SUPPLEMENTARY INFORMATION:

History
The FAA published a final rule in the Federal Register amending Class E Airspace extending upward from 700 feet above the surface at Deer Lodge-City-County Airport, Deer Lodge, MT. (81 FR 17377, March 29, 2016) Docket No. FAA–2015–3773. Subsequent to publication, the Aeronautical Information Services branch identified that the Class E airspace extending upward from 1,200 feet above the surface was inadvertently left out of the regulatory text describing the boundary for the airport. This action reestablishes the airspace extending upward from 1,200 feet above the surface as part of that description.

Class E airspace designations are published in paragraph 6005, of FAA Order 7400.9, and in the annual revision of FAA Order 7400.9Z, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designations listed in this document will be published subsequently in the Order.

RIN 0910–AG64

Foreign Supplier Verification Programs for Importers of Food for Humans and Animals; Technical Amendment

AGENCY: Food and Drug Administration, HHS.

ACTION: Final rule; technical amendment.

SUMMARY: The Food and Drug Administration (FDA) is amending a final rule published in the Federal Register of November 27, 2015. That final rule established requirements for importers to verify that food they import into the United States is produced consistent with the hazard analysis and risk-based preventive controls and standards for produce safety provisions of the Federal Food, Drug, and Cosmetic Act (the FD&C Act), is not adulterated, and is not misbranded with respect to food allergen labeling. The final rule published with some editorial and inadvertent errors. This document corrects those errors.

DATES: Effective April 28, 2016.
