DEPARTMENT OF LABOR

Occupational Safety and Health Administration

[Docket No. OSHA—2016–0006]

Whistleblower Protection Advisory Committee (WPAC) Charter Renewal

AGENCY: Occupational Safety and Health Administration (OSHA), Labor.

ACTION: Announcement of WPAC charter renewal.

SUMMARY: In accordance with the provisions of the Federal Advisory Committee Act (FACA), and after consultation with the General Services Administration, the Secretary of Labor is renewing the charter for the Whistleblower Protection Advisory Committee (WPAC or the Committee). The Committee will better enable OSHA to perform its duties under the Occupational Safety and Health Act (the OSH Act) of 1970, and help to improve the fairness, efficiency, and transparency of OSHA’s whistleblower investigations.

FOR FURTHER INFORMATION CONTACT: Anthony Rosa, OSHA, Directorate of Whistleblower Protection Programs, Room N–4618, U.S. Department of Labor, 200 Constitution Avenue NW., Washington, DC 20210; telephone (202) 693–2199; email osha.dwpp@dol.gov.

SUPPLEMENTARY INFORMATION: WPAC operates in accordance with the Federal Advisory Committee Act (FACA), as amended (5 U.S.C. App. 2), its implementing regulations (41 CFR part 10.2–3), and OSHA’s regulations on advisory committees (29 CFR part 1912). Pursuant to Section 14 of FACA, WPAC’s charter must be renewed every two years.

WPAC’s duties are solely advisory and consultative. WPAC advises, consults with, and makes recommendations to the Secretary and the Assistant Secretary on matters relating to whistleblower complaints filed under the whistleblower statutes that the Occupational Safety and Health Administration (OSHA) enforces. The Committee is diverse and balanced, both in terms of categories of stakeholders (e.g., subject matter experts, labor, management, and state plans), and in the views and interests represented by the members.

Authority and Signature

Signed at Washington, DC, on April 19, 2016.

David Michaels,
Assistant Secretary of Labor for Occupational Safety and Health.
require testing and certification of the products.

The Agency processes applications by an NRTL for initial recognition, or for expansion or renewal of this recognition, following requirements in Appendix A to 29 CFR 1910.7. This appendix requires that the Agency publish two notices in the Federal Register in processing an application. In the first notice, OSHA announces the application and provides its preliminary finding and, in the second notice, the Agency provides its final decision on the application. These notices set forth the NRTL’s scope of recognition or modifications of that scope. OSHA maintains an informational Web page for each NRTL that details its scope of recognition. These pages are available from the Agency’s Web site at http://www.osha.gov/dts/otpca/nrtl/index.html.

QPS submitted an application, dated July 28, 2014, (OSHA–2010–0046–0005) to expand its recognition to include one additional test standard. OSHA staff performed a detailed analysis of the application packet and reviewed other pertinent information. OSHA performed an on-site review in relation to this application on July 16–17, 2015.

OSHA published the preliminary notice announcing QPS’s expansion application in the Federal Register on January 22, 2016 (81 FR 3832). The Agency requested comments by February 8, 2016, but it received no comments in response to this notice. OSHA now is proceeding with this final notice to grant expansion of QPS’s scope of recognition.

To obtain or review copies of all public documents pertaining to QPS’s application, go to www.regulations.gov or contact the Docket Office, Occupational Safety and Health Administration, U.S. Department of Labor, 200 Constitution Avenue NW., Room N–2625, Washington, DC 20210.

OSHA’s recognition of any NRTL for a particular test standard is limited to equipment or materials for which OSHA standards require third-party testing and certification before using them in the workplace. Consequently, if a test standard also covers any products for which OSHA does not require such testing and certification, an NRTL’s scope of recognition does not include these products.

A. Conditions

In addition to those conditions already required by 29 CFR 1910.7, QPS must abide by the following conditions of the recognition:

1. QPS must inform OSHA as soon as possible, in writing, of any change of ownership, facilities, or key personnel, and of any major change in its operations as an NRTL, and provide details of the change(s);

2. QPS must meet all the terms of its recognition and comply with all OSHA policies pertaining to this recognition; and

3. QPS must continue to meet the requirements for recognition, including all previously published conditions on QPS’s scope of recognition, in all areas for which it has recognition. Pursuant to the authority in 29 CFR 1910.7, OSHA hereby expands the scope of recognition of QPS, subject to the limitation and conditions specified above.

Authority and Signature

David Michaels, Ph.D., MPH, Assistant Secretary of Labor for Occupational Safety and Health, 200 Constitution Avenue NW., Washington, DC 20210, authorized the preparation of this notice. Accordingly, the Agency is issuing this notice pursuant to 29 U.S.C. 657(g)(2), Secretary of Labor’s Order No. 1–2012 (77 FR 3912, Jan. 25, 2012), and 29 CFR 1910.7.

Signed at Washington, DC, on April 20, 2016.

David Michaels,
Assistant Secretary of Labor for Occupational Safety and Health.
