Title: 49 U.S.C. Section 5317—New Freedom Program

(OMB Number: 2132–0565)

Background: The purpose of the New Freedom program was to make grants available to assist states and designated recipients to reduce barriers to transportation services and expand the transportation mobility options available to people with disabilities beyond the requirements of the Americans with Disabilities Act (ADA) of 1990. The New Freedom program was repealed in 2012 with the enactment of the Moving Ahead for Progress in the 21st Century Act (MAP–21). However, funds previously authorized for programs repealed by MAP–21 remain available for their originally authorized purposes until the period of availability expires, the funds are fully expended, the funds are rescinded by Congress, or the funds are otherwise reallocated. To meet program oversight responsibilities, FTA must continue to collect information until the period of availability expires, the funds are fully expended, the funds are rescinded by Congress, or the funds are otherwise reallocated. Grant recipients are required to make information available to the public and to publish a program of projects which identifies the subrecipients and projects for which the State or designated recipient is applying for financial assistance. FTA uses the information to monitor the grantees’ progress in implementing and completing project activities. FTA collects performance information annually from designated recipients in urban areas, small urbanized areas, other direct recipients for small urbanized areas, and designated recipients in urbanized areas of 200,000 persons or greater. FTA collects milestone and financial status reports from designated recipients in large urbanized areas on a quarterly basis. The information submitted ensures FTA’s compliance with applicable federal laws and OMB Uniform Administrative Requirements (Super Circular).

Respondents: State and local government, private non-profit organizations and public transportation authorities.

Estimated Annual Burden on Respondents: 201 hours for each of the respondents.

Estimated Total Annual Burden: 119,229 hours.

Frequency: Annual.

William Hyre,
Deputy Associate Administrator for Administration.

DEPARTMENT OF TRANSPORTATION
Federal Transit Administration
Notice of Request for the Extension of a Currently Approved Information Collection

AGENCY: Federal Transit Administration, DOT.

ACTION: Notice of request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, this notice announces the intention of the Federal Transit Administration (FTA) to request the Office of Management and Budget (OMB) to renew the following information collection:

Public Transportation Emergency Relief Program

OMB Control No.: 2132–0575.

The Moving Ahead for Progress in the 21st Century Act (MAP–21, Pub. L. 112–141) authorized the Emergency Relief Program at 49 U.S.C. 5324. FTA’s Emergency Relief program enables FTA to provide assistance to public transit operators in the aftermath of an emergency or major disaster. This program helps States and public transportation systems pay for protecting, repairing, and/or replacing equipment and facilities that may suffer or have suffered serious damage as a result of an emergency, including natural disasters such as floods, hurricanes, and tornadoes. The program can fund capital projects to protect, repair, or replace facilities or equipment that are in danger of suffering serious damage, or have suffered serious damage as a result of an emergency. The program can also fund the operating costs of evacuation, rescue operations, temporary public transportation service, or reestablishing, expanding, or relocating service before, during or after an emergency.

DATES: Comments must be submitted before June 6, 2016.

ADDRESSES: To ensure that your comments are not entered more than once into the docket, submit comments identified by the docket number by only one of the following methods:
