The aim of these centers is to improve the workforce outcomes for transitioning offenders.

#### SUPPLEMENTARY INFORMATION:

I. *Background:* Section 423 of the Black Lung Benefits Act, as amended, requires that a responsible coal mine operator be insured and outlines the items each contract of insurance must contain. It also enumerates the civil penalties to which a responsible coal mine operator is subject, should these procedures not be followed. Further, 20 CFR par V, subpart C, 726.208-213 requires that each insurance carrier shall report to the Division of Coal Mine Workers' Compensation (DCMWC) each policy and endorsement issued, cancelled, or renewed with respect to responsible operators. It states that this report will be made in such manner and on such a form as DCMWC may require. The CM-921 is the form completed by the insurance carrier and forwarded to DCMWC for review. It is also required that if a policy is issued or renewed for more than one operator, a separate report for each operator shall be submitted. This information collection is currently approved for use through July 31, 2016.
