Board of Scientific Counselors, National Center for Injury Prevention and Control Meeting

In accordance with Section 10(a) (2) of the Federal Advisory Committee Act (Pub. L. 92-463), the Centers for Disease Control and Prevention (CDC) announces, the following meeting of the aforementioned committee:

Time and Date: 1:00 p.m.–4:00 p.m., June 14, 2016 (CLOSED).

Place: Teleconference.

Status: The meeting as designated above will be closed to the public in accordance with provisions set forth in Section 552b(c)(4) and (6), Title 5 U.S.C., and the Determination of the Director, Management Analysis and Services Office, CDC pursuant to Public Law 92-463.

Purpose: The Board of Scientific Counselors makes recommendations regarding policies, strategies, objectives, and priorities; and reviews progress toward injury prevention goals and provides evidence in injury prevention-related research and programs. The Board also provides advice on the appropriate balance of intramural and extramural research, the structure, progress, and performance of intramural programs. The Board is designed to provide guidance on extramural scientific program matters, including the: (1) Review of extramural research concepts for funding opportunity announcements; (2) conduct of Secondary Peer Review of extramural research grants, cooperative agreements, and contracts applications received in response to the funding opportunity announcements as it relates to the Center’s programmatic balance and

mission; (3) submission of secondary review recommendations to the Center Director of applications to be considered for funding support; (4) review of research portfolios, and (5) review of program proposals. The board shall provide guidance on the National Center of Injury Prevention and Control’s programs and research activities by conducting scientific peer review of intramural research and programs within the National Center for Injury Prevention and Control; by ensuring adherence to Office of Management and Budget requirements for intramural peer review; and by monitoring the overall direction, focus, and success of the National Center for Injury Prevention and Control.

Matters to Be Discussed: The BSC, NCIPC will meet to conduct a Secondary Peer Review of extramural research grant applications received in response to four (4) Funding Opportunity Announcements (FOAs): Research Grants for Preventing Violence and Violence Related Injury (R01), FOA RFA CE-16-001; Research to Advance Primary Care-Pharmacy Linkage for Medication Review to Reduce Older Adult Falls, FOA RFA CE-16-002; The CDC National Centers of Excellence in Youth Violence Prevention: Building the Evidence for Community- and Policy-Level Prevention, FOA RFA CE-15-002; and Research on Prescription Opioid Use, Opioid Prescribing, and Associated Heroin Risk, FOA RFA CE-16-003. Applications will be assessed for applicability to the Center’s mission and programmatic balance. Recommendations from the secondary review will be voted upon and the applications will be forwarded to the Center Director for consideration for funding support.

Agenda items are subject to change as priorities dictate.

Request for Nominations of Candidates to Serve on the Advisory Committee on Immunization Practices (ACIP)

The Centers for Disease Control and Prevention CDC is soliciting nominations for membership on the ACIP. The ACIP consists of 15 experts in fields associated with immunization, who are selected by the Secretary of the U. S. Department of Health and Human Services to provide advice and guidance to the Secretary, the Assistant Secretary for Health, and the CDC on the control of vaccine-preventable diseases. The role of the ACIP is to provide advice that will lead to a reduction in the incidence of vaccine preventable diseases in the United States, and an increase in the safe use of vaccines and related biological products. The committee also establishes, reviews, and as appropriate, revises the list of vaccines for administration to children eligible to receive vaccines through the Vaccines for Children (VFC) Program.

Nominations are being sought for individuals who have expertise and qualifications necessary to contribute to the accomplishments of the committee’s objectives. Nominees will be selected based on expertise in the field of immunization practices; multi-disciplinary expertise in public health; expertise in the use of vaccines and immunologic agents in both clinical and preventive medicine; knowledge of vaccine development, evaluation, and vaccine delivery; or knowledge about

consumer perspectives and/or social and community aspects of immunization programs. Federal employees will not be considered for membership. Members may be invited to serve for four-year terms.

The next cycle of selection of candidates will begin in the summer of 2016, for selection of potential nominees to replace members whose terms will end on June 30, 2017.

Selection of members is based on candidates' qualifications to contribute to the accomplishment of ACIP objectives (<http://www.cdc.gov/vaccines/acip/index.html>). The U.S. Department of Health and Human Services policy stipulates that committee membership be balanced in terms of professional training and background, points of view represented, and the committee's function.

Consideration is given to a broad representation of geographic areas within the U.S., with equitable representation of the sexes, ethnic and racial minorities, and persons with disabilities. Nominees must be U.S. citizens, and cannot be full-time employees of the U.S. Government. Candidates should submit the following items:

- Current *curriculum vitae*, including complete contact information (telephone numbers, mailing address, email address)

- At least one letter of recommendation from person(s) not employed by the U.S. Department of Health and Human Services*

The deadline for receipt of all application materials (for consideration for term beginning July 1, 2017) is June 30, 2016. All files must be submitted electronically as email attachments to: Ms. Stephanie Thomas, c/o ACIP Secretariat, Email: SThomas5@cdc.gov.

Nominations may be submitted by the candidate him- or herself, or by the person/organization recommending the candidate.

* Candidates may submit letter(s) from current HHS employees if they wish, but at least one letter must be submitted by a person *not* employed by HHS (e.g., CDC, NIH, FDA, etc.).

The Director, Management Analysis and Services Office, has been delegated the authority to sign **Federal Register** notices pertaining to announcements of meetings and other committee management activities for both CDC and

the Agency for Toxic Substances and Disease Registry.

Elaine L. Baker,

Director, Management Analysis and Services Office, Centers for Disease Control and Prevention.

Health Resources and Services Administration

Agency Information Collection Activities: Submission to OMB for Review and Approval; Public Comment Request

AGENCY: Health Resources and Services Administration, HHS.

ACTION: Notice.

SUMMARY: In compliance with section 3507(a)(1)(D) of the Paperwork Reduction Act of 1995, the Health Resources and Services Administration (HRSA) has submitted an Information Collection Request (ICR) to the Office of Management and Budget (OMB) for review and approval. Comments submitted during the first public review of this ICR will be provided to OMB. OMB will accept further comments from the public during the review and approval period.

DATES: Comments on this ICR should be received no later than June 23, 2016.

ADDRESSES: Submit your comments, including the Information Collection Request Title, to the desk officer for HRSA, either by email to OIRA_submission@omb.eop.gov or by fax to 202-395-5806.

FOR FURTHER INFORMATION CONTACT: To request a copy of the clearance requests submitted to OMB for review, email the HRSA Information Collection Clearance Officer at paperwork@hrsa.gov or call (301) 443-1984.

SUPPLEMENTARY INFORMATION:

Information Collection Request Title: Corps Community Month Event Form OMB No. 0915-0362—Extension

Abstract: Corps Community Month, formerly Corps Community Day, was created in 2011 and celebrates the National Health Service Corps (NHSC) every October. The NHSC is a program administered by the Bureau of Health Workforce (BHW) within HRSA. The goals of Corps Community Month

encompass the following: Increase awareness of the NHSC to potential applicants and the greater primary health community; create a sense of community and connectedness among NHSC program participants, alumni, partners and staff; and underscore the NHSC's role in bringing primary health care services to the nation's neediest communities. Current program participants, alumni, NHSC Ambassadors, sites, primary care organizations, and professional associations plan events and report the details of their events to BHW so that they can be added to the state-by-state map of events. To avoid duplication of effort, eliminate confusion regarding allowable event dates, avoid data entry errors, and implement a brief post-event satisfaction survey, BHW would like to continue to use the standard form that event planners use to report to BHW. The fillable form is available online and has 26 fields for event planners to populate to submit for inclusion on the map. There are also approximately five fields to populate following the event to measure satisfaction. Both the pre-event and post-event data fields are held in one form.

Need and Proposed Use of the Information: The information collected is used and needed to highlight the impact of BHW and the NHSC programs in underserved and rural areas as part of outreach initiatives. Event information is captured and tracked to ensure that each HHS region is highlighted.

Likely Respondents: Current program participants, alumni, NHSC Ambassadors, sites, primary care organizations, and professional associations

Burden Statement: Burden in this context means the time expended by persons to generate, maintain, retain, disclose or provide the information requested. This includes the time needed to review instructions; to develop, acquire, install and utilize technology and systems for the purpose of collecting, validating and verifying information, processing and maintaining information, and disclosing and providing information; to train personnel and to be able to respond to a collection of information; to search data sources; to complete and review the collection of information; and to transmit or otherwise disclose the information. The total annual burden hours estimated for this ICR are summarized in the table below.
