

**Proposed Revisions to the FR Y-6, FR Y-7, and FR Y-10**

*Confidentiality.* The Federal Reserve proposes to revise these reports by modifying the confidentiality questions on the forms and amending the instructions to align with the recently approved confidentiality check-box proposal. The change would allow institutions to indicate, using a check-box on the first page of the report, whether they are requesting confidential treatment for any portion of the data provided, and whether they are submitting a formal justification with the data or separately.

**Proposed Revisions to the FR Y-7 and FR Y-10**

*IHC Reporting.* The Board's Regulation YY,<sup>3</sup> in part, requires FBOs to designate IHCs, if certain requirements are met. The Federal Reserve proposes the following revisions to collect information specific to IHCs and their identification. Additionally, the information would assist in the supervision of the U.S. operations of FBOs.

*FR Y-7 instructions.* The Federal Reserve proposes to expand the organization chart instructions to include the requirement that an FBO report its interest in an IHC.

*FR Y-10 form and instructions.* The Federal Reserve proposes to expand the General Instructions to include changes to the organizational structure of an IHC as requiring the submission of the FR Y-10.

On the Banking and Nonbanking Schedules, the Federal Reserve proposes to add to the company type "IHCs." Banking Schedule item 5, "Fiscal Year End," would be revised to be applicable to IHCs. Additionally, on the Nonbanking Schedule, a new item "Fiscal Year End" would be added to allow for reporting IHCs that do not control a U.S. insured depository institution. The new item would be item 5 and current items 4 and 5 would be renumbered to 4.a and 4.b, respectively.

On the Banking and Nonbanking Schedules, the Federal Reserve proposes to add examples for "Date of Event" in the instructions to provide guidance to IHC reporting.

**Proposed Revisions to the FR Y-6 Only**

*Instruction updates.* The Federal Reserve proposes to clarify the difference in reporting requirements related to additional reportable entities for BHCs, IHCs, and SLHCs on the FR Y-6 (i.e., >=5% to <25% for BHCs and IHCs versus >=5% to <=25% for

SLHCs). The slight difference in reporting criteria often results in a request for a revised schedule. Adding this clarification would reduce reporter burden.

The Federal Reserve proposes to add a formula to calculate ownership percentage control for Report Item 3. The formula is used by the Federal Reserve when calculating control. Inclusion of the formula would help to standardize information received.

*Reporting form and instructions updates.* The Federal Reserve proposes to clarify the signature requirements for Employee Stock Ownership Plans (ESOPs) and Limited Liability Companies (LLCs). Reporters are confused who the authorized signer should be when the HC is organized as an ESOP or LLC due to the different corporate structures.

**Proposed Revisions to the FR Y-10 Only**

*Instructions.* The Federal Reserve proposes to remove the reference to the phase-in reporting of SLHCs from the General Instructions, which is no longer relevant because the phase-in is complete.

Also in the General Instructions, the Federal Reserve proposes to remove the paragraph under "What is the Legal Authority for the FR Y-10?" This change will align the reporting instructions with other forms and instructions, which provide the legal authority on the form.

In the Banking, Savings and Loan, and Nonbanking Schedules instructions, the Federal Reserve proposes to clarify conditions under which sole partnership and sole member LLCs are reportable. Institutions often report incorrectly. The clarification would result in fewer revisions, thereby reducing overall burden.

The Federal Reserve proposes to rephrase the description of section 10(c)(6)(B) in Legal Authority Code (LAC) 412 and create a new LAC for section 10(c)(9)(C) to clearly identify which exemption SLHCs are claiming as a grandfathered unitary SLHC.

The Federal Reserve also proposes to add definitions to the FR Y-10 Glossary for the following terms: Grandfathered Unitary Savings and Loan Holding Company, Insured Depository Institution, and U.S. Intermediate Holding Company.

In the Nonbanking Schedule instructions, the Federal Reserve proposes to add a note to clarify that a nonbank subsidiary under a savings association does not meet the definition of a financial subsidiary.

The Federal Reserve proposes to update the Merger Schedule instructions to indicate that the popular name of the branch (for example, when the branch was formerly the head office of the nonsurvivor) must be reported on the Domestic Branch Schedule. Respondents often forget to report this information.

Board of Governors of the Federal Reserve System, April 19, 2016.
