SUPPLEMENTARY INFORMATION: This ICR seeks to extend PRA authority for the Unemployment Compensation for Ex-Servicemembers Handbook information collection. The Unemployment Compensation for Ex-Servicemembers Act (UCXA), 5 U.S.C. 8521 et seq., provides unemployment insurance protection to former members of the Armed Forces. The UCXA requires a State Workforce Agency (SWA) to administer the Unemployment Compensation for Ex-Servicemembers (UCX) Program in accordance with the same terms and conditions of State unemployment insurance law that apply to unemployment claimants who have worked in the private sector. Each SWA must obtain certain military service information about a claimant filing for UCX benefits in order to make a benefit-eligibility determination. A SWA may record or obtain required UCX information on Form ETA–843. Request for Military Document and Information. Use of this form may be essential to the UCX claims process. Optional-use Form ETA–841, Request for Determination of Federal Military Service and Wages, is also part of this information collection. Information pertaining to the UCX claimant can only be obtained from the
individual’s military discharge papers, the appropriate branch of military service, or the Department of Veterans’ Affairs. Without a claimant’s military information, a SWA cannot adequately determine the eligibility of ex-servicemembers and would not be properly able to administer the program. UCXA section 3 and Social Security Act section 303(a)(6) authorize this information collection. See 5 U.S.C. 8523; 42 U.S.C. 503(a)(6).

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1205–0176.

OMB authorization for an ICR cannot be for more than three (3) years without renewal, and the current approval for this collection is scheduled to expire on March 31, 2016. The DOL seeks to extend PRA authorization for this information collection for three (3) more years, without any change to existing requirements. The DOL notes that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. For additional substantive information about this ICR, see the related notice published in the Federal Register on August 12, 2015 (80 FR 48339).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the ADDRESSES section within thirty (30) days of publication of this notice in the Federal Register. In order to help ensure appropriate consideration, comments should mention OMB Control Number 1205–0176. The OMB is particularly interested in comments that:

- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

SUMMARY: The Office of Management and Budget is publishing the attached memorandum to the Heads of Executive Departments and Agencies announcing that the “benchmark compensation amount” for certain executives and contractor employees in terms of costs allowable under Federal Government covered contracts during the contractor’s fiscal years 2013 and 2014 is $980,796 and $1,144,888, respectively. These statutory formula cap determinations are required under Section 39 of the Office of Federal Procurement Policy Act, as amended (41 U.S.C. 1127). MEMORANDUM FOR THE HEADS OF EXECUTIVE DEPARTMENTS AND AGENCIES

FROM: Anne E. Rung, Administrator, Office of Federal Procurement Policy.

For contracts awarded prior to June 24, 2014, section 1127 limits the reimbursement or allowability of compensation costs under Federal Government contracts as implemented at Federal Acquisition Regulation (FAR) 31.205–6(p). In less technical terms, the statutory formula cap places a ceiling on the total annual compensation costs the Federal Government will reimburse a contractor for the compensation package the contractor provides to certain of its employees for work done pursuant to certain Federal Government covered contracts. This statutory formula cap applies to limit the reimbursement of the compensation costs of certain contractor senior executives on covered contracts with civilian and defense agencies. Additionally, as a result of changes made by section 803 of the National Defense Authorization Act for FY 2012, Public Law 112–81, December 31, 2011, for covered contracts with defense agencies (i.e., DOD, NASA and Coast Guard), the statutory formula cap was expanded to cover all other contractor employees and applies to the compensation costs incurred after
