SUPPLEMENTARY INFORMATION:

Title; Associated Form; and OMB Number: Department of Defense Active Duty/Reserve Forces Dental Examination; DD Form 2813; OMB Number 0720-0022.

Needs and Uses: The information collection requirement is necessary to obtain and record the dental health status of members of the Armed Forces. This form is the means for civilian dentists to record the results of their findings and provide the information to the member's military organization. The military organizations are required by Department of Defense policy to track the dental status of its members.

Affected Public: Business or other for profit; Not-for-profit institutions.

Annual Burden Hours: 37,500.

Number of Respondents: 150,000.

Responses per Respondent: 5.

Annual Responses: 750,000.

Average Burden per Response: 3 minutes.

Frequency: Annually.

Respondents are medical professionals who provide dental services. Members of the Armed Forces of the United States are the recipients of the dental examination. The Armed Forces Reserve component members must maintain their dental health at a predetermined level so problems do not occur when they are deployed to a military operation. Reserve component members usually receive their dental care from civilian dentists; therefore it would be civilian dentists who would complete the form. Following a routine dental examination, the dentist would review the categories listed on the form and circle the number corresponding to the condition that best describes the dental health of the patient. If dental problems can be identified, they are indicated on the form. Once the form is complete and the dentist signs it, the members take the form back to the organization to which they belong. The information on the form is logged into a database. The form is kept in the health record until no longer needed and then it is destroyed.

Dated: April 15, 2016.

Alternate OSD Federal Register Liaison Officer, Department of Defense.
