SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–77251; File No. SR–MIAX–2016–06]

Self-Regulatory Organizations; Miami International Securities Exchange LLC; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Amend the MIAX Options Fee Schedule

February 29, 2016.

Pursuant to the provisions of Section 19(b)(1) of the Securities Exchange Act

of 1934 (“Act”)¹ and Rule 19b–4 thereunder,² notice is hereby given that on February 26, 2016, Miami International Securities Exchange LLC (“MIAX” or “Exchange”) filed with the Securities and Exchange Commission (“Commission”) a proposed rule change as described in Items I and II, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange is filing a proposal to amend the MIAX Options Fee Schedule (“Fee Schedule”).

The text of the proposed rule change is available on the Exchange's Web site at http://www.miaxoptions.com/filter/wotitle/rule_filing, at MIAX's principal office, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to broaden the description of the information that is provided to users of the MIAX Financial Information Exchange (“FIX”) Drop Copy Port to reflect information regarding trade corrections and trade cancellations.

The FIX Drop Copy Port is a messaging interface that currently provides a copy of real-time trade execution information through a FIX Port³ to FIX Drop Copy Port users who

subscribe to the service. FIX Drop Copy Port users are those users who are designated by an Electronic Exchange Member (“EEM”)⁴ to receive the information and the information is restricted for use by the EEM only. The Exchange assesses a monthly per port fee to users of the FIX Drop Copy Ports.

The FIX Drop Copy Port currently provides the user with a copy of real-time trade execution updates. The updates contain a copy of trade execution messages on a low latency, real-time basis. A FIX Drop Copy Port can be configured to monitor any number of FIX Ports used by that EEM and a FIX Port user can have any number of FIX Drop Copy Ports. The FIX Drop Copy Port sends messages containing reports of order executions to the user based upon the group of FIX Ports that it is configured to monitor.

The Exchange proposes to provide FIX Drop Copy Port users with information regarding trade corrections and trade cancellations in addition to the information regarding trade executions currently received by such users. The purpose of including this additional information in the FIX Drop Copy Port without charge is to enhance the service provided by the Exchange by way of a value-added feature that transmits trade correction and cancellation information directly to FIX Drop Copy Port users. Moreover, this value-added feature enhances transparency on the Exchange respecting the status of trade corrections and cancellations submitted to the Exchange.

MIAX currently assesses a FIX Drop Copy Port fee of \$500 per port per month based on the number of FIX Drop Copy Ports to which a user subscribes and the fee includes connectivity to the Exchange's primary, secondary and disaster recovery data centers at no additional cost. The Exchange is not proposing a change to the FIX Drop Copy Port fee.

The proposed change to the information provided to FIX Drop Copy
