

will promote the prompt and accurate clearance and settlement of securities transactions, derivatives agreements, contracts, and transactions. ICC's Stress Testing Framework describes ICC's stress testing practices, which are designed to ensure the adequacy of systemic risk protections. The Stress Testing Framework sets forth the methodology by which ICC evaluates potential portfolio profits/losses, compared to the Initial Margin and Guaranty Fund funds maintained, in order to identify any potential weakness in the risk methodology. As such, the proposed rule changes are designed to promote the prompt and accurate clearance and settlement of securities transactions, derivatives agreements, contracts, and transactions within the meaning of Section 17A(b)(3)(F)⁵ of the Act. The proposed changes will also satisfy the requirements of Rule 17Ad-22.⁶ In particular, the Stress Testing Framework contains stress testing practices designed to ensure that ICE Clear Credit maintains sufficient financial resources to withstand a default by the CP family to which it has the largest exposure in extreme but plausible market conditions, and that as a registered clearing agency acting as a central counterparty for security-based swaps, ICC shall maintain additional financial resources sufficient to withstand, at a minimum, a default by the two CP families to which it has the largest exposures in extreme but plausible market conditions,⁷ consistent with the requirements of Rule 17Ad-22(b)(3).⁸

B. Self-Regulatory Organization's Statement on Burden on Competition

ICC does not believe the proposed rule changes would have any impact, or impose any burden, on competition. To the extent the Stress Testing Framework impacts CPs, the Stress Testing Framework applies uniformly across all CPs. Therefore, ICC does not believe the proposed rule changes impose any burden on competition that is inappropriate in furtherance of the purposes of the Act.

⁷ Pursuant to confirmation via email with ICC on April 13, 2016, staff in the Division of Trading and Markets modified this sentence to add the reference to ICC maintaining sufficient financial resources to withstand, at a minimum, the default by the two CP families to which it has the largest exposures in extreme but plausible market conditions to conform to the requirements of Rule 17Ad-22(b)(3).

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

Written comments relating to the proposed rule change have not been solicited or received. ICC will notify the Commission of any written comments received by ICC.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 45 days of the date of publication of this notice in the **Federal Register** or within such longer period (i) as the Commission may designate up to 90 days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the self-regulatory organization consents, the Commission will:

- (B) institute proceedings to determine whether the proposed rule change should be disapproved.

Self-Regulatory Organizations; Bats BZX Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Modify the Fee Schedule Applicable to the Exchange's Options Platform

April 15, 2016.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on April 7, 2016, Bats BZX Exchange, Inc. (the "Exchange" or "BZX") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II and III below, which Items have been prepared by the Exchange. The Exchange has designated the proposed rule change as one establishing or changing a member due, fee, or other charge imposed by the Exchange under Section 19(b)(3)(A)(ii) of the Act³ and Rule 19b-4(f)(2)

⁹ 17 CFR 200.30-3(a)(12).

³ 15 U.S.C. 78s(b)(3)(A)(ii).

thereunder,⁴ which renders the proposed rule change effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange filed a proposal to amend the fee schedule applicable to Members⁵ and non-Members of the Exchange pursuant to BZX Rules 15.1(a) and (c).

The text of the proposed rule change is available at the Exchange's Web site at www.batstrading.com, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant parts of such statements.

(A) Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to modify its fee schedule applicable to the Exchange's options platform ("BZX Options") to: (i) Replace references to "NBMM" (*i.e.*, Non-Bats Market Maker) with the term "Away MM" (*i.e.*, Away Market Maker); (ii) adopt a new Quoting Incentive Program Tier under footnote 5; (iii) amend the criteria necessary to meet the Firm, Broker Dealer, and Joint Back Office Penny Pilot Add Volume Tier 3 under footnote 2; and (iv) amend the criteria necessary to meet the Away Market Maker Penny Pilot Add Volume Tier 2 under footnote 10.

Replace References to "NBMM" With "Away MM"

In February 2016, the Exchange amended its fee schedule to rename the

defined term "Non-BATS Market Maker" as "Away Market Maker" to be consistent with terminology used on the options fee schedule of the Exchange's affiliate, Bats EDGX Exchange, Inc.⁶ In light of that change, the Exchange now proposes to replace references to "NBMM" (*i.e.*, Non-Bats Market Maker) with the term "Away MM" (*i.e.* Away Market Maker) under footnotes 2, 4, 8 and 10 in order to use consistent terminology through the fee schedule. With this change, the Exchange does not propose to amend the criteria necessary to meet the tier or the amount of the rebate provided.

Quoting Incentive Program ("QIP") Tier 3

The Exchange currently offers two QIP tiers which provide an additional rebate per contract for an order that adds liquidity to the BZX Options Book⁷ in options classes in which a Member is a Market Maker registered on BZX Options pursuant to Rule 22.2. The Market Maker must be registered with BZX Options in an average of 20% or more of the associated options series in a class in order to qualify for QIP rebates for that class. Under QIP Tier 1, a Market Maker will receive an additional rebate of \$0.02 per contract where that Market Maker has an ADV⁸ equal to or greater than 0.30% of average TCV.⁹ Under QIP Tier 2, a Market Maker will receive an additional rebate of \$0.04 per contract where that Market Maker has an ADV equal to or greater than 1.00% of average TCV. The Exchange now proposes to add QIP Tier 3 under which a Market Maker may receive an additional rebate of \$0.06 per contract where the Member has an ADV equal to or greater than 2.5% of average TCV.

Firm, Broker Dealer, and Joint Back Office Penny Pilot Add Volume Tier 3

The Exchange proposes to amend the criteria necessary to meet and receive the rebate associated with the Firm, Broker Dealer, and Joint Back Office Penny Pilot Add Volume Tier 3 under footnote 2, which currently provides Members with a rebate of \$0.46 per contract for Firm,¹⁰ Broker Dealer,¹¹ and

Joint Back Office¹² orders that add liquidity in Penny Pilot Securities¹³ where the Member has an: (i) ADAV¹⁴ in Firm, Broker-Dealer, or Joint Back Office orders in Penny Pilot Securities (yielding Fee Code PF)¹⁵ equal to or greater than 0.25% of average TCV; and (ii) ADV equal to or greater than 1.50% of average TCV. Specifically, the Exchange proposes to amend the Firm, Broker Dealer, and Joint Back Office Penny Pilot Add Volume Tier 3 to now require that the Member have an ADAV in Away Market Maker¹⁶ orders, in addition to Firm, Broker-Dealer, or Joint Back Office orders equal to or greater than 0.80%, rather than 0.25%, of average TCV. While the rebate would continue to be available only to Firm, Broker-Dealer, or Joint Back Office orders in Penny Pilot Securities, the requirement that the Member have an ADAV equal to or greater than 0.80% of average TCV would no longer be limited to orders in Penny Pilot Securities. The tier would continue to require that Members also have an ADV equal to or greater than 1.50% of average TCV.

Away Market Maker Penny Pilot Add Volume Tier 2

The Exchange proposes to amend the criteria necessary to meet and receive the rebate associated with the Away Market Maker Penny Pilot Add Volume Tier 2 under footnote 10, which currently provides a Member that acts as an Away Market Maker a rebate of \$0.46 per contract for Away Market Maker orders that add liquidity in a Penny Pilot Security where the Member has an: (i) ADAV in Firm, Broker-Dealer, and/or Joint Back Office orders in Penny Pilot Securities (yielding Fee Code PF) equal to or greater than 0.25% of average TCV; and (ii) ADV equal to or greater than 1.50% of average TCV. Specifically, the Exchange proposes to amend the Away Market Maker Penny Pilot Add Volume Tier 2 to now require that the Member have an ADAV in Away Market Maker¹⁷ orders, in addition to Firm, Broker-Dealer, or Joint Back Office orders equal to or greater than 0.80%, rather than 0.25%, of average TCV. While the rebate would continue to be available only to

⁵ The term "Member" is defined as "any registered broker or dealer that has been admitted to membership in the Exchange." See Exchange Rule 1.5(n).

Firm, Broker-Dealer, or Joint Back Office orders in Penny Pilot Securities, the requirement that the Member have an ADAV equal to or greater than 0.80% of average TCV would no longer be limited to orders in Penny Pilot Securities. The Exchange notes that this change is similar to that proposed for the Firm, Broker Dealer, and Joint Back Office Penny Pilot Add Volume Tier 3 discussed above. The tier would continue to require that Members also have an ADV equal to or greater than 1.50% of average TCV.

Implementation Date

The Exchange proposes to implement these amendments to its fee schedule immediately.¹⁸

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder that are applicable to a national securities exchange, and, in particular, with the requirements of Section 6 of the Act.¹⁹ Specifically, the Exchange believes that the proposed rule change is consistent with Section 6(b)(4) of the Act,²⁰ in that it provides for the equitable allocation of reasonable dues, fees and other charges among members and other persons using any facility or system which the Exchange operates or controls. The Exchange notes that it operates in a highly competitive market in which market participants can readily direct order flow to competing venues if they deem fee levels to be excessive.

Volume-based rebates such as those currently maintained on the Exchange have been widely adopted by equities and options exchanges and are equitable because they are open to all Members on an equal basis and provide additional benefits or discounts that are reasonably related to the value to an exchange's market quality associated with higher levels of market activity, such as higher levels of liquidity provision and/or growth patterns, and introduction of higher volumes of orders into the price and volume discovery processes.

Specifically, the Exchange believes the changes to the Firm, Broker Dealer, and Joint Back Office Penny Pilot Add Volume Tier 3 and Away Market Maker Penny Pilot Add Volume Tier 2 are reasonable, fair and equitable and non-discriminatory, for the reasons set forth

above with respect to volume-based pricing generally, because such change will apply equally to all participants, and because the change will incentivize such participants to further contribute to market quality on the Exchange. Moreover, the proposed changes will provide Members with an increased incentive to add liquidity in Away Market Maker orders, which the Exchange not only believes will enhance market quality for all market participants, but will also encourage increased participation of other orders wanting to interact with such Away Market Maker orders, further to the benefit of all market participants. The Exchange also believes that the proposed changes to the tiers remain consistent with pricing previously offered by the Exchange as well as competitors of the Exchange and does not represent a significant departure from the Exchange's general pricing structure.

The Exchange believes that its proposal to add a new QIP Tier 3 under footnote 5 is reasonable, fair and equitable and non-discriminatory, for the reasons set forth above with respect to volume-based pricing generally. In addition, the Exchange believes the amount of the proposed rebate offered under QIP Tier 3 is equitable and reasonable because of the increased criteria required to satisfy QIP Tier 3 compared to the rebates offered and the criteria required by QIP Tiers 1 and 2. The Exchange also notes that although registration as a Market Maker is required to qualify for QIP, such registration is available to all Members on an equal basis. The Exchange also believes that the proposed tier is reasonable, fair and equitable, and non-discriminatory because it, like the QIP generally, is aimed to incentivize active market making on the Exchange.

Lastly, the Exchange believes that replacing references to "NBMM" with "Away MM" is reasonable, fair and equitable and non-discriminatory because it is non-substantive designed to make the fee schedule as clear and easily understandable as possible. The proposed changes would enable the Exchange to use consistent terminology throughout the fee schedule. With this change, the Exchange does not propose to amend the criteria necessary to meet the tier or the amount of the rebate provided.

(B) Self-Regulatory Organization's Statement on Burden on Competition

The Exchange believes the proposed amendments to its fee schedule would not impose any burden on competition that is not necessary or appropriate in

furtherance of the purposes of the Act. To the contrary, the Exchange has designed the proposed amendments to its fee schedule in order to enhance its ability to compete with other exchanges. Rather, the proposal as a whole is a competitive proposal that is seeking to further the growth of the Exchange. Also, the Exchange believes that the increase to certain thresholds necessary to meet tiers offered by the Exchange contributes to rather than burdens competition, as such changes are intended to incentivize participants to increase their participation on the Exchange. Similarly, the introduction of a new QIP Tier is intended to provide incentives to Market Makers to encourage them to enter orders to the Exchange, and thus is again intended to enhance competition.

Additionally, Members may opt to disfavor the Exchange's pricing if they believe that alternatives offer them better value. Accordingly, the Exchange does not believe that the proposed change will impair the ability of Members or competing venues to maintain their competitive standing in the financial markets. Additionally, Members may opt to disfavor the Exchange's pricing if they believe that alternatives offer them better value. Accordingly, the Exchange does not believe that the proposed changes to the Exchange's tiered pricing structure burdens competition, but instead, enhances competition as it is intended to increase the competitiveness of the Exchange. Also, the Exchange believes that the price changes contribute to, rather than burden competition, as such changes are broadly intended to incentivize participants to increase their participation on the Exchange, which will increase the liquidity and market quality on the Exchange, which will then further enhance the Exchange's ability to compete with other exchanges.

(C) Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any written comments from members or other interested parties.
