### 40 CFR Part 52

[EPA-R10-OAR-2015-0448; FRL-9943-19—Region 10]

### Approval and Promulgation of Air Quality Implementation Plans; Washington; Update to Materials Incorporated by Reference

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Final rule; administrative change.

**SUMMARY:** The Environmental Protection Agency (EPA) is updating the materials that are incorporated by reference (IBR) into the Washington State Implementation Plan (SIP). The regulations affected by this update have been previously submitted by the Washington State Department of Ecology (Ecology) and approved by the EPA. In this action, the EPA is also notifying the public of corrections to typographical errors, minor formatting changes to the IBR tables, and correcting errors regarding the location of certain items in the tables. This update affects the SIP materials that are available for public inspection at the National Archives and Records Administration (NARA) and the EPA Regional Office.

**DATES:** This action is effective March 31, 2016.

**ADDRESSES:** SIP materials which are incorporated by reference into 40 CFR part 52 are available for inspection at the following locations: Environmental Protection Agency, Region 10, Office of Air, Waste, and Toxics (AWT-150), 1200 Sixth Avenue, Seattle, WA 98101, or the National Archives and Records Administration (NARA). For information on the availability of this material at NARA, call (202) 741-6030, or go to: [http://www.archives.gov/federal\\_register/code\\_of\\_federal\\_regulations/ibr\\_locations.html](http://www.archives.gov/federal_register/code_of_federal_regulations/ibr_locations.html).

#### SUPPLEMENTARY INFORMATION:

#### I. Background

The SIP is a living document which a state revises as necessary to address its unique air pollution problems. Therefore, the EPA from time to time, must take action on SIP revisions containing new and/or revised regulations as being part of the SIP. On May 22, 1997, the EPA revised the procedures for incorporating by reference Federally-approved SIPs, as a

result of consultations between the EPA and the Office of the Federal Register (OFR) (62 FR 27968). The description of the revised SIP document, IBR procedures and “Identification of plan” format are discussed in further detail in the May 22, 1997 **Federal Register** document. On March 20, 2013, the EPA published a **Federal Register** beginning the new IBR procedure for Washington (78 FR 17108). On December 8, 2014, the EPA published an update to the IBR material for Washington (79 FR 72548).

Since the publication of the last IBR update, the EPA approved into the Washington SIP the changes listed below.

## II. EPA Action

In this action, the EPA is announcing the update to the IBR material as of February 19, 2016. The EPA is correcting minor typographical errors, including subsection 52.2470(c), table 2, entry 173–400–091, which incorrectly listed the state effective date as “9/20/93” rather than the correct date of “4/1/11”. The EPA is also rearranging tables 5 through 10 in subsection

52.2470(c) to list the local clean air agency regulations at the top of the tables consistent with the EPA’s recent final approval of the Benton Clean Air Agency general air quality regulations (80 FR 71698, November 17, 2015). The EPA is also rearranging and republishing the contents of subsection 52.2470(e) to organize the actions by pollutant and type for clarity. Finally, the EPA is moving the location of regulations relating to Washington’s enforcement authority, appeals, and conflicts of interest, specifically, WAC 173–400–220 (Requirements for Board Members), WAC 173–400–230 (Regulatory Actions), WAC 173–400–240 (Criminal Penalties), WAC 173–400–250 (Appeals), and WAC 173–400–260 (Conflict of Interest). These regulations were inadvertently placed in subsection 52.2470 (c), Tables 2, 5, 6, 7, 8, 9, and 10, the regulations incorporated by reference. The EPA is moving these regulations to subsection 52.2470(e), the provisions that are approved but not incorporated by reference. For more information see 80 FR 71698 (November 17, 2015).

The EPA has determined that today’s rule falls under the “good cause” exemption in section 553(b)(3)(B) of the Administrative Procedures Act (APA) which, upon finding “good cause,” authorizes agencies to dispense with public participation and section 553(d)(3) which allows an agency to make a rule effective immediately (thereby avoiding the 30-day delayed effective date otherwise provided for in the APA). Today’s rule simply codifies provisions which are already in effect as a matter of law in Federal and approved State programs. Under section 553 of the APA, an agency may find good cause where procedures are “impractical, unnecessary, or contrary to the public interest.” Public comment is “unnecessary” and “contrary to the public interest” since the codification only reflects existing law. Immediate notice in the CFR benefits the public by removing outdated citations and incorrect table entries.

## III. Statutory and Executive Order Reviews

### A. General Requirements

Under the Clean Air Act (CAA), the Administrator is required to approve a SIP submission that complies with the provisions of the CAA and applicable Federal regulations. 42 U.S.C. 7410(k); 40 CFR 52.02(a). Thus, in reviewing SIP submissions, the EPA’s role is to approve state choices, provided that they meet the criteria of the CAA. Accordingly, this action merely

approves state law as meeting Federal requirements and does not impose additional requirements beyond those imposed by state law. For that reason, this action:

- Is not a “significant regulatory action” subject to review by the Office of management and Budget under Executive Orders 12866 (58 FR 51735, October 4, 1993) and 13563 (76 FR 3821, January 21, 2011);
- does not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*);
- is certified as not having a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*);
- does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104–4);
- does not have Federalism implications as specified in Executive Order 13132 (64 FR 43255, August 10, 1999);
- is not an economically significant regulatory action based on health or safety risks subject to Executive Order 13045 (62 FR 19885, April 23, 1997);
- is not a significant regulatory action subject to Executive Order 13211 (66 FR 28355, May 22, 2001);
- is not subject to requirements of Section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) because this action does not involve technical standards; and
- does not provide the EPA with the discretionary authority to address, as appropriate, disproportionate human health or environmental effects, using practicable and legally permissible methods, under Executive Order 12898 (59 FR 7629, February 16, 1994).

The SIP is not approved to apply on any Indian reservation land in Washington except as specifically noted below and is also not approved to apply in any other area where the EPA or an Indian tribe has demonstrated that a tribe has jurisdiction. In those areas of Indian country, the rule does not have tribal implications as specified by Executive Order 13175 (65 FR 67249, November 9, 2000). Washington’s SIP is approved to apply on non-trust land within the exterior boundaries of the Puyallup Indian Reservation, also known as the 1873 Survey Area. Under the Puyallup Tribe of Indians Settlement Act of 1989, 25 U.S.C. 1773, Congress explicitly provided state and local agencies in Washington authority over activities on non-trust lands within the 1873 Survey Area.

In this rule, the EPA is finalizing regulatory text that includes incorporation by reference. In accordance with requirements of 1 CFR 51.5, the EPA is finalizing the

incorporation by reference of the Washington regulations described in the amendments to 40 CFR part 52 set forth below. EPA has made, and will continue to make, these documents generally available electronically through [www.regulations.gov](http://www.regulations.gov) and/or in hard copy at the appropriate EPA office (see the ADDRESSES section of this preamble for more information).

#### *B. Submission to Congress and the Comptroller General*

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. The EPA will submit a report containing this rule and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. This rule is not a “major rule” as defined by 5 U.S.C. 804(2).

#### *C. Petitions for Judicial Review*

The EPA has also determined that the provisions of section 307(b)(1) of the CAA pertaining to petitions for judicial review are not applicable to this action. Prior EPA rulemaking actions for each individual component of the Washington SIP compilations had previously afforded interested parties the opportunity to file a petition for judicial review in the United States Court of Appeals for the appropriate circuit within 60 days of such rulemaking action. Thus, the EPA sees no need in this action to reopen the 60-day period for filing such petitions for judicial review for this “Identification of plan” update action for Washington.

**ENVIRONMENTAL PROTECTION AGENCY****40 CFR Part 180**

[EPA-HQ-OPP-2014-0397; FRL-9943-79]

**Pendimethalin; Tolerance Exemptions; Technical Correction****AGENCY:** Environmental Protection Agency (EPA).**ACTION:** Final rule; technical correction.

**SUMMARY:** EPA issued a final rule in the **Federal Register** of December 21, 2015, concerning the addition of certain commodities to 40 CFR 180.361. Nut, tree group 14-12 was inadvertently omitted. This document corrects that omission.

**DATES:** This final rule correction is effective March 31, 2016.

**ADDRESSES:** The docket for this action, identified by docket identification (ID) number EPA-HQ-OPP-2014-0397, is available at <http://www.regulations.gov> or at the Office of Pesticide Programs Regulatory Public Docket (OPP Docket) in the Environmental Protection Agency Docket Center (EPA/DC), West William Jefferson Clinton Bldg., Rm. 3334, 1301 Constitution Ave. NW., Washington, DC 20460-0001. The Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Public Reading Room is (202) 566-1744, and the telephone number for the OPP Docket is (703) 305-5805. Please review the visitor instructions and additional information about the docket available at <http://www.epa.gov/dockets>.

**FOR FURTHER INFORMATION CONTACT:** Susan Lewis, Registration Division (7505P), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave. NW., Washington, DC 20460-0001; telephone number:

[RDfRNotices@epa.gov](mailto:RDfRNotices@epa.gov).**SUPPLEMENTARY INFORMATION:****I. Does this action apply to me?**

The Agency included in the December 21, 2015 final rule a list of those who may be potentially affected by this action.

**II. What does this technical correction do?**

EPA issued a final rule in the **Federal Register** of December 21, 2015 (80 FR 79267) (FRL-9937-18) that was adding commodities including Nut, tree group 14-12 to 40 CFR 180.361(a)(1). EPA inadvertently omitted the language in the codified text, which would have added Nut, tree group.

**III. Why is this correction issued as a final rule?**

Section 553 of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)(3)(B)) provides that, when an agency for good cause finds that notice and public procedure are impracticable, unnecessary, or contrary to the public interest, the agency may issue a final rule without providing notice and an opportunity for public comment. EPA has determined that there is good cause for making this technical correction final without prior proposal and opportunity for comment, because this is correcting a typographical error. EPA finds that this constitutes good cause under 5 U.S.C. 553(b)(3)(B).

**IV. Do any of the statutory and executive order reviews apply to this action?**

No. For a detailed discussion concerning the statutory and executive order review, refer to Unit VI of the December 21, 2015 final rule.

**V. Congressional Review Act**

Pursuant to the Congressional Review Act (5 U.S.C. 801 *et seq.*), EPA will submit a report containing this rule and

other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. This action is not a “major rule” as defined by 5 U.S.C. 804(2).

**List of Subjects in 40 CFR Part 180**

Environmental protection, Administrative practice and procedure, Agricultural commodities, Pesticides and pests, Reporting and recordkeeping requirements.

Dated: March 24, 2016.

**Daniel J. Rosenblatt,**

Acting Director, Registration Division, Office of Pesticide Programs.

Therefore, 40 CFR part 180 is corrected as follows:
