SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-77246; File No. SR-ISE-2015-30]

Self-Regulatory Organizations; International Securities Exchange, LLC; Order Instituting Proceedings To Determine Whether To Approve or Disapprove a Proposed Rule Change To Amend Rule 804(g)

February 26, 2016.

I. Introduction

On November 10, 2015, the International Securities Exchange, LLC ("ISE" or the "Exchange") filed with the Securities and Exchange Commission (the "Commission"), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act")¹ and Rule 19b-4 thereunder,² a proposed rule change to require Clearing Member³

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

³ A "Clearing Member" is a Member that is self-clearing or an Electronic Access Member that clears transactions executed on or through the facilities of the Exchange for other Members of the Exchange. See ISE Rule 100(a)(8). An "Electronic Access Member" is an Exchange Member that is approved to exercise trading privileges associated with EAM

approval for a market maker to resume trading after the activation of a market-wide speed bump under ISE Rule 804(g). The proposed rule change was published for comment in the **Federal Register** on November 30, 2015.⁴ On January 13, 2016, the Commission extended the time period within which to approve the proposed rule change, disapprove the proposed rule change, or institute proceedings to determine whether to disapprove the proposed rule change to February 28, 2016.⁵ The Commission did not receive any comments on the proposed rule change. This order institutes proceedings under Section 19(b)(2)(B) of the Act⁶ to determine whether to approve or disapprove the proposed rule change.

II. Description of the Proposal

Pursuant to ISE Rule 804(g)(1), the Exchange requires market makers⁷ to provide parameters according to which the Exchange will automatically remove a market maker's quotations in all series of an options class. Additionally, the Exchange requires market makers to provide a market-wide parameter according to which the Exchange will automatically remove a market maker's quotes in *all* classes when, during a time period established by the market maker, the total number of quote removal events (or "curtailment events") specified in Rule 804(g)(1) and in Supplementary Material .04 to Rule 722 exceed such specified market-wide parameter.⁸ The latter market-wide risk management functionality is known as a "market-wide speed bump" and is available for quotes only on ISE or across both ISE and ISE's affiliated exchange, ISE Gemini, LLC.⁹

Currently, if ISE's trading system removes all of a market maker's quotes because a market-wide speed bump is triggered, the market maker may re-enter the market and resume trading upon notification to the Exchange's Market Operations.¹⁰ The Exchange now proposes to amend ISE Rule 804(g)(2) to require Clearing Member approval

Rights. See Article XIII, Section 13.1(l) of the Second Amended and Restated Constitution of ISE.

⁴ See Securities Exchange Act Release No. 76506 (November 23, 2015), 80 FR 74829 (November 30, 2015) ("Notice").

⁵ See Securities Exchange Act Release No. 76893 (January 13, 2016), 81 FR 3217 (January 20, 2016).

⁶ 15 U.S.C. 78s(b)(2)(B).

⁷ ISE has two categories of market makers: Primary Market Makers ("PMMs") and Competitive Market Makers ("CMMs"). A PMM is appointed to each options class traded on the Exchange but a CMM may or may not be appointed to each such options class. See ISE Rule 802.

⁸ See ISE Rule 804(g)(2).

before a market maker can resume trading.¹¹ Specifically, following a market-wide speed bump, the proposed rule requires a market maker to notify its Clearing Member(s) when it is ready to resume trading and requires each applicable Clearing Member to inform the Exchange directly when its authorization has been given for the market maker to resume trading.¹² In order to “facilitate a better response time” from Clearing Members, so that a market maker can re-enter the market, the proposal also allows Exchange staff to notify Clearing Member(s) when a market maker’s quotes have been removed pursuant to the market-wide speed bump.¹³

The Exchange believes that it is appropriate to require Clearing Member approval before a market maker can re-enter the market after a market-wide speed bump because the Clearing Member guarantees the market maker’s trades and bears the ultimate financial risk associated with those transactions. The Exchange notes that, while not all market makers are Clearing Members, all market makers require a Clearing Member’s consent to clear transactions on their behalf in order to conduct business on the Exchange.¹⁴ According to the Exchange, the proposed rule change will permit Clearing Members to better monitor and manage the potential risks assumed by a market maker and provide Clearing Members with greater control and flexibility over their risk tolerance and exposure.¹⁵

III. Proceedings To Determine Whether To Approve or Disapprove SR–ISE–2015–30 and Grounds for Disapproval Under Consideration

The Commission is instituting proceedings pursuant to Section 19(b)(2)(B) of the Act¹⁶ to determine whether the proposed rule change

should be approved or disapproved. Institution of such proceedings is appropriate at this time in view of the legal and policy issues raised by the proposed rule change, as discussed below. Institution of proceedings does not indicate that the Commission has reached any conclusions with respect to any of the issues involved. Rather, as described in greater detail below, the Commission seeks and encourages interested persons to provide additional comment on the proposed rule change.

Pursuant to Section 19(b)(2)(B) of the Act, the Commission is providing notice of the grounds for disapproval under consideration. The Commission is instituting proceedings because the proposal raises important issues that warrant further public comment and Commission consideration. Specifically, the Commission is instituting proceedings to allow for additional analysis of, and input from commenters with respect to, the proposed rule change’s consistency with Section 6(b)(5) of the Act,¹⁷ which requires that the rules of a national securities exchange be designed, among other things, to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system and, in general, to protect investors and the public interest.

Under ISE’s current rules, a market maker must enter continuous quotations for the options classes to which it is appointed.¹⁸ In return, the market maker receives certain benefits, including participation entitlements¹⁹ and an exception from the prohibition in Section 11(a) of the Act.²⁰ As the Commission has stated in the past, a market maker must be subject to sufficient and commensurate affirmative obligations, including the obligation to hold itself out as willing to buy and sell options for its own account on a regular or continuous basis, to justify favorable treatment.²¹ As discussed above, however, the Exchange now proposes to

amend ISE Rule 804(g) to require Clearing Member approval before a market maker can resume trading after triggering a market-wide speed bump.

The Exchange justifies the change as appropriate because, “[w]hile in some cases this may result in a minimal delay for a market maker that wants to reenter the market quickly following a market-wide speed bump, the Exchange believes that Clearing Member approval . . . ensure[s] that the market maker does not prematurely enter the market without adequate safeguards . . .”²² The Exchange, however, does not provide any basis for its statement that the proposed rule would result in only a “minimal delay” for a market maker seeking to resume quoting. Moreover, the Exchange does not address how the proposal impacts the continuous quoting obligations of market makers. The Commission accordingly believes the proposed rule change raises questions regarding the ability of market makers to meet their quoting obligations and, therefore, whether the proposed rule change is consistent with the requirements of Section 6(b)(5) of the Act.

IV. Procedure: Request for Written Comments

The Commission requests that interested persons provide written submissions of their views, data and arguments with respect to the concerns identified above, as well as any other concerns they may have with the proposed rule change. In particular, the Commission invites the written views of interested persons concerning whether the proposal is consistent with Sections 6(b)(5)²³ or any other provision of the Act, or the rules and regulations thereunder. Although there does not appear to be any issue relevant to approval or disapproval which would be facilitated by an oral presentation of views, data, and arguments, the Commission will consider, pursuant to Rule 19b–4 under the Act,²⁴ any request for an opportunity to make an oral presentation.²⁵

Interested persons are invited to submit written data, views, and arguments regarding whether the

¹⁴ Each market maker authorized to trade on the Exchange must obtain from a Clearing Member a “Market Maker Letter of Guarantee” wherein the Clearing Member accepts financial responsibility for all Exchange transactions made by the market maker. See ISE Rule 808.

¹⁶ 15 U.S.C. 78s(b)(2)(B). Section 19(b)(2)(B) of the Act also provides that proceedings to determine whether to disapprove a proposed rule change must be concluded within 180 days of the date of publication of notice of the filing of the proposed rule change. See *id.* The time for conclusion of the proceedings may be extended for up to 60 days if the Commission finds good cause for such extension and publishes its reasons for so finding. See *id.*

proposal should be approved or disapproved by March 24, 2016. Any person who wishes to file a rebuttal to any other person's submission must file that rebuttal by April 7, 2016. In light of the concerns raised by the proposed rule change, as discussed above, the Commission invites additional comment on the proposed rule change as the Commission continues its analysis of the proposed rule change's consistency with Sections 6(b)(5) and 6(b)(8),²⁶ or any other provision of the Act, or the rules and regulations thereunder. The Commission asks that commenters address the sufficiency and merit of the Exchange's statements in support of the proposed rule change, in addition to any other comments they may wish to submit about the proposed rule change.

Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an email to rule-comments@sec.gov. Please include File Number SR-ISE-2015-30 on the subject line.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-77245; File No. SR-Phlx-2016-23]

Self-Regulatory Organizations; NASDAQ OMX PHLX LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Adopt a Kill Switch

February 26, 2016.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on February 16, 2016, NASDAQ OMX PHLX LLC ("Phlx" or "Exchange") filed with the Securities and Exchange Commission ("SEC" or "Commission") the proposed rule change as described in Items I, II, and III, below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of the Substance of the Proposed Rule Change

The Exchange proposes to relocate language in current Rule 1035, entitled "Acceptable of Bid or Offer" [sic] to Phlx Rule 1019 and adopt an optional Kill Switch protection. The Kill Switch will allow Phlx members to remove quotes and cancel open orders and prevent new order submission.

The text of the proposed rule change is available on the Exchange's Web site at <http://nasdaqomxphlx.cchwallstreet.com/>, at the principal office of the Exchange, and at the Commission's Public Reference Room.

²⁷ 17 CFR 200.30-3(a)(57).

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to adopt a new risk protection, a Kill Switch, applicable to all Phlx members and member organizations (hereinafter "member(s)"). The Kill Switch will allow Phlx members to remove quotes and cancel open orders and prevent new order submission. This feature provides firms with a powerful risk management tool for immediate control of their quote and order activity.

The Exchange proposes to relocate current Rule 1035, entitled "Acceptable of Bid or Offer" [sic] to currently reserved Rule 1019, title revised Rule 1019 "Acceptance of Bid or Offer," and add a new section (b) to Rule 1019. The Phlx Options Kill Switch will be an optional tool that enables Phlx members to initiate a message(s)³ to the Phlx XL system ("System") to: (i) Promptly remove quotes; and/or (ii) promptly cancel orders. Phlx members may submit a request to the System to remove/cancel quotes and/or orders based on certain identifiers on either a user or group level. Phlx members may elect to remove quotes and cancel orders by Exchange account, port, and/or badge or mnemonic ("Identifier") or by a group (one or more Identifier combinations),⁴ which are provided by such Phlx member to the Exchange. Phlx members may not remove quotes/orders by symbol. The System will send an automated message to the Phlx member when a Kill Switch request has

³ Phlx members will be able to utilize an interface to send a message to the Exchange to initiate the Kill Switch or they may contact the Exchange directly.

⁴ The type of group permissible would be within a broker-dealer. For example, this could be including but not limited to all market maker accounts or all order entry ports.
