Rural Business Service

Title: 7 CFR 4287–B, Servicing Business and Industry Guaranteed Loans.

OMB Control Number: 0570–0016.

Summary of Collection: The Business and Industry (B&I) program was legislated in 1972 under Section 310B of the Consolidated Farm and Rural Development Act, as amended (the Act). The purpose of the B&I program, as authorized by the Act, is to improve economic and environmental climate in rural communities, including pollution abatement and control. This purpose is achieved through bolstering the existing private credit structure through the guaranteeing of quality loans, which will provide lasting community benefits. The B&I program is administered by the Rural Business Service (RBS) through Rural Development State and sub-State offices serving each State. RBS will collect information using various forms from the lender and the borrower. This information is vital for making prudent financial decisions.

Need and Use of the Information: RBS will collect information to monitor the guaranteed loan portfolio to ensure that the lenders are adequately servicing the loans. RBS through its respective Business Programs Divisions in Washington, DC and its 47 State Offices throughout the United States will be the primary users of the information collected. If the information is not collected, RBS would not be able to make prudent credit decisions nor would the Agency be able to effectively monitor the lender's servicing activities and thus minimize losses under the program.
