DEPARTMENT OF LABOR
Office of the Secretary

Agency Information Collection Activities; Submission for OMB Review; Comment Request; H–2A Temporary Employment Certification Program

ACTION: Notice.

SUMMARY: The Department of Labor (DOL) is submitting the Employment and Training Administration (ETA) sponsored information collection request (ICR) revision titled, "H–2A Temporary Employment Certification Program," to the Office of Management and Budget (OMB) for review and approval for use in accordance with the Paperwork Reduction Act (PRA) of 1995 (44 U.S.C. 3501 et seq.). Public comments on the ICR are invited.

DATES: The OMB will consider all written comments that agency receives on or before May 4, 2016.

ADDRESSES: A copy of this ICR with applicable supporting documentation; including a description of the likely respondents, proposed frequency of response, and estimated total burden may be obtained free of charge from the RegInfo.gov Web site at http://www.reginfo.gov/public/do/PRAViewICR; or by contacting Michel Smyth by telephone at 202–693–4129, TTY 202–693–8064, (these are not toll-free numbers) or sending an email to DOL_PRA_PUBLIC@dol.gov.

Submit comments about this request by mail or courier to the Office of Information and Regulatory Affairs, Attn: OMB Desk Officer for DOL-ETA, Office of Management and Budget, Room 10235, 725 17th Street NW., Washington, DC 20503; by Fax: 202–395–5806 (this is not a toll-free number); or by email: OIRA_submission@omb.eop.gov. Commenters are encouraged, but not required, to send a courtesy copy of any comments by mail or courier to the U.S. Department of Labor-OASAM, Office of the Chief Information Officer, Attn: Departmental Information Compliance Management Program, Room N1301, 200 Constitution Avenue NW., Washington, DC 20210; or by email: DOL_PRA_PUBLIC@dol.gov.

FOR FURTHER INFORMATION CONTACT: Contact Michel Smyth by telephone at 202–693–4129, TTY 202–693–8064, (these are not toll-free numbers) or sending an email to DOL_PRA_PUBLIC@dol.gov.

SUPPLEMENTARY INFORMATION: This ICR seeks approval under the PRA for revisions to the H–2A Temporary Employment Certification Program. The Immigration and Nationality Act (INA) requires the Secretary of Labor to certify, among other things, that any foreign worker seeking to enter the United States (U.S.) to perform certain skilled or unskilled labor will not, by doing so, adversely affect wages and working conditions of U.S. workers similarly employed. The Secretary also must certify there are not sufficient U.S. workers able, willing, and qualified to perform such skilled or unskilled labor. Before any employer may petition for any temporary skilled or unskilled foreign workers, it must submit a request for certification to the Secretary containing the elements prescribed by the INA and regulations. This information collection has been classified as a revision, because the ETA has proposed changes to Appendix A to mirror the operational process implemented in the H–2B Temporary Employment Certification Program and to conform to the Department’s H–2A Final Rule for employers seeking to hire temporary foreign workers for job opportunities in herding and production of livestock on the range. The Immigration and Nationality Act authorizes this information collection. See 8 U.S.C. 1011(a)(15)(H)(ii)(a) and 8 U.S.C. 1188.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1205–0466. The DOL notes that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. New requirements would only take effect upon OMB approval. For additional substantive information about this ICR, see the related notice published in the Federal Register on December 24, 2015 (80 FR 80387).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the ADDRESSES section within thirty (30) days of publication of this notice in the Federal Register. In order to help ensure appropriate consideration, comments should mention OMB Control Number 1205–0466. The OMB is particularly interested in comments that:

• Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
• Evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
• Enhance the quality, utility, and clarity of the information to be collected; and
• Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Agency: DOL–ETA.
Title of Collection: H–2A Temporary Employment Certification Program.
OMB Control Number: 1205–0466.
Affected Public: Private Sector—businesses or other for-profits, farms, and not-for-profit institutions.
Total Estimated Number of Respondents: 4,870.
Total Estimated Number of Responses: 160,773.
Total Estimated Annual Time Burden: 49,194 hours.
Total Estimated Annual Other Costs Burden: $1,608,700.

Dated: March 28, 2016.
Michel Smyth,
Departmental Clearance Officer.

BILLING CODE 4510–FP–P

DEPARTMENT OF LABOR

Occupational Safety and Health Administration
[Docket No. OSHA–2006–0028]

MET Laboratories, Inc.: Grant of Expansion of Recognition and Modification to the NRTL Program’s List of Appropriate Test Standards

AGENCY: Occupational Safety and Health Administration (OSHA), Labor.

ACTION: Notice.
OSHA hereby gives notice of the expansion of the scope of recognition of MET Laboratories, Inc. (MET), as an NRTL. MET’s expansion covers the addition of five test standards to its scope of recognition. Additionally, OSHA announces a modification to the NRTL Program’s List of Appropriate Test Standards to include three additional test standards.

OSHA recognition of an NRTL signifies that the organization meets the requirements specified by 29 CFR 1910.7. Recognition is an acknowledgment that the organization can perform independent safety testing and certification of the specific products covered within its scope of recognition and is not a delegation or grant of government authority. As a result of recognition, employers may use products properly approved by the NRTL to meet OSHA standards that require testing and certification of the products.

The Agency processes applications by an NRTL for initial recognition, or for expansion or renewal of this recognition, following requirements in Appendix A to 29 CFR 1910.7. This appendix requires that the Agency publish two notices in the Federal Register in processing an application. In the first notice, OSHA announces the application and provides its preliminary finding and, in the second notice, the Agency provides its final decision on the application. These notices set forth the NRTL’s scope of recognition or modifications of that scope. OSHA maintains an informational Web page for each NRTL that details its scope of recognition. These pages are available from the Agency’s Web site at http://www.osha.gov/dts/otpca/nrtl/index.html.

II. Final Decision and Order

OSHA staff examined MET’s expansion applications, its capability to meet the requirements of the test standards, and other pertinent information. Based on its review of this evidence, OSHA finds that MET meets the requirements of 29 CFR 1910.7 for expansion of its recognition, subject to the specified limitation and conditions listed below. OSHA, therefore, is proceeding with this final notice to grant MET’s scope of recognition. OSHA limits the expansion of MET’s recognition to testing and certification of products for demonstration of conformance to the test standards listed in Table 1 below.

Additionally, Table 2, below, lists the test standards new to the NRTL Program’s List of Appropriate Test Standards. The Agency evaluated the standards to (1) verify they represent a product category for which OSHA requires certification by an NRTL, (2) verify the documents represent end products and not components, and (3) verify the documents define safety test specifications (not installation or operational performance specifications). Based on this evaluation, OSHA finds that they are appropriate test standards and has added these standards to the NRTL Program’s List of Appropriate Test Standards.

### Table 1—List of Appropriate Test Standards for Inclusion in MET’s NRTL Scope of Recognition

<td>Standard for Electric Vehicle Supply Equipment.</td>
</tr>
</tbody>
</table>

*Represents a new standard that OSHA is adding to the NRTL Program’s List of Appropriate Test Standards, as specified in Table 2 below.
OSHA’s recognition of any NRTL for a particular test standard is limited to equipment or materials for which OSHA standards require third-party testing and certification before using them in the workplace. Consequently, if a test standard also covers any products for which OSHA does not require such testing and certification, an NRTL’s scope of recognition does not include these products.

The American National Standards Institute (ANSI) may approve the test standards listed above as American National Standards. However, for convenience, we may use the designation of the standards-developing organization for the standard as opposed to the ANSI designation. Under the NRTL Program’s policy (see OSHA Instruction CPL 1–0.3, Appendix C, paragraph XIV), any NRTL recognized for a particular test standard may use either the proprietary version of the test standard or the ANSI version of that standard. Contact ANSI to determine whether a test standard is currently ANSI-approved.

A. Conditions

In addition to those conditions already required by 29 CFR 1910.7, MET must abide by the following conditions of the recognition:

1. MET must inform OSHA as soon as possible, in writing, of any change of ownership, facilities, or key personnel, and of any major change in its operations as an NRTL, and provide details of the change(s);

2. MET must meet all the terms of its recognition and comply with all OSHA policies pertaining to this recognition; and

3. MET must continue to meet the requirements for recognition, including all previously published conditions on MET’s scope of recognition, in all areas for which it has recognition.

Pursuant to the authority in 29 CFR 1910.7, OSHA hereby expands the scope of recognition of MET, subject to the limitation and conditions specified above, and adds three standards to the NRTL Program’s List of Appropriate Test Standards.

**Authority and Signature**

David Michaels, Ph.D., MPH, Assistant Secretary of Labor for Occupational Safety and Health, 200 Constitution Avenue NW., Washington, DC 20210, authorized the preparation of this notice. Accordingly, the Agency is issuing this notice pursuant to 29 U.S.C. 657(g)(2), Secretary of Labor’s Order No. 1–2012 (77 FR 3912, Jan. 25, 2012), and 29 CFR 1910.7.

Signed at Washington, DC, on March 29, 2016.

David Michaels,
Assistant Secretary of Labor for Occupational Safety and Health.

**LEGAL SERVICES CORPORATION**

**Agricultural Worker Population Estimates for Basic Field—Migrant Grants**

**AGENCY:** Legal Services Corporation.

**ACTION:** Notice.

**SUMMARY:** The Legal Services Corporation (LSC) seeks public comment on alternative estimates of the LSC-eligible agricultural worker population in Michigan. LSC obtained current estimates of LSC-eligible agricultural worker populations from the United States Department of Labor’s Employment Training Administration (ETA) for the states, territories, and DC in order to revise LSC’s distribution of LSC Basic Field funding between legal services grants for serving (1) the eligible general population and (2) the eligible agricultural worker population. LSC published those estimates for comment and received suggestions for alternative estimates in Michigan. LSC is publishing the alternative Michigan estimates for public comment.

**DATES:** Comments must be submitted on or before May 19, 2016.

**ADDRESSES:** Written comments must be submitted to Mark Freedman, Senior Associate General Counsel, Legal Services Corporation, 3333 K St. NW., Washington, DC 20007–3522; 202–337–6519 (fax); mfreedman@lsc.gov. LSC prefers electronic submissions via email with attachments in Acrobat PDF format. Written comments sent to any other address or received after the end of the comment period may not be considered by LSC.

**FOR FURTHER INFORMATION CONTACT:** Mark Freedman, Senior Associate General Counsel, Legal Services Corporation, 3333 K St. NW., Washington, DC 20007–3522; 202–295–1623 (phone); 202–337–6519 (fax); mfreedman@lsc.gov.

**SUPPLEMENTARY INFORMATION:**

I. Background

The Legal Services Corporation (LSC) seeks public comment on alternative estimates of the population of agricultural workers and dependents in Michigan who are LSC-eligible. The Michigan Advocacy Program (MAP) submitted these alternatives for LSC to use in lieu of the estimates provided by the U.S. Department of Labor’s Employment Training Administration (ETA). LSC intends to select estimates to use for distribution of appropriated Basic Field Programs funds between legal services grants in Michigan serving the (1) eligible general population (Basic Field—General) and (2) the eligible agricultural worker population (Basic Field—Migrant).

On February 3, 2015, LSC published a notice for comment in the Federal Register with the history and context of LSC’s decision to update the estimates of the eligible agricultural worker population in all LSC geographic areas (including the 50 states, the District of Columbia, and many U.S. territories), 80 FR 5791, February 3, 2015. LSC published the ETA estimates and related information online at www.lsc.gov/ag-worker-data. In response to the comments received, LSC obtained revised estimates from ETA, which LSC published for comment on February 5, 2016, 81 FR 6295, Feb. 5, 2016. MAP submitted alternative estimates for Michigan in response to the 2016 notice. LSC has posted the comments and materials related to this topic at www.lsc.gov/ag-worker-data. The MAP materials are:

- Michigan Advocacy Project, Comments (March 21, 2016)
- Michigan Advocacy Project, Attachments (March 21, 2016)

II. Proposed Alternative Estimates

MAP submitted proposals increasing the estimate of the number of eligible agricultural workers and dependents in Michigan, including by:
