

Frequency of Response: On occasion, annual, biennial, and one-time reporting requirements.

Total Annual Burden: 156,080 hours.

Total Annual Cost: \$1,307,670.

Nature and Extent of Confidentiality: The Commission is not requesting that the respondents submit confidential information to the FCC. Respondents may, however, request confidential treatment for information they believe to be confidential under 47 CFR Section 0.459 of the Commission's rules.

Needs and Uses: On March 23, 2016, the Commission adopted a *Report and Order*, FCC 16–33, which reformed universal service for rate-of-return local exchange carriers (LECs). These reforms require approximately 95 rate-of-return LECs to make one-time tariff filings and NECA to make two tariff filings with the necessary support materials outside the normal annual filing period. We note that we are removing the requirement that competitive and incumbent LECs make a one-time intrastate tariff filing to establish Voice over Internet Protocol rates at intrastate levels, as this requirement has been met. Part 61 of the Commission's Rules, 47 CFR part 61, prescribes the framework for the initial establishment of and subsequent revisions to tariffs. The information collected through the carriers' tariffs and supporting documentation is used by the Commission and state commissions to determine whether the services are offered in a just and reasonable manner.

Title: Part 61, Tariff Review Plan (TRP).

Total Annual Burden: 66,000 hours.

Total Annual Cost: No cost.

Privacy Impact Assessment: No impact(s).

Nature and Extent of Confidentiality:

Respondents are not being asked to submit confidential information to the Commission. If the Commission requests respondents to submit information which respondents believe are confidential, respondents may request confidential treatment of such information under 47 CFR 0.459 of the Commission's rules.

Needs and Uses: On March 23, 2016, the Commission adopted the Rate-of-Return Order, FCC 16–33, which reformed universal service for rate-of-return local exchange carriers (LECs). These reforms require rate-of-return LECs to make tariff filings with the necessary support materials outside the normal tariff filing period. We note that at this time, we are removing the requirement that competitive and incumbent LECs make a one-time intrastate tariff filing to establish Voice over Internet Protocol rates at intrastate levels, as this requirement has been met.

Sections 201, 202, and 203 of the Communications Act of 1934, as amended (the Act) require common carriers to establish just and reasonable charges, practices, and regulations for their interstate telecommunications services provided. For services that are still covered under Section 203, tariff schedules containing charges, rates, rules, and regulations must be filed with the Commission. Part 61 of the Commission's Rules, 47 CFR part 61, prescribes the framework for the establishment of and subsequent revisions to tariffs. Certain local exchange carriers are required to submit a biennial or annual Tariff Review Plan (TRP) in partial fulfillment of cost support material required by part 61. The Commission developed the TRP to minimize reporting burdens on reporting incumbent local exchange carriers (ILECs). TRPs set forth the summary material ILECs file to support revisions to the rates in their interstate access service tariffs. For those services still requiring cost support, TRPs assist the Commission in determining whether ILEC access charges are just and reasonable as required under the Act.
