

exchanges and national securities associations that trade security futures products to establish listing standards that, among other things, require that: (i) Trading in such products not be readily susceptible to price manipulation; and (ii) the market on which the security futures product trades has in place procedures to coordinate trading halts with the listing market for the security or securities underlying the security futures product. Rule 6h-1 implements these statutory requirements and requires that (1) the final settlement price for each cash-settled security futures product fairly reflect the opening price of the underlying security or securities, and (2) the exchanges and associations trading security futures products halt trading in any security futures product for as long as trading in the underlying security, or trading in 50% or more of the underlying securities, is halted on the listing market.

It is estimated that approximately 1 respondent, consisting of a designated contract market not already registered as a national securities exchange under Section 6(g) of the Exchange Act that seeks to list or trade security futures products, will incur an average burden of 10 hours per year to comply with this rule, for a total burden of 10 hours. At an average cost per hour of approximately \$387, the resultant total cost of compliance for the respondents is \$3,870 per year (1 respondent × 10 hours/respondent × \$387/hour).

Compliance with Rule 6h-1 is mandatory. Any listing standards established pursuant to Rule 6h-1 would be filed with the Commission as proposed rule changes pursuant to Section 19(b) of the Act and would be published in the **Federal Register**.

Extension:

Rule 20a-1, SEC File No. 270-132, OMB Control No. 3235-0158

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3520), the Securities and Exchange Commission has submitted to the Office of Management and Budget a request for extension of the previously approved collection of information discussed below.

Rule 20a-1 (17 CFR 270.20a-1) was adopted under Section 20(a) of the Investment Company Act of 1940 ("1940 Act") (15 U.S.C. 80a-20(a)) and concerns the solicitation of proxies, consents, and authorizations with respect to securities issued by registered investment companies ("Funds"). More specifically, rule 20a-1 under the 1940 Act (15 U.S.C. 80a-1 *et seq.*) requires that the solicitation of a proxy, consent, or authorization with respect to a security issued by a Fund be in compliance with Regulation 14A (17 CFR 240.14a-1 *et seq.*), Schedule 14A (17 CFR 240.14a-101), and all other rules and regulations adopted pursuant to section 14(a) of the Securities Exchange Act of 1934 ("1934 Act") (15 U.S.C. 78n(a)). It also requires, in certain circumstances, a Fund's investment adviser or a prospective adviser, and certain affiliates of the adviser or prospective adviser, to transmit to the person making the solicitation the information necessary to enable that person to comply with the rules and regulations applicable to the solicitation. In addition, rule 20a-1 instructs Funds that have made a public offering of securities and that hold security holder votes for which proxies, consents, or authorizations are not being solicited, to refer to section 14(c) of the 1934 Act (15 U.S.C. 78n(c)) and the information statement requirements set forth in the rules thereunder.

The types of proposals voted upon by Fund shareholders include not only the typical matters considered in proxy solicitations made by operating companies, such as the election of directors, but also include issues that are unique to Funds, such as the approval of an investment advisory contract and the approval of changes in fundamental investment policies of the Fund. Through rule 20a-1, any person making a solicitation with respect to a security issued by a Fund must, similar to operating company solicitations, comply with the rules and regulations adopted pursuant to Section 14(a) of the 1934 Act. Some of those Section 14(a) rules and regulations, however, include provisions specifically related to Funds, including certain particularized disclosure requirements set forth in Item 22 of Schedule 14A under the 1934 Act.

Rule 20a-1 is intended to ensure that investors in Fund securities are provided with appropriate information upon which to base informed decisions regarding the actions for which Funds solicit proxies. Without rule 20a-1, Fund issuers would not be required to comply with the rules and regulations adopted under Section 14(a) of the 1934 Act, which are applicable to non-Fund issuers, including the provisions relating to the form of proxy and disclosure in proxy statements.

The staff currently estimates that approximately 1,196 proxy statements are filed by Funds annually. Based on staff estimates and information from the industry, the staff estimates that the average annual burden associated with the preparation and submission of proxy statements is 85 hours per response, for a total annual burden of 101,660 hours (1,196 responses × 85 hours per response = 101,660). In addition, the staff estimates the costs for purchased services, such as outside legal counsel, proxy statement mailing, and proxy tabulation services, to be approximately \$30,000 per proxy solicitation.

Rule 20a-1 does not involve any recordkeeping requirements. Providing the information required by the rule is mandatory and information provided under the rule will not be kept confidential.

An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid control number.

The public may view the background documentation for this information collection at the following Web site, www.reginfo.gov. Comments should be directed to: (i) Desk Officer for the Securities and Exchange Commission, Office of Information and Regulatory

Affairs, Office of Management and Budget, Room 10102, New Executive Office Building, Washington, DC 20503, or by sending an email to: *Shagufta Ahmed@omb.eop.gov*; and (ii) Pamela Dyson, Director/Chief Information Officer, Securities and Exchange Commission, c/o Remi Pavlik-Simon, 100 F Street NE., Washington, DC 20549 or send an email to: *PRA_Mailbox@sec.gov*. Comments must be submitted to OMB within 30 days of this notice.
