because it only applies to trading on the Exchange. Further, the proposed fee and rebate amounts are similar to those assessed for similar orders by other exchanges, and therefore should continue to encourage competition. Should the proposed change make C2 a more attractive trading venue for market participants at other exchanges, such market participants may elect to become market participants at C2.[11]

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

The Exchange neither solicited nor received comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A) of the Act[10] and paragraph (f) of Rule 19b–4[11] thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission will institute proceedings to determine whether the proposed rule change should be approved or disapproved.

This collection is mandatory as an annual (or every other year, depending on the country of residence) review for fraud prevention. In addition, the results can affect benefits by increasing or decreasing payment amount or by causing SSA to suspend or terminate benefits. The respondents are individuals living outside the United States who are receiving benefits on their own (or on

2. Application for Benefits Under the Italy-U.S. International Social Security Agreement—20 CFR 404.1925—0960–0445. As per the November 1, 1978 agreement between the United States and Italian Social Security agencies, residents of Italy filing an application for U.S. Social Security benefits directly with one of the Italian Social Security agencies must complete Form SSA–2528. SSA uses Form SSA–2528 to establish age, relationship, citizenship, marriage, death, military service, or to evaluate a family bible or other family record when determining eligibility for benefits. The Italian Social Security agencies assist applicants in completing Form SSA–2528, and then forward the
application to SSA for processing. The respondents are individuals living in Italy who wish to file for U.S. Social Security benefits. Type of Request: Revision of an OMB-approved information collection.

3. Child Care Dropout Questionnaire—20 CFR 404.211(e)(4)—0960–0474. If individuals applying for title II disability benefits care for their own or their spouse’s children under age 3, and have no steady earnings during the time they care for those children, they may exclude that period of care from the disability computation period. We call this the child-care dropout exclusion. SSA uses the information from Form SSA–4162 to determine if an individual qualifies for this exclusion. Respondents are applicants for title II disability benefits.

4. Certification of Contents of Document(s) or Record(s)—20 CFR 404.715—0960–0689. SSA established procedures for individuals to provide the evidence necessary to establish their rights to Social Security benefits. Examples of such evidence categories include age, relationship, citizenship, marriage, death, and military service.

Form SSA–704 allows SSA employees; State record custodians; and other custodians of evidentiary documents to certify and record information from original documents and records under their custodial ownership to establish these types of evidence. SSA uses Form SSA–704 in situations where individuals cannot produce the original evidentiary documentation required to establish benefits eligibility. The respondents are State record custodians and other custodians of evidentiary documents.

5. Supplemental Security Income Wage Reporting (Telephone and Mobile)—20 CFR 416.701–732—0960–0715. SSA requires SSI recipients to report changes which could affect their eligibility for, and the amount of, their SSI payments, such as changes in income, resources, and living arrangements. SSA’s SSI Telephone Wage Reporting (SSITWR) and SSI Mobile Wage Reporting (SSIMWR) enable SSI recipients to meet these requirements via an automated mechanism to report their monthly wages by telephone and mobile application, instead of contacting their local field offices. The SSITWR allows callers to report their wages by speaking their responses through voice recognition technology, or by keying in responses using a telephone key pad. The SSIMWR allows recipients to report their wages through the mobile wage reporting application on their smartphone. SSITWR and SSIMWR systems collect the same information and send it to SSA over secure channels. To ensure the security of the information provided, SSITWR and SSIMWR ask respondents to provide information SSA can compare against our records for authentication purposes. Once the system authenticates the identity of the respondents, they can report their wage data. The respondents are SSI recipients, deemors, or their representative payees.
