

child orders, and cancel/replace orders. The Exchange believes that distinguishing between complex orders with 9 or more options legs and those orders with 8 or fewer options legs is a reasonable and objective approach. In addition, the Exchange believes the proposal appropriately distinguishes between parent/child orders that are generated by a broker's efforts to obtain an execution on a larger size order while minimizing market impact and multi-part orders that used by more sophisticated market participants. Similarly, the Exchange believes that the proposal that cancel/replace orders would count as separate orders with limited exceptions is a reasonable and objective approach to distinguish the orders of retail customers that are "worked" by a broker from orders generated by algorithms used by more sophisticated market participants.

Thus, the Exchange believes the proposal, which establishes an objective methodology for counting average daily order submissions for Professional Customer order counting purposes, is consistent with the Act.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that this proposed rule change would impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. To the contrary, the proposed rule change is a competitive change that is substantially similar to recent rule changes filed by the CBOE and PHLX.²⁰

The Exchange notes that one of the purposes of the Professional Customer designation is to help ensure fairness in the marketplace and promote competition among all market participants. The Exchange believes that this proposal would help establish more competition among market participants and promote the purposes for which the Exchange's Professional Customer rule was originally adopted. Moreover, the proposal would stem ensure consistency and stem potential confusion as to the manner in which options exchanges compute the Professional Customer order volume.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The Exchange has filed the proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act²¹ and Rule 19b-4(f)(6) thereunder.²² Because the proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative prior to 30 days from the date on which it was filed, or such shorter time as the Commission may designate, if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act and Rule 19b-4(f)(6)(iii) thereunder.

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings under Section 19(b)(2)(B)²³ of the Act to determine whether the proposed rule change should be approved or disapproved.

Extension:

Rule 19b-5 and Form PILOT, SEC File No. 270-448, OMB Control No. 3235-0507.

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 ("PRA") (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission ("Commission") is soliciting comments on the existing collection of information provided for in Rule 19b-5 (17 CFR 240.19b-5) and Form PILOT (17 CFR 249.821) under the Securities Exchange

²⁴ 17 CFR 200.30-3(a)(12).

²⁰ See *id.*

Act of 1934 (“Act”) (15 U.S.C. 78a *et seq.*). The Commission plans to submit this existing collection of information to the Office of Management and Budget (“OMB”) for extension and approval.

Rule 19b–5 provides a temporary exemption from the rule-filing requirements of Section 19(b) of the Act (15 U.S.C. 78s(b)) to self-regulatory organizations (“SROs”) wishing to establish and operate pilot trading systems. Rule 19b–5 permits an SRO to develop a pilot trading system and to begin operation of such system shortly after submitting an initial report on Form PILOT to the Commission. During operation of any such pilot trading system, the SRO must submit quarterly reports of the system’s operation to the Commission, as well as timely amendments describing any material changes to the system. Within two years of operating such pilot trading system under the exemption afforded by Rule 19b–5, the SRO must submit a rule filing pursuant to Section 19(b)(2) of the Act (15 U.S.C. 78s(b)(2)) to obtain permanent approval of the pilot trading system from the Commission.

The collection of information is designed to allow the Commission to maintain an accurate record of all new pilot trading systems operated by SROs and to determine whether an SRO has properly availed itself of the exemption afforded by Rule 19b–5, is operating a pilot trading system in compliance with the Act, and is carrying out its statutory oversight obligations under the Act.

The respondents to the collection of information are national securities exchanges and national securities associations.

While there are 20 national securities exchanges and national securities associations that may avail themselves of the exemption under Rule 19b–5 and the use of Form PILOT, it is estimated that approximately three respondents will file a total of 3 initial reports, 12 quarterly reports, and 6 amendments on Form PILOT per year, with an estimated total annual response burden of 126 hours and an estimated total annual cost burden of \$10,047. At an average hourly cost of \$272.33, the estimated aggregate related internal cost of compliance with respect to Rule 19b–5 for all respondents is \$34,314 per year (126 burden hours multiplied by \$272.33/hour = \$34,314).

Written comments are invited on (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission’s estimates of the burden of the proposed

collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information under the PRA unless it displays a currently valid OMB control number.

Please direct your written comments to: Pamela Dyson, Director/Chief Information Officer, Securities and Exchange Commission, c/o Remi Pavlik-Simon, 100 F Street NE., Washington, DC 20549 or send an email to: PRA_Mailbox@sec.gov.

Dated: May 16, 2016.

Deputy Secretary.
