

compliance for those conditions or compliance time in terms of airplane flight cycles.

(3) The Condition column of table 1 in paragraph 1.E., "Compliance," of Boeing Alert Service Bulletin 737-55A1100, dated January 26, 2016, refers to "horizontal stabilizer center section flight cycles." This AD, however, applies to the airplanes with the specified airplane total flight cycles as of the effective date of this AD.

(4) Where Boeing Alert Service Bulletin 737-55A1100, dated January 26, 2016; specifies to contact Boeing for appropriate action: Before further flight, repair using a method approved in accordance with the procedures specified in paragraph (k) of this AD.

**(k) Alternative Methods of Compliance (AMOCs)**

(1) The Manager, Los Angeles Aircraft Certification Office (ACO), FAA, has the authority to approve AMOCs for this AD, if requested using the procedures found in 14 CFR 39.19. In accordance with 14 CFR 39.19, send your request to your principal inspector or local Flight Standards District Office, as appropriate. If sending information directly to the manager of the ACO, send it to the attention of the person identified in paragraph (l) of this AD. Information may be emailed to [9-ANM-LAACO-AMOC-Requests@faa.gov](mailto:9-ANM-LAACO-AMOC-Requests@faa.gov).

(2) Before using any approved AMOC, notify your appropriate principal inspector, or lacking a principal inspector, the manager of the local flight standards district office/certificate holding district office.

(3) An AMOC that provides an acceptable level of safety may be used for any repair, modification, or alteration required by this AD if it is approved by the Boeing Commercial Airplanes Organization Designation Authorization (ODA) that has been authorized by the Manager, Los Angeles ACO, to make those findings. To be approved, the repair method, modification deviation, or alteration deviation must meet the certification basis of the airplane, and the approval must specifically refer to this AD.

(4) Except as required by paragraph (j)(4) of this AD: For service information that contains steps that are labeled as Required for Compliance (RC), the provisions of paragraphs (k)(4)(i) and (k)(4)(ii) of this AD apply.

(i) The steps labeled as RC, including substeps under an RC step and any figures identified in an RC step, must be done to comply with the AD. An AMOC is required for any deviations to RC steps, including substeps and identified figures.

(ii) Steps not labeled as RC may be deviated from using accepted methods in accordance with the operator's maintenance or inspection program without obtaining approval of an AMOC, provided the RC steps, including substeps and identified figures, can still be done as specified, and the airplane can be put back in an airworthy condition.

**(l) Related Information**

For more information about this AD, contact Payman Soltani, Aerospace Engineer, Airframe Branch, ANM-120L, FAA, Los

Angeles ACO, 3960 Paramount Boulevard, Lakewood, CA 90712-4137; phone: 562-627-5313; fax: 562-627-5210; email: [Payman.Soltani@faa.gov](mailto:Payman.Soltani@faa.gov).

**(m) Material Incorporated by Reference**

(1) The Director of the Federal Register approved the incorporation by reference (IBR) of the service information listed in this paragraph under 5 U.S.C. 552(a) and 1 CFR part 51.

(2) You must use this service information as applicable to do the actions required by this AD, unless the AD specifies otherwise.

(i) Boeing Alert Service Bulletin 737-55A1100, dated January 26, 2016.

(ii) Reserved.

(3) For Boeing service information identified in this AD, contact Boeing Commercial Airplanes, Attention: Data & Services Management, P. O. Box 3707, MC 2H-65, Seattle, WA 98124-2207; telephone 206-544-5000, extension 1; fax 206-766-5680; Internet <https://www.myboeingfleet.com>.

(4) You may view this service information at the FAA, Transport Airplane Directorate, 1601 Lind Avenue SW., Renton, WA. For information on the availability of this material at the FAA, call 425-227-1221.

**DEPARTMENT OF HOMELAND SECURITY**

**Coast Guard**

**33 CFR Part 117**

**[Docket No. USCG-2016-0182]**

**Drawbridge Operation Regulation; Willamette River, Portland, OR**

**AGENCY:** Coast Guard, DHS.

**ACTION:** Notice of deviation from drawbridge regulation.

**SUMMARY:** The Coast Guard has issued a temporary deviation from the operating schedule that governs the Broadway Bridge across the Willamette River, mile 11.7, at Portland, OR. The deviation is necessary to accommodate the Portland Race for the Roses event. This deviation allows the bridge to remain in the closed-to-navigation position to facilitate the safe movement of event participants across the bridge.

**DATES:** This deviation is effective from 5 a.m. to 10:30 a.m. on April 17, 2016.

**ADDRESSES:** The docket for this deviation, [USCG-2016-0182] is available at <http://www.regulations.gov>. Type the docket number in the "SEARCH" box and click "SEARCH." Click on Open Docket Folder on the line associated with this deviation.

**FOR FURTHER INFORMATION CONTACT:** If you have questions on this temporary deviation, call or email Mr. Steven Fischer, Bridge Administrator, Thirteenth Coast Guard District; telephone 206-220-7282, email [Steven.M.Fischer@uscg.mil](mailto:Steven.M.Fischer@uscg.mil).

**SUPPLEMENTARY INFORMATION:**

Multnomah County requested for the Broadway Bridge to remain closed to vessel traffic to facilitate the safe, uninterrupted roadway passage of participants in the Portland Race for the Roses event. The Broadway Bridge crosses the Willamette River at mile 11.7, and provides 90 feet of vertical clearance above Columbia River Datum 0.0 while in the closed-to-navigation position. This bridge operates in accordance with 33 CFR 117.897. This deviation allows the bascule span of the Broadway Bridge across the Willamette River, mile 11.7, to remain in the closed-to-navigation position, and need not open for maritime traffic from 5:00 a.m. to 10:30 a.m. on April 17, 2016. The bridge shall operate in accordance to 33 CFR 117.897 at all other times. Waterway usage on this part of the Willamette River includes vessels ranging from commercial tug and barge to small pleasure craft. We have coordinated with the majority of waterway users and there were no objections to this schedule.

Vessels able to pass through the bridge in the closed positions may do so at anytime. The bridge will be able to open for emergencies and there is no immediate alternate route for vessels to pass. The Coast Guard will also inform the users of the waterways through our Local and Broadcast Notices to Mariners of the change in operating schedule for the bridge so that vessels can arrange their transits to minimize any impact caused by the temporary deviation.

In accordance with 33 CFR 117.35(e), the drawbridge must return to its regular operating schedule immediately at the end of the effective period of this temporary deviation. This deviation from the operating regulations is authorized under 33 CFR 117.35.

Dated: March 8, 2016.

**Steven M. Fischer,**  
*Bridge Administrator, Thirteenth Coast Guard District.*

**ENVIRONMENTAL PROTECTION AGENCY**

**40 CFR Parts 51, 52, and 97**

[EPA-HQ-OAR-2009-0491; FRL-9943-36-OAR]

RIN 2060-AS40

**Rulemaking To Affirm Interim Amendments to Dates in Federal Implementation Plans Addressing Interstate Transport of Ozone and Fine Particulate Matter**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Final rule.

**SUMMARY:** The Environmental Protection Agency (EPA) is affirming and making permanent certain amendments previously made on an interim basis to the *Code of Federal Regulations* (CFR) provisions implementing the Cross-State Air Pollution Rule (CSAPR). The purpose of the interim amendments was to correctly reflect CSAPR's compliance deadlines as revised by the effect of the action of the United States Court of Appeals for the District of Columbia Circuit (D.C. Circuit or Court) granting the EPA's motion to lift the previous stay of CSAPR and delay (toll) its

deadlines by three years. Consistent with the Court's order, the interim amendments corrected the CFR text to indicate that CSAPR's Phase 1 emissions budgets apply in 2015 and 2016 and that CSAPR's Phase 2 emissions budgets and assurance provisions apply in 2017 and beyond. The interim amendments similarly corrected dates in the CFR text related to specific activities required or permitted under CSAPR by regulated sources, the EPA, and states, as well as dates related to the sunset of obligations arising under the Clean Air Interstate Rule (CAIR) upon its replacement by CSAPR. In this action, following consideration of comments received on the interim amendments, the EPA is affirming the interim amendments and making them permanent without change. This action is independent of a separate currently pending EPA proposal to update CSAPR to address the 2008 National Ambient Air Quality Standards for ozone.

**DATES:** The effective date of this action is May 13, 2016.

**ADDRESSES:** The EPA is including this action in Docket ID No. EPA-HQ-OAR-2009-0491, which is also the docket for the original CSAPR rulemaking and other related rulemakings. All documents in the docket are listed on the [www.regulations.gov](http://www.regulations.gov) Web site. Although listed in the index, some information is not publicly available, e.g., Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Certain other material, such as

copyrighted material, is not placed on the Internet and will be publicly available only in hard copy form. Publicly available docket materials are available either electronically through [www.regulations.gov](http://www.regulations.gov) or in hard copy at the Air and Radiation Docket, William Jefferson Clinton Building West, Room 3334, 1301 Constitution Avenue NW., Washington, DC. The Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Public Reading Room is (202) 566-1744, and the telephone number for the Air and Radiation Docket is (202) 566-1742.

**FOR FURTHER INFORMATION CONTACT:** David Risley, Clean Air Markets Division, Office of Atmospheric Programs, U.S. Environmental Protection Agency, MC 6204M, 1200 Pennsylvania Avenue NW., Washington, DC 20460; telephone number: (202) 343-9177; email address: [Risley.David@epa.gov](mailto:Risley.David@epa.gov). Electronic copies of this document can be accessed through the EPA Web site at: <http://www.epa.gov/airmarkets>.

**SUPPLEMENTARY INFORMATION:**

*Regulated Entities.* Entities regulated by CSAPR are fossil fuel-fired boilers and stationary combustion turbines that serve generators producing electricity for sale, including combined cycle units and units operating as part of systems that cogenerate electricity and other useful energy output. Regulated categories and entities include:

Category	NAICS* code	Examples of potentially regulated industries
Industry .....	221112	Fossil fuel electric power generation.

\* North American Industry Classification System.

This table is not intended to be exhaustive, but rather provides a guide for readers regarding entities likely to be regulated. This table lists the types of entities of which the EPA is now aware that could potentially be regulated. Other types of entities not listed in the table could also be regulated. To determine whether your facility is regulated by CSAPR, you should carefully examine the applicability provisions in 40 CFR 97.404, 97.504, 97.604, and 97.704. If you have questions regarding the applicability of CSAPR to a particular entity, consult the person listed in the preceding **FOR FURTHER INFORMATION CONTACT** section.

*Judicial Review.* Judicial review of this rule is available only by filing a petition for review in the D.C. Circuit on

or before May 13, 2016. Under section 307(b)(1) of the Clean Air Act (CAA), judicial review of EPA final action under the CAA that is "nationally applicable" or that the Administrator determines is of "nationwide scope or effect" is available only in the D.C. Circuit. Because the interim amendments that are being affirmed and made permanent in this rule apply to sources in 28 states, this rule is "nationally applicable" within the meaning of section 307(b)(1). For the same reason, the Administrator determines that this rule is of "nationwide scope or effect" for purposes of section 307(b)(1). CAA section 307(b)(1) also provides that filing a petition for reconsideration by the Administrator of this rule does not

affect the finality of the rule for the purposes of judicial review, does not extend the time within which a petition for judicial review may be filed, and does not postpone the effectiveness of the rule. Under CAA section 307(b)(2), the requirements established by this rule may not be challenged separately in any civil or criminal proceedings brought by the EPA to enforce these requirements.

*Outline.* The following outline is provided to aid in locating information in this preamble.

- I. Background on CSAPR and the Interim Amendments
- II. Consideration of Comments and Affirmation of Amendments
- III. Statutory and Executive Order Reviews
  - A. Executive Order 12866: Regulatory Planning and Review, and Executive
