

location of the hearing two days before the scheduled date.

The Department intends to issue the final results of this administrative review, including the results of its analysis of issues raised in any written briefs, not later than 120 days after the date of publication of this notice, unless the deadline is extended.⁷

Assessment Rates

Upon issuance of the final results, the Department shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries covered by this review.⁸

We calculated importer-specific *ad valorem* duty assessment rates based on the ratio of the total amount of antidumping duties calculated for the examined sales to the total entered value of the examined sales to that importer. We will instruct CBP to assess antidumping duties on all appropriate entries covered by this review when the importer-specific assessment rate calculated in the final results of this review is above *de minimis*. Where either the exporter's weighted-average dumping margin is zero or *de minimis*, or the importer-specific assessment rate is zero or *de minimis*, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.⁹

We intend to issue instructions to CBP 15 days after the publication date of the final results of this review.

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) The cash deposit rate for LGE will be the rate established in the final results of this review, except if the rate is less than 0.50 percent and, therefore, *de minimis* within the meaning of 19 CFR 351.106(c)(1), in which case the cash deposit rate will be zero; (2) for previously reviewed or investigated companies not participating in this review, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in

this review, a prior review, or the original investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; and (4) the cash deposit rate for all other manufacturers or exporters will continue to be 11.80 percent, the all-others rate established in the less-than-fair-value investigation.¹⁰ These requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping and/or countervailing duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties and/or countervailing duties occurred and the subsequent assessment of double antidumping duties.

We are issuing and publishing these results in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.221(b)(4).

Dated: March 4, 2016.

Paul Piquado,

Assistant Secretary for Enforcement and Compliance.

Furfuryl Alcohol From the People's Republic of China: Preliminary Results of Antidumping Duty Administrative Review; 2014-2015

AGENCY: Enforcement and Compliance, International Trade Administration, Commerce.

SUMMARY: The Department of Commerce ("Department") is conducting an administrative review of the antidumping duty order on furfuryl alcohol from the People's Republic of China ("PRC"). The period of review ("POR") is June 1, 2014, through May 31, 2015. The review covers one exporter of subject merchandise.¹ The Department preliminarily finds that the mandatory respondent, Qingdao WenKem Co., Ltd. ("WenKem"), has not demonstrated that it is eligible for a separate rate in this segment of the proceeding, and therefore, for the preliminary results, we are treating it as part of the PRC-wide entity.

DATES: Effective March 11, 2016.

FOR FURTHER INFORMATION CONTACT: Mandy Mallott, AD/CVD Operations, Office III, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-6430.

SUPPLEMENTARY INFORMATION:

Background

On August 3, 2015, the Department initiated the first administrative review of the antidumping duty order on furfuryl alcohol from the PRC.² On September 8, 2015, the Department issued an antidumping questionnaire to WenKem. WenKem submitted an entry of appearance on September 30, 2015, and on October 22, 2015, WenKem submitted a letter to the Department stating that it did not export furfuryl alcohol to the United States during the POR.³ However, U.S. Customs and

Border Protection (“CBP”) import data on the record of this administrative review indicate that WenKem did have exports of subject merchandise to the United States during the POR.⁴ Additionally, PennAKem LLC (“Petitioner”) placed publicly available information on the record of this administrative review indicating that WenKem exported furfuryl alcohol to the United States during the POR.⁵ WenKem did not comment on either the CBP import data or the information placed on the record by the Petitioner (both of which were on the record prior to WenKem’s statement that it had no shipments of furfuryl alcohol to the United States during the POR).

Scope of the Order

The merchandise covered by this order is furfuryl alcohol (C₄H₃OCH₂OH). Furfuryl alcohol is a primary alcohol, and is colorless or pale yellow in appearance. It is used in the manufacture of resins and as a wetting agent and solvent for coating resins, nitrocellulose, cellulose acetate, and other soluble dyes. The product subject to this order is classifiable under subheading 2932.13.00⁶ of the Harmonized Tariff Schedule of the United States (“HTSUS”). Although the HTSUS subheading is provided for convenience and customs purposes, our written description of the scope is dispositive.

Nonmarket Economy Country

The Department considers the PRC to be a nonmarket economy (“NME”) country.⁷ In accordance with section

2015, and “Administrative Review of the Antidumping Order on Furfuryl Alcohol from the People’s Republic of China (PRC) for the Period 6/1/2014 through 5/31/2015,” dated October 22, 2015.

771(18)(C)(i) of the Tariff Act of 1930, as amended (“the Act”), any determination that a foreign country is an NME country shall remain in effect until revoked by the administering authority. Therefore, we continue to treat the PRC as an NME country for purposes of these preliminary results.

Application of Separate Rates in NME Proceedings

In the *Initiation Notice*, the Department notified parties of the application process by which exporters may obtain separate rate status in an NME proceeding.⁸ It is the Department’s policy to assign all exporters of the merchandise subject to review in NME countries a single rate unless an exporter can affirmatively demonstrate an absence of government control, both in law (*de jure*) and in fact (*de facto*), with respect to exports. To establish whether a company is sufficiently independent to be entitled to a separate, company-specific rate, the Department analyzes each exporting entity in an NME country under the test established in *Sparklers*,⁹ as further developed by *Silicon Carbide*.¹⁰ However, if the Department determines that a company is wholly foreign-owned, then an analysis of the *de jure* and *de facto* criteria is not necessary to determine whether it is independent from government control.¹¹

Separate Rates

Although WenKem reported it had no shipments of furfuryl alcohol to the United States during the POR, we received a response from CBP contrary to this claim.¹² Because WenKem did not address evidence contrary to its no shipments claim (*i.e.*, that it in fact shipped subject merchandise to the United States during the POR), the uncontroverted evidence on the record of this segment of the proceeding is that this company had shipments of subject merchandise to the United States during the POR and, thus, is properly under review. Furthermore, WenKem did not submit a separate rate application or certification to demonstrate that it was eligible to receive a separate rate. Thus, consistent with our practice in NME

proceedings discussed above, we are treating WenKem as part of the PRC-wide entity for the preliminary results of this review. In this regard, we note that our determination with respect to WenKem is not the result of adverse facts available.

PRC-Wide Entity

The Department’s change in policy regarding conditional review of the PRC-wide entity applies to this administrative review.¹³ Under this policy, the PRC-wide entity will not be under review unless a party specifically requests, or the Department self-initiates, a review of the entity. Because no party requested a review of the PRC-wide entity in this review, the entity is not under review, and the entity’s rate is not subject to change (*i.e.*, 45.27 percent).

Preliminary Results of Review

The Department preliminarily determines that Qingdao WenKem Co., Ltd. is part of the PRC-wide entity and that the following weighted-average dumping margin applies for the period June 1, 2014, through May 31, 2015:

Exporter	Weighted-average dumping margin (percent)
PRC-Wide Entity	45.27

Public Comment and Opportunity To Request a Hearing

Interested parties may submit case briefs within 30 days after the date of publication of these preliminary results of review in the *Federal Register*.¹⁴ Rebuttals to case briefs, which must be limited to issues raised in the case briefs, must be filed within five days after the time limit for filing case briefs.¹⁵ Parties who submit arguments are requested to submit with the argument (a) a statement of the issue, (b) a brief summary of the argument, and (c) a table of authorities.¹⁶ Parties submitting briefs should do so pursuant to the Department’s electronic filing system, ACCESS.¹⁷

this notice.¹⁸ Hearing requests should contain the following information: (1) The party's name, address, and telephone number; (2) the number of participants; and (3) a list of the issues to be discussed. Oral presentations will be limited to issues raised in the briefs. If a request for a hearing is made, parties will be notified of the time and date for the hearing to be held at the U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230.¹⁹

The Department intends to issue the final results of this administrative review, which will include the results of our analysis of all issues raised in the case briefs, within 120 days of publication of these preliminary results in the **Federal Register**, pursuant to section 751(a)(3)(A) of the Act.

Assessment Rates

Upon issuance of the final results, the Department will determine, and CBP shall assess, antidumping duties on all appropriate entries covered by this review. The Department intends to issue assessment instructions to CBP 15 days after the publication date of the final results of this review.

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this administrative review for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided for by section 751(a)(2)(C) of the Act: (1) As described above, we preliminarily determine that WenKem is not eligible for a separate rate, and therefore, as part of the PRC-wide entity, its exports to the U.S. are subject to the PRC-wide rate of 45.27 percent; (2) for previously investigated or reviewed PRC and non-PRC exporters who are not under review in this segment of the proceeding but who have separate rates, the cash deposit rate will continue to be the exporter-specific rate published for the most recent period; (3) for all PRC exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be the PRC-wide rate of 45.27 percent; and (4) for all non-PRC exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the PRC exporter(s) that supplied that non-PRC exporter. These deposit requirements, when imposed,

shall remain in effect until further notice.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This administrative review and notice are in accordance with sections 751(a)(1) and 777(i) of the Act and 19 CFR 351.213.
