appropriate circumstances, high-risk
conditions on a grant if the applicant or
grantee is not financially stable; has a
history of unsatisfactory performance;
has a financial or other management
system that does not meet the standards
in 2 CFR part 200, subpart D; has not
fulfilled the conditions of a prior grant;
or is otherwise not responsible.

VI. Award Administration Information

1. Award Notices: If your application
is successful, we notify your U.S.
Representative and U.S. Senators and
send you a Grant Award Notification
(GAN); or we may send you an email
containing a link to access an electronic
version of your GAN. We may notify
you informally, also.

If your application is not evaluated or
not selected for funding, we notify you.

2. Administrative and National Policy
Requirements: We identify
administrative and national policy
requirements in the application package
and reference these and other
requirements in the Applicable
Regulations section of this notice.

We reference the regulations outlining
the terms and conditions of an award in
the Applicable Regulations section of
this notice and include these and other
specific conditions in the GAN. The
GAN also incorporates your approved
application as part of your binding
commitments under the grant.

3. Reporting: (a) If you apply for a
grant under this competition, you must
ensure that you have in place the
necessary processes and systems to
comply with the reporting requirements
in 2 CFR part 170 should you receive
funding under the competition. This
does not apply if you have an exception
under 2 CFR 170.110(b).

(b) Within 90 days of the end of your
project period, you must submit a final
performance report, including financial
information, as directed by the
Secretary. The elements of the report are
detailed in the Program Requirements
section of this notice above.

If you receive a multiyear award, you
must submit an annual performance
report that provides the most current
performance and financial expenditure
information as directed by the Secretary
under 34 CFR 75.118. The Secretary
may also require more frequent
performance reports under 34 CFR
75.720(c). For specific requirements on
reporting, please go to www.ed.gov/
fund/grant/apply/appforms.html.

(c) Under 34 CFR 75.250(b), the
Secretary may provide a grantee with
additional funding for data collection
analysis and reporting. In this case the
Secretary establishes a data collection
period.

4. Performance Reporting: All
grantees must submit an annual
performance report that should contain
the following elements on the project’s
progress: Preface, introduction,
background, and data information/
explanation; and a final performance report
(see the section on Program
Requirements) that includes
performance measures established by
the grantee. The Department will
consider this data in making annual
continuation awards. 34 CFR 75.110(b).

Consistent with 34 CFR 75.591,
grantees funded under this program
shall comply with the requirements of
any evaluation of the program
conducted by the Department or an
evaluator selected by the Department.

5. Continuation Awards: In making a
continuation award under 34 CFR
75.253, the Secretary considers, among
other things: Whether a grantee has
made substantial progress in achieving
the goals and objectives of the project;
whether the grantee has expended funds
in a manner that is consistent with its
approved application and budget; and,
if the Secretary has established
performance measurement
requirements, the performance targets in
the grantee’s approved application.

In making a continuation award, the
Secretary also considers whether the
grantee is operating in compliance with
the assurances in its approved
application, including those applicable
to Federal civil rights laws that prohibit
discrimination in programs or activities
receiving Federal financial assistance
from the Department (34 CFR 100.4,
104.5, 106.4, 108.8, and 110.23).

H2 Refuel H-Prize Schedule Update

AGENCY: Office of Energy Efficiency and
Renewable Energy, Department of
Energy (DOE).

ACTION: Notice of Schedule Update to the
H2 Refuel H-Prize Competition
Guidelines.

SUMMARY: In this notice, DOE is
extending the completion schedule for its
H2 Refuel H-Prize competition. On
October 28, 2014, the Department of
Energy (DOE) announced the $1 million
competition in the Federal Register,
allowing teams from across the United
States to compete to develop systems
that generate and dispense hydrogen
from resources commonly available
to residences (electricity or natural gas)
for use in homes, community centers,
businesses or similar locations, to
supplement the current infrastructure
roll-out and reduce barriers to using
hydrogen fuel cell electric vehicles.

These Guidelines were updated in a
September 3, 2015, Federal Register
notice. Both the original and updated
guidelines included a competition
schedule. A delay in announcing the
finalist selection significantly reduced
the period for system construction
before the start of the originally planned
testing period. The announcement was
originally planned for December 2015 to
provide seven months for the system
build as described by the guidelines.

However, the announcement was
delayed until January 29, 2016.
Therefore, DOE is updating the completion schedule to allow a reasonable construction period.

DATES: Key Upcoming Dates.
—Summer 2016: Finalist system testing begins
—Fall 2016: Competition ends, data will be analyzed to determine winner
—Early 2017: Anticipated award of $1 million prize, if the Panel of Judges determines that there is a winning entry.

ADDRESSES: The H-Prize Web site is http://hydrogenprize.org, where updates and announcements will be posted throughout the competition.

FOR FURTHER INFORMATION CONTACT:
Questions may be directed to—
Technical information: Katie Randolph at 202–457–0868 x360 or eee.doe.gov.
Contest Manager, Hydrogen Education Foundation, at 202–457–0868 x360 or EWAGNER@ttcorp.com.

SUPPLEMENTARY INFORMATION: The Department of Energy (DOE) announced the $1 million H2 Refuel H-Prize competition in the Federal Register on October 28, 2014 (79 FR 64179). The Guidelines were updated in a October 29, 2015 Federal Register notice (80 FR 53286). The competition opened on October 29, 2014. The preliminary data submission date was October 29, 2015. In this notice, DOE updates the completion schedule for the competition, as described in the DATES section.

Issued in Washington, DC, on April 28, 2016.

Sunita Satyapal,
Fuel Cell Technology Office Director.
