**SUPPLEMENTARY INFORMATION:**

**Background and Purpose**

We published a notice of proposed rulemaking (NPRM) in the Federal Register on May 28, 2014 (79 FR 30509), entitled “Anchorage Regulations: Subpart A—Special Anchorage Areas, Marina del Rey Harbor, California.” That NPRM proposed to disestablish the special anchorage area. In response to comments received, we published a supplemental NPRM (81 FR 10156, February 29, 2016) to retain the special anchorage area. In response to comments received, we published a supplemental NPRM (81 FR 10156, February 29, 2016) to retain the special anchorage, but amend the shape and reduce the size of the anchorage to remove the anchorage area from a location where it could endanger vessel traffic. We have concluded that a public meeting would aid this rulemaking. Therefore, we are publishing this document announcing a public meeting and changing the end of the comment period from April 14, 2016, to April 30, 2016.

You may view the supplemental NPRM in our online docket, in addition to supporting documents prepared by the Coast Guard and comments submitted thus far by going to http://www.regulations.gov. Once there, insert “USCG–2014–0142” in the “Keyword” box and click “Search.”

If you choose to participate in this rulemaking by submitting comments either orally at the meeting or in writing. If you bring written comments to the meeting, you may submit them to Coast Guard personnel specified at the meeting to receive written comments. These comments will be submitted to our online public docket. All comments received will be posted without change to http://www.regulations.gov and will include any personal information you have provided.

Comments submitted after the meeting must reach the Coast Guard on or before April 30, 2016. We encourage you to submit comments through the Federal eRulemaking Portal at http://www.regulations.gov. If your material cannot be submitted using http://www.regulations.gov, contact the person in the FOR FURTHER INFORMATION CONTACT section of this document for alternate instructions.

Anyone can search the electronic form of comments received into any of our dockets by the name of the individual submitting the comment (or signing the comment, if submitted on behalf of an association, business, labor union, etc.). You may review a Privacy Act notice regarding our public dockets in the March 24, 2005, issue of the Federal Register (70 FR 15086), and will include any personal information you have provided.

This proposed rulemaking would prohibit persons and vessels from being in the safety zone unless authorized by the Captain of the Port Upper Mississippi River or a designated representative. II. Background, Purpose, and Legal Basis

On March 18, 2016, Marketing Minneapolis notified the Coast Guard that they will be conducting a fireworks display from 9:30 p.m. until 11 p.m. on July 23, 2016, for the official civic celebration of the City of Minneapolis. The sponsor has indicated the intent to host this event and related fireworks display annually. The Coast Guard will work with the sponsor for future occurrences and may propose to add this safety zone to the list of permanently recurring safety zones for future years to eliminate the need for a separate rulemaking each year. For this year, on July 23, the fireworks are to be launched from the Third Avenue Highway Bridge over the Mississippi River.

Hazards from fireworks displays include accidental discharge of fireworks, dangerous projectiles, and falling hot embers or other debris. The Captain of the Port Upper Mississippi River (COTP) has determined that potential hazards associated with the fireworks to be used in this display would be a safety concern for anyone between miles 853.2 and 854.2 as the fireworks being shot from the southern side of the Third Avenue Highway Bridge toward the south. The purpose of this rulemaking is to ensure the safety of vessels and the navigable waters between miles 853.2 and 854.2 before, during, and after the scheduled event. The Coast Guard proposes this rulemaking under authority in 33 U.S.C. 1231.

III. Discussion of Proposed Rule

The COTP proposes to establish a safety zone from 9:30 p.m. to 11 p.m. on July 23, 2016. The safety zone would cover all navigable waters between miles 853.2 and 854.2 on the Upper Mississippi River in Minneapolis, MN. The duration of the zone is intended to ensure the safety of vessels and these navigable waters before, during, and after the scheduled 10 p.m. to 10:30 p.m. fireworks display. No vessel or person would be permitted to enter the safety zone without obtaining permission from the COTP or a designated representative. The regulatory text we are proposing appears at the end of this document.

IV. Regulatory Analyses

We developed this proposed rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders and we discuss First Amendment rights of protesters.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. Executive Order 13563 emphasizes the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility. This NPRM has not been designated a “significant regulatory action,” under Executive Order 12866. Accordingly, the NPRM has not been reviewed by the Office of Management and Budget.

This regulatory action determination is based on the size, location, duration, and time-of-day of the safety zone. During the evening vessel traffic is normally low in this area. Moreover, the Coast Guard would issue a Safety Marine Information Broadcast via VHF-FM marine channel 16 about the zone, and the rule would allow vessels to seek permission to enter the zone.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this proposed rule would not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit the safety zone may be small entities, for the reasons stated in section IV.A. above this proposed rule would not have a significant economic impact on any vessel owner or operator.

If you think that your business, organization, or governmental jurisdiction qualifies and how and to what degree this rule would have a significant economic impact on it, please submit a comment (see ADDRESSES) explaining why you think it qualifies and how and to what degree this rule would economically affect it.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Public Law 104–121), we want to assist small entities in understanding this proposed rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the FOR FURTHER INFORMATION CONTACT section. The Coast Guard will not retaliate against small entities that question or complain about this proposed rule or any policy or action of the Coast Guard.

C. Collection of Information

This proposed rule would not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

D. Federalism and Indian Tribal Governments

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this proposed rule under that Order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this proposed rule does not have tribal implications under Executive Order 13175, Consultation with Indian Tribal Governments, because it would not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes. If you believe this proposed rule has implications for federalism or Indian tribes, please contact the person listed in the FOR FURTHER INFORMATION CONTACT section.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of $100,000,000 (adjusted for inflation) or more in any one year. Though this proposed rule would not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this proposed rule under Department of Homeland Security Management Directive 023–01 and Commandant Instruction...
2. Add §165.T08–0242 to read as follows:

§165.08–0242 Safety Zone; Upper Mississippi River between miles 853.2 and 854.2; Minneapolis, MN.

(a) Location. The following area is a safety zone: All waters of the Upper Mississippi River between miles 853.2 and 854.2, from surface to bottom, Minneapolis, MN.

(c) Regulations. (1) Under the general safety zone regulations in subpart C of this part, you may not enter the safety zone described in paragraph (a) of this section unless authorized by the COTP or the COTP’s designated representative.

(2) To seek permission to enter, contact the COTP or the COTP’s representative via VHF–FM channel 16, or through Coast Guard Sector Upper Mississippi River at 314–269–2332.

(d) Enforcement periods. This section will be enforced from 9:30 p.m. to 11 p.m. on July 23, 2016.

Dated: April 14, 2016.
M.L. Malloy,
Captain, U.S. Coast Guard, Captain of the Port Sector Upper Mississippi.

Extra-Schedular Evaluations for Individual Disabilities

AGENCY: Department of Veterans Affairs.

ACTION: Proposed rule.

SUMMARY: The Department of Veterans Affairs (VA) proposes to amend its adjudication regulation pertaining to extra-schedular consideration of a service-connected disability in exceptional compensation cases. In a recent decision, the United States Court of Appeals for the Federal Circuit (Federal Circuit) held that VA’s regulation, as written, requires VA to consider the combined effect of two or more service-connected disabilities when determining whether to refer a disability evaluation for extra-schedular consideration. VA, however, has long interpreted its regulation to provide an extra-schedular evaluation for a single disability, not the combined effect of two or more disabilities. This proposed amendment will clarify VA’s regulation pertaining to exceptional compensation claims that such an extra-schedular evaluation is available only for an individual service-connected disability but not for the combined effect of more than one service-connected disability.
