

location (E10L) during one production week (3915) were affected. Tires with the same SKU code were also curing in another press (Z11L), but these tires were stamped correctly. Cooper stated that sorting of its internal inventories revealed that for curing press E10L, during DOT serial week 3915, there was a total net cure of 518 tires, of which 180 tires have been accounted for in its warehouse. There were 338 tires distributed. Cooper made the final determination that a noncompliance exists as to those 338 tires on January 6, 2015.

5. Cooper states that the 338 subject tires do meet and/or exceed all performance requirements and all other labeling and marking requirements of FMVSS No. 139.

Furthermore, Cooper is not aware of any crashes, injuries, customer complaints, or field reports associated with the subject tires.

Cooper has informed NHTSA that the subject tires located in its inventory count reconciliation have been returned to the company's Findlay, OH plant, where they will be corrected prior to being released for sale.

In summation, Cooper believes that the described noncompliance is inconsequential to motor vehicle safety, and that its petition, to exempt Cooper from providing recall notification of the noncompliance, as required by 49 U.S.C. 30118, and remedying the noncompliance, as required by 49 U.S.C. 30120, should be granted.

NHTSA notes that the statutory provisions (49 U.S.C. 30118(d) and 30120(h)) that permit manufacturers to file petitions for a determination of inconsequentiality allow NHTSA to exempt manufacturers only from the duties found in sections 30118 and 30120, respectively, to notify owners, purchasers, and dealers of a defect or noncompliance and to remedy the defect or noncompliance. Therefore, any decision on this petition only applies to the subject tires that Cooper no longer controlled at the time it determined that the noncompliance existed. However, any decision on this petition does not relieve equipment distributors and dealers of the prohibitions on the sale, offer for sale, or introduction or delivery for introduction into interstate commerce of the noncompliant tires under their control after Cooper notified them that the subject noncompliance existed.

## DEPARTMENT OF TRANSPORTATION

### National Highway Traffic Safety Administration

[Docket No. NHTSA-2016-0003; Notice 1]

#### Continental Tire the Americas, LLC, Receipt of Petition for Decision of Inconsequential Noncompliance

**AGENCY:** National Highway Traffic Safety Administration (NHTSA), Department of Transportation (DOT).  
**ACTION:** Receipt of petition.

**SUMMARY:** Continental Tire the Americas, LLC (CTA), has determined that certain CTA tires do not fully comply with paragraph S5.5(f) of Federal Motor Vehicle Safety Standard (FMVSS) No. 139 *New Pneumatic Radial Tires for Light Vehicles*. CTA filed a report dated December 11, 2015, pursuant to 49 CFR part 573, *Defect and Noncompliance Responsibility and Reports*. CTA then petitioned NHTSA under 49 CFR part 556 requesting a decision that the subject noncompliance is inconsequential to motor vehicle safety.

**DATES:** The closing date for comments on the petition is April 25, 2016.

**ADDRESSES:** Interested persons are invited to submit written data, views, and arguments regarding this petition. Comments must refer to the docket and notice number cited in the title of this notice and be submitted by any of the following methods:

- **Mail:** Send comments by mail addressed to U.S. Department of Transportation, Docket Operations, M-30, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue SE., Washington, DC 20590.
- **Hand Deliver:** Deliver comments by hand to U.S. Department of Transportation, Docket Operations, M-30, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue SE., Washington, DC 20590. The Docket Section is open on weekdays from 10 a.m. to 5 p.m. except Federal Holidays.

- **Electronically:** Submit comments electronically by logging onto the Federal Docket Management System (FDMS) Web site at <http://www.regulations.gov/>. Follow the online

instructions for submitting comments. Comments may also be faxed to (202) 493-2251.

Comments must be written in the English language, and be no greater than 15 pages in length, although there is no limit to the length of necessary attachments to the comments. If comments are submitted in hard copy form, please ensure that two copies are provided. If you wish to receive confirmation that comments you have submitted by mail were received, please enclose a stamped, self-addressed postcard with the comments. Note that all comments received will be posted without change to <http://www.regulations.gov>, including any personal information provided.

The petition, supporting materials, and all comments received before the close of business on the closing date indicated above will be filed in the docket and will be considered. All comments and supporting materials received after the closing date will also be filed and will be considered to the extent possible.

When the petition is granted or denied, notice of the decision will also be published in the **Federal Register** pursuant to the authority indicated at the end of this notice.

All documents submitted to the docket may be viewed by anyone at the address and times given above. The documents may also be viewed on the Internet at <http://www.regulations.gov> by following the online instructions for accessing the dockets. The docket ID number for this petition is shown in the heading of this notice.

DOT's complete Privacy Act Statement is available for review in the **Federal Register** published on April 11, 2000, (65 FR 19477-78).

#### SUPPLEMENTARY INFORMATION:

*I. Overview:* Pursuant to 49 U.S.C. 30118(d) and 30120(h) (see implementing regulations at 49 CFR part 556), CTA submitted a petition for an exemption from the notification and remedy requirements of 49 U.S.C. Chapter 301 on the basis that this noncompliance is inconsequential to motor vehicle safety.

This notice of receipt of CTA's petition is published under 49 U.S.C. 30118 and 30120 and does not represent any agency decision or other exercise of judgment concerning the merits of the petition.

*II. Tires Involved:* Affected are approximately 1,800 General Tire brand Grabber size LT265/75R16 112/109 Q LRC tires that were manufactured between December 10, 2010 and September 9, 2013.

*III. Noncompliance:* CTA explains that due to a mold error, the number of tread plies indicated on the sidewall of the subject tires does not match the actual number of plies in the tire construction. The tires are marked “PLIES: TREAD: 2 POLYESTER + 2 STEEL + 2 POLYAMIDE” whereas the correct marking should be: “PLIES: TREAD: 2 POLYESTER + 2 STEEL + 1 POLYAMIDE.” As a consequence, these tires do not meet requirements specified in paragraph S5.5(f) of FMVSS No. 139.

*IV. Rule Text:* Paragraph S5.5(f) of FMVSS No. 139 states, in pertinent part:

S5.5 *Tire Markings.* Except as specified in paragraph (a) through (i) of S5.5, each tire must be marked on each sidewall with the information specified in S5.5(a) through (d) and on one sidewall with the information specified in S5.5(e) through (i) according to the phase-in schedule specified in S7 of this standard. . .

(f) The actual number of plies in the sidewall, and the actual number of plies in the tread area, if different.

*V. Summary of CTA’s Petition:* CTA described the subject noncompliance and stated its belief that the noncompliance is inconsequential to motor vehicle safety.

In support of its petition, CTA submitted the following information pertaining to the subject noncompliance:

(a) CTA stated that the tires covered by this petition are labeled with incorrect information regarding the number of tread plies. The company noted that while the number of polyester and steel plies indicated on the sidewall is accurate, the number of polyamide plies indicated is incorrect. The company contended, however, that this mislabeling has no impact on the operational performance of these tires or on the safety of vehicles on which these tires are mounted. The company asserted that the tires meet or exceed all of the performance requirements of FMVSS No. 139.

(b) CTA noted that NHTSA has concluded in response to numerous other petitions that this type of noncompliance is inconsequential to motor vehicle safety. CTA referenced notices that NHTSA has published in the **Federal Register** granting the following inconsequentiality petitions:

- Petition of Hankook Tire America Corp., 79 FR 30688 (May 28, 2014);
- Petition of Bridgestone Americas Tire Operations, LLC, 78 FR 47049 (August 2, 2013);
- Petition of Cooper Tire & Rubber Company, 78 FR 47050 (August 2, 2013).

(C) CTA states that all tires covered by its petition meet or exceed the

performance requirements of FMVSS No. 139, as well as the other labeling requirements of the standard.

(d) CTA also states that it is not aware of any crashes, injuries, customer complaints, or field reports associated with the subject noncompliance.

CTA additionally informed NHTSA that it has quarantined all existing inventory of the tires that contain the noncompliant tire sidewall labeling and has corrected the molds at the manufacturing plant so that no additional tires will be manufactured with the noncompliance.

In summation, CTA believes that the described noncompliance is inconsequential as it relates to motor vehicle safety, and that its petition to be exempted from providing notification of the noncompliance, as required by 49 U.S.C. 30118, and to remedy the noncompliance, as required by 49 U.S.C. 30120, should be granted.

NHTSA notes that the statutory provisions (49 U.S.C. 30118(d) and 30120(h)) that permit manufacturers to file petitions for a determination of inconsequentiality allow NHTSA to exempt manufacturers only from the duties found in sections 30118 and 30120, respectively, to notify owners, purchasers, and dealers of a defect or noncompliance and to remedy the defect or noncompliance. Therefore, any decision on this petition only applies to the subject tires that CTA no longer controlled at the time it determined that the noncompliance existed. However, any decision on this petition does not relieve equipment distributors and dealers from the prohibitions on the sale, offer for sale, or introduction or delivery for introduction into interstate commerce of the noncompliant tires under their control after CTA notified them that the subject noncompliance exists.

**Authority:** 49 U.S.C. 30118, 30120; Delegations of authority at 49 CFR 1.95 and 501.8.

## DEPARTMENT OF TRANSPORTATION

### National Highway Traffic Safety Administration

[Docket No. NHTSA–2016–0039]

#### NHTSA Enforcement Guidance Bulletin 2016–01; Guidance on Submission and Treatment of Manufacturer Communications to Dealers, Owners, or Purchasers About a Defect or Noncompliance

**AGENCY:** National Highway Traffic Safety Administration (NHTSA), Department of Transportation.

**ACTION:** Notice.

**SUMMARY:** The National Highway Traffic Safety Administration (NHTSA) is issuing this notice to make manufacturers aware of the statutory requirement to index their communications to dealers, owners, or purchasers about a defect or noncompliance, and to provide recommendations for complying with the index requirement. Additionally, a change in the law requires NHTSA to publicly post all such communications on its Web site and it is therefore providing notice of its intention to do so. NHTSA will also publicly post on its Web site the manufacturers’ indexes to their communications as they are received.

**FOR FURTHER INFORMATION CONTACT:** For legal issues: Kerry Kolodziej, Office of the Chief Counsel, NCC–100, National Highway Traffic Safety Administration, 1200 New Jersey Avenue SE., Washington, DC 20590 (telephone: 202–366–5263).

For submission of documents pursuant to 49 CFR 579.5: [tsb@dot.gov](mailto:tsb@dot.gov).

For submission of documents pursuant to 49 CFR 573.6(c)(10): Recalls Portal Help Desk, 1–888–719–9220; [recalls.helpdesk@dot.gov](mailto:recalls.helpdesk@dot.gov).

**SUPPLEMENTARY INFORMATION:** The National Highway Traffic Safety Administration (NHTSA or Agency) is issuing this notice of its intent to enforce and implement the requirements of 49 U.S.C. 30166(f), as amended by the Moving Ahead for Progress in the 21st Century Act (MAP–21).

#### I. Legal and Policy Background

*A. Manufacturers Are Required To Submit Copies to NHTSA of Communications to Their Dealers, Owners, or Purchasers About a Defect or Noncompliance*

The National Traffic and Motor Vehicle Safety Act (Safety Act), as amended, requires motor vehicle and
