### Agricultural Marketing Service

#### 7 CFR Part 1214

[Document Number AMS-SC-15-0072]

#### Christmas Tree Promotion, Research, and Information Order; Late Payment and Interest Charges on Past Due Assessments

**AGENCY:** Agricultural Marketing Service, USDA.

**ACTION:** Proposed rule.

**SUMMARY:** This proposal invites comments on prescribing late payment and interest charges on past due assessments under the Christmas Tree Promotion, Research, and Information Order (Order). The Order is administered by the Christmas Tree Promotion Board (Board) with oversight by the U.S. Department of Agriculture (USDA). Under the Order, assessments are collected from domestic producers and importers and used for research and promotion projects designed to maintain and expand the market for fresh cut Christmas trees. This proposal would implement authority contained in the Order that allows the Board to collect late payment and interest charges on past due assessments. If this rule is finalized, it is proposed that late payment and interest charges would begin to accrue on unpaid assessments beginning 30 days after the effective date of the final rule. One additional change would provide authority in the Order for the Board to change the crop year and fiscal period through administrative action. This action would contribute to effective administration of the program.

**DATES:** Comments must be received by March 16, 2016.

**ADDRESSES:** Interested persons are invited to submit written comments concerning this rule. Comments may be submitted on the Internet at: <http://www.regulations.gov> or to the Promotion and Economics Division, Specialty Crops Program, AMS, USDA, 1400 Independence Avenue SW., Room 1406-S, Stop 0244, Washington, DC 20250-0244; facsimile: (202) 205-2800. #### Executive Order 12866 and Executive Order 13563

Executive Orders 12866 and 13563 direct agencies to assess all costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety effects, distributive impacts and equity). Executive Order 13563 emphasizes the importance of quantifying both costs and benefits, reducing costs, harmonizing rules and promoting flexibility. This action has been designated as a “non-significant regulatory action” under section 3(f) of Executive Order 12866. Accordingly, the Office of Management and Budget (OMB) has waived the review process.

#### Executive Order 13175

This action has been reviewed in accordance with the requirements of Executive Order 13175, Consultation and Coordination with Indian Tribal Governments. The review reveals that this regulation would not have substantial and direct effects on Tribal governments and would not have significant Tribal implications.

#### Executive Order 12988

This rulemaking has been reviewed under Executive Order 12988, Civil Justice Reform. It is not intended to have retroactive effect. Section 524 of the 1996 Act (7 U.S.C. 7423) provides that it shall not affect or preempt any
