adds NSX as a Participant 5 to the Plan. The Commission is publishing this notice to solicit comments on the amendment from interested persons.

I. Description and Purpose of the Plan Amendment

As noted above, the sole proposed amendment to the Plan is to add the Exchange as a Participant. At the time that the Plan was initially filed, NSX had ceased trading operations pursuant to a rule filing with the Commission; however, even though it had ceased trading operations, NSX retained its status as a registered national securities exchange and self-regulatory organization. On December 5, 2015 [sic], the Commission issued an order approving a proposed rule change by NSX to enable trading activity to resume on the Exchange and make certain other rule changes.7 As of December 31, 2015, NSX resumed its status as a fully operational national securities exchange, trading equity securities and equity derivative products on the basis of unlisted trading privileges.

Under Section II(C) of the Plan, any entity registered as a national securities exchange or national securities association under the Exchange Act may become a Participant by: (1) Executing a copy of the Plan, as then in effect; (2) providing each then-current Participant with a copy of such executed Plan; and (3) effecting an amendment to the Plan as specified in Section III(B) of the Plan. Section III(B) sets forth the process for a prospective new Participant to effect an amendment of the Plan. Specifically, the Plan provides that such an amendment to the Plan may be effected by the new national securities exchange or national securities association executing a copy of the Plan as then in effect (with the only changes being the addition of the new Participant’s name in Section II(A) of the Plan); and submitting such executed Plan to the Commission for approval. The amendment will be effective when it is approved by the Commission in accordance with Rule 608 of Regulation NMS, or otherwise becomes effective pursuant to Rule 608 of Regulation NMS.

NSX has executed a copy of the Plan currently in effect, with the only change being the addition of its name in Section II(A) of the Plan, and has provided a copy of the Plan executed by NSX to each of the other Participants. Under the cover of this letter, NSX is submitting the executed Plan to the Commission for approval. Accordingly, all of the Plan requirements for effecting an amendment to the Plan to add NSX as a Participant have been satisfied.

II. Effectiveness of the Proposed Plan Amendment

The foregoing Plan amendment has become effective pursuant to Rule 608(b)(3)(iii) of the Exchange Act 8 because it involves solely technical or ministerial matters. At any time within sixty days of the filing of this amendment, the Commission may summarily abrogate the amendment and require that it be refiled pursuant to paragraph (b)(1) of Rule 608, 9 if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors or the maintenance of fair and orderly markets, to remove impediments to, and perfect the mechanisms of, a national market system or otherwise in furtherance of the purposes of the Act.

III. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the amendment is consistent with the Exchange Act. Comments may be submitted by any of the following methods:

SECURITIES AND EXCHANGE COMMISSION

Self-Regulatory Organizations; NYSE Arca, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change Amending the Fees for NYSE Arca Proprietary Market Data as They Apply to Federal Agency Customers

Pursuant to Section 19(b)(1) 1 of the Securities Exchange Act of 1934 (the “Act”) 2 and Rule 19b–4 thereunder, 3 notice is hereby given that, on February 26, 2016, NYSE Arca, Inc. (the “Exchange” or “NYSE Arca”) filed with the Securities and Exchange Commission the “Commission”) the proposed rule change as described in Items I, II, and III below, which items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend the fees for NYSE Arca proprietary market data that apply to Federal agency customers. The proposed rule change is designed to allow the Exchange to provide Federal agencies with NYSE Arca real-time proprietary market data products at no cost in support of Federal agencies’ regulatory responsibilities. With the adoption of the proposed fee waiver, the Exchange is not waiving any of its contractual rights and all Federal agencies that subscribe to NYSE Arca real-time proprietary market data products will be required to execute the appropriate subscriber agreement, which includes, among other things, provisions against the redistribution of data.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the provisions of Section 6 of the Act,7 in general, and Sections 6(b)(4) and 6(b)(5) of the Act,8 in particular, in that it provides an equitable allocation of reasonable fees among users and recipients of the data and is not designed to permit unfair discrimination among customers, issuers, and brokers.

The Exchange believes the proposal to eliminate the access fees, display fees for professional users, and non-display fees associated with its proprietary market data products for customers that are Federal agencies is reasonable, equitable and not unfairly discriminatory because it is designed to facilitate federal government regulation without giving an undue advantage to one set of commercial users over another. The Exchange believes that it is reasonable to assess no fees to Federal agencies that subscribe to the Exchange’s proprietary market data products because Federal agencies do not use the Exchange’s proprietary market data for commercial gain, but only for regulatory purposes.

B. Self-Regulatory Organization’s Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. In setting the proposed fees, the Exchange considered the competitiveness of the market for proprietary data and all of the implications of that competition. The Federal agencies that will benefit from the proposed rule change, however, do not use the Exchange’s proprietary market data products for commercial purposes and do not compete with commercial users of the data. The Exchange believes that it has considered all relevant factors and has not considered irrelevant factors in order to establish fair, reasonable, and not unreasonably discriminatory fees and an equitable allocation of fees among all users.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change is effective upon filing pursuant to Section 19(b)(3)(A)9 of the Act and subparagraph (I)(2) of Rule 19b-410 thereunder, because it establishes a due, fee, or other charge imposed by the Exchange.

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings under Section 19(b)(2)(B)11 of the Act to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission’s Internet comment form (http://www.sec.gov/rules/sro.shtml); or

Submission for OMB Review; Comment Request

Extension: Rule 17g–4; SEC File No. 270–566, OMB Control No. 32019.

The Credit Rating Agency Reform Act of 2006 added a new section 15E, “Registration of Nationally Recognized Statistical Rating Organizations,”1 to the Exchange Act. Pursuant to the authority granted under section 15E of the Exchange Act, the Commission adopted Rule 17g–4, which requires that a nationally recognized statistical rating organization (“NRSRO”) establish, maintain, and enforce written policies and procedures to prevent the misuse of material nonpublic information, including policies and procedures reasonably designed to prevent: (a) The inappropriate dissemination of material nonpublic information obtained in connection with the performance of credit rating services; (b) a person within the NRSRO from trading on material nonpublic information; and (c) the inappropriate dissemination of a pending credit rating action.2

There are 10 credit rating agencies registered with the Commission as NRSROs under section 15E of the Exchange Act, which have already established the policies and procedures required by Rule 17g–4. Based on staff experience, an NRSRO is estimated to spend an average of approximately 10 hours per year reviewing its policies and procedures regarding material nonpublic information and updating them (if necessary), resulting in an average industry-wide annual hour burden of approximately 100 hours.3

The Commission may not conduct or sponsor a collection of information unless it displays a currently valid OMB control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid OMB control number. Background documentation for this information collection may be viewed at the following Web site: www.reginfo.gov. Comments must be submitted to OMB within 30 days of this notice.
