These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping and/or countervailing duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in the Department’s presumption that reimbursement of antidumping and/or countervailing duties occurred and the subsequent assessment of doubled antidumping duties.

Administrative Protective Order

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation, which is subject to sanction.

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.213(h).

Dated: December 30, 2015.

DEPARTMENT OF COMMERCE

International Trade Administration

[A–570–898]

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: On July 8, 2015, the Department of Commerce (“the Department”) published its Preliminary Results of the administrative review of the antidumping duty order on chlorinated isocyanurates (“chloro isos”) from the People’s Republic of China (“PRC”).1 The period of review (POR) is June 1, 2013, through May 31, 2014. This review covers three producers/exporters: (1) Heze Huayi Chemical Co. Ltd. (“Heze Huayi”); (2) Hebei Jiheng Chemical Co., Ltd. and Hebei Jiheng Baikang Chemical Industry Co., Ltd. (collectively, “Jiheng”); and (3) Juancheng Kangtai Chemical Co., Ltd. (“Kangtai”). We invited parties to comment on our Preliminary Results. Based on our analysis of the comments received, we made certain changes to our margin calculations for all three respondents. The final dumping margins for this review are listed in the “Final Results” section below.

DATES: Effective date: January 11, 2016.

Background

On July 8, 2015, the Department published its Preliminary Results. The Department verified the questionnaire responses of Heze Huayi from September 14 through September 18, 2015.2 On September 21 through September 25, 2015, the Department verified the questionnaire responses of Jiheng.3

On September 30, 2015, the Department extended the deadline for the final results in this administrative review until December 7, 2015.4 On November 10, 2015, we fully extended the deadline for the final results.5 Because we miscalculated this extended deadline, we corrected the date to January 4, 2015 which is 180 days from the date of publication of the preliminary results and the maximum allowed under section 751(a)(5)(A) of Tariff Act of 1930, as amended (“the Act”).6

Dated: November 13, 2015, Clearon Corp. and Occidental Chemical Corp. (collectively, “Petitioners”) and Jiheng submitted case briefs.7 On November 18, 2015, Jiheng, and Heze Huayi and Kangtai submitted rebuttal briefs.8

Scope of the Order

The products covered by the order are chlorinated isos, which are derivatives of cyanuric acid, described as chlorinated s-triazinones. Chlorinated isos are currently classifiable under subheadings 2933.69.6015, 2933.69.6021, 2933.69.6050, 3808.40.50, 3808.50.40 and 3808.94.5000 of the Harmonized Tariff Schedule of the United States.9

9 See Memorandum to Paul Piquado, Assistant Secretary for Enforcement and Compliance, “Decision Memorandum for the Final Results of Antidumping Duty Administrative Review.”

Continued
Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of merchandise subject to the scope is dispositive. For a full description of the scope of the order, see Issues and Decision Memorandum.

Analysis of Comments Received

All issues raised in the case and rebuttal briefs filed by parties in this review are addressed in the Issues and Decision Memorandum, which is hereby adopted by this notice. A list of the issues that parties raised and to which we responded in the Issues and Decision Memorandum follows as an appendix to this notice. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (“ACCESS”). ACCESS is available to registered users at http://access.trade.gov and to all parties in the Central Records Unit, Room B8024 of the main Department of Commerce building. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly on the Internet at http://enforcement.trade.gov/frn/. The signed Issues and Decision Memorandum and electronic versions of the Issues and Decision Memorandum are identical in content.

Changes Since the Preliminary Results

Based on a review of the record and comments received from interested parties regarding our Preliminary Results, we have made revisions to the margin calculations for all companies.10

Adjustments for Countervailable Subsidies

Because no respondent established eligibility for an adjustment under section 777A(f) of the Act for countervailable domestic subsidies, the Department, for these final results, did not make an adjustment pursuant to section 777A(f) of the Act for countervailable domestic subsidies.11 Pursuant to section 777A(f)(1)(C) of the Act, the Department made an adjustment for countervailable export subsidies.12 For Heze Huayi and Jiheng, we made adjustments to reported U.S. prices.13 The adjustment for Kangtai is zero because no countervailable export subsidies were found in the final determination of the CVD investigation. For the PRC-wide entity, since the entity is not currently under review, its rate is not subject to change.14

Final Results

We determine that the following weighted-average dumping margins exist for the POR:

Assessment Rates

The Department will determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries covered by this review. The Department intends to issue assessment instructions to CBP 15 days after the publication date of these final results of this review. In accordance with 19 CFR 351.212(b)(1), we are calculating importer- (or customer-) specific assessment rates for the merchandise subject to this review. For each individually examined respondent whose weighted-average dumping margin is above de minimis (i.e., 0.50 percent), the Department will calculate importer-specific assessment rates on the basis of the ratio of the total amount of dumping calculated for the importer’s examined sales and the total entered value of sales.15 We will

of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in the Department’s presumption that reimbursement of antidumping duties has occurred and that subsequent assessment of doubled antidumping duties.

Administrative Protective Order Notification to Interested Parties

This notice also serves as the only reminder to parties subject to administrative protective order ("APO") of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

Notification to Interested Parties

This administrative review and notice are issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.213(h).
