List of Subjects in 16 CFR Part 1201

For the reasons stated in the preamble, the Commission amends 16 CFR part 1201 as follows:

PART 1201—SAFETY STANDARD FOR ARCHITECTURAL GLAZING MATERIALS

§ 1201.1 Definitions.

(a) * * *

(3) Category I products (Class B) means any of the following Architectural products:

* * * * *

(4) Category II products (Class A) means any of the following architectural products:

* * * * *

(b) Architectural products:

(1) Category I products (Class B) means any of the following:

* * * * *

(2) Category II products (Class A) means any of the following:

* * * * *

§ 1201.2 Test procedures.

Except as provided in §§ 1201.1(c) and (d), architectural glazing products shall be tested in accordance with all of the applicable test provisions of ANSI Z97.1–2015 "American National Standard for Safety Glazing Materials Used in Building—Safety Performance Specifications and Methods of Test," approved March 2015. The Director of the Federal Register approves the incorporation by reference in accordance with 5 U.S.C. 552(a) and 1 CFR part 51. You may obtain a copy from ANSI Customer Service Department, 25 W. 43rd Street, 4th Floor, New York, NY 10036. You may inspect a copy at the Office of the Secretary, U.S. Consumer Product Safety Commission, Room 820, 4330 East West Highway, Bethesda, MD 20814, telephone 301–504–7923, or at the National Archives and Records Administration (NARA). For information on the availability of this material at NARA, call 202–741–6030, or go to: http://www.archives.gov/federal-register/cfr/ibr-locations.html.

Figures 1—5 to Subpart A of Part 1201 [Removed]

§ 1201.4 Remove Figures 1 through 5 to subpart A of part 1201.

Dated: March 18, 2016.

Todd A. Stevenson,
Secretary, Consumer Product Safety Commission.

BILLING CODE 6355–01–P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

18 CFR Part 284

[Docket No. RM96–1–039; Order No. 587–X]

Standards for Business Practices of Interstate Natural Gas Pipelines

AGENCY: Federal Energy Regulatory Commission.

ACTION: Final rule; order on rehearing.

SUMMARY: In Order No. 587–W, the Federal Energy Regulatory Commission (Commission) amended its regulations to incorporate by reference the latest version (Version 3.0) of seven business practice standards applicable to interstate natural gas pipelines adopted by the Wholesale Gas Quadrant (WGQ) of the North American Energy Standards Board (NAESB). As relevant here, the Version 3.0 standards revised the codes used to identify receipt and delivery locations in the Index of Customers. Prior to Version 3.0, the postings required the pipelines to use an industry common code to refer to individual receipt and delivery points. Version 3.0 revised this requirement to require the pipelines to use their own proprietary point codes for receipt and delivery points and to post additional information about these points on the pipelines’ Internet Web sites. Due to the adoption of proprietary point codes, the Commission revised its regulations at 18 CFR 157.14, 157.18, 260.8, and 284.13 to refer to the same proprietary points.

§ 284.13 to refer to the same proprietary points.

I. Background

2. In Order No. 587–W, the Commission amended its regulations to incorporate by reference the latest version (Version 3.0) of seven business practice standards applicable to interstate natural gas pipelines adopted by the Wholesale Gas Quadrant (WGQ) of the North American Energy Standards Board (NAESB). As relevant here, the Version 3.0 standards revised the codes used to identify receipt and delivery locations in the Index of Customers. Prior to Version 3.0, the postings required the pipelines to use an industry common code to refer to individual receipt and delivery points. Version 3.0 revised this requirement to require the pipelines to use their own proprietary point codes for receipt and delivery points and to post additional information about these points on the pipelines’ Internet Web sites. Due to the adoption of proprietary point codes, the Commission revised its regulations at 18 CFR 157.14, 157.18, 260.8, and 284.13 to refer to the same proprietary points.

2. In Order No. 587–W, the Commission amended its regulations to incorporate by reference the latest version (Version 3.0) of seven business practice standards applicable to interstate natural gas pipelines adopted by the Wholesale Gas Quadrant (WGQ) of the North American Energy Standards Board (NAESB). As relevant here, the Version 3.0 standards revised the codes used to identify receipt and delivery locations in the Index of Customers. Prior to Version 3.0, the postings required the pipelines to use an industry common code to refer to individual receipt and delivery points. Version 3.0 revised this requirement to require the pipelines to use their own proprietary point codes for receipt and delivery points and to post additional information about these points on the pipelines’ Internet Web sites. Due to the adoption of proprietary point codes, the Commission revised its regulations at 18 CFR 157.14, 157.18, 260.8, and 284.13 to refer to the same proprietary points.

SUPPLEMENTARY INFORMATION:

Order Granting Rehearing Order No. 587–X

1. In this order, in response to requests for rehearing by the Interstate Natural Gas Association of America (INGAA) and Southern Star Central Gas Pipeline, Inc. (Southern Star), the Commission grants rehearing of Order No. 587–W, the Commission’s Final Rule issued in this proceeding on October 16, 2015, and revises section 284.13(b)(2)(iv) of the Commission’s regulations regarding the posting of receipt and delivery points for interruptible transportation.

2. In Order No. 587–W, the Commission amended its regulations to incorporate by reference the latest version (Version 3.0) of seven business practice standards applicable to interstate natural gas pipelines adopted by the Wholesale Gas Quadrant (WGQ) of the North American Energy Standards Board (NAESB). As relevant here, the Version 3.0 standards revised the codes used to identify receipt and delivery locations in the Index of Customers. Prior to Version 3.0, the postings required the pipelines to use an industry common code to refer to individual receipt and delivery points. Version 3.0 revised this requirement to require the pipelines to use their own proprietary point codes for receipt and delivery points and to post additional information about these points on the pipelines’ Internet Web sites. Due to the adoption of proprietary point codes, the Commission revised its regulations at 18 CFR 157.14, 157.18, 260.8, and 284.13 to refer to the same proprietary points.

2. In Order No. 587–W, the Commission amended its regulations to incorporate by reference the latest version (Version 3.0) of seven business practice standards applicable to interstate natural gas pipelines adopted by the Wholesale Gas Quadrant (WGQ) of the North American Energy Standards Board (NAESB). As relevant here, the Version 3.0 standards revised the codes used to identify receipt and delivery locations in the Index of Customers. Prior to Version 3.0, the postings required the pipelines to use an industry common code to refer to individual receipt and delivery points. Version 3.0 revised this requirement to require the pipelines to use their own proprietary point codes for receipt and delivery points and to post additional information about these points on the pipelines’ Internet Web sites. Due to the adoption of proprietary point codes, the Commission revised its regulations at 18 CFR 157.14, 157.18, 260.8, and 284.13 to refer to the same proprietary points.

I. Background

2. In Order No. 587–W, the Commission amended its regulations to incorporate by reference the latest version (Version 3.0) of seven business practice standards applicable to interstate natural gas pipelines adopted by the Wholesale Gas Quadrant (WGQ) of the North American Energy Standards Board (NAESB). As relevant here, the Version 3.0 standards revised the codes used to identify receipt and delivery locations in the Index of Customers. Prior to Version 3.0, the postings required the pipelines to use an industry common code to refer to individual receipt and delivery points. Version 3.0 revised this requirement to require the pipelines to use their own proprietary point codes for receipt and delivery points and to post additional information about these points on the pipelines’ Internet Web sites. Due to the adoption of proprietary point codes, the Commission revised its regulations at 18 CFR 157.14, 157.18, 260.8, and 284.13 to refer to the same proprietary points.
The price or the receipt and delivery points until nominations are made. The Commission, therefore, removed the requirement to post the receipt and delivery points “covered by the contract” from the posting requirements, so that pipelines will post the actual points used for transporting natural gas:

This language “covered by the contract” implies that the receipt or delivery points should be those in the master contract, rather than the points in the subsequent agreement to provide interruptible service. Section 284.13(b)(2)(iv) will be revised to require the posting of the receipt and delivery points over which the shipper is entitled to transport gas at the rate charged to make clear that the pipeline should post the receipt and delivery points in each individual agreement to provide interruptible service, not simply the receipt and delivery points in the master contract.

Accordingly, we will grant rehearing and revise the regulatory text to require pipelines to post the receipt and delivery points between which the shipper is entitled to transport gas at the rate charged, including the location name and code adopted by the pipeline in conformance with paragraph (f) of the section for each point, zone, or segment.

7. The Paperwork Reduction Act (PRA) provides that an agency may not conduct or sponsor the collection of information unless the agency has published an estimate of the burden that shall result from the information collection in advance of adopting or revising such collection. Agency rules that require information collection are subject to review and approval by the Office of Management and Budget (OMB), in accordance with the requirements of the PRA. The reporting requirements imposed in Order No. 587–W (Docket No. RM96–1–038) were submitted to and approved (on December 9, 2015) by OMB. The revisions made in this Order merely clarify those reporting requirements and are not expected to modify the burden estimates. This Order will be submitted to OMB for information only.

List of Subjects in 18 CFR Part 284

Incorporation by reference, natural gas, Reporting and recordkeeping requirements.

By the Commission.

Issued: March 17, 2016.
Nathaniel J. Davis, Sr.,
Deputy Secretary.

In consideration of the foregoing, the Commission amends part 284, chapter I, title 18, Code of Federal Regulations, as follows:

PART 284—CERTAIN SALES AND TRANSPORTATION OF NATURAL GAS UNDER THE NATURAL GAS POLICY ACT OF 1978 AND RELATED AUTHORITIES

1. The authority citation for part 284 continues to read as follows:

2. Section 284.13 is amended by revising paragraph (b)(2)(iv) to read as follows:

§ 284.13 Reporting requirements for interstate pipelines.

* * * * *

(b) * * *

(2) * * *

(iv) The receipt and delivery points between which the shipper is entitled to transport gas at the rate charged, including the location name and code adopted by the pipeline in conformance with paragraph (f) of this section for each point, zone, or segment;

* * * * *

BILLING CODE 6171–01–P

PENSION BENEFIT GUARANTY CORPORATION

29 CFR Part 4010

RIN 1212–AB30

Annual Financial and Actuarial Information Reporting

AGENCY: Pension Benefit Guaranty Corporation.

ACTION: Final rule.

SUMMARY: The Pension Benefit Guaranty Corporation (“PBGC”) is amending its regulation on Annual Financial and Actuarial Information Reporting to codify provisions of recent legislation and related guidance that affect reporting under ERISA section 4010. The final rule modifies the reporting waiver under the current regulation tied to aggregate plan underfunding of $15 million or less to be based on non-stabilized interest rates. In addition, the final rule adds new reporting waivers for smaller plans and for plans that must file solely on the basis of either a statutory lien resulting from missed

5 FERC–545 (Gas Pipeline Rates: Rate Change (Non-Formal)) is covered under OMB Control No. 1902–0134, and FERC–549C (Standards for Business Practices of Interstate Natural Gas Pipelines) is covered under 1902–0174.
