDCs) also caution that interstate pipelines will raise rates for pipeline transportation and storage services in order to recover the compliance costs of implementing the Gas Day proposal.<sup>103</sup>

### C. Data Request and ISO and RTO Responses

49. On December 12, 2014, Commission staff requested data, for 2013 and 2014, from each of the six jurisdictional ISOs and RTOs regarding the impact on reliable and efficient operations of natural gas-fired generators running out of their daily nomination of natural gas transportation service during the morning electric ramp, to the extent this occurs.

50. In its response, CAISO states that it believes gas-fired generators in its balancing authority generally do not face problems securing sufficient fuel to meet the morning electric ramp under existing electric and gas market timelines.<sup>104</sup> CAISO was not able to locate any record of a gas-fired generator de-rating a unit during the hours of 3:00 a.m. and 9:00 a.m. CCT due to the generator exhausting its daily nomination of natural gas transportation service prior to the end of the Gas Day. CAISO states that it does not believe it has committed generation out of merit order in anticipation of natural gas-fired generators running out of their nominated gas transportation at the end of the Gas Day.<sup>105</sup> The data submitted by CAISO indicates that in 2013 and 2014 fuel-related gas-fired generator outages and de-rates during the morning electric ramp were about as common on average as fuel-related de-rates during the other hours of the operating day.<sup>106</sup>

<sup>103</sup> See, e.g., AF&PA Comments at 9; AGA Comments at 28; American Public Gas Association Comments at 15; BHE Comments at 11; IECA Comments at 5–6; INGAA Comments at 27; New England LDCs Comments at 25; MSCG Comments at 17; NiSource Comments at 5.

<sup>104</sup> CAISO Data Response at 7–8.

<sup>105</sup> Id. at 6.

<sup>106</sup> See Tables 1 and 2 CAISO Data Response at 6. In 2013 and 2014, 17 percent to 33 percent of fuel related de-rates and outages occurred during the hours of 3:00 a.m. and 9:00 a.m.

51. MISO states that it has not experienced any significant impacts caused by generators running out of natural gas during the morning ramp.<sup>107</sup> MISO explains that its data of power plants' actual performance and equipment failures does not reflect if fuel-related outages were specifically due to generators having exhausted their daily nomination of natural gas transportation service prior to the end of the Gas Day.<sup>108</sup> MISO submitted data providing the numbers of natural gas-fired units reporting outages and de-rates with a cause related to fuel during each month of 2013 and January through September 2014.<sup>109</sup> In 2013, there were relatively few fuel-related gas-fired generator outages and de-rates. In January and February of 2014, MISO experienced far more fuel-related gas-fired generator outages and de-rates, however, no more than 20 percent of the de-rates occurred during the morning ramp period. In addition, MISO states that it has made many recent enhancements to improve transparency of fuel-related matters in the planning and operating horizons.<sup>110</sup>

52. In its response, SPP states that it does not require generators to submit

information related to their nominated gas transportation, therefore, SPP does not have information responsive to the request regarding de-rates due to gas-fired generators having exhausted their daily nomination of natural gas transportation service prior to the end of the Gas Day. SPP further states that it has not committed generation out of merit order in anticipation of natural gas-fired generators running out of nominated gas transportation.<sup>111</sup> The data submitted by SPP indicates that in 2013 and 2014 fuel related gas-fired generator outages and de-rates during the morning electric ramp were about as common on average as fuel-related de-rates during the other hours of the operating day.<sup>112</sup>

53. ISO-NE, NYISO, and PJM provided supplemental data regarding gas-fired generator de-rates in 2013 and 2014 due to issues related to fuel limitations/availability. PJM and NYISO requested privileged treatment of certain data submitted in response to the data request.

54. ISO-NE provided, among other data, information on time periods when generators reported reductions (*i.e.*, de-rates) due to fuel limitations. ISO-NE

states that during 2013 and 2014 there were 173 reported gas-fired generator de-rates due to fuel limitations and 67 of those were logged between 3:00 a.m. and 9:00 a.m. CCT. The morning de-rates affected forty-nine days. To see if generators were de-rating due to running out of gas, ISO-NE examined the reductions that ended when the new Gas Day began (9:00 a.m. CCT).<sup>113</sup> In 2013 and 2014, twenty gas-fired generator de-rates due to fuel limitations, over 14 days, had an identified ending time that coincided with the start of the next Gas Day at 9:00 a.m. CCT. While ISO-NE states that it does not know whether the de-rates occurred solely due to the exhaustion of natural gas pipeline nominations, given the 9:00 a.m. CCT ending time of the de-rates, ISO-NE believes this is likely the cause. ISO-NE further states that the issues related to the availability of gas-fired resources in New England are even more critical than the data provided shows and that the severity of these issues has been masked because system operators are required to take actions that diminish the frequency of generation outage impacts due to gas reductions.<sup>114</sup>

TABLE 2—ISO-NE GAS-FIRED GENERATOR DE-RATES DUE TO FUEL LIMITATIONS

Year	De-rates		
	Total	Morning ramp (3:00 a.m.– 9:00 a.m. CCT)	With end time of 9:00 a.m. CCT
2013 .....	97	39	8
2014 .....	76	28	12
Total .....	173	67	20

Source: ISO-NE Data Response at 2 and Attachment A.

55. PJM provided a summary of the outage notifications due to lack of fuel from natural gas-fired generators in 2013 and 2014 and non-confidential system conditions on the relevant interstate natural gas pipelines and LDCs.<sup>115</sup> According to PJM's data response, in 2013, 62 percent of the unique

generators that reported lack of fuel outages are located behind an LDC.<sup>116</sup> PJM also reports that 54 percent of the generators reporting outages due to lack of fuel in 2014 are located behind an LDC. In 2014, 60 percent of the generator-reported lack of fuel outages occurred in January. The confidential

data provided by PJM shows that the vast majority of fuel-related gas-fired generator de-rates in 2013, and a majority of the fuel-related gas-fired generator de-rates in 2014, were caused by a limited number of generating units.

56. NYISO states that it identified 13 generators committed in 2013 and 2014

<sup>107</sup> MISO Data Response at 1–3.

<sup>108</sup> *Id.*

<sup>109</sup> See Tables MISO Data Response at 2.

<sup>110</sup> MISO states that these enhancements and initiatives include: (1) Conducting a Generator Winter Fuel Survey for Winter 2014/2015 to gain more transparency into MISO generators' approaches related to fuel procurement practices; (2) creating (in 2014) additional generator outage cause codes related to fuel in MISO's outage scheduling tool to provide greater operational awareness to MISO operators regarding fuel; (3) expanding the coordination field trial between MISO planning and operations staff and ANR and NNG pipeline staff to other pipelines; (4) a new

overhead pipeline operations display in the control room; and (5) a new consolidated pipeline notice Web page. MISO Data Response at 5.

<sup>111</sup> SPP Data Response at 3.

<sup>112</sup> See Tables 1 and 2 SPP January 14, 2015 Comments at Attachment No. 1. In 2013 and 2014, 16 percent to 38 percent of fuel related de-rates and outages occurred during the hours of 3:00 a.m. and 9:00 a.m.

<sup>113</sup> While these data do not show specifically whether the generators exceeded their firm gas transportation schedule for the day, ISO-NE states that the data suggests that the de-rates likely resulted from the exhaustion of natural gas transportation service, because the generators were

able to come back on line at the start of the new Gas Day.

<sup>114</sup> ISO-NE Data Response at 1.

<sup>115</sup> See Table 3, PJM Data Response at 4. PJM notes that this information may not be complete, as this data is not information required by PJM. PJM collected these data from publicly available information.

<sup>116</sup> A gas-fired generator may be limited in its ability to receive or take gas in instances when there are constraints on an LDC system, regardless of whether the gas-fired generator has sufficient remaining nominated quantities of interstate pipeline transportation.

via Supplemental Resource Evaluation<sup>117</sup> on days with de-rates greater than 225 MW in any given hour. NYISO states that given the times the Supplemental Resource Evaluations occurred, it is not clear that any of the Supplemental Resource Evaluations were issued in response to a generator de-rating due to having exhausted its daily nomination of natural gas transportation service prior to the end of the Gas Day. Instead, NYISO states the de-rates were more likely related to limitations on natural gas customers' ability to receive or take gas, such as Operational Flow Orders (OFO), which require gas customers to operate within tight tolerances, or generator specific

issues that may, or may not, be related to the availability of gas supply.<sup>118</sup>

57. The confidential data submitted by NYISO shows the number of gas-fired generator de-rates and the amount of energy reduced generally decreased between 3:00 a.m. and 9:00 a.m. CCT. Specifically, over all of 2013 and all of 2014, the total (by hour) number of gas-fired generator de-rates related to fuel availability fell as the morning progressed (between hours ending at 4:00 a.m. CCT and 9:00 a.m. CCT). Similarly, over all of 2013 and all of 2014, the total (by hour) amount of energy reduced later in the morning was less than the early-morning reductions. If fuel related de-rates were caused by exhaustion of nominated natural gas

transportation capacity, the impact of the de-rates would likely have been steady or worsening as more generating units ran out of gas as the morning progressed towards 9:00 a.m. CCT.

58. To provide another perspective on the overall impact on reliability of the gas-fired generator de-rates during the morning ramp, the Commission examined the monthly and hourly average values<sup>119</sup> of resulting energy reductions as a percentage of the available operating reserves. Commission staff analysis of the data response indicates that, in ISO-NE during 2013 and 2014, the energy reductions were minimal relative to the operating reserves available to ISO-NE at the time.

TABLE 3—GAS-FIRED GENERATOR REDUCTIONS (DE-RATES) AS A PERCENT OF AVAILABLE OPERATING RESERVES IN ISO-NE

Hour beginning (CCT)	All 2014 (%)	All 2013 (%)	Jan 2014 (%)	Mar 2014 (%)	Nov 14 (%)	Jan 2013 (%)	Feb 2013 (%)	Mar 2013 (%)
3 a.m. ....	0.47	0.69	0.14	1.08	2.10	0.00	0.90	1.47
4 a.m. ....	0.39	0.49	0.14	0.69	2.11	0.00	0.53	0.83
5 a.m. ....	0.26	0.32	0.07	0.01	2.11	0.02	0.91	0.01
6 a.m. ....	0.29	0.48	0.17	0.18	2.11	0.16	1.38	0.06
7 a.m. ....	0.43	0.61	0.57	0.31	2.11	0.42	1.25	0.43
8 a.m. ....	0.55	0.70	0.57	0.47	2.11	0.61	1.00	0.92

59. In NYISO, during certain winter months,<sup>120</sup> Commission staff analysis of the data response indicates that the average hourly reductions were

potentially significant relative to the operating reserves available to the NYISO, ranging up to 5.7 percent of reserves. For all other months of 2013

and 2014, the average hourly reductions in NYISO were less than one percent of the available operating reserves.

TABLE 4—GAS-FIRED GENERATOR REDUCTIONS (DE-RATES) AS A PERCENT OF AVAILABLE OPERATING RESERVES IN NYISO

Hour beginning (CT)	All 2014 (%)	All 2013 (%)	Jan 2014 (%)	Feb 2014 (%)	Jan 2013 (%)	Dec 2013 (%)
3:00 a.m. ....	1.6	2.1	3.7	1.9	3.4	6.1
4:00 a.m. ....	1.5	1.9	4.0	1.8	3.2	3.8
5:00 a.m. ....	1.7	2.1	3.8	2.2	3.5	4.9
6:00 a.m. ....	2.2	1.9	4.5	2.3	2.7	2.6

8:00 a.m. ....	3.6	2.3	5.7	1.3	3.1	2.9

60. In PJM in the winter months of 2014, Commission staff analysis of the data response indicates that the average hourly reductions were large relative to

the operating reserves available to the ISO at the time, ranging from 16.8 percent to 72.3 percent. The average hourly reductions in the winter months

of 2013 were also significant relative to the operating reserves available to PJM, ranging from 5.6 percent to 10.1 percent.

<sup>117</sup> NYISO Manual 12: Transmission and Dispatching Operations Manual Section 5.7.7 states "SRE shall only be used to address resource deficiencies; it shall not be used to reduce costs."

#### D. Comments on Data Request

61. American Public Gas Association, New England LDCs, the Enhanced Reliability Coalition, and Natural Gas Council filed comments regarding the ISOs' and RTOs' data responses. These commenters argue that the ISOs' and RTOs' responses clearly confirm that there is not a nationwide problem during the morning electric ramp associated with the current start time of the Gas Day.<sup>121</sup> American Public Gas Association and Natural Gas Council contend that the data submitted by the ISOs and RTOs does not support the thesis that there is a causal link between the start of the Gas Day and the reliability of gas-fired generators.<sup>122</sup> The Enhanced Reliability Coalition points out that in 2014, many of the instances in which generators in PJM indicated an outage due to lack of fuel occurred during OFOs issued by pipelines and that, in these circumstances, a change to the start of the Gas Day would not have remedied the generator outages.<sup>123</sup> Natural Gas Council and New England LDCs state that the ISOs' and RTOs' responses fail to provide sufficient record evidence for the Commission to meet its burden under section 5 of the NGA that the current 9:00 a.m. CT Gas Day start time is no longer just and reasonable, and that a 4:00 a.m. CT start of the Gas Day is just and reasonable.<sup>124</sup>

#### E. Commission Determination

62. While certain efficiencies in scheduling could be achieved through better harmonization of the natural gas and electric operating days, the Commission concludes that the current record does not support changing the start time of the nationwide natural Gas Day at this time.

<sup>121</sup> Natural Gas Council Feb. 2, 2015 Comments at 1–3.

<sup>122</sup> American Public Gas Association Feb. 2, 2015 Comments at 3–4; Natural Gas Council Comments at 2.

<sup>123</sup> Enhanced Reliability Coalition Feb. 2, 2015 Comments at 5.

<sup>124</sup> Natural Gas Council Feb. 2, 2015 Comments at 8; New England LDCs Feb. 2, 2015 Comments at 3.

63. In the NOPR, the Commission expressed concern about the potential impact of the difference in start times of the natural gas and electric operating days on the reliable and efficient operation of electric transmission systems and interstate natural gas pipelines. In the NOPR, the Commission identified two problems resulting from the fact that the natural gas and electric operating days begin at different times. First, the electric operating day currently extends over two Gas Days. Therefore, natural gas-fired generators committed across a single electric operating day must procure gas supply and schedule gas transportation across two Gas Days. Second, the current 9:00 a.m. CCT start of the Gas Day occurs in the middle of the morning electric load ramp in some regions, creating a situation where electric load is increasing at the same time natural gas-fired generators may be running out of their daily nomination of natural gas transportation service. We find, based on the comments and data responses, that there is limited evidence to support the premise in the NOPR that the current start of the Gas Day results in natural gas-fired generators de-rating during the morning ramp due to exhausting nominated natural gas transportation. As described in comments, gas-fired generator de-rates may have a number of causes unrelated to the Gas Day start time, such as a nomination made based on only an estimate of needs (especially where the generator has not received a dispatch schedule from the system operator), an unscheduled change in an ISO's or RTO's real-time dispatch, or limitations on shippers' ability to receive or take gas, among others.

64. In addition, evidence in the record provided through the ISO and RTO data responses did not provide sufficient support for changing the nationwide Gas Day. The responses generally show that, to the extent gas-fired generators de-rating during the morning ramp is a significant problem, it appears to be isolated to the winter months in specific regions.

65. SPP, MISO, and CAISO all reported no issue with gas-fired generator de-rates during the morning ramp. While ISO-NE, PJM, and NYISO provided data suggesting that some de-rates during the morning ramp are due to fuel-related issues, the data did not show whether those de-rates are specifically due to gas-fired generators running out of their daily nomination of natural gas transportation service. None of the ISOs' or RTOs' outage management systems collect data containing the level of detail and specificity to reflect if generator output reductions (*i.e.*, de-rates) and outages were specifically due to natural gas-fired generators having exhausted their daily nomination of natural gas transportation. Rather, the ISOs and RTOs track de-rates and outages associated with the broad North American Electric Reliability Corporation (NERC) code for fuel-related issues which includes several other causes. Therefore, the Commission had to draw inferences based on the data submitted in the record.

66. The Commission concludes that there is limited evidence to support the NOPR proposal to change the Gas Day. For example, in ISO-NE very few gas-fired generator de-rates due to fuel limitations had an ending time that coincided with the start of the next Gas Day at 9:00 a.m. CCT in 2013 and 2014. In addition, in PJM, a majority of the fuel related gas-fired generator de-rates in 2014 and the vast majority of fuel-related gas-fired generator de-rates in 2013 were caused by a limited number of generating units. The Commission believes any conclusions that can be drawn from the PJM data are weakened by the idiosyncrasies of these units. Therefore, although gas-fired generator de-rates due to fuel limitations appear problematic in certain regions during certain times of the year, on balance, the Commission believes this does not warrant changing the nationwide Gas Day.

67. In addition, several commenters in this proceeding provide compelling arguments indicating that moving the

nationwide Gas Day to 4:00 a.m. CCT will result in substantial nationwide costs and potential operational and safety impacts for the entire natural gas industry, including jurisdictional and non-jurisdictional entities. The natural gas industry has identified significant costs attendant on such a change, including the costs of hiring and retraining employees, providing overtime compensation, mitigating safety risks, modifying existing contracts, purchasing new equipment, and reprogramming SCADA systems, nomination software, and metering devices. The identified adverse operational and safety impacts include a potential for reduced nighttime hours to pack the pipeline, diminished opportunity for shippers to balance loads in the final hours of the Gas Day, increased need for field work during nighttime hours, and worker fatigue, among others.

68. Therefore, we find, based on the record, that there has not been a showing that the benefits of changing the nationwide Gas Day from 9:00 a.m. CCT to 4:00 a.m. CCT sufficiently outweigh the potential adverse operational and safety impacts on the natural gas industry to justify action under NGA section 5 to require a change in the start of the Gas Day.

69. While the Commission declines to take action in this proceeding to change the start of the Gas Day on a nation-wide basis, we note that since the issuance of the NOPR in March 2014 both ISO-NE and PJM (the two regions that appear to be of the most concern) have recently undertaken operational and market actions to address the availability and performance of generators, included gas-fired generators, in their footprints.<sup>125</sup> Beyond these measures, ISO-NE argues that the New England region needs its generating resources and other entities

<sup>125</sup> In ISO-NE these measures include changes to the ISO tariff to: (1) Allow for better information sharing with the interstate pipelines; (2) enhance offer flexibility; (3) accelerate the timelines in the Day-Ahead Energy Market; (4) increase the amount of reserves procured in the Forward Reserve Market; (5) enhance Forward Reserve Market incentives; (6) improve generator auditing; and (7) redefine Shortage Events in the Forward Capacity Market.

Since January 2014 PJM has put into place a number of improvements to help ensure generator availability this winter including: (1) A process for generators to communicate any long-lead notification time they require to start in order to ensure fuel procurement; (2) a requirement for generators to ensure data accuracy for existing information provided to PJM; (3) a requirement for operational information to be submitted to PJM regarding dual fuel capability, availability, and operational restrictions; and (4) ability for generators, in certain circumstances, to update intraday cost schedules to more accurately reflect real-time the cost of fuel in their energy schedules.

to make investments in firm fuel supplies and transportation, maintenance of on-site fuel inventory, and dual fuel capability.<sup>126</sup> ISO-NE states that it is implementing the Pay-for-Performance proposal accepted by the Commission to provide incentives for these investments.<sup>127</sup> Similarly, PJM is focusing on long-term procedural improvements in a recent Commission filing proposing a series of tariff reforms to ensure that resources committed as capacity to meet PJM's reliability needs are obligated to deliver energy and reserves when called upon.<sup>128</sup> These and other regional efforts to address generator performance may result in natural gas-fired generators and other market participants in these regions taking actions to alleviate some of the electric industry fuel supply concerns underlying the Gas Day proposal in the NOPR.<sup>129</sup> In addition, the Commission is taking a range of actions in this Final Rule, as discussed below, to better coordinate the scheduling of the natural gas and wholesale electricity markets as well as to provide additional scheduling flexibility to all shippers on interstate natural gas pipelines.

70. In addition to these ongoing efforts, the individual ISO and RTO section 206 proceedings provide additional opportunities to seek regional solutions. As discussed further below, the 206 Order requires each ISO and RTO to adjust the time at which the results of its day-ahead energy market and reliability unit commitment process (or equivalent) are posted to a time that is sufficiently in advance of the Timely and Evening Nomination Cycles, respectively, to allow gas-fired generators to procure natural gas supply and pipeline transportation capacity to serve their obligations, or show cause why such changes are not necessary. In the Section 206 Order the Commission encouraged each ISO and RTO to consider whether other market reforms

<sup>126</sup> ISO-NE Data Response at 7.

<sup>127</sup> *ISO New England Inc. and New England Power Pool*, 147 FERC ¶ 61,172, *order on compliance filing*, 149 FERC ¶ 61,009 (2014).

<sup>128</sup> On March 31, 2015 Commission staff requested additional information from PJM regarding PJM's proposal in Docket No. ER15-623-000.

<sup>129</sup> In addition, the Commission recently issued an order directing each RTO and ISO to file reports on the status of its efforts to address fuel assurance issues. The Commission is currently reviewing the RTO and ISO reports and the comments submitted on those reports. *Centralized Capacity Markets in Regional Transmission Organizations and Independent System Operators and Winter 2013-2014 Operations and Market Performance in Regional Transmission Organizations and Independent System Operators, order on technical conferences*, 149 FERC ¶ 61,145 (2014).

would be appropriate.<sup>130</sup> Such regional electric market changes to diminish the misalignment between the Gas Day and regional electric days may be less costly and result in far less negative operational impacts.

#### IV. Natural Gas Transportation Nomination Timeline

##### A. Background

71. In addition to the industries having different start times to their operating days, the natural gas and electric industries operate on different schedules within those days. As described above, and as shown in Table 1 above, under the current NAESB WGQ Standard 1.3.2 and the Commission's regulations,<sup>131</sup> natural gas pipelines must offer pipeline shippers a minimum of four nomination opportunities to schedule natural gas transportation. Shippers have two nomination opportunities prior to the day of gas flow, the Timely Nomination Cycle and the Evening Nomination Cycle, and two nomination opportunities on the day of gas flow (Intraday 1 and Intraday 2). Changes to a shipper's nominations are limited by the remainder of a shipper's daily quantity and the remaining hours of the Gas Day.<sup>132</sup>

72. Interstate natural gas pipelines schedule their systems based on the priority of the transportation contract held by the shipper. Nominations of firm transportation from a primary receipt point to a primary delivery point (primary firm nominations) have the highest priority,<sup>133</sup> followed by secondary firm, within-the-path<sup>134</sup>

<sup>130</sup> For example, RTOs and ISOs could consider the potential benefits, cost, and operational burdens of adjusting the timing of their operating day. Section 206 Order, 146 FERC ¶ 61,202 at P 19 & n.14 ("In addition, we encourage RTOs and ISOs to consider whether other market reforms would be appropriate.")

<sup>131</sup> 18 CFR 284.12 (2014).

<sup>132</sup> For example, if a shipper with a contract for 2,400 Dth/day, schedules 1,200 Dth at the Timely Nomination Cycle, and submits an intraday nomination at the Intra-Day 1 Cycle, that shipper can increase its scheduled capacity, assuming capacity availability, by no more than 1,600 Dth, bringing its total scheduled quantity to 2,000 Dth/day. This occurs because the shipper has already operated for eight hours based on a daily nomination of 1,200 Dth (50 Dth/hour). (8 hrs \* 50 = 400 Dth). This leaves the shipper only 16 hours to increase its flow rate to 100 Dth/hr, bringing its total daily quantity to 2,000 Dth (400 Dth for the first 8 hours + 1,600 for the remaining 16 hours).

<sup>133</sup> A firm shipper's primary receipt and delivery points are listed in its service agreement and define the guaranteed firm transportation service the pipeline has contracted to provide that shipper. The Commission also requires pipelines to permit shippers to use all other points in the rate zones for which they pay on a secondary firm basis.

<sup>134</sup> Secondary firm nominations are firm nominations that include at least one secondary point. Within-the-path nominations are

nominations, secondary firm, outside of the path nominations, and finally nominations from shippers holding interruptible transportation capacity. Before a pipeline schedules a shipper's requested quantity under these standards, the pipeline confirms the shipper's nomination with upstream and downstream entities to make sure the shipper has contracted for sufficient gas with an upstream supplier to fulfill its nomination and to ensure the downstream entity, such as a LDC, has sufficient capacity to accept that gas.

73. The Timely Nomination Cycle is the most liquid time to acquire both natural gas supply and transportation capacity. During the Timely Nomination Cycle, all of the pipeline's nomination priorities are in effect: Primary firm nominations have priority over secondary firm nominations, and secondary firm nominations have priority over interruptible transportation. In subsequent nomination cycles, firm service, including secondary firm service, scheduled in an earlier cycle cannot be displaced or bumped by another firm nomination for that Gas Day.<sup>135</sup> In addition, firm intraday nominations, including secondary firm nominations, have priority over, and thus can displace or bump, scheduled and flowing interruptible transportation.<sup>136</sup> This policy recognizes that "firm shippers are paying reservation charges for priority rights and those rights should include the right to have a nomination become effective as early as possible on the Gas Day following the

nomination."<sup>137</sup> However, the final intraday nomination (Intraday 2) cycle is a "no-bump" cycle, meaning that interruptible transportation previously arranged for cannot be displaced or bumped by a firm Intraday 2 nomination. In approving this arrangement (referred to as the "No-Bump Rule"), the Commission found that it would create a fair balance between firm and interruptible shippers and provide necessary stability in the nomination system.

74. Individual pipelines may offer additional scheduling opportunities beyond the standard nomination cycles. However, shippers transporting gas over multiple pipeline systems may have limited ability to use these additional scheduling opportunities if the upstream or downstream pipelines cannot confirm those scheduling changes. Currently, several pipelines offer enhanced nomination services<sup>138</sup> and some pipelines permit more frequent nominations than the four required by the current NAESB standards. Even if additional nomination cycles are not detailed in the pipeline's tariff, some pipelines' tariffs provide that the pipeline will make best efforts to accommodate such incremental nominations throughout the day on a best efforts basis.<sup>139</sup>

*B. Natural Gas Transportation Day-Ahead Cycles*

75. The most liquid time to acquire natural gas supply for the next day occurs before the 11:30 a.m. CCT deadline for submitting nominations in the Timely Nomination Cycle. As a

result, natural gas purchasers may have to pay a premium to obtain supply after the Timely Nomination Cycle, because there are fewer willing sellers later in the day. Also, it may be more difficult to obtain next-day firm transportation capacity after the Timely Nomination Cycle, because firm transactions scheduled in the Timely Nomination Cycle cannot be bumped in later nomination cycles and shippers may have already made capacity release arrangements for the next day.<sup>140</sup> After the Timely Nomination Cycle, the Evening Nomination Cycle, beginning at 6:00 p.m. CCT, offers the only standard opportunity to reschedule gas transportation for the next Gas Day.

76. Wholesale electricity markets operated by the ISOs and RTOs also use a day-ahead energy market to set contractual commitments for the next operating day. Market participants place day-ahead offers and bids to sell and purchase, and these participants must make such commitments prior to the close of the market. If the market clearing process accepts these commitments, they become binding for the following day. The following table shows for each ISO and RTO the deadline for submission of generator bids and the time the winning bids are posted by ISOs and RTOs in the day-ahead markets. As demonstrated by Table 6, all ISOs and RTOs (with the exception of NYISO) publicize accepted day-ahead dispatch bids after the current 11:30 a.m. CCT nomination deadline for the Timely Nomination Cycle.

TABLE 6—ELECTRIC COMMITMENT RESULTS PUBLICATION TIMETABLE

ISO/RTO	Time for submission of bids (CCT)	Time for publication of day-ahead commitment bids (CCT)
California Independent System Operator Corporation (CAISO) .....	12:00 p.m. ...	3:00 p.m.
ISO New England Inc. (ISO-NE) .....	9:00 a.m. ....	12:30 p.m.
PJM Interconnection, LLC (PJM) .....	11:00 a.m. ...	3:00 p.m.
Midcontinent Independent System Operator, Inc. (MISO) .....	10:00 a.m. ...	2:00 p.m.
New York Independent System Operator, Inc. (NYISO) .....	4:00 a.m. ....	10:00 a.m.
Southwest Power Pool, Inc. (SPP) .....	11:00 a.m. ...	4:00 p.m.

nominations where the nominated secondary receipt and/or delivery point is contained wholly within the primary points listed in the shipper's contract.

<sup>135</sup> *Transwestern Pipeline Company*, 99 FERC ¶ 61,356, at P 12 (2002) ("the Commission's long standing policy on firm service is that once scheduled, whether at primary or alternate points, the service may not be bumped by a nomination by another firm shipper").

*Pipelines*, Order No. 587-G, 63 FR 20072 (Apr. 16, 1998), FERC Stats. & Regs., Regulations Preamble 1996-2000 ¶ 31,062, at 30,672 (1998).

<sup>137</sup> *Id.* at 30,671.

<sup>138</sup> *See, e.g., Texas Gas*, 137 FERC ¶ 61,093, *order on compliance*, 138 FERC ¶ 61,176; *Gulf South*, 141 FERC ¶ 61,262.

<sup>139</sup> *See, e.g., Tennessee Gas Pipeline Company, LLC's Tariff*, GT&C Section IV.2(e).

<sup>140</sup> The Commission's current capacity release program allows a firm shipper to sell (or release) its

capacity to another entity when it is not using it. The releasing shipper releases its capacity by returning its capacity to the pipeline for reassignment to the replacement shipper. The pipeline contracts with, and receives payment from, the replacement shipper and then issues a credit to the releasing shipper. The results of all releases are posted by the pipeline on its Internet Web site and made available through standardized, downloadable files.

77. Because day-ahead electric generation commitments generally occur after the natural gas transportation Timely Nomination Cycle, a natural gas-fired generator must either submit its nomination for natural gas transportation services before it knows when and how much electricity it will be committed to produce the next day, or it must wait until it receives its day-ahead commitment to nominate natural gas transportation services, with the risk that during some periods natural gas supply and transportation capacity may not be available or economical, given the ISO and RTO day-ahead market clearing price.<sup>141</sup> If a gas-fired generator acquires natural gas and transportation prior to learning whether it is dispatched, it runs the risk of having to sell off excess natural gas supply and pipeline transportation capacity during the less liquid Evening or intraday Nomination Cycles to the extent its bid does not clear the day-ahead market.<sup>142</sup> If the gas-fired generator waits to acquire natural gas supply and transportation until its bid clears the day-ahead market, it would be doing so during the less liquid Evening or intraday Nomination Cycles, where the generator may be unable to acquire transportation capacity if the pipeline is fully scheduled. While during many periods of the year, gas-fired generators may be able to obtain natural gas and interstate natural gas capacity throughout the day, their ability to procure natural gas and transportation in the most liquid Timely Nomination Cycle may be critical to their ability to provide service during periods when the pipeline is constrained.

#### 1. NOPR Proposal

78. The NOPR proposed to move the deadline for submitting nominations in the Timely Nomination Cycle from 11:30 a.m. CCT to 1:00 p.m. CCT to provide sufficient time for electric utilities to complete their processes for selecting day-ahead generating resources before the Timely Nomination Cycle. The NOPR did not propose any other changes to the Timely Nomination Cycle, including the existing 4:30 p.m. CCT deadline for the pipeline to provide notice of scheduled quantities. Thus, the NOPR proposed to shorten the time required to complete the Timely

Nomination Cycle from five hours (11:30 a.m. CCT to 4:30 p.m. CCT) to three and one-half hours (1:00 p.m. CCT to 4:30 p.m. CCT). The NOPR did not propose any changes to the existing Evening Nomination Cycle, under which nominations must be submitted by 6:00 p.m. CCT, confirmations are completed by 9:00 p.m. CCT, and the pipeline notifies shippers of their scheduled quantities by 10:00 p.m. CCT.

79. In an order issued contemporaneously with the NOPR, the Commission instituted a proceeding under section 206 of the FPA requiring each ISO and RTO within ninety days after the publication of a Final Rule in this docket to: (1) Make a filing that proposes tariff changes to adjust the time at which the results of its day-ahead energy market and reliability unit commitment process (or equivalent) are posted to a time that is sufficiently in advance of the Timely and Evening Nomination Cycles, respectively, to allow gas-fired generators to procure natural gas supply and pipeline transportation capacity to serve their obligations; or (2) show cause why such changes are not necessary.<sup>143</sup>

80. The NOPR proposed that moving the Timely Nomination Cycle to 1:00 p.m. CCT, along with examining whether the ISOs and RTOs should modify their day-ahead market processes, could expand the options available to gas-fired generators. Under the NOPR proposal, gas-fired generators would have the option of arranging natural gas supply and pipeline transportation at the Timely Nomination Cycle knowing the results of the day-ahead electric market. This could minimize situations in which gas-fired generators, particularly those that opt to procure natural gas supply and pipeline transportation after the day-ahead electric market results are posted, are unable to procure sufficient resources to fulfill their electric market commitments and to contribute to reliable electric system operation. If gas-fired generators know whether they were committed in the day-ahead electric market prior to the Timely Nomination Cycle, they may have a greater opportunity to procure natural gas transportation in the Timely Nomination Cycle—when there is the greatest opportunity to procure pipeline

capacity. This, in turn, could reduce the potential for gas-fired generators to engage in costly actions that raise real-time electric market prices. Thus, electric market outcomes may better reflect expected operating costs if gas-fired generators were provided with day-ahead market results prior to the Timely Nomination Cycle.

81. It was recognized in the NOPR that moving the Timely Nomination Cycle to later in the day may impose systems and administrative costs on other interstate natural gas pipeline shippers. However, the NOPR concluded a 1:00 p.m. CCT start time for the Timely Nomination Cycle would appear to provide a reasonable balance of the electric and natural gas industries' concerns. The NOPR concluded that the long-term benefits of ensuring a better coordinated natural gas and electric industry appear to warrant this change.

#### 2. Revised NAESB Day-Ahead Nomination Cycles

82. Consistent with the NOPR, NAESB revised its standards to move the start of the Timely Nomination Cycle to 1:00 p.m. CCT, with scheduled quantities becoming effective at the start of the next Gas Day. However, unlike the NOPR, NAESB revised its standards to move the deadline for the pipeline to notify shippers of their scheduled quantities from 4:30 p.m. CCT to 5:00 p.m. CCT, stating the pipelines require at least four hours to complete the Timely Nomination Cycle.

83. While the NOPR did not propose any changes to the Evening Nomination Cycle, NAESB revised its standards to provide that that cycle be completed in three hours, rather than the current four hours, with shippers being notified of their scheduled quantities at 9:00 p.m. instead of 10:00 p.m. Under both the NOPR and NAESB's revised standards, bumping of interruptible service is permitted in the Evening Nomination Cycle and, consistent with current Commission policy, already scheduled secondary firm service cannot be bumped. A comparison of the current NAESB day-ahead nomination cycles and the revised NAESB day-ahead nomination cycles are shown in Table 7 below.

<sup>141</sup> A natural gas-fired generator also faces different risks depending on whether it enters into long-term natural gas purchase arrangements or relies on short-term spot market natural gas purchases.

<sup>142</sup> See, e.g., Equipower Resources Corp. Comments, Docket No. AD12-12-000, at 3-4 (filed Mar. 30, 2012) (a generator that purchases capacity

and gas during the timely cycle and is not dispatched "is forced to sell excess volumes or purchase the volume it is short in the intraday market. But the intraday market is highly illiquid and sometimes nonexistent, resulting in the generator: (1) Being exposed to imbalance penalties on the pipeline if it cannot find a market for excess gas; (2) being unable to operate its generator at

expected output; (3) having to purchase additional supplies at a premium; or (4) having to sell excess supply at a discount").

<sup>143</sup> Section 206 Order, 146 FERC ¶ 61,202.

TABLE 7—DAY-AHEAD NOMINATION CYCLES

Time Shifts—all times CCT	Current NAESB standards	Revised NAESB standards

Nomination Deadline .....	11:30 a.m. ....	1:00 p.m.
Schedule Issued .....	4:30 p.m. ....	5:00 p.m.
Start of Gas Flow .....	9:00 a.m.	
Evening:		
Nomination Deadline .....	6:00 p.m. ....	6:00 p.m.
Schedule Issued .....	10:00 p.m. ....	9:00 p.m.
Start of Gas Flow .....	9:00 a.m.	

### 3. NOPR Comments

84. The large majority of commenters support moving the start time for the Timely Nomination Cycle from 11:30 a.m. CCT to 1:00 p.m. CCT, including commenters that do not generally support NAESB's intraday nomination timeline.<sup>144</sup> Many of the commenters that support NAESB's nomination timeline state that, consistent with the Commission's proposal, moving the Timely Nomination Cycle nomination deadline to 1:00 p.m. CCT will provide generators more time to acquire natural gas supply and pipeline transportation after learning their electric dispatch obligations, provided changes are made to the ISO and RTO scheduling processes.<sup>145</sup> Several commenters state that moving the Timely Nomination Cycle deadline later will also reduce costs and improve efficiency among gas-fired generation units.<sup>146</sup>

85. A few commenters support moving the Timely Nomination Cycle,

<sup>144</sup> AGA Comments at 22; Ameren Comments at 1; ANGA Comments at 3; BHE Comments at 16–17; Calpine Comments at 7; Castex (Producer Coalition) Comments at 7; CenterPoint Comments 3–4; Con Edison Companies Comments at 9; CPG Comments at 5; Direct Energy Comments at 2; Dominion Comments at 3; DTE Gas Comments at 3; Duke Energy Comments at 3; EDF *et al.* Comments at 7–8; Enhanced Reliability Coalition Comments at 29; EPSA Comments at 7; Equipower Comments at 9; ESI Comments at 3–4; Exelon Comments at 6; Gas Processors Association Comments at 1–2; INGAA Comments at 5; IOGA Comments at 5; IPPA Comments at 2; IRC Comments at 3; Kinder Morgan Comments at 6; National Fuel Distribution at 2–3; National Grid Comments at 1–2; Natural Gas Council Comments at 1–2; New England LDCs Comments at 30; NGSAs Comments at 1–2; Nisource Comments at 2; Northwest Gas Association Comments at 2–3; Northwest Industrial Gas Users Comments at 5–6; PGC Comments at 4; PUCO Comments at 6–8; Puget Comments at 10; Sequent Comments at 6; Southern Companies Comments at 11; Southern Star Comments at 3; Spectra Comments at 4; Texas Pipeline Association Comments at 9; TVA Comments at 2; WBI Energy Comments at 4.

<sup>145</sup> See, e.g., Calpine Comments at 8; CPG Comments at 6; Duke Energy Comments at 2–4; Equipower Comments at 9; INGAA Comments at 5; National Grid Comments 1–2; New England LDCs Comments at 31; NESCOE Comments at 4–5; PGC Comments at 4–5; PUCO Comments at 5–6.

<sup>146</sup> See, e.g., EDF *et al.* Comments at 7–8; PUCO Comments at 5–6.

but believe that the 1:00 p.m. nomination deadline is too early in the day. Xcel Energy and SPP believe that the start time for the Timely Nomination Cycle should be extended to 1:30 p.m. CCT and 2:00 p.m. CCT, respectively, arguing that a 1:00 p.m. CCT nomination deadline would not allow power generators in MISO's and SPP's market sufficient time to secure the gas necessary to support their bids.<sup>147</sup> Similarly, Puget states that ISO and RTO bids will need to be awarded at least 1.5 hours prior to the NAESB Timely Nomination Cycle nomination deadline to allow energy schedulers adequate time to confirm transactions, exchange contracts, and enter nominations on pipelines.<sup>148</sup>

86. MSCG does not support moving the Timely Nomination Cycle nomination deadline, arguing that the proposed change affects one hundred percent of the gas market while only benefitting about a third of energy markets and without providing additional liquidity in the market for natural gas.<sup>149</sup>

### 4. Commission Determination

87. The Commission is amending its regulations at Part 284 to incorporate by reference NAESB's revised standards, which provide that the nomination deadline for the Timely Nomination Cycle shall be 1:00 p.m. CCT, with notice to shippers of scheduled quantities at 5:00 p.m. CCT, and the nomination deadline for the Evening Nomination Cycle shall remain at 6:00 p.m. CCT, with notice to shippers of scheduled quantities at 9:00 p.m. CCT. These changes, along with being generally consistent with the NOPR's proposed 1:00 p.m. CCT start time for the Timely Nomination Cycle, are supported by the vast majority of the commenters, from both the gas and electric industries, including commenters that do not generally

<sup>147</sup> SPP Comments at 2–3; Xcel Energy Comments at 3–5.

<sup>148</sup> Puget Comments at 13.

<sup>149</sup> MSCG Comments at 15–16.

support NAESB's revised intraday nomination timeline. NAESB's revised 1:00 p.m. CCT start time for the Timely Nomination Cycle, like the NOPR's proposed 1:00 p.m. CCT start time, will provide generators more time to acquire natural gas supply and pipeline transportation after learning their electric dispatch obligations, provided changes are made to the ISO and RTO scheduling processes. NAESB's proposal to provide notice of scheduled quantities at 5:00 p.m. also enables gas industry participants to complete the Timely Nomination Cycle by the end of the business day, while still providing sufficient time for the nomination, confirmation and scheduling process.

88. The Commission declines to extend the deadline for submitting nominations in the Timely Nomination Cycle past 1:00 p.m. CCT, as requested by a few commenters. Such an extension would likely require corresponding changes in the remainder of the Timely Nomination Cycle process, including moving back NAESB's proposed 5:00 p.m. CCT deadline for posting scheduled quantities. However, as many commenters point out, there needs to be sufficient time between the scheduled quantity posting of one cycle and the nomination deadline for the next cycle to enable shippers to review their transportation needs prior to the next nomination deadline.<sup>150</sup> Further extending the Timely Nomination Cycle nomination deadline would reduce or do away completely with the time between when the Timely Nomination Cycle schedule is issued and the 6:00 p.m. deadline for submitting nominations in the Evening Nomination Cycle. Also, commenters in the natural gas industry contend that the further the Timely Nomination Cycle process falls outside of regular business hours, the more likely it is that producers, point operators, and shippers will be harder to reach to resolve nomination,

<sup>150</sup> See, e.g., Exelon Comments at 7; NGSAs Comments at 16.

confirmation and scheduling errors.<sup>151</sup> Given the support for the revised NAESB schedule and the problems created in moving the time any later, the concerns of the commenters with the coordination of the current scheduling processes of MISO and SPP relative to natural gas scheduling are best addressed in the section 206 proceedings the Commission instituted for each ISO and RTO.

C. Intraday Nomination Cycles

89. In addition to the Timely and Evening Nomination Cycles, pipelines currently must offer shippers at least two opportunities to nominate natural gas during the day that gas is flowing. These nomination opportunities are known as the Intraday 1 and Intraday 2 Nomination Cycles. The current Intraday 1 Nomination Cycle begins at 10:00 a.m. CCT on the day of gas flow, with pipelines issuing scheduled quantities at 2:00 p.m. CCT, and the start of gas flow at 5:00 p.m. CCT. The current Intraday 2 Nomination Cycle begins at 5:00 p.m. CCT on the day of gas flow, with pipelines issuing scheduled quantities at 9:00 p.m. CCT, and gas flow also starting at 9:00 p.m. CCT. As with nominations made at the Timely or Evening Nomination Cycles, nominations for firm service at the Intraday 1 Nomination Cycle can “bump” an already scheduled interruptible nomination. Pursuant to the “No-Bump Rule,” however, nominations for firm service made at the Intraday 2 cycle cannot “bump” previously scheduled interruptible service.

90. A number of commenters in response to the technical conferences in Docket No. AD12–12–000 stated that the standard, nation-wide nomination opportunities currently available may not provide gas-fired generators or other shippers with sufficient flexibility to adjust their nominations to respond to real-time changes in their need for natural gas.<sup>152</sup> These commenters requested that the Commission require additional, standardized intraday nomination opportunities on interstate natural gas pipelines. Pipelines and

other gas market participants indicated that they were open to the creation of the additional standard nomination cycles.<sup>153</sup>

1. NOPR Proposal

91. To address concerns that the current standard, nation-wide intraday nomination opportunities do not provide shippers—especially natural gas-fired generators—with sufficient flexibility, the NOPR proposed to modify the current natural gas nomination timeline to add two additional intraday nomination cycles so that shippers would have four intraday cycles to reschedule gas instead of the existing two. The additional intraday nomination cycles would maximize shippers’ ability to make significant changes in their intraday nominations, as well as provide firm shippers an additional, bumpable late-afternoon nomination cycle. The proposed revisions would provide gas-fired generators, as well as other pipeline customers, with greater flexibility to revise their nominations to adjust to system conditions and changes to load throughout the Gas Day.

92. The timelines proposed in the NOPR were based on the proposed adoption of 4:00 a.m. CCT as the start of the Gas Day. The NOPR proposed that the Intraday 1 Nomination Cycle begin at 8:00 a.m. CCT, with pipelines issuing scheduled quantities at 11:00 a.m. CCT, and gas flow beginning at 12:00 noon CCT. The Intraday 1 Nomination Cycle would provide an early morning opportunity for shippers to nominate gas. The NOPR proposed that the Intraday 2 Nomination Cycle begin at 10:30 a.m. CCT, with pipelines issuing scheduled quantities at 2:00 p.m. CCT, and gas flow beginning at 4:00 p.m. CCT. The NOPR proposed Intraday 2 cycle would replace the current Intraday 1 mid-morning nomination cycle and permit bumping. The NOPR proposed Intraday 3 Nomination Cycle would begin at 4:00 p.m. CCT with pipelines issuing scheduled quantities at 6:00 p.m. CCT, and gas flow beginning at 7:00 p.m. CCT. The NOPR proposed

Intraday 3 Nomination Cycle would provide an additional bumping opportunity for firm shippers. The NOPR proposed Intraday 4 Nomination Cycle would begin at 7:00 p.m. CCT with pipelines issuing scheduled quantities at 9:00 p.m. CCT, and gas flow beginning at 9:00 p.m. CCT. The NOPR Intraday 4 Nomination Cycle would replace the current 5:00 p.m. no-bump cycle.

2. NAESB’s Revised Intraday Nomination Cycles

93. NAESB’s revised standards provide for three intraday nomination opportunities, rather than the four proposed in the NOPR. In contrast to the NOPR proposal to start the Intraday 1 Nomination Cycle at 8:00 a.m. CCT, NAESB’s revised standards start the Intraday 1 Nomination Cycle at the existing 10:00 a.m. CCT time. However, the revised standards move the deadline for pipelines to issue scheduled quantities up to 1:00 p.m. CCT from the existing NAESB standard of 2:00 p.m., and for gas flow to begin at 2:00 p.m. CCT, rather than the existing 5:00 p.m. CCT. NAESB’s revised standards provide for the Intraday 2 Nomination Cycle to start at 2:30 p.m. CCT, rather than 5:00 p.m., as it now does. Pipelines would issue scheduled quantities at 5:30 p.m. CCT, rather than the existing 9:00 p.m., and gas flow would begin at 6:00 p.m. CCT, instead of the existing 9:00 p.m. NAESB’s new Intraday 3 Nomination Cycle begins at 7:00 p.m. CCT, with scheduled quantities issued at 10:00 p.m. CCT, and gas flow beginning at 10:00 p.m. CCT. NAESB’s revised standards provide that bumping of interruptible service will be allowed during the Intraday 2 Nomination Cycle in addition to the Intraday 1 Nomination Cycle.<sup>154</sup> NAESB’s revised standards reflect reduced intraday processing times from the current NAESB standards (*i.e.*, 3 hours instead of the current 4 hours). A comparison of the current NAESB intraday nomination timeline and the revised NAESB intraday nomination timeline is shown in the table below.

3. Comments

94. The large majority of comments on this issue support or do not oppose NAESB’s revised standards providing for three Intraday Nomination Cycles.<sup>155</sup> Commenters state that, consistent with the NOPR’s proposed four intraday nomination cycles, NAESB’s modified three intraday nomination cycles will allow gas-fired generators, as well as other pipeline customers, more flexibility to respond to scheduling, operational, or weather-related changes throughout the operating day.<sup>156</sup>

95. Many commenters state that they do not support an additional fourth intraday nomination cycle, as proposed in the NOPR, arguing it would likely result in increased costs and overlapping cycles.<sup>157</sup> For example, Dominion states that a fourth intraday cycle may require a third shift of

employees, which will increase costs for pipelines.<sup>158</sup>

96. Many commenters state that NAESB’s three intraday nomination cycles resolve gas industry participants’ concerns with the NOPR’s proposed four intraday nomination cycles regarding overlapping cycles, which, left unresolved, could lead to greater instances of incorrect shipper nominations and scheduling errors.<sup>159</sup> Commenters highlight several examples of overlapping cycles under the NOPR’s proposed four intraday nomination cycles. First, commenters state that the start of the NOPR’s proposed Evening Nomination Cycle is at 6:00 p.m. CCT, which would be the same time scheduled quantities are posted for the Intraday 3 Nomination Cycle. Commenters state that this would require a shipper to analyze how much of its gas the pipeline scheduled to flow for the remainder of the current Gas Day at the same time it must nominate in the Evening Nomination Cycle for gas flow the next day. Second, commenters state that the NOPR’s proposed 10:30 a.m. CCT start of the Intraday 2 Nomination Cycle would be before the 11:00 a.m. CCT posting of scheduled quantities for the Intraday 1 Nomination Cycle. Commenters state that under this timeline a customer would have to nominate gas in the Intraday 2 Nomination Cycle before learning what quantity of gas the pipeline scheduled in the Intraday 1 Nomination Cycle. Third, commenters state that the NOPR’s proposed 4:30 p.m. CCT posting of scheduled quantities for the Timely Nomination Cycle overlaps with the 4:00 p.m. start of the Intraday 3 Nomination Cycle, which would require pipelines to schedule gas for two different cycles at the same time. Commenters also point out that

NAESB’s three intraday nomination cycles, like its revised Timely Nomination Cycle, reflect a shortened processing time (*i.e.*, 3 hours instead of 4 hours). Commenters in the natural gas industry claim that these processing times cannot be shortened any further.<sup>160</sup>

97. Many commenters state that NAESB’s three intraday nomination cycles, unlike that of the NOPR’s proposed four intraday nomination cycles, provide sufficient time (1.5 hours) between the scheduled quantity posting of one cycle and the nomination deadline for the next cycle, so that shippers can review their pipeline transportation needs prior to the next nomination deadline.<sup>161</sup> Under the NOPR’s proposed four intraday nomination cycles, the 10:30 a.m. start of the Intraday 2 Nomination Cycle is before the 11:00 a.m. posting of scheduled quantities for the Intraday 1 Nomination Cycle and there is only 1 hour between the time the schedules are posted for the Intraday 3 Nomination Cycle (6:00 p.m.) and the start of the Intraday 4 Nomination Cycle (7:00 p.m.). Many commenters also point out that NAESB’s nomination timeline, in particular the three intraday nomination cycles, allows for the accomplishment of most scheduling work during regular business hours, or as close as possible to regular hours.<sup>162</sup>

98. AGA, Dominion, and INGAA submit that NAESB’s three intraday nomination cycles, in particular the Intraday 2 and Intraday 3 Nomination Cycles, will also address the Commission’s concern regarding gas-

<sup>155</sup> AGA Comments at 22; Ameren Comments at 1; ANGA Comments at 3; BHE Comments at 16–17; Calpine Comments at 7; Castex (Producer Coalition) Comments at 7; CenterPoint Comments 3–4; Con Edison Companies Comments at 9; CPG Comments at 5; Direct Energy Comments at 2; Dominion Comments at 3; DTE Gas Comments at 3; Duke Energy Comments at 3; Enhanced Reliability Coalition Comments at 29; EPSA Comments at 7; Equipower Comments at 9; ESI Comments at 3–4; Exelon Comments at 6; Gas Processors Association Comments at 1–2; INGAA Comments at 5; IOGA Comments at 5; IPPA Comments at 2; Kinder Morgan Comments at 6; National Fuel Distribution at 2–3; National Grid Comments at 1–2; Natural Gas Council Comments at 1–2; New England LDCs Comments at 30; NGS Comments at 1–2; Nisource Comments at 2; Northwest Gas Association Comments at 2–3; Northwest Industrial Gas Users Comments at 5–6; PGC Comments at 4; PUCO Comments at 6–8; Puget Comments at 10; Sequent Comments at 6; Southern Companies Comments at 11; Southern Star Comments at 3; Spectra Comments at 4; Texas Pipeline Association Comments at 9; TVA Comments at 2; WBI Energy Comments at 4.

fired generators' ability to ensure adequate gas supplies for the morning electric ramp by providing sufficient opportunities during the operating day to schedule gas to cover that morning period.<sup>163</sup>

99. ACES, AEP, Essential Power, and IRC support the four intraday nomination cycles proposed in the NOPR, rather than the three provided by NAESB's revised standards.<sup>164</sup> They state that more standardized opportunities for electric generators to nominate gas would provide generators additional operational flexibility to respond to real-time electric system needs.

100. While Exelon supports NAESB's proposed three intraday nomination cycles, it cautions that, if the start of the Gas Day remains at 9:00 a.m. CCT, non-bumpable interruptible shippers will preempt the rights of firm shippers for almost half of the Gas Day, or 11 hours.<sup>165</sup> Con Edison point out that, if the start of the Gas Day remains at 9:00 a.m. CCT, NAESB's last bumpable intraday cycle (2:30 p.m. CCT) would be more than 18 hours before the current start of next Gas Day.<sup>166</sup> Con Edison states that electric system conditions and load can change dramatically during an 18-hour period. Similarly, DSPS states that NAESB's three intraday nomination cycles makes sense from the perspective of a utility that operates in the Eastern-time zone, but notes that utilities, such as those in the Desert Southwest, that do not have a late afternoon nomination cycle effectively have no tools to ensure the reliability of their natural gas transportation during the last 18.5 hours of the Gas Day, assuming a 9:00 a.m. CCT start to the Gas Day.<sup>167</sup>

101. EDF *et al.* does not support NAESB's addition of a single intraday cycle. EDF *et al.* urges the Commission to standardize the voluntary enhanced practices of certain pipelines and establish up to twelve intraday nominating and gas capacity trading (capacity release) cycles.<sup>168</sup>

102. TVA, DSPS, Southern Star, Southern Company, and Michigan PSC encourage the Commission to consider modifying or eliminating the No-Bump

Rule.<sup>169</sup> TVA asserts that firm shippers paying demand charges under long-term firm contracts should always have priority, as firm capacity is charged and paid for the entire twenty-four hours of the Gas Day.<sup>170</sup> DSPS states that the No-Bump Rule precludes a firm shipper from calling upon the unutilized portion of its firm contract to satisfy the evening peak demands if the capacity already has been nominated by and confirmed to an interruptible shipper.<sup>171</sup>

103. Many commenters argue that the last intraday grid-wide nomination cycle should remain a no-bump cycle, as provided by NAESB's revised standards.<sup>172</sup> Commenters note that retaining the no-bump cycle was strongly supported in the NAESB process. The Enhanced Reliability Coalition states that no-bump plays an important role in balancing the flexibility needs for interruptible transmission shippers with available capacity while providing priority to firm shippers (who incurred the firm shipping costs) over interruptible shippers through the NAESB Intraday 2 Nomination Cycle.<sup>173</sup>

#### 4. Commission Determination

104. The Commission is amending its regulations at Part 284 to incorporate by reference NAESB's revised standards, which provide three intraday nomination cycles. Adoption of these standards will provide natural gas-fired generators, as well as other pipeline shippers, with increased scheduling flexibility. While the Intraday 1 Nomination Cycle will continue to start at 10:00 a.m. CCT, pipelines will issue scheduled quantities at 1:00 p.m. CCT, one hour earlier than under the currently effective standards, and gas flow will begin at 2:00 p.m. CCT, three hours earlier than under the currently effective standards. The new bumpable Intraday 2 Nomination Cycle will start at 2:30 p.m. CCT, four and a half hours after the single bumpable intraday nomination opportunity provided by the existing Intraday 1 Nomination Cycle, with pipelines issuing scheduled quantities at 5:30 p.m. CCT, and gas flow beginning at 6:00 p.m. CCT. By

adding an additional bumpable nomination cycle later in the day, firm shippers will have greater opportunity to utilize the intraday schedules to reflect load and weather changes consistent with the higher priority of their service. The later time for the bumpable nomination will help shippers in the west, in particular, by allowing them to reflect later changes in weather forecasts into their nominations. The new no-bump Intraday 3 Nomination Cycle will start at 7:00 p.m. CCT, two hours later than the current no-bump Intraday 2 Nomination Cycle, with gas flow beginning at 10:00 p.m. CCT, one hour later than under the current no-bump Intraday 2 Nomination Cycle. The later no-bump nomination cycle will give firm shippers a further opportunity to adjust their nominations consistent with their needs, while also providing certainty to interruptible transactions, so shippers and pipelines can plan for flows during the Gas Day.

105. These revised standards reflect a consensus of the natural gas industry, and the changes reflect broad support in both industries. The vast majority of the commenters prefer NAESB's proposed three intraday nomination cycles to the NOPR's proposed four intraday nomination cycles because the NAESB proposal allows sufficient time for processing gas nominations, avoids overlapping nomination cycles, and allows for the accomplishment of most scheduling work during regular business hours, or reasonably close thereto. Further, they meet the goals of the NOPR because they provide additional flexibility to gas-fired generators, as well as other pipeline shippers. While some would prefer further changes to address their individual or regional needs, we find that, on balance, these standards represent a step forward that will benefit all shippers. We also note that under Commission policy, pipelines may file enhanced services that provide additional scheduling flexibility for firm shippers by adding additional nomination cycles that allow firm shippers to bump interruptible shippers.<sup>174</sup>

<sup>173</sup> Enhanced Reliability Coalition Comments at 31.

<sup>174</sup> As clarified in the NOPR, pipelines may offer enhanced nomination opportunities that permit bumping of interruptible shippers at least until the time the bumping notice under the modified NAESB Intraday 2 Nomination schedule is issued at 5:30 p.m. CCT. NOPR, 146 FERC ¶ 61,201 at P 73. The modified NAESB Intraday 3 Nomination Cycle guarantees that any bumped interruptible shipper will have an opportunity to renominate its bumped volumes at 7:00 p.m. CCT. If a pipeline proposes enhanced nomination services that permit bumping of interruptible services after 5:30 p.m. CCT, the Commission will consider the proposal on

106. Some commenters suggest that because firm service has a higher priority than interruptible service, firm shippers should always be able to bump interruptible service, and more generally, that all nomination cycles should be bumpable. We find sufficient support for retaining a no-bump cycle and respecting the gas industry consensus that was achieved.<sup>175</sup> As several commenters maintain, and as the Commission has previously recognized, interruptible shippers need some stability in the nomination system. In Order No. 587–G, the Commission accepted a consensus of the gas industry, including both firm and interruptible shippers, and accepted standards that provide that the last intraday nomination opportunity would not permit bumping of interruptible service. In adopting this standard, the Commission recognized that making the last intraday nomination opportunity no-bump would provide stability to the nomination system.<sup>176</sup> Moving the last bump cycle to later in the day helps to accommodate the needs of the firm shippers, while maintaining the No-Bump Rule during NAESB's Intraday 3 Nomination Cycle will provide stability for interruptible shippers. As such, we find that it achieves a reasonable balance of interests.

107. While NAESB's modified standards represent an improvement over the currently effective standards, we continue to recognize that additional intraday nomination opportunities could promote more efficient use of existing pipeline infrastructure and provide additional operational flexibility to all pipeline shippers, including gas-fired generators. The modified NAESB standards reflect reduced intraday processing times from the current NAESB standards (*i.e.*, three hours instead of the current four hours), and existing operational limitations, including the manual processes utilized by pipelines for processing nominations, may affect the ability of the gas industry to add additional standard nomination cycles applicable to all shippers. However, the use of

a case-by-case basis to determine whether such proposal provides an adequate subsequent opportunity to renominate any bumped volumes. *Id.*

<sup>176</sup> Order No. 587–G, FERC Stats. & Regs., ¶ 31,062, *order on reh'g*, Order No. 587–I, 63 FR 53565, 53569 (Oct. 6, 1998), FERC Stats. & Regs., Regulations Preambles 1996–2000 ¶ 31,067 (1998).

computerized scheduling would appear to provide an opportunity for faster and more frequent scheduling of intraday nominations for those shippers and their confirming parties willing to commit to scheduling electronically. We request that gas and electric industries, through NAESB, explore the potential for faster, computerized scheduling when shippers and confirming parties all submit electronic nominations and confirmations, including a streamlined confirmation process if necessary. Providing such an option would enable those entities that need greater scheduling flexibility to have their requests processed expeditiously.

## V. DSPS Proposal

### A. Background

108. In its proposal, DSPS asserts that the fundamental issue in the Desert Southwest is that firm transportation shippers do not have the necessary tools to access their firm transportation capacity in order to properly respond to operating contingencies, including unexpected changes in renewable generation, that occur during their evening peak demand period. DSPS suggests that three Commission policies preclude firm shippers in the Desert Southwest from accessing their transportation capacity during their evening peak demand period. First, DSPS states that the intraday nomination cycles do not align with the evening peak periods of demand in the Desert Southwest which occur between 7:00 p.m. and 9:00 p.m. CCT. Second, DSPS states that the rule that interruptible service cannot be bumped in the last intraday nomination cycle precludes firm transportation shippers from accessing their transportation capacity during the evening peak period if an interruptible shipper is already flowing gas on the system. Finally, DSPS states that the Commission's rule that, once scheduled, secondary firm service cannot be bumped in any subsequent nomination cycle,<sup>177</sup> also interferes with the ability of firm shippers to schedule primary-firm service after the Timely Nomination Cycle. DSPS states that it is concerned that some shippers are contracting for primary firm transportation rights on unused pipeline paths and then scheduling secondary firm service on a more heavily used path outside their primary path in the Timely or Evening Nomination Cycles. DSPS states that

<sup>177</sup> The Commission's long standing policy on firm service is that once scheduled, whether at primary or secondary points, the service may not be bumped by a nomination by another firm shipper.

this blocks shippers holding primary firm rights to the more heavily used path, including DSPS members, from using their primary firm service in subsequent nomination cycles.

109. DSPS notes that geographical factors also present unique challenges in the Desert Southwest. DSPS indicates that the Desert Southwest does not have local market area gas storage which makes it difficult to respond to unexpected changes in demand. Further, DSPS contends that the Desert Southwest is the home of a growing percentage of renewable energy resources. DSPS claims that electric utilities require both the transportation capacity and the natural gas commodity be available to respond to the immediate generation demands caused by the drop in renewable energy.

110. Accordingly, DSPS proposes changes on a national basis and on a regional basis, as discussed below.

### B. DSPS's Proposed National Changes

111. On a national basis, DSPS requests that the Commission: (1) Start the Evening Nomination Cycle at 7:00 p.m. CCT (instead of 6:00 p.m. CCT, as in both the NOPR and NAESB's revised standards); and (2) modify the Commission's policy on natural gas scheduling priority to allow primary-firm shippers to bump secondary firm shippers during the Evening Nomination Cycle. DSPS contends that moving the Evening Nomination Cycle to 7:00 p.m. CCT provides a timely opportunity to address operating contingencies. DSPS also contends that, unlike the alternative of establishing a bumpable 7:00 p.m. CCT intraday nomination cycle, this proposal dispenses with the concerns surrounding interrupting flowing gas, the need for a subsequent no-bump cycle, and the fact such a late intraday nomination cycle would have little value due to the elapsed pro-rata flow of the gas. DSPS asserts that its proposal to modify the Commission's policy on secondary firm nominations would increase the value of firm contracts involving primary points and encourage long-term contracting, which in turn promotes infrastructure development.

#### 1. Comments

112. In its October 15, 2014 notice, the Commission specifically sought comment on the DSPS proposals. None of the commenters on DSPS's proposal support DSPS's proposal to change the Evening Nomination Cycle from 6:00

p.m. to 7:00 p.m. CCT.<sup>178</sup> While most commenters oppose modifying Commission policy to permit primary-firm nominations to bump secondary firm nominations in the Evening Nomination Cycle, a few commenters support this proposal.

113. Many of those commenters opposing the DSPS proposal to change the Evening Nomination Cycle contend that the change is contrary to the NAESB efforts to establish a coordinated nomination and scheduling timeline.<sup>179</sup> PGC states that during the NAESB discussion and voting process, a 7:00 p.m. CCT Evening Nomination Cycle was thoroughly vetted and ultimately rejected by a majority of the industry participants.<sup>180</sup> Other commenters state that the proposed time would coincide with the start of the NAESB Intraday 3 Nomination Cycle.<sup>181</sup> Several commenters also state that DSPS has not sufficiently explained why its proposed 7:00 p.m. Evening Nomination Cycle would address its concerns about operating contingencies occurring in the late afternoon of a Gas Day as nominations made during the Evening Nomination Cycle are for gas flow on the following Gas Day.<sup>182</sup>

114. With respect to DSPS's proposal to change the scheduling priority of secondary firm/alternate nominations in the Evening Nomination Cycle, NGSAs and PGC contend the DSPS proposal would de-value secondary firm service<sup>183</sup> and AGA argues that the DSPS proposal would adversely affect gas customers by reducing revenues from secondary market sales that are used to mitigate the costs of holding firm capacity.<sup>184</sup>

115. Several pipelines state that the proposal to allow primary-firm nominations to bump secondary firm nominations in the Evening Nomination Cycle would also negatively affect

pipeline operations.<sup>185</sup> INGAA states that pipeline operators need sufficient time after scheduling nominations, based on priority, to set up the pipeline system for the next Gas Day. INGAA contends that the adoption of the DSPS's proposal effectively would shift this work from the period following the Timely Nomination Cycle to the period following the Evening Nomination Cycle because firm shippers will have little or no reason to submit primary firm nominations prior to the Evening Nomination Cycle. WBI and INGAA further note that the DSPS proposal would move the major confirmation and scheduling period outside of normal business hours, making it more difficult for a pipeline operator to confirm a shipper's nomination with receipt and delivery point operators, producers and shippers.

116. Similarly, PGC and INGAA assert that delaying the posting of scheduled quantities until 10:00 p.m. CCT would cause uncertainty among firm shippers until after business hours, when few suppliers are staffed sufficiently to reroute or resell gas and the commodity market is not liquid, to learn whether the shipper's gas was scheduled to flow the next Gas Day or be bumped.<sup>186</sup>

117. Kinder Morgan notes that NAESB has recently developed capacity release standards (in conjunction with moving the Timely Nomination Cycle back to 1:00 p.m.) that will allow shippers to acquire released capacity in time to be nominated in the Timely Nominated Cycle.<sup>187</sup> Kinder Morgan states that the DSPS proposal would negate the benefit of this enhancement.

118. Southern Company supports allowing primary-firm nominations to bump secondary firm nominations in the Evening Nomination Cycle.<sup>188</sup> Southern Company suggests that a critical component of its plans for providing reliable, cost-effective electricity supply to customers calls for the maintenance of firm gas transportation and storage capacity to serve its gas-fired generators. Southern Company suggests that the value of holding firm transportation service to serve gas-fired generators is undermined, however, when an electric generator attempts to react to changes in demand only to find its contracted firm transportation capacity unavailable as a result of other shippers' prior, secondary firm nominations. Southern

Company believes the current policy sends the wrong signal to market participants who might otherwise choose to invest in firm service if they could be confident of their rights to exercise it as needed.

119. Along the same lines, TVA argues that secondary out-of-path service should have no higher priority than interruptible transportation.<sup>189</sup> TVA states that its access to its firm, in-path capacity is being jeopardized by shippers contracting for firm transportation on pipeline paths that do not deliver to their markets and subsequently nominating secondary firm transportation outside their primary path on a perpetual basis. This practice limits primary firm shippers' ability to utilize their capacity after the Timely Nomination Cycle. TVA states that capacity is only built to support the primary path of firm transportation contracts and will not materialize when a shipper contracts for a specified firm transportation path, but chooses to nominate and flow on an entirely unrelated path.

120. Many commenters support consideration of the DSPS proposal on a regional basis by individual pipelines.<sup>190</sup> Transwestern states that the proposal is workable and has been adopted on other pipelines.<sup>191</sup>

## 2. Commission Determination

121. The Commission declines to adopt DSPS' proposal to move the Evening Nomination Cycle to 7:00 p.m. CCT or to modify the Commission's policy on natural gas scheduling priority to require all pipelines to permit primary firm nominations to bump secondary firm nominations in the Evening Nomination Cycle.

122. With respect to the proposed change to the Evening Nomination Cycle, DSPS fails to make clear how moving the start time of the Evening Nomination Cycle one hour later to 7:00 p.m. CCT provides shippers in its region with a more timely opportunity to address operating contingencies that arise fourteen hours later during the Gas Day. Starting the Evening Nomination Cycle at 7:00 p.m. CCT does not appear to address DSPS's concerns with demand fluctuations, given that the Evening Nomination Cycle is for gas scheduled to flow the next Gas Day, not the current Gas Day. Also, under DSPS' proposal, the Evening Nomination Cycle would occur at the same time as

<sup>178</sup> ACES Comments at 13; AGA Comments at 33; Dominion Comments at 12–13; Enhanced Reliability Coalition Comments at 32–33; EPSA Comments at 8; INGAA Comments at 9–10; IPAA Comments at 3; Kinder Morgan Comments at 10; National Grid Comments at 5; New England LDCs Comments at 32; Natural Gas Council Comments at 6; NGSAs Comments at 22; PGC Comments at 8; Sequent Comments at 6; Southwest IS Comments at 2–3; Transwestern Comments at 4; WBI Energy Comments at 7.

<sup>191</sup> Transwestern Comments at 4–5.

NAESB's Intraday 3 Nomination Cycle. Given the wide support for the revised NAESB Evening Nomination Cycle and the largely unexplained benefits of moving the Evening Nomination Cycle later, we find that making such a change to the Evening Nomination Cycle is unwarranted.

123. Regarding modifying Commission policy to require all pipelines to permit primary firm nominations to bump scheduled secondary firm service in the Evening Nomination Cycle, the Commission finds that the benefits of that proposal do not outweigh the burdens that would be placed on all interstate pipelines and secondary firm shippers as a result of such proposal. Based on the comments, allowing primary firm to bump secondary firm would move the major confirmation and scheduling period outside of normal business hours, making it more difficult for a pipeline operator to confirm a shipper's nomination with point operators, producers and shippers. It could also disrupt the liquid secondary market for capacity by reducing the value of obtaining released capacity. For these reasons, the Commission declines to adopt this proposal on a national basis.

### C. 1-Year Pilot Program

124. DSPS also requests that Commission require, on a 1-year pilot program basis, the pipelines serving the Desert Southwest (*i.e.*, El Paso Natural Gas, Transwestern and TransCanada-North Baja Pipelines) to allow firm shippers experiencing an unexpected increase in demand during the evening of the current Gas Day to submit a separate "retro/make-up" nomination during the Evening Nomination Cycle that would not take effect until the start of the next Gas Day but would make up for the unscheduled service they take during the current Gas Day. DSPS also proposes that the Pilot Program: (a) Provide that imbalance charges/penalties only apply to imbalances that are not corrected by gas that flows at the start of the Gas Day; and (b) prohibit shippers from submitting a combination of a retro/make-up nomination and a daily nomination that exceeds the shipper's Maximum Daily Quantity of its firm contract. DSPS states that, by allowing a retro/make up nomination to be submitted in the Evening Nomination Cycle, the firm shipper would be ensuring that the gas it uses to address the operating contingency would be injected into the pipeline beginning at the start of the next Gas Day.

### 1. Comments

125. Kinder Morgan states that its pipelines that serve the DSPS stakeholders have been engaged in discussions with DSPS regarding their unique issues.<sup>192</sup> Kinder Morgan states that the regional needs of the DSPS are best addressed on a pipeline-specific basis. Kinder Morgan also notes that El Paso has previously added additional nomination intraday cycles and offers various types of hourly services. Kinder Morgan states that the DSPS pilot program incorrectly assumes that pipelines have available unused capacity or other flexibility that would allow a shipper to unilaterally take whatever amount of gas it wants at 7:00 p.m. CCT and that the pipeline would entertain a retro or make-up nomination recognizing the shipper took the gas and returned it to the pipeline later. Kinder Morgan states that this proposal poses substantial problems for a pipeline by requiring the pipeline to keep the shipper whole for a good portion of the 24-hour Gas Day, placing its other deliveries at risk. Kinder Morgan states that in actuality this type of transaction calls for a no-notice type of transportation service and potentially requires new facilities, including storage.

126. Transwestern states that, while further clarification is needed as to exactly what DSPS intends, Transwestern is willing to work with DSPS and other regional entities to structure retro/make-up nominations and help customers manage their loads in view of the unique operating circumstances of the Desert Southwest.<sup>193</sup>

### 2. Commission Determination

127. As noted elsewhere in this Final Rule, regional solutions may work best to address certain needs arising from increased use of natural gas. While the Commission will not require the pipelines serving the Desert Southwest (*i.e.*, El Paso Natural Gas, Transwestern and TransCanada-North Baja Pipelines) to implement DSPS's proposed 1-year pilot program, we encourage continued discussion in the region. The record here is insufficient for the Commission to require the pipelines to institute DSPS' requested pilot program of make-up nominations. The comments of the pipelines affected by this proposal indicate that they are uncertain of the operational feasibility of instituting a make-up nomination, but are interested in discussing this issue further with the DSPS shippers. Given the comments, we

lack any evidence that requiring these pipelines to offer make-up nominations during the Evening Nomination Cycle is operationally feasible for all the pipelines. However, one or more pipelines appear willing to discuss potential service offerings that may help Desert Southwest shippers and we encourage those discussions to proceed.

## VI. Multi-Party Transportation Contracts

### A. Background

128. The Commission's regulations require that all transfers of firm pipeline capacity from one shipper to another shipper take place pursuant to the capacity release program in section 284.8 of our regulations to ensure that such capacity transfers are transparent and not unduly discriminatory.<sup>194</sup> Utilizing capacity release to effectuate sharing of capacity between entities can make sharing of capacity less efficient due to the need to comply with the capacity release posting and bidding requirements, as well as the need for the replacement shipper to enter into a contract with the pipeline for each release. In recent years, however, the Commission has accepted several pipeline proposals to offer multiple shippers the option of entering into a single contract for transportation service, with a single agent or asset manager managing the capacity under the contract.<sup>195</sup> As approved by the Commission, this option permits several shippers to share the subject capacity without the need to use the capacity

<sup>194</sup> See *Pipeline Service Obligations and Revisions to Regulations Governing Self-Implementing Transportation and Regulation of Natural Gas Pipeline After Partial Wellhead Decontrol*, Order No. 636, FERC Stats. & Regs. ¶ 30,939, at 30,416-20, *order on reh'g*, Order No. 636-A, FERC Stats. & Regs. ¶ 30,950, at 30,554 (1992). See also *Regulation of Short-Term Natural Gas Transportation Services and Regulation of Interstate Natural Gas Transportation Services*, Order No. 637, FERC Stats. & Regs. ¶ 31,091, at 31,300 (2000).

<sup>195</sup> *Southern Natural Gas Co.*, 124 FERC ¶ 61,145 (2008) (*Southern*) (pipeline modified Rate Schedule FT to allow a single contract option for multiple shippers affiliated with a single agent or asset manager); *Florida Gas Transmission Co., LLC*, 128 FERC ¶ 61,284 (2009), *order on compliance filing*, Docket No. RP09-922-001 (Nov. 17, 2009) (delegated letter order) (pipeline modified provisions of Rate Schedules FT and IT to allow a single contract option for multiple shippers that have designated a single agent on their behalf); *Transcontinental Gas Pipe Line Corp.*, Docket No. RP10-1099-000 (Sept. 14, 2010) (delegated letter order) (pipeline modified provisions of Rate Schedules IT, PAL and Pooling, and ICTS to allow a single contract option for multiple shippers that have designated a single agent on their behalf); *Tennessee Gas Pipeline Co., L.L.C.*, 142 FERC ¶ 61,200 (2013) (*Tennessee*) (pipeline modified provisions of Rate Schedules FT, IT and PAL to allow a single contract option for multiple shippers that have designated a single agent on their behalf).

<sup>192</sup> Kinder Morgan Comments at 12.

<sup>193</sup> Transwestern Comments at 5.

release program to transfer the capacity among themselves. In order to satisfy the Commission's shipper-must-have-title policy, the pipelines proposed, and the Commission accepted, tariff provisions ensuring that each shipper under a multi-party transportation contract agree to be jointly and severally liable for all obligations of all shippers and the agent under the single service agreement.<sup>196</sup> The Commission has permitted multi-party transactions even when the shippers under such an agreement are not affiliated with one another.<sup>197</sup>

129. This contracting flexibility has been utilized by entities to meet their collective load obligations in a more efficient manner. For example, certain affiliated utilities of Southern Company, which have long operated as an integrated public utility electric system through the joint commitment and economic dispatch of their gas-fired generating resources, have entered into a single interstate natural gas pipeline transportation service agreement, with Southern Company Services (their affiliated agent) arranging for the gas supplies used in their generating facilities.<sup>198</sup> Under this single transportation service agreement, on any given day Southern Company Services can use up to its overall contractual entitlement under the service agreement to provide service to any one of its affiliated utilities.

#### B. NOPR Proposal

130. The NOPR proposed to revise Part 284 of the Commission's regulations to require interstate natural gas pipelines that offer firm transportation service under subpart B or G of Part 284 to allow multiple shippers associated with a designated agent or asset manager to be jointly and severally liable under a single firm transportation service agreement, subject to reasonable terms and conditions. Consistent with the multi-party contract tariff provisions the

<sup>196</sup> See, e.g., *Southern*, 124 FERC ¶ 61,145 at P 12. As the Commission explained, multi-party contracts must include joint and several liability to comply with the Commission's shipper-must-have-title policy. Without joint and several liability, shippers under the multi-party contracts that are not liable for the total charges under the agreement would be in violation of the Commission's shipper-must-have-title policy to the extent they used capacity in excess of that for which they were liable to pay.

<sup>197</sup> See, e.g., *Florida Gas Transmission Co., LLC*, 126 FERC ¶ 61,055 (2009).

<sup>198</sup> See, e.g., *Southern Natural Gas Co.*, Transmittal, Docket No. RP01-205-016 (May 14, 2009); *Southern*, 124 FERC ¶ 61,145. The affiliates were Alabama Power Company, Georgia Power Company, Gulf Power Company, Mississippi Power Company, Savannah Electric and Power Company and Southern Power Company.

Commission previously approved, the NOPR stated that such reasonable terms and conditions may include requirements that: (1) The shippers and agent demonstrate their agency relationship in writing; and (2) the shippers are willing to be treated collectively as one shipper for nomination, allocation, and billing purposes under the contract.

131. As explained in the NOPR, the use of shared capacity can make the purchase of firm pipeline capacity more affordable, including for gas-fired generators. For example, a gas-fired generator could decide to defray its pipeline capacity costs by sharing capacity among a number of generators or by sharing capacity with a LDC that has differing peak needs for natural gas transportation service. Similarly, an industrial plant, which has a relatively constant need for gas when its plant is operating but which has the flexibility to reduce its operations and gas usage on relatively short notice, could arrange to share its capacity with another shipper, such as a gas-fired generator, which only needs gas during short intervals and which has less control over when it runs. Permitting such entities to enter into a single contract with the pipeline gives those entities the flexibility to choose contracting partners with complementary needs for pipeline capacity and to enter into an ongoing contractual relationship concerning how they will share the capacity.

132. The Commission's NOPR proposal would only require pipelines to offer multi-party service agreements for firm service because a primary benefit of such service agreements is that they permit entities to share firm capacity without the need to engage in capacity releases. However, in recognition of the fact that some pipelines currently offer multi-party service agreements to interruptible customers as well, the Commission requested comment on whether it should also require pipelines to offer multi-party service agreements for interruptible transportation service.

#### C. Comments

133. Ten commenters either support or do not oppose the NOPR proposal.<sup>199</sup> They contend that the proposal will provide shippers, including gas-fired generators, with greater flexibility and

facilitate more efficient use of pipeline capacity.

134. Many commenters express varying degrees of qualified support for the NOPR proposal.<sup>200</sup> IOGA asserts that the concept could be valuable not just for gas-fired generators, but also for small producers as an alternative to interruptible transportation and a tool to help optimize capacity and ensure that they have a firm outlet for gas.<sup>201</sup> IOGA, along with EnerVest, urges the Commission, however, to grant blanket waivers of the shipper-must-have-title policy in order to facilitate multi-party transportation agreements.<sup>202</sup> Several commenters argue that the Commission should leave it to individual pipelines to propose such services in response to customer needs.<sup>203</sup> INGAA states that even on pipelines that currently allow multi-party contracts, customer response has been limited.<sup>204</sup> INGAA requests that the Commission either reconsider the addition of section 284.12(b)(1)(v) to the Commission's regulations or modify the regulatory text to provide that:

*Within 60 days upon a shipper request, a pipeline will file to make appropriate tariff changes at the Commission to allow multiple shippers associated with a designated agent or asset manager to be jointly and severally liable under a single firm transportation service agreement, subject to reasonable terms and conditions. (emphasis added)*

135. AF&PA, IECA, NGSAA, and PGC support the concept of making multi-party transportation contracts more widely available, provided that the Commission can ensure that multi-party contracts are transparent, do not adversely affect existing shippers, comply with all pipeline tariffs, and do not unduly discriminate against other shippers.<sup>205</sup> Along those lines, AF&PA, IECA, and PGC urge the Commission to clarify that individual shippers must be publicly disclosed, not just the designated contract agent or asset manager under the multi-party transportation contract.<sup>206</sup> AF&PA, IECA, and NGSAA also suggest that the

<sup>200</sup> AF&PA Comments at 4; BHE Comments at 17-18; EnerVest Comments at 7; IECA Comments at 2-4; INGAA Comments at 32-33; IOGA Comments at 5-6; Kinder Morgan Comments at 15; NGSAA Comments at 24-25; PGC Comments at 7; Spectra Comments at 9.

<sup>204</sup> INGAA Comments at 31.

<sup>205</sup> AF&PA Comments at 3-5; IECA Comments at 2-4; NGSAA Comments at 24-26; PGC Comments at 6-8.

<sup>206</sup> AF&PA Comments at 3-5; IECA Comments at 2-4; PGC Comments at 6-8.

Commission should closely monitor and take action if increased utilization of multi-party contracts substantially reduces the competitiveness of the secondary market.<sup>207</sup>

136. Other commenters urge the Commission to require certain provisions that have already been approved in other proceedings involving multi-party transportation contracts (e.g., shippers and agents must demonstrate their agency relationship in writing).<sup>208</sup> BHE supports the NOPR proposal, provided the affected interstate natural gas pipelines are adequately protected financially by way of creditworthiness terms and conditions.<sup>209</sup>

137. Several commenters who support the concept of multi-party transportation contracts, nevertheless request a number of clarifications regarding the terms and conditions of service for multi-party transportation contracts. MSCG urges the Commission to clarify scenarios involving liability, events of default, billing and payment, and shipper-must-have-title.<sup>210</sup> NGSAs requests several clarifications on confidentiality and the consolidation of existing agreements into a single multi-party transportation contract.<sup>211</sup> Puget requests that the Commission clarify how capacity and costs are shared amongst the parties under a multi-party transportation agreement.<sup>212</sup>

138. Some commenters assert that the Commission should convene technical conferences or workshops or perform further evaluation to further explore some of the issues discussed above and other implementation issues before adopting the proposed regulation.<sup>213</sup>

139. Idaho Power, Sequent, and Tenaska oppose the NOPR proposal, arguing that multi-party transportation contracts will not offer any additional benefits to the reliability of gas supply to generators than the Commission's current capacity release program or current pipeline service offerings.<sup>214</sup> For example, Tenaska asserts that the NOPR's proposal would carve out an exception to the capacity release rules for multi-party transportation contracts and would depart from the goals of the

program, including those regarding transparency, allocation to the party that values the released capacity the most, and by allowing private groups to control a certain amount of capacity outside of the capacity release process.<sup>215</sup> Tenaska also states that the NOPR proposal does not address whether or how any amount of the shared capacity, once under a multi-party transportation contract, can be re-released, or whether the designated agent or Asset Manager may use the capacity.

140. Sequent is concerned that the parties to a multi-party service agreement could receive preferential treatment or status over non-multi-party capacity bidders in terms of capacity allocation, posting and bidding rules (including those for affiliates), credit requirements, application of shipper-must-have-title policy, prohibition on buy-sell arrangements, tying and other capacity release requirements. Sequent also requests clarification regarding open seasons and the consolidation of existing transportation agreements into a single multi-party transportation contract.<sup>216</sup>

141. In response to the NOPR's question regarding whether the Commission should require pipelines to offer multi-party interruptible contracts, AF&PA, Duke, EnerVest, NGSAs, and PGC support or do not oppose offering multi-party transportation contracts for interruptible service.<sup>217</sup> However, Dominion, INGAA, and Kinder Morgan argue against it.<sup>218</sup> EnerVest argues that, in the case of affiliated capacity-sharing shippers, allowing a single affiliated agent or asset manager to interface with the pipeline in connection with interruptible transportation services would provide potential administrative benefits for both shippers and pipelines alike, and would contribute to greater efficiency in overall utilization of total interstate natural gas pipeline transportation capacity.<sup>219</sup> To the contrary, INGAA argues that an interruptible transportation multi-party service agreement would not provide generators with any additional ability to offset the costs of holding an interruptible transportation contract, since there are none, and would not provide any additional incentives for generators to enter into an interruptible transportation agreement, since that

incentive is there already.<sup>220</sup> Dominion makes similar arguments.<sup>221</sup>

#### D. Commission Determination

142. In this Final Rule, the Commission adopts section 284.12(b)(1)(iii) as proposed in the NOPR, with the modification requested by INGAA. Instead of requiring all interstate pipelines at this time to modify their tariffs to offer multi-party firm transportation contracts, the Commission will only require pipelines to offer such an option if requested to do so by a shipper. Specifically, section 284.12(b)(1)(iii) as adopted in this Final Rule, requires that within 60 days of a shipper request, a pipeline must file to make appropriate tariff changes to allow multiple shippers associated with a designated agent or asset manager to be jointly and severally liable under a single firm transportation service agreement, subject to reasonable terms and conditions.

143. As noted by many commenters, the availability of multi-party firm transportation contracts will provide shippers, including gas-fired generators, with greater flexibility and facilitate more efficient use of pipeline capacity. In addition, section 284.12(b)(1)(iii) as adopted ensures that pipelines are responsive to shipper requests when, and if, a shipper is interested in pursuing a multi-party transportation agreement, while not requiring pipelines to implement tariff provisions offering that option where there is no shipper interest. Postponing implementation in this regard would not appear to unduly delay use of multi-party transportation contracts by interested shippers given the time necessarily involved in finalizing a multi-party arrangement.

144. Upon an individual pipeline's filing to implement multi-party transportation contracts, customers and other interested persons will have the opportunity to raise any concerns regarding the pipeline's filing, including any accompanying terms and conditions proposed by the individual pipeline. Commenters who have raised questions or requested clarifications in this proceeding regarding accompanying terms and conditions, such as creditworthiness, capacity release, open seasons, existing agreements, events of default, liability, and billing and payment, will have the opportunity to seek such clarifications in the individual pipeline proceedings, thereby giving the individual pipeline

<sup>207</sup> AF&PA Comments at 3–5; IECA Comments at 2–4; NGSAs Comments at 24–26.

<sup>220</sup> INGAA Comments at 33–34.

<sup>221</sup> Dominion Comments at 29.

the first opportunity to address any such concerns.

145. Tenaska and other commenters raise concerns regarding transparency and the impact of the multi-party transportation contracts on the capacity release market. In recent years, the Commission has accepted several pipeline proposals to offer multiple shippers the option of entering into a single contract for transportation service, with a single agent or asset manager managing the capacity under the contract.<sup>222</sup> The Commission has received no indication of any problems surrounding such multi-party transportation contracts or of a negative impact on the capacity release market resulting from such contracts. Furthermore, as INGAA notes, customer use of such contracts has been limited.<sup>223</sup> There are also safeguards in the revised regulatory text and under existing regulations. The revised regulatory text requires shippers under a multi-party contract to be jointly and severally liable in order to satisfy the Commission's shipper-must-have-title policy, thereby limiting the option to shippers who value the capacity sufficiently to agree to be liable for all payments under the contract. Commission regulations also require that all interstate pipelines must publicly post information regarding any contract for firm transportation, or revision thereto, including shipper name and the rate charged under the contract.<sup>224</sup> Interstate pipelines would continue to have this obligation with respect to multi-party transportation contracts, including posting the name of each shipper that is a party to the multi-party contract. With respect to concerns about undue discrimination or preference, section 4(b) of the NGA prohibits undue discrimination or preference by interstate pipelines. On balance, the Commission believes that the regulation adopted by this Final Rule, together with existing safeguards, strikes a reasonable balance between offering shippers greater contracting flexibility and protecting other shippers, as well as the pipeline. The Commission will also continue to monitor the use of multi-party transportation contracts.

146. The Commission denies EnerVest and IOGA's alternative request that the Commission grant a blanket waiver of

the shipper-must-have-title policy to permit shippers to more easily share capacity. As the Commission has previously explained, the capacity release program was designed with the shipper-must-have-title rule as its foundation. That rule ensures that transfers of capacity among shippers must take place through the capacity release program, thus ensuring that such capacity transfers are transparent and not unduly discriminatory.<sup>225</sup> Therefore, the Commission will not grant a generic waiver of the shipper-must-have-title rule in this rulemaking proceeding. However, the Commission is open to considering requests for waiver of its capacity release regulations and/or the shipper-must-have-title rule on a case-by-case basis, where it is shown that such a waiver would be in the public interest, for example by assisting natural gas-fired generators in obtaining access to firm transportation service in a transparent and not unduly discriminatory manner.<sup>226</sup>

147. Several commenters raise questions regarding the rights and responsibilities of the individual parties to a multi-party transportation contract, as well as the responsibilities of the agent or asset manager. In general, rights and responsibilities related to the shippers' relationship to the pipeline will be determined by the individual pipeline's tariff, but rights and responsibilities as between the shippers and their agent or asset manager, such as how capacity is allocated between the contracting parties on any given day, will be determined by the parties and the agent or asset manager to the transportation contract.

148. The Commission will not require multi-party service contracts for interruptible transportation. As INGAA points out, unlike firm shippers, interruptible shippers do not have any obligation to pay a monthly reservation charge and only pay transportation charges when they utilize the service. Thus, there is no existing financial impediment to generators or others entering into interruptible transportation contracts. Unlike multi-party contracts for firm service, an interruptible multi-party transportation contract would not provide generators with any additional ability to offset the

costs of holding an interruptible transportation agreement. The limited administrative benefits identified by EnerVest do not appear to warrant requiring interstate pipelines to provide such contracts for interruptible transportation.

#### VII. Notice of Use of Voluntary Consensus Standards

149. Office of Management and Budget Circular A-119 (§ 11) (February 10, 1998) provides that federal agencies issuing or revising regulations with a standard should publish a statement in the Final Rule identifying the adopted standard as being a voluntary consensus standard or a government-unique standard. In this Final Rule, the Commission is incorporating by reference voluntary consensus standards developed by the NAESB WGQ. In section 12(d) of NTT&AA, Congress affirmatively requires federal agencies to use technical standards developed by voluntary consensus standards organizations to carry out policy objectives or activities determined by the agencies unless use of such standards would be inconsistent with applicable law or otherwise impractical.<sup>227</sup>

#### VIII. Incorporation by Reference

150. The Office of the Federal Register requires agencies incorporating material by reference in final rules to discuss, in the preamble of the final rule, the ways that the materials it incorporates by reference are reasonably available to interested parties and how interested parties can obtain the materials.<sup>228</sup> The regulations also require agencies to summarize, in the preamble of the final rule, the material it incorporates by reference.

151. The NAESB standards being incorporated by reference in this Final Rule are summarized in P 23, 87, 104. Our regulations provide that copies of the NAESB standards incorporated by reference may be obtained from the North American Energy Standards Board, 801 Travis Street, Suite 1675, Houston, TX 77002, Phone: (713) 356-0060. NAESB's Web site is at <http://www.naesb.org/>. Copies may be inspected at the Federal Energy Regulatory Commission, Public Reference and Files Maintenance Branch, 888 First Street NE., Washington, DC 20426, Phone: (202) 502-8371, <http://www.ferc.gov>.<sup>229</sup>

<sup>227</sup> Pub. L. No. 104-113, 12(d), 110 Stat. 775 (1996), 15 U.S.C. 272 note (1997).

<sup>228</sup> 1 CFR 51.5 (2014). See Incorporation by Reference, 79 FR 66267 (Nov. 7, 2014).

<sup>229</sup> 18 CFR 284.12 (2014).

<sup>222</sup> See, e.g., *Southern*, 124 FERC ¶ 61,145; *Florida Gas*, 128 FERC ¶ 61,284, order on compliance filing, Docket No. RP09-922-001 (Nov. 17, 2009) (delegated letter order); *Transcontinental Gas Pipe Line Corp.*, Docket No. RP10-1099-000 (Sept. 14, 2010) (delegated letter order); *Tennessee*, 142 FERC ¶ 61,200.

<sup>224</sup> See 18 CFR 284.13 (2014).

<sup>225</sup> Order No. 637, FERC Stats & Regs. ¶ 31,091 at 31,300 (2000).

<sup>226</sup> See *Georgia Pub. Serv. Comm'n*, 107 FERC ¶ 61,024, at P 36 (2004), *reh'g granted in part, denied in part*, 110 FERC ¶ 61,048 (2005), *reh'g denied*, 111 FERC ¶ 61,178 (2005), and *Promotion of a More Efficient Capacity Release Market*, Order No. 712-A, FERC Stats. & Regs. ¶ 31,284, at P 146 (2008), order on *reh'g and clarification*, Order No. 712-B, 127 FERC ¶ 671,051 (2009).

152. NAESB is a private consensus standards developer that develops voluntary wholesale and retail standards related to the energy industry. The procedures utilized by NAESB make its standards reasonably available to those affected by the Commission regulations. Participants can join NAESB, for an annual membership cost of only \$7,000, which entitles them to full participation in NAESB and enables them to obtain these standards at no cost.<sup>230</sup> Non-members may obtain the Individual Standards Manual or Booklets for each standard by email for \$250 per manual or booklet, which in the case of these standards would total \$1,000.<sup>231</sup> Nonmembers also may obtain the complete set of Standards Manuals, Booklets, and Contracts on CD for \$2,000. NAESB also provides a free electronic read-only version of the standards for a three business day period or, in the case of a regulatory comment period, through the end of the comment period.<sup>232</sup> In addition, NAESB considers requests for waivers of the charges on a case by case basis depending on need. The parties affected by these Commission regulations are highly sophisticated and have the means to acquire the information they

need to effectively participate in Commission proceedings.

**IX. Information Collection Statement**

153. The collections of information for this Final Rule are being submitted to the Office of Management and Budget (OMB) for review under section 3507(d) of the Paperwork Reduction Act of 1995<sup>233</sup> and OMB's implementing regulations.<sup>234</sup> OMB must approve information collection requirements imposed by agency rules. The burden estimates for this Final Rule are for one-time implementation of the information collection requirements of this Final Rule (including tariff filing, documentation of the process and procedures, and IT work), and ongoing burden.

154. The Commission solicits comments from the public on the Commission's need for this information, whether the information will have practical utility, the accuracy of the burden estimates, recommendations to enhance the quality, utility, and clarity of the information to be collected, and any suggested methods for minimizing respondents' burden, including the use of automated information techniques. The burden estimates are for

implementing the information collection requirements of this Final Rule. The Commission asks that any revised burden estimates submitted by commenters include the details and assumptions used to generate the estimates.

155. The collections of information related to this Final Rule fall under FERC-545 (Gas Pipeline Rates: Rate Change (Non-Formal))<sup>235</sup> and FERC-549C (Standards for Business Practices of Interstate Natural Gas Pipelines).<sup>236</sup> The following estimates of reporting burden are related only to this Final Rule and include the costs to pipelines to: (1) Incorporate by reference NAESB's modified nomination timeline, which includes: moving the start of the Timely Nomination Cycle from 11:30 a.m. to 1:00 p.m. CCT and adding an additional intraday nomination opportunity; and (2) require interstate pipelines to file tariff changes with the Commission allowing multiple shippers associated with a designated agent or asset manager to be jointly and severally liable under a single firm transportation service agreement within 60 days of receiving a request from a shipper for a multi-party service agreement.

*Public Reporting Burden:*

**RM14-2 FINAL RULE**

	Number of respondents <sup>237</sup>	Number of responses per respondent	Average burden hours per response	Total annual burden hours	Total annual cost (\$) <sup>238</sup>
	(1)	(2)	(3)	(1)×(2)×(3)	
<b>FERC-545 (OMB Control No. 1902-0154) <sup>239</sup></b>					
Tariff Filing for new and revised Nomination Cycles (one-time) <sup>240</sup> .....	165	1	10	1,650	<sup>241</sup> \$116,457
Tariff Filing for Multi-Party Service Agreements (one-time) <sup>242</sup> .....	8	1	10	80	5,646

<sup>230</sup> North American Energy Standards Board Membership Application, <https://www.naesb.org/pdf4/naesbapp.pdf>.

<sup>231</sup> NAESB Materials Order Form, <https://www.naesb.org/pdf/ordrform.pdf>.

<sup>232</sup> Procedures for non-members to evaluate work products before purchasing, [https://www.naesb.org/misc/NAESB\\_Nonmember\\_Evaluation.pdf](https://www.naesb.org/misc/NAESB_Nonmember_Evaluation.pdf). See Incorporation by Reference, 79 FR at 66271, n. 51 & 53 (Nov. 7, 2014) (citing to NAESB's procedure of providing "no-cost, no-print electronic access", NAESB Comment, at 1, available at <http://www.regulations.gov/#!documentDetail;D=OFR-2013-0001-0023>).

<sup>233</sup> 44 U.S.C. 3507(d) (2012).

<sup>234</sup> 5 CFR 1320 (2014).

<sup>235</sup> FERC-545 covers rate change filings made by natural gas pipelines, including tariff changes.

<sup>236</sup> FERC-549C covers Standards for Business Practices of Interstate Natural Gas Pipelines.

<sup>237</sup> An estimated 165 natural gas pipelines (Part 284 program) are affected by this Rulemaking. Although the additional intraday nomination and the revised same-day and day-ahead trading schedules may affect electric plant operators, the Commission is not imposing the reporting burden of adopting these standards on those entities.

<sup>238</sup> The most recent hourly wage figures are published by the Bureau of Labor Statistics, U.S. Department of Labor, *National Occupational Employment and Wage Estimates, United States, Occupation Profiles*, May 2013, at <http://www.bls.gov/oes/home.htm>, and the benefits are calculated using BLS information, at <http://www.bls.gov/news.release/ecec.nr0.htm>. Each response to the proposed regulation in Column 1 corresponds to a unique respondent.

<sup>239</sup> The average hourly burden cost (salary plus benefits) related to tariff filings is \$70.58. This represents the average wage (salary and benefits) of the following occupational categories: "Lawyers" (\$128.94 per hour, top 10 percent of wage earners), "Computer Systems Analyst" (\$58.77 per hour, average composite hourly wage), and "Office and Administrative" (\$24.04 per hour, average composite hourly wage). Wage data is available from the Bureau of Labor Statistics at <http://www.bls.gov/oes/home.htm>; background on the estimate of the benefits component is at <http://www.bls.gov/news.release/ecec.nr0.htm>.

<sup>240</sup> Some of the estimated 165 natural gas pipeline companies (Part 284 program) may already utilize business practices that satisfy the NAESB proposal elements of this Rulemaking (e.g., provide

additional nomination opportunities). In these instances the full cost of industry compliance is estimated for the total number of potential respondents.

<sup>241</sup> The average (mean) hourly cost of tariff filings and implementation for interstate natural gas pipelines is \$70.58. This represents the composite wage (salary and benefits) of the following occupational categories: "Lawyers" (\$128.94 per hour, top 10 percent of wage earners), "Computer Systems Analyst" (\$58.77 per hour, average composite hourly wage), and "Office and Administrative" (\$24.04 per hour, average composite hourly wage). Wage data is available from the Bureau of Labor Statistics at <http://www.bls.gov/oes/home.htm>; estimate of the benefits component at <http://www.bls.gov/news.release/ecec.nr0.htm>.

<sup>242</sup> A majority of the 165 potential respondents operate under tariffs filed with the Commission that include provisions for multi-party transportation contracts. The Commission expects that approximately 8 of the 165 potential respondents (five percent), following an expression of shipper interest, will file tariffs each year with the Commission that support multi-party transportation contracts.

RM14-2 FINAL RULE—Continued

	Number of respondents <sup>237</sup>	Number of responses per respondent	Average burden hours per response	Total annual burden hours	Total annual cost (\$) <sup>238</sup>
	(1)	(2)	(3)	(1)×(2)×(3)	
<b>FERC-549C (OMB Control No. 1902-0174)</b>					
Implementation of business standards, including process, procedures, and IT support (one-time) <sup>243</sup> .....	165	1	240	39,600	2,524,500
Annual operations, including 1 additional intraday nomination (ongoing) <sup>244</sup> .....	165	365	0.5	30,113	1,535,738
Total one-time (for FERC-545 and FERC-549C) .....				39,680	2,646,603
Total ongoing (for FERC-549C) ...				30,113	1,535,738

*Information Collection Costs:* The Commission estimates the total costs for all respondents to be:

- Year 1 (including the one-time tariff-filing, implementation, and ongoing costs): \$4,182,341.
- Years 2 and 3, each (ongoing costs only): \$1,535,738.

*Title:* FERC-545, Gas Pipeline Rates: Rate Change (Non-Formal); and FERC-549C, Standards for Business Practices of Interstate Natural Gas Pipelines.

*Action:* Proposed revisions to information collections.

*OMB Control Nos.:* 1902-0154 (FERC-545) and 1902-0174 (FERC-549C).

*Respondents:* Business or other for profit enterprise (Natural Gas Pipelines).

*Frequency of Responses:* One-time filing and implementation and ongoing.

*Necessity of Information:* This Final Rule will upgrade the Commission’s current business practice and communication standards and supports the availability of multi-party firm contracts for interested shippers.

156. In incorporating by reference NAESB’s modified nomination timeline, including moving the start of the Timely Nomination Cycle from 11:30 a.m. to 1:00 p.m. CCT and adding an additional intraday nomination opportunity, the Commission intends to provide electric generators more time to acquire natural

gas pipeline transportation, in order to reduce economic and resource supply constraints, additional flexibility to all shippers, allows sufficient time for processing, avoids overlapping nomination cycles, and allows for the accomplishment of most scheduling work during regular business hours, or reasonably close thereto.

157. Broad industry consensus across the natural gas and electric industries during the NAESB deliberations supports the incorporation of the modified nomination timeline. The implementation of these standards and regulations will promote additional efficiency and reliability of the gas industry’s operations.

158. Finally, wider availability of multi-party firm transportation contracts provides shippers greater flexibility, including gas-fired generators, and facilitates the efficient use of pipeline capacity. The Final Rule ensures that pipelines are responsive to shipper requests when, and if, a shipper is interested in pursuing a multi-party transportation contract. As such, this Final Rule does not require pipelines to implement tariff provisions offering a multi-party transportation contract option when there is no shipper interest.

*Internal Review:* The Commission has reviewed the proposed business practice standards of natural gas pipelines and has determined that the proposed revisions are necessary to establish more efficient coordination between the natural gas and electric industries, and to provide additional flexibility for all natural gas pipeline shippers. Requiring such information ensures common business practices for participants engaged in the sale of electric energy at wholesale and the transportation of natural gas. These requirements conform to the Commission’s plan for efficient information collection,

communication, and management within the natural gas pipeline industry. The Commission has assured itself, by means of its internal review, that there is specific, objective support for the burden estimates associated with the information requirements.

159. Interested persons may obtain information on the reporting requirements by contacting the following: Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426 [Attention: Ellen Brown, Office of the Executive Director, email: *DataClearance@ferc.gov*, phone: (202) 502-8663, fax: (202) 273-0873].

160. Comments concerning the collections of information and the associated burden estimates should be sent to the Commission and to the Office of Management and Budget, Office of Information and Regulatory Affairs, Washington, DC 20503 [Attention: Desk Officer for the Federal Energy Regulatory Commission, telephone: (202) 395-0710, fax: (202) 395-4718]. For security reasons, comments to OMB should be submitted by email to: *oira\_submission@omb.eop.gov*. Comments submitted to OMB should include OMB Control Numbers 1902-0154 and 1902-0174.

**X. Environmental Analysis**

161. The Commission is required to prepare an Environmental Assessment or an Environmental Impact Statement for any action that may have a significant adverse effect on the human environment.<sup>245</sup> The Commission concludes that neither an Environmental Assessment nor an Environmental Impact Statement is required for this Final Rule under section 380.4(a) of the Commission’s

<sup>243</sup> The average hourly cost is \$63.75. This represents the average wage (salary and benefits) of the following occupational categories: “Lawyers” (\$128.94 per hour, top 10 percent of wage earners), “Computer Systems Analyst” (\$58.77 per hour, average composite hourly wage), “Gas Plant Operator” (\$43.24 per hour, average composite hourly wage), and “Office and Administrative” (\$24.04 per hour, average composite hourly wage).

<sup>244</sup> For ongoing operations, we estimate 0.5 hours per calendar day per respondent (or 182.5 hours annually per respondent).

The average hourly cost is \$51. This represents the average wage (salary and benefits) of the following occupational categories: “Computer Systems Analyst” (\$58.77 per hour), and “Gas Plant Operator” (\$43.24 per hour).

<sup>245</sup> *Regulations Implementing the National Environmental Policy Act*, Order No. 486, 52 FR 47897 (Dec. 17, 1987), FERC Stats. & Regs., Regulations Preambles 1986-1990 ¶ 30,783 (1987).

regulations, which provides a categorical exemption for actions that are clarifying, corrective, or procedural, or that do not substantively change the effect of legislation or regulations being amended, for information gathering, analysis, and dissemination, or for the sale, exchange, or transportation of natural gas under sections 4, 5, and 7 of the Natural Gas Act that require no construction of facilities.<sup>246</sup>

## XI. Regulatory Flexibility Act Certification

162. The Regulatory Flexibility Act of 1980 (RFA)<sup>247</sup> generally requires a description and analysis of rules that will have significant economic impact on a substantial number of small entities. The RFA mandates consideration of regulatory alternatives that accomplish the stated objectives of a rule and that minimize any significant economic impact on a substantial number of small entities. The Small Business Administration's (SBA) Office of Size Standards develops the numerical definition of a small business as matched to North American Industry Classification System Codes (NAICS).<sup>248</sup> The SBA has established a size standard for pipelines transporting natural gas, stating that a firm is a small entity if its annual receipts (including those of its affiliates) are \$27.5 million or less.<sup>249</sup>

163. This Final Rule applies only to interstate natural gas pipelines. The Commission estimates that approximately 165 interstate pipeline entities are potential respondents subject to the data reporting requirements of FERC-545. For fiscal year 2013, the Commission estimates that 70 pipelines (42.4 percent of 165 potential respondents) not affiliated with larger companies had annual revenues less than \$27.5 million or less and are defined by the SBA as "small entities."<sup>250</sup> The Commission anticipates that the estimated compliance cost of this Final Rule is

\$4,182,341 in Year 1 (an average of \$25,348 per entity, including both one-time and ongoing costs), and \$1,535,738 per year in Years 2 and 3 (or an annual average of \$9,308 per entity for ongoing cost), regardless of entity size. The Commission does not consider the estimated impact per company to be significant. Additionally, the incorporation by reference of the revised NAESB standards, which reflect broad support from both industries, helps ensure the reasonableness of these standards in this Final Rule. Pipelines will need to file new tariffs with the Commission only if a) they do not currently offer multi-party transportation contracts, and b) shippers request that the pipeline offer such contracts.

164. Accordingly, pursuant to Section 605(b) of the RFA,<sup>251</sup> this Final Rule should not have a significant economic impact on a substantial number of small entities.

## XII. Implementation Schedule

### A. Comments

165. Many commenters state that, to the extent the Commission adopts any changes to the gas scheduling timeline in this proceeding, the Commission must allow a sufficient time for implementation. INGAA, Kinder Morgan, and WBI state that scheduling changes would require a minimum of nine months to implement.<sup>252</sup> A number of commenters also state that it will be important to implement any scheduling changes adopted in this proceeding when natural gas demand is low.<sup>253</sup> INGAA states that any transition should occur outside the winter heating season (November through March) or summer peak season (May through August).<sup>254</sup> April or October was suggested by INGAA.

166. AGA, EEI and Calpine contend that implementation of the changes to the natural-gas system as ordered in the Final Rule should occur concurrently with the implementation of the changes to electric system as ordered in the forthcoming ISO and RTO filings pursuant to the Section 206 Order.<sup>255</sup>

167. NAESB explains that upon the issuance of a Final Rule, NAESB will respond by integrating the Commission's regulations into its

standards within 90 days.<sup>256</sup> However, NAESB notes that, while it will likely be able to respond to the Final Rule within the 90 day deadline if it can use the expedited NAESB Minor Correction Process, if the NAESB Standards Development Process is used to respond to the Final Rule it may be challenging to meet the deadline. NAESB states that under the latter process multiple industry and member review periods are required and past expedited efforts have not been completed in under 90 days.

### B. Commission Determination

168. The Commission will require interstate natural gas pipelines to comply with the revised NAESB standards that we are incorporating by reference in this Final Rule beginning on April 1, 2016. We are requiring this implementation schedule to give the interstate natural gas pipelines subject to these standards adequate time to implement these changes. In addition, pipelines must file tariff records to reflect the changed standards by February 1, 2016. The changes included in this Final Rule should benefit all pipeline shippers, including gas-fired generators. Accordingly, we will not require that the changes included in this Final Rule be implemented simultaneously with any changes resulting from the 206 Proceeding.

169. In addition, consistent with the requirements in Order No. 587-V,<sup>257</sup> the Commission is including the following compliance filing requirements to increase the transparency of the pipelines' incorporation by reference of the NAESB WGQ Standards so that shippers and the Commission will know which tariff provision(s) implements each standard as well as the status of each standard.

(1) The pipelines must designate a single tariff section or tariff sheet(s) under which every NAESB standard is listed.<sup>258</sup>

(2) For each standard, each pipeline must specify in the tariff section or tariff sheet(s) listing all the NAESB standards:

- (a) Whether the standard is incorporated by reference;
- (b) for those standards not incorporated by reference, the tariff provision that complies with the standard;<sup>259</sup> and

<sup>256</sup> NAESB November 26, 2014 Report at 1–2.

<sup>257</sup> *Standards for Business Practices of Interstate Natural Gas Pipelines*, Order No. 587-V, FERC Stats. & Regs. ¶ 31,332, at PP 36–37 (2012).

<sup>258</sup> This section should be a separate tariff record under the Commission's electronic tariff filing requirements and is to be filed electronically using the eTariff portal using the Type of Filing Code 580.

<sup>259</sup> For example, pipelines are required to include the full text of the NAESB nomination and capacity

Continued

<sup>246</sup> See 18 CFR 380.4(a)(2)(ii), 380.4(a)(5), 380.4(a)(27) (2014).

<sup>247</sup> 5 U.S.C. 601–612.

<sup>248</sup> 13 CFR 121.101.

<sup>249</sup> U.S. Small Business Administration, Table of Small Business Size Standards for Pipeline Transportation of Natural Gas, NAICS Code 486210, available at [https://www.sba.gov/sites/default/files/available/files/Size\\_Standards\\_Table.pdf](https://www.sba.gov/sites/default/files/available/files/Size_Standards_Table.pdf), Subsector 486.

Matched to North American Industry Classification System Codes, Natural Gas Pipeline Transportation, NAICS Code 486210, page 27, July 14, 2014, available at [https://www.sba.gov/sites/default/files/available/files/Size\\_Standards\\_Table.pdf](https://www.sba.gov/sites/default/files/available/files/Size_Standards_Table.pdf), Subsector 486.

<sup>250</sup> Based on 13 CFR 121.201, Sectors 48–49, Subsector 486, NAICS Code 486210 for Pipeline Transportation of Natural Gas, the annual receipts indicate the maximum allowed for a concern and its affiliates to be considered "small."

<sup>251</sup> 5 U.S.C. 605(b).

<sup>252</sup> INGAA Comments at 34–35; Kinder Morgan Comments at 16–17; WBI Comments at 8–9.

<sup>253</sup> See, e.g., Calpine Comments at 14, Exelon Comments at 12; WBI Comments at 8 (citing Section 206 Order, 146 FERC ¶ 61,202).

<sup>254</sup> INGAA Comments at 35.

<sup>255</sup> Calpine Comments at 17; EEI Comments at 7; NGA Comments at 36.

(c) a statement identifying any standards for which the pipeline has been granted a waiver, extension of time, or other variance with respect to compliance with the standard.<sup>260</sup>

(3) If the pipeline is requesting a continuation of an existing waiver or extension of time, it must include a table in its transmittal letter that states the standard for which a waiver or extension of time was granted, and the docket number or order citation to the proceeding in which the waiver or extension was granted.

170. This information will give Commission staff and all shippers a common location that identifies the manner in which the pipeline is incorporating all the NAESB WGQ Standards and the standards with which it is required to comply. The Commission will post on its eLibrary Web site (under Docket No. RM14-2-000) a sample tariff record, to provide filers an illustrative example to aid them in preparing their compliance filings.

171. To reflect our decision in this Final Rule not to change the start of the Gas Day, NAESB will need to change its standards to reflect the start of the Gas Day at 9:00 a.m. CCT. Once NAESB has informed the Commission that it has revised its standards to make this change, we will incorporate these revised NAESB standards by reference into our regulations in an instant Final Rule.

**XIII. Document Availability**

172. In addition to publishing the full text of this document in the **Federal Register**, the Commission provides all interested persons an opportunity to view and/or print the contents of this document via the Internet through the Commission's Home Page (<http://www.ferc.gov>) and in the Commission's Public Reference Room during normal business hours (8:30 a.m. to 5:00 p.m. Eastern time) at 888 First Street NE., Room 2A, Washington DC 20426.

173. From the Commission's Home Page on the Internet, this information is available on eLibrary. The full text of this document is available on eLibrary in PDF and Microsoft Word format for viewing, printing, and/or downloading.

To access this document in eLibrary, type the docket number excluding the last three digits of this document in the docket number field.

174. User assistance is available for eLibrary and the Commission's Web site during normal business hours from the Commission's Online Support at (202) 502-6652 (toll free at 1-866-208-3676) or email at [ferconlinesupport@ferc.gov](mailto:ferconlinesupport@ferc.gov), or the Public Reference Room at (202) 502-8371, TTY (202) 502-8659. Email the Public Reference Room at [public.referenceroom@ferc.gov](mailto:public.referenceroom@ferc.gov).

**XIV. Effective Date and Congressional Notification**

175. This final rule is effective July 8, 2015. The incorporation by reference of certain publications listed in this rule is approved by the Director of the Federal Register as of July 8, 2015. The Commission has determined, with the concurrence of the Administrator of the Office of Information and Regulatory Affairs of OMB, that this rule is not a "major rule" as defined in section 351 of the Small Business Regulatory Enforcement Fairness Act of 1996.<sup>261</sup> This final rule is being submitted to the Senate, House, and Government Accountability Office.

**List of Subjects in 18 CFR Part 284**

Natural gas, Reporting and recordkeeping requirements, Incorporation by reference.

By the Commission.  
**Nathaniel J. Davis, Sr.**,  
*Deputy Secretary.*

In consideration of the foregoing, the Commission amends Part 284, Chapter I, Title 18, *Code of Federal Regulations*, as follows.

**PART 284—CERTAIN SALES AND TRANSPORTATION OF NATURAL GAS UNDER THE NATURAL GAS POLICY ACT OF 1978 AND RELATED AUTHORITIES**

■ 1. The authority citation for part 284 continues to read as follows:

**Authority:** 15 U.S.C. 717-717z, 3301-3432; 42 U.S.C. 7101-7352; 43 U.S.C. 1331-1356.

■ 2. Amend § 284.12 by revising paragraphs (a)(1) introductory text and

(a)(1)(vi) and (vii) and by adding paragraphs (a)(1)(viii) and (ix) and (b)(1)(iii) to read as follows:

**§ 284.12 Standards for pipeline business operations and communications.**

(a) \* \* \*  
(1) An interstate pipeline that transports gas under subparts B or G of this part must comply with the business practices and electronic communications standards as promulgated by the North American Energy Standards Board, as incorporated herein by reference in paragraphs (a)(1)(i) through (vii) of this section, and as revised by WGQ 2014 Annual Plan Item 11c and Minor Correction MC14018, as incorporated herein by reference in paragraphs (a)(1)(viii) and (ix) of this section.  
\* \* \* \* \*

(vi) Capacity Release Related Standards (Version 2.0, November 30, 2010, with Minor Corrections Applied Through January 5, 2012);

(vii) Internet Electronic Transport Related Standards (Version 2.0, November 30, 2010, with Minor Corrections Applied Through January 2, 2011) with the exception of Standard 10.3.2;

(viii) WGQ 2014 Annual Plan Item 11c, Parts 1 and 2 (September 22, 2014); and

(ix) Minor Correction/Clarification, Request No. MC14018 Approved September 10, 2014.  
\* \* \* \* \*

(b) \* \* \*

(1) \* \* \*

(iii) Within 60 days after a shipper request, a pipeline must file to make appropriate tariff changes at the Commission to allow multiple shippers associated with a designated agent or asset manager to be jointly and severally liable under a single firm transportation service agreement, subject to reasonable terms and conditions.  
\* \* \* \* \*

**LIST OF PUBLIC LAWS**

---

**Note:** No public bills which have become law were received by the Office of the Federal Register for inclusion

in today's **List of Public Laws**.

Last List April 21, 2015

---

**Public Laws Electronic Notification Service (PENS)**

---

**PENS** is a free electronic mail notification service of newly

enacted public laws. To subscribe, go to <http://listserv.gsa.gov/archives/publaws-l.html>

**Note:** This service is strictly for E-mail notification of new laws. The text of laws is not available through this service. **PENS** cannot respond to specific inquiries sent to this address.
