

If data from the FERC Form 60, FERC-61, and FERC-555A were not available, FERC would not be able to meet its statutory responsibilities, under EPC Act 1992, EPC Act of 2005, and PUHCA 2005,

and FERC would not have all of the regulatory mechanisms necessary to ensure customer protection.

Type of Respondent: Electric transmission facilities.

Estimate of Annual Burden: The Commission estimates the annual public reporting burden for the information collection as:

FERC-60 (ANNUAL REPORT OF CENTRALIZED SERVICE COMPANIES), FERC-61 (NARRATIVE DESCRIPTION OF SERVICE COMPANY FUNCTIONS), & FERC-555A (PRESERVATION OF RECORDS OF HOLDING COMPANIES AND SERVICE COMPANIES SUBJECT TO PUHCA 2005)

	Number of respondents	Annual number of responses per respondent	Total number of responses	Average burden and cost per response	Total annual burden hours and total annual cost	Cost per respondent (\$)
	(1)	(2)	(1) * (2) = (3)	(4)	(3) * (4) = (5)	(5) ÷ (1)
FERC-60 ¹⁸	39	1	39	75 hrs.; \$4,280	2,925 hrs.; \$166,930	\$4,280
FERC-61 ¹⁹	100	1	100	0.5 hrs.; \$18.75	50 hrs.; \$1,875	18.75
FERC-555A ²⁰	100	1	100	1,080 hrs.; \$33,166.80 ...	108,000 hrs.; \$3,316,680	33,166.80
Total	110,975 hrs.; \$3,485,485

In addition to the labor (burden hour cost, provided above) for FERC-555A,²¹ there are additional costs for records retention and storage:

- 50% of the records are paper. Paper storage costs (using an estimate of 6,000 ft³): \$38,763.75
- 50% of the records are electronic. Electronic storage cost is \$15.25/year²² for each entity, or \$1,525 for all entities.

Total record storage cost for FERC-555A for all entities is \$40,288.75.

The total annual cost (including burden hours [from table above] and record storage cost) of FERC-555A is \$3,356,958.75.

Dated: February 24, 2016.

Nathaniel J. Davis, Sr.,

Deputy Secretary.

[FR Doc. 2016-04956 Filed 3-4-16; 8:45 am]

BILLING CODE 6717-01-P

¹⁸ For the FERC-60, the \$57.07/hour figure is based on the average cost (wages plus benefits) of a management analyst (Occupation Code 13-1111) and an accountant (Occupation Code 13-2011) as posted on the Bureau of Labor Statistics (BLS) Web site (http://www.bls.gov/oes/current/naics2_22.htm).

¹⁹ For the FERC-61 the \$37.50 hourly cost figure comes from the cost of a records clerk (Occupation Code 43-4199) as posted on the BLS Web site (http://www.bls.gov/oes/current/naics2_22.htm).

²⁰ For the FERC-555A, the \$30.71/hour figure is based on the cost (wages plus benefits) of a file clerk (Occupation Code 43-4071) as posted on the BLS Web site (http://www.bls.gov/oes/current/naics2_22.htm). The estimates use the \$30.71/hour (rather than the rounded \$31/hour provided in the 60-day Notice).

²¹ Internal analysis assumes 50% electronic and 50% paper storage

²² Per entity; the Commission bases this figure on the estimated cost to service and to store 1 GB of data (based on the aggregated cost of an advanced data protection server).

[Docket No. CP16-73-000]

Port Barre Investments, LLC (d/b/a Bobcat Gas Storage); Notice of Application

Take notice that on February 12, 2016, Port Barre Investments, L.L.C. (d/b/a Bobcat Gas Storage) (Bobcat), 5400 Westheimer Court, Houston, Texas 77056-5310, filed an application, pursuant to section 7(c) of the Natural Gas Act and Part 157 of the Commission's regulations for an amendment to a Certificate of Public Convenience and Necessity issued to Bobcat on March 19, 2009 in Docket No. CP09-19-000, as amended by Commission orders on March 31, 2010 in Docket No. CP10-30-000, and on April 8, 2011 in Docket No. CP11-124-000. The March 19 Order authorized Bobcat to construct, own, operate, and maintain three additional natural gas storage facilities (Cavern Nos. 3, 4, and 5) at the salt dome in St. Landry Parish, Louisiana. With this application, Bobcat is seeking authorization to amend its certificate to reflect a change in the base gas capacity for Cavern Well No. 4 from 2.5 billion cubic feet (Bcf) to 3.5 Bcf, and a change in total gas capacity for Cavern Well No. 4 from 12.4 Bcf to 13.4 Bcf, all as more fully set forth in the application which is on file with the Commission and open to public inspection. No changes are proposed by Bobcat to the certificated working gas capacity for any of the caverns.

Any questions regarding this application should be directed to Lisa A. Connolly, General Manager, Rates

and Certificates, Bobcat Gas Storage, P.O. Box 1642, Houston, Texas 77251-1642, or by calling (713) 627-4102 (telephone) or by email at laconnolly@spectraenergy.com.

Pursuant to Section 157.9 of the Commission's rules, 18 CFR 157.9, within 90 days of this Notice the Commission staff will either: Complete its environmental assessment (EA) and place it into the Commission's public record (eLibrary) for this proceeding; or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the final environmental impact statement (FEIS) or EA for this proposal. The filing of the EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below, file with the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list

maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 5 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commentors will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commentors will not be required to serve copies of filed documents on all other parties. However, the non-party commentors will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

The Commission strongly encourages electronic filings of comments, protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 5 copies of the protest or intervention to the Federal Energy regulatory Commission, 888 First Street NE., Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the Web site that enables subscribers to receive email notification when a

document is added to a subscribed docket(s). For assistance with any FERC Online service, please email FERCOnlineSupport@ferc.gov, or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket Nos. CP02-31-000; CP07-457-000; CP06-76-000]

Stephen Kohlhase, v. Iroquois Gas Transmission System, L.P., Algonquin Gas Transmission, LLC; Notice of Complaint

Take notice that on February 12, 2016, pursuant to section 5 of the Natural Gas Act (NGA)¹ and section 385.206 of the Commission's Rules of Practice and Procedure,² Stephen Kohlhase (Complainant) filed a formal complaint against Iroquois Gas Transmission System, L.P. and Algonquin Gas Transmission (collectively, Respondents) alleging that a 2009 modification of the Brookfield Compressor Station in Brookfield, Connecticut, and related pipeline infrastructure, caused an increase in low-frequency noise and vibration in violation of the Commission's regulations.³

The complainant certifies that copies of the complaint were served on the contacts for the Respondents as listed on the Commission's list of Corporate Officials.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure.⁴ Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. The Respondents' answer,

¹ 15 U.S.C. 717d (2012).

² 18 CFR 385.206 (2015).

³ The Complainant cites the noise quality specifications in sections 380.12(k)(4)(v)(A) and (B) of the Commission's regulations.

⁴ 18 CFR 385.211 and 385.214 (2015).

motions to intervene, and protests must be served on the Complainant.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 5 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the Web site that enables subscribers to receive email notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please email FERCOnlineSupport@ferc.gov, or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

Comment Date: 5:00 p.m. Eastern Time on March 7, 2016.
