SUPPLEMENTARY INFORMATION: Under Executive Order 13676, dated

September 18, 2014, authority was given to the Secretary of Health and Human Services to establish the Presidential Advisory Council on Combating Antibiotic-Resistant Bacteria (Advisory Council), in consultation with the Secretaries of Defense (DoD) and Agriculture (USDA). Activities of the Advisory Council are governed by the provisions of Public Law 92-463, as amended (5 U.S.C. App.), which sets forth standards for the formation and use of federal advisory committees.

The Advisory Council will provide advice, information, and recommendations to the Secretary of HHS regarding programs and policies intended to support and evaluate the implementation of Executive Order 13676, including the National Strategy for Combating Antibiotic-Resistant Bacteria (Strategy) and the National Action Plan for Combating Antibiotic-Resistant Bacteria (Action Plan). The Advisory Council shall function solely for advisory purposes.

In carrying out its mission, the Advisory Council will provide advice, information, and recommendations to the Secretary regarding programs and policies intended to preserve the effectiveness of antibiotics by optimizing their use; advance research to develop improved methods for combating antibiotic resistance and conducting antibiotic stewardship; strengthen surveillance of antibiotic-resistant bacterial infections; prevent the transmission of antibiotic-resistant bacterial infections; advance the development of rapid point-of-care and agricultural diagnostics; further research on new treatments for bacterial infections; develop alternatives to antibiotics for agricultural purposes; maximize the dissemination of up-to-date information on the appropriate and proper use of antibiotics to the general public and human and animal healthcare providers; and improve international coordination of efforts to combat antibiotic resistance.

The March public meeting will be dedicated to presentations by the five currently active working groups of the Advisory Council, which are: Antibiotic Stewardship; One Health Surveillance; Diagnostic Innovations; Treatment, Prevention and Control Research and Development; and International Collaboration on Combating Antibiotic-Resistant Bacteria (CARB). The Advisory Council will deliberate and vote on the working groups' findings and recommendations. In addition, the Advisory Council will be presented with a new task(s) from the Secretary of HHS, in consultation with USDA and DoD. The meeting agenda will be posted

on the Advisory Council Web site at <http://www.hhs.gov/ash/carb> when it has been finalized.

Public attendance at the meeting is limited to the available space. Individuals who plan to attend and need special assistance, such as sign language interpretation or other reasonable accommodations, should notify the Advisory Council at the address/telephone number listed above at least one week prior to the meeting. For those unable to attend in person, a live webcast will be available. More information on registration and accessing the webcast can be found at <http://www.hhs.gov/ash/carb/>.

Members of the public will have the opportunity to provide comments prior to the Advisory Council meeting by emailing CARB@hhs.gov. Public comments should be sent in by midnight March 21, 2016, and should be limited to no more than one page. All public comments received prior to March 21, 2016, will be provided to Advisory Council members and read during the public comment period designated on the agenda; comments are limited to two minutes per speaker.

Dated: February 25, 2016.

Bruce Gellin,

Designated Federal Officer, Presidential Advisory Council on Combating Antibiotic-Resistant Bacteria, Deputy Assistant Secretary for Health.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Determination and Declaration Regarding Emergency Use of *In Vitro* Diagnostic Tests for Detection of Zika Virus and/or Diagnosis of Zika Virus Infection

AGENCY: Office of the Secretary, Department of Health and Human Services.

ACTION: Notice.

SUMMARY: The Secretary of Health and Human Services (HHS) is issuing this notice pursuant to section 564 of the Federal Food, Drug, and Cosmetic (FD&C) Act, 21 U.S.C. 360bbb-3. On February 26, 2016, the Secretary determined that there is a significant potential for a public health emergency that has a significant potential to affect national security or the health and security of United States citizens living abroad and that involves Zika virus.

On the basis of this determination, she also declared that circumstances exist justifying the authorization of

emergency use of *in vitro* diagnostic tests for detection of Zika virus and/or diagnosis of Zika virus infection pursuant to section 564 of the FD&C Act, subject to the terms of any authorization issued under that section.

DATES: The determination and declaration are effective February 26, 2016.

FOR FURTHER INFORMATION CONTACT:

Nicole Lurie, M.D., MSPH, Assistant Secretary for Preparedness and Response, Office of the Secretary, Department of Health and Human Services, 200 Independence Avenue SW., Washington, DC 20201, Telephone (202) 205-2882 (this is not a toll free number).

SUPPLEMENTARY INFORMATION:

I. Background

Under Section 564 of the FD&C Act, the Commissioner of the Food and Drug Administration (FDA), acting under delegated authority from the Secretary of HHS, may issue an Emergency Use Authorization (EUA) authorizing (1) the emergency use of an unapproved drug, an unapproved or uncleared device, or an unlicensed biological product; or (2) an unapproved use of an approved drug, approved or cleared device, or licensed biological product. Before an EUA may be issued, the Secretary of HHS must declare that circumstances exist justifying the authorization based on one of four determinations: (1) A determination by the Secretary of Homeland Security that there is a domestic emergency, or a significant potential for a domestic emergency, involving a heightened risk of attack with a chemical, biological, radiological, or nuclear (CBRN) agent or agents; (2) the identification of a material threat by the Secretary of Homeland Security pursuant to section 319F-2 of the Public Health Service (PHS) Act¹ sufficient to affect national security or the health and security of United States citizens living abroad; (3) a determination by the Secretary of Defense that there is a military emergency, or a significant potential for a military emergency, involving a heightened risk to United States military forces of attack with a CBRN agent or agents; or (4) a determination by the Secretary of HHS that there is a public health emergency, or a significant potential for a public health emergency, that affects, or has a significant potential to affect, national security or the health and security of United States citizens living abroad, and that involves a CBRN agent or agents, or
