

taxes requesting their online data submissions.

For the Quarterly Survey of Property Tax Collections (Form F-71) we will mail letters quarterly to a sample of approximately 5,500 local tax collection agencies known to have substantial collections of property tax requesting their online data submissions.

For the Quarterly Survey of State Tax Collections (F-72) we will mail letters to each of the 50 state governments quarterly requesting their online data submissions or continued coordinated submission through the state government revenue office.

II. Method of Collection

F-71 and F-73 survey data will be collected via the Internet. Data for the F-72 survey are collected via the Internet or compilation of data in coordination with the state government revenue office.

In addition to reporting current quarter data, respondents may report data for the previous eight quarters or submit revisions to their previously submitted data. In the event that a respondent cannot report online, they may request a form as a last resort.

In those instances when we are not able to obtain a response, we conduct follow-up operations using email and phone calls. Nonresponse weighting adjustments are used to adjust for any unreported units in the sample from the latest available data.

Foreign-Trade Zones Board

[B-14-2016]

Foreign-Trade Zone (FTZ) 7— Mayaguez, Puerto Rico, Notification of Proposed Production Activity, Lilly Del Caribe, Inc., Subzone 7K (Pharmaceutical Products), Carolina and Guayama, Puerto Rico

The Puerto Rico Industrial Development Company, grantee of FTZ 7, submitted a notification of proposed production activity to the FTZ Board on behalf of Lilly Del Caribe, Inc. (Lilly), located within Subzone 7K in Carolina and Guayama, Puerto Rico. The notification conforming to the requirements of the regulations of the FTZ Board (15 CFR 400.22) was received on March 08, 2016.

Lilly already has FTZ authority for the production of finished pharmaceuticals and their intermediates, including the active ingredients humalog and duloxetine. The current request would add finished products and foreign-status materials/components to the scope of authority. Pursuant to 15 CFR 400.14(b), additional FTZ activity would be limited to the specific foreign-status materials/components and specific finished products described in the submitted notification (as described below) and subsequently authorized by the FTZ Board.

Production under FTZ procedures could exempt Lilly from customs duty payments on the foreign-status components used in export production. On its domestic sales, Lilly would be able to choose the duty rate during customs entry procedures that applies to finished abemaciclib capsules (breast cancer treatment) and baricitinib tablets (rheumatoid arthritis treatment) (duty

free) for the foreign-status inputs noted below and in the existing scope of authority. Customs duties also could possibly be deferred or reduced on foreign-status production equipment.

The materials/components sourced from abroad include abemaciclib and baricitinib active ingredients (duty rate, 6.5%).

Public comment is invited from interested parties. Submissions shall be addressed to the FTZ Board's Executive Secretary at the address below. The closing period for their receipt is May 3, 2016.

A copy of the notification will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 21013, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230-0002, and in the "Reading Room" section of the FTZ Board's Web site, which is accessible via www.trade.gov/ftz.

For further information, contact Diane Finver at Diane.Finver@trade.gov or (202) 482-1367.

Dated: March 17, 2016.

SUPPLEMENTARY INFORMATION:

I. Abstract

The United States and Peru negotiated the U.S.-Peru Trade Promotion Agreement (the "Agreement"), which entered into force on February 1, 2009. Subject to the rules of origin in Annex 4.1 of the Agreement, and pursuant to the textile provisions of the Agreement, fabric, yarn, and fiber produced in Peru or the United States and traded between the two countries are entitled to duty-free tariff treatment. Annex 3-B of the Agreement also lists specific fabrics, yarns, and fibers that the two countries agreed are not available in commercial quantities in a timely manner from producers in Peru or the United States. The items listed are commercially unavailable fabrics, yarns, and fibers. Articles containing these items are entitled to duty-free or preferential treatment despite containing inputs not produced in Peru or the United States.

The list of commercially unavailable fabrics, yarns, and fibers may be changed pursuant to the commercial availability provision in Chapter 3, Article 3.3, Paragraphs 5-7 of the Agreement. Under this provision, interested entities from Peru or the United States have the right to request that a specific fabric, yarn, or fiber be added to, or removed from, the list of commercially unavailable fabrics, yarns, and fibers in Annex 3-B.

Chapter 3, Article 3.3, paragraph 7 of the Agreement requires that the President publish procedures for parties to exercise the right to make these requests. The President delegated the responsibility for publishing the procedures and administering commercial availability requests to the Committee for the Implementation of Textile Agreements ("CITA"), which issues procedures and acts on requests through the U.S. Department of Commerce, Office of Textiles and Apparel ("OTEXA") (See Proclamation No. 8341, 74 FR 4105, January 22, 2009). Interim procedures to implement these responsibilities were published in the **Federal Register** on August 14, 2009. (See Interim Procedures for Considering Requests Under the Commercial Availability Provision of the United

States—Peru Trade Promotion Agreement Implementation Act and Estimate of Burden for Collection of Information, 74 FR 41111, August 11, 2009).

The intent of the U.S.-Peru TPA Commercial Availability Procedures is to foster the use of U.S. and regional products by implementing procedures that allow products to be placed on or removed from a product list, on a timely basis, and in a manner that is consistent with normal business practice. The procedures are intended to facilitate the transmission of requests; allow the market to indicate the availability of the supply of products that are the subject of requests; make available promptly, to interested entities and the public, information regarding the requests for products and offers received for those products; ensure wide participation by interested entities and parties; allow for careful review and consideration of information provided to substantiate requests and responses; and provide timely public dissemination of information used by CITA in making commercial availability determinations.

CITA must collect certain information about fabric, yarn, or fiber technical specifications and the production capabilities of Peruvian and U.S. textile producers to determine whether certain fabrics, yarns, or fibers are available in commercial quantities in a timely manner in the United States or Peru, subject to Section 203(o) of the Agreement.

II. Method of Collection

Participants in a commercial availability proceeding must submit public versions of their Requests, Responses or Rebuttals electronically (via email) for posting on OTEXA's Web site. Confidential versions of those submissions which contain business confidential information must be delivered in hard copy to the Office of Textiles and Apparel (OTEXA) at the U.S. Department of Commerce.

III. Data

OMB Control Number: 0625-0265.

Form Number(s): N/A.

Type of Review: Regular submission.

Affected Public: Business or for-profit organizations.

Estimated Number of Respondents: 16 (10 for Requests; 3 for Responses; 3 for Rebuttals).

Estimated Time per Response: 8 hours per Request, 2 hours per Response, and 1 hour per Rebuttal.

Estimated Total Annual Burden Hours: 89.

Estimated Total Annual Cost to Public: \$5,340.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.
