

the same lower Simple Order Fee for Removing Liquidity in SPY of \$0.47 per contract, except for Customers. Customer orders bring valuable liquidity to the market, which liquidity benefits other market participants. Customer liquidity benefits all market participants by providing more trading opportunities, which attracts Specialists and Market Makers. An increase in the activity of these market participants in turn facilitates tighter spreads, which may cause an additional corresponding increase in order flow from other market participants.

Cross-Reference and Marketing Fee

The Exchange's proposal to correct a typographical error related to a cross reference does not impose an undue burden on intra-market competition because the amendment is non-substantive.

The Exchange's proposal to replace the words "Payment for Order Flow Fee" with the words "Marketing Fee" does not impose an undue burden on intra-market competition because the proposal will conform the rule text to other parts of the Rulebook.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act.²⁷

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is: (i) Necessary or appropriate in the public interest; (ii) for the protection of investors; or (iii) otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an email to rule-comments@sec.gov. Please include File Number SR-Phlx-2016-33 on the subject line.

Paper Comments

- Send paper comments in triplicate to Secretary, Securities and Exchange Commission, 100 F Street NE., Washington, DC 20549-1090.

All submissions should refer to File Number SR-Phlx-2016-33. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet Web site (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for Web site viewing and printing in the Commission's Public Reference Room, 100 F Street NE., Washington, DC 20549, on official business days between the hours of 10:00 a.m. and 3:00 p.m. Copies of the filing also will be available for inspection and copying at the principal office of the Exchange. [Public Notice: 9484]

Notice of Meeting of the International Telecommunication Advisory Committee

This notice announces a meeting of the United States International Telecommunication Advisory Committee (ITAC) to gather participants' perspectives on the dynamic and evolving international environment around the Internet of Things (IoT) and the application of that technology in Smart Cities, including relevant technical, commercial, and economic issues.

The Department of State seeks to determine where and how diplomacy can best support U.S. innovation and economic growth in this area. Attendees will be invited to share their thoughts on topics including the following:

- The most significant technical issues (e.g., interoperability, security) at play in the international market;
- The impact of national and multilateral initiatives within and among various countries related to Smart Cities and IoT (e.g., the EU Digital Agenda);
- International standards and standards bodies;
- The appropriateness of international regulation related to IoT;
- Privacy and security in the IoT environment.

Internet of Things issues are included in preparations for the upcoming Organization for Economic Cooperation and Development (OECD) ministerial. Over the last 6 months, the United States has participated in the International Telecommunications Union Standardization Sector Study Group 20 (SG20), which focuses on the development of standards related to IoT and Smart Cities. Attendees are invited
