*Abstract of proposed collection:*

The DS-11 solicits data necessary for Passport Services to issue a United States passport (book and/or card format) pursuant to authorities granted to the Secretary of State by 22 U.S.C. 211a *et seq.* and E.O. 11295 (August 5, 1966) for the issuance of passports to U.S. nationals.

The issuance of U.S. passports requires the determination of identity, nationality, and entitlement with reference to the provisions of Title III of the Immigration and Nationality Act (INA) (8 U.S.C. 1401-1504), the 14th Amendment to the Constitution of the United States, other applicable treaties and laws, and implementing regulations at 22 CFR parts 50 and 51. The specific regulations pertaining to the Application for a U.S. Passport are at 22 CFR 51.20 through 51.28.

*Methodology:*

The information collected on the DS-11 is used to facilitate the issuance of passports to U.S. citizens and nationals. The primary purpose of soliciting the information is to establish citizenship, identity, and entitlement to the issuance of the U.S. passport or related service, and to properly administer and enforce the laws pertaining to the issuance thereof.

Passport Services collects information from U.S. citizens and non-citizen nationals when they complete and submit the Application for a U.S. Passport. Passport applicants can either download the DS-11 from the internet or obtain one from an Acceptance Facility/Passport Agency. The form must be completed and executed at an acceptance facility or passport agency, and submitted with evidence of citizenship and identity.

*Additional information:*

The proposed renewal of the DS-11 includes an advisory on the instructions that lawful permanent resident cards (green cards) that are submitted with Form DS-11 will be forwarded to U.S. Citizen and Immigration Services if the applicant is found to be a U.S. citizen. This advisory is consistent with an arrangement between the Department of State and the Department of Homeland Security, as green cards are property of the Department of Homeland Security.

The proposed renewal of Form DS-11 also includes a new instruction to

applicants requiring submission of a photocopy of the applicant's evidence of U.S. citizenship, in addition to the official or certified copy that is currently required. The official or certified copy will continue to be used to determine whether the applicant has a valid claim to U.S. citizenship. The photocopy will be retained by the Department so that the Department has a complete and accurate record of what the applicant submitted with his or her U.S. passport application. Evidence of U.S. citizenship, however, is only annotated on the application, and a certified copy is generally not retained. The Department considered different alternatives to having the applicant submit a photocopy in addition to the official or certified copy; however, none of these alternatives were logistically feasible or cost effective. Based on a resource analysis study, the additional costs for labor, equipment, supplies, facility modifications and obtaining additional space makes it not feasible for the Department to make photocopies of primary citizenship evidence without significantly affecting agency operations and passport processing times. The Department determined that adding the requirement for a photocopy of the applicant's evidence of U.S. citizenship is the only feasible way to create a complete record of the documentation submitted with applications. The Department also believes that retaining copies of applicants' evidence of U.S. citizenship will help the Department develop and deliver online passport applicant services. Applicants currently submit a photocopy of their photo identification.

The Privacy Act statement has been amended to clarify that an applicant's failure to provide his or her Social Security number may result in the denial of an application, consistent with Section 32101 of the Fixing America's Surface Transportation Act (Pub. L. 114-94) which authorizes the Department to deny U.S. passport applications when the applicant failed to include his or her Social Security number. It also makes clear that failure to include one's Social Security number may also subject the applicant to a penalty enforced by the International Revenue Service. These requirements and the underlying legal authorities are further described on page 3 of the instructions titled "Federal Tax Law" which has also been amended to include a reference to Public Law 114-94.

Dated: March 18, 2016.

### **CSX Transportation, Inc.— Discontinuance of Service Exemption—in Greenbrier and Fayette Counties, W. Va.**

To address whether this condition adequately protects affected employees, a petition for partial revocation under 49 U.S.C. 10502(d) must be filed.

Provided no formal expression of intent to file an offer of financial assistance (OFA) to subsidize continued rail service has been received, this
