Changes Since the Preliminary Results

Based on our analysis of the comments received, we made adjustments to our margin calculations for JBF for international movement expenses, and errors in the conversion of certain invoice dates.⁴ As a result of these adjustments, the Department is now applying the average-to-average comparison methodology for the final results.⁵ A complete discussion of these adjustments and changes can be found in the Decision Memorandum.

Final Results of Review

As a result of this review, we determine that the following weighted-average dumping margins exist for the period of November 1, 2013, through October 31, 2014:

Producer or Exporter	Weighted-Average Dumping Margin (percent <i>ad valorem</i>)
JBF RAK LLC	4.44

Disclosure

We will disclose to interested parties the calculations performed in connection with these final results within five days of the publication of this notice, consistent with 19 CFR 351.224(b).

Assessment Rates

The Department shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review.⁶ The Department intends to issue appropriate assessment instructions directly to CBP 15 days after the date of publication of these final results of review.

For assessment purposes we calculated importer-specific, *ad valorem* assessment rates based on the ratio of the total amount of dumping calculated for the examined sales to the total entered value of those same sales.⁷ We

will instruct CBP to assess antidumping duties on all appropriate entries covered by this review.

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this administrative review for all shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of these final results, as provided by section 751(a)(2)(C) of the Tariff Act of 1930, as amended (the Act): (1) For the company covered by this review, the cash deposit rate will be equal to the weighted-average dumping margin listed above in the section "Final Results of Review;" (2) for merchandise exported by producers or exporters not covered in this review but covered in a previously completed segment of this proceeding, the cash deposit rate will continue to be the company-specific rate published in the final results for the most recent period in which that producer or exporter participated; (3) if the exporter is not a firm covered in this review or in any previous segment of this proceeding, but the producer is, then the cash deposit rate will be that established for the producer of the merchandise in these final results of review or in the final results for the most recent period in which that producer participated; and (4) if neither the exporter nor the producer is a firm covered in this review or in any previously completed segment of this proceeding, then the cash deposit rate will be 4.05 percent, the all-others rate established in the less than fair value investigation.⁸ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification Regarding Administrative Protective Orders

This notice is the only reminder to parties subject to the administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under the APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in the Department's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

Notification to Interested Parties

We are issuing and publishing these final results and this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.213(h).

Dated: April 4, 2016.

Countervailing Duty Investigation of Certain Iron Mechanical Transfer Drive Components From the People's Republic of China: Preliminary Affirmative Determination and Alignment of Final Determination With Final Antidumping Duty Determination

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (the Department) preliminarily determines that countervailable subsidies are being provided to producers and exporters of certain iron mechanical transfer drive components ("ITDCs") from the People's Republic of China ("PRC"). The period of investigation is January 1, 2014, through December 31, 2014. We invite interested parties to comment on this preliminary determination.

DATES: *Effective Date:* April 11, 2016.

FOR FURTHER INFORMATION CONTACT: Brandon Farlander, Robert Galantucci, and Robert Bolling, AD/CVD Operations, Office IV, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone (202) 482-0182, (202) 482-2923, or (202) 482-3434, respectively.

SUPPLEMENTARY INFORMATION:**Scope Comments**

In accordance with the preamble to the Department's regulations,¹ we set aside a period of time in our *Initiation Notice* for parties to raise issues regarding product coverage, and we encouraged all parties to submit

¹ See *Antidumping Duties; Countervailing Duties; Final Rule*, 62 FR 27296, 27323 (May 19, 1997) ("*Preamble*").

comments within 20 calendar days of the signature date of that notice.²

We received several comments concerning the scope of the antidumping duty ("AD") and CVD investigations of ITDCs from the PRC and Canada. On March 30, 2016, Petitioner filed an amendment to the scope to exclude certain finished torsional vibration dampeners ("TVDs"), as defined in the amended scope.³ Petitioner also noted that it is considering a potential additional exclusion to the scope to cover certain parts of TVDs.⁴ Also, on March 30, 2016, NOK Wuxi notified the Department of its intent to withdraw from participation in this investigation, contingent on the Department's acceptance and inclusion of Petitioner's amendment to the scope.⁵ Because Petitioner's proposed scope amendment was filed two days before the due date for the preliminary determination, the Department does not have sufficient time before the fully extended scheduled signature due date of the CVD preliminary determination to consider this proposed amendment to the scope. However, the Department will evaluate the scope comments and intends to issue its preliminary decision regarding the scope of the AD and CVD investigations in the preliminary determination of the companion antidumping investigations, which are due for signature on May 31, 2016.

Scope of the Investigation

The products covered by this investigation are ITDCs from the PRC. For a complete description of the scope of this investigation, see Appendix II to this notice.

Methodology

The Department is conducting this countervailing duty ("CVD") investigation in accordance with section 701 of the Tariff Act of 1930, as amended ("the Act"). For each of the subsidy programs found countervailable, we preliminarily determine that there is a subsidy, *i.e.*, a financial contribution by an "authority" that gives rise to a benefit to the
