#### Certain Activated Carbon From the People's Republic of China: Preliminary Results of Antidumping Duty Administrative Review; 2014-2015

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**SUMMARY:** In response to requests from interested parties, the Department of Commerce ("Department") is conducting the administrative review of the antidumping duty order on certain activated carbon from the People's Republic of China ("PRC") for the period of review ("POR") April 1, 2014, through March 31, 2015. The Department preliminarily finds that subject merchandise has been sold in the United States at prices below normal value ("NV") during the POR. The Department invites interested parties to comment on these preliminary results.

**DATES:** Effective March 4, 2016.

**FOR FURTHER INFORMATION CONTACT:** Bob Palmer or Frances Veith, AD/CVD Operations, Office V, Enforcement and Compliance, International Trade Administration, Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-9068, or (202) 482-4295, respectively.

#### SUPPLEMENTARY INFORMATION:

##### Scope of the Order

The merchandise subject to the order is certain activated carbon. The products are currently classifiable under the Harmonized Tariff Schedule of the United States ("HTSUS") subheading

3802.10.00.<sup>1</sup> Although the HTSUS subheading is provided for convenience and customs purposes, the written description of the scope of the order remains dispositive.

#### Preliminary Determination of No Shipments

Based on an analysis of U.S. Customs and Border Protection ("CBP") information, and no shipment certifications submitted by Carbon Activated Tianjin Co., Ltd. ("Carbon Activated"), the Department preliminarily determines that Carbon Activated had no shipments during the POR. For additional information regarding this determination, see the Preliminary Decision Memorandum.

Consistent with our practice in non-market economy ("NME") cases, the Department is not rescinding this review, in part, but intends to complete the review with respect to Carbon Activated, for which it has preliminarily found no shipments, and issue appropriate instructions to CBP based on the final results of the review.<sup>2</sup>

#### Methodology

The Department is conducting this review in accordance with section 751(a)(1)(B) of the Tariff Act of 1930, as amended ("the Act"). We calculated constructed export prices and export prices in accordance with section 772 of the Act. Because the PRC is a non-market economy ("NME") within the meaning of section 771(18) of the Act, NV has been calculated in accordance with section 773(c) of the Act.

For a full description of the methodology underlying our conclusions, see the Preliminary Decision Memorandum. A list of the topics included in the Preliminary Decision Memorandum is included as an appendix to this notice. The Preliminary Decision Memorandum is a public document and is made available to the public via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System ("ACCESS").
