DEPARTMENT OF TRANSPORTATION
Federal Aviation Administration
[Docket No. FAA–2015–2836]
Guidance on the Procedures and Process To Petition the Secretary Under the Airport and Airway Improvement Act

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of final policy.

SUMMARY: This final policy establishes the procedures and processes to petition the Secretary under the Airport and Airway Improvement Act 49 U.S.C. 47106(c)(1)(A)(ii). The Federal Aviation Administration (FAA) issued guidance on the procedures and process to petition the Secretary under 49 U.S.C. 47106(c)(1)(A)(ii) in the Federal Register on August 4, 2015. This guidance is intended to provide detail and clarity about who may petition the Secretary, when such a petition may be filed, how the petition may be made, and the procedures and process to petition the Secretary under this Section of the Airport and Airway Improvement Act.

DATES: Effective Date: The Guidance becomes effective immediately upon publication in the Federal Register.

SUPPLEMENTARY INFORMATION: By Federal Register Notice issued on August 4, 2015 (80 FR 46380), the FAA notified the public of the issuance for public comment of proposed Guidance on the Procedures and Process to Petition the Secretary under the Airports and Airway Improvement Act. FAA requested comments, suggestions and recommendations that would assist the agency in assessing and understanding the potential effects and implications of providing guidance on the procedures for and process of the right to petition the Secretary under 49 U.S.C. Section 47106(c)(1)(A)(ii). The Notice called for public comments to be received by FAA on or before October 5, 2015. No comments were received by that date. Other than editorial changes and one minor clarification, this final Guidance is identical to the proposed guidance.

I. Background

In 1982, Congress enacted the Airport and Airway Improvement Act (AAIA) (Pub. L. 97–248). Relevant portions of the AAIA are codified in 49 U.S.C. Chapter 471, Subchapter I, Airport Improvement. The AAIA, among other things, established the current-day Airport Improvement Program (AIP) that is administered by the FAA’s Office of Airports. Through the AIP, the FAA provides grants to public agencies—and, in limited cases, to private airport owners and operators—for the planning and development of public-use airports that are included in the National Plan of Integrated Airport Systems (NPIAS). The current AIP program built on earlier grant programs that are funded through a variety of user fees and fuel taxes. For more information on the history of the AIP and predecessor grant programs, see http://www.faa.gov/airports/aip/.

The AAIA also provides certain prerequisites and conditions that an airport sponsor must meet in order to be eligible for consideration of AIP funding. In 1992, Congress amended various provisions of the AAIA with the Airport and Airway Safety, Capacity, Noise Improvement, and Intermodal Transportation Act, Public Law 102–581, Section 113(b), Public Access and Participation with Respect to Airport
