(4) Affected public who will be asked or required to respond, as well as a brief abstract: Primary: Individual or Households, Business or other non-profit. The information taken in this collection is necessary for ICE to grant access to eBonds and to notify the public of the duties and responsibilities associated with accessing eBonds. The I–352SA and the I–352RA are the two instruments used to collect the information associated with this collection. The I–352SA is to be completed by a Surety that currently holds a Certificate of Authority to act as a Surety on Federal bonds and details the requirements for accessing eBonds as well as the documentation, in addition to the I–352SA and I–352RA, which the Surety must submit prior to being granted access to eBonds. The I–352RA provides notification that eBonds is a Federal government computer system and as such users must abide by certain conduct guidelines to access eBonds and the consequences if such guidelines are not followed.

(5) An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond: 100 responses at 30 minutes (.50 hours) per response.

(6) An estimate of the total public burden (in hours) associated with the collection: 50 annual burden hours.

Scott Elmore,
Program Manager, Forms Management Office, Office of the Chief Information Officer, U.S. Immigration and Customs Enforcement, Department of Homeland Security.

BILLING CODE 9111–28–P

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR–5944–N–01]

Notice of Extension of Time for Completion of Manufacturer Corrections Approved Under a Waiver of a Plan for Notification

AGENCY: Office of the Assistant Secretary for Housing—Federal Housing Commissioner, Department of Housing and Urban Development (HUD).

ACTION: Notice of extension of time.

SUMMARY: This notice advises the public that HUD received a request from Champion Home Builders, Incorporated (Champion) for an extension of time to fully implement its plan to correct affected homes without implementation of a Plan of Notification. Certain manufactured homes built and sold by Champion contained certain fuel-burning Nortek furnace models with the in-line drain reversal, potentially causing the furnace to shut off because condensation will not drain. After reviewing Champion’s request, HUD determined that Champion has shown good cause and granted its request for an extension. The requested extension is granted until May 2, 2016.

FOR FURTHER INFORMATION CONTACT: Pamela Beck Danner, Administrator, Office of Manufactured Housing Programs, Office of Housing Department of Housing and Urban Development, 451 Seventh Street SW., Room 9166, Washington, DC 20410, telephone 202–708–6423 (this is not a toll-free number). Persons who have difficulty hearing or speaking may access this number via TTY by calling the toll-free Federal Relay Service at 800–877–8339.

DATES: Effective Date: April 8, 2016.

SUPPLEMENTARY INFORMATION: The National Manufactured Housing Construction and Safety Standards Act of 1974 (42 U.S.C. 5401–5426) (the Act) authorizes HUD to establish the Federal Manufactured Home Construction and Safety Standards (Construction and Safety Standards), codified in 24 CFR part 3280. Section 615 of the Act (42 U.S.C. 5414) requires that manufacturers of manufactured homes notify purchasers if the manufacturer determines, in good faith, that a defect exists or is likely to exist in more than one home manufactured by the manufacturer and the defect relates to the Construction and Safety Standards or constitutes an imminent safety hazard to the purchaser of the manufactured home. The notification shall also inform purchasers whether the defect is one that the manufacturer will have corrected at no cost or is one that must be corrected at the expense of the purchaser/owner. The manufacturer is responsible for notifying purchasers of the defect within a reasonable time after discovering the defect. HUD’s procedural and enforcement provisions at 24 CFR part 3282, subpart I (Subpart I) implement these notification and correction requirements. If a manufacturer determines that it is responsible for providing notification under § 3282.405 and correction under § 3282.406, the manufacturer must prepare a plan for notifying purchasers of the homes containing the defect pursuant to §§ 3282.408 and 3282.409. Notification of purchasers must be accomplished by certified mail or other more expeditious means that provides a receipt. Notification must be provided to each retailer or distributor to whom any manufactured home in the class of homes containing the defect was delivered, to the first purchaser of each manufactured home in the class of manufactured homes containing the defect, and to other persons who are a registered owner of a manufactured home in the class of homes containing the defect. The manufacturer must notify the public of the duties and responsibilities associated with accessing eBonds, the consequences if such guidelines are not followed, the requirements for accessing eBonds, and the documentation, in addition to the I–352SA and I–352RA, which the Surety must submit prior to being granted access to eBonds. The I–352RA provides notification that eBonds is a Federal government computer system and as such users must abide by certain conduct guidelines to access eBonds and the consequences if such guidelines are not followed.

An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond: 100 responses at 30 minutes (.50 hours) per response.

An estimate of the total public burden (in hours) associated with the collection: 50 annual burden hours.
