**SUMMARY:** The Department of Commerce ("the Department") determines that

imports of certain polyethylene terephthalate resin ("PET resin") from Canada are being sold in the United States at less than fair value ("LTFV"), as provided in section 735 of the Tariff Act of 1930, as amended (the "Act"). The final weighted-average dumping margins of sales at LTFV are listed below in the section entitled "Final Determination Margins."

**DATES:** *Effective Date:* March 14, 2016.

**SUPPLEMENTARY INFORMATION:****Background**

On October 15, 2015, the Department published in the **Federal Register** the preliminary determination in the LTFV investigation of PET resin from Canada.<sup>1</sup> For a description of the events that have occurred since the Preliminary Determination, *see* the Issue and Decision Memorandum.<sup>2</sup> The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov> and to all parties in the Central Records Unit, room B8024 of the main Department of Commerce building. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <http://enforcement.trade.gov>. The signed and electronic versions of the Issues and Decision Memorandum are identical in content.

As explained in the memorandum from the Acting Assistant Secretary for Enforcement & Compliance, the Department has exercised its discretion to toll all administrative deadlines due to the recent closure of the Federal Government because of snowstorm "Jonas". All deadlines in this segment

of the proceeding have been extended by four business days. The revised deadline for the final determination of this investigation is now March 4, 2016.<sup>3</sup>

**Period of Investigation**

The period of investigation (“POI”) is January 1, 2014, through December 31, 2014.

**Scope of the Investigation**

The product covered by this investigation is certain PET resin from Canada. For a full description of the scope of the investigation, see Appendix I to this notice.

**Analysis of Comments Received**

All issues raised in the case and rebuttal briefs by parties in this investigation are discussed in the Issues and Decision Memorandum, dated concurrently with and hereby adopted by this notice. A list of the issues that parties raised, and to which we responded in the Issues and Decision Memorandum, is attached to this notice as Appendix II.

**Final Determination Margins**

The Department determines that the following weighted-average dumping margins exist for the period January 1, 2014, through December 31, 2014:

Exporter or producer	Weighted-average dumping margin (percent)
Selenis Canada .....	13.60
All-Others .....	13.60

**All-Others Rate**

Section 735(c)(5)(A) of the Act provides that the estimated “all-others” rate shall be an amount equal to the weighted average of the estimated weighted-average dumping margins established for exporters and producers individually investigated, excluding any zero or *de minimis* margins, and any margins determined entirely under section 776 of the Act. We based our calculation of the “all-others” rate on the margin calculated for Selenis Canada, the only mandatory respondent in this investigation.

**Disclosure**

We will disclose to parties in this proceeding the calculations performed for this final determination within five

days of the date of public announcement of our final determination, in accordance with 19 CFR 351.224(b).

**Continuation of Suspension of Liquidation**

Pursuant to section 735(c)(1)(B) of the Act, the Department will instruct U.S. Customs and Border Protection (“CBP”) to continue to suspend liquidation of all entries of certain PET resin from Canada which were entered, or withdrawn from warehouse, for consumption on or after October 15, 2015, the date of publication of the *Preliminary Determination*. We also will instruct CBP to require a cash deposit equal to the weighted-average amount by which normal value exceeds U.S. price, as follows: (1) The cash deposit rate for Selenis Canada will be equal to the estimated weighted-average dumping margin determined in this final determination; (2) if the exporter is not a firm identified in this investigation but the producer is, the cash deposit rate will be equal to the estimated weighted-average dumping margin established for the producer of the subject merchandise; and (3) the cash deposit rate for all other producers or exporters will be 13.60 percent. The instructions suspending liquidation will remain in effect until further notice.

**International Trade Commission Notification**

In accordance with section 735(d) of the Act, we will notify the U.S. International Trade Commission (“ITC”) of our final determination. As our final determination is affirmative, in accordance with section 735(b)(2) of the Act, the ITC will determine within 45 days whether the domestic industry in the United States is materially injured, or threatened with material injury, by reason of imports or sales (or the likelihood of sales) for importation of the subject merchandise. If the ITC determines that such injury exists, the Department will issue an antidumping duty order directing CBP to assess, upon further instruction by the Department, antidumping duties on all imports of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the effective date of the suspension of liquidation.

**Return or Destruction of Proprietary Information**

This notice will serve as a reminder to parties subject to administrative protective order (“APO”) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance

with 19 CFR 351.305(a)(3). Timely written notification of the destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

We are issuing and publishing this determination and notice in accordance with sections 735(d) and 777(i) of the Act.

Dated: March 4, 2016.
