

2. Paperwork Reduction Act

The Paperwork Reduction Act of 1995 (PRA) applies to rulemakings in which an agency by rule creates a new paperwork burden or increases an existing burden.⁴ For purposes of the PRA, a paperwork burden may take the form of a reporting or recordkeeping requirement, both referred to as information collections. This final rule creates new investment options for FCUs but will not create any new burdens or increase any existing burdens. Therefore, a PRA analysis is not required.

3. Executive Order 13132

Executive Order 13132 encourages independent regulatory agencies to consider the impact of their actions on state and local interests. NCUA, an independent regulatory agency as defined in 44 U.S.C. 3502(5), voluntarily complies with the executive order to adhere to fundamental federalism principles. The final rule does not have substantial direct effects on the states, on the relationship between the national government and the states, or on the distribution of power and responsibilities among the various levels of government. NCUA has, therefore, determined that this final rule does not constitute a policy that has federalism implications for purposes of the executive order.

4. Assessment of Federal Regulations and Policies on Families

NCUA has determined that this final rule will not affect family well-being within the meaning of section 654 of the Treasury and General Government Appropriations Act, 1999, Public Law 105-277, 112 Stat. 2681 (1998).

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule; delay of effective date, correction.

SUMMARY: This action changes the effective date of a final rule published in the **Federal Register** of February 4, 2016, amending Class E Airspace designated as an extension at Ithaca Tompkins Regional Airport, Ithaca, NY; and the Kingston VORTAC, Poughkeepsie, NY. This correction updates the geographic coordinates of each navigation aid and Ithaca Tompkins Regional Airport (formerly Tompkins County Airport), under Class D airspace and Class E surface area airspace to coincide with the FAA's aeronautical database. Also, Dutchess County Airport is added to the Kingston VORTAC, Poughkeepsie, NY, designation in Class E airspace designated as an extension. The Kingston VORTAC reference is removed from the Class D airspace designation. This action also adds Class D airspace to the title of this rulemaking.

DATES: This correction is effective 0901 UTC, May 26, 2016, and the effective date of the rule amending 14 CFR part 71, published on February 4, 2016 (81 FR 5902), is delayed to 0901 UTC May 26, 2016. The Director of the Federal Register approves this incorporation by reference action under Title 1, Code of Federal Regulations, part 51, subject to the annual revision of FAA Order 7400.9 and publication of conforming amendments.

Authority for This Rulemaking

History

The **Federal Register** published a final rule amending Class E Airspace Designated as an Extension at Ithaca Tompkins Regional Airport, Ithaca, NY, (formerly Tompkins County Airport), and the Kingston VORTAC, Poughkeepsie, NY (81 FR 5902, February 4, 2016) Docket No. FAA-2015-4532. Further review revealed the geographic coordinates for the airport and nav aids needed to be amended in Class D airspace and Class E surface area airspace. It is also noted that the Kingston VORTAC is erroneously listed in Class D airspace for Poughkeepsie, NY, and is removed. Also, Class D Airspace is added to the title.

Class D and Class E airspace designations are published in paragraphs 5000, 6002, and 6004, respectively, of FAA Order 7400.9Z dated August 6, 2015, and effective September 15, 2015, which is incorporated by reference in 14 CFR part 71.1. The Class D and Class E airspace designations listed in this document will be published subsequently in the Order. These are administrative corrections and do not affect the controlled airspace boundaries or operating requirements supporting operations in the Ithaca and Poughkeepsie, NY areas.
