Federal Emergency Management Agency

[Docket ID: FEMA–2015–0029; OMB No. 1660–0141]

Agency Information Collection Activities: Proposed Collection; Comment Request; Controlled Equipment Request Form.

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Notice.

SUMMARY: The Federal Emergency Management Agency (FEMA), as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on an extension, without change, of a currently approved information collection. Privacy Act notice that is available via the link in the footer of www.regulations.gov.

FOR FURTHER INFORMATION CONTACT: Abigail Bordeaux, Management & Program Analyst, FEMA, Grant Programs Directorate, at (202) 786–0872. You may contact the Records Management Division for copies of the proposed collection of information at email address: FEMA-Information-Collections-Management@fema.dhs.gov.

SUPPLEMENTARY INFORMATION: This form was developed to collect required information as part of the implementation of *Executive Order 13688: Federal Support for Local Law Enforcement Equipment Acquisition*, issued January 16, 2015, which established a Prohibited Equipment List and a Controlled Equipment List and identified actions that can improve Federal support for the appropriate use, acquisition, and transfer of controlled equipment by state, local, tribal, territorial, and private grant recipients. One of the requirements of the report is to collect information on the grant recipient, their policies, training, record keeping, and detailed justification on why that type of requested information is needed. In considering the approach to implementing these recommendations, FEMA's Grant Programs Directorate worked hard to balance the requirement to collect the information, and the effort required by the grant recipients. The proposed form includes only fields required to comply with the recommendations (which were accepted by the President). The fillable nature of the form reduces the amount of time and effort required for grant recipients.

In accordance with *Executive Order 13688: Federal Support for Local Law Enforcement Equipment Acquisition*, and the *Recommendations Pursuant to Executive Order 13688*, all Federal equipment acquisition programs must require grant recipients that apply for controlled equipment to provide mandatory information in their application, including a detailed justification with a clear and persuasive explanation of the need for the controlled equipment, the availability of the requested controlled equipment to recipient in its inventory or through other means, certifications that appropriate protocols and training requirements have been adopted, evidence of the civilian governing body's review and approval or concurrence of the entity's acquisition of the requested controlled equipment, and whether the entity has been or is in violation of civil rights and other

statutes, regulations, or programmatic terms. Ongoing coordination among the various Federal agencies will ensure that a uniform process is in place to assess the adequacy of the justification in each application. This coordination includes sharing of required information to prohibit duplication of grant funding for controlled equipment or potentially granting of funding for controlled equipment to an entity that has been sanctioned by another agency.
